## NOTE THE DATES . . .

Date	Time	EVENT
Jan. 31	6:00 p.m.	Fireworks Torch Light Parade
	8:30 p.m.	Official Opening
	12:00	Presentation of Queen Candidates Masquerade Skating (Judged at 10:30)
Feb. 1	Morning	Judging of Snow Sculpture
	10:00	Ski meet
	2:00 p.m.	Swim meet
	2:30	Athletic Events—Snow Shoeing, Badminton Cross Country
	7:00	Basketball: U.N.B. vs. Mt.A.
Feb. 2	10:00	Dance
	10:30 a.m.	Parade Muster at 10:00 a.m.; starts at 10:30 a.m.
	1:30 p.m.	Hockey: Co-eds vs. Englishmen
	3:00	Hockey: U.N.B. vs. Mt.A.
	8:30	Dance
	10:00	Crowning of Queen Presentation of Trophies Drawing of Lucky Ticket Skiing Meet Completed
Feb. 3		

## JAN. 31 — FEB. 1 & 2

# GLAMOUR, SPORTS, FROLIC

## PLANNED TO ENTERTAIN ALL

Once again Winter Carnival time has rolled around and the University of New Brunswick Winter Carnival Committee is pleased to announce the presentation of its second annual three day Winter Carnival to take place on Jan. 31st, Feb. 1st and 2nd inclusive.

This year's Winter Carnival will again have events and prizes galore. There will be open and intercollegiate sports, two gala dances in the gymnasium, masquerade skating at the Lady Beaverbrook Rink, the famous Winter Carnival Float Parade and this year for the first time a lengthy aerial fireworks display. The fireworks display is to take place on Parliament Green, opposite the Cathedral at 8.00 p.m. on Thurs., Jan. 31st. At the finish of the fireworks there will be a torchlight parade from the Green to the rink for official opening ceremonies at which the guest of honor will be Chief Justice J. B. McNair of Fredericton.

The opening ceremonies will be followed by the introduction of the five Winter Carnival Queen Candidates who are all queens in their own right. The Queen Candidates include Janet Hunter—Engineering; Elizabeth Wilson—Forestry; Audrey Cheeseman—Science; Margaret Emerson—Arts and Frankie Ramey—Business Administration. The Queen Candidates will be judged by five Fredericton residents: Dr. T. J. Watson of St. Andrews Presbyterian Church; Mrs. L. Hashey, President of the U.N.B. Alumnae Association; Mr. A. F. Trythal, Director of Music at U.N.B.; Mr. Donald K. Nelson of the U.N.B. Athletic Dept. and Mrs. A. L. McAllister, wife of Dr. A. L. McAllister of the U.N.B. Geology Department.

After the introduction of the Queens there will be a masquerade skating party in the Rink where everyone is urged to wear a costume and compete for the prizes offered. This year the prizes are divided up into classifications according to the age of the contestants so that young and old may take part and compete for separate prizes.

### Athletic Events

On Friday morning, Feb. 1st, the second day of the carnival, the Athletic Competitions begin with the meets continuing until Sunday. There will be seven meets: badminton tournaments, snow-shoe races. Friday night will see a triple bill of men's and women's Intercollegiate Basketball with U.N.B. pitted against its traditional rivals from Mt. Allison University. At the culmination of the athletic events there will be a sock-dance in the Gymnasium, lasting until 1.00 a.m.

Saturday, Feb. 2nd, is jam-packed with activities starting

at 10.00 a.m. when the Winter Carnival float parade assembles in front of the gym. The parade itself is scheduled to begin at 10.30 a.m. and will follow a route similar to last year's.

Following the parade, the afternoon festivities will get under way with a double bill of hockey. The first game sees the skill and speed of the U.N.B. co-eds against the power and brawn of the English students attending U.N.B. This game will be followed by intercollegiate hockey with the Mt. Allison Mounties playing the University of New Brunswick Red Devils in a grudge match, with Mt.A. seeking to avenge their 6-2 loss at the hands of the U.N.B. squad earlier in the season.

