NOTICE

RG 15, Series D-II-1

Department of the Interior
Dominion Land Branch

Correspondence, Headquarters
1871-1946

Volumes 227-1176

The Government Archives Division microfilms archival records both to protect often fragile originals from damage through handling and to make this material more widely available through the interlibrary loan system.

Most of the volumes are in good condition. However, some coloured paper stock and inks may not photograph well. Running inks, faded text and torn pages may impede legibility in some instances. The National Archives has attempted to reproduce what information is still legible and provide at least a reference for what is not.

RG 15, Séries D-II-1

Ministère de l'Intérieur
Direction des terres fédérales

Correspondance, administration centrale, 1871-1946

Volumes 227-1176

La Division des archives gouvernementales microfilme les documents d'archives pour empêcher que les originaux, souvent fragiles, ne finissent par s'abîmer à l'usage et pour accroître la disponibilité de ces documents par l'entremise du prêt en bibliothèques.

La plupart de ces volumes sont en bonne condition. Toutefois certains papiers de couleurs et certaines encres se prêtent mal à la photographie. Les encres coulées, les textes pâles et les pages déchirées peuvent nuire à la lisibilité de certains volumes. Les archives nationales ont fait de leur mieux pour reproduire l'information encore lisible et pour au moins faire mention des passages qui ne le sont pas.

RG 15, D-II-1

Department of the Interior

Correspondence, Headquarters
1871-1946

Volumes 227-1176

This is series of subject files concerning almost every aspect of Dominion lands administration by the Department of the Interior. The files contain correspondence addressed both to and from various officials of the department, as well departmental memoranda, reports, rulings and policy statements. The series contains useful sources on western settlement in general and on the settlements established by special groups and colonization companies. Also included in the series are files dealing with natural resource management, departmental organization and western political affairs. The files are arranged numerically from 1 to 5,644,152.

The finding aid for this series is available in electronic format.

RG 15, D-II-1

Ministère de l'Intérieur
Direction des terres fédérales

Correspondance, administration centrale, 1871-1846

Volumes 227-1176

Série de dossiers-matières concernant l'administration, sous presque tous ses aspects, des terres fédérales par le ministère de l'Intérieur. Ces dossiers renferment des lettres adressées à divers employés du Ministère ou expédiées par eux, ainsi que des notes de service, des rapports, des décisions et des énoncés de politique du Ministère. Cette série renferme de précieuses sources d'information sur le peuplement de l'Ouest en général et sur les colonies établies par des groupes spéciaux et des compagnies de colonisation. Il y a aussi des dossiers portant sur la gestion des ressources naturelles, l'organisation du Ministère et les affaires politiques de l'Ouest. Les dossiers sont numérotés de 1 à 5 644 152 et ils sont classés en ordre numérique.

L'instrument de recherche pour cette série existe sous forme électronique.

Sir,

With further reference to your letter of the 13th instant, covering 13 assignments of Half-breed locations, I am directed to say that, as you have been already advised, it is necessary to furnish abstract of title and certificates as to judgments and executions before the question of registering the assignments can be considered. No action is being taken in regard to your letter until such abstracts and other documents are filed.

I am to again draw your attention to the request of the Department that you should write a separate letter in regard to each parcel of land, and to say that, unless you will be good enough to comply with this request, the documents which you enclose, where they have to be filed separately and dealt with separately, will be returned to you for the necessary separate letters of enclosure.

Sir,

I am directed to refer you to the Departmental letter of the 23rd March, 1901, respecting requisition No. 506 of the Manitoba South-Western Colonization Railway Company, and in which you were advised that the orders which accompanied that requisition had been noted and the patents were in course except the one in the name of Charles Rasmussen for the W.½ 3—8—24 W. 1st M. reserving 5.88 acres thereout for Right of Way of the Waskada Branch of the Canadian Pacific Railway and the preparation of which patent could not be proceeded with until the Right of Way plan had been filed. No reply has been received to that letter. Since the date of that letter a plan showing the land taken for right of way of the Waskada Branch has been filed in the Department but is not certified by a Dominion Land Surveyor and the area given for the right of way in the above quarter section is 6.48 acres and not 5.88 acres, as in the requisition. Will you be good enough to advise the Department in regard to this matter.

Your obedient servant,

P. G. KEYES.

Sir,

In your return dated the 31st October last, you reported under half-breed land scrip the location of the E½ of the SE¼ of 22-44-21 W. 4th M. This quarter section was at one time the homestead of Mr. H.M. Lien who abandoned it. It was mentioned in the letter, when acknowledging the receipt of the abandonment, that the improvements, consisting of a house and stable worth $30.00, would be collected for the benefit of the Crown. In your return of the location of this quarter section no mention is made of the value of the improvements. Please let me know if anything was collected. I have no doubt however that by this time they are of no value. 474659.

Sir,

Six, Referring to your letter of the 13th instant, 589183,
x
I do not quite understand the allusion in the second paragraph to the date given in my return of October 31st to the location of Jean B. Maignon's land scrip upon the S W ¼ 10 45 21 and the East ½ of the S E ¼ 22 44b 21 W 4 M. The 24th October is the date when the scrip notes were endorsed and the entry granted.

The transfer which you return from Maignon to Lars Olsen Olstad is being handed to Mr Miquelon, sub-agent at Wetaskiwin, with a request that he pass it on to Mr Rosenroll with an intimation to that gentleman that under your instructions such transfers cannot be recognised unless executed subsequent o to the endorsation of the scrip itself, and that - as I am at present advised - the designation by the Half Breed, under the certificate, is not accepted as final. This I have not myself understood hitherto. As you are aware the designation under the certificate is the only designation which has been made by the Half Breed in a great number of cases, and I fear that if the Department cannot accept transfers executed after such designation innocent purchasers from the Half Breeds must suffer serious loss. I would most respectfully request that this point may be reconsidered, and that if there is no statutory obstacle the Department will endeavor to protect these innocent purchasers whose transfers have been executed after designation under the certificate but before the scrip notes have been received and endorsed. I may explain that after desigation under the certificates the Half Breeds have, in the vast majority of cases, departed for their distant homes and cannot now be reached unless at great expense. I have, all along, been under the impression that the designation under the certificate was to be accepted as final, in all cases where the land proved to be available.

FILE 589183.

Department of the Interior,

Ottawa, 13th December, 1990.

Sir,

Referring to your letter of the 18th October last, files 20428 and 24959, to Mr. A. S. Rosenroll, M. L. A., enclosing an assignment from Jean Baptiste Maignon to Lars Olsen Olstad of the S. W. ¼ of Section 10, Township 45, Range 21, West of the 4th Meridian, and the E. ½ of the S.E.¼ of Section 22, Township 44, Range 21, West of the 4th Merddian on which transfer is endorsed a certificate signed by Mr. Sub-Agent Miquelon that it (the transfer) was executed after the lands covered thereby had been located by Mr. Maignon, I am directed to point out to you that, while this assignment is dated the 13th September last, Mr. Maignon's scrip was only issued on the 28th of that month, and that it is, therefore, impossible that the lands could have been located as certified to by the Sub-Agent. It is probable, however, that Mr. Miquelon is under the erroneous impression that lands may be located on presentation of the scrip certificate: and, as full instructions have been given you on this point, you should at once convey such instructions to him.

In this connection, I am to refer you to your Return of the 31st October last, in which the location in this case is reported as having been made on the 24th of that month; and to say that it is hoped that no errors of this nature will occur in the future.

The assignment (which, in any event, could not have been accepted had it not been accompanied by the documents specified in the copy of the circular letter sent you herewith, and a registration fee of $2) is returned to you

2 Encls. herewith.

Sir,

Referring to the copy received here of your letter of the 14th ultimo, file 24059, 20428, to the Sub-Agent of Dominion Lands at Wetaskiwin, enclosing scrip Certificate 1266 E in favour of Jean Baptiste Maignon, together with an application from Mr. Maignon that the scrip may be applied on the S. W. ¼ of Section 10, Township 45, Range 21, West of the 4th Meridian, and the E. ½ of the S. E. ¼ of Section 22, Township 44, Range 21, West of the 4th Meridian, and a transfer of these lands from him to Lars Olsen Olstad, I am directed to enclose herewith Scrip Notes Nos. A.0905 and A.2411, for 160 acres and 80 acres, respectively, together with a form of receipt, which latter please return here after you have dated it and it has been signed by you and a witness to your signature.

I am further to say that there is no objection to this scrip being located in the manner you indicate; but you should explain to Mr. Maignon that transfers of lands upon which it is proposed to locate Half-breed scrip are not recognised by this Department. You should also point out to him that after he has located the lands under the scrip, he may, if he is twenty-one years of age, assign such lands.

5 Encls. The application and transfer are returned to you herewith.

The Agent of Dominion Lands,
Edmonton,
Alberta.

Sir-,

The application for warded byyemx of Jean Baptiste Meignon, son of Augustine Meignon, covering the S.W. ¼ of 16- 45- 21- and the E.½ of S.E. ¼ of 22- 44- 21- W.4.M, is being transmitted to the Department for consideration.

I have again to inform you that Half Breed Certificates such as the one now in question axxx merely entitle the Half Breed to receive scrip and are not to be recognized by either you or me as being equivalent to the scrip itself; the latter upon being recorded in this office insures a speedy and obbsolute Title to the land upon which it may be applied but the certificates have not hthis effect. I am however asking my Department to accept the designation of the land as described in Mr. Meignon's application and to send the scrip to me for endersation and to be then returned to the Depatment.

