Gentlemen, Vandel.

It would be in vain for me to attempt, by any form of words, to express the high sense I entertain of the honour you have this day done me by placing me again in the Chair; it will be sufficient, therefore, for me to declare and assure you, that my constant endeavours shall be exerted to preserve the privileges and promote the comfort of every Member of this House, and so to conduct myself in the exalted situation in which you have placed me, as to assure to regret the considence you have reposed in me.

May it please your Excellency,

The House of Assembly having chosen me their Speaker, and your Excellency having approved of their choice, I feel myself invested with the arduous and important duties of that exalted station; fourteen years experience in the Assembly has taught me its forms, and I have learnt that the surest way to preserve the harmony and good understanding of the different branches of the Legislature is to preserve inviolate the privileges of either; it shall therefore be my study to maintain the privileges of the Assembly, and cautiously to guard against any intrustion on the rights of the other Branches; and your Excellency may rely on my exertions to promote the case and comfort of your administration.

I beg leave to demand, on the part of the Commons of Nova-Scotia; the enjoyment of their usual and ancient privileges; that they and their Servants may be free

Royal Instructions.

Mr. PRESIDENT, and Gentlemen of His Majelly's Council;
Mr. SPEAKER; and Gentlemen of the House of Assembly:

IS Royal Highness the Prince Recent, having been pleased, in the Name and on the Behalf of His Majetty, most graciously to commit to me the Administration of the Government of this Province, I feel great satisfaction in now meeting you in General Assembly; as it affords me an opportunity of perfonally assuring you, that myobest endeavours shall be used to promote the prosperity and welfare of this valuable Colony.

The flittering accounts which I have received of the improving state of the Trade, Fisheries and Agriculture of the Province, have been particularly gratifying to me; and I trust, that by our joint exertions and endeavours to advance the public good, these indications of rising prosperity will continue rapidly to in-

crease:

The very commendable attention you have paid to the Roads, and to the establishing a respectable Constitutional Force for the desence of the Province, are measures of very great public utility.

I regret, that the advanced season of the year in which Larrived here, has prevented my inspecting the Militia; but I am happy to inform you, that I have received such favourable reports of the progress made by several of the Bittalions in their discipline, as give me reason to believe (should circumstances require their being called into more active service) that a considerable part of this Force is already in a state to render very effential benefit to the Country, and to perform their duty in such a manner as will rester thonour upon themselves and the Province.

The Treasurer has received my directions to lay before you a statement of the Public Accounts for the last year, to which I feel it my duty to call your most serious attention, as the Expenditures appear thereby to have exceeded the Receipts of the Revenue:—And the Deputy Secretary of the Province will, by my order, present to you the Estimate for the Civil Establishment of the Government, and for such other public Services, as appear to be necessary to be provided for in this Session.

Mr. Speaker, and Gentlemen of the House of Assembly,

From the patriotic and loyal spirit, which has I find so often manifested itself in the conduct of the Representatives of this Province. I can have no doubt but that you will make the necessary provision for the Civil Establishment, and the other services specified in the Estimate; and I shall conside in your liberality and wifdow, to grant such further Supplies as the public good, or the exigencies of

affair

affairs may be found to require:—On my part, you may rest affured, Gentlemen, that no care or vigilance shall be wanting to ensure a strict observance of the most rigid occopomy in the public expenditure, and a faithful application of the Revenue to the purposes for which it may be granted.

Gentlemen of the Council.

Gentlemen of the Affembly,

It is with deep concern I acquaint you, that the latest accounts which have reached me, of the state of our beloved Sovereign's health, are not of a nature so favourable as to warrant our indulging very sanguine hopes of his Majesty's speedy recovery. I should have sorborne adverting to this melancholy circumstance now, did I not suppose that you would, on this occasion, expect such information from me, as I might be in possession of upon this most interesting subject.

I shall hope, Gentlemen, to be favoured upon all occasions with the affiltance of your advice; and I trust you will never find me backward in affording my most zealous support to any measures which may have for their object the encouragement of industry and good morals among the People, and the advancement of the

prosperity, improvement and security, of this Province.

TO HIS EXCELLENCY LIEUTENANT GENERAL SIT JOHN COAPE SHERBROOKE,

Knight of the Most Honourable Order of the Buth, Lieutenant-Governor and Commander in Chief, in and over His Mijesty's Province of Nova-Scotia, and its Dependencies.

Sc. Sc. Sc.

People of Nova-Scotia, beg leave to thank your Excellency for your Speech at the opening of this Sellion of the General Assembly.

The gracious care of this Province, manifested by His Royal Highness the Prince Regent, in committing the Administration of its Government (in the name and on the behalf of His Majesty) to a person of your Excellency's distinguished rank and talents, calls forth our warmest graticude. We considerely rely upon the casuatorance that your endeavours will be used to promote the prosperity of this Colony; and

we beg leave to assure your Excellency, that nothing on our part shall be wanting to make those endeavours effectual to the end proposed.