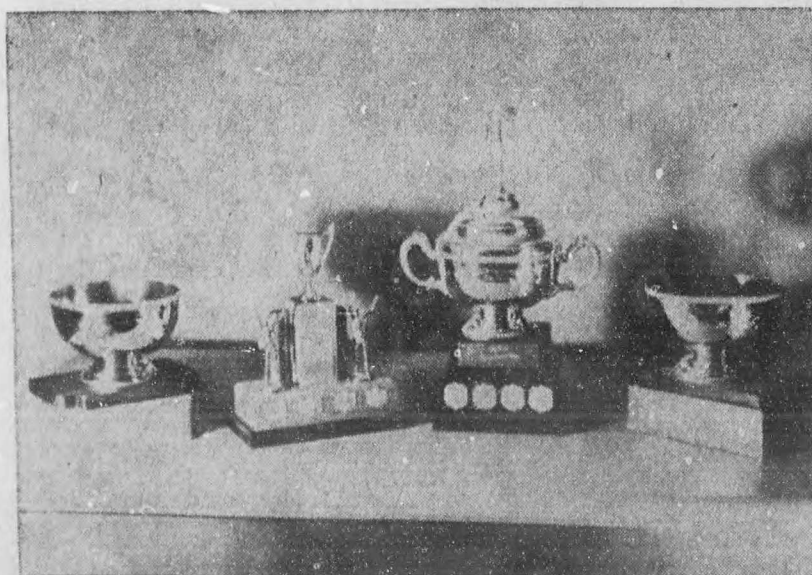

Saturday night activities take place in the gym and includes the crowning of the Queen, the presentation of the prizes won during the Carnival and a dance on the "ski-lodge" theme at which the participants are urged to dress up in their ski togs or similar attire.

### Snow Sculpture

Trophies this year are to be presented for the best faculty "snow sculpture", best City sculpture and best Public School sculpture. Trophies are also presented for the best U.N.B. float as well as the best float entered outside of U.N.B.; anyone who wishes to enter a float is eligible for this latter trophy.

This year the United Nations Association has offered a special prize of fifty dollars cash for the best sculpture based on a theme connected with the U.N.B. in some way. Any sculpture done on this theme is also eligible for the other sculpture prizes.

## Message from the Carnival Chairman Bill Ray

Next week, the second annual UNB Winter Carnival will open. To better last year's considerable success has ever been our aim, and we firmly believe the 1957 Carnival will prove most enjoyable. Since early last fall, Winter Carnival Chairmen have been hard at work to make this carnival the most outstanding event of its kind, both at UNB and in the Maritimes. I would like to take this opportunity to thank, publicly, all committee chairmen, their ever-faithful committees, and all other officials of the Winter Carnival. In addition, co-operation of the university administration, of Mr. Macaulay in particular, the SRC, the city merchants, The United Nations Association, the ski club, the Rink Committee, The Brunswickan, The Daily Gleaner and CFNB has been indispensable; without it, nothing could have been done.

It is evident, of course, that the ultimate success of the Carnival depends on you, the students. We believe that you will find it different and interesting. In order to avoid disappointment, tickets should be purchased as soon as possible. Ticket holders will be

(Continued on page 3)

## In Carnival Swim Meet

The men's 1957 varsity swimming team shows as much promise as any of our teams of a most successful past. The interest is higher than ever before with about 20 swimmers and two divers vying for positions on the team.

### Mermen

In March of 1956 the UNB Mermen suffered their first defeat in nine years of intercollegiate competition. The team members did not take this defeat lightly and vowed that they would make a great effort in 1957 to regain the championship which was lost to Acadia. This will win, coupled with additional promising new team members should make the "UNB Mermen" a very definite threat to intercollegiate rivals.

Team members: Jeff Starr, Paul Courtice, Wilson Collins, Dave Graham, Roy McEwen, Tom Stephson, Nicholas Teller, Pete Nicholas, Arthur Gregg, Dave Sanger, Barry Miller, Doug Patton, Rick Thompson, Darrel Davis, Errol MacKenzie, Donald Coles, Ron Day, Don Loomis, Jim Atherton, Brian Arthur.

### Mermaids

The UNB Mermaids who have three successful years behind them, show such a weakness in numbers that it could well prove a hazard to their retaining the M.W.I.A.N. and Maritime Open Championship which they won last year.

## GUEST OF HONOUR

HON. J. B. McNAIR

The U.N.B. Winter Carnival is very fortunate to have as its guest of honor during the opening ceremonies this year Chief Justice J. B. McNair. His Honour has been well known throughout the country for many years as an outstanding citizen.

