THREE DAYS' VIGOR AND BACK TO INACTIVITY — MONTREAL-LONDON HIGHER — INNATE STRENGTH OF MARKET.

Montreal, Aug. 22nd.

The immediate taking of considerable stock lately thrown on the market, brought out prominently the fundamental strength of that stock in particular and the market situation in general. For three or four days afterwards the public interest aroused in the real bullish nature of the present stock market set a lively business going. The bears on this stock were routed and seemed to have quickened earlier than usual the business activity which comes with the fall. It had been hoped that summer inertness had gone, and in so far as mining stocks goes this is true, for a fairly active movement exists in them.

To-day's business in the Stock Exchange was narrow and of no great amount. A firm and even an advancing tendency in prices was its only redeeming feature, and this was obvious in C. P. R., Toronto Ry. and Montreal-London which increased, in Republic which sold at the same. There was no slump either on the War Eagle, Duluth pfd. and Montreal Cotton though lower than at their former transactions.

Can. Pacific at  $\frac{1}{4}$  advance, 225 shares were sold, the highest price being 97 $\frac{1}{2}$ . This was held out for by sellers against 97 offered.

Toronto Ry. advanced  $\frac{1}{4}$  to 116 $\frac{1}{2}$ . Business closed with 117 $\frac{1}{2}$  wanted and 116 $\frac{1}{2}$  offered.

Duluth Pfd receded  $\frac{1}{4}$  to 13. The demand was for 14, 12 being offered.

Montreal Cotton sold  $\frac{1}{2}$  lower at 161 $\frac{1}{2}$ . Offer was made of 160 while the demand was 162.

Republic at the same price 126 $\frac{1}{2}$ . This was also the buyers' price, while the demand was for 128.

War Eagle sold 1 point lower, at 357, which was buyers' final price, 358 being wanted.

Montreal-London, at least 1 point higher at 59 which was also demanded at close, the offer being 58.

**A DESPERATE OUTLOOK.**

Little consolation can be obtained from Mr. Kent's report on the affairs of the defunct Ville Marie Bank. That 50 cents on the dollar will be paid depositors is hardly to be expected, even by his own reasoning.

The assets are.....	\$1,866,000
Double liability about.....	75,000
	<b>\$1,941,000</b>
Bad.....	726,000
Circulation, say.....	500,000
Expenses of liquidation.....	12,000
Doubtful.....	80,000
	<b>1,316,000</b>
Balance.....	625,000
	<b>1,941,000</b>

This sum of \$625,000 must all be collected to pay 50 cents to creditors. However good these assets might be were they nursed, it is a noted fact that collections are extremely difficult when pressed, and if half are secured it will much surprise us. From appearances the unfortunate creditors may receive about 25 cents on the dollar. Three liquidators have been appointed, all interests being represented by them.

**STRAWS.**

St. Paul made last week its highest record for the year.

Tennessee Coal and Iron sold at 100 yesterday.

A Montreal Company for lending money to Catholic churches at low rates is doing business in Omaha. It is willing to hold the life policies of church members who wish to borrow for the removal of these debts.

RETURNING CONFIDENCE—SLOCAN  
SOVEREIGN AGAIN STRONG—  
FAIRLY ACTIVE GENERALLY—  
DECCA SELLS AT 22.

Montreal, Aug. 22.

Confidence is fast replacing the apathy of late shown by the public in mining shares. Of the issues dealt in, all show advances, with one exception, and some sold at prices which were records, for the past three months. Everything on the market has been freely taken and we would remind our readers that, as a rule, it is safe to sell for a turn when everyone wants things. Those stocks which have had quick rises may be sold for reactions of 4c or 5c. In the meantime, investments may be made in those stocks which have either declined or not yet advanced. Buyers are giving preference to the low priced issues, amongst which may be mentioned California, which sold up to 13, Gold Hills to 9, and Slocan-Sovereign to 33. Big Three will follow. It may be bought at these prices with confidence.

Montreal-London sold at 60, at which price more could be had.

Knob Hill, which is only occasionally on the market brought 93. Okonagan was for sale at 12½ provided time for delivery of shares was granted. The par value is 5, but the capitalization is only \$80,000. The mine is a promising one.

# NEW YORK EXCHANGE.

**BEARS DEFBATED WITH LOSS TO THEMSELVES AND BENEFIT TO THE MARKET — COMMISSION HOUSES BUY.**

New York, August 22.

The break in B.R.T. yesterday demoralized the market to some extent, though not as much as might have been expected in view of the way all the Flower stocks were assailed. I am inclined to think they will receive some support to-day, although I confess I cannot but regard B.R.T. as selling on an inflated basis and likely to go lower. The other Flower stocks such as Int. Paper and P.O., I think have been unwisely and improperly depressed.

The best information I can get on South Pacific is still bullish. The same is true of S. R. and Panhandle.

There seems to be plenty of money in sight and any fear of market disturbances in that quarter may for the present be dismissed.

The tone of the market in London is reported to be good and American shares there are being well bought.

