

MCGILL UNIVERSITY,

MONTREAL.

ANNUAL ANNOUNCEMENT

OF THE

FACULTY OF MEDICINE.

44

SESSION OF 1876-7.

MONTREAL:

PRINTED FOR THE UNIVERSITY BY J. C. BECKET, 660 CRAIG STREET.

1876.

McGill University Montreal.

The Forty-fourth Session of this University, being the Twenty-fourth under the amended charter, will commence in the Autumn of 1876.

By Virtue of the Royal Charter, granted in 1821 and amended in 1852, the Governors, Principal and Fellows of McGill College, constitute the Corporation of the University; and, under the statutes framed by the Board of Governors, with approval of the Visitor, have the power of granting Degrees in all the Arts and Faculties, in McGill College, and Colleges affiliated thereto.

The Statutes and Regulations of the University have been framed on the most liberal principles, with the view of affording to all classes of persons the greatest possible facilities for the attainment of mental culture and professional training. In its religious-character the University is Protestant, but not denominational; and while all possible attention will be given to the character and conduct of students, no interference with their peculiar religious views will be sanctioned.

I. MCGILL COLLEGE.

THE FACULTY OF ARTS.—The complete course of study for the Degree of B. A. extends over four Sessions, of eight months each; and includes Classics and Mathematics, Experimental Physics, English Literature, Logic, Mental and Moral Science, Natural Science, and one Modern Language, or Hebrew; all of which subjects are imperative in the first two years of the Course; but in the third and fourth years options are allowed in favour of the Honour Courses in Classics, Mathematics, Mental and Moral Science, Natural Science and English Literature. Certain exemptions are also allowed to Professional Students.

THE DEPARTMENT OF APPLIED SCIENCE IN THE FACULTY OF ARTS provides professional instruction in Civil Engineering, Mining Engineering and Assaying, and Practical Chemistry, leading to the Degree of Bachelor of Applied Science.

THE FACULTY OF MEDICINE.—The complete course of study in Medicine extends over four Sessions, of six months each, and leads to the degree of M. D., C. M.

THE FACULTY OF LAW.—The complete course in Law extends over three Sessions, of six months each, and leads to the degrees of B.C.L. and D. C. L.

II. AFFILIATED COLLEGE.

Students of Affiliated Colleges are matriculated in the University, and may pursue their course of study wholly in the Affiliated College, or in part in McGill College, and may come up to the University Examinations on the same terms with the Students of McGill College.

MORRIN COLLEGE, Quebec.—Is affiliated in so far as regards degrees in Arts and Law.

[Detailed information may be obtained from Rev. John Cook, D. D., Principal.]

III. AFFILIATED THEOLOGICAL COLLEGES.

THE CONGREGATIONAL COLLEGE OF BRITISH NORTH AMERICA, Montreal.

THE PRESBYTERIAN COLLEGE OF MONTREAL, in connection with the Canada Presbyterian Church.

Affiliated Theological Colleges have the right of obtaining for their Students the advantage, in whole or in part, of the course of study in Arts, with such facilities in regard to exemptions as may be agreed on.

IV. AFFILIATED SCHOOLS.

THE MCGILL NORMAL SCHOOL provides the training requisite for Teachers of Elementary and Model Schools and Academies. Teachers trained in this School are entitled to Provincial Diplomas.

THE MODEL SCHOOLS OF THE MCGILL NORMAL SCHOOL are Elementary Schools, divided into a Boys' Department, Girls' Department and Primary Schools.

GOVERNING BODY OF THE UNIVERSITY.

VISITOR:—

HIS EXCELLENCY THE RIGHT HON THE EARL OF DUFFERIN, VISCOUNT AND BARON CLANDEBOYE,
Governor General of Canada, &c.

GOVERNORS:—

[Being the Members of the Royal Institution for the Advancement of Learning.]

THE HON CHARLES DEWEY DAY, L.F.D., D.C.L.	<i>President and Chancellor of the University.</i>
THE HON. JAS. FERRIER, Senator, M.L.C.	CHARLES J. BRIDGES, Esq.
ANDREW ROBERTSON, M.A., Q. C.	THE HON. SIR ALEXANDER T. GALT,
THE HON. CHRISTOPHER DUNKIN, M.A.,	K. C. M. G.
D. C. L.	THE HON. SIR FRANCIS HINCKS, K. C.
PETER REDPATH, Esq.	M. G., C. B.
GEORGE MOFFATT, M. A.	THE HON. LUTHER H. HOLTON, M. P.
JOHN H. R. MOLSON, Esq.	JOHN MOLSON, Esq.
THE HON. FREDRICK W. TORRANCE M.A., B.Q.L.	JOSEPH HICKSON, Esq.

