AXEMEN IN FRACAS, FORFEIT DAL GAMES

INVESTIGATION INTO INCIDENT

HALIFAX—(CUP — Dr. Watson Kirkconnell, President of Acadia University, announced last week that, due to a breach of Acadia U. discipline, all games in football and soccer were forfeited to Dal. Dr. Kirkconnell's announcement, relayed to the president of the Students' Council of Dal. by Dr. Kerr, means that there will be no Acadia pilgrimage for the first time in many years.

A query by The Brunswick C.U.P. editor brought the following reply from the Acadia Athenaeum: "No official announcement has been made. All we know is wild conjecture probably untrue. The matter is under investigation of the Student Disciplinary Committee, which does not publish findings. Revealing statement not likely."

PRESENT POSITION

The position as it stands at the moment is that the Dalhousie senior rugby Tigers are in first position in the Halifax City League, a position they will share with Acadia if the latter defeat Navy. Also affected by the forfeiture are a soccer game and the intermediate rugby game. This means that UNB will be playing Dal. for the Maritime soccer championship.

JUNIORS HOLD CLASS MEETING

Four students turned up for a Junior Class Meeting held recently. No meeting. Nuff sed.

Ed's note: A later meeting was called to find out if there are any Juniors at U.N.B. More complicated is the problem of what to do with the five year course students.

Tories To Hold First Poli-Debate

Auder Gerow, young Pro-Con campus leader announced recently that the Progressive Conservatives will hold the first Model Parliament on the campus under the jurisdiction of the Debating Society. Just what bill the Tories will sponsor has not yet been decided. As yet no speaker has been selected.

Poli-Clubs Are Dead Issue, States Gerow

"Campus political clubs are a dead issue," remarked Auder Gerow recently. Although the matter may be brought before a group of Conservatives, it is doubtful that the group will support any move to organize campus clubs.

Campus C.C.F. leaders have not as yet made any further move regarding this potential "hot potato." Meanwhile, it is certain that there are elements in the Young Liberals whose group will oppose any move in that direction.

It is apparent that the present attitude is to "let sleeping dogs die."

Editor Appeals For University Press

The Brunswick Editor-in-Chief Ralph Hay, will prepare a brief for presentation to the University Senate. Hay believes that with a small capital investment the University could purchase its own University Press. Such a press would not only prove invaluable in printing The Brunswick, Up The Hill, The Calendar, Alumni News, and other university publications but would also lower printing costs for posters, programmes, stationary, and other printing items.

A University press-shop would also be able to use a number of students who would be willing to learn the printing trade. Who knows? A course in journalism and printing might be the net result.

Juniors Sponsor Pep Rally

With Jim MacAdam in the chair the Junior Class held a very successful class meeting on Wednesday afternoon in the Forestry Building. It was unanimously decided to have a monster PEP Rally on Thursday night at College Field followed by a dance in the Memorial Hall so that the position of the English Rugby team in the N.B.—P.E.I. race would be cleared and as a result more students would purchase tickets for the Mt. A. Special. Terry Kelly, secretary of the class was elected chairman of the committees which were as follows: Banners, John Currie; Band, John Manson; P. A. System, Arnold Duke; Posters, Ted Spencer; Bonfire, Bob Coke; Dance, Dave Benson and Mary Lou Hay.

RADIO FANS TO VISIT C. B. A.

The third meeting of the U. N. B. Radio Club was held on Tuesday evening in the Forestry Building, with president Ken Creelman in the chair. Twenty members were on hand.

It was decided that a code practice set would be placed in the small lecture room of the Electrical building and would be available to all who wish to learn the code during their spare time.

Plans for the proposed visit to the C.B.A. short-wave station at Sackville on Saturday were finalized.

Films on Radio Navigation, Operation, Operation Musk-Ox, and a technicolor film of skiing in the Laurentians were enjoyed by all. Between the changing of films, president Creelman gave a short descriptive talk on C.B.A.

The date for the Radio Club dance was set for Friday evening, December 2nd, and committees for it were set up. Dave Flagg and Bob Kavanaugh will manage the canteen during the "do", so there should be plenty of refreshments. The decoration committee is in the able hands of Bob McLean.

The next meeting of the club will be held on November 15, and all who wish to join or attend are very welcome.

Lord Beaverbrook

... Empire Policy

BEAVERBROOK TO ADDRESS STUDENTS

S.R.C. Backs the Beaverbrook Party

A sequel to the unanimous accord with which the Beaverbrook reception proposal was met, was enacted at the meeting of the Students' Representative Council last Wednesday night. With the announcement by Jackie Webster that plans for the staging of the party were nearing completion, the Council moved to set in operation the machinery which would be required for its success.

A consideration of the most suitable plan for publicising the event resulted in the decision to contact the heads of all campus organizations and groups to enlist their support, and the possible staging of a mass rally to inform the student body of the proposed reception.

It was reported by Miss Webster that the evening would be taken up with a reception during which time there would be music supplied by Herbie Webber and Walter McGinn and light refreshments. There was also the possibility of some dancing, and the presentation of some of the numbers from last year's red and black revue by the original performers. In this connection, Sid Forbes was appointed chairman of the entertainment committee.

It was decided that the price of the tickets would be approximately one dollar, and that these should go on sale as soon as possible. In addition to this, the committee was voted the sum of \$100, to cover the cost of music, flowers and other incidentals with the reservation that none of it be spent for the purchase of alcoholic beverages.

The date of the proposed entertainment has not as yet been decided upon. The committee is presently awaiting communication from Lord Beaverbrook, in this respect.

A trend toward disorder during the student's Representative Council meetings which had been apparent for the last month culminated in a violent exchange of blows by two of the old guard Ralph Hay and Auder Gerow, at last Wednesday night's emergency session. The meeting had been called in connection with the coming party to

(continued on page three)

XMAS EXAMS DEBATE TOPIC

The abolition of Christmas examinations will be the subject of a debate tomorrow (Tuesday) night at a meeting of the Debating Society. Derek Wiggs and Julian Guntensperger will hold the affirmative of "Resolved, that Christmas examinations should be abolished". The negative will be argued by George 'Buzz' Kerr and Jacqueline Webster. The meeting will take place in the Geology lecture room on the main floor of the Forestry Building at 7.30 p.m. All students are invited to attend and hear both sides of the argument in this controversial question.

The meeting will also hear a report on the conference of the meeting of the Maritime Intercollegiate Debating League which was held at Dalhousie University last weekend. Bob Allan and Ron Stevenson were U.N.B.'s representatives at the meeting.

FLASH! FLASH!

Wolfville, N. S. CUP. The N. B. Intercollegiate teams have already played off for their Soccer Crown with U.N.B. defeating Mount Allison. The newly crowned champions will proceed into the Maritime Final with the winner of the Acadia-Dalhousie series. Acadia may defend their Nova Scotia championship next Saturday despite a one goal deficit due to the forfeiture of last Saturday.

This means that Acadia did not forfeit the series to the Tigers through their so called breach of discipline, but only one game, which means they are one goal behind entering the second game of the total goal series. U.N.B. will probably meet the winner in a home and home series beginning Saturday, November 12.

FILM SOCIETY PICTURE

On Wednesday evening the UNB film society presented Ivan the Terrible. This picture was produced in the Soviet Union in 1944 by Eisenstein, the Russian C. B. DeMille. A large appreciative audience attended. Although the action was slow, there was an excellent portrayal of character. In the near future the Film Society intends to present such pictures as "Beware Of Pity", "My Father's House" and "Dead of Night" starring such well known stars as Lilli Palmer Sir Cedric Hardwicke and many others.

