tables turned on them on the 29th, when the Ohionians won a good game 8 to 2, twelve innings being played.

The Tecumsehs of London, on Saturday, at the Forest City, took the Buckeyes into camp to the lively tune of 4 to 8.

The game at Toronto on Saturday, between the Maple Leafs of Guelph and the Rochester, N.Y., team, was won by the former by 7 to 8 in a nine innings game.

A savage foul tip flew from the bat at the Auburn-Rochester game, at Rochester, N.Y., last week, struck the roof of the grand stand and knocked out a large knot in one of the boards over the ladies' heads. Whereupon a veteran punster in the reporters' stand decided "knot out!" occasioning a smile.

On Thursday of last week, the Standards of Hamilton, on their own ground, flagellated the Achilles of Toronto (students of St. Michael's College,) by a score of 17 to 2.

At Buffalo, N.Y., on the 27th ult., the Tecumsehs, champions of Canada, chieftained the Eries, of Erie Penn., 4 to 0.

Fully 2,000 people witnessed the game at Guelph on July 2, between the Maple Leafs and the Rochesters. The latter only scored in one innings, the fifth, and the play concluded with the tally of 8 to 3 "agin the furriners."

A great crowd assembled at London, on Monday, to witness the game between the Hartfords of Brooklyn, N.Y., and the Tecumsehs. It was a fine game up to the ninth innings, when the Canucks became demoralized, and the Yanks, putting in their best licks, made seven runs in succession, closing the game with the totals of 18 to 8.

The Royal Oaks of Bowmanville, at their own town, on Monday, added one to their score of games for the amateur Canadian championship by giving a severe lesson to the amateur Maple Leafs of Guelph. The figures were 22 to 8. 'Twas not always thus with the M.L.

The Tecumsehs left for their western and south-western tour on Tuesday last.

The Standards of Hamilton had a soft game with the Stars of Cayuga, at the former city, on Saturday last; the Stars having to be content with a score of 4 (all made in the 9th innings) to their opponents' 25.

The Buckeyes of Ohio outplayed the Standards at Hamilton on Monday, in the proportion of 8 to 4.

**NEWSPAPER DECISIONS.**

1. Any person or persons who takes a paper regularly from a Post Office, whether directed in his name or another's, or whether he has subscribed or not, is responsible for payment.
2. If a person orders his paper discontinued, he must pay all arrears, or the publisher may continue to send it until payment made, and then collect the whole amount, whether the paper is taken from the office or not.
3. The Courts have decided, that refusing to take newspapers or periodicals from the Post Office, or removing and leaving them uncalled for, is *prima facie* evidence of intentional fraud.

**PRODUCE STAKES.**

One of the essential elements to the success of racing is, without doubt, the institution of stakes, especially for young horses. If such could be accomplished in Canada a great step in the advancement of the turf would be made, and at the same time a value would be attached to our juvenile thoroughbreds, something in proportion to their worth. This is a matter in which breeders are more deeply interested than even managers of racing associations. The greater percentage of the benefit would be realized by the producers of our fine stock, and on them devolves, to a great extent, the labor of this reform or innovation in our system. It must not be expected that racing

editor of some of our leading journals whose columns are devoted to the matter in question. As his rulings are to a great extent looked upon as law, and are quoted as an authority, the greatest care should necessarily be exercised in this department, giving his statement in the fullest sense to the enquirer and not hedging it around with any uncertainty, or mystifying it by omissions. Our attention has been called to this matter by a couple of answers to correspondents noticed the past week or two. Without individualizing their sources we will quote them. The first one is as follows:

Joy, Clearfield, Pa.—What is the fastest time for a running horse for one mile up to present time? What horse, when and where? Ans.—Col. Kelly's celebrated horse Eclipse is said to have run, as near as we can now recall, a mile in one minute on the Epsom Downs. Cannot specify date exactly, but as near as memory serves about 1797.

