Editorial.

Trinity Term, to most of us the pleasantest term of the year, is with us again. To most of us, perhaps, it means chiefly a time of good weather, Cricket, Tennis and bathing, but above all the necessary stepping stone to the summer holidays with their varied and unalloyed happiness. To some, however, it has a more serious side, for it means the closing of our school life and the final preparation for a new test of our capacities and character in business or College. In the pre-

liminary ordeal of matriculation, necessary for a College life, we have good hopes that those writing will acquit themselves at least as creditably as their predecessors. During the year good and faithful work has been done in most cases, and it only remains to keep up the good record thus established for the few weeks yet remaining.

Turning to a subject of more general interest, the prospects for a successful season in Cricket are excellent. We have four of the most promising members of last year's Eleven still with us in Campbell (the Captain) Conyers, Meredith, and Dempster ii. There are also several members of last season's Second Eleven and some new material from which we expect good work with ball and bat. Altogether we look forward to having an Eleven well above the average.

On March 11th Mr. Broughall received from Bishop Brent a letter dated Manilla, January 26th. The following extract from the letter will be of interest to those who were at school with the Bishop during the years from 1879 and 1882, or who were his pupils a few years later.—“We have just finished our Convocation here, and a very successful and inspiring one it was. Sunday week we consecrate our beautiful Cathedral. It will be a great day. Among those who will participate are six Igorot from Easter School in the mountains. They are the first

fruits of our work among the pagans, and the hope of the future."

"One realizes how small the world is after having travelled to these remote countries and come in contact with those who are bound up, in one way or another, with one's old friends. Night before last I met a man from Pickering, Ontario, whose brother married one of my father's parishioners,—my father himself having performed the ceremony."

The Bishop also mentions having met at Cavite Mr. Wilson Eaton, a brother of Jamie who is now at the School.

The RECORD extends a very hearty welcome to Mr. G. Collen who accepted an assistant mastership at the School during the latter part of last term. After leaving Cheltenham, where he was educated, Mr. Collen studied in France, Germany and Italy in preparation for a competitive examination for a Levant Interpretorship requiring a knowledge of French, German, Italian and Spanish. In this examination Mr. Collen gained sixth place, but was not appointed owing to the small number of vacancies at the time. Mr. Collen is an enthusiastic cricketer and obtained his colours on his House Eleven while at school.

School Notes

The Provost of Trinity College was with us on Sunday April 14th and preached the sermon in the chapel in the afternoon.

The RECORD has to thank E. O. Wheeler for the article on the Alpine Club, and Eric Montizambert for the article on the Field Club of the School, both of which articles appear in this issue.

We beg to acknowledge the receipt of copies of the *St. Andrew's Review* the *College Times* from U. C. C., the *Acta Riddleiana* from Ridley, and *The Collegiate School Magazine* from Victoria B. C. The *College Times* is an especially good issue of a generally good periodical.

It has been suggested by an interested old boy, that we publish stories in the RECORD written by old boys and bearing on matters of interest to the old boys of the school. We agree. We should be pleased to receive such contributions and we are sure they would be of much interest to all our readers. We should be pleased also to gather some facts of the boys of the early days of the school. These we should be glad to receive as it has been proposed by another interested old boy that we prepare a kind of year book giving a list of all the names on the register with their address when at school and the present address when surviving. This we are at work on now, and we find it no light task to even get the members located. Hence stories dealing in any way with those days very materially help out the task of getting the required material together. Kindly note these suggestions and let us hear from you.

Hockey.

T. C. S. VS. C. C. I.

The first of the two games between Cobourg and T. C. S. played on the 25th February ended in a victory for the First Team 7-1. When T. C. S. came on the ice it was seen that they all wore their colours backwards, thereby changing their luck. The game all through was fast and pretty rough, with a fight or two at intervals to liven things up. Directly the puck was faced about twenty-

five minutes to 3, T. C. S. started working very hard and rushing continually before the C. C. I. got a chance to show their metal.