SPONSORED BY BRUNSWICKAN

Lord Beaverbrook will address the student body in the near future. In an interview with him last week, members of the Brunswickan staff suggested that the student body would probably be interested in hearing an address from the Chancellor. Beaverbrook's reply was enthusiastic. As a result an address will be made to the student body by the British peer. The subject of his address will be the much-discussed Empire policy. It is hoped lectures will be cancelled for the occasion.

The U.N.B. Chancellor believes in political clubs. It was his opinion that the more controversy and discussion between the students on the subject of politics, the better. He thought political clubs were a healthy sign.

Privy Council Appeals

He feels that it is a shame that this link with England is being severed, while acknowledging that Canada has every right to do this if the people desire it. The following is a summary of his remarks on this question:

"I am sorry that the appeal is coming to an end. I think it is largely due to the way in which the Privy Council has carried out its cases. It ought to have been a travelling job, with the Privy Council sitting in the various Dominions. It should have been made up of representatives from the Dominions. The P. C. should have been democratized—if it had been and had been more effective, the crisis might not have arisen. Canada is not out of its swaddling clothes and should have the last appeal if they want it."

Saint John Law School

Lord Beaverbrook neatly avoided any direct answer to the question "Do you think the Saint John Law School should be moved to Fredericton?" His reply was to the effect if the students want it, play it up in The Brunswickan. "The Brunswickan should never miss an opportunity to print controversial issues. The Brunswickan is the expression of student opinion and if it is student opinion that the Law School should be moved up, then go to town on it."

MOUNTIES EDGE OUT HILLMEN BY TIE

On Saturday afternoon at Sackville a game and fighting U. N. B. rugby team lost a chance to win the N. B.—P.E.I. championship when Mount A. held the Red and Black squad to a thrilling 2-2 tie and gained the crown for the third time in four years.

Mt. A. started the game needing only a tie to clinch first place, but Varsity had to win by three points to do just that. A two-point lead would have deadlocked them with St. Dunstan's.

The contest opened at a furious pace, with Mt. A. pressing on the U. N. B. 25-yard line and they opened the scoring at the 10-minute mark when Johnny Hill used the crossfield win to perfection on a penalty kick and the score was 2-0. The Hillmen came right back and five minutes later the score was tied when Jim MacAdam placed

a 35-yard penalty kick between the posts. For the last 10 minutes of the half, U.N.B. controlled play in the Swampers' end, with the "hold that line" in brilliant fashion. The period ended 2-2.

The second half continued at the same fast pace, with the Red and Black again pressing, but they were driven back by the good kicking of the Mt. A. backfield. Using attack as the best method of defense, the Garnet and Gold spent the dying minutes of the game deep in Varsity territory.

Merrit and Hill, the respective hookers, waged an even battle in the hooking department. Thomson and Warner, picking quarters, received plenty of the ball and the line runs were numerous but were usually thwarted by the hard tackling of the forwards of both teams.

Vol. 69 FREDERICTON, N. B., NOVEMBER 7, 1949 No. 5

Face Facts, Frosh!

Upperclassmen took for granted that your class would engender the type of class spirit prevalent on the U.N.B. campus in the old days. However, your recent efforts have served only to enervate the whole student body. We are completely disappointed in you!

You have just elected a class president. We would venture to suggest that 95 per cent of your class are not aware of this fact. Your president, elected by acclamation, is John Bishop, a graduate of Fredericton High School. Fortunately, you selected an individual who is capable of administering your affairs properly. Unfortunately, your present rate of activity would suggest that you are not going to have anything to administer.

An acclamation is not a healthy state of affairs. Six of seven positions in your class are still vacant. Still to be selected are Class Vice-President, Class Secretary, and four S.R.C. Representatives. Of course, if you are not interested in electing your own class officers and accepting your S.R.C. responsibilities we are positive that the rest of the student body would still be able to function without you.

We've managed to do it in the past and we can do it again. If you are not willing to accept your responsibilities, then it is not fair to the rest of the student body for you to participate in and take advantage of all student functions. The S.R.C. spent \$600.00 for your benefit at the first of the year. Apparently, it was a poor investment.

Possibly, you may think that this editorial is too harsh for you. It is not. It is meant to exacerbate you into action. Unless you nominate a number of candidates for each class vacancy then you have forfeited your right to participate in class activities.

You can easily remedy the situation by handing in your written nominations to Syd Forbes for the various positions of your class NOW. As the youngest group of the younger generation represented on the campus you can show the upperclassmen what is meant by class spirit. If you do not accept this then you will become flocculent gophers. In short, Wake up and Smarten up!

The S. R. C.

Although it may not be general knowledge, there is a small indescribable and opinionated group of campus notables who, under the cover of night's blackness, assemble almost weekly in the Forestry Building for a usually glib interchange of discussion on sometimes vital but mostly inconsequential matters. Worthy of citation among the many peculiarities of this faction are their unruliness, a semblance of organization, the pre-eminence of certain of their number, and possibly the variety and inconstancy of types who are to be found there. In addition, there seems to have been some agreement

reached as to a commonly acceptable name, for that most used is "The Students Representatives Council," which is sometimes abbreviated to read S.R.C.

At first sight, one might assume that it was merely an informal gathering which had come about perhaps after the putting down of a minor insurrection, but closer observation reveals an absence of any such fired enthusiasm or eventual organization. For not only is there no attempt at proper procedure, but moreover, opinions expressed show no mutual purpose and are sometimes directed to an individual rather than to the group as a whole. Somewhat in the nature of a directive force is one bright young man who constantly reminds his discursive fellows of the subject under discussion, and by times requests a show of hands or an expression of opinion on various subjects, before the matter is dropped.

Another first impression is that favorable one which one retains after having assisted at one of these sessions. The almost staccato sequence of clever remarks and weighty opinions is enough to leave one breathless with admiration. However, this awe is quickly dispelled at the second session, and even made laughable at the third, for it becomes apparent that the opinions are merely repeated, in different order and sometimes under the guise of new phrasing.

One is amazed to learn that measures adopted as being practical or practicable by this loose assembly are sometimes absorbed into the code of regulations governing student activities at the University. It is indeed fortunate that such a group has become incorporated into our college scheme, for on consideration it becomes obvious that such a body is entirely essential. Perhaps with the introduction of some radical reform and regulated pruning of membership, the group might be converted into a useful and even indispensable part of our institution.

Retaliation

By MARY GOAN

I wonder how many of those who will read this story live in a small town, or maybe a village? There are so many of these small towns and villages making up our Canadian countryside, all the way from Devon, Marysville, Oromocto, Hampton—to the many scattered over the vast areas of the west and 'Upper Canada'.

A small town is a lovely place to live—that is if you can stand your social life to be discussed at every meeting of the Women's Institute; who the new visitor is at the Joneses; and where everyone knows how much Mrs. Smith paid for her new hat before Mr. Smith does. A small town is a place where everyone rushes out the minute the fire alarm rings—if they are lucky enough to have a fire truck; where they still have 'bees' for building and for making quilts. In a small town or village, the children don't have to worry which school they live nearest to, for they are all near enough to go to the same one. There they learn the 'three R's', and there the teacher has Friday night dances to raise money for the Junior Red Cross.