Here is an answer that would break any sporting man in the world. Eclipse is known to have been a very fast horse, but he or any other horse never arrived at that degree of speed. It seems impossible that such a reply to a query could be given by a paper making a specialty of this department; but there it is. The correct answer would have been—"1:39½, Ten Broeck, at Louisville, Ky., May 24, 1877."

The second one is here given:—  
Rumex, Yonkers.—Please oblige a reader of your paper, by stating the fastest time on record, of a mile run by any person. Answer.—Four minutes.

This is to a certain extent correct, but there is a serious omission. The mile in four minutes was run in *four* starts of a quarter of a mile each, with a rest between each trial. A man would hardly feel pleased at losing his money on such a decision, if he was acquainted with the circumstances under which the feat was accomplished. The proper answer would have been "4:02, part down hill; 4:17½, level ground." Too much care cannot be exercised in answering such queries, as a great deal of trouble is liable to be created, and erroneous impressions formed, from reading such decisions.

**THE QUEEN'S PLATE, QUEBEC.**

A large and influential meeting of the Quebec Turf Club, took place last week, at the Albion Hotel. It was decided that this season's meeting should take place over the Plains of Abraham course, on Tuesday and Wednesday, the 24th and 25th of July next, for each of which days a two miles dash hurdle race is on the program, together with several flat races, including the Queen's plate, of two miles dash, and the Mayor's purse of one and a quarter mile heats.

**Sporting Gossip.**

Messrs. Watt and Patterson, who went to Britain in April last with a cargo of horses, arrived home at Guelph on Wednesday afternoon of last week. They are looking well after their trip.

At the Buffalo Races last week the Canadian horses showed to some advantage, Jenny Vincent, of Toronto, winning the 3:00 race, and getting a record of 2:38½ for \$50;

horse St. Paul to beat 2:36 over Woodbine early in September. The financial result will be to make one or the other of them \$200 short.

The race between Smuggler and Great Eastern at Beacon Park, Boston, on June 29, was won by the stallion, Great Eastern taking the first heat. The best time was 2:19½.

Last week Mr. Hugh McDonald of Tuckersmith, had a horse killed by lightning. It was a fine animal, being valued at \$200, and was quite a promising trotter.

In a five-year-old race at Lexington, Ky., last week, Woodford Chief distanced the field in the first heat. This was a terrible upset for the pool-sellers, as all pools had been sold with Woodford Chief barred, consequently there was no action, there being no rank between horses distanced in the same heat, and the money had to be paid back.

By our report of the Kentville, N. S. Races it will be seen that the stallion, Frank Allison, formerly owned by Hon. C. I. Douglas, of Oak Ridges, Ont., won the 2:50 race at the place. Frank Allison has a record of 2:36, and it is rather surprising to see him in such slow company. Will Mr. Mahon, his owner, rise and explain.

A gentleman in Montreal, thoroughly posted in the horse exporting trade, informs us in respect to a paragraph which appeared in the *SPORTING TIMES* having reference to the bogus sale of horses which were intended for the old country market. In that item it was intimated it was a common practice to "ring-in" worthless and unsound horses to sell them to the uninitiated, the good ones being bought in, unless remunerative prices were offered. This gentleman states the report is altogether wrong, as not a single sale of the nature described has taken place, and wishes it to be corrected, as much harm is liable to be done to legitimate sales. Our authority for the paragraph was a press telegraph report, and we are pleased to make the correction, as suggested by our informant.

It will be seen that the roan gelding Little Jake, who was campaigned through Ontario under the name of Erastus, a couple of years ago, put in an appearance at the races at Parker City, Pa., on the 20th ult. He had been for a long time expatriated by the National Association.

Mr. Fred. Ashbaugh, of Hamilton, lately purchased for Mr. Dubau, of Quebec, a fine team of bay geldings by Battersby's Warrior, from Mr. Widner, near Simcoe, Ont.

The Turf Club meeting at Guelph on Friday last, was adjourned until Wednesday of this week, at the Royal Hotel. There is every prospect of a good meeting taking place there this fall.