Chief Justice McNair received his degree in Bachelor of Arts at the University of New Brunswick in 1911. He then received one of the world famous Rhodes Scholarships and studied Law at Oxford University in England. Since then he has been given honorary degrees at both U.N.B. and Mt. Allison and has become

a member of the U.N.B. Senate as well as many other organizations.

His Honour first came into the Canadian limelight as the Premier of this province. He served successfully in this office for 12 years until 1952. In the summer of 1955 the Federal government showed its high regard for his outstanding ability by appointing him Chief Justice of the Supreme Court of New Brunswick.

Needless to say, having such a distinguished figure to open the Carnival should insure a very successful week-end.

## SPECTACULAR DANCES

This year's social committee is planning to do its part to make the carnival bigger and better than ever. Something new in the order of an exciting fireworks display has been added for the opening night. This will be held on the common across from the cenotaph near the centre of town. It is hoped that many will attend.

The opening ceremony will be held at the rink with Chief Justice J. B. McNair being the guest of honor. During the ceremony the queens will be introduced officially for the first time. Following this there will be a masquerade skating party with lots of

prizes for people of all ages. Be sure to get your costumes ready soon as there will be special prizes for originality and novelty numbers. If you aren't a skater don't feel left out of the fun as there will be a dance held in the canteen as well.

## THIS IS

# SPERRY

You can't drive a stake into the ocean or put up a flag to mark a position, but you can triangulate converging rays from distant shore place stations.

This is just what is being done by cargo ships and liners to fix their position on the chart in fog and darkness. Even fishing boats are using the system to re-locate known good fishing grounds.

This is another way in which Sperry engineers have put the science of electronics to practical, everyday use.

Young engineers who seek a career in the field of electronic research or mechanical development, with freedom to think and act along original lines, should contact Sperry.

# WHO WILL BE QUEEN?

## THE MAGNIFICENT DILEMMA

Within the various faculties during the past few weeks there has been a tremendous amount of soul searching, head scratching, argument, and dissension over the worthy and current problem of choosing a faculty candidate for the winter carnival queen. UNB's co-eds are prettier than ever and if future years produce a continuation of this trend, there will be goodly numbers of fast-graying men on the campus.

The choice was difficult to the point of impossibility, but each faculty has come up with what they believe is the most beautiful, talented and poised girl they can think of. The question to be subsequently answered is: Who made the best choice? If the deliberations of the faculties were so difficult, what of the work of the judges? Can we expect ordinary mortals to give us a rational decision? I think not. I believe that whichever one is chosen, and one of them must be, they still are all queens because all our coeds can be classed together in that each one of them will someday be a queen to someone.

### SCIENCE

AUDREY CHEESEMAN

One of Fredericton's contributions to the ranks of UNB Coeds, and a lovely one indeed. Audrey's pre-varsity schooling was at Fredericton High where she was active in many and varied school activities. Audrey appears to be concentrating on a high scholastic standard this year. (A very good idea don't you think?) We know that with her good looks plus her wonderful personality, our Science Queen will prove a likely contender for the Winter Carnival Queen.

MARG EMERSON

The Artsmen decided that this miss was the one that they would like to see as their queen, so Marg Emerson, with her dark eyes and dark curls, got the nod. Marg was born in Saint John, attended school there as well as at Haverall College, Toronto. Before venturing 'Up the Hill', she spent a year at Dalhousie University. Although she finds much of her time taken up by her courses, she is an avid football fan, and a member in good standing of the Midnight Coffee Club at the Maggie Jean. Add to this Golf and modeling and you have Marg Emerson.

### MT. A. TRAIN

The students of Mount A. have been invited to the Winter Carnival again this year. The train will arrive Saturday morning and will leave late Saturday evening.

## A HERCULEAN TASK

Last Friday a tea was held in the Lord Beaverbrook Hotel for the five Queen candidates and the judges. The five judges are Mrs. Arnold L. McAllister; Mrs. Lawrence Hashey, President of the Alumnae; Mr. A. F. Trythall, campus music director; Mr. Donald Nelson, athletic dept.; and Reverend Doctor T. J. Watson, Rector of St. Andrews Presbyterian Church.