But what leads to a happier life than that of a small town—the skating on the village rink or by the bonfire on the river; the ball-games and arguments at the sandlot; the children playing in the multi-colored piles of autumn leaves; the early bursts on the surrounding hillsides.

But here I rather get off the path—but at least you have the background of this story—that of a boy and his childhood sweetheart, Betsy.

Let's call the boy Charles Murray Arthur. Well Charles Murray Arthur and Betsy were really devoted to each other; they were companions, for they both lived on the same big farm just beyond the white church on the hill. But Charles Murray Arthur grew up and went away to boarding school. Finally he reached that awful stage where his parents decided he should go to college—and strangely enough he went to U.N.B.

By now Betsy had blossomed into the full beauty of early womanhood. Her eyes were brown and dreamy; she had beautiful honey blonde hair, and her shapely ankles were a joy to behold. But Betsy's heart was heavy, her beloved Charles Murray Arthur was being untrue to her. While she remained at home—patiently waiting him

to return each day from classes—Charles Murray Arthur was going astray. Yes, Charles Murray Arthur had fallen, and saddest of all to Betsy, he had fallen into the clutches of one of those females who never let go—a Co-ed. But still Charles Murray Arthur was kind and considerate to Betsy. He still called at her house every evening, giving her his loving attention. Alas! Betsy sensed it was a divided attention. Would he forsake her—a smalltown girl for a COED who studied about prehistoric man and the nature of the atom? Time would tell?

Time did tell—and Betsy knew that she was losing the battle, for one Sunday, Charles Murray Arthur brought the Co-ed over to meet his folks. When he dropped in that evening before supper, Betsy knew that his mind was not on her—he was humming a little tune and was very absent-minded; he did not stay long, but said good-night in his usual way.

Not long after, word got around that Charles Murray Arthur and his folks were going to sell the farm and move. Betsy felt that her world had come to an end—now she and Charles Murray Arthur would not even see each other as often as they did in the old days. The day of the sale finally came around there were a large number of people present; it was a fine autumn day, and the high old house stood on the hill with the gay splashes of colored maples on the slopes beyond. Some of the fellows from U.N.B. stopped at the sale, and among them was Charles Murray Arthur's new friend—the CO-ED. Let's call her 'Queenie' (there's no one up here called Queenie is there?)

Of course now, Queenie knew a number of Charles Murray Arthur's friends, and as they all stood talking, someone rather carelessly mentioned Betsy. At this Queenie promptly spoke up, wanting to meet her, since she was an old flame of Charles Murray Arthur's.

Poor Charles Murray Arthur, he had hoped to spare Betsy this one more blow, for only last evening she had told him how much she was going to miss him. However, Queenie insisted on meeting her and the introductions were finally made. Queenie acknowledged them gracefully enough, but poor Betsy was speechless. You see, Betsy was a Jersey Cow.

TED BEDARD, popular left-wing and captain of last year's Varsity hockey team will be seen in the livery of the Fredericton Capitals

this season. Ted, who hails from North Bay is instructing at the Forest Fanger School.

LAW SCHOOL NEWS & VIEWS

When this appears in The Brunswickan the big Law School Ball will be a thought in the past but be a reality a few days hence. Plans have been arranged to have plenty of refreshments (Oscar wants to know what kind before he buys his ticket—) and speaking of tickets Ted Gilbert has his hands full trying to convince everyone they should sell at least two each. We suggest he gets together the faculty and offer marks as bonus prizes. We have had it from a fairly reliable source that the Fall Formal has been postponed till a later date. If this is so we hope to see lots of our friends from the hillsides at our own Ball.

Last week, Eric Young and Ervina O'Brine attended the debating conference in Halifax where the schedule of debates for the coming year was drawn up. The Law School will participate in one before Christmas and two after. The competition on the slate consists of St. Thomas, St. Dunstan, and King's. Already debating plans at the Law School are crystallizing and from the look of things it should be a successful year. Two worthy additions from last year's successful team up the Hill are Ed Fanjoy and Hal Stafford.

NEWS IN BRIEF

(By the Man with an Imagination) A possibility that a Royal Commission may be set up by local broadcasting interests is foreseen due to the appearance on the campus of an ingenious P.A. system, set up unofficially by one of the Residence members.

If an employment slump hits Canada, one of the first projects planned by the Provincial Government is the painting of Bobbie Burns, a well-known figure in the capital city.

A rumour that a rival newspaper is to be set up on the campus seems to have been taken rather seriously, as The Brunswickan Managing Board hired (acquired to S.R.C. Treasurer) the services of several prominent pre-law students to handle the case, should the threat of competition become a reality.

U.N.B. is one of the only colleges in Canada with a "Band" but no drum majorette. No one has the white boots.

The "Greatest Burlesque in Eastern Canada" (Red 'n' Black Revue), has obtained the services of an anonymous Miss who has promised to put on a strip-tease act. Jerry Bell seems to be delighted with the enthusiasm the cast showed when this was mentioned at the rehearsal held over the week-end.

The story that Foresters have been attending Prof. Cattley's Classics and Latin lectures seems to have some basis for truth. Although the men in question have not been identified, there is good reason to suppose that sooner or later they will be found out when they have to write essays in Latin—something in which only ARTS students excel.

Bud Abbott has volunteered to give tutoring in the use of the transit if a large number of students so desire.

Midst cheers and applause, Miss Whimpster met her French class for the first time last week, after a recent illness which forced her to drop lecturing temporarily.

The UNB trip to the Marshes went off with a bang, and the team got the student support which everyone has been crying for but forgot to give previously.

They say that we're getting Mounties for the Fall Formal because they look so cute. (Editor's note: Mounties — no relation to Marsh rats).

No incidents of rioting or undue alarms ushered from the Girls' Residence on Halloween night, but daring plans afoot went haywire when the word got around to the boys that a blockade had been set up in anticipation of "marauders."

Debaters Debate Privy Council

The second meeting of the debating Society was held yesterday last, under chairmanship of Brian Guntensberger. The resolution: "That appeal to the Privy Council from the Court of Canada should be abolished," went off as scheduled. The Society was honored with the presence of Dr. Trueman with the conclusion of the debate very welcome critical analysis of each of the new debaters.

It was decided that on November 8, two old and new members will contest. "That the Christmas exam be abolished," will be the topic. Those interested in the Society cordially invited to the lecture room at the above address.

Further discussion centering around the admittance of Teachers' students into the forthcoming Parliament sessions. Discussion was left to the members chosen for this matter, or not these students through a "screen-test" their abilities in the field. It was suggested that teachers are only seeking to the Model Parliament. Mr. Hay in the "number who attend Parliament from Teachers' be limited to five. After debate, Mr. Guntensberger amendment to continue motion: "and that candidates would choose to not more than three parties in the party in power, more than one in each of the parties in opposition."

The Varsity Singers will perform at the Memorial Hall at 8:15 Tuesday, November 8. Those who are interested and want to come to a meeting to come at 8:15. Women are especially needed, on, Girls!

Debaters Debate Privy Council

The second meeting of the Debating Society was held on Tuesday last, under chairmanship of Julian Guntensberger. The debate, resolved: "That appeals to the Privy Council from the Supreme Court of Canada should be abolished," went off as scheduled. The Society was honored with the presence of Dr. Trueman who, at the conclusion of the debate, gave a very welcome critical analysis of each of the new debaters participating.