It is reported that an international chicken dispute between Ogdensburg and Ottawa is on the tapis. The belligerent action will probably take place near Ottawa in a short time.

Some of the American papers are puffing the performance of Baden-Baden in the Jersey Derby at Long Branch last Saturday. Most of them seem to overlook the fact that

Eph Holland, a prominent sporting man, for procuring illegal votes at the October election at Cincinnati, has been sentenced to thirteen months in the penitentiary.

The Syracuse, N.Y., Driving Park Association have suspended Mr. E. A. Jones, of Toronto, and the bay gelding Caractacus, for non-payment of entrance money.

The Montreal Horse Market of last week is reported as follows:—"No business worth mentioning is transpiring in the local trade, the bulk of transactions being confined to the export of Upper Canada horses to England and the States. Fifty horses have been shipped from the American House to the States this week, and 44 more are ready for shipment to England. The steamer Dominion, of the Dominion line, takes out 56 horses for Liverpool. American buyers are still on the market, but are not paying the prices they were a few weeks ago, sellers and buyers views being too far apart."

On Monday, Mr. George Wright, of Watford, left there with seventeen horses for the English market. They are all fine animals. This is his third trip with horses to England.

**Canadian Turf**

**OTTAWA RACES.**

The Dominion Track races came off on Wednesday and Thursday, June 27th and 28th, but nothing like the success attended the meeting which was expected from the bill of fare, which was undoubtedly a good one.

Notwithstanding, however, the committee deserve the greatest possible credit for the manner in which the two days' racing were conducted, and we think had not the Rule four to enter and three to start appeared on their bill, we should have been able to have congratulated them on having had as good a meeting as could have been desired. The rule alluded to is beyond doubt a great bug-bear to horse-racing, and it is to be hoped that ere long it will be abolished.

The Dominion Park labors under two great disadvantages. In the first place it is only a half-mile track, and secondly the great distance from the city, being nearly five miles, prevents many from attending the races, and this of course means nothing more or less than small gate money. Had the committee made arrangements with the proprietor of Matchmor Park to hold their meeting there; far better success would have attended them; and should they adopt this course for their Fall races, we think their late honorable management will of itself be sufficient to guarantee a large number of entries.

The weather on Wednesday was all that could be desired, and by two o'clock a good number of sporting men were to be found on the ground. Money, however, seemed to be dreadfully scarce, and very little pool selling took place. The following is a summary of the first event:—

OTTAWA, June 27.—\$150. Trotting. 2:50 class (bar Deceit and Deck Wright). \$100, 35, 15.

Time—2:40½, 2:38½, 2:34.

FIRST HEAT.—Maude had the pole, and at the drop of the flag went off with the lead, which she easily kept, never making a slip,

little money changed hands and instead of the excitement usually seen on a racecourse, everything was as quiet as it is possible for words to describe.

Owing to the unfavorable state of the weather, many were deterred from visiting the races the second day.

Time—2:30, 2:30½, 2:29.

In the pools Phil sold first choice, Woodstock second. The race was an easy victory, however, for Mr. Wiser's horse, he winning in three straight heats.

Same Day.—\$100. Running. Open to all; mile heats. Dominion bred allowed 10 lbs; \$75, 25.

Time—1:52.

Prof. Grimley, of New York, will make an ascension in his balloon this afternoon.

Dominion day is being celebrated in good style here, and many strangers are present. It with feelings of deep regret that we have to record the death of Mr. Sherwood of this city. For many years past Mr. Sherwood has been known on the turf as a man of fair, honest and upright principles, his last representative being Carleton who led the way to victory on several occasions in 1878. He had in his stable, at the time of his death, a very promising 8-year-old which, no doubt, would have appeared on the turf the coming fall. But alas! time or tide waits for no man, for Saturday morning Mr. Sherwood breathed his last at the age of 54.

**PRESCOTT RACES.**

THE QUEEN'S PLATE.—AMELIA THE WINNER.