I have sent down several scrip certificates in this manner but am not as yet instructed whether my recommendation can be approved. In every case the applicant is being warned that it mightxxe may be quite impossible for the Department to act upon my recommendation and that if so the actual scrip when issued will be sent to the Hald Breed to be personally pesented at the Land Office.

Mr. Hall,

I do not think that it would be a wise policy to have lands reserved in this way for entry by young men who are not yet eighteen years of age, as it would be unfair to hold lands as against bona fide settlers who might wish to acquire them.

Please note that Ref.463887 has not yet been acted upon.

FILE 589184.

Department of the Interior,

Ottawa, 11th December, 1900.

DEC31 1900
RECEIVED

Sir,

Referring to your letter of the 18th October last, file 37588, to Mr. Sub-Agent Miquelon, enclosing a transfer from Augustin Moignon to Andrew K. Levang of the N. W. ¼ of Section 30 and the W. ½ of the S. W. ¼ of Section 28, Township 45, Range 20, West of the 4th Meridian, on which assignment is endorsed a certificate signed by Mr. Miquelon that it (the assignment) was executed after the lands described therein were located by Mr. Moignon, I am directed to point out to you that, while this assignment is dated the 18th September last, the scrip was only issued on the 28th of that month; and that it is, therefore, impossible that the assignment could have been executed subsequent to the location of the lands. It is observed, however, that Mr. Moignon's application is dated the 13th September; and it is, in consequence, presumed that yourself and the Sub-Agent are under the impression that lands may be located upon the presentation of the certificate. This is, of course not the case. The certificate is simply a document setting forth that the individual mentioned therein is entitled to scrip to a certain specified extent, and is the authority under which the scrip (by means of which alone the lands may be located) is issued. It follows, therefore, that no location can take place until either yourself or the Sub-Agent is in actual possession of the scrip and, in the present instance, the scrip could not have reached you until nearly a month after the date of the assignment. Please note this explanation carefully, and convey it to the Sub-Agent.

I may add that the assignment could not, in any event, have been accepted had it not been accompanied by the documents specified in the copy of the circular letter sent you herewith, and a registration fee of $2.00.

2 Encls. The assignment is returned to you herewith.

Your obedient servant,

P. G. KEYES.

Sir-,

PATENT BRANCH SEP 20 1900 RECEIVED

The application forwarded by you of Augustin Meignon together with scrip certificate Form F. NO. 662 in his favor as father of Marie Rose Meignon deseased covering the N.W. ¼ of 30- and the W.½ of S.W. ¼ of 28- 45- 20- W.4.M. is being transmitted to the Department for consideration.

I have again to inform you that Half Breed Certificates such as the one now in question merely entitle the Half Breed to receive scrip and are not to be recognized by either you or me as being equivalent to the scrip itself ; the latter upon being recorded in this office insures a speedy and absolute title to the land upon which it may be applied but the certificates have not this effect , I am however asking the Department to accept the designation of the land as described in Mr, Meignon's application and to send the scrip to me for endorsation and to be then returned to the Department.

I have sent down several scrip certificates in this manner but am not as yet instructed whether my recommendation can be approved . In every case the applicant is being warned that it may be quite impossible for the Department to act upon my recommendation and that if so the actual scrip when issued will be sent to the Half Breed to be personally presented at the Land Office.

Your obedient servant.

Agent of Domijion Lands.

Sir,

I am directed to acknowledge the receipt of your letter of the 23rd ultimo, and to say that according to the records of this Department, Scrip Certificate No. E. III, was issued at Prince Albert on the 2Ist May, I900, to Sarah Turner, daughter of Peter Turner, and was exchanged for Scrip Notes A 0898 and A 2404, for I60 acres and 80 acres, which were sent to her address at Fort a la Corne on the 5th October, I900, and no report of such scrip notes having been located on Dominion Lands has yet been received in this department, and there is no authority under which such scrip notes could be replaced by the Department.

If they have been improperly disposed of by Miss Turner's father when she was under age, it is open to the interested persons to institute the usual legal proceedings before the proper court, for the recovery of such scrip notes.

Your obedient servant,

P. G. KEYES

Secretary.

Dear sir,

I do not know whether you are the proper party to write to in regard to the hereinafter mentioned or not. If, not, kindly forward letter to proper department to have same attended to.

Some time ago certain scrip land was issued in favor of Sarah Turner daughter of Peter Turner in conformity with Scrip Certificate E. No. 111 granted by North West Half Breed Commission the 28th September 1900. Two pieces of scrip were issued to her. One piece of scrip is for 160 acres and bears the number "A 0898"; the other piece is for 80 acres and is described as "A 2404". These pieces of scrip passed out of the possession of Miss Turner aforesaid, through her father, without her consent, and while she was under age. The land has not been located and today Miss Turner is anxious to get possession of scrip and locate the land. The party into whose hands the scrip passed through the father refuses to give same up, on the plea that he cannot do so. Miss Turner is anxious to avoid suit to recover same.

It seems to me that there may be a way in your department by which duplicate certificates in this matter may be issued, and she be assisted in the obtaining her rights and in locating her land by virtue of said scrip and getting title for same. I have not mentioned the party who received scrip from Miss Turner's father, but if necessary will of course enter into further details. Kindly let me hear from you at your earliest convenience in the matter.

Yours truly,

A McNaughton Stewart.

Sir,-

I beg to acknowledge the receipt of your letter of the 10th instant and in reply to say that when you and Mr. J. A. Carleton make applications for patent for your respective homesteads, you will be given credit for the time spent on the land for which you so apply; that is to say, if you have been living on the land originally taken up and exchanged with Mr. Carleton, you will have to show that the full residence and cultivation is performed on the new homestead before a patent can be issued to you. You cannot count in connection with the new homestead, the time spent on the quarter section first taken up.

COMMISSIONER. PATENT BR.

Re N.E. ¼ of 10--16--24 W. 2 M.

Sir,

On the 30th November last I notified J.A. Carleton, Moose Jaw, that this land was vacant and he would be given twenty days from that date in which to complete the entry. On the 2nd December I received through Mr. Seymour Green, Sub-Agent, Moose Jaw, an application from Jean Baptiste Larocque to locate Half-Breed land scrip No. A7114 on this land. On the 19th December I received from John A. Carleton, through Seymour Green, application to homestead this land. On the 20th December the $10 entry fee was returned to John A. Carleton and he was told that the land had been entered for by a prior applicant. On the 20th December the Half-Breed scrip above mentioned was located on this land and in my judgment entry should have been granted to John A. Carleton, his application having been here within the time limit.

By the date you will see this occurred during my absence in the East and was due, no doubt, to the shortness of help in the Office at the time.

I only detected this last night and although Mr. Carleton has not complained, I am of impression that an injustice has been done him and would be pleased if you would look into the matter and advise me.

Your obedient servant,

DEPARTMENT OF INTERIOR FEB 4 1902 COMMISSIONER OF DOMINION LANDS

Memorandum:-

Mr. John Abraham Carleton states in his letter of the 24th ultimo that he wrote the Agent of Dominion Lands at Regina on the 18th November last, asking him whether the N.E. ¼ of 10 - 16 - 24, W. 2nd. was open to homestead entry; and that he was told, in reply, by letter of the 30th of the same month, that the land was vacant, and that he would be given twenty days within which to make his entry. On the 19th of December Mr. Carleton made his entry with the Sub-Agent at Moose Jaw, who sent the papers with the fee to Regina the next day, as is shown by the Agent's letter, which Mr. Carleton encloses, informing him that the land had been entered for by a prior applicant, and returning him the entry fee.

Mr. Carleton contends that, as he made his entry within the twenty days given him, his entry should stand.

According to the Agent's Return, Half-breed land scrip was applied on the quarter section above mentioned by Jean Baptiste Larocque before the Sub-Agent at Moose Jaw on the 30th November last, being the date, it will be observed, of the Agent's letter giving Mr. Carleton twenty days to enter for the same land. Mr. Larocque has assigned the said land to Mr. William Finlay. This was evidently a mistake by oversight on the part of the Agent in granting an entry during the period of the time allowance, but as the entrant to the land has

Dear Sir,

I am in receipt of your letter of the 13th instant, enclosing one from Mr. H.T. Morton, of Elphinstone, in which he applies for scrip on behalf of his children, in view of the fact that they were born in the Territories prior to the extension of the boundaries of Manitoba. In reply, I beg to state that there is no provision under the law by which scrip can be granted to white settlers on the ground of residence in the North West Territories prior to the Transfer. It is true that somewhat similar grants were made many years ago to certain persons in Manitoba, but claims of this nature which were recognized and forwhich special legislation had been obtained, had reference exclusively to original white settlers who came to Canada, between the years 1813 and 1835, under the auspices of Lord Selkirk. I regret, therefore, that there is no way in which Mr. Morton's request could be granted.

Dear Sir;—

I have received the enclosed letter from Mr. Henry J. Morton. He is a very peculiar character and a sturdy Scot. Having lived in ~~Strathclair~~ among the Indians and their relations for many years he fails to see why his children should not get scrip as well as his neighbors.—

Please look into this and give me full information about these half breed grants and scrip payments so that I can show Mr. Morton exactly how the matter stands. I presume however that the Government can do nothing whatever for any one except Indians or persons of Indian blood who had claim on us because they resided here in the early days.