It was decided that on Tuesday, November 8, two old and two new members will contest. Resolved: "That the Christmas exams should be abolished," will be the subject. Those interested in the subject are cordially invited to the geology lecture room at the above stated time.

Further discussion centred around the admittance of Teachers' College students into the forthcoming Model Parliament sessions. The decision was left to the committee chosen for this matter, of whether or not these students will go through a "screen-test" to prove their abilities in the field of politics. It was suggested that these teachers are only seeking admittance to the Model Parliament to learn politics. Mr. Hay moved that the number who attend the Model Parliament from Teachers' College be limited to five. After much debate, Mr. Guntensberger moved an amendment to continue Mr. Hay's motion: "and that campus party leaders would choose these five, not more than three participating in the party in power, and not more than one in each of the parties in opposition."

The Varsity Singers will meet at the Memorial Hall at 8:30 on Tuesday, November 8. All those who are interested and have not yet been to a meeting are asked to come at 8:15. Women's voices are especially needed, so come on, Girls!

Chemistry Society Hears Parks

At the Tuesday evening meeting of the Chemistry Society, October 25, the very interesting report given by Prof. R. Park, a new member of the Chemistry Department. He explained that his development of the topic, "The Reaction of Aromatic Amines with 1-nitroso-2-nitraminodelta imadoline," was the result of the work which he did in connection with his M.Sc. Thesis at Queen's University. The members present all agreed over their tea-cups that Mr. Park was to be congratulated on his excellent presentation of this rather complicated study.

Limerick Speaks to Pre-Lawyers

Arthur McF. Limerick, Secretary Treasurer of the New Brunswick Barristers' Society, spoke Thursday evening, October 27, to the Pre-Law Society. His address began with an interesting and informative history of law in general. Mr. Limerick then gave his audience an insight into the legal profession as it exists in New Brunswick at the present time.

During the business meeting the Constitution was approved and recommended for submittal to the S.R.C. for ratification.

A new team has entered the intramural basketball league. It is called the Sophomore Foresters.

The Varsity swim team has been holding workouts on Monday, Wednesday and Friday from 4:30 till 6 p.m.

We apologise for a mis-print in the Forestry edition. The score between the Junior Kigmites and the Senior Foresters was 73-4 and not 13-4 as published.

United Nations Group Forseen

Supporters of the establishment of a model United Nations organization on the campus may shortly approach the S.R.C. for their approval. Similar to the present Model Parliament, the United Nations Group would discuss questions concerning international issues.

MONEY - ROOT OF ALL EVIL

By CHRIS DOUGLASS

I have come to the conclusion, as millions before me, that money is the root of all evil. The average person would probably cross the street to avoid meeting their grandfather (possibly on relief), padding along in his bedroom slippers. However, if this grandfather happened to be rich, the bedroom slippers on the street would be dubbed as a lovable little eccentricity. The reason for this is that this grandparent would undoubtedly leave the said grandchild in the position of never having to budget. A roundabout way of saying that the S.R.C. has my sympathy.

All people other than the rich can be divided in two groups—the budgeters and the would-be budgeters. This last group can be subdivided into two groups—the Misers, whom nobody loves, and those who have given up in disgust.

This last group, hereinafter called Disgusted, leads a sad life under the shadow of "the last day of discount," and "Days of Grace,"—better termed "Period of Strain."

Also our Disgusteds are occasionally completely bewildered by finding themselves in the disgraceful position of "Being Overdrawn." My conclusion, therefore, is that each state is hated by the other two. Everyone hates the rich because they don't have to budget, the budgeters are hated for their orderly minds; no one loves a Miser (previously observed and, of course, the Disgusteds are scorned by everyone, including themselves. I shall go even farther and suggest a remedy for this sad state of affairs. I suggest that the government be persuaded to take, say 80 or 85 per cent (it's nice to deal in round figures) of our earnings, and pay all our bills, taxes, food, coal, electricity, etc. This leaves us with about 20 per cent. Little Luxuries that the government does not provide.

The rich man wouldn't be so happy, but he's the minority. The miser could take advantage of the commodities provided and his health would improve. Also he spend spend his spare time writing to the government demanding a one per cent rebate, or something. The Disgusteds would have no more worries and the successful budgeters would have more time in which to pitch horseshoeg or Read Good Books. The milkman wouldn't have to stand around waiting for change, hence finish his route in one-quarter the time, thus lowering our taxes and giving us more money for our Little Luxuries. And picture the happy mailman bearing nothing but gay Billet-Deux and Notices of the Next Meeting. Now, I'm not a socialist but just a poor student trying my best to better the sad state of affairs caused by Money—the root of all Evil.

P.S.—Any resemblance between this article and treaties of planned economy is purely co-incidental.

Beware of Co-ed's Boys! The Truth Comes Out!

TORONTO (CUP)—In a highly confidential interview with Miss Susie Clue, recently the truth about co-ed's at college was finally revealed. After prolonged questioning by your Varsity reporter, Miss Clue, a U. of T. freshee, said: "Yes, I think it's quite obvious too and should be admitted by university women that college is primarily an institution existing for the purpose of catching a man." This amazing statement of Miss Clue casts an entirely new light on... And so the story goes, from crisis to scoop to flash, ad infinitum.

ACADIA UNIV. REVISES SYSTEM

WOLFVILLE (CUP)—Mid-year examinations have been eliminated at Acadia University in a sweeping move by the Administration which changes practically the whole structure of examination regulations. Finals in May will see students writing papers on the full year's work of continuing courses. Half-year course finals will be written after Christmas during a brief period coinciding with that of the previous set-up.

The new regulations call for a one-hour class test which will in part take the place of the old mid-year exam. Official statements emphasized, however, that the tests would not enable students to receive credit for the section of the course completed. Credit for the full course would be given on its completion in the spring.

The Administration Committee has not yet reached a decision as to whether the hour test will be given before or after the Christmas holidays. Definite word on the matter is expected to be released in the near future.

President Kirkconnell stated that several schemes along this line had been attempted at other institutions and as yet none, including Acadia, has been able to achieve a perfect set-up. One of the chief obstacles the Administration has to face is that concerning dismissal of students at Mid-years. The new regulations would allow no definite basis for such action.

The shortened exam period after Christmas will enable students to register earlier for second term courses and will also bring Convocation at an earlier date than last year.

E.B.C. - Acadia Hook-up To Cover Larger Field

WOLFVILLE (CUP)—The Evangeline Broadcasting Company, through its Acadia University hook-ups will this year be giving to the public a more extensive program of college activities than ever before. Although complete details have not as yet been drawn up, it is estimated that four phases of college activities will be presented over the air.

Since E.B.C. has a permanent wiring installation in University Hall, all broadcasts can be made directly from the campus. The tentative plans for the year would include only programs of general interest and appeal. This term it is expected that four assembly programs will be broadcast.

S.R.C. BACKS

be staged for the University's chancellor, the right Honourable Lord Beaverbrook by the Student body.

When the Council had voted a sum to the committee to cover operating expenses, Mr. Hay questioned the motion. He disliked the free rein given those who would handle the expenditure, and asked that the body stipulate that none of the money be used for the purchase of alcoholic beverages. Mr. Hay had apparently secured the support of the house with a heated temperance oration, including that of Mr. Gerow, when suddenly the fracas broke out, apparently ignited by some unofficial discussion taking place when Hay had resumed his seat beside Gerow.