PRINCIPAL:—

JOHN WILLIAM DAWSON, M.A., LL.D., F.R.S., *Vice-Chancellor.*

FELLOWS:—

VEN. ARCHDEACON LEACH, D.C.L. LL.D., *Vice-Principal and Dean of the Faculty of Arts.*
HENRY ASPINWALL HOWE, LL.D.
THE HON. J. J. C. ABBOTT, D.C.L., Q.C., *Dean of the Faculty of Law.*
GEORGE W. CAMPBELL, M.A., M.D., LL.D., *Dean of the Faculty of Medicine*
REV. JOHN COOK, D.D., *Principal of Morrin College, Quebec.*
ALEXANDER JOHNSON, M.A., LL.D., *Professor of Mathematics and Natural Philosophy,*
Vice-Dean of the Faculty of Arts.
REV. GEORGE CORNISH, M. A., LL.D., *Professor of Classical Literature.*
REV. HENRY WILKES, M. A., D.D., LL. D., *Principal and Professor of Theology and Church*
History in the Congregational College of British North America.
REV. D. H. MACVICAR, LL.D., *Principal and Professor of Theology in the Presbyterian College*
of Montreal.
R. A. RAMSAY, M. A., B.C.L., *Representative Fellow in Arts.*
JOHN REDDY, M. D., *Representative Fellow in Medicine.*
WILLIAM H. HICKS, Esq. *Principal of McGill Normal School.*
REV. JOHN JENKINS, D. D., *Chairman of the Protestant Board of School Commissioners for the*
City of Montreal.
J. J. McLAREN, M. A., B.C.L., *Representative Fellow in Law.*
EDWARD HOLTON, B.C.L., *Representative Fellow in Law.*
CONSALVE DOUTRE, D.C.L., *Professor of Civil Procedure.*
SAMUEL B. SCHMIDT, M.D., *Representative Fellow in Medicine.*
JOHN R. DOUGALL, M.A., *Representative Fellow in Arts.*
WILLIAM H. KERR, Q. C., D.C.L., *Acting Dean of the Faculty of Law.*
REV. J. CLARKE MURRAY, LL.D., *Professor of Logic.*
ROBERT CRAIK, M. B., *Professor of Chemistry.*

[The Governors, Principal and Fellows, constitute, under the Charter, the Corporation of the University.]

SECRETARY, REGISTRAR AND BURSAR:—

[And Secretary of the Royal Institution.]

WILLIAM CRAIG BAYNES, B. A., *Residents and Office, East Wing, McGill College.*
Office hours, 10 to 2.

Faculty of Medicine.

GEORGE W. CAMPBELL, A.M., M.D.,
Emeritus Professor of Surgery, and Dean of the Faculty, 707 Sherbrooke Street.

WILLIAM E. SCOTT, M.D.,
Professor of Anatomy. 34 Beaver Hall Terrace.

WILLIAM WRIGHT, M.
Professor of Materia Medica and Pharmacy. 21 Mance Street.

ROBERT P. HOWARD, M.D.,
Professor of the Theory and Practice of Medicine. 47 Union Avenue.

DUNCAN C. McCALLUM, M.D.,
Professor of Midwifery, and Diseases of Women and Children.
45 Union Avenue.

J. W. DAWSON, LL.D., F.R.S., &c.,
Professor of Natural History. East Wing McGill College.

ROBERT CRAIK, M.D.,
Professor of Chemistry, Registrar and Treasurer of the Faculty. 2 Cathcart
Street, facing Phillips Square.

G. E. FENWICK, M.D.,
Professor of the Principles and Practice of Surgery. 24 Beaver Hall Terrace.

JOSEPH MORLEY DRAKE, M.D.
Emeritus Professor. 35 Beaver Hall

G. P. GIRDWOOD, M.D.,
Professor of Practical Chemistry. 28 Beaver Hall Terrace.

GEORGE ROSS, M.A., M.D.,
Professor of Clinical Medicine. 49 Union Avenue.

WILLIAM OSLER, M.D.,
Professor of Institutes of Medicine. 26 Beaver Hall Terrace

T. G. RODDICK, M.D.,
Professor of Clinical Surgery. 557 Dorchester Street.

ROBERT T. GODFREY, M.D.,
Professor of Hygiene and Public Health, 960 St. Catherine.

WILLIAM GARDNER, M.D.,
Professor of Medical Jurisprudence. 525 St. Joseph Street

FRANCIS J. SHEPHERD, M.D.
Demonstrator of Anatomy. 39 Beaver Hall

RICH. L. MACDONNELL, B.A., M.D. WM. A. MOLSON, B.A., M.D.
Assistant Demonstrators.

JAS. C. CAMERON, M. D.
Curator of Museum.—Montreal General Hospital

H. ASPINWALL HOWE, A.M., LL.D.,
Matriculation Examiner. 405 Sherbrooke Street.

Matriculation Examiner of the Faculty.—Professor H. ASPINWALL HOWE, LL. D.