Dear Mr. Rothwell;-

S. W. 34--23--6 W. 3.

This is an assignment from Alex Whitford to Minnie Kern. A few days ago I wired you asking that the transfer be stayed till I communicated with you further.

I beg now to withdraw that telegram and would ask you to kindly have the assignment proceeded with. In fact I am specially anxious to have the patent issued as soon as you conveniently can.

Would you please advise me?

Yours very truly,

Dear Sir;- re S.W. 34-23-6-W3rd.

I beg to refer to my letter of the 8th. inst. enclosing Transfer of above land from Alex. Whitford to Minnie Kern, together with Abstracts etc. In that letter I asked that Patent should issue in the name of John Henry Kern, which was an inadvertence, as the Transfer itself would show that Patent was required in the name of Minnie Kern. Kindly note this correction.

Dear Mr. Keyes,-

I am in receipt of your letter of 15th September, File No. 589758, which states that scrip No. A-0885 has been located by Alexander Whitford, sole heir of Elizabeth Whitford, on the S.W. ¼ of 34-23-6-3. Will you please let me know the date of the enquiry I made regarding the above and if possible the party in whose behalf I made the request. The matter has entirely escaped my recollection and I cannot place my hand on the file referring to it.

Very sincerely yours,

SEP 29 1906

RECEIVED

Ottawa, 28th September, 1906

Dear Mr. Scott,

By a memorandum which Mr. Cory addressed to the clerk in charge of Half-breed matters here on the 5th August, 1904, and which is attached to the file of this Department that relates to the scrip which was issued in favour of Alexander Whitford, as the sole heir of Elizabeth Whitford, and in satisfaction of her Half-breed claim, it would appear that prior to that date - the 5th August, 1904 - you had asked him (Mr. Cory) to stay action here on such scrip after notice of its location in payment of any Dominion Lands had been received here, and to advise you .

The certificate which was granted to Mr. Whitford called for scrip for the usual area of 240 acres, and two scrip notes, one for 160 acres and one for 80 acres, were issued and delivered to the Manager of the Molson's Bank of Ottawa, the person from whom the certificate had been received.

Upon the 15th ultimo the S.W.¼ of 34-23-6 West 3rd M, was located under the 160 acre scrip note by Mr. Whitford, of which fact you were officially advised by letter

Hon: Walter Scott,
Premier,
of the Province of Saskatchewan,
Regina, Sask.

letter from the Secretary on the 15th instant.

The Department is being pressed to take the usual action in this matter, and being under the impression that the Secretary's letter was written in September of 1904, shortly after the date of Mr. Cory's memoran - dum I have referred to, instead of this month, I made the following endorsement upon such letter : "As no reply has ever been received to this letter and as the location of this scrip has been in the usual manner and the Department has no legal right to delay action after proper location of Half-breed land scrip take the usual action in this case as if delay because of Hon. Mr. Scott's request and action thereon had not arisen."

This decision is correct, however, irrespective of the date of the Secretary's letter to you, as it is only where fraud or theft is charged that this Department has any right or power to stay action upon a location of Dominion Lands under Half-breed scrip. You will see, therefore, that without some sufficient cause for delay and no such cause appears in this case, the usual Depart - mental action can be no longer delayed in this case.

Sir:

Re Scrip Lands-----No. 122.

File No. 589899

On the 25th of October of last year we forwarded to your Department a deed from James Taylor of St. Mark's in Manitoba, to J. H. Haslam, of the S. W. 1/4 and W. 1/2 of N. W. 1/4 4-11-13 West 2nd. In November, in accordance with the request of the Department, we forwarded to you $16.86 additional scrip to pay for the excess acreage of the land. In your reply to us of the 30th of November you stated that the location of the scrip had not then been reported upon. We shall be glad to know if this has been done and if the patent is likely to issue shortly to our client.

We have the honour to be, Sir,

Your obedient servants,

Bradshaw Richards & Affleck.

Re: Half-breed Scrip

With reference to your letter of June 17th, your file 590023, Mr. Fleury's father's name was Andre Fleury.

We are also in possession of a Marriage Certificate which shows that in December 30, 1901 Duncan Fleury married Maggy Dumont, daughter of J.Fr. Dumont and of Philomene Anane. According to information, Mr. Duncan Fleury was married at the time he received scrip which would place the date of issue as in 1902 or later years.

The maiden name of Duncan Fleury's mother is almost illegible but is believed to be Baivit or phonetically similar.

We trust that this information will be of assistance in locating this man.

Dear Sir:-

I have your letter of the 10th June File 8-69065, relative to your enquiry as to the ages of Mrs. Georgina Howse, formerly Georgina Norm, nee "Whitford and one Duncan Fleury."

Our records indicate that one Georgina Norn daughter of Simon Whitford and Frances Hope, in her sworn statement dated the 29th August, 1900, in support of her application for Half-breed scrip, she stated that she was born at Prince Albert in 1878.

With reference to Duncan Fleury, I wish to inform you that we have several applications under the name of Fleury, but none under the Christian name of Duncan. It may be possible that the Christian name had been changed since receiving scrip, as we have had difficulty in other requests of this nature.

In order that we may be of some assistance in this instance, further particulars as to the maiden name of his mother and the full name of his father would enable us to make a further search.

Dear Sirs:

Re: Halfbreed Scrip

We have been given to understand by our National Office that your records of the above show the ages of the parties concerned and may be of considerable value to us in establishing the age of a number of the Metis population of Western Canada.

At the moment we have two cases where we should like to have you search your records in this respect. The first is that of Mrs. Georgianna Howse, who states that she received the scrip about 51 years ago in her own name. She is not sure whether this scrip was issued to her as "Georgianna Norm" (her first married name), or Mrs. Francis Norm. Her maiden name was "Whitford" and she is believed to have been either resident at Prince Albert, Saskatchewan, or in the Andrew district of Northern Alberta.

The second case is that of Duncan Fleury, who received scrip at St. Paul, Alberta. He was unable to tell us when this scrip was issued. At that time he was living with his uncle, Bernard Flamond and his mother, Sarah Flamond, and he believes that they received scrip at the same time.

Yours very truly,

H.C.L. GILLMAN,
Regional Director,

Honorable Sir,

I beg you allow me to put before you some remarks with regard to the Treaty with the Indians of Athabaska District

We have there a certain class of people whom we have always considered as Indians although it may be that long ago some drops of white blood have been infused into their veins. For all purposes, they are pure Indians, having the same language, the same mode of living, shifting camps, — hunting, fishing, &c; in fact no difference at all can be made and they form an homogeneous population. When the treaty was offered last year, they took it and were pleased. For their best interest, their own welfare and the welfare of their families, it is perfectly clear that they must be obliged to keep faithfully to the treaty. But at the instigation of some scrip hunters and traders, some of the aforesaid people are tempted to call themselves Half Breeds and repudiate their treaty-agreement in order to ask for scrip. Need I nature — to state that if such whims of these people were carried through great troubles would soon follow all over this country. The money they would get for their scrips, (if granted to them) would be expended in a few months, and then these men their families & their children in future would find themselves

DEPARTMENT OF THE INTERIOR
MINISTÈRE DE L'INTÉRIEUR

File/dossier 590185

National Archives of Canada
Archives nationales du Canada

deprived of all the benefits they might have drawn from the treaty, their condition would become much worse than it was before, and compared to their relatives, the other Indians faithfull to the treaty, they would be in a greatly inferior condition. We cannot expect to see them settle down and farm - the nature of the country - at least in a very large area does not allow it. Well, Honorable Sir, the consequence in the future may be dangerous to the peace and comfort of all the other inhabitants of the District, and it is better to prevent any such danger when it is easy to do it. The only way of planning the momentary and future welfare of these men and of their families & of averting danger, is to keep them within the bonds of the treaty which they have accepted.

Beside, there are yet many hundreds of persons between Lesser Slave Lake & Peace River as well as on the Athabascan River, who have not parted with their Indian title and all of them or nearly all are in fact Indians and should be dealt with as such. These will not see the Commissioner this year at Athabasca Landing, nor did they see Commissioner Macrae at Wabascaw when he was there; but they are others who will meet Mr McKenna, Cooper Walker this autumn whose interests, I feel, Sir, should be guarded by the enumerators, themselves determining whether such persons belong to the Indian class who should receive treaty or the the Half breed class intelligent enough to be accorded Scrip. Such being the case, immediate action seems to be called for, and I would have communicated with you earlier, had I not been absent in the North.

DEPARTMENT OF THE INTERIOR
MINISTÈRE DE L'INTÉRIEUR

So. I venture to hope that in the interests of those who being Indians are misled into asking for scrip, as well as well in the interest of the public who in case such are given scrip will certainly at an early date be called upon to face their dissatisfaction, when they find the proceeds of their scrips gone & themselves excluded from the benefits of a treaty (which no doubt they will then agitate to obtain) that wise steps may at once be taken and discrimination be exercised in granting scrips to real half breeds only, & treaty rights to all who are really Indians.

I have discussed this matter at length with Mr Macrae and gather that his views are substantially in accord with my own.

I have the honor to be
Honorable Sir
your obedient Servant

CANADA'S EXPORT TRADE

WITH

GREAT BRITAIN.

ENT OF THE INTERIOR
RE DE L'INTÉRIEUR
RG 15, D-II
File/dossier

National Archives of Canada
Archives nationales du Canada

A FEW FACTS

CONCERNING

CANADA'S EXPORT TRADE WITH THE UNITED KINGDOM,

CONTRASTING IT WITH

GREAT BRITAIN'S IMPORT TRADE WITH OTHER COUNTRIES.