The violence was quickly dispensed at a stern call for order from Council president Rod MacLeod, whose repeated efforts to control the gathering had been commendable but ineffective. This final rebuke had the desired affect, and the remaining minutes of the meeting saw business conducted in a business-like and orderly fashion.

## Navy Scuttles Red Bombers 38-0

By BILL DONALDSON

The best football game of the season was witnessed Saturday afternoon at College Field when the H.M.C.S. Sheerwater, playing superb football, blanked the U.N.B. squad 38-0.

The score of the game was not however indicative of the play as the spectators saw a very exciting and well played game.

The Navy team showed the result of hard practice and good coaching. It must be remembered that the Sheerwater team has the required support to build a strong team and also has a larger complement of men from which it may obtain players.

Navy started to roll when Miller fumbled a kick and Thomas of the Sheerwater squad recovered the ball in U.N.B. territory. The next play saw Brown, Navy halfback, plunge over the left side of the line for a touchdown. Brown's attempted convert of his own major failed and Navy led 5-0.

U. N. B. elected to receive the kick and it looked as though the Red Bombers were going to even up the score. Buchan plunged for a first down, but the Navy team held on the next two plays. MacGregor's kick on a third down was fumbled by the Navy backfield and Gerry Boulton was in quickly to recover for Red Bombers on the Navy 44-yard line.

The first quarter ended without

the Red Bombers managing to penetrate Navy's front wall.

The second quarter was the signal for Scanlon, Sheerwater's triple threat man, to start driving. On a third down with about 3 yards to go, Scanlon tore around the left end for the Halifax team's second touchdown. The attempted convert failed; score 10-0.

Perhaps if the Red Bombers team had started an aerial attack at this point the result of the game would have been different, but they decided to buck the line repeatedly for very little gain and often a loss of yards.

Two quick T.D.'s by Mills and Hullah and two successful converts by Brown put the score at Navy 22.

(Continued on page 8)

## BUNION FINISHED!

Damon Bunion has quit! Giving his only reason as "studies," Damon Bunion has resigned. No longer will his humorous column adorn The Brunswickan pages.

The Brunswickan accuses Bunion (Fred Butland) of sheer laziness. Not only has he disappointed the Sports Staff, the Editor-in-Chief, and The Brunswickan, but he has let down the whole student body.

(DAMON BUNION)  
FRED BUTLAND

... Laziness.

### MOUNTIES EDGE

(Continued from page 1)

The Red and Black scrum showed a marked improvement over the displays witnessed at Fredericton. Hanusiak, Lawyer and Eldridge were particularly outstanding in this department. MacAdam's short punt and Church's end runs were used to advantage in the backfield, and Shepard's play at fullback left nothing to be desired. There were few loopholes in the Mt. A. defense which led to a very evenly contested game.

So goes another football season without a championship team but, judging by Saturday's display, one is not far off. To Coach Bob McLaughlin must go the sincerest congratulations (an injury-riddled team with capable substitutes and leading the squad from what seemed utter defeat), for turning out a young squad which has the makings of a winner next year. Although veterans such as Church, Keleher, Lawyer and Eldridge will have graduated, first year men of

the calibre of Thomson, Merritt, Pinder, Glass, Dohoney and Craig are insurance for the future.

### Intramural Volleyball League Formed

An Intramural Volleyball league will be organized at a meeting in the Trophy Room of the Lady Beaverbrook Gymnasium on Wednesday November 9 at 7 p.m.

All groups wishing to enter are asked to register at the Physical Education office immediately and have representative at above mentioned Meeting. Six man teams will play but all groups must have at least 8 men on their Rosters.

Teams already entered are:  
Senior Civils — Bernie Biddiscombe.

Outlaws — Boyd Hudson.  
Faculty — P. C. Kelly.

The human body is remarkably sensitive. Pat a man on the back and his head swells . . .

**OUR CRYSTAL BALL**

Your prophets foretold in previous editions that a Mt. A. soccer defeat was assured. The Mount Allison Argosy doubted our word and even retaliated—"A 'do' would look pretty nice from here, especially since The Brunswickan reported in a headline story awhile ago 'Mount A. defeat assured' in that sport." The truth is there and the XI deserve a great deal of credit for their fine showing. The N. B. champions were slated to play the winners of the Acadia-Dalhousie series which was "won" by Dalhousie when Acadia forfeited the series. It has been rumored that the hard-rock Baptists from Wolfville went beserk on reaching a metropolis of over 10,000 citizens. Their president called it "a breach of discipline." U. N. B.'s stately students conduct themselves in a more dignified manner as anybody who has made the Mount A. pilgrimage can testify. Let's keep it that way.

**A MINOR MIRACLE**

While the Hillmen were defeating the Mudhens in their own Everglades, the rugby team performed a "miracle"—Mt. A. Argosy again—on the Island when it tied St. Dunstan's. The boys from the land of the Red Mud have a great team and it broke their hearts to have victory snatched from their hands in the dying minutes of the game when Jock Glass went over for a try. The U.N.B. scrum showed vast improvement and as it was in this department that they were weak against Mount A., it seems certain that when this edition comes off the press, another victory will be assured for the Red and Black.

**STIRRING UP INTEREST**

Although the Dalhousie-Red Bombers football game was cancelled a couple of weeks ago, Windy O'Neill is trying to stir up interest on the Dalhousie campus to have the contest played. The Sports columnist says: "No one seems to know what has become of the trip to play the University of New Brunswick. This game should be played this season at all costs, if we expect to get a Maritime college league in operation. If the snores emanating from the D.A.A.C. office are any indication, there will be no trip made and no effort made to effect it." The Sheerwater game should show the relative strength of the Hillmen and the Tigers, and give an indication of the possibility of forming a Maritime League that would also embrace Saint Thomas and Saint Joseph's. The latter team has been going great guns in the Moncton league, administering a humiliating defeat on the Trojans last week. U. N. B.'s meeting with this squad should provide interesting entertainment on November 11.

**PAUL AIRD**

Paul Aird, a member of last year's Maritime Track Champions, who left here to go to MacDonald Agricultural College this year, made sport headlines at McGill when he won the intermediate pole vault championship with a leap of 10'3". Paul made a brilliant recovery from a broken ankle which he received while competing for U. N. B. He was told he might never jump again, but evidently he didn't believe it.

**ANOTHER CHAMPIONSHIP TEAM**

It looks like another championship team for the Hilltop campus. If quality, experience, good coaching plus eight prospective goalies has anything to do with it, then our crystal ball is clear. We have always turned out good hockey squads and the formation of the tri-team league compose of the Dairy Kings, and Saint John Carleton York, should produce a high calibre of hockey locally.

**OBSERVATIONS OF A REPORTER**

Say, who is dis guy Angus O'Reilly? Are we gonna let him get away wit dis? He looks around for changes that are obviously about to take place, and then advocates them. When accomplished no doubt he pats himself on the back and sez: "Aint I wonderful?" However, its me poisonal contention that he's more to be pitied than censured, for these are the works of a thoited poisonality. What's more he's using valuable space that could be better employed with poems or something, for slams against other columnists.

**A Canadian at a Rugby Game**

Cy Lewis in the McGill Daily

There have been many jokes told about Englishmen witnessing their first Canadian football or baseball game. They are poking fun at the old school tie, rugger, soccer, and other typically British sports. We Canadians and Americans are wont to consider these games as slightly sissified when put next to our rugged type of football and hockey.