### ENGINEERS

JANET HUNTER

Janet Hunter, a native of Halifax, and a graduate of Queen Elizabeth High School there, is the Engineering hopeful for the coveted position of Carnival Queen. A freshette Arts student, Janet is an enthusiastic cheerleader and a member of the Brunswickan staff. She also enjoys skating and is interested in art and music. However Janet realizes that university is a place for study, and has limited her extra curricular activities to become a serious student.

The five lovely candidates for the title "Miss Winter Carnival 1957" are Miss Margaret Emerson, Arts; Miss Janet Hunter, Engineering; Miss Nancy (Frankie) Ramey, Business Administration; Miss Elizabeth (Biddy) Wilson, Forestry; Miss Audrey Cheeseman, Science.

The winner will be made public at the dance on Feb. 2nd. The announcement will be made by Reverend Doctor T. J. Watson and will be crowned by Miss Janet McNair, "Miss Winter Carnival 1956", at that time.

Wednesday, January 23, the queens were interviewed on television by Jene Wood of the "Jene-ially Yours Show".

### BUS. ADMINISTRATION

'FRANKIE' RAMEY

Formerly of Fredericton, Nancy Ramey, better known as "Frankie" arrived last Fall from Marmount Junior College in Rome. This attractive 18-year-old is enrolled in third year Arts and although she has many varied interests, which include music, languages and athletics, her main ambition is to study medicine. Frankie has made many friends in her short while at UNB. owing chiefly, we feel, to her winning personality, striking individuality and her "pony-tail". Recognizing her fine attributes, Business Administration feels it has made a winning choice for its Carnival Queen Candidate.

### SCULPTURE NOTES

An unfortunate mistake was made, in that our circular stated there had been a new prize given for the best sculptures among the schools in Fredericton. This, we said, included the High School, Teachers' College and Business College. Our apologies to the donor of the prize (Swazey's) and the schools involved, the prize was meant only for the Public Schools in the Fredericton area. The others will be able to compete in the town competitions.

A new prize donated this year is that of the United Nations Association. The Vice-president of the Montreal Branch has generously donated a prize of fifty dollars cash for the best sculpture on the United Nations theme. Further, anyone entering this contest will receive a prize of a United Nations game. Those entering this contest are also eligible for one of the other three contests.

Information regarding all contests may be found by phoning Carnival Headquarters at 8063.

YOU CAN'T LOSE  
THEY'RE ALL QUEENS

### FORESTRY

BIDDY WILSON

This pert brunette is another of our freshette lovelies. Coming from Fredericton High where she took an active interest in sport and other activities, Biddy has not lessened her energy or ambitions on entering college. She has already proved herself to be one of our promising basketball stars, has given her support to our ranks of cheer-leaders (and takes a keen interest in swimming as well. Anyone who knows Biddy will certainly applaud the Foresters' choice of their candidate for the title of "Miss Winter Carnival '57".

### ARE YOU LATE?

The Number of tickets being sold is limited, therefore, students are reminded to get their's early from student representatives, members of the Winter Carnival Committee, at the Library or at the UNB Bookstore. DON'T BE ONE OF THE MANY LEFT OUT!

Pictured above are the hard working students who have unselfishly devoted much time and energy toward making the Carnival a success. Seated in the front row are: Roberta Selig (Secretary), Pat Millar (Accommodations), Bill Ray (Chairman), Phil Hooper (Treasurer), Joan Young (Social), Jean Baird (Queens). Second row, from left to right: Jim Milligan (Athletics), Jack Ellison (Publicity), Mike Gordon (Sculpture), Jim Bruce (Prizes), Phil Bird (Parade), Ted Boswell (Tickets).

MESSAGE FROM CARNIVAL limited this year.

One of the most important facets of such a carnival is, I believe, the opportunity for UNB students to meet students from other universities. We expect a

larger representation from other Maritime universities, as well as some from outside the Atlantic Region.

In conclusion, let me wish you the best time of your life at the 1957 Winter Carnival.

# MT. A. HERE FOR CARNIVAL

## CAGE, HOCKEY GAMES ON TAP

By RON MANZER

Ever since the shocking, Saturday-afternoon experience of watching the UNB Red Bombers fall before a tough Mount Allison University football team by the unbelievable score of 56-6, sports enthusiasts from "Up the Hill" have been patiently waiting for some sort of revenge something to tide them over until next October.