THAT Canada's Export trade with Great Britain, notwithstanding its magnitude, is susceptible of further expansion, is a proposition hardly open to dispute.

Apart from manufactured goods, there are many of Canada's food products that still await introduction to the English markets. The possibilities presented for a further development of the British field, and the methods best calculated to stimulate trade, are not, of course, new matters of debate. The attention of the Department of Agriculture at Ottawa, and of the smartest business minds on both sides of the Atlantic, have for years past been directed towards the practical solution of the problem. No permanent or acceptable plan, however, has yet been devised for proving, by ocular demonstration, that Canada's claim as a cheap and pure market for the British buyer is all that it professes to be.

While the total value of Dominion Exports (the produce of Canada) to the mother country has substantially increased during the last twenty years—it having risen from $29,393,424 in 1879 to $85,113,681 in 1899—it is insisted, and with good reason, by those in a position

File/dossier 590199

National Archives of Canada
Archives nationales du Canada

to know, that if the trade had been pushed to its legitimate limits, its volume to-day would be far in excess of the figures quoted.

For some years past the writer has had exceptional opportunity to contrast the condition of the Canadian-British export trade with that of competing countries.

Careful observation has emphasised the fact that, if Canada desires the share of trade to which she is entitled, she must adopt more aggressive methods. The Dominion of Canada has the products, Great Britain has the market. But, strange as it may seem to the uninitiated, it is nevertheless a fact, that though England consumed $37,598,274 worth of Canadian table supplies during the year 1899, exclusive of wheat and flour, which amounted to $10,556,311, and cattle and sheep, which amounted to $7,463,166, it is doubtful if more than one quarter of this total amount represents the value of the goods known, to the English consumer, as the product of Canada.

Of this state of things no better proof is needed than the fact—one instance in many—that of the $1,254,392, the value of Eggs exported by Canada to Great Britain in 1899, only $64,200 is given in the Government Trade Returns of the United Kingdom as the total value of all Canadian shipments, the remainder—to the value of $1,190,192 shipped from an American port—being credited as United States exports.

From this it will be seen that three important conditions invite the consideration of the Canadian producer:—

1st. The expansion of the trade already established, and the exploiting of articles not hitherto exported.

2nd. The removing of the prejudice that exists in the mind of the British consumer against many Canadian commodities.

3rd. The official and public crediting of Canadian produce, by and in Great Britain, to the true country of origin.

In view of these facts, and the favourable notoriety that Canada has lately gained in Great Britain, the present time would seem to be specially opportune for exciting the business interests of English importers. But better facilities than those existing are necessary if the exporter and importer are to be brought into closer touch, and some inexpensive method that will give the English buyer and consumer indisputable proof of the quality of the goods that Canada can supply is equally indispensable. Competition for English trade has now become so keen in the Colonies, and in all other countries, that the time has arrived when live and attractive methods must be resorted to. It is not sufficient that Canada should merely hold her own, and rest content with the results secured through old-established channels. If she does not wish to be passed in the commercial race she will have to adopt measures in keeping with the spirit of the times.

Fully persuaded of the necessity that exists for a more active trade policy for Canada in Britain, a proposition was recently submitted to the Dominion Government, providing for the opening of a Government Trade Bureau in London, with a special Trade Commissioner in charge. In suggesting this, no question was raised as to the obvious need for the High Commissioner's office, which has its distinct and most important functions, the value and success of which it would be hard to over-estimate—but it was pointed out that Canada needed, in addition, a thoroughly practical man, who had made a study of the British retail trade—an expert, experienced in the details of the various branches of merchandise and manufacture, and with a market-man's trade knowledge of the produce that Canada is capable of supplying.

The plan now proposed, as will be seen after careful perusal of this circular, not only provides for the establishment of a Trade Bureau in London on an enlarged scale, at no expense to the Government, or clashing with existing agencies, but for the creation of a powerful

auxiliary, which would combine with a Trade Bureau, the Cold Storage of perishable goods, the Retailing and Cookery of Canadian food products, and the public display of her manufactures.

Investigation, and exchange of views with those interested on both sides of the Atlantic, has indicated that the best, if not the only way to accomplish this, is by opening, in the business centre of London, a Canadian Industries and Food Supply Association, the chief objects of which are herewith outlined :

(1) The display and storage—"cold storage" where needed—of all classes of Canadian produce.

(2) The bringing into contact the exporter and importer, the retailer and the consumer.

(3) The circulation of trade information by bulletins, prices current, and market reports — the supplying, in fact, of all Canadian commercial intelligence possible.

(4) The establishing of a permanent Exhibition (not a Museum) of Canadian manufactures, with sample products of the Field, the Forest, the Mines, and the Fisheries—where all things of economic and industrial utility would be on view.

(5) The opening of a high-class Restaurant and Dining-rooms, distinctly Canadian, where, as far as practicable, nothing but Canadian food products would be served, and where public demonstration of Canadian cookery would take place.

(6) The opening of a Canadian Bakery, where nothing but Canadian flour would be used, and where all kinds of farinaceous foods peculiar to Canada would be prepared in the Canadian way.

(7) The providing of apartments for visiting Canadians and their families.

(8) The free use of a Board-room for meetings of Canadian organisations, &c., and the providing of private offices for the convenience of members and their clients.

In a word, the establishment of a Central Exchange and Headquarters for Canadians, for the transaction of

Anglo-Canadian business, with the object of assisting those already interested, and developing in English business circles a greater interest in all things Canadian.

The value of the twelve principal food products—wheat, living animals, dressed meat, cheese, butter, eggs, lard, fish, raw fruit, condensed milk, potatoes, poultry and game—imported by Great Britain from all countries amounted in 1899 to nearly $620,000,000. Of this annual average total it has been estimated by Professor Robertson, of the Department of Agriculture, that while Canada contributes only 7 per cent., she could readily supply one third.

In this connection it is suggestive to note that of Great Britain's total imports of all kinds, amounting approximately to $2,425,397,000 for 1899, Canada contributes barely 4 per cent., Australasia 7 per cent.

The field that is open for a vast trade in Canadian products can only be realised upon reference to the actual state of Anglo-Canadian business as it exists. The following figures, showing certain Canadian domestic food exports to England, and the United Kingdom's imports of the same articles, are taken from the Trade and Navigation Tables of the Dominion and from the advance Trade Returns of the United Kingdom, for the fiscal year 1898–99, and they bristle with significance :—

—	Canadian Exports.	Total British Imports from all other Countries.

In 1899, Great Britain imported butter and cheese to the value of $86,065,000 and $27,575,000 respectively. Canadian exports in both these articles could, therefore, be readily doubled. With ventilated cold storage and with goods undisturbed from the point of Canadian railway embarkation to English destination, and with a central depot to draw from, the London retailer could depend on obtaining the more delicate Canadian products, such as butter, eggs, and poultry, daily, and in an absolutely fresh condition. The eggs, on arrival in England, after being carried in cold storage the entire distance, would no longer arrive in that "mussy" condition now condemned by the importer, and consequent upon changes of temperature in transit.

Canada's annual exports of beef and mutton to the United Kingdom amount to but $7,975 and $7,527 respectively, a mere fraction of the trade that could be developed when once the quality of Canadian meat is properly demonstrated and better known. In 1899 the shipments of beef and mutton from far away Australia amounted to $5,624,500 and $16,338,000 respectively —the latter only exceeded by the contribution from the Argentine, which amounted to $7,450,800. When abattoirs are established in Canada, and with the present improved facilities for shipping the fresh meat to London in cold storage, a tremendous British trade would follow. In 1899 England imported fresh beef to the value of $36,723,600, and $27,197,000 worth of mutton. While Canadian beef could be sold in England at less than the prevailing prices, the profit to the shipper would be relatively greater than upon the live stock itself, and Canada would get due credit for her product, the identity of which, owing to existing methods, is now concealed.

Though Canada's exports to Great Britain of green apples amounted to $2,412,728 in 1899, and of preserved berries to $271,989, her trade in other fruits and vegetables has been almost wholly neglected, as reference to the appended table will show :—

	Canadian		United Kingdom.
	Exports to Great Britain.	Exports to all other Countries.	Imports from all Countries.
	$	$	$
Berries, all kinds (fresh) -	152	89,293	13,713,650
All other fruits ,, -	10,490	151,983	
Apples (dried) - -	38,132	398,524	
	$48,774	$639,800	$17,071,700*

* Exclusive of Oranges and Lemons, Almonds, and Fruit Nuts.

In view of the present arrangement made by the Government, which provides for the shipment, in cold storage, of perishable products, the trade in fresh fruit should increase amazingly, when the difference in the selling prices in Canada and London is taken into consideration. Of Canadian dried apples, France consumes nearly as much as England, Holland half as much again, while Germany imports more than twice as much as all other countries combined. With the co-operation of the Food Supply Association, the export of fruit to Great Britain, where now it is only within the reach of the rich, should assume very large proportions. The British imports of pears in 1899 amounted to $1,331,755; of plums, $1,470,260; and of cherries, $768,200. Of all of these Canada could supply her quota.

The limits of this circular preclude reference to every Canadian product for which England offers an inviting market, but in order to establish the reliability of these representations and the necessity for a London Trade Bureau, it is only right that attention should be invited to certain salient trade facts.

TABLE SHOWING CANADIAN EXPORTS AND GREAT BRITAIN'S IMPORTS OF VEGETABLES, 1898–99.