The forty-fourth Session of the Medical Faculty of McGill University will be opened on Monday October, 2nd 1876, with a general Introductory Lecture at 11 a.m. The regular lectures will commence on Tuesday the 3rd Oct., at the hours specified in the time-table, and will be continued during the six months following.

It affords the Faculty much pleasure to be able to announce that the beautiful and commodious new building erected by the Governors of the University for the use of the Medical Faculty, has been completed and is now occupied by the Faculty.

The class tickets for the various courses are accepted as qualifying candidates for examination before the Universities and Colleges of Great Britain and Ireland, the Medical Boards of the Army and Navy, and the College of Physicians and Surgeons of Ontario.

To meet the circumstances of the General Practitioners in British North America, where there is no division of the profession into Physicians and Surgeons exclusively, the degree awarded upon graduation is that of "Doctor of Medicine and Master of Surgery." This designation is also appropriate, as it agrees with the general nature and character of the previous curriculum demanded of the candidates for this double rank, as is fully specified hereafter. The degree is received by the College of Physicians and Surgeons of Lower Canada.

To intending students desirous of information upon the best manner of pursuing their studies, the following suggestions are made by the Faculty :—

Exclusive of general education, professional reading for some time previous to matriculation, is advised as a preparation, whereby familiarity with technical terms will be gained and an insight obtained into the subjects to be brought under notice during lectures.

The student is advised to pass the Matriculation Examination in March so that his four years of pupilage may expire at the close of a winter session. A certificate of having passed such examination before the examiners appointed by the College of Physicians and Surgeons of Ontario will be accepted by this University.

N. B. The Medical Council of Ontario now requires all students from that Province to pass their Matriculation Examination in Ontario before pursuing their studies elsewhere.

While the University regulations permit a student to graduate after three years' attendance upon lectures, provided he furnish proof that he has studied one year in addition with a private practitioner, yet he is recommended to devote four sessions to systematic instruction, as less time is scarcely sufficient for acquiring a fair knowledge of the many subjects which compose the curriculum.

As daily bed-side instruction is essential to the student of medicine, the undergraduate is earnestly advised to spend at least the last two summers in availing himself of the opportunities afforded by the large hospitals—general and lying in—of our city; in which, moreover, dresserships should be obtained.

Enregistration is necessary every Session. It is required upon entrance; or as soon afterwards as possible, and always before any class tickets are procured. The time fixed for closing the Register is annually on the 30th of November,

Class tickets are payable in advance, and if not taken out during the current session will not be granted after its expiration.

A Medical Session or *annus medicus*, consists of enregistration and attendance upon at least two six months' courses or one six months' and two three months' courses.

COURSES OF LECTURES.

1. **ANATOMY.**—[Prof. Scott]—The importance of Anatomy, both descriptive and in its relations to Medicine and Surgery, is duly considered by the Professor, who employs chiefly the fresh subject in the illustration of the lectures, aided, however, by dried preparations, wax models, plaster casts of dissections, plates &c, the full size of life.

The Dissecting Room, which is open from 8 a.m. to 10 p.m.—is large, well ventilated and supplied with every convenience, such as gas, water, &c., &c. It is under the direct supervision of the Professor of Anatomy aided by the Demonstrators. The Demonstrators are constantly in attendance during certain hours every day, to direct and instruct students in Practical Anatomy, and the Professor also daily visits the Room to superintend and examine Students engaged in dissection. Abundance of fresh material for dissection will be provided.

2. **CHEMISTRY.***—[Prof. Craik.]—Inorganic Chemistry is fully treated: and a large portion of the course is devoted to Organic Chemistry and its relations to Physiology. The branches of Physics bearing upon or connected with Chemistry also engage the attention of the class. For experimental illustration, abundant apparatus is possessed by the Professor, among which may be enumerated, a powerful Air Pump—Oxy-Hydrogen Microscope—Polariscope—extensive series of Models of Crystals—Electrical and Galvanic apparatus, Steam engine, &c., &c.

3. **MATERIA MEDICA.**—[Prof. Wright]—This course is illustrated from a cabinet of Pharmacological objects; by plates of Medicinal Plants [Wagner, Roque, Stevenson and Churchill]; by dried specimens; by carefully prepared Microscopical objects, &c., &c. Analytical experiments with the ordinary re-agents are also shown, and diagrams with other illustrations are used.

4. **INSTITUTES OF MEDICINE.**—[Prof. Osler]—This course comprises Histology, Physiology, and General Pathology. The lectures are illustrated by apparatus, diagrams, plates, and Microscopic preparations of the various tissues, and by Pathological specimens from the Museum. Extra demonstrations are held every Saturday afternoon. Voluntary Courses of three months each on Practical Physiology and Microscopy, are organized throughout the entire year.