Winter Carnival Weekend appears to be the godsend, in this fair provincial institution enjoys seeing the Mounties taken down a peg or two.

On the evening of February 1, the Lady Beaverbrook Gymnasium will be the scene of a basketball double bill between UNB male and female hoopsters and their Garnet and Gold cousins from Sackville. Predictions concerning the outcome of any type of athletic contest are extremely unreliable, because, as any good athlete will gladly inform you once the game is underway anything can happen; and underdogs have a curious habit of winning more often than the dopesters could wish.

### UNB Looks Strong

A "sure" winner is not always on top at game's-end; but this year, as far as basketball is concerned at least, University of New Brunswick teams seem to be in a strong position. It appears that both the girls' and the boys' basketball teams at the Sackville school are in the process of rebuilding their clubs, with the accent on the years to come.

UNB, however, is in just the opposite position. The Bloomers have perhaps one of their finest teams in years—as witness by that tremendous 39-25 victory over Dalhousie, and are a real threat for Maritime honors. The Red Raiders, as well, boast a full squad of veteran ball players and, if recently improved performances are any indication, could make a runaway of the second game.

UNB hockey enthusiasts are also in high spirits, and they have good reason. Although the hard-hitting tactics and hustling defence of the Mounties cannot be under-estimated, the over-all power and perfect balance of the Red Devils makes them the favourite for a repeat victory over their arch-rivals. Earlier this month the Devils employed superior conditioning and a last-period drive to advantage in handing the Garnet and Gold boys a 6-2 loss.

Win, lose, or draw, this year's edition of the Winter Carnival promises sports fans plenty of thrills and excitement when once again Mount A. and UNB compete according to their well-established tradition of friendly rivalry.

MIKE CAUGHEY

Shown above is Mike Caughey, president of the U.N.B. Curling Club, and manager of the varsity curling team, throwing a stone at the Lady Beaverbrook Rink.

## CAMPUS CURLING CLUB ENJOYS FAST GROWTH

By IAN COLLINS

UNB has a new varsity sport. Curling has come to our campus.

For over two years there have been curling enthusiasts on our campus who have been seeking recognition of curling as a varsity sport, and who also have been busy with the organization of a curling club.

Both these objectives have been reached this year. The club has about 50 members who have registered for this curling season, and they compose about 12 rinks. The club also has two complete lanes of stones, and all the other necessary equipment for these two lanes such as brooms and hacks. The curling circles are in place for this year at the Lady Beaverbrook rink.

### Manager of Team

Mike Caughey is the manager of the varsity team, and is also the president of the curling club.

The curling club curls at the Lady Beaverbrook every Sunday morning from 8:00 - 10:30. There are two games run off on each lane during the morning. These games are of time duration, each taking one hour and 15 minutes. There is very good enthusiasm in the club as is witnessed by the very good response at the time the curling club was organized and by the work the members of the club are doing. Already the club is cramped for time and space. As the setup is now, only 8 out of 12 rinks can curl on a Sunday morning, and thus each rink can only curl two out of every three weeks. The club now needs more ice time.

The club is now searching for two more rinks of second hand stones, as the rink has the capacity for two more lanes. This would solve the immediate problem, but the club has not yet been fortunate enough to find any such stones for sale. The club would certainly appreciate any leads that either the students of UNB or anyone else might give on where stones could be obtained.

Curling is one of the few mixed sports on the campus, and already there is a co-ed on almost every rink.

### Picking Rink

For the purpose of selecting the rink to represent UNB at the MIAU bonspiel which is going to be held in Acadia in March, the curling club plans to hold a play-off here beginning in February. Any four club members who wish to enter as a rink may do so. Even though this will be UNB's first year at the MIAU bonspiel, it will be very surprising if we don't make a good showing.

Mike Caughey says, "We are grateful to the Lady Beaverbrook Rink Committee for the amount of time that they have allotted to the curling club; the members are certainly pleased to be able to play.

Those who have not already registered for curling may do so at the athletic office in the Lady Beaverbrook gym.