—	Exported to Great Britain.	Exported to all other Countries.	Imported by the United Kingdom from all Countries.
	$	$	$
Potatoes	375	315,102	13,900,400
Beans	42,233	196,802	2,869,400
Turnips	Nil	102,122	10,449,200
All other vegetables	1,166	27,570	
	$43,774	$641,596	$27,219,000

Britain's imports of onions exceeded $4,228,000, and of tomatoes—based on five months' trade—over $1,000,000.

When it is stated that Tasmania, 13,000 miles distant, is now in the field for supplying Britain's potato want, further comment on Canada's potato trade possibilities is superfluous.

So, also, similar opportunity exists for a tremendous export business in the case of salt and fresh water Fish, but even in a more marked degree. With the exception of canned salmon, $2,296,292 of which was placed on the British market last year, the total of Canada's sea fish exports to the United Kingdom, exclusive of shell fish, amounted to only $85,623, as compared with $3,506,174 shipped to other countries.

The following figures—quoted in bulk—are compiled from the Government Trade Reports for the last fiscal year :—

—	Exports to Great Britain.	Exports to other Countries.	Imported by the United Kingdom from all Countries.
	$	$	$
Sea-fish—fresh	6,446	227,459	(Fresh fish)
Do., salted, pickled, smoked, &c.	79,177	3,248,994	4,206,825
Lobsters, fresh	383	367,175	(Cured fish)
,, canned	927,850	1,392,190	12,611,175
Sea-fish, total	$1,013,856	$4,235,818	$16,818,000

It is interesting to note that out of $497,621 of fresh and pickled mackerel, fresh halibut, fresh herring, and cod tongues and sounds, and other fresh and pickled sea-fish not otherwise specified—$150,000 of which went to the West Indies—not one scale was shipped to England, and out of the $86,776, the value of the smoked herrings exported, but $2,020 found its way across the Atlantic. And this, when in London and its suburbs alone, a market exists that has to feed some 6,000,000 people, and has to tax almost every country in Europe to enable it to meet the enormous local demand. The Canadian fresh lobster also awaits introduction to the English public. Maritime province lobsters are valued at 2½ cents per lb. on the Atlantic coast, while the ordinary lobster sold in Great Britain is retailed at 16 cents per lb. by the London fishmonger !

But if the sea-fish trade offers a big field for industry, what can be said of a market hungry for the products of the great lakes ? Of the total of $868,023 worth of fresh-water fish exported by Canada to all countries in 1899, fish to the value of $182 only was landed in Great Britain. With ocean cold storage, rapid transport, and a central receiving and distributing depôt in London such as is now contemplated, the serving of Canada's superlative white fish, sturgeon, land-locked salmon, lake trout and bass, in the dining-rooms of the "Industries," will rapidly develop a brisk demand for our fresh-water products.

Again, as regards Cereals, the superior qualities of Canadian flour are practically unknown to the British consumer, though for sweetness, whiteness, and strength it is unsurpassed. An analysis of Canadian flour has shown that it contains 10 per cent. more albuminoids than any European flour imported into England. It is intended to open a Canadian Bakery, which will do more for the Dominion grain merchant and miller than any other method conceivable. The commercial success of such a subsidiary enterprise would be assured from the start. England's consumption of foreign flour in 1899

was valued at $53,505,000, and most of Canada's contribution was credited in the British Blue Book to the United States.

Among other articles that Canada could export with profit is Condensed Milk. The imports of the United Kingdom for 1899 amounted to $7,280,155.

Having outlined the purposes and scope of this projected enterprise, it is in order to describe the methods it is proposed to pursue for the removal of the obstacles that have heretofore prevented the exportation of the surplus of many of Canada's products to Great Britain.

The Proposed Remedy.

An Association is in process of formation with a view of leasing or purchasing a commodious building—already selected—in a central locality, where Canadian manufactures will be given all facilities for the attractive display of their wares, in conjunction with which retail stores will be opened for the sale, direct to the British consumer, of every kind of Canadian food product, the identity of which will by this means be indisputably established.

All perishable articles in transit from Canada will be handled in cold storage, whereby the temperature can be regulated so as to properly conserve the flavour and quality of each class of product. These will not be frozen, but simply kept fresh, and transported in their natural condition to their destination.

Arrangements have recently been made by the Dominion Government whereby almost the entire Canadian Atlantic fleet is now provided with refrigerating equipment, and as, through the efforts of the Department of Agriculture, every line of railway connecting with the seaboard runs mechanically-iced cars, and as the freight on most of these articles to British ports will not exceed six per cent. of their value, a big margin of profit on the handling of all food supplies is apparent. On arrival in London all delicate produce, chilled not frozen, will be at

once transferred to the cold storage chambers of the institution. Hence all the more delicate fruits and vegetables, such as pears and peaches, tomatoes and game and poultry, fish, sweetbreads, kidneys, and liver, could be exported with absolute certainty of their being offered to the British consumer in perfect condition.

In close connection with the Stores will be a high-class Restaurant and Dining-rooms, where the viands will be strictly Canadian, and served in the best colonial style. Canada can supply many kinds of animal and vegetable products and various palatable dishes unknown in England, and only awaiting introduction to become immensely popular.

The kitchen will be in full view of the public, so that any special process necessary in the preparation of any particular article of food will be practically demonstrated by qualified cooks. No better business object lesson than this could be conceived, for after inspecting and selecting from the food-supplies in the refrigerating rooms, the English buyer will be able to test in the dining-room the culinary and table value of the products he contemplates purchasing.

First-class meals, with high-class cookery will be served at moderate prices, proving in the most convincing manner the edible qualities and economic advantages of Canadian food supplies.

Reception parlours and reading-rooms will be provided. In the latter, the latest Canadian and British trade publications will be on file, with all kinds of business literature—the collating of Anglo-Canadian commercial intelligence for the exclusive information of members being a feature. With the assistance of the Department of Agriculture, with which the management will be in close and constant touch, and with the co-operation of the provincial Departments, and the various Boards of Trade thoughout the Dominion, it is believed that the "Industries" will at once become a business exchange for exporters and importers; where not only trade transactions will be consummated, but where the

representatives of capital will gather in search of Canadian investments. A popular Headquarters in charge of an alert representative, through whom business would originate, not be waited for, but sought for, and found.

The Board-room would be at the service of members for the holding of meetings, etc., but only for Canadian business, or the promotion of Canada's interests.

It is also intended to reserve space for Exhibition purposes. The space thus retained will either be leased outright to the Dominion Government, as hereafter explained, or let to individual exhibitors. Hence a display will be installed of the raw and crude products of Canada and her manufactures, demonstrating her economic resources and her industrial progress. Motive power will be supplied, so that the machinery or inventions can be operated at the will of the exhibitor. Neither money nor ingenuity will be spared to make this exhibit a most attractive feature—a metropolitan show-place.

Here, in the Industrial Hall, the manufacturer will be able to display his wares to the very best advantage and at minimum expense. He can also, if he so desires, dispense with the services of a special demonstrator or agent, and arrange with the management to look after his interests. This will apply with particular force to patentees and smaller exhibitors.

It will interest all who are concerned in the development of Canadian trade with Great Britain that the project has been received in London most favourably, and with assurances of support from persons of importance and wealth. In view of the magnitude of the scheme, and the benefit that must accrue to Canada by having her resources and trade possibilities presented in a manner and on a scale never before contemplated, the promoters felt they were justified in seeking some financial guarantee from the Canadian Government. Acting upon this conviction, the facts herein submitted were laid before the Minister of Agriculture and the

Cabinet, and the following plan of Dominion aid respectfully suggested.

That this Association would turn over to the Government, say 5,000 feet of floor space for exhibition purposes, at an annual rental of $5 per foot. It was pointed out that this space could be made wholly, or in part, self-sustaining:

1st. By sub-leasing the 5,000 feet clear space of floor area, and accompanying wall space, to Canadian exhibitors, or

2nd. By reserving a part, or the entire space, for a free Government exhibit of the resources of the Dominion.

It was urged that as a central display of the industrial capabilities of the Dominion, situated on a busy City thoroughfare, it would attract that commercial attention of which Canada stands so greatly in need.

It was contended that it would in no sense trespass on the domain of the Imperial Institute, where Canada already has a partial display of her resources. The Kensington exhibit from its remoteness from the centres of Metropolitan trade, and the character of its display and its surroundings, being but a museum, most valuable in its way, but of no practical use to the busy City man, whose business is conducted through entirely different channels.

It was pointed out that the methods proposed by the new Association were the best and only methods by which the trade prejudices against Canada's products could be removed, and by which, through actual demonstration, they could win their way to public favour. It was insisted that as an Emigration agent it would be impossible to over-estimate its value, and it was urged that the project only needed Government aid, and semi-official control, in the manner proposed, to make it an unqualified success, and establish it as a medium for the exploiting of Canadian products and manufactures exclusively.

DEPARTMENT OF THE INTERIOR
MINISTÈRE DE L'INTÉRIEUR
RG 15, D-II-1, vol. 806
File/dossier 590199

Archives nationales du Canada

It was also pointed out that the Chief Executive Officer of the Company would make an admirable Trade Commissioner, or alternatively that the Government, by virtue of its support, would have a free hand in the organising of such a bureau, and the appointing of its own Commissioner and staff. By this arrangement, the expense of domiciling a separate bureau, as at first suggested, would be saved, and most of Canada's trade interests in London would be centralised and under the one roof.