* Students are permitted, if desired, to be examined upon this branch separately, at the end of their second medical year, after having attended two six months' courses.

5. PRACTICE OF MEDICINE.—[Prof. Howard.]—The extensive series of plates contained in the Library, (Lebert, Cruveilhier, Carswell, Hope, Alibert, Willan, Bateman, &c.) will be employed; also Morbid preparations and Models of diseased parts.

6. SURGERY.—[Prof. Fenwick.]—Divided into Principles and Practice, including Surgical Anatomy and Operative Surgery, exhibited on the subject. The various surgical instruments and apparatus exhibited, and their uses and applications explained and practically illustrated.

7. MIDWIFERY.—[Prof. McCallum.]—Including diseases of females and infants; illustrated by a series of drawings on a large scale, by humid preparations, by models in wax, by the use of the artificial Pelvis, and by cases in the wards of the Lying-in Hospital.

8. MEDICAL JURISPRUDENCE.—[Prof. Gardner.]—Includes Insanity and Toxicology. The modes of testing for poisons are exhibited, and post-mortem appearances illustrated by plates.

9. CLINICAL SURGERY.—[Prof. Roddick.]—The Lectures in this course are in illustration of Surgical cases under observation in the Wards of the General Hospital. Bed-side instruction is followed up daily, and all operations are performed in the presence of the class. The lectures are illustrated by cases under surgical treatment, by plates surgical apparatus, morbid specimens, models and the use of the microscope.

10. CLINICAL MEDICINE.—[Prof. Ross.]—Taught by lectures and at the bed-side—Physical Diagnosis is taught practically, and each pupil required to take part in it. Examination of the Urine, chemical and microscopical, explained and illustrated.

11. HYGIENE AND PUBLIC HEALTH.—[Prof. Godfrey.]—A course of twelve or more lectures will be delivered on this subject; and as it is one of great and increasing importance, all Students are earnestly recommended to attend.

12. BOTANY AND ZOOLOGY.—[Prof. Dawson.]—The course in Botany is illustrated by specimens, diagrams, models, and the microscope. Students have access without any additional fee to the lectures in Zoology in the Faculty of Arts, and to the Natural History Museum of the University and the Museum of the Natural History Society of Montreal.

Prizes will be awarded at the end of each Session, to Students in Botany of the class of the previous Session, for the best *Named Collections* illustrative of the Flora of Canada. The collections, or duplicates of them, to remain in the College Museum.

13. PRACTICAL CHEMISTRY.—[Prof. Girdwood.]—Thorough instruction is given in the different departments of Practical Chemistry in the splendid new Laboratory of the Faculty, under the personal supervision of the Professor. The course includes blowpipe manipulations, qualitative and quantitative analysis, toxicological investigations, &c., &c.

SUMMER COURSE OF PRACTICAL CHEMISTRY.—For the convenience of those students who pass the summer months in the city, a summer course of Practical Chemistry has been arranged, consisting of the same number of lectures and demonstrations, and being in every way equivalent to the usual winter course.

SUMMER SESSION.

In order that the unusual advantages afforded by the Hospitals and other Institutions of the city, for the practical study of different branches of the Profession may be rendered as fully available to Students as possible, a three months Summer Session has been established.

The Summer Session does not form a necessary part of the curriculum, but has been established to allow the student facilities for acquiring practical knowledge of disease, when his time is no otherwise occupied in attendance upon lectures.

Further particulars of the Summer Session will be found at the end of this announcement.

LIBRARY AND MUSEUM

The Library contains upwards of 4,000 volumes, including the most useful books of reference, as well as the most elementary; the works of the older authors as well as the most recent. It is open to Students without charge, under necessary regulations for the care of the books. The Museum contains a large number of preparations, chiefly Pathological; also wax and papier-mache models.

HOSPITALS.

The Montreal General Hospital affords ample means for the instruction of Students in Clinical Medicine and Surgery. The daily number of beds occupied by patients averages from 130 to 140, and during epidemic visitations has reached a much higher number. In addition to the Hospital proper, which is devoted to Medical and Surgical cases, there is a detached Hospital in which the several forms of Fever may be studied. The Governors have also erected an Hospital for Children, contiguous to the Reid Wing of the present building. The students have thus an opportunity of becoming familiar with nearly all the diseases of suffering humanity, and with the peculiarities imparted to them by infancy, adolescence, maturity and declining age.

The large number of out-door patients that are treated in the Hospital, averaging from sixty to seventy daily—supply illustrations of most of the diseases of infants and children, of very many of the eye and skin, and of those chronic and ill-defined ailments, which, as they do not require admission to the wards of an hospital, would not otherwise come under the observation of the student, although, on account of their variety and frequency, of great importance to the Physician.

The shipping contributes a great many examples of accidents and surgical cases.