## RED DEVILS TO ISLAND FOR TILT ON SATURDAY

By GORDON HOUSE

This Saturday the UNB Red Devils will play Saint Dunstan's University in Charlottetown. With Mount A's unexpected collapse, SDU will possibly be the team to beat if the Red Devils are going to cop any titles this season.

SDU scored an impressive 7-2 victory over St. Thomas last week. This indicates that SDU has a scoring punch and a good defence. A stronger Mt. A. team is expected back here Feb. 2 and there will really be fireworks when these two teams meet again.

From statistics compiled by Pete Kelly Jr., Bill McDonagh leads in team scoring with 16 points in six games. The following is the breakdown on the team scoring for five exhibition and one league game:

Forwards	GP	G	A	Pts.
McDonagh	6	7	9	16
Stewart	5	4	7	11
Pearson	6	3	4	7
Mockler	6	3	4	7
McNutt	6	1	5	6
McLellan	6	3	2	5
Hersey	6	4	0	4
McElman	6	2	2	4
Coombs	6	2	1	3
Defensemnen	GP	G	A	Pts.
Dohany	4	1	1	2
Benson	6	0	2	2
Savoy	5	0	1	1
Parent	4	0	0	0
Fraser	5	0	0	0
Goaltenders	GP	GA	Avg.	
Brown	5	32	6.40	
White	1	8	8.00	

### FACULTY BOWLING PLAYOFFS

Jan. 25—7 o'clock, Engineers vs. Science; 9 o'clock, Administration vs. Civils.

### Final Standings

## Ski Events Slated During Carnival

Winter Carnival time is fast approaching, and likewise the dates of the Maritime Intercollegiate and Open Ski Championships which are to be run off in conjunction with that happy event.

The UNB Ski Club will be host for the meet which is to be held at Royal Roads during our second Winter Carnival. The Red Falcons, our varsity ski-team, will be defending their 1956 Intercollegiate and Open Championship victories against top competition from several Maritime universities and ski-clubs.

Four-way teams will represent the universities of St. Francis Xavier, Acadia, Dalhousie, from Nova Scotia, and Mount Allison against UNB for the intercollegiate title. In the "Open" clubs from Edmundston, the Mos, 1955 Open Champions, Madawaska, Saint John, Halifax, Grand Falls and Fredericton are planning to race against the Falcons.

The meet will consist of downhill and slalom races at Royal Roads, jumping on the cub's new giant 110-foot jump and a five-mile cross-country race around the campus.

Ski conditions are reported as "perfect" at the hill. The club invites each and everyone of you to gather up your hickories and come out to the hill this weekend. Listen to CFNB every Friday and Saturday evenings for the latest snow conditions and bus schedules.

### Whose Successor?

Have you been engaged in wishful thinking lately? If you have, you can claim R. A. Butler as a compatriot in crime. As evidence we submit the following gem, pruned from a recording of his comments on Harold MacMillan's emergence as British Prime Minister: "I certainly wish my successor the best of luck".

Gantry for St. Lawrence Power Project will be similar to this completely enclosed 250-ton unit, built by Dominion Bridge for Aluminum Company of Canada.

W. L. Laing, chief crane designer at Dominion Bridge, is shown with two of our staff of mechanical engineers. They worked with others on the design of this major project.

Douglas D. Hunter, (left) B. Eng., has been with the Company since 1936, with interruptions for war service and college work.

Gerald Rothschild, (right) B. Eng., has been with the Company since graduation.

## *Dominion Bridge Engineers Design*

### **300-TON "TRAVELLING POWER HOUSE" FOR ST. LAWRENCE POWER PROJECT**

... designed by our mechanical engineers, one of the largest gantry cranes ever built is now under construction at the Robert H. Saunders Generating Station, Cornwall, Ont.

This crane, weighing over 400 tons, illustrates a new trend in design. Completely enclosed, it serves in effect as a "travelling powerhouse". It incorporates no less than 30 motors for various hoisting and travel movements and has all the facilities and functions normally provided in a conventional powerhouse. This project typifies the extensive resources and experience of the Company in the field of mechanical engineering.

Dominion Bridge, an all-Canadian Company, is the foremost fabricator in Canada of bridges and steel structures.

Less well known is Dominion Bridge's leadership in other engineering fields. Cranes and other handling equipment, hydraulic machinery, boilers for heating and process steam requirements, mining machinery, refinery towers, pulp mill digesters, oil well machinery—these are but a few examples of the diversification of Dominion Bridge operations.