Prescott Races commenced on Monday, and were well attended. The track was in good order and the weather propitious. The event of the day was of course the Queen's Plate. Owing to various circumstances the entry list for it was small. At the late hour at which our report arrived we can do nothing more than barely give a summary of the events.

Time—1:54½, 1:56.

The Queen's Plate followed. A great deal of interest was manifested in the race, and considerable money was staked on the result. All the horses came to the scratch, and after several false starts got off pretty well together, Amelia leading closely followed by Oak Leaf, Sir John and Hurricane. At the half-mile pole, Sir John came to the front and remained there until the mile pole was reached, when Amelia spurted and took a leading position keeping it to the close, and winning the race amid the applause of the audience, 2:56½, Hurricane second, Sir John third, and Oak Leaf last, she having dropped behind on the last round. ONTARIOS OF TORONTO.

The annual meeting of the Ontario Lacrosse Club, for the election of officers and other important business, was held last week in the Temperance Hall. The officers elected are as follows: Hon. Patron, H. R. H. Prince Arthur; Hon. President, His excellency, the Earl of Dufferin; Hon. Vice-Presidents, C. S. Gzowski, James Michie; President, Col. Arthur; First Vice-President, John F. Pearson; Second Vice-President, Wm. Dixon; Field Captains, Thomas Brown, Robert Hirst; Secretary, Harry Brown; Treasurer, John Fraser; Committee, C. V. Warmolt, C. Pearson, J. F. Scholes, R. Irving, J. Rice, J. Thompson, S. Hirst.

**CAUGHNAWAGAS VS. TORONTO.**—These crack teams played on the Toronto Lacrosse Ground, on Saturday. The dusky sons of the forest out-played the home team, and won an interesting match in three straight games, the time occupied being 56 min., 15 min., 30 sec., and 4 min. 20 sec.

**CAUGHNAWAGAS VS. MONTREAL.**—For a prize of \$250 the Montreal team beat the Indians at Ottawa, on Monday, in three straight games—8 min., 20 min., and 10 min. If the Montrealers can beat the Caughnawagas thusly, and the latter can beat the Torontos in a like proportion, what chance would the Torontos have with the Montreal team?

**SHAMROCKS VS. ATHLETICS.**—The contest between these teams, at the Cricket Ground, on Saturday, was witnessed by an audience of 6,000 or 7,000 people. Unfortunately, neither side was successful in winning the match, each having scored two games. The fifth game was commenced but was not played out, six o'clock having arrived, at which hour it was agreed to stop playing. The Athletics were slow in getting on the ground, waiting what might have been to them, a most valuable quarter of an hour. The Athletics captured the third and fourth games in 6 min. and 42 min. respectively; the Shamrocks having credited themselves with the first and second in 19 min. and 15 min. Before time was called the fifth game had been in progress 10 minutes.

**CAUGHNAWAGAS AND SHAMROCKS.**—It is reported that a match has been arranged between the Caughnawagas and the Shamrocks, to be played on the Cricket Ground here, in about two weeks. This will be a very attractive game.

**Horse Notes.**

While rubbing in the Columbus, O., Cup, the chestnut mare Lulu, five years old, by Asteroid, dam Edna, the property of Hon. T. J. Magrath, of Kentucky broke down. Lulu is a full sister of Lottie B, formerly owned by Mr. W. Bookless of Guelph, Ont.

In 1867 Bluk Bonnie won the Derby and Oaks. In 1877, twenty years after, her grandson, Silvio, won the Derby. It is in the blood, and blood will tell.

**HIGH PRICED YEARLINGS.**—At the sale of the Middle Park yearlings, Capt. Machell paid 1,000 guineas for a bay colt by Rosicrucian, dam Bas Bleu (dam of Blue Gown and Courleus), by Stockwell, and Mr. Cartwright paid 1,050 guineas for bay colt, (brother to Ersilia,) by Rosicrucian, dam Helen, by Prime Minister.

**CHAMANT.**—Four days before the Derby was run, Chamant showed that he was amiss. Upon trying him his speed was found to be gone. He had been backed heavily by the public, and, although Count Lagrange was hopeless of victory, he said his backers should have a chance, slim as it was, and ordered that Chamant should start.