Arrangements are now in progress for the appointment of an Ophthalmic and Aural Surgeon to the Hospital, giving to students an opportunity of becoming familiar with all classes of diseases of the Eye and Ear, and with the latest and most approved methods of treatment for their alleviation and cure.

The fee for a six months' ticket is Eight Dollars; for a perpetual ticket Twenty Dollars if paid in advance. Twenty-four Dollars if not paid in advance.

The Operating Room (used also for a lecture room) is so constructed as to suit the convenience of the students in obtaining a good view of the operations.

The University Lying in Hospital is under the direction of the Professor of Midwifery. Students who have already attended one course of his lectures, are furnished with cases in rotation; and they are advised to attend this Institution as much as possible during the Summer, when as there are as many patients and not so many pupils

as in winter, a larger proportion of cases falls to the share of each. Moreover, in this way more attention can be given to their duties during the winter. The fee for a six months' ticket is Five Dollars.

By the kindness of the authorities of the Grand Trunk and other Railways, arrangements have been made by which certified students of this University will be granted return tickets from Montreal to any part of their lines at greatly reduced rates; the said tickets to hold good from the close of one session to the beginning of the next. Return tickets will also be granted for the Christmas vacation.

PAST SESSION.

The total number of students enregistered in this Faculty during the past session was 148, of whom there were from ;

Ontario	86	New Brunswick	3
Quebec	42	P. E. Island	5
Nova Scotia	4	West Indies	1
United States		7	

The following gentlemen, 21 in number, have passed their Primary Examinations on the following subjects: Anatomy and Physiology, Chemistry, Materia Medica and Pharmacy, Institutes of Medicine and Botany and Zoology, their names, and residences are as follows :

NAME.	RESIDENCE.
Armstrong, George E.....	Montreal, Q.
Bell, James.....	North Gower, O.
Boyle, Albert.....	Charlottetown, P. E. I.
Brodie, John.....	North Georgetown, Q.
Burland, Samuel C.....	Cambridge, Mass., U. S. A.
Cannon, Gilbert.....	Alma, O.
Cameron, Duncan H.....	Perth, O.
Collison, Robert.....	Matilda, O.
Cotton, Cedric L.....	Cowansville, Q.
Faulkner, Daniel W.....	Holloway, Ont.
Fortier, Alexandre.....	River David, Q.
Fraser, Alexander C.....	Wallaceburgh, O.
Gillis, John A. F.....	Summerside, P. E. I.
Greaves, Henry C.....	Barbadoes, W. I.
Jamieson Alexander, B. A.....	Lancaster, O.
Lane, John A.....	Prescott, O.
Law, William K.....	Richibuctou, N. B.
Miner, Frank. L.....	Abercorn, Q.
Oakley, William D.....	Plattsville, O.
Park George A.....	St. Marthe, Q.
Smellie, Thomas S. D., M. A.....	Fergus, O.

The following gentlemen, 34 in number, have passed their Final Examinations for the degree of M. D., C. M., from this University. These examinations are both written and oral, and are on the following subjects: Principles and Practice of Surgery, Theory and Practice of Medicine, Obstetrics and Diseases of Women and Children, Medical Jurisprudence and Hygiene,—and also Clinical Examinations in Medicine and Surgery conducted at the bedside in the Hospital, and a Thesis on some medical subject.

The names of the successful candidates, their residences and the subjects of their thesis, are as follows :

NAME.	RESIDENCE.	THESIS.
✓ Baynes Donald, M. A.	Montreal, Q.	Bronchocele.
✓ Campbell, James	London, O.	Spasmodic Asthma.
✓ Clarke, Fincastle G. B.	Collingwood, O.	Bloodless Operations.
✓ Colquhoun George	Grenville, O.	Clinical Reports.
✓ Cook, Guy R., B. A.	Aultsville, O.	Bronchitis.
✓ Cooke, William Henry	Drummondville, Q.	Food.
✓ Coyle, Henry W.	Berthier, Q.	Erysipelas.
✓ Craig, Thornton	Glengarry, O.	Erysipelas.
✓ Cream, Thomas N.	Quebec, Q.	Chloroform. } }
✓ Crothers, William	Clarenceville, Q.	Clinical Reports.
✓ Eberlé, Harry A.	Morpeth, O.	Pneumonia.
✓ Gray, John S.	Heckston, O.	Uterine Hæmorrhage.
✓ Grear, Thos. A.	Colborne, O.	Spermatorrhœa.
✓ Hunt, Henry	Notfeld, O.	Clinical Notes.
✓ Johnson, James B.	Weston, O.	Hospital Reports.
✓ Lang, Christopher McL.	Owen Sound, O.	Ankylosis.
✓ Levi, Reuben	Montreal, Q.	Lobar Pneumonia.
✓ McIlmoyl, Henry A.	Iroquois, O.	Typhoid Fever.
✓ MacDonnell, Richard L., B. A.	Montreal, Q.	Medical Cases.
✓ McRae, George	Renfrew, O.	Typhoid Fever.
✓ Metcalfe, Henry J.	Riceville, O.	Diabetes Mellitus.
✓ Monroe, Alexander	Montreal, Q.	Tubercle.
✓ Murray, Chas. H., B. A.	Montreal, Q.	Hospital Reports.
✓ Powell, Robert H. W.	Ottawa, O.	Surgical Cases.
✓ Reddy, Herbert L., B. A.	Montreal, Q.	Hospital Reports.
✓ Ritchie, Arthur F., B. A.	Montreal, Q.	Tubular Nephritis.
✓ Robinson, Stephen J.	Brantford, O.	Typhoid Fever.
✓ Secord Levi	Brantford, O.	Pulmonary Emphysema.
✓ Smith William	Lachute, Q.	Alcohol.
✓ Snider, Fred. S.	Simcoe, O.	Acute Artic-Rheumatism.
✓ Stevenson, Charles N.	Samia, O.	Clinical Reports.
✓ Storrs, Arthur	Cornwallis, N. S.	Post Part. Hæmorrhage.
✓ Stroud, Charles S.	Montreal, Q.	Syphilis.
✓ Young Philip R.	Clarenceville, Q.	Hospital Reports.