To-day, we have the largest and strongest Canadian force of design engineers in our field. Much of their work is of a pioneering nature, and they are constantly being called upon to solve problems connected with large projects in virtually every type of industry. Theirs is a never-ending challenge.

## *Build a Future with Dominion Bridge*

There are interesting careers awaiting young civil and mechanical engineers in Dominion Bridge Company Limited. With 15 plants from coast to coast, we are now engaged in the largest expansion programme of our 74-year history.

You are cordially invited to write to Mr. W. Hagen, Manager, Robb Engineering Works Limited, Amherst, N.S., for descriptive booklets or further information on any question you may have in mind. Please mention this publication.

## MATISSE KEEPS POSITION AS CHAIRMAN OF NFCUS

As a result of the editorial which appeared in last Friday's issue of the Brunswickan, Mr. Alec Matisse, the chairman of the Local committee of NFCUS was brought before the SRC at their weekly meeting in the Student Centre on Wednesday.

The editor of the Brunswickan, Mr. Barry Toole, opened the questioning of Mr. Matisse, at the request of president, Jim MacDonald. Mr. Toole asked of the chairman what the committee had accomplished to justify their position as representatives of the national organization. Mr. Matisse stated that the committee had begun the year with a deficit of 70 dollars and that this had to be cleared before the year's activities could begin. Ron Pearsall, past chairman of the local WUSC committee, made an analogy between the organization which he took over at the beginning of last year with a small committee and debt of over 300 dollars, he stated that he found that the organization could prosper and grow under these circumstances.

Then Mr. Toole questioned the NFCUS chairman about the discount scheme which had worked well at the end of last year but which had not been renewed at the beginning of the year. In reply Matisse claimed that the scheme had not been satisfactory to some storekeepers and that the local committee was going to work to straighten out some difficulties which had been encountered in the practical application of the scheme.

Mr. Pearsall pointed out that NFCUS was a national organization and should not be primarily concerned with local policy. Mr. MacAllister suggested that the local committee should be primarily interested in national affairs and should publicize the work of the national organization.

After about an hour discussion Mr. Toole rose and advocated the removal of Mr. Matisse from his position of NFCUS chairman on the campus. Immediately afterwards Mr. O'Connor revealed the Mr. Matisse did not think he had the administrative ability to carry out the job. Mr. Matisse claimed that when the appointment had been open at the end of last year he was the only man with experience in the local organization.

After a short speech by the chairman of the meeting, Mr. MacDonald, in which he summed up the arguments in the long discussion, a motion was called for. Mr. Teller proposed that NFCUS chairman be allowed to keep his post, that he be requested to report his progress to the council every two weeks, that he be requested to use all available publicity and that a careful search be made to find a new president during the next months.

The council passed the motion with only one member voting against it and another abstaining.

The meeting closed after two minor revisions to the constitution of the AAA concerning swimming and ski-ing.

## RELIGIONS THRIVE

### SCM

**WORSHIP:** What? Where? How? Why?

Webster's dictionary says this: "Courtesy or reverence paid to merit of worth."

Many people have never heard of Mr. Webster's famous lexicon, but rare indeed is the race, look where you will on this spinning globe, which does not have some form of worship inherent in its daily life. And this fascinating subject will be the theme of a talk at "Open House" this Sunday evening. The talk will be given by Canon Coster of St. Anne's Anglican Church. We extend a cordial welcome. (Discussion, singsong, refreshments and devotional make up the rest of the program).

Time: 8.30 p.m.

Place: George St. Baptist Church

A Bible Study group, based on St. Paul's letters to the Romans, now meets weekly. Again a cordial welcome is extended.

Time: 6.00 p.m. every Thursday.

Place: Conference Room, Student Centre.

The SCM functions for you, the student. We'll be glad to see you!

### CANTERBURY CLUB

The Canterbury Club will send a delegate to the National Conference of Canterbury Clubs to be held this year in Montreal. The date of the conference has

been set for February. In making this announcement, club officials pointed out that the trip will be financed by proceeds derived from a highly successful pantry sale last Saturday.