A careful perusal of the foregoing will, it is believed, convince Canadians that expansion of Canada's trade with Great Britain, conducted on the lines proposed, is not only easily possible, but would be largely profitable. It is also believed that the English consumer will be led to realise that a vast storehouse of cheap and pure food exists in the Dominion of Canada, at his doorstep—for Canada is destined to become the bread-basket of the Empire—from which he will be at liberty to draw from day to day to meet his accelerating wants.

This being so, the co-operation of exporter and importer, producer and consumer, on both sides the Atlantic, in the furtherance of the objects of the Canadian Industries and Food Supply Association is especially sought and confidently expected.

Mr. Smart,

I beg to snbmit, for your consideration, an application from Miss Edith Freeman to be federally appointed as Stenographer in the Goverment Service at Dawson. Miss Freeman was employed in the Goverment Office at Dawson for about a year at a salary of $900. per annum and living allowance of $1200., but her services were dispensed with when I was at Dawson.

She encloses copies of testimonials from Dr. Oronhyatekha, Mr. McGillivary, Supreme Secretary of the Foresters and Dr. Brown, her brother-in-law with the last of whom she has apparently been working since the date of her appointment at Dawson, ~~which would indicate that she is an efficient stenographer.~~

Respectfully submitted.

Madame,

I am directed to acknowledge the receipt of your letter of the 7th ultimo, addressed to the Honourable the Minister of the Interior, in which you ask to be federally appointed as Stenographer in the Goverment Service at Dawson. As both the Minister and his Deputy are at present absent from Ottawa in the West, your application can not be dealt with until their return. As soon as they arrive in Ottawa, however, no time will be lost in bringing the same before them for consideration, the result of which will be communicated to you.

To The:-

HONORABLE MINISTER OF THE INTERIOR,

OTTAWA, Ont.

SIR,

I have the honor to make application to you to be federally appointed as Stenographer in the Government service in Dawson. Since my arrival in the country in August 1899 , I have been acting in that capacity, having been locally appointed as stenographer in the commissioner's office at that time. I have for the past year been doing all the type-writing in connection with the Council work, and in fact have done all the writing and copying which I have been required to do by Dr. Brown, the Territorial Secretary, who has expressed a desire that I be appointed permanently. I am satisfied that I have given every satisfaction, and have never heard a complaint as to the character of my work. Moreover, I had some years of experience in one of the largest business offices in Toronto before coming here, viz. that of The Independent Order of Foresters, and take pleasure in enclosing testimonials which, on my leaving for this country, I received from Dr. Oronhyatekha , the Supreme Chief Ranger, and from Major, McGillivray, t the Supreme Secretary. Also, at present there seems to be a scarcity of stenographers here, as five or six Americans are being employed in the Government service here in that capacity. If you can see your way to making the appointment I am satisfied that Dr. Brown will be much gratified and it will be a great satisfaction to me, and I shall endeavor to perform my duties in the future as well as I have done in the past. Sincerely trusting that I may hear favorably from you,

I am a Canadian, having been born in Ontario.

I am your obedient servant,

Editth Freeman

This is to certify that Miss Edith Freeman has been for a number of years a stenographer in the employment of the Supreme Court of The Independent Order of Foresters, at its Head Office in Toronto, Canada, giving every satisfaction to her employers, as she is both rapid and accurate in her work. She leaves her position voluntarily, and we part with her with deepest regret. I am quite sure that she will be able to give satisfaction to any one desiring a faithful, capable clerk.

TO WHOM IT MAY CONCERN:-

These Presents are written ts say that the bearer, Miss Edith Freeman, has been in the employ of the Supreme Court of The Independent Order of Foresters as a stenographer for upwards of Five years past, during all of which time I have been Secretary of the said Society, and as such have been able to judge of her work, and it is with pleasure that I now certify that she is a careful, rapid and painstaking stenographer, and could in my opinion fill any ordinary position where such services are required. I am sure if you should see fit to ayail yourself of her services you will find her faithful and dnxious to give satisfaction. She is leaving the employment of said Society much to the regret thereof, and only because she desires to take up her residence for a time at least in the Yukon.

I am yours truly,

should take scrip as Half-breeds. To constrain them in any way in this matter would no doubt cause much dissatisfaction, and further it would hardly be possible to refuse to consider an application from a Half-breed to share in the grant of scrip, provided the same were in proper form, simply because he were leading the life of an Indian. Of course, this is a matter entirely in the hands of the Commissioners, but you may rest assured that they fully appreciate the importance of safeguarding in every way possible the interests of these people.

My Lord,

I beg to acknowledge the receipt of your letter of the 10th instant, addressed to the Minister of the Interior, in which you urge that Half-breeds of the District of Athabasca who entered the Indian Treaty last year be not permitted to withdraw so as to be in a position to share in the Half-breed grant of scrip. In reply, I may state that although these Half-breeds may file with the Commissioners who are about to visit Athabasca Landing, their applications to withdraw from Treaty, the same cannot be granted until they have been passed upon by the Department of Indian Affairs. Should such applications be presented, you may rest assured that the representations made in your letter on this subject will be given careful consideration.

I am afraid, however, that with regard to persons in the District of Athabasca who have not yet parted with their Indian title, it would be very difficult to lay down any rule as to which of them should join the Treaty and which should

Sir:-

North West Halfbreed Grant.
Nancy Whitford, nee Wabiscaw or Blandion.

I beg to inform you that North West Halfbreed Land Scrip No. A.975 issued to Nancy Whitford, nee Wabiscaw or Blandion, was located on the 30th June, 1901, on the N.½ 24-5-28-W.4.Mer. and that North West Halfbreed Land Scrip No. A.2481 issued to the same person, was located the same day on the E.½ of S.E. 24-5-28-W.4.Mer., and that these lands, although not patented, still stand in the records here in the name of the halfbreed who located the scrip.

Good

In 1902 Messrs. Haultain, McKenzie and McNeill, Barristers, of Macleod, wrote to the Department respecting this land which it is stated was located by the halfbreed grantee to whom the scrip was issued in the interests of H. H. Jenkins, then of Pincher Creek, who intended to file an assignment from Mrs. Whitford and requested that the patent be not issued to her and that no assignment be accepted from her other than the one to their client, Harry Jenkins of Pincher Creek.

No assignment has been filed here from Nancy Whitford covering this land and no action has been taken towards the issue of patent and as Messrs. Haultain, McKenzie and McNeill do not appear to be doing business in Macleod now there does not seem to be any way in which the Department could communicate with them.

As the remainder of this Section 24 has, however, been patented to you part as a homestead and part under halfbreed allotment, you may have acquired Mrs. Whitford's interest in the land upon which she located her scrip, and I am to request that you will advise the Department if you ever obtained an assignment from Mrs. Whitford or if you are interested in the land referred to as it is proposed to issue the patent therefor in the name of the halfbreed.

Kindly advise the Department in reference to this matter as it is desired to issue the patent and close the case.

Your obedient servant,

Henry H. Jenkins, Esq.,

Sir: Re No. 704457.

In answer to your letter of September 6th. we are now finally in a position to state that the information first given to us in connection with the scrip for Philip Whitford and Jean Baptiste Dumont has not been bourne out on investigation and we do not feel justified in pressing the investigation further, and therefore know of no reason why your Department should longer delay the issue of the patent to Mr. Christie for the land located by Philip Whitford.

We have to thank the Department for the courtesy extended in this matter.

June 12th, 1902.

Secretary,
Department of the Interior,
Ottawa.

Sir,

Will you kindly advise us if you can from your records and if not against your regulations, in whose favour Land Scrips Certificates numbers A.0976 for 160 acres and A.2476 for 80 acres issued.

We are seeking this information as a step in the tracing up of some alleged fraudulent dealings with these special scrip, and virtually in the interests of the Department of Justice.

We have the honour to remain,
Sir,
Your obedient servants,
(Sgd) Haultain, McKenzie & McNeill.

Sir:-

Pat. Hd. May 1901

On the 14th of December last Mr George Huminuck appeared at this office requesting an entry for the N.W.¼ 30-52-15-W-4. This land was scriped on the 20th of December 1900 by one Rene Courteorellle.

Mr. Huminuck made a declaration to the affect that he had squatted on this land in July 1900 and had made improvement thereon prior to the application of this scrip location. His declaration is enclosed. Kindly advise me what action to take in this matter.

Dear Sir,

Yours of the 26th Feb. to Mr. Seymour Green has been handed to me, as being interested in the matter.

On November 18, 1901, I sent certain scrip to the Department at Ottawa for application. There was an overplus amounting to $17.14 now standing to my credit, or perhaps to the credit of Jonathan Thompson of township 15 Range 24 west 2nd, on whose behalf I applied scrip. You are hereby authorized and requested to apply this balance of $17.14 on behalf of Caroline Kitchen, in paying for balance of $16.80 due the Department for excess in acreage.

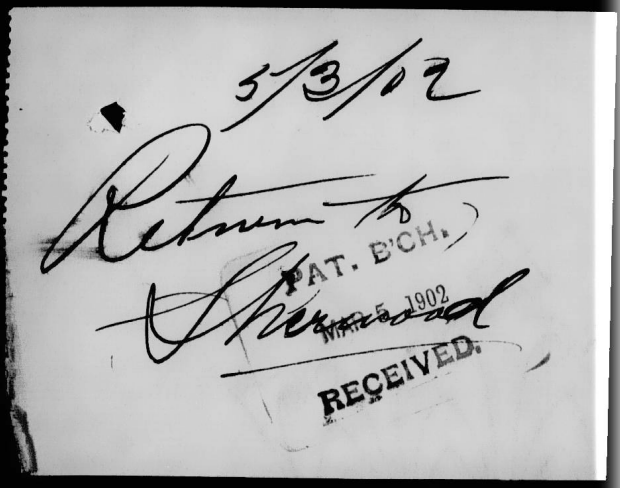

Yours truly,

OTTAWA, 2nd July, 1936.