McGibbon and Ball made good headway and the puck for a few minutes hovered very near C. C. I. goal often on the verge of scoring. A C. C. I. rush was stopped by the bell but they tackled hard again and had a shot at our goal. After a little scrambling Wheeler tried a long shot, Campbell and Ball took it down; the latter applied a little force to the rubber but to no purpose. Cobourg tried their handiwork at a little rush play and Wheeler and McGibbon did good work. K. S. Drummond got into the game and a little dirty work commenced. Again C. C. I. fought up the ice and McGibbon made an off side near our goal. Time was taken off for some one to put together his none too plentiful clothing. Ball began again by a good spurt but Cobourg got the puck and gave G. I. Drummond a chance to show his powers. K. S. Drummond got an idea, but was brought back by the referee. Campbell got well away but he shot too late. McGibbon set the ball rolling by being put on the fence for one minute for being rude. C. C. I. taking advantage of this hustled up the ice and tried to score, but they also became excited and Pratt retired to the fence for 1 minute. T. C. S. dug in and in a mix-up in front of C. C. I. goal nearly scored. Maynard twirled his stick and gave the goal keeper a scare, and after a face-off he tried again. McGibbon did some good work when the game was stopped by Campbell arguing a little too forcibly with an opponent. After a little divided attention was paid to the puck it was shot down the ice by Wheeler with a view to scoring. C. C. I. brought it back and shot wide. Campbell in a neat rush scored for T. C. S. From the face-off C. C. I. got the puck to one end when McGibbon took it and shot.

Ball rushed from the scene of battle for one minute. T. C. S. made the ice fly for a few minutes and tried a couple of shots, and K. S. Drummond stopped things at point. McGibbon made an off side after which Wheeler trotted up the ice but lost the puck in a pass. Maynard went down to score but was interfered with by the bell. Time was again taken off for a hurt knee belonging to a Cobourg man, and Crowthers seeking to avenge was requested to rest awhile—in fact one minute, on the boards. During this interval Ball scored for T. C. S. and things looked bright. Campbell and Ball had a try at scoring and Maynard then scored for T. C. S., just for instance about one minute later. The play was now very near C. C. I. goal, and Campbell, highly excited, was requested to remove himself for the space of one minute. C. C. I. began to take notice and endeavored to rush, but the puck went woefully wide from the goal, and Maynard and Ball gently returned it to them. This time they tried a combination rush and one of their famous long shots for which G. I. Drummond was on the look out. Campbell getting on the ice felt it his duty to score for T. C. S. about 3 o'clock. Maynard probably felt the same way for he too scored for T. C. S. about half a minute later. Campbell tried stick vs. shins and retired to the much sought after seat near the time-keepers for 1 minute. Following a few rushes McGibbon and Burnett also sought to leave the fray for 1 minute each. C. C. I. did their best to score and they rushed again and again. Wheeler rushed it back and Ball scored for T. C. S. Campbell mussed up the game and after a little entanglement got 3 minutes on the planks. Half time was called about 7 past three.

5	Campbell, T. C. S.	1 min
6	Campbell, T. C. S.	1 min
7	McGibbon and Burnett,	1 min
8	Campbell, T. C. S.	3 min

The second half commenced at 17 minutes past, only 6 men a side being on the ice, McGibbon going off with a C. C. I. man who hurt his hip. C. C. I. commenced with a rush responded to by one from Ball. Campbell got a warning for tripping a well directed attack on our goal. Ball's enthusiasm overcoming him he retired for 1 minute, and directly after V. Pratt joined him. Maynard got well up the ice and did some nice shooting. C. C. I. apply themselves fiercely to the game and rush several times. Drummond i executed one of his one hand rushes, but being checked was allowed to retire with Pratt for 1 minute. Both teams were working hard and using their sticks pretty freely when Wheeler was put off for one minute. Drummond ii had the satisfaction of being shot at and stopping the puck, but when about a minute later Hayden of the C. C. I. came down he scored.

One of the C. C. I. got mixed and imagined himself on the golf field, but Campbell quickly put him wise, and both he and Pratt finished the explanation during the 3 minutes on the fence. Cobourg worked very hard and for a time our end was the scene of most of the play, and several shots on goal were stopped. Wheeler broke up the mix-up with a rush but lost the puck on a pass. Then from a face-off near our goal Maynard and Ball did some pretty work, and Maynard