We have often heard many of our British friends decry the Canadian game of football saying that it is a soft game. Naturally we brushed this off with a flippancy "Show me something better." Last Saturday we were finally shown. It was this observer's privilege to witness the McGill Rugger Team when they played and defeated MacDonald.

Rugger is the parent game of football as we know it. The original McGill team that introduced football to this continent, played the game that we now call rugger. Since those early days the game has been refined. The number of participants has been cut down, a system of downs interposed, the shape of the ball changed, and the scoring revised.

What we know today as the line of scrimmage was developed from the scrum in rugger. A rugger scrum finds a group of players, in number lined up in the form of a pyramid, three in the first line, two in the second and then finally the last man or top of the pyramid. These men pack low, as they say in the game, and the front rank make contact with the front rank of the opposition.

The ball is thrown into the middle of this mass of players, and each side then attempts to heave the ball out to its halves who in turn pick it up and try to move across the goal. To see the scrum in action is a sight wondrous to behold. A group of ten men closely "packed" together milling about in a mass of feet and legs all trying to kick that ball out to the backs.

When the ball is finally heeled out, the backs take over and try to carry it across the opposing goal. There is no such thing as downs in the game. The ball is in play at all times unless there is an infraction of the rules or it is put out of bounds.

There is no forward passing. The ball usually comes out to the back nearest the scrum. He runs forward some distance to draw off the tacklers and then turns and throws a lateral to the number two back who is running several yards behind him. This lateral passing play is carried on from one back to another all the way down the field. It is one of the most beautiful of plays when properly executed, and there is nothing like it in either the American or Canadian game.

However, the most outstanding thing about a rugger game is the players themselves. There are fifteen to a side. No substitutions are allowed. If a player is hurt they carry him off and play one short or two short, depending upon how many are hurt. It is not uncommon for teams to finish playing a game with only twelve or thirteen a side.

Standing around the dressing room before the game we were most surprised to see the various members of the squad as they attired themselves in a sweater, shirt, wool knee socks, and cleated boots. Armed with all this equipment they went forth to do battle. The tackling in this game is just as vicious and the ground just as hard as in the Canadian. Yet the men are almost naked compared to Canadian players. It is no wonder then, that the Britishers look down their noses at our "rugged" game of football.

ON NOVEMBER 11 THE U.N.B. RED BOMBERS WILL MEET THE POWERFUL SAINT JOSEPH'S UNIVERSITY SQUAD. BOTH TEAMS BOAST WINS OVER THE MONCTON TROJANS.

**HILLMEN SPLIT 3-3 WITH SAINTS**

Under clear autumn skies, the U. N. B. and St. Dunstan's battled to a 3-all tie in what was one of the best contested games witnessed on the Island in recent years. Both teams were pressing from the opening whistle, but it was evident that the tricky backfield work of the Islanders had the Red and Black baffled. Murphy of St. Dunstan's scored the first try of the game when he streaked to the corner on an end run. Michael Hennessey missed the convert from a difficult angle but the three points looked very large as the play sawed from one end to the other. The forwards of both teams were particularly outstanding as they followed up the booming kicks and their work was generally very effective. The U.N.B. scrum was a fighting unit which showed much improvement over their previous exhibition.

Time after time, 500-odd spectators were brought to their feet as it appeared that the Red and White would score, but each time U.N.B. halted them in their tracks.

On one occasion, Wee Willie MacDonald, bruising loose-forward of the Saints, charged the Varsity goal line only to have the ball jarred from his grasp by a bruising tackle by Ross Shepherd. Jack Thompson, U.N.B. halfback, fell on the ball for a touchdown as the crisis passed. On another occasion the St. Dunstan halfback, McRay, crossed the goal line only to place it on George Jardine's knee instead of the ground. This particular play added fuel to the fire as tension increased. Later on U.N.B. kicked to the opponents' one-yard line, only to have Hennessey boot it out of danger.

As the game wore on things looked dark for the Red and Black as the fighting Irish kept the ball (continued on page eight)

# SOCCER SQUAD WINS NEW BRUNSWICK CROWN

Saturday, Oct. 29, U.N.B. soccer squad snatched the provincial intercollegiate crown from Mount A., 1948-49 Maritime champions, by virtue of a sparkling 1-0 victory in the Allisonians' own backyard. Going into the final tilt of the two-game total goal series tied at three goals apiece as a result of a 3-3 deadlock played here two weeks ago, the two teams dished up a solid, hard bumping 88 minutes of soccer. This win enabled the Red and Black to take the series by a narrow 4-3 margin.

From the opening whistle U.N.B. surged to the attack and almost completely controlled play throughout the first quarter. At the 12-minute mark of play the goal which proved to be the winner was scored on a smart combination play. The ball was carried up through centre and was passed out to Pete Mitchum, right outside, who placed a pass in front of the Mt. A. goal, where Stig Harver, left outside, booted the winning marker past Marshall.

In the second quarter Mount A. fought back and several times came close to deadlocking the game and series, but could not puncture the Hillmen's defense.

The second half was almost an exact replica of the initial session,

with U.N.B. taking the offensive in the third quarter and the Garnet and Gold coming back strong in the final quarter. It was in the third period that the Red and Black were given several bad moments when the Mounties had four corner kicks in the space of about three minutes. Mt. A. had the better of the play in the final stanza, but when the whistle sounded to end the game, the boys from Up the Hill were pressing an attack.

Mt. A. worked well as a team, both defensively and on the attack and were always a threat with their powerful kicking ability.

The U.N.B. forwards were dangerous at all times and played a heads-up game. The defense was outstanding, with Fairbairn and Mosher showing up particularly well.

The new provincial intercollegiate champions will now go on to the Maritime finals against either Dalhousie or Acadia in a two-game total goal series.

The line-ups:

U.N.B. — Goal, Boby; fullbacks, Harriot, Fairbairn; halfbacks, Mosher, Spurway, Scott; forwards, Mitchum, Geneau, Kelly, Osborne, Harver. Subs: Reid, Hassell, Donachie, Simpson, Ganong.

Mt. A. — Goal, Marshall; fullbacks,

## Red Bombers Trim St. Thomas 11-3

By BILL DONALDSON

U.N.B. Red Bombers chalked up their second straight win at College Field Saturday afternoon last, when they defeated St. Thomas by the score of 11 to 3.

The game, while not as spectacular as the Moncton game, showed that U.N.B. has improved greatly since they lost to St. Thomas in Chatham.

U.N.B. kicked off to start the game, with Bud Ballance booting the ball to O'Brien of St. Thomas. St. Thomas were not able to get rolling and U.N.B. took possession of the ball in their own territory. Don McPhail in the quarterback slot for U.N.B., called for a ground attack and the Red Bombers began to move the yardsticks. At about the eight-minute mark of the first

Taheralie, Madeiros; halfbacks, Critchley, Taylor, Robinson; forwards, Watson, Eastman, Coltas, Roach, Rajack. Subs: King, McKiel.

quarter Bob "Schutz" Miller corked another of his brilliant runs from an extension play and picked up 50 yards to put the ball well into St. Thomas territory. A plunge through the left side of the line was good for another first down with a touchdown to go. A quarterback sneak on the next play by Don McPhail was good for a major score. Don McGregor came in to boot the convert and Red Bombers led 6-0 at the end of the first quarter.

