THE MILITARY RIPLE DEAGUE.

Team totals of the sixth match. Detailed scores of the fifth.

CORRESPONDENCE.

Range experiences in the West .- Buckshot.

The Rifle.

As will be noticed from the advertisement appearing in this issue, the Western District Rifle Association will hold their fifteenth annual prize meeting at the Cove range, London, Ont., on the 14th and 15th August. These matches are open to all residents of No. 1 Military District. The corps in the vicinity of London have been hampered by the want of a proper rifle range, and on that account have not participated in the League shooting; but they expect to enter teams next year. In the meantime there is considerable interest shown in rifle matters, and it is expected that the attendance this year will make the Western District meeting worthy of the Association's old-time record.

THE QUEBEC PROVINCIAL MATCHES.

Since last issue we have received the programmes of the P.Q.R.A. annual prize meeting, to take place at the Cote St. Luc ranges, Montreal, on Tuesday, Wednesday and Thursday of next week. As the date is so near it is not necessary to notice the events at greater length than to mention the few new features. An additional prize is offered in the "Military" match, this being a challenge cup presented by Lt.-Col. Houghton, D.A.G., to be held for a year by the officer commanding the corps whose team makes the highest aggregate in the two series, skirmishing and volley firing. In connection with the newly acquired Carslake challenge trophy, a description of which we published some time ago, there are provided a series of team and individual cash prizes, to be competed for at 200 (standing) 500 and 600 yards, with the Snider, and in uniform. There are five team prizes, ranging from \$30 to \$10, to be awarded for the aggregate scores of ten members of any corps in the Dominion. There are thirty-five individual prizes, amounting to \$218. This match supersedes the Merchants', seven shots at 600 yards. A Revolver Match is introduced, with the targets and scoring of the Queen's Own Rifles of Canada Revolver Association. Six prizes are offered, the first being a Webley revolver (value \$35) presented by Major Bond, and the others in cash from \$5 to \$1.

THE ONTARIO RIFLE ASSOCIATION.

The programme of the O.R.A. matches to be held at Toronto on the 25th August and following days is almost identical with that of last year. One variation is that prizes in cash, instead of in kind, are offered in the extra series matches, of which there are four, one for each rifle at goo and 600 yards respectively. In each of the 500 yards matches there are twenty-five prizes, amounting to \$127; and in the 600 yards matches nineteen, amounting to \$101. In the Gibson the prize list in the second stage (800 and 900 yards) is extended to twelve prizes and \$125, in place of seven prizes and \$100 as formerly; and this stage is now made open to the fifty highest scorers in the first, in place of the twenty-five. The worthy President, Mr. Wm. Mulock, M.P., receives the deserved compliment of having the Aggregate match named after him. An important new departure, which is sure to be heard of with general satisfaction, is that in all team competitions (except, seemingly, the skirmishing and volley firing) entries are not to be restricted to one team from each organ-The team matches are: Battalion nursery, six members, four prizes; Association, five members, five prizes; Battalion open, eight

members, five prizes; Company, five members, four prizes; Gzowski (skirmishing and volley firing), six members; five prizes each series.

CREEDMOOR.

Receipt of the Creedmoor programmes, the details of which so far as they affect the events open to Canadians we were enabled to give several weeks ago, has revived interest in Major Hood's project of taking a Canadian team there to compete the week following the Dominion matches at Ottawa. Interest centres in the Hilton trophy match, intended to be a great international contest for teams of twelve, but in which the competition has been confined almost exclusively to teams from a few of the States of the Union, or of the various branches of the U.S. Army. The conditions being 200, 500 and 600 yards, seven shots standing at 200, and any position at other ranges, and the use of any military rifle being permissible, our Martini shots have a great chance to distinguish themselves, and it is to be hoped that a good team will be got together to make the contemplated trip. The trophy has for four years in succession been captured by the Massachusetts riflemen, whose famous team achieved such success in England last year, but these formidable competitors seem to be stepping out, as the following from Shooting and Fishing indicates:—