shot wide. C. C. I. getting more and more energetic got another shot at Drummond ii. Drummond i relieved him of it and sent it down and the C. C. I. joined, and he and Wheeler played a lifting game by themselves, until Maynard tried a shot. C. C. I. now put 5 men on the forward line and the game became furious. Drummond i hid himself to the fence for 1 minute, while Maynard hustled up the ice and tried a couple of shots hitting the post neatly, which seemed to be an art with him. Wheeler followed up and passed to Ball, who was checked so forcibly that the puck sought refuge under the seats. Cobourg took the offensive and Wheeler checked well. From an off-side directly in front of C. C. I. goal Maynard almost lifted the puck in. A good combination play on the part of Cobourg was stopped by the bell. They tried it again and Maynard got the puck and shot wide. The Cobourg forwards got near enough for a shot at Drummond ii. when there was about 10 minutes more time. Wheeler checked numerous rushes and Campbell did a good deal of heavy work and tried a couple of shots. Wheeler shot a long one but it went high. After a face-off Campbell went right through Cobourg and shot hitting the post. Ball stopped a hard attack by a little unnoticed tripping. T. C. S. went up with good combination but Maynard missed a pass. The puck got into Cobourg hands and was made good use of in a shot at our goal. Maynard and Campbell worked hard and Maynard, after a pass, gently tapped the goal post. In the excitement the C. C. I. goal was left vacant and Wheeler had a good chance but shot over it. Cobourg made a final effort and Hayden was put off for one minute. Maynard and Campbell did good work shooting several times and just about the end Pratt goes off for 1 minute. Campbell made a rush and scored for T. C. S. just

as time was called.

LAKEFIELD MATCH—JUNIOR TEAM.

The Junior Hockey Team which went to Lakefield returned with dejected countenances owing to a defeat of 9 to 3. But when Lakefield came down here they met with the "unexpected," which often happens, and returned the losers by 12 to 3, thus losing the round by three points. The playing here was good on both sides, Patterson i for the Grove and Macauley for T. C. S. showing up well. At half time the score was 4 to 3 in favour of T. C. S. During the game Mathewson, Macauley, McConnell and Winslow adorned the fence at odd intervals. The scoring for T. C. S. was done mainly by R. C. Dempster, J. L. Mathewson, Macauley and E. O. C. Martin. For the Grove by Patterson i and Lamsden.

T. C. S. VS. PETERBORO'.

The match played here on Saturday the 23rd between our seconds and a team from Peterboro', which was brought down by Gordon Campbell, who had to leave this term on account of illness, was attended by a large number of townspeople as well as T. C. S. boys, resulting in a victory for the School of 8 to 1. The game started about 15 minutes past two o'clock, and at the start the teams seemed pretty evenly matched. After some mixed play Peterboro' got a shot at our goal when it was carried into the opposite territory and remained there till "Pete" Campbell rushed it back. One of the Peterboro' men broke his stick and Meredith went off with him till he found another one. "Pete" Campbell, after some very pretty stick handling nearly got a shot in but was checked by Meredith who sent the puck well down to the other end. Both teams worked hard and the puck changed hands several times until Peterboro' rushed but shot too late. They tried several long shots which were carefully stopped by Waters; Lithgow made a good rush but passed wide and thus lost a shot. In a scramble near the Peterboro' end T. C. S. very nearly scored; Hay from a good combination rush scored for T. C. S. From the face-off "Pete" Campbell made a rush but got no support and lost the puck. Five minutes later after a lot of mixed play Pinkham scored for T. C. S. Another good rush was in progress when the whistle blew for an off-side. The Peterboro' team made a rally and shot, the puck going wide and doing no damage; Lithgow rushed it down but was tripped before he shot. After the return rush of Peterboro'

Stroud sent the puck up the ice and Pinkham, following down well, tried a shot. From a face-off near the Peterboro' goal Hay scored for T. C. S. Directly the puck got in motion again Peterboro' took it down the ice and came pretty close to scoring. Rogers got the rubber and after good work shot. "Pete" Campbell shot at T. C. S. after some very neat stick handling, followed by a rush by Hay when half time was called.

GOALS.