Of the above named gentlemen Mr. R. H. W. Powell is under age. He has, however, passed all the examinations and fulfilled all the requirements necessary for graduation, and only awaits his majority to receive his degree.

The following gentleman, 17 in number, passed their examination in Theoretical Chemistry:

F. S. Greenwood,
James J. Guerin,
J. D. Cameron;
F. J. Stafford,
M. C. Rutherford,
J. R. Fraser,

Milton McCrimmon,
H. H. Gardner,
W. B. Gibson,
A. P. Chisholm,
Robert Bell.
H. N. Vineberg.

George W. Kirk.
N. Ayer.
D. F. Smith.
J. K. McKinlay.
M. Beckstead.

Students who have passed the examination in Botany and Zoology:

MEDAL AND PRIZES.

The Medical Faculty Prizes are three in number:

1st The Holmes Gold Medal, awarded to the student of the graduating class who receives the highest aggregate number of marks for the best examinations, written and oral, in both Primary and Final branches and for his inaugural thesis.

2nd. A prize in books awarded for the best examination, written and oral, in the Final branches. The gold medallist is not permitted to compete for this prize.

3rd. A prize in books awarded for the best examination, written and oral, in the Primary branches.

The Holmes Gold Medal was awarded to Robert H. W. Powell of Ottawa, O.

The prize for the Final Examination was awarded to Charles H. Murray, B.A., Montreal, Q.

Although there are but two regular prizes given to students of the graduating class, a Special prize has been awarded by the faculty to Richard L. MacDonnell, B.A., for general proficiency, and the excellent character of his inaugural thesis.

The prize for the Primary Examination was awarded to Alexander C. Fraser, Wallaceburg, O.

The following gentlemen, arranged in the order of merit, deserve honourable mention :—In the Final Examination, Messrs. MacDonnell, Ritchie, Young, Hunt, Smith, Secord, and Lang.

In the Primary Examination, Messrs. Bell, Cotton, Oakley, Smellie, Jamieson, Miner, and Armstrong.

PROFESSORS' PRIZES.

PRACTICAL CHEMISTRY. - - - D. F. Smith

BOTANY—Neilson & Oakley ZOOLOGY—Henderson.

PRACTICAL ANATOMY.

Demonstrator's prize in the Senior Class, awarded to William D. Oakley.

Junior Class prize awarded to Wm. J. Neilson.

Honourable mention, Messrs. Webster and McCrimmon equal. Lawford, Heard, Shaw and Stevenson equal, McCully.

Deserving honourable mention for care and assiduity, Messrs. Greenwood, Vineberg, D. F. Smith, Cameron, McGuigan, and Fraser.

EXTRACTS FROM THE REGULATIONS.

§ I. *Courses of Lectures, Fees, &c.*

1st. Each Professor shall deliver at least five Lectures during the week, except in the classes of Clinical Medicine and Clinical Surgery, in which only two Lectures shall be required; and in that of Medical Jurisprudence, if extended through six months, in which case three Lectures a week will suffice.

2nd. Each Lecture shall be of one hour's duration.

3rd. Every Professor shall occasionally examine his class upon the subjects treated of in his preceding Lectures, and every such examination shall be considered a Lecture.

4th. A roll of the names of the Students attending each class shall be called from time to time.

5th. All tickets which have not a certificate of attendance attached, shall be rejected when presented as testimonials previous to examination, unless the omission shall be satisfactorily accounted for.