"It will be seen by a letter from Col. H. T. Rockwell, Inspector-General of Rifle Practice of Massachusetts, to Capt. John S. Shepherd, Secretary of the National Rifle Association of America, printed in this issue, that Massachusetts will not be represented by a military team at Creedmoor this year. For a number of years Massachusetts has sent a team of riflemen from her volunteers to contest in interstate competitions. Pennsylvania has also been represented, and sometimes the Army, and intermittingly Connecticut. Other States some years ago ceased to contest with military teams, except New York, which, being at home on this range, was always represented. There is nothing in Col. Rockwell's letter to indicate that dissatisfaction has existed among visiting riflemen, but it is believed that the unsatisfactory mode of conducting the meetings for the past few years has much to do in making the radical changes in the system of rifle practice in Massachusetts, which we understand means regimental matches, and later a State competition between regimental teams. It is reported, although not officially, that Pennsylvania will not send a team to Creedmoor this year, and there is a dubious outlook for the eighteenth annual meeting.
"Col. Rockwell has given due credit to New Yorl, for the lead it took in encour-

aging the instruction of rifle practice among the volunteers, and the successful continuance of a good system, but makes a very significant statement in the following words, but the influence of Creedmoor, which was intended to be, and might have been, practically national in its scope, has seriously waned, if it has not entirely vanished.'

"In the opinion of many riflemen, matches at the Creedmoor meeting for which members of the National Guard of New York alone were eligible, were too numerous, and the arrangement of contests has been more to accommodate the home than visiting riflemen. As a result dissatisfaction has arisen and intensified until few riflemen from abroad care to participate in the annual matches at Creedmoor.

"It is hoped that the absence of State teams from Creedmoor this year will bring about a change long desired, which is, to make this organization national in its truest sense. It is hoped suggestions from riflemen outside of the State will be received, and matches so arranged as to bring riflemen from many sections. An entire elimination of any matches to which guardsmen from any one State are elegible is, we think, desirable."

Of the proposed Canadian visit the New York Times says: "The Creedmoor meeting this year will derive a greatly increased interest from the presence of a full Canadian team, under the charge of Capt. Hood. An international competition has always proved a popular attraction at the fall prize meeting of the National Rifle Association, but, unfortunately, such a competition has not been secured for it during many years. The prospects of renewing the old contest between British and American riflemen at Creedmoor are also rather faint, and indeed the prizes offered on this side of the water are too small to attract marksmen accustomed to the liberal rewards of Wimbledon, or rather, as we must now say, of Bisley. The time and cost of the ocean voyage, and the subsequent days required for practice, are items of importance, coming so soon after the annual meeting at the Bisley range. But our friends across the border are near at hand, and they have plenty of skilful riflemen. Their team, which has been competing as usual at the July meeting in England, will soon have returned, and that, or a portion of it, would be available for Creedmoor. It contains plenty of good shots, although it did not succeed this year in retaining the Kolapore Cup, which it won last year. At any rate, the Canadians who come will no doubt prove worthy competitors for the Hilton trophy, which has always been open to them, and it is to be hoped that their presence this year will only be the first of a long series of annual visits."

THE MONTREAL GARRISON ARTILLERY:

The annual matches of this corps took place at Cote St. Luc ranges on the 2nd inst. The chief events and chief winners were:

200 yards, 7 shots, 11 prizes: 1st, Stf.-Sgt. Cooper, 30; 11th, 26 points. Nursery prizes, 1st, Gunner Rodgerson, 28; 11th, 7 points.

200, 400 and 500 yards, 7 shots: 1st prize, Sergt. Drysdale, 87; 19th, 62 points. Teams of five contested for Lt.-Col. Oswald's cup, with this result: No. 1 Battery, 337; No. 6 Battery, 334; No. 4 Battery, 333.

400 and 500 yards, 7 shots: 1st prize, Gunner G. Sharpe, 53; 17th, 35 points. Lt.-Col. Turnbull's challenge shield was competed for by teams of five: No. 6 Battery 223, No. 1 Battery 199, No. 4 Battery 197.