Madam,

Replying to your letter of the 8th May last, I beg to say that one, Baptiste Desjarlais or Okanais, son of Pierre Desjarlais and Josephe Marron, appeared before the Half-breed Commission at St. Paul des Metis on the 12th September, 1900, and applied for half-breed scrip which he subsequently obtained.

Our records show that he was born in 1875. The month is not stated.

Yours very truly,

J. Lorne Turner

Dear Sir— I am writing to ask you
kindly if you have any record of Baptiste Thivierge
or Baptiste Ithanese who received a
Half breed Scrip some years ago.
It would appear that he was given
the name of Desjarlais when receiving
his Scrip.

I know what I can gather he was
born in 1865 but owing to his having
been given the name Desjarlais
the Dept of Old Age Pensions do not feel
justified in accepting his Baptismal
Certificate which gives the name Thivierge
or Ithanese.

If you cannot find any record of
him there you please ask the Census
Commissioner of that part. Thanking you,
Yours truly, Mrs. E.A. Bowtell

Dear Sirs,

Referring further to your letter of the 26th ultimo with regard to the changing of money scrip for land scrip, I beg to state that on further consideration I am afraid that the Department is hardly in a position to agree to the proposal which you make. It is a matter that must receive very careful consideration before a final decision can be reached, and as both the Minister and Deputy Minister are at present absent from home and will not likely return for some little time, your application will have to remain in abeyance in the meantime.

Dear Mr. Rothwell,

I have considered your letter of the 6th instant with reference to the communication of Messrs. Hamelin & Cameron, of Leader, Man., with regard to exchanging cash scrip for land scrip.

I am inclined to look upon such an exchange with disfavour. It seems to me that if this is permitted it will lead to a great many people who are now holding cash scrip making a demand on the Department for land scrip, and it is likely to open the door to not an inconsiderable amount of difficulty, as the moment this is agreed to and generally understood applications will come from persons who are not the real owners of the scrip but are the assignees, and who will demand the privilege of locating it. I think it would be well to state to the parties named that the matter is one that has come up for the first time in connection with the issue of scrip and that the Department at present is hardly in a position to agree to the proposal. At all events it is a matter that must receive the best consideration of the Department before a final decision is reached. It might be well, too, to mention that as both the

Dear Mr. Smart,

The Department is in receipt of the following letter from Messrs. Hamelin & Cameron, of Lauder, Man:-

"Would you please write us regarding the changing of money "scrip to land scrip. There are a couple here that wish to "change their cash scrip for land scrip, which they understand "can be done."

It is purely a question of policy as to whether or not requests of this nature should be acceded to, and I would be glad to have your decision in the matter. Of course, purchasers of money scrip should not be allowed to exchange or to be parties thereto. Mr Goodeve has informed me that no similar request with regard to any scrip issued by the present Half Breed Commissioners has been granted

Yours very truly,

T. G. Rothwell

Ottawa, 3rd January, 1906.

Copy on file 590985.

Sir,

With reference to your letter of the 24th ultimo, enclosing scrip Order No. 1 for the sum of $360.00, and scrip Order No. 2, for the sum of $360 also, which you wish to be applied upon the purchase of the North West and South West quarters of Section 22, Township 6, Range 1 East of the 1st Meridian; I beg to say that the two scrip Orders which you forwarded in November last, being for $240 each, have, in accordance with your wishes, been cancelled, and are returned to you herewith. The two Orders first above mentioned, for $360 each, wipe out your credit with this Department,

A further communication will be addressed to you in connection with the payment of the $720 in the course of a short time.

Your obedient servant,

P. G. KEYES.

Sir,

I beg to call your attention to my letter of the 24th ultimo, to which you do not appear to have replied. Until you comply with the request contained in that communication, the usual official receipt cannot be made out and forwarded to you.

I must point out to you the necessity for following strictly the wishes of the Department in connection with your scrip account. Scrip Orders are similar to cheques or drafts, and the greatest care should be exercised in order to avoid clerical errors, either in the Orders themselves, or in the correspondence relative to them. 42849.

LETTER.....

FILE. 42849.

Department of the Interior,

Ottawa, 24th November, 1900.

Copy on file 590985.

Sir,

With reference to your letter of the 1st instant, forwarding scrip for the sum of $240, which you desire to be passed to your credit; and to other subsequent communications; I beg to point out that, whereas in your letter enclosing the scrip you ask to have applied $120 on one parcel of land, and $120 on another piece of land, in one Order drawn upon the Department you request to have applied the sum of $240 on one parcel, and in the other Order you wish $240 ~~also~~ to be applied on a piece of land, making a total of $480 drawn.

42849

According to the books here the sum of $480 was passed to your credit on the 27th October; and on the 7th instant, a further amount of $240, making a total of scrip deposited of $720. Against this you have drawn two amounts of $240 each, which leaves a credit balance of $240. The Order in connection with the North West quarter of Section 22, has been numbered 1, and the Order affecting the South West quarter of Section 22 has been marked 2.

Encl: I again enclose you a copy of the form to be used, and must call your attention to the necessity of your drawing all orders upon a form exactly similar to that enclosed. You should either get some copies printed, or type written, of the same size as the sample. No action will be taken in respect to the two Orders above referred to pending a reply from you. You had better send two duplicate Orders, properly made out, and on receipt of the same, those already on file can be returned to you. 590985.

FILE 590985.

Department of the Interior,

Ottawa, 27th October, 1900.

C i r c u l a r .

Sir,

Referring to previous correspondence in the matter of the establishment of scrip credits with the Department of the Interior, I am directed to inform you that Mr. C. W.N. Kennedy, Land Titles Office, Winnipeg, has made an arrangement for the deposit of scrip similar to that made with Messrs. Alloway & Champion, of Winnipeg. Under this arrangement Mr. Kennedy has deposited scrip with the Department, against which he will draw from time to time, and portions of such credit can be transferred as he may request to the different Land Agencies of the Department.

Dft Appd.

It is to be understood, that, as in the case of Messrs. Osler, Hammond & Nanton, no Order of withdrawal is to be honoured by any Agent unless instructions to that effect have been received from Head Office. This applies, of course, only while the credit in question is established at Head Office.

Your obedient servant,

P. G. KEYES.

Sir,

With further reference to your letter of the 27th ultimo, enclosing Half-breed Scrip Certificates, Nos. 593 and 595, respectively, which you desire to have exchanged into scrip, and the amount placed to your credit here; I beg to say that your request has been granted, and the sum of $480 (scrip) has been credited here in your name. In this connection I now enclose you forms of receipt for scrip 11849 and 11850; and for 3411 and 3412, which please be good enough to sign and return here at once.

Encl:

The form upon which you can draw against your credit must be exactly similar to the one now enclosed. When drawing upon any of the Agents of Dominion Lands, it will be necessary that you advise this Office, and on receipt of such advice, if your account be in order, the Agent drawn upon will be instructed to accept the withdrawal certificate on presentation; but no Agent is permitted to accept any Order, where the credit is established at the Head Office only, without special instructions.

If you so desire you may also have a portion of the credit at Head Office transferred to any of the Dominion

I may add that scrip can only be accepted in payment for the purchase of Dominion Lands (even numbered sections); and in the payment of rent for either hay or ranche lands, where such lands are Dominion Lands. No scrip, however, can be taken in payment for the rent or purchase of School Lands, as the Government of Canada have to account in cash for all moneys received on behalf of the School Endowment Fund. 557941.

Memorandum:-

Mr. C. W. N. Kennedy, of the Land Titles office, Winnipeg, has forwarded here two scrip certificates, to be exchanged for scrip. He asks that the scrip, amounting to $480, be placed with the Department to his credit.

According to "Waghorn's" Guide, Mr. Kennedy appears to be a Deputy Registrar, and the question to be decided is whether, Mr. Kennedy being an official of the Local Government, he should be allowed to establish a scrip account with the Department.

The practice of the Department has been, since the opening of a scrip account with Messrs. Alloway & Champion, not to refuse the establishment of such an account to any person asking for the privilege.

In this case, however, I beg to call your attention to Mr. Nash's case, who requested permission from the Department to be allowed to handle scrip, with a view, he stated, of to some extent being able thereby to add to his income. The Deputy Minister wrote to Mr. Nash, on the 12th April last, File 557941, to the effect that the Department did not approve of its officers having any personal interest in the scrip, and that his request could not be granted.

In view of the fact that Mr. Kennedy appears to be an official of the Local Government, is he

Dear Sir,

I am in receipt of your letter of the 5th instant with reference to second homesteading, and in reply beg to say that only those persons are entitled to the privilege of second homesteading who had received or even earned patent for their first homestead prior to the 2nd of June, 1889. You do not state the date when you earned patent and consequently I am not in a position to advise you whether or not you are entitled to second homestead entry. Possibly if you write to the Agent at Calgary he may be able to advise you on this subject.

Dear Sir,

I notice in the "Albertan" a Calgary paper that a person having his homestead title or certificate of title can homestead the second time in the vecinity he now resides. I would like to know full particulars about it and if that is the case I shall immediately apply for the S.E. 1/4 of sec 10, Tp 31, R. 2 west of 5th. (over)

FILE

Department of the Interior,

Ottawa, 7th November, 1900.