We are happy to find that the past measures of the General Assembly of this Province, respecting the Militia and Road Establishments, meet with your Excellency's approbation; and are much gratished to learn from your Excellency, that the progress made by several of the Militia Battalions, in their discipline, is such, as to afford your Excellency ground to hope for essential service (should circumstances require it) from this loyal and useful body of His Majesty's Subjects—And we make no doubt, but that, under the directing eye of your Excellency the whole Militia of Nova Scotia may be brought to perform their duty in such a manner as to reslect honor upon themselves and the Province.

We shall give our most serious attention to the state of the Public Accounts, when laid before us. It is with great concern, that we learn from your Excellency that the Expenditures for the last year have exceeded the Receipts of the Revenue. The causes leading to this circumstance we shall endeavour minutely to investigate; and to provide and adopt such cautionary measures as may tend in sucure to

prevent a like occurrence.

Your Excellency may confidently rely on our disposition to make a suitable provision for the necessary Civil Establishments of this Province, and also for such other things, connected with the general good, as the exigency of Public Affairs may be found to require; and we have the fullest persuasion that your Excellency will promote the observance of that rigid economy in the public expenditure which the present prospect of affairs seems to require; and also enforce the faithful application of the Revenue, to the purposes for which it may be granted.

It is with the most distressing feeling that we turn to the melancholy subject adverted to in your Excellency's Speech, which regards our revered and beloved Sovereign. We can only offer our prayers on this occasion to Divine Providence, in whose hands are the issues of life and death, that he may in his goodness resture

him once more to his family and people.

We thank your Excellency for your offers of support to any measures which may have for their object the encouragement of industry and good morals among the people, and the advancement of the prosperity, improvement and security, of this Province.—And we beg leave to assure your Excellency of our ready and zealous assistance towards the attainment of such valuable ends:

Resolved, That the said Address be presented to His Excellency, by the whole

House.

Ordered, That Mr. Pyke, Mr. Crane, and Mr. Purdy, be a committee to wait on His Excellency the Lieutenant-Governor, to know his pleasure when he will be attended by the House.

The faid Resolution was read throughout, a first and second time, and, upon the question put thereupon, agreed to by the House.

And being returned,

Mr. Speaker, and Gentlemen of the House of Assembly:—

HE fervent wishes you offer for the re-establishment of our beloved Sovereign's health; the ready disposition you show to make such a Provision as the exigency of Public Assairs may be found to require; and the very slattering sentiments you are pleased to express of my Public Services, render your Address particularly acceptable to me.

Mr. Speaker, and Gentlemen of the House of Assembly,

WHEN I received the possession of Government House I sound that the Roof had been so much injured by Storms as to render immediate repairs necessary, not only for the comfortable occupation of the Building, but also for its preservation. Some repairs have been done by my orders, and I think that an accurate survey should be made by proper persons to ascertain what surther may be required.

I request the Assembly will take the subject into consideration, and grant such sums of Money as may be necessary to defray the charge incurred, and to put the whole Premises into good tenantable condition.

I. C. SHERBROOKE.

Ordered, That the said Message do lie on the Table, to be perused by the Members of the House.

A petition of Jared Ingerfol Chipman, and David Borden, was presented by Mr. Lawson, and read, setting forth:

That on the seventeenth day of August last past, in the year of our Lord 1811, a Writ was issued by his Excellency Sir George Prevost, Bart. the then Lieutenant Governor of Nova-Scotia, &c. directed to George Chipman, Efq. the High Sheriff of King's County, commanding him to open a Poll at the County Court House in Horton, for the election of two Members to represent the said County in the General Affembly of this Province, which faid Writ was returnable on the tenth day of October then next following. That the faid Sheriff, in obedience to the faid Writ fo to him directed, having given such previous notice as the Law requires, did on Wednesday the twenty-fifth day of September next following the test of the said Writ, open a Poll at the County Court House in Horton, for the election of two Members to represent the said County as aforc-That at the opening of the faid Poll, the Petitioners, and Jonathan Crane, and John Wells, Esquires, offered themselves as Candidates for the said Election; the faid Jonathan Crane and John Wells having agreed to join their interest, and act in concert during the faid Election. That the Poll continued open at Horton aforesaid, until Saturday the 28th day of September aforesaid, when, in pursuance of an application made by the faid Jonathan Crane and John Wells, on the day of opening the Poll, the same was adjourned to Parrsborough, in said County, where being again opened on the seventh day of October, it continued until the eighth day of the same month, when it was finally closed, and the said Jonathan Crane and John Wells were, by the faid Sheriff, declared duly elected to serve in the General Assembly of this Province. That during the holding of the faid Poll, a large number of votes were objected to by each of the faid Candidates, and marked by the Sheriff on the Poll Book, and that immediately after the close of the faid Poll the Petitioners, agreeably to Law, demanded a ferutiny on fuch votes as were feverally objected to by them, and marked by the Sheriff at the time of polling. That the Sheriff on the day after the close of the Poll, with the Inspectors by him chosen according to Law, proceeded to scrutinize the votes so objected to as aforesaid; and, after several adjournments of the said scrutiny, the same was closed on the fish day of February instant.