Extra Series, 500 yards: Gunner T. Hammond 20; 10th, 15 points. All-comers Match, 200, 500 and 600 yards, 7 shots (prizes from \$10 to \$1): Sgt. J. J. Bell, M.G.A., 88; Sgt. Johnson, 85th, 88; Pte. D. Smith, 5th, 84; Sgt. Riddle, 6th, 84; Mr. Dalrymple, G.T.R., 83; Corp. Armstrong, 6th, 81; Corp. McCrae, Victoria R. C., 81; Corp. Finlayson, M.G.A., 81; S.-Sgt. Anthony, 6th, 81; Pte. T. Pratt, 6th, 81; Gr. Cooke, M.G.A., 80; Sgt. Waters, 6th, 80; Sgt. Lavers, 6th, 80; Pte. McAfee, V.R.C., 79. Three prizes were offered for association teams of five, and the chief team scores were; Grand Trunk 395; M. G.A. 1st team 379; 6th Fusiliers 377; M.G.A. 2nd team 369; 5th Royal Scots 369.

The aggregate winners were: D.C.R.A. medal, Gr. G. Cooke, 243; P.Q.R.A. badge, Sergt. Drysdale, 236; marksman's badges, Gr. G. Sharpa and Set Ser Wilson

Sharpe, 229; Stf.-Sgt. Wilson, 222.

QUEEN'S OWN COMPANY MATCHES.

No. 6 Company Q.O.R. held their annual rifle match Saturday, 26th July, at Garrison Common. There was a very good turnout of the members, one of the best in the history of the company, but the day was a little unfavourable for good scoring, as the wind was gusty and blowing strong across the ranges.

1st. Nursery match, ranges 200 and 400 yards, 5 shots at each. Open to members who have never won a prize at any rifle match:—\$5, Pte. Crate, 33; \$3, Pte. McKenzie, 29; \$2, Pte. Agnew, 22; \$1.50, Pte. Rice, 22; \$1.50, Pte. Bedford-Jones, 20; \$1, Pte. Marsh, 19.

each. 1, Challenge cup and Capt. McGee's medal, \$65, Pte. Davison 62; 2, Lieut. Lee's medal, \$15, Corpl. Bryant 54; 3, Lieut. Wyatt's prize, Sergt. Agnew 51; 4, \$8, Corpl. Cockburn 46; 5, \$6, Corpl. Saunders 45; 6, \$5, Pte. Campbell 44; 7, \$4, Pte. Tew 42; 8, \$3, Pte. McKenzie 41; 9, \$2.50, Pte. Agnew 38; 10, \$2.50, Pte. Fenwick 38; 11, \$2, Lieut. Wyatt 36; 12, \$2, Sergt. Ham 36; 13, \$1.50, Pte. Crate 35; 14, \$1.50, Corpl. Godfrey 34; 15, \$1, Pte. Marsh 31; 16, \$1, Bugler Cottrell 31.

Skirmishing match, 7 shots advancing from about 450 yards—1, \$4, Sergt. Agnew 28; 2, \$3, Lieut. Wyatt 27; 3, \$2.50, Pte. Tew 26; 4, \$2, Pte. Agnew 22; 5, \$2, Sergt. George 21; 6, \$1.50, Corpl. Cockburn 17; 7, \$1.50, Bugler Cottrell 17; 8, \$1, Pte. McKenzie 16; 9,

\$1, Pte. McKay 16; 10, \$1, Pte. Fenwick 16.

Revolver match, 7 shots, rules and targets of Q.O.R. Revolver
Association—1, Sergt. Agnew 30; 2, Corpl. Bryant 19; 3, Lieut. Wyatt

18; 4, Pte. McKay 9.

The Military Rifle League.

The greatest surprise of the season must have been experienced all over the Dominion when the telegraphic returns of the sixth League match, fired on Saturday last, were received. All previous records were cast in the shade by a total of 885 achieved by the 53rd Battalion team, the ten men equalling with the Snider the best Martini average made by the picked marksmen of the Empire in the Kolapore Cup competitions. The 53rd were not alone in their glory, however, three other teams being close up with scores in advance of any previously recorded, the 45th Bowmanville team having 875; 13th Battalion 873; 54th Battalion 860, and many others passing 800. All these teams reported perfect weather, but those lower on the list seem to have experienced the usual difficulties with the wind, light and atmosphere. It will be noticed that the 54th are still safe at the top; the 53rd are confirmed in second place; the 13th and the 45th Bowmanville have moved up each a place to third and fourth, and the Halifax Garrison Artillery have dropped two places to fifth.