Red Bombers were still driving in the second quarter and did not give St. Thomas much opportunity to handle the ball. The team worked well in this quarter and every play seemed to click so that U.N.B. were soon pressing for another touchdown. Then St. Thomas showed their strength to halt the Bombers' drive. St. Thomas, however, did not get out of their own territory as Gerry Tessier broke through to intercept a St. Thomas lateral and U.N.B. were again in possession in the Saints' zone. Don (Battler) MacGregor plunged to within a yard of a touchdown and then he was forced to leave the game or lose his pants. On the next play Joe (Choo-Choo) Bird ripped through a well opened enemy line for U.N.B.'s second touchdown. MacGregor returned for the attempted convert which was unsuccessful.

The second half lacked the excitement of the opening stanza and St. Thomas pressed the Bombers' squad more closely. The running and passing of O'Brien and Barry of the Saints was outstanding and Nault showed the fans some very tricky receiving. The squad from Chatham were superior in their passing attack but did not have a strong line.

Special mention should be made here of the outstanding defensive play of Bud Mackley, who playing at centre, repeatedly halted the St. Thomas squad with hard tackles. Wally Bricout should also receive mention for his play, both on the offensive and defensive.

A beautifully kicked field goal by Barry of St. Thomas gave the Chatham college their only three points of the game. Barry, who played an outstanding game, booted the ball from an angle and a distance of about 35 yards.

Tempers were frayed in the second half as St. Thomas were striving to overtake U.N.B. Snodgrass of the Saints and MacGregor of U.N.B. were banished in the last quarter for mixing it up, but the excitement died down as Joe Bird demonstrated how football should be played with clean drives through the line and several admonitions to the players to play football.

A good crowd were on hand for the game and the weather was ideal. This week's game with the Halifax Navy team should be more thrilling than has been seen here to date, so let's see a large crowd at the field. The players have showed their worth, so let's give them plenty of support in the future.

## Varsity Hockey Workouts Begin

By BERNARD GANONG

Training sessions for aspiring hockeyists began last week at College Field and the Lady Beaverbrook gymnasium under direction of Coach Pete Kelly. Regular workouts which are tentative began at York Arena last week. Indications from the number turning out are that a strong Varsity team will again be iced. However it is early yet to predict how this year's edition of the Red and Black will compare with last year's N.B.P.E.I. championship squad.

With artificial ice available for the first time in this district, and with Christmas exams a thing of the past, the time available for practice will be considerably increased. This should result in a raising of standards of play.

The new Southern League recently formed includes U.N.B., Fredericton, and Saint John, the latter to play all their games at the York Arena. A series of games for the Varsity team will be arranged before Christmas, with the first of these probably beginning the middle of this month.

It is of prime importance that the team be entered in a league, because with the N.B.P.E.I. intercollegiate schedule providing only six games, it is obvious that a team with only six games under its belt would not get far in competition for the Maritime title.

A junior team will again be formed this year if some support is forthcoming from the S.R.C.

Missing from this year's line-up, because of graduation and various other reasons, will be the familiar faces of Ted Bedard, Tom Bjerkeliund, Art Ingersoll, Chalky Williams, Pete Sewell, Cy Spear and Dave Moir. John Wagar, from last year's team, will be available for intermediate play as will Jim MacDonald, the former St. F.X. star.

Expected to step in to fill up the vacant spots are members of last year's junior team: Skippy Anglin, Frank Prime, the Bliss brothers—Bob and Tim, Walter Dohoney, E.V. Boyle, Ron Ketch and Jim McAdam. Another newcomer is Bill Malone, who played for St. Thomas last year.

Stars from last year's outfit who will be back are: Capt. Geo. Steale, Jim Pike, Jerry Gaudet, Tom Balandyne, Punchy Walker, Ralph Donkin, Ross Northrup, Tom Whittingham and George Kennedy. Dick Snow who is recovering from a fractured wrist, is also expected back.

## City Hockey Scouts Begin

BERNARD GANONG

Sessions for aspiring players began last week at Colborne and the Lady Beavermannasium under direction of Pete Kelly. Regular work is tentative began at a last week. Indications number turning out are strong Varsity team will be formed. However it is early to predict how this year's edition of Red and Black will compare with last year's N.B.P.E.I. hockey squad.

Artificial ice available for time in this district, and the time available for the time available for will be considerably in excess of this should result in a high standard of play.

Southern League recent includes U.N.B., Fredericton, and John, the latter to their games at the York series of games for the team will be arranged between the first of the month.

importance that entered in a league, with the N.B.P.E.I. interschedule providing only six games under would not get far in the Maritime title.

Team will again be formed if some support is given from the S.R.C.

From this year's line-up, graduation and various teams, will be the familiar Bedard, Tom Bjerk, Ingersoll, Chalky Wil, Sewell, Cy Spear and John Wagar, from last year, will be available for play as will Jim Macdonald, former St. F.X. star.

to step in to fill up the team are members of last year's team: Skippy Anglin, the Bliss brothers—Walter, Dohane, E. Ketch and Jim McAdams. Newcomer is Bill Macdonald, former St. Thomas

last year's outfit who are: Capt. Geo. Steale, Terry Gaudet, Tom Balchunsky Walker, Ralph Northrup, Tom White, George Kennedy. Dick is recovering from a wrist, is also expected

## United Nations Day

While in New York City, on Manhattan's East Side, United States President Harry S. Truman headed the list of speakers to commemorate United Nations' Day, the students of this University were addressed by Dr. F. E. MacDiarmid. Dr. MacDiarmid, Superintendent of Education for New Brunswick, brought home to us the importance of this day and how, four years ago to date (October 24,

1946), the member nations of this great world organization assembled at San Francisco to plan for future world peace and prosperity.

In New York, on Monday, Oct. 24, 1949, the cornerstone was laid for the new United Nations building, which reaches to the sky with such a challenge for its members to fulfill. Canada's External Affairs Minister, Hon. L. B. Pearson, stated that "U.N. is the cornerstone of Canada's foreign policy, and of our hopes for a peaceful world." This sentiment was echoed throughout the world in various forms, and

the student body heard such a thought expressed by Dr. MacDiarmid here at the Memorial Hall last Monday morning.

President Truman introduced the speaker before a large audience. Lectures had been cancelled so that the student body might hear Dr. MacDiarmid's timely commentary on the achievements of the United Nations and the future they are building. Dr. MacDiarmid gave a brief history of the U.N., and outlined the work done by UNRRA and various other branches of this world body to date.

Surely, we, as citizens of this great Dominion and the world will not forget the importance to us of

## Discounts To Students Sought By Nifcus

WOLFVILLE (CUP) — A "purchase card" system which would bring retail price reduction to all Canadian university students may go into effect next year if present plans of Nifcus materialize. The scheme is one of the most important projects ever brought forward by the Federation.

The plan calls for purchase of the "card" from local Student Unions or Nifcus representatives, the presentation of which at approved dealers entitles the bearer to a 10 per cent discount on any

and all goods purchased. Cost of the card, which is one dollar, is solely to defray expenses of printing and arrangements with dealers.

The system, which has been operating on a nation-wide basis in the United States, has met with a very large measure of success there.

The University of Ottawa is at present using the scheme on an experimental basis under Nifcus supervision. If the system is successful in the capital city, Nifcus will have it put into effect all across Canada.