- 1 Hay, T. C. S. 25 min. past 2
- 2 Pinkham, for T. C. S. 5 min
- 3 Hay, for T. C. S. 5 min

The second half began about 17 minutes past 3, and as soon as the puck was faced Hay rushed and shot, followed by a long shot by Peterboro' which went wide ; Peterboro' following up well almost scored. In a mix-up near their goal Lithgow tried a quick lift, very nearly taking the goal heeper unawares. Peterboro' made a hard attack on our defence being checked in time by Rogers. Meredith taking the puck down the ice passed to Hay, who shot and scored for T. C. S. Immediately after Gale by good play managed to score for Peterboro'. In a mix-up near the Peterboro' goal "Pete" Campbell of the Peterboro team scored for T. C. S. When the game started again Peterboro' rushed it well up, where Rogers took it down and scored for T. C. S. about 1 minute later. Hay and Lithgow did some combined work but all their shots were stopped. Borradaile of the Peterboro team was hurt and time was taken off for him. Pinkham and Lithgow took up the puck but lost it in a pass. Pinkham got irritated and had to sit on the fence for 3 minutes. Rogers shot again but it went over the goal. Pinkham getting on the ice again made up for lost time by scoring for T. C. S. Time was called about 1 minute past three.

SCORES.

SENIOR FLAT MATCH.

The Senior Hockey Flat Match was one of the best games of the season, both flats working hard all the time. The score at half time was 6-0 in favor of the Lower, and in the end the Lower won by 8 to 3.

After the usual parley in the centre of the ice, the puck being faced the Lower attacked the Upper's defence heavily and Maynard shot. Lithgow took the puck well down the ice but Campbell got it and scored for the Lower. The Upper directly after the face-off tried several rushes led by Hay, who shot. Ball retired to the fence for 3 minutes. McGibbon did some very fine individual rushes, shooting several times. The puck travelled backward and forward until Wheeler took it up. The Upper responded with an attack, Maynard appropriated the rubber and scored for the Lower. The Upper forwards worked well and Ball and Lithgow did good service. Campbell rushed and passed to K. S. Drummond who scored for the Lower. Ball tried hard to get a shot in but Rogers secured the puck and sent it back. The Lower came down the ice in good order but McGibbon

checked them and went down the ice and shot. Campbell was put off for 3 minutes. The Upper took advantage of a man short and came into the Lower territory. Wheeler lifted to Pinkham who brought it back. Maynard then scored for the Lower and about one minute later Campbell scored for them again. The Upper came into the game with renewed energy and tried several shots. K. S. Drummond removed himself for 3 minutes, but seeing a good opportunity to score came on the ice before his time was up and scored for the Lower. He was requested to stay off a little longer. Ball and Pinkham did some good stick handling, and Pinkham almost scored. The Upper passed the Lower defence and had numerous shots but with no effect. After stopping the Upper advance Campbell scored for the Lower. Soon after half time was called.

GOALS.

1. Campbell lower, 13 to 3; 2 Maynard, lower, 8 min.; 3 K. S. Drummond, 5 min. 4 Maynard, lower, 7 min.; 5 Campbell, lower, 1 min.; 6 Campbell, lower, 9 min.

PENALTIES.

- 1 Ball, upper, 3 min.; 2 Campbell, lower, 3 min.; 3 K. S. Drummond, lower, 3 min.

The second half begun with renewed vigor commenced by a rush play by Lithgow and Pinkham, returned by one from Wheeler and Maynard. Ball did some good work. McGibbon checked well most of the Lower rushes but Wheeler hustled up the ice and scored for the Lower. Taylor iii, a most noticeable figure on the ice, came down skating well, and Hay scored for the Uppers about one minute later. Rogers got naughty and was ejected for 3 minutes. K. S. Drummond and Maynard used their sticks to advantage keeping the rubber well down at the Uppers' goal. Campbell did some good shooting and worked hard. McGibbon was put off for 3 minutes but like K. S. Drummond came on

before his time was up and scored for the Uppers, taking a lively interest in the game until K. S. Drummond scored for the Lower. The Uppers worked hard to score, Ball playing well. Maynard playing his centre well got a shot and scored for the Lower, and about two minutes later Hay scored for the Upper. Several hot plays occurred and Ball and K. S. Drummond were sent to the fence for the rest of the game which ended almost directly.

SCORES.

- 6 Wheeler, lower, 30 to 3; 7 Hay, upper, 1 minute; 8 McGibbon, upper, 6 min.; 9 K. S. Drummond, lower, 3 min.; 10 Maynard, lower, 10 min.; 11 Hay, upper, 4 min.

PENALTIES.