The featured theme at the conference is What it Means to be a Christian, as a Student. This theme will also be the topic of discussion at the next Canterbury Club meeting, Sunday, January 27 in the Cathedral Church Hall at 8.30 p.m. Leading the discussion will be a panel of UNB students.

### NEWMAN CLUB

Newman officials have disclosed the program for the remainder of the college year.

January 27—Film Program

February 1—First Friday.

February 3—Newman Sunday.

Sermon on Cardinal Newman in Church.

Benediction.

Panel discussion: President Colin B. Mackay, Prof. Dineen, Prof. Cogswell.

February 10—Group Discussion.

February 24—Speaker.

March 9-10—Annual Retreat.

March 10—Guest speaker and nominations.

March 24—Speaker from St. Thomas College.

April 7—Elections and Social.

## RED N' BLACK

Casting for the Red 'n Black Revue

will commence

Sunday, January 27th

in Memorial Hall at 2:00 o'clock sharp

Freshman Especially Welcome

## COTC STILL HAS VACANCIES FOR SUMMER

The University of New Brunswick Contingent of the Canadian Officers Training Corps has held its first selection board for the academic year 1956-57. The final selection board will be held the third week in January.

Successful candidates who are now enrolled are:

S. A. Russel, Doaktown, N.B.  
H. E. G. Short, Montreal, Que.  
R. P. Smith, St. George, N.B.  
D. D. Steeves, Hillsborough, N.B.

J. W. Wheatley, Charlotte town, P.E.I.  
In addition

R. W. Alexander, Renforth, N.B.

R. R. Bell, Charlottetown, P.E.I.

L. C. Stockford, Saint John, N.B.

are in the process of transferring from militia units to the COTC.

Three second year COTC students have been accepted under the ROTP as follows:

A. M. Adams, Denmark, N.B.

G. E. Maguire, Sussex, N.B.

H. L. Sellick, Cross Creek, N.B.

Four first year students have been accepted under the ROTP as follows:

D. R. Crowther, Fredericton, N.B.

J. Dube, Edmundston, N.B.

D. R. Gibson, Pembroke, Ont.

L. T. W. Griffin, Saint John, N.B.

Four other ROTP applicants are still being processed.

## CANCELLED LECTURES FOR CARNIVAL

Students are advised that all lectures Friday afternoon and Saturday morning will be cancelled. This action was taken by the President in order that UNB students may take part in the Carnival.

## THE BRUNSWICKAN

## HUNGARIAN PLEBISCITE IS POSTPONED BY COUNCIL

Muddle with Administration Causes Cancellation of Today's Vote

The plebiscite, which was to be held today, was postponed indefinitely by the students council at their meeting on Wednesday. The plebiscite was to vote money to the local WUSC committee to enable them to add to the money which had been granted to the cause by the administration.

The motion was suggested to the council by the chairman of the local committee of WUSC because of recent developments which have muddled the situation considerably.

Mr. O'Connor president of the Newman Club suggested that the students were not yet ready to vote on such an issue. He felt that the group sponsoring a plebiscite should have full knowledge of the facts, and that the students wished to know exactly for what and to whom the money would go.

Council Member Nick Teller thought that the University authorities were deliberately muddling the local committee and that they wanted 'all the glory for themselves', Mr. Teller later stated that he felt the University administration was not after glory but publicity.

The council after some discussion on what would be done with the money if it was granted by the students voted unanimously for indefinite postponement. Meanwhile the council president and the chairman of the local WUSC committee, Mr. Blink, would try to sort the matter out with the President of the University.

## Moosehead, Here We Come

The CIC's proposed trip to Moosehead Breweries Ltd., Lancaster, is scheduled for tomorrow, today, January 25 at 5:00 p.m.

Also coming next week will be a special speaker from the National Branch, Dr. Greenblatt.

The bus leaves from the Geology Building at 12.30 and will proceed to the King St. Terminal at 12.45.

All interested members are requested to attend an important meeting in the Chemistry Hut.

The strength of the contingent is now 23 COTC and 12 ROTP. Applications must be made early in January in order to qualify for summer employment.

### PHOTO CONTEST

The Camera Club announces a photo contest to be held in conjunction with the Winter Carnival. Both color slides and black-and-white prints can be entered in different classes, but they must have been taken during the Carnival week-end; prizes are offered. Details will be published on the bulletin boards.