STANDING OF THE TEAMS.

The teams are given below in the order in which they now stand, the team totals of the six matches being published, together with the

aggregate. Next week the individual totals of the sixth match will be given; the teams then being placed in the order of their scores in it. This is how they now stand in the aggregate:—

ANOTHER ANCIENT SCORE.

The score sheets of the 82nd Battalion for the fourth match, fired by that team on the 5th July, arrived this week. The details are as follows: Capt. Geo. Crockett 85, Capt. D. L. Hooper 83, Sgt. D. Mc-Millan 82, Sgt. John Crockett 80, Capt. D. Stewart 77, Sgt. M. Allan 69, Corp. H. Hooper 66, Sgt B. C. Prowse 66, Pte. H. Henderson 66, Lieut. J. Allen 65; totals 283, 262, 194—739.

NOTES

There has been general complaint about the incompleteness of the telegraphic returns, and inquiry made of the telegraph company elicits the information that the team captains are at fault, as many of them regularly neglect to hand in their scores.

Mr. Brainerd, of the Hamilton Powder Company, has presented a beautiful sporting rifle, valued at \$50, to the League team of the 54th Battalion, to be awarded for the best Nursery aggregate.

The Orillia team of the 35th Battalion could not fire the sixth match on the 2nd inst., as upon arriving at the range they found the target to have been completely demolished. It is supposed the mischief was done by small boys who bathe in the vicinity.

The 98 made by Pte. Morkell of the 53rd, and which seemed sure to win him the Foster and Mitchell prizes for the best single match score, was displaced on Saturday last, at Kingston, by a Nursery shot who has put this wonderful score to his credit:—

200 yds. 500 yds. 600 yds. T'l Stf-Sgt. Bridgeford, A Bat R.C.A... 5545555—34 5555454—33 5454545—32 99

This score, a remarkable Snider record, is vouched for by the team captain, Capt. V. B. Rivers, R.C.A., and by the range officer, Sergt. W. Swaine, 47th Bn.

RIFLE RANGE EXPERIENCES IN THE WEST.

EDITOR MILITIA GAZETTE,—The matches of the Manitoba Rifle Association took place at Stoney Mountain last week. The mountain is a ridge about 60 feet high forming a sort of basin of irregular shape, about 13 miles northwest of Winnipeg. A special train was run during the tournament, leaving Winnipeg about 8 a.m. After nearly an hour's run, the competitors and friends were dropped on the prairie about three-quarters of a mile from the butts, and wended their way over the first ridge. Evidently preparations for something on a large scale had been made. Numerous tents were erected, flags flying, and a zig-zag range of targets about ten in number looked as if the engineer who laid them out had first been laid out himself. Apart from the mechanical part it is a fine place for a rifle range, but tidiculously far from the city. The secretary and his assistant were kept busy for a time taking the entries. but by ten o'clock everything seemed in readiness and a general move was made to the 200 yards, where the first match was to be fired. Arrived there a delay took place while the sergeant in the butts paraded his markers on top of the bank, each in front of his target. Whether this was done in the vay of discipline, or to show the markers who were shooting, or for the satisfaction of the shootists, has not yet been clearly ascertained. After a time, far too long for any useful purpose, they dived down into their holes and the targets began to move; one would be raised, then lowered, and finally one of the markers appeared at the end and made tracks for the secretary's tent at the 600 yards range; soon another followed suit, and by and by the cause became known, when one appeared with signal disc, another with patches, and a third with paste; but patience is always rewarded, and about eleven o'clock firing began, and the first competition was finished at noon with an entry of about 50 competitors. After dinner the shooting was at 500 yards and another long delay occurred, as it was found that the big targets would not fit. Another procession with draw knives took place, and patience was again rewarded. The second day was not much better than the first, for the night was filled with joviality and no time was given for serious thought. During the afternoon of the second day the targets began to display a peculiar transformation. Instead of a pure white and black a mottled soap sort of effect became apparent, and grave fears that mortification had set in were evinced. The marking Totals 221 154 130 505 also began to give general dissatisfaction, and the alteration of wind and