- 4 Rogers, lower, 3 min.; 5 McGibbon, upper, 3 min.; 6 Ball, upper, 3 min.; 7 K. S. Drummond, lower, 3 min.

PREFECT'S MATCH.

The prefects had an interesting match, the five seniors against the five juniors, with Gerald Drummond and A. B. Mortimer as respective goal keepers. The play was fast in the first half, but owing to the violent expenditure of hot air in that half by regular non-players the second half was rather slow. Scoring did not fall off however, and the final score was 23-17 in favor of the juniors, though the seniors say it is a slight mistake. The Juniors claim the championship from this one game, though they say the seniors might do better at Ping-pong or marbles.

In the inter-table games, table six lost to table five with a score of 6 to 2. And table one defeated table two by a score of 5 to 3.

President—The Head Master.

Vice Presidents—Messrs. W. H. Nightingale,
 Norman Seagram, Col. MacDonnell,
 Stuart Saunders.

Committee—Mr. Morris (*Sec'y*) Mr. Atkinson,
 G. C. Conyers, E. F. J. Pinkham, Gor-
 don Campbell.

Captain—A. C. Campbell.

Professional—Radcliffe.

As yet there is no work started but the pro. has been doing some work on the grounds and getting the material in shape for the season. Some of the fixtures are settled, but most of them have as yet no definite date. The Toronto Club comes down on May 24th and the old boy's match will be played on June 22nd. Besides, the U. C. C. game will be played in Toronto on June 15th and the St. Andrews game on June 1st. The date of the Ridley game is not yet settled. The other matches will be the Cobourg, Peterboro, and Lakefield games.

The Alpine Club of Canada.

The Alpine club of Canada was organized in 1905 for the purpose of opening up the Canadian Rockies to mountain climbers and lovers of mountain scenery, who wish to see more than the glimpse caught from the windows of a train, in passing through. At a meeting in Winnipeg, it was decided that there should be a camp every summer, lasting one week, at some of the most interesting points in the mountains.

The first camp, in 1906, was at Summit Lake in the Yoho valley. This spot was reached from Field B. C. on the C. P. R. by driving the seven miles to Emerald Lake

and walking or riding from there over the very pretty, but steep trail to the Summit, where the camp was situated. It consisted of about thirty-five tents and a large awning which served as a dining room. Balsam boughs were piled thickly in the tents and made a very soft and comfortable bed, especially when one was tired out after a long climb. Several mountains were climbed, and two first ascents made, accompanied by two Swiss guides who were lent the club by the C. P. R. A two day trip was started daily

Swiss Guides of the Alpine Club.

around the Yoho valley to see the great Wapta and Emerald glaciers and the Twin and Takakaw falls, which are the features of that part of the country, and are well worth seeing. On the whole, the camp was a great success and the Alpine Club of Canada is steadily increasing its list of members.

A year-book is to be brought out annually giving an account of each summer camp and all the doings of the club. There is an art competition every year, to encourage photography, botany, geology and other branches of science, and prizes are awarded for the best collection of six photographs.

We are indebted for the above account to

E. O. Wheeler, a member of the Alpine Club, and we have no doubt the RECORD has many readers who will be interested in mountain climbing and will be glad to read this account from one who has been on the ground.—Ed.

The Field Club.

The "Field Club" was originally organized by Mr. Morris with the hope of promoting a love and knowledge of nature in the school. Whether that hope has been realized it is hard to say—but it is evident that the club has been largely responsible for a general increase in the knowledge of the geographical features of the district within a radius of five miles from the school. The more interested members of the club have certainly availed themselves of the excellent opportunities which this district affords for the study and collection of typical Ontario flora and fauna. The district is remarkable for its riches in flowers, ferns and insects and a faithful club-member is well repaid in increased knowledge for his efforts in the collecting line.

The Club has not the membership that it should have. Last year some fourteen partnerships were formed but scarcely six pairs carried out the requirements of Mr. Morris. The interest of the others abated after a few weeks had passed and no half-holiday came. Somebody was responsible for a considerable waste of Saturday's cash on cyanide bottles, insect pins, etc. by spreading the rumor that such an event would probably occur. It didn't, and the result was not a little disappointment on the part of all members—real and artificial.