**DERBY FIELDS.**—The largest field that ever ran in the Derby was in Caractacus' years (1862), when there were thirty-four that made the swing of Tottenham Corner. Thirty-three appeared when Taddington won in 1857.

**CRIBBITERS.**—The London Sporting Gazette says:—"The best plan with a cribbiter is to keep him in a box without a rack or manger, or, rather, with a manger which will draw out like a drawer to feed him, and he sits in perfectly level so that there

## Horse Notes.

WHILE running in the Columbus, O., Cup, the chestnut mare Elms, five years old, by Astor, dam Edna, the property of Hon. T. J. Magiben, of Kentucky broke down. Elms is a full sister of Lottie B, formerly owned by Mr. W. Bookless of Guelph, Ont.

In 1867 Bluk Bonnie won the Derby and Oaks. In 1877, twenty years after, her grandson, Silvio, won the Derby. It is in the blood, and blood will tell.

HIGH PRICED YEARLINGS—At the sale of the Middle Park yearlings, Capt. Mitchell paid 1,600 guineas for a bay colt by Rosierucian, dam Bas Blu (dam of Blue Gown and Corulens), by Stockwell, and Mr. Cartwright paid 1,050 guineas for bay colt, (brother to Ersilia,) by Rosierucian, dam Hilda, by Prime Minister.

CHAMANT—Four days before the Derby was run, Chamant showed that he was amiss. Upon trying him his speed was found to be gone. He has been bucked heavily by the public, and, although Count Lagrange was hopeless of victory, he said his backers should have a chance, slim as it was, and ordered that Chamant should start.

DERBY FIELDS—The largest field that ever ran in the Derby was in Caractacus' years (1862), when there were thirty-four that made the swing of Tottenham Corner. Thirty-three appeared when Teddington won in 1857.

CRIB-BITERS.—The London Sporting Gazette says:—"The best plan with a crib-biter is to keep him in a box without a rack or manger, or, rather, with a manger which will draw out like a drawer to feed him, and then shuts in perfectly level so that there may be no projection of which he can take hold of to crib. We know of no other remedy so efficacious as this."

SMUGGLER GIRL.—The sensation at Freeport, Ill., was the remarkable performance of the little bay mare Smuggler Girl. She is claimed as by Blanco, but breeding very obscure. She is very plain looking, but nevertheless very speedy, and quite a stayer. She was picked up last fall in Missouri for a trifling sum. She was then a pacer, developed speed as a pacer, then converted by using toe-weights of one and a half pounds and two pound shoe. She took very cleverly to trotting, and now wears one pound shoe, and eight ounce weights. She showed three trials, at Freeport, on 2:27, 2:26, 2:25, and was sold for \$2,000. If she has no bad luck, she will very likely become prominent on the turf.

Rev. W. H. Murray has entered the field as a converter of pacers. In place of using the ordinary toe-weight he attaches a leathern sack to the hoof into which lead is poured until the desired effect is produced. To each of the forward pedal extremities of a fast pacer mare he added eight pounds and a half of lead before she would trot, but, astonishing to say, with this heavy load on each foot, she trotted a 2:40 clip, and Mr. Murray is confident that, as she has come accustomed to the trotting gait, the weights can be removed. Our able correspondents on the subject should note Mr. Murray's experiment. He, by the way, is engaged in solving the problem of the production of a two-minute trotter, and is sanguine.

PRIZE FIGHT.—James Carroll and John Fulham could be a prize fight of eighty rounds, lasting two and a quarter hours, near New York, on June 24. Fulham's condition is reported precarious.

5—Seth T. Banc, Chatham, ch h CHATHAM PLANET, by Young Stranger, he by Old Stranger, of Ohio; dam supposed to be by Royal George.

6—D. S. Booth, Ottawa, b h CAPT. WEBB, by Sunshine (thoroughbred), dam the Kennedy mare, by the Washburn Horse.