Sir,

Referring to your letter of the 27th September last, file No. 18403, addressed to Mr. M. Weber, of Didsbury, Alberta, respecting his application to purchase the SE¼ of 10-31-2 W.5th M., I am directed to say that Mr. Weber has now written direct to the Department applying to purchase the East half of the Section, which land is clear in the records here.

There is no objection to this land being sold to the applicant, at the current rate and upon the usual terms, provided he has not already bought from the Government more than 320 acres. Please advise the applicant accordingly.

Your obedient servant,

P. G. KEYES.

DOMINION LANDS.

Memo to the Commissioner
of Dominion Lands.

On the 21st ultimo Mr. M. Weber, of Disbury, applied to purchase the South East quarter of Section 10, Township 31, Range 2 West of the 5th Meridian, but asked that he be given until the 1st May next in order to pay in scrip.

Mr. Weber has now written direct to this Office applying to purchase the East half of the section, which land is clear in the records here. I know of no reason why it should not be sold at the current rate and upon the usual terms, provided Mr. Weber has not already bought from the Government more than 320 acres.

Mr. Weber, in his letter, says that the land is only fit for grazing, being all ravine and coulee. He goes on to say that he is a pioneer settler, has bought a quarter section from the Railway Company, and as he has invested his all in the land and has a family living there, he thinks it but fair that he be allowed to acquire this land for grazing purposes. Mr. Weber says he is doing his best to help the country etc. etc.
I observe that M. Weber, A. Weber, and E. Weber, have homesteads on the North half and South East quarter of Section 2 in this township; but I think, considering that scrip can be bought for about 50¢ in the dollar, that there is no necessity to reduce the price from $3 an acre.

Dear Sir.

I should like to know if I could buy a half section of Gov. land. namely East half of Sec 10. Tp. 31. Range 2. West of 5 M. The land is not desirable for homesteading as it is all Ravine & ~~coulee~~ coulee and as I have been a pioneer settler, have bought a ¼ besides from C.P.R. Co; have all my money invested here & as there is a whole family of us together and as our stock is increasing we think it would be but fair if we could buy said land for graging purpose for a reasonable price. Would you kindly let me know at once.

Sir,

PAT. B'CH. JAN 31 1901 RECEIVED.

I beg to acknowledge the receipt of your letter of the 12th instant, 591209,

On the 26th September last Seymour Archibald made application tom purchase the E½ 14 51 15 W 4 M; On the 26th October he withdrew; on December 4th L. H. Boyle applied to purchase the E ½ of the S W ¼ and the W ½ of the S E ¼, the remaining portions of the section having been covered by the land scrip of Augustime Deschamps and Frederick Whitford; on the 20th December Mr Boyle's application, as to the W ½ of the S E ¼ was withdrawn, and upon the same day Mr James Macaulay aked permission to apply his land scrip to this 80 acres.

John A. McWithey's was the application submitted to you in this office letter of the 27th September last,; he subsequently withdrew in favor of A. Deschamps. There is no conflict in respect of any part of this section 14. It is quite clear however that the omission of this office to acquaint you with the above particulars has caused needless confusion and trouble which I regret.

Purchase applications, such as have be n referred to you in such numbers during the past 3 or 4 months are not made in good faith and are to be deplored. I see no way to prevent a continuance of the practise unless you can consent to my offering any homestead land for sale which is not otherwise claimed or disposed of, and are willing to empower me to refuse all applications which are not accompanied by at least one quarter of the purchase money.

Your obedient servant

FILE 591209.

Department of the Interior,

Ottawa, 12th January, 1901.

Sir,

On the 27th September last, on file 37828, you reported ~~the~~ an application to purchase the West half of Section 14, Township 51, Range 15 West of the 4th Meridian; and on the 25th October you were told it could be sold to the applicant.

On the 5th December last, your file 37829, you reported that Mr. J. R. Boyle, agent for Mr. Loftus H. Boyle, had that day applied to purchase the East half of the South West quarter, and the West half of the South East quarter of Section 14, stating that the land was vacant and available.

In your Return of the 23rd ultimo, you report the location of Scrip on the 20th idem on the North West quarter and the West half of the South West quarter of Section 14; and an assignment of this land has also been received here.

Please be good enough to report at once in this matter. Your letter of the 27th September should certainly have given the name of the applicant; and your subsequent letter of the 5th December should have stated whether the application was the same one. Also please state why you located scrip on land already applied for to be purchased, and when the application was granted. In every case of submission of applications to purchase, the name must be given.

Dear Sir,

Your letter File No 591216 duly received re Lien registered on N½ N.W¼ 14-53-15 W 4th Alberta. The Government caused this lien to be registerd against this land, I think it is for the Government to have it removed and to notify me that it has been removed so that I can give the purchaser a clear title. I sold this land to Clifford Berg of Hatton North Dakota U.S. He has sold it to Mr Scrittenier of Vegreville Alta last March, as I understand Mr Scrittenier refused to pay in full for the land while this blot was on the title. One of these men may claim damages for the delay if so, I would expect the Government to settle claim as it was no fault of mine that the cloud was on the title. I think Mr McIntyre of Vegreville Land Company acts as agent for

Sir,

Re N.½ of N.W.¼ 14-53-15-W. 4th M.

I beg to inform you that the Manager of the Vegreville Land Company, Vegreville, Alberta, has filed here a declaration made by Thomas Johnston of Napanee, Ontario, in regard to a lien for $35.00, wrongfully registered against the above described land, and to say the records here show that this lien was given by one Thomas Johnson in connection with the N.E.¼ 28-58-24-W. 4th m., and should not, therefore, cloud the title to the first above described land.

The lienor in this case apparently is not the same person as the Thomas Johnston who executed the declaration in question.

You are, therefore, hereby authorised and requested to remove from the said the N.½ of N.W.¼ 14-53-15-W. 4th M., the lien in question for $35.00, registered against it in error.

A copy of this letter is being sent to the Manager of the Vegreville Land Company for his information.

Kindly advise me of the action you may take in this matter.

Dear Sir,-

RE - N½ of N.W.¼ 14-53-15 West 4th.

We are writing on behalf of the owner of the above land regarding a certain Seed Grain Lien which appears against the land and which he claims must have been placed there in error.

In order that the owner take proper steps to have same removed, we would ask that you give us the name of the person who obtained or executed the lien and at what date.

In the event of it being placed there in error, you will possibly require certain forms of declaration completed and we would be glad to have your advice as to this.

Yours truly,
VEGREVILLE LAND COMPANY.

Ottawa, June 15th 1913.

Reverend Sir,

I am directed to acknowledge the receipt of your letter of the 28th ultimo, and to say that the claim to scrip of Michael Tourangeau deceased son of Louis Tourangeau, was satisfied by the issue of scrip notes Nos. A-1089 and A-2596 for 160 and 80 acres respectively, in favour of Louis Tourangeau, sole heir, which scrip notes were located on the N.W.¼ of Section 22 and the N.½ of the N.W.¼ of Section 14, Township 53, Range 15 West of the 4th Meridian. Such lands were assigned by the said Louis Tourangeau, to Norman B.Peck of Edmonton, to whom patent was issued on the 29th May, 1901. The assignment in question, was witnessed by John Kiloskie of Edmonton, who made the usual affidavit as to its execution.

Your obedient servant,

Assistant Secretary.

Memorandum.

The Agent states that an appliation has been made by Mr. Atkinson Goodridge, of that place, to purchase the whole of Section 14, Township 53, Range 15, West of the 4th Meridian; but, as he (the Agent) is of the opinion that the application is not made in good faith, but merely with the intention of having the land held for the convenient application of Half-breed land scrip, he cannot recommend it.

The Agent expresses regret that applications such as this have to be referred to the Department, as it renders the land unavailable for homesteading while the matter is under consideration.

As, under our present practice, Dominion Lands are only sold to persons satisfying the Department that they are actual settlers residing in the vicinity, and that they require it for their own use, I beg to recommend that a circular letter be sent to all Agents informing them that, unless the applicants can satisfy them on these points, they need not refer such applications to the Department, but may simply decline to entertain them; and that, in cases where they are satisfied that the applicants are actual settlers and require the land for their own use, they should be instructed to report to that effect when forwarding the application here for approval.

Mr Atkinson Goodridge of this place has made application to purchase the whole of section 14 53 15 W 4 M . The land is vacant andavailable but the appl9cation cannot be recommended for the reason that in my opinion it is not made in good faith but merely with the intention to thus hold the land for the convenient application of Half Breed land scrip / to the possible prejudice of intending home - steaders .

I regret that applications such as the one now reported have to be referred to you , thus tieing up the land for at least the time occupied in the transmission of my letter and of your reply . A person desiring homestead entry and making application in the meanwhile would have to be refused .

Dear Sir:

RE: Albert Nilson.
Your Ref.-Albert Nelson.

I have your letter of the 9th instant to the effect that you are endeavouring to establish the age of the above mentioned man in support of his application for an old age pension, and in this connection mention the fact that he obtained a Scrip Certificate entitling him to a Half-Breed Scrip.

In reply I am to state that when completing the Form in support of his application for such Scrip on the 24th July, 1900, Albert Nilson stated that he was born on the 15th August, 1872, and that his father's name was Hans Nilson, and also that his father was a Norwegian and his mother an Indian.