When expeditions in search of plants or insects are made the collectors come across a variety of interesting things that they would never see under ordinary conditions. They have ample opportunities to study branches of nature which are not within the scope of the club's work. Birds and the smaller animals are comparatively common in the wooded localities and the swamps. The finest localities for the purpose of the all round naturalist are Quay's and "the Rockies," one only four and a half miles and the other

about six miles from the school. Of course insects are found everywhere and in the vicinity of the "Iron Bridge" there are a great many varieties of plants. Dr. Bethune captured many of his finest beetles (longicorns) while they were basking in the sunlight on the school fence.

The "Field Club" is one of the finest educational advantages which this school possesses. It broadens the mind and raises the boy to a far higher standard of virility than he would otherwise attain

E. MONTIZAMBERT.

Confirmation.

The confirmation service was held in the school chapel on the evening of March 25th. The class was one of the largest in the history of the school. There was a large attendance at the service, from the friends of the school in town and from Toronto. Among those who were with us were; Mr. A. D. Langmuir and Mrs. Langmuir, Mr. H. N. Bethune and Mrs. Bethune, Mrs. H. Ryrice and Mrs. Sweatman.

The boys confirmed were:—

Arthur Earl Allen.....
 Colley Foster Ambery.....
 Edward Burton Ponton Armour.....
 Robert Thomas Bethune.....
 Frank Pridden Boyce.....
 Frederick George Carswell.....
 Stephen Howard Caswell.....
 Clarence Beaufort Cockburn.....
 George Alfred Coldwell.....
 Sydney Percival Cox.....
 Reginald Charles Dempster.....
 James Alexander Dennistoun.....
 John Andrew Vere Fraser.....
 Harry Clive Fraser.....
 Lawrence Martin Hanbury.....
 George Knightley Kingston.....
 Jack William Langmuir.....
 Roland William Lautz.....
 James Hector Farncomb Lithgow.....
 James McConnell.....
 David Darling McGibbon.....
 Archer D'Arcy Counsell Martin.....
 Edward Oliver Carew Martin.....
 James Lavens Mathewson.....
 John Cotton Maynard.....
 Reginald Charles Milroy.....
 William M. Pearce.....
 Jacob Wilbert Porter.....
 Francis Clark Sanson Reid.....
 Beverley Alan Rhodes.....

Morville William Rutherford.....
 Evan Ryrie.....
 Henry MacDermot Starke.....
 Harry Lutz Symonds.....
 Milton Taylor.....
 Harold Benjamin Tett.....
 James Mark Wenley.....

Obituary.

The School, masters and boys alike, join in expressing their deep sympathy with the Rev. R. Ker and his family on the death of their son who had been associated with the school both as boy and master. On severing his connection with the school, Mr. Ker had accepted a position at Cobalt but was obliged by his doctor's orders to return to his home at St. Catherines. Shortly after his return pneumonia set in, and after a few days' illness, he passed away on the morning of Good Friday. His unselfishness and sincere interest in the welfare of the school and especially in the boys' games will long dwell in the memory of those associated with him.

Old Boys of every generation since the School has been at Port Hope will learn with regret of the death of Mr. C. J. Stuart. Before the School came from Weston Mr. Stuart had retired from the service of the Hudson Bay Company and had made his home on the corner of the Cobourg Road. His remarkable physique made him a well known and familiar figure to the boys, while his hearty greetings and unflinching good nature and kindness endeared him to all who had the privilege of knowing him. In him the school has lost an old and highly valued friend.

Entertainment.

"AS YOU LIKE IT."

On the Evening of Mar. 1st a large number of the senior boys of the school enjoyed a delightful lecture given in the Town Opera House by the English Shakespeare Reader, Miss Williams. Her reading was from "As You Like It," and she certainly gave a very able rendering of the parts of the characters of that familiar play. The performance was

highly appreciated by the boys as many of them were familiar with that play.

JEAN VALJEAN.

On the evening of Mar. 13th the School had the pleasure of hearing a most excellent lecture in the dining hall from Mr. Dennistoun of Peterboro, when he rendered the story of Jean Valjean. An admirable story in itself, it was rendered with the vivid originality that would do credit to Hugo himself. During the hour the lecture lasted the rapt attention of the audience was held and the boys regarded it as the best entertainment they had been privileged to enjoy for some time. At the conclusion the appreciation of the audience was shown by an enthusiastic round of applause, and a hearty vote of thanks was tendered to Mr. Dennistoun for his excellent lecture.