elevation on the rifle achieved most remarkable results from the target. On the third day this state of things became unendurable and a visit was paid by some to the (now almost obliterated) targets, when it was found that all kinds of paper had been used to patch. White on the bullseye, black and yellow pieces of newspaper, etc., on the white, and instead of being clean pasted they were stuck on at the corner and the ends left flying. Various shot holes had not been patched up at all. All this, coupled with the fact that with one exception the range officers had never been on a range before, was very dissatisfying to practical marksmen. Now, we would like to see a match well run, but fate seems to have ordained otherwise for the M. R. A.

There is another matter which we would not mention, as it is out of the province of the shootist, but as its effects were seriously felt at the matches we must broach the subject. We like sociality, and admire genuine good times; but when it takes in the whole night it is stretching the social cord too tight. And when the adjuncts to good feeling bring on headaches, and totally unfit the votaries of "good feeling" for duties next day, the cost is too great. We have no particular objection to hilarious speeches and "chestnuts" about all the great deeds done in the flesh at Fish Creek or Batoche, nor for the various harmless demonstrations of affection indulged in after shooting hours, but we do strongly object to forcing the festivities on the unwilling attention of the more sober-minded competitors on the range next day. We trust that these few remarks will have a good effect on what might become one of our finest provincial rifle associations.

Buckshot.

Regimental and Other News.

The usual large crowd that visits St. Helen's Island every Sunday was greatly augmented yesterday afternoon by the visitors to the camp of the Montreal Field Battery, who went under canvas for their usual yearly drill of twelve days on Saturday morning. The battery is camping on the Government reservation, and their tents, which are pitched close down by the water's edge, add greatly to the picturesqueness of the island as seen from the city. The battery went into camp about half-past four, everything being put into ship-shape a few minues after the camp was reached. The battery presented a magnificent appearance as they marched to the boat from the drillshed, many complimentary remarks being made by those who saw them. New busbies have been served out to the men, and they greatly add to their already here-totore fine appearance. The men's tents are pitched under the trees close to the water's edge, those of the officers being behind them on the rising ground. The men are a fine soldierly looking lot and the battery is exceptionally well horsed; and Lieut.-Col. Stevenson is to be complimented on the appearance of his battery. There was no drill on Saturday, but it will be started early this morning, and the twelve days will not be made a picnic of. The camp is lighted by electricity, an engine and dynamo having been sent over by the Royal Electric Light Co. Dances are to be given on Tuesday, Thursday and Saturday evenings. A boat leaves the Island wharf for the camp at 8 o'clock every evening, returning at 10 p.m., and the officers and men hope that their friends will take advantage of this opportunity and visit them en masse, they willingly promising a good time. The following are the officers in camp: Lieut.-Col. A. A. Stevenson, in command; Capt. J. S. Hall, M.P.P.; Lieut. Hooper, Lieut. Costigan, Surgeon-Major Dr. Finlay, Veterinary Surgeon Dr. McEachran. - Montreal Gazette, 4th August.

British Columbia.

Batteries 2, 3 and 4, B. C. B. G. A., on the 26th July came through their annual inspection by the D. A. G., with flying colours. There were about 100 rank, and file who assembled at the drill-shed at 1.30 o'clock, and marched thence to the parade ground at Beacon Hill, where Lt.-Col. Holmes, D.A.G., and his A.D.C., Capt. Ogilvie, soon made their appearance, and were received with a general salute. The batteries were put through the various formations of battalion and company drill, by Major Nicholles; in all their work showing themselves well up in their drill and prompt in the execution of the various orders. As usual with the Victoria batteries, the marching was especially good, the batteries stepping like veterans, even without music. In "halting there was a little hesitancy, and the evenness of the line in motion was broken. The march past and the marching in review order fully merited the compliment paid the men by the inspecting officer, who also took occasion to refer favourably to the appearance of the respective batteries.