6th. The Fee for each class shall be \$12, with the following exceptions; for that of Medical Jurisprudence, \$10; for Botany and Zoology, \$5; Practical Anatomy \$6. The class-fees are payable in advance.

7th. Any Student, after having paid the Fees, and attended two courses of any class, shall be entitled to a perpetual ticket for that class.

8th. The courses of all the classes, except those of Clinical Medicine, Clinical Surgery and Medical Jurisprudence, shall be of six months' duration, the classes of Clinical Medicine and of Clinical Surgery of three months' duration, Medical Jurisprudence of three months, in which case Five lectures a week shall be given; or of six months, in which case only three Lectures a week shall be required.

9th. The courses shall commence on the first week of October, and with the exception of a vacation at Christmas, shall continue to the end of March.

10. The Matriculation Examination shall be that recommended by the Council for Medical Education and Registration of Great Britain. Examinations in conformity therewith, will be held the first Saturday in October and the last Saturday in March of each year. Applications may be made to the Registrar of the Faculty till the evening of the previous day. The requirements of the standard for matriculation are:—"Compulsory—English Language, including grammar and composition; Arithmetic, including vulgar and decimal fractions; Algebra including simple equations; Geometry, first two books of Euclid; Latin translation and grammar:—and one of the following optional subjects:—Greek, French, German, Natural Philosophy, including mechanics, hydrostatics, and "pneumatics."

Graduates in Arts of recognized Universities are not required to submit to the Matriculation Examination, and a certificate of having passed this Examination before the College of Physicians and Surgeons of Ontario will be accepted by this University.

§ 2. *Qualifications and Studies of Students and Candidates for the Medical Degree.*

1. All Students desirous of attending the Medical Lectures, shall at the commencement of each Session, enrol their names and residences in the Register of the Medical Faculty, and procure from the Registrar a ticket of Enregistration, for which each Student shall pay a fee of \$4; excepting in the Clinical Classes, in which enregistration for students of other Schools shall not be compulsory.

2. The said Register shall be closed on the last day of November in each year, and no tickets obtained from any of the Professors shall be received without previous Enregistration.

3. No one shall be admitted to the Degree of Doctor of Medicine and Master of Surgery, who shall not either:—1st, have attended Lectures for a period of at least four six months' sessions in this University, or some other University, Collège, or School of Medicine, approved of by this University; or 2ndly, have studied medicine during at least four years, and during that time have attended Lectures for a period of at least three six months' Sessions, either in this University, or some other University, Collège, or School of Medicine, approved of by this University.

4. Candidates for the final Examination shall furnish Testimonials of attendance on the following branches of Medical Education, viz:—

<i>Anatomy.</i>	}	<i>Of which two Courses will be required, each of six months duration.</i>
<i>Chemistry.</i>		
<i>Materia Medica and Pharmacy.</i>		
<i>Institutes of Medicine.</i>		
<i>Principles and Practice of Surgery.</i>		
<i>Midwifery and Diseases of Women and Children.</i>		
<i>Theory and Practice of Medicine.</i>	}	<i>Of which two Courses will be required each of three months duration.</i>
<i>Practical Anatomy.</i>		
<i>Clinical Medicine.</i>	}	<i>Of which one Course will be required, of three months duration.</i>
<i>Clinical Surgery.</i>		
<i>Medical Jurisprudence.</i>	}	<i>Of which one Course will be required, of three months duration.</i>
<i>Botany or Zoology.</i>		
<i>Practical Chemistry.</i>		

Provided however that Testimonials equivalent to, though not precisely the same as those above stated, may be presented and accepted.

5th. The Candidate must give proof by ticket, of having attended during twelve months the practice of the Montreal General Hospital, or that of some other Hospital approved of by this University.

6th. He must also give proof by ticket, of having attended at least six months the practice of the University or other Lying-in Hospital approved of by this University, and of having attended at least six cases of accouchement.

7th. No one shall be permitted to become a Candidate for examination who shall not have attended at least One Session of this University, and one full course of all the branches included in its curriculum.

8th. Courses of less length than the above will only be received for the time over which they have extended.

9th. Every Candidate for the Degree must on or before the Fifteenth of February present to the Dean of the Medical Faculty testimonials of his qualifications, entitling him to an examination, and also a Thesis or Inaugural Dissertation, written by himself, on some subject connected with Medical or Surgical Science, in the Latin, English or French Language. He must at the same time deliver to the Dean of the Faculty the following Certificate:—

I, the undersigned being desirous of obtaining the Degree of Doctor of Medicine and Master of Surgery, do hereby declare that I have attained the age of twenty-one years, or (if the case be otherwise,) that I shall have attained the age of twenty-one years before the next graduation day, and that I am not (or, shall not be at that time) under articles as a pupil or apprentice to any Physician, Surgeon or Apothecary. [Signed,] A. B.