CONCERT.

On the evening of Mar. 20th a Concert was given in the dining hall by the Glee Club and Orchestra, and Cadet Corp Band. The Club and Orchestra had been trained by Dr. Petry and the Band by Sergeant Campbell, the drill instructor for the school. The performance was well received by the audience, consisting of the School and a large representation of the friends of the school from town, and great credit is due to the instructors and the members of the band and club, for the manner in which they acquitted themselves.

The programme was as follows:—

- 1 The Band—Bugles and Drums.....
- 2 The Band—Flutes and Drums.....
- 3 Part Song, Cock Robin—The Glee Club.
- 4 Song, Rodin Adair—Gammell.....
- 5 Trio, The Erl King—Daw, Wheeler and Pinkham.....
- 6 Song, Loch Lomond—The Glee Club....
- 7 Selection, Bag-Pipes—Sergeant Campbell
- 8 Song, I Wouldn't Leave my Little Wooden Hut for You—Mr. Collen.....
- 9 Violin Solo, Hungarian Dance—Williams
- 10 Trio, Ye Shepherds Tell Me—Daw, Wheeler and Pinkham.....
- 11 Part Song, The Men of Harlech—The Glee Club.....
- 12 Instrumental Selection—Violins, Mandolin and Banjo.....

- 13 Toy Symphony—Haydon
 14 Part Song, Auld Lang Syne—The Glee Club
 15 The Band—Bugles and Drums
 16 The Band—Flutes and Drums

GOD SAVE THE KING.

Old Boy Notes.

Godfrey Darling alias "Cat" about whom many old boy visitors have been inquiring has turned up in Calgary and rendered an account of himself as follows:—

Since leaving school I have had a varied experience,—banking, C. B. of C., surveying in northern Saskatchewan, northern Alberta and Manitoba, city salesman for an Office Specialty Co. in Winnipeg, auditor, accountant etc., finally securing a position with G. F. Stephens and Co., Wholesale paints, oils and glass, the largest house of its line in the West."

In Winnipeg he found many old boys and tried to work up an association but every one seemed too busy to get the start made. In Calgary he has met Gordon Sutherland of the Royal Bank, and P. W. Plummer who was going through on a tour of the West.

A. H. Burland, after an enjoyable trip through England and on the continent has entered the Hamilton Branch of the Canadian Bank of Commerce.

R. H. B. Wyssmann has been moved from the Hamilton Branch of the Bank of Commerce to their branch in Red Deer, Alberta.

Brian Henderson, "Barney" is in the Merchants Bank in Windsor.

We are sorry to learn that Stewart Darling of the Dominion Bank, who was lately removed from Windsor to Winnipeg, has suffered from a severe attack of Diphtheria, and is now in England on a trip for his health.

G. W. Morley who lately left the bank and entered Trinity College, is taking a political Science course with the intention of entering business after graduation.

Whitney McQuire is in Detroit with the T. B. Rayl Co., a large wholesale and retail hardware house. He likes the work and likes the city.

The following clipping from the Daily Press will furnish our readers with an idea of the work of Inspector Howard of the N. W. M. P., known as "Don" Howard at School. "Commissioner Perry says Inspector Howard and the detachment under his command, consisting of six men, have performed excellent service in the Arctic regions. Five whaling ships, with crews numbering 230 men wintered at Herschell Island last Winter. The presence of Inspector Howard and his constables at that point was most desirable, both for the unfortunate crews and for the preservation of law and order. The crews of the five Whalers were evidently a bad lot, and some thrilling stories are evidently beyond the matter of fact details contained in Inspector Howard's practical report. The captain of the American ship Olga shot and killed his engineer. An investigation was held by Inspector Howard, but it is a question whether the murder was committed in Canadian waters."—*Mail and Empire Feb. 22.*

Jack Jellett is now assistant manager of the Montreal Branch of the Dominion Bank.

Jack Keyes has left the Ontario Bank and is now Manager of the West End Branch of the Royal Bank in Montreal.

E. H. Skill of the St. John's Newfoundland Branch of the Bank of Montreal, was band master of the band which secured second place in the Governor General's Competition in Ottawa this Winter.

R. A. Pringle is in the Sovereign Bank in Ottawa.

Dr. R. B. Boucher of Phoenix B. C. has disposed of his practice and gone to Germany to take a post graduate course at the German colleges.