After inspection the three batteries proceeded to Clover Point range, where a skirmishing match took place between 20 men selected from each battery. No. 3 Battery opened the competition, followed by Nos. 2 and 4, with the following results:—No. 2 Battery, 13 bull'seyes, 20 inners, 93 outers; Total 298 points. No. 3 Battery, 13 bull'seyes, 13 inners, 94 outers; Total 279 points. No. 4 Battery, 13 bull'seyes, 6 inners, 85 outers; Total 140 points.

It is but right to mention that the high efficiency of the batteries is largely due to the untiring efforts of Captain and Adjutant P. Æ. Irving and Master Gunner Cornish of C Battery.

Church parade was on Sunday, the 27th July, when a fair turnout was made, headed by C Battery band, the three batteries marching to-

St. John's Church, where an appropriate sermon was preached.

The prize list of the British Columbia Rifle Association has just been issued and contains fourteen events besides five extra series. The money offered in prizes is good and no doubt will induce a big gathering of rifle shots from all over the Province. This is the seventeenth annual prize meeting. His Honour the Lt.-Governor is Patron. President is Lt.-Col. Prior, the popular and respected officer now in command of the Canadian team at Bisley. The matches will be held at Goldstream, a place on the railway about 10 miles from the City of Victoria. A train will leave at 8 a.m. and return in the evening each of the four days, namely the 6th, 7th, 8th and 9th of August.

A rifle team of five men will represent this Province at Ottawa "BLACK PRINCE."

Belleville.

This year the 15th Battalion experienced their first trip abroad, having visited Toronto for two days during the summer carnival. They left by special train on Monday evening, June 30th, and arrived home Thursday morning, July 3rd. As "Breech-Block" has already favoured the readers of the GAZETTE with an account of the part the military took in the proceedings, a repetition by me is unnecessary Suffice it it to say that the 15th enjoyed themselves, both officers and men. Too much credit cannot be accorded the officers of the gallant Q O. R. for the happy manner in which they entertained the officers of the visiting corps

at the Reform Club rooms, Tuesday evening, July 1st

The annual inspection of the 15th Battalion was held Monday afternoon, July 7th. Before marching from the drill shed the rolls were called by Capt. Strange, District Paymaster; they then proceeded to the hospital lot, where the inspection took place. The D.A.G., Lt.-Col. Van Straubenzee, was received with a general salute, the band playing the National Anthem. After arms were shouldered he passed through the ranks, being accompanied by Lt.-Cols. Lazier and Lewis, and inspected the accourrements, &c. The battalion were afterwards put through the manual exercise by Major Henderson, and the firing exercise by acting Major Ponton. It had been threatening rain all afternoon, and during the latter exercise it began to come down in torrents, accompanied by deafening claps of thunder and very sharp lightning. As soon as possible the battalion returned to the drill shed by the shortest route, but before they arrived there all received a drenching. After a few remarks by Col. Lazier the companies were dismissed.

Lt.-Col. Lewis, Brigade Major, remained over until Thursday 10th, when he inspected the armouries of the 15th, and the armoury of No. 1 Co. 49th Hastings Rifles. I see the old gentleman received some injuries through an accident last week over in Prince Edward County; I

trust they will not prove serious.

Major T. C. Lazier, Adjutant R. E. Lazier and Lieut. S. D. Lazier, three brothers, and all of the 15th, are enjoying their holidays in the Old Country.

Capt. J. E. Halliwell left on Thursday morning, 24th, for London, Ont., where he is going to take a special course at D Infantry School.

A base ball match was played on the agricultural grounds Wednesday afternoon, 23rd, between a picked team from Nos. 4 and 6 Com-

panies. It resulted in a victory for No. 4 team.