10th. The trials to be undergone by the candidate shall be :—

(1) The private examination of his Thesis as evidence both of Medical and general acquirements, followed (if approved) by its public defence.

(2) A general examination on all the branches of Medical and Surgical Science, oral, and by written papers.

(3) The Clinical Professors shall conduct the examinations of members of their classes at the bed-side, submitting to them cases for diagnosis and treatment in the wards of the Hospital; they shall also in estimating the standing of members of their classes, and the number of Marks to be awarded, take into account the regularity of their attendance and the diligence and care they evince in reporting cases.

These examinations will be divided into Primary and Final, the former comprehending Anatomy, Chemistry, Materia Medica, Institutes of Medicine, and Botany or Zoology; the latter—Practice of Medicine, Surgery, Midwifery, Clinical Medicine, Clinical Surgery and Medical Jurisprudence. It will be optional with the student to present himself for the Primary Examination at the end of the Third Session or the Third Year, for Botany at the end of the First Year and for Chemistry at the end of the Second Year.

11th. The following Oath or affirmation, will be exacted from the Candidate before receiving his degree.

SPONSIO ACADEMICA.

In Facultate Medicinæ Universitatis.

Ego, A————B————; Doctoratus in Arte Medica titulo jam donandus Sancto coram Deo cordium scrutatore, spondeo, me in omnibus grati animi officiis, ergo hanc Universitatem ad extremum vitæ halitum, perseveraturum, tum porro artem medicam, caute, caste et probe exercitaturum; et quoad in me est, omnia ad aegrotorum corporum salutem conducentia, cum fide procuraturum; quae denique, inter medendum, visa vel audita silere conveniat, non sine gravi causa vulgaturum. Ita praesens mihi spondenti adsit Numen.

12. The Fee for the Degree of Doctor of Medicine and Master of Surgery shall be twenty dollars, to be paid by the successful candidate immediately after examination, together with a Registration Fee of one dollar.

13th. The money arising from the Fees of Graduation, as well as those of Enregistration, shall be applied to the enlargement of the Medical Library and Museum, and to defraying their expenses.

BOOKS RECOMMENDED TO STUDENTS.

ANATOMY.—Gray, Wilson, Ellis, Dublin Dissector, Sharpey and Quain.

CHEMISTRY.—Fownes, Miller, Roscoe.

PRACTICAL CHEMISTRY.—Odling, Galloway: Fresenius.

MATERIA MEDICA.—Pereira's Manual by Farre, Bentley and Warrington.

INSTITUTES OF MEDICINE.—*Physiology*.—Kirke's Hand-book, Dalton, Carpenter, Flint, Huxley. *Pathology*.—Williams' Principles of Medicine, Jones & Sieveking.

SURGERY.—Holmes' Surgery, Miller's do, Erichsen's do, Druitt's do.

PRACTICE OF MEDICINE.—Aitken, Wood, Watson, Barlow, and Flint.

MEDICAL JURISPRUDENCE.—Orfila *Medicine Legal*, Taylor's Jurisprudence, Guy's Forensic Medicine.

MIDWIFERY.—Churchill, Ramsbotham, Cazeau.

N. B.—Boarding may be obtained at from twelve to sixteen Dollars per month.

SUMMER SESSION, 1876.

-
- DR. DRAKE.—
DR. MCCALLUM.—
DR. GODFREY.—
- { Clinical instruction daily at bed-side in
Montreal General Hospital.
A limited number of Dresserships and Clinical Clerkships may be obtained on applying to the out-door and attending Physicians.
- DR. ROSS.— Physical Diagnosis.
- DR. RODDICK.— Minor Surgery. Application of Bandages and Splints. Surgical Anatomy on the Cadaver.
- DR. GARDNER.— Electro-Therapeutics; the practical application of Electricity in disease.
- DR. BULLER.— A course of fifteen Lectures on diseases of the Eye, including instructions in the use of the Ophthalmoscope and practical demonstrations of Intra-ocular Lesions.
- DR. GIRDWOOD.— Practical Chemistry, including Blowpipe manipulations, qualitative analysis, toxicological investigations, &c., &c. Fee, \$12.
- DR. OSLER.— Practical Histology—Normal and Pathological. A course of twenty-five lessons. Microscopes, re-agents and material provided. Fee, \$15. (To be devoted, after paying necessary expenses, to Physiological Laboratory Fund.)
- DR. OSLER.— Practical Pathology—a course of twenty demonstrations in the Post-mortem Room.

All the Lectures and Demonstrations will be free, with the exception of the Practical Histology and Practical Chemistry courses. The latter forms part of the curriculum, and may be taken by students either in the Winter or Summer Sessions.

The Session will begin on May 1st, and continue three months.

For further information apply to the Registrar.

Students of the University.

Session 1875-6.