New York, noon, Aug. 22.

The London market continues to be adversely influenced by the possibility of events which in all probability would have but little effect in this country. That is to say that speculation is dull owing to unsettled state of affairs in the Transvaal, and also because all danger of a revolution has by no means passed.

London houses were sellers of all international stocks, more especially of N. W. common, the foreign holders of which are very large. The local buying, however, continues excellent, and more than offsets the foreign selling. The opening of the general market was irregular. There was renewed pressure on Sugar and B.R.T. The cut in the price of the Refined Sugar being the reason of the weakness of the former while the latter sold down on rumors that the statement for the year ending June 30 would make an unfavorable showing. There was fairly good buying of the Granger and and Atch. pfd.

The weakness in B. R. T. affected the balance of the market and prices show a downward tendency.

## MINING NEWS.

### PROVIDENCE CAMP.

**Gold Bug**—This is one of the properties of the Boundary Creek Mining and Milling Company. Men are at work sinking a shaft and driving a tunnel on the lead. The ore runs very high in both gold and silver.

**Velvet**—This claim is being worked and makes, it is said, a fine showing of chalcopryrite.

### SKYLARK CAMP.

**Last Chance**—Sinking of the shaft is still in progress.

### LAKE OF THE WOODS.

So busy is mining in this district that scarcely a miner can be hired in Rat Portage. Some of the prospects here where steam power has not yet been installed, are hindered by water and by want of ventilation. Explosions of dynamite generate bad air which is not got rid of for 6 to 7 hours and a double shift of men is thus impossible. Mr. Israel Gagnon, a successful prospector, has come in after a turn in the woods and reports a very good find between Witch Bay and Stella Mine. The property is bonded already at a good figure.

**Regina**—Sinking is progressing in the main shaft.

**Burley**—Water has been removed and active work will soon be resumed.

**Camp Bay**—Trojan mine here has been sold to a Chicago and Montreal syndicate for \$30,000 and one-fifth interest. There are two shafts on the property of 60 and 40 feet respectively. Both these will be sunk to the 100 ft. mark. Capt. Marty Wright is in charge.

**Sentinel**—Shaft is down to 76 feet. What is unusual in this district, Capt. Proudlock had 5 boxes of dynamite and 13 sacks of blacksmith's coal stolen lately.

**Virginia**—A compressor plant is to be put in at once when sinking will be resumed. A few miles north east of Virginia is a good property on which Capt. Pritchard is making developments with a view to sale.

**Witch Bay**—Shaft has been sunk 25 feet by the Chemical Mining Co.

**Beek**—Shaft is down 60 feet and the valuable character of the property proved.

**Gold Hill**—The Upton syndicate is doing some prospecting work here and is sinking the old Black Jack shaft.

**Hay Island**—Water is now cleared off and mining will be started soon.

**Falcon Lake**—Shaft is down 46 feet. There is a wide vein of quartz and schist carrying gold. The gangue tends to un-mixed quartz as the shaft deepens. This will become a paying property even if there is only moderate low-grade gold.

**Sirdar Group**—Sirdar is now down 200 feet; Bullion 26 feet; Contact 26 feet; Fork 57 feet; Central 16 feet; Cascade 20 feet.

**Sirdar Peninsula**—Mikado, Summit, President, President branch, Cliff, and Helmet, all have shafts from 15 to 44 feet, and all show good values.

# CHICAGO MARKET.

## CHICAGO MARKET—August 22, 1899.

FROM OUR SPECIAL CORRESPONDENT.

ONE MILLION DECREASE IN VISIBLE WHEAT—DEMAND SLACK WITH NO ADVANCE IN PRICES—A DULL OPENING AT CHICAGO.

Chicago, August 22.

With a total amount of wheat in sight and on passage less by 1,138,000 bushels than was last week, the wheat situation might have been expected to show more indication of advancing prices. It appears to be altogether impervious to any influence and to be working out its own development in its own way. The market situation also in view of drought and famine threatened in Bengal, such as has not been for 62 years, and in failure in crops, not merely in Southern, but all over Russia, has all the elements of innate strength, yet Commission Houses are not busy, and outside buyers are not taking hold. Demand is but moderate and prices remain as usual.

To-day's opening shows wheat of all sorts at yesterday's closing prices; corn also at the same, and Sept. and Dec. oats 8 lower, with May corn at the same price.

Jan. pork 2c lower, Sept. and October same, January lard 2c higher, September no higher and no lower, October 3c lower than yesterday's close. January short ribs 3c lower, September ribs 3c higher, Oct. ribs with no advance and no recession. Movement of prices in all these grains and provisions was of no decided character. It might be considered even as a declining one.

Liverpool cables gives wheat  $\frac{3}{4}$  lower and demand falling off. Corn  $\frac{1}{4}$  lower, with moderate demand and prices steady. Weather fine.

Curb wheat 71 $\frac{1}{2}$ .

Grain received:

Wheat, Car lots 124.

Corn " 618.

Oats " 831.

Estimate for to-morrow 21,000.