The mysterious Mr. Ladd who wandered incognito through the streets of Montreal for the Montreal Star a couple of years ago was Garnet W. Tackaberry.

J. Black is surgeon on the Empress of India sailing from Vancouver.

R. J. McLaren who is in the Imperial Service, stationed at Lahore, India is home on a year's leave and hopes to visit us in June.

H. L. Plummer '96—'99 is travelling in Southern Europe with his father.

Charlie Deakin '96—'97 is now a successful contractor in Montreal.

C. S. Martin ("Chuck") '96—'98 is in New York engaged in the tea business there.

Jim Hayden is manager of the Camden East Branch of the Farmers Bank.

Fraser Daw, Tom Seagram and Robin Gray are in the Hamilton Branch of the Bank of Montreal.

Max Bethune is in the Westinghouse works in Hamilton.

Lawrence H. Graham is now Secretary for the Interior, in Porto Rico, ranking next to the Governor. His son Gordon is in a bank in Porto Rico also.

Eddie Whitehead is city manager of the Canadian Fairbanks Co. in Montreal.

Reg. Stone is in the office of "The Richards Pure Soap Co." in Woodstock.

H. K. Merritt writes from Cumberland Maryland suggesting that with the RECORD should be issued "a sort of 'Year Book' giving the names and addresses, embodying the present occupations, of the old boys, the cricket and football teams of former years, as well as the prefects." We should be glad to hear what our readers think of the proposal.

Dr. E. A. Hammond ("Bill") is staff surgeon in the New Westminster Hospital in London Eng.

Robin Jellett is accountant of the Royal Trust Company in Montreal.

Kenneth Baldwin is with Mackenzie and Mann in Winnipeg.

W. G. Hagarty, is now with the Royal Canadian Engineers, and is stationed at Esquimalt, B. C.

Maurice V. Plummer who has been out in India for a few years is now with the Royal Artillery stationed at Bulford Camp, Salisbury, England.

The late Harry King Stewart, the King's Messenger, whose obituary appeared in our last issue came to the School from Amherst N. S. in 1873 and left to go to England in July 1875.

Some of the boys at present at the school may be interested in the announcement that Mr. J. R. Montizambert, for many years a master at the school, is making arrangements to take a limited number of boys on a tour through England and Scotland during July and August. Any persons interested can obtain fuller information by addressing Mr. Montizambert, Ottawa.

FACULTY OF MEDICINE.

The regular course of instruction will consist of Four Sessions of eight months each, commencing October 3rd. There will be a distinct and separate course for each of the four years.

Attention is directed to the efficient equipment of the University Laboratories for instruction in the various branches of the Medical Curriculum. The new building of the Medical Faculty has been completed in the Queen's Park, and affords extensive laboratory accommodation for Pathology and Physiology which is unsurpassed. Instruction in the other subjects of the Medical Course is given in the various science laboratories and lecture rooms of the University.

The lectures and demonstrations in the subjects of the First and Second years will be given in the Biological Laboratory and the lecture-rooms of the University.

To meet the requirements of the Ontario Medical Council a course of instruction during a fifth year will be conducted. This will be entirely optional as far as the University of Toronto is concerned.

Clinical Teaching (largely bedside) is given in the Toronto General Hospital, Burnside Lying-in Hospital, St. Michael's Hospital, Hospital for Sick Children, and other medical charities of Toronto.

There are special Research Scholarships offered to graduates in Medicine, and every opportunity is now afforded for Scientific Research Work in any of the various laboratories of the University, under the direct supervision of the Professor in charge.

The Faculty provide three medals for the graduating class (one gold and two silver). There are also scholarships available for undergraduates in the First and Second Years. These are awarded to candidates on the results of the annual examinations.

Further information regarding Scholarships, Medals, etc., may be obtained from the Calendar, or on application to the Secretary.

FEES:

Lectures and Demonstrations: 1st year, \$100; 2nd year, \$100; 3rd year, \$100; 4th year, \$100. Registration for Lectures, \$5. Registration for Matriculation, \$7. Annual Examinations, each \$14. For Examination in Practical Chemistry 50c. For admission *ad eundem statum* \$10. Degree \$20. Hospital Perpetual Ticket, \$34. Lying-in Hospital, \$8.