The system is a non-profit one. American stores report, however, that their sales volume increased to such an extent that the difference was not noticeable. Another point is that the purchase card would be valid all over Canada, not only in the particular community in which the home university is situated.

**HILLMEN SPLIT**

(continued from page five)  
 in U.N.B.'s defensive territory. MacDonald was particularly effective, breaking off the scrum and smearing the backfield before they got mobile. But the underdogs put on a tremendous display of fighting spirit to drive back the Red and White into their own defensive territory. Time after time, Capt. Joe Church tackled effectively to halt the St. Dunstan's offensive.

Then came the long-awaited break. U.N.B. kicked into touch on the enemy 40-yard line, the scrum heeled cleanly to halfback Thompson and the backfield took the ball in full flight, shuffled it out to wing John Glass and he sprinted to paydirt with the tying try. The importance of this "win" must not be underestimated. The team took on new life as a result of it. They showed real fight and team spirit. There were no stars, every man out there was doing his very best to win that game. We didn't win but it was no disgrace. St. Dunstan's has a great team. As a result of this tie a decisive win by the Red and Black over the Mounties this Saturday will mean a N. B.—P. E. I. championship.

**NAVY SCUTTLES**

(Continued from page 4)  
 U. N. B. 0.  
 The second half proved to be a repetition of the first as the big Navy squad ran up three more major scores and converted one of them by tossing a forward pass over the goal line for one point. Three completed forward passes to Johnny Roberts for first downs had the fans on their feet and cheering for a touchdown but for some reason

**OBSERVATIONS FROM A THIRD-STOREY WINDOW**

With the opening of the new school year, it is seen that certain personalities on the campus should be offered felicitations for outstanding achievements, even at this early date.

First on our list is a certain red-haired assistant prof self-styled in English and jurisprudence. Although his illuminating remarks seem incomprehensible and confusing to the class, they seem to be making hay with the profs. — eh, Murray? —

We feel that the light of public approval should shine on that great free-thinker—Derrick Wiggs. Although a newcomer to the campus, he has shown himself to be an expert on politics, music, etc., a connoisseur of the fine arts and a friend of Gerow's.

Emphasizing the deplorable state of the defences at the girls' residence, it has come to our attention that an act of singular depravity has been perpetrated. It seems that a beast has broken into this institution and tickled all the chins of a certain Southern belle.

It is with deep regret that we learn of a great loss to the stage. A certain platinum blonde who was obviously working so hard on the role of the third witch that she dressed in character, has had her hair cut and the straggles taken out, thus ruining a great thespian career.

**— FRESHMEN ELECTIONS —**

**BISHOP IN BY ACCLAMATION AS PRESIDENT OF FRESHMEN**

John Bishop is 1949-50 president of the Freshman Class. Bishop, a graduate of F. H. S., is in by acclamation. Nominations for Class Vice-President, Class Secretary, and four S.R.C. Representatives close Wednesday Nov. 9, at 5 p. m. Elections will be held Wednesday, Nov. 23.

**Who's Who In U.N.B. Canadian Football**

George Buchan—A 3rd year Forester, comes from Toronto, and is 5 ft. 10 in.; weighs 155 pounds. George is quarterback on the team and handles his position very capably. "Buch" played football for North Toronto Collegiate and Varsity Blues before coming to U.N.B.

Willie Schure — Soph Forester, comes from Durban, Man. Willie is a big boy, 5 ft. 11 in., weighs 192 pounds. Plays right middle and is one of the outstanding linemen. Willie has terrific drive and is usually one of the first to break up opposition plays. He played football for Nutana Collegiate in Saskatoon before coming to U.N.B.

Howie Boucher—Third year Forester, from Hagersville, Ont., and formerly of Ottawa. Howie is 5 ft. 11 in., and weighs 180 pounds. Played an excellent game against Moncton in his position at middle. Howie throws an excellent block and gives his backfield wonderful protection.

Summary:

U.N.B. Navy	
Kickoffs	1
Kickoff Returns (total yards)	80
First Downs	12
Yards Rushing	95
Passes Attempted	23
Passes Completed	8
Yds. gained passing	94
Passes Intercepted	2
Yds. gained defensive passes interception	14
Punts	14
Average Punt from scrimmage	27
Punts returned	50
Fumbles	1
U.N.B. fumbles rec'd	0
Total yds. gained	333
Navy fumbles rec'd	5
Penalties	50

*Around the Campus with Egbert...*

**Egbert says** "Why Stop? We've got plenty of gas left"

Egbert may be slow to take a hint, but he hits on all six where money management is concerned. He's not the guy to run short of anything either — not even gas on a quiet country lane. His financial reserve at "MY BANK" takes care of that.

Thousands of students from coast to coast are following Egbert's example. They're finding how easy it is to lay aside some of that cash from spare time jobs in a savings account at the B of M. They're finding, too, that a "fatality fund" is a big help when an emergency arises — like that damaged fender or an unexpected trip with the team.

CANADA'S  
 Vol. 69 FRESHMAN

**Fall Formal Friday Night**

UNB's traditional fall formal will be held this coming Friday, November 18, in the LaBrook Gym. In the reception will be Dr. and Mrs. A. W. Trueman, Dr. and Mrs. C. W. Argue, Mrs. Miles Gibson, Dr. A. W. Trueman was also asked to attend the present it is doubtful he will be present, because of illness.

The theme will be centennial this year's celebration of the 150th anniversary. The Orchestra will look after the Social Committee men: Chairman, Faith Baxter; Treasurer, Nick MacDonald; Secretary, Syd Forbes; J. Mim Spicer, Barb Bell, Fredson, Stan Jobb, and Jean.

**CENOTAPH SERVICE**

On Friday Nov. 11, the Remembrance Day Service at the Cenotaph. Among distinguished guests were J. B. McNair, K. C. Brigden, C.B., G. M. S., D. S. O., and E. R. Smith, C.B.E., (King N.B. Army Area). As an addition to the service there was the unveiling a plaque in honour of those who died in the second world war. This plaque was presented by the Fredericton Branch of the Legion, B.E.S.L. (Lt. W. Sansom, President).

**Newmanites Per**

Having been thorough over the coals by the hie The Brunswickan, your Club reporter finally got and found enough strength a few inquiries. It seems things have really been down there this year, with executive adding up the ship. Wish somebody would me a 'buck' (\$1.00) so I can have the fun, too.

Harry McInerney and Whalen were elected representatives to attend the convention of the National Federation of Clubs, which is now being held in Kingston, Ont.

This year's executive is President—Bob O'Malley; Vice President—Mary L. McAdam; Secretary—A. Bathurst; Treasurer—Hulden, Three Rivers and they are trying to welcome you to the Club, meetings held every Sunday nite, in Saint Hall on Regent Street.

**Scholarships To Be Awarded**

The Alumni will as usual honor the Thomas E. Hoben Scholarship and the Brydone-Jack Scholarship and receive applications for students from the Loan Fund. The Hoben Scholarship was founded by the late Thomas E. Hoben of the class of 1885. The Brydone-Jack Scholarship was founded by the late William Brydone-Jack, President of the University of New Brunswick, 1860-1885. The Hoben Scholarship is for the financial assistance of a worthy student. The Brydone-Jack Scholarship is awarded to a student in fourth year of Engineering. Applications should be made immediately for the Hoben Scholarship and for loans. The Brydone-Jack Scholarship should be made to the Secretary, Jack Murray, in the office on the second floor of the Arts Building.