Mr .H. G. Parker, formerly of Belleville, but late of London, Eng., delivered a lecture in the Opera house on Monday evening, 21st, for the benefit of the 19th Battalion. A large and fashionable audience were present to listen to the eloquent lecturer. Lt.-Col. Lazier occupied the chair, and in a few well chosen remarks introduced the lecturer of the evening, who had chosen for his subject, "Under All Flags." Having travelled extensively since he left Belleville, some five years, ago and seen human life and nature in its various forms in the various countries which he has visited, he was enabled to depict it to the audience in a manner pleasing and eloquent. At the close of the lecture a vote of thanks was moved by Mr. J. J. B. Flint, and seconded by the Rev. Dr. George, and was carried unanimously. The full silver band of the regiment was present and discoursed several selections. Before the lecture began a squad of picked men from A Co. performed the physical drill with arms, also the new bayonet exercise, attack and defence. They were under the instruction of Sergt.-Major McRae, and are to be complimented for the manner in which they discharged the rather tedious exercise, which was performed with accuracy and precision and reflects great credit on the instructor and themselves.

Having tracked Heligoland with the Germans for valuable possessions in Africa the British Government are said to be proposing to cede to the French their rights over Senegambia, Africa, for the French rights in the Newfoundland fisheries.

ARMY ORGANIZATION.—A multitude of men do not constitute an army. Even with arms in their hands and uniforms upon their backs, they may still be a mob. The work of converting this human raw material into a fitting instrument of war may be considered under three heads, organization, drill and discipline. Organization may be said in a general way to be the forming, from all the elements brought together, one body, every member of which may be instantly put in motion by an impulse communicated from the head. More specifically it is the division and subdivision of the mass into parts and into units; the fixing of the chain of responsibility from the General-in-Chief down to the commander of the smallest subdivision, the placing of each man of the multitude, and then providing for his maintenance—for his arms and ammunition—for his food and clothing. Organization is of two kinds, tactical and administrative; tactical, that which relates to the preparation of men for the field of battle; administrative, that which looks to their maintenance in peace as well as in war.—Califf.

Rifle Association.

The Annual Prize Meeting of the Dominion of Canada Rifle Association will be held on the Rideau Rifle Range, Ottawa, commencing on

Monday, 1st September.

The Prize Lists include close on Seven Thousand Five Hundred Dollars in Cash, bessdes the handsome and valuable Challenge and other Trophies, Cups.

Medals and Badges.

Entries for the matches included in the Grand Aggregate close on Wednesday, 27th August. The attention of intending competitors is particularly directed to the efficiency qualification required for participation in matches restricted to the Active Militia. Also to changes in the firing regulations, whereby the competitors will be squadded in threes instead of in pairs; and "any position" will be allowed at 600 yards and upwards.

Reduced Rates will, as usual, be granted by the railway companies, Tents and Blankets for those desiring to sleep upon the Range will be supplied

For particulars and all further information required apply to THOS. BACON, Lieut.-Col.,

Secretary D.C.R.A., Ottawa.

Rifle and Rifle Requisites Manufacturer 60 QUEEN VICTORIA ST., LONDON, E.C.

THE 'PERFECT" SIGHT BLEVATOR AND WIND GAUGE

Hanging Pattern, made of a special quality Hard German Silver, divided in 150ths of an inch, with complete Tables of Elevation and Wind Allowance, for the Martini Rifle,

\$2.15. Postage, 25c. for 1 to 6.

N.B.—These Verniers do not alter the position

the Sliding Bar, nor is it necessary to lower the Slide when detaching the Vernier from the Back Sight.

Jeffery's Patent Sight Elevators are being used by the majority of the most, well known rifle shots.

MR. M'VITTIE, who uses one of these Elevators, says: "Your German Silver Elevators are a great improvement on the Gun Metal, as they do not discolour, and the Scales are therefore more easily read. They are made on the right principle—viz., Hanging Pattern, and with the 150th Scales. All who make any pretensions to Shooting should possess one of these Verniers.

MR. C. H. JACKSON, winner of the Queen's Prize, 1886, says: "I unhesitatingly pronounce your Sight Elevator and Wind Gauge the best I have hitherto seen. Absence of play in the screw, and firm attachment to bar when dr ning the line are noteworthy features. I predict that the Perfect Vernier will command a ready sale."

A Volunteer's Shooting "Kit" should comprise one of each o the following Articles, in addition to the Rifle:

	8	, -