And the Petitioners further show unto this Honorable House, that at the said scrutiny, they produced to the taid Sheriff and Inspectors, copies of certain Deeds made by the said Jonathan Crane to divers persons therein named, under which many persons who voted at said Election, claimed their right to vote, and which Deeds were objected to by the Petitioners as insufficient, and having been fraudulently made by the said Jonathan Crane, for the purpose of qualifying the persons therein named to vote at the said Election, all which copies of the said Deeds are certified by the Deputy Registrar for the township of Horton, and are annexed to the scrutiny book, returned by the said Sheriff to this Honorable House, and are numbered from one to eight, as by reference to the said scrutiny book and copies of Deeds, will more fully appear.

That in several of the abovementioned Deeds there are conditions restricting and prohibiting the Grantees therein named, from alienating or disposing of the Lands therein granted, and also stating that the said Lands are not subject to alienation or attachment, until the consideration money therein mentioned should be paid to the said Jonathan Crane; that the Tracts of Land in many of the said Deeds mentioned, are situated in different parts of King's County, and at great distances from each other, and that a much greater number of Grantees is comprehended in most of the said Deeds, than is ever contained in Deeds of Lands, where a real and bona side sale is intended to be made, and a sull and legal property conveyed; and surther that there is such manifest consusion and uncertainty in the description of the Lands and Premises in said Deeds mentioned, as render it plain and certain that they were not intended to vest a sull, absolute and legal, Estate in the persons to whom the said Lands are pretended to be conveyed.

That in others of the said Deeds, the said Jonathan Crane has pretended to sell and convey parts of the Common and undivided Lands in the Township of Horton, which belong indiscriminately to the proprietors of the said Township. That in others the said Jonathan Crane has given and granted away large tracts and parcels of land to several persons, who voted under the Deeds thereof from the said Jonathan Crane, at the said Election; to which said lands and premises it manifestly appears, that the said Jonathan Crane had no right or title at the time of the said Election, or at any time previous thereto; and that since the said Election, and during the said scrutiny, the said Jonathan Crane has procured conveyances from the true owners of lands, of which he, the said Jonathan Crane, had, long before the said Election, given Deeds to persons, who then voted for him and the said John Wells under the same.

That in some of said Deeds, the same lands and premises are twice conveyed to different persons by the said Jonathan Crane; and that in other instances, the said

faid Jonathan Crane has mortgaged lands for real debts, due by him; which lands he had before conveyed to other persons; whereby it manifestly appears, that the said Jonathan Crane did not consider himself as having conveyed away any legal estate whatsoever by the Deeds sirst made.

And the Petitioners further state, that many of the persons, to whom such fraudulent Deeds were made by the said Jonathan Crane, never knew of the same until they were informed by him, or some of his agents, that they had good titles on record, and were requested to vote for the said Jonathan Crane and John Wells at the said Election.

And the Petitioners further shew unto this Honorable House, that the said Jonathan Crane hath used various other frauds, contrivances and illegal means, for the purpose of obtaining votes at the said Election, which will manifestly appear to this Honorable House, on reference to the said certified copies of Deeds and other Documents annexed to the said icrutiny book, whereby the said Jonathan Crane hath in a corrupt, fraudulent, unjust and illegal manner, procured and obtained an unfair and undue majority of votes to be given for himself, and the said John Wells, at the said Election, and hath procured himself, and the said John Wells, to be returned as Members for the County aforesaid, to this Honorable House.

And the Petitioners further-state, that the said Jonathan Crane hath used many other corrupt, fraudulent, undue and illegal, practices to procure himself and the said John Wells to be so returned as aforesaid: to the manifest injury and prejudice of the Petitioners, and the sair and lawful Electors and Freeholders of the said County, and in open violation of the Rights, Privileges and Constitution, of this Honorable House.

And the Petitioners further state, that several other persons, who voted at said Election for the said Jonathan Crane and John Wells, besides those who voted under the aforesaid Deeds, and whose votes were objected to by the Petitioners, and marked at the time of polling—were not legally qualified and entitled to vote at the said Election, as will sully appear to this Honorable House, by the evidence produced to the said Sheriff and Inspectors at the said Scrutiny, and by the said Sheriff reported to this Honorable House, and also by surther evidence, which the Petitioners are ready to produce, that the said votes ought to be struck off as bad and insufficient.

The Petitioners therefore most humbly pray, that this Honorable House would take their case into consideration, and be pleased to declare the Seats of the said Jonathan Crane and John Wells vacant, on account of the beforementioned corrupt, fraudulent, and illegal practices of the said Jonathan Crane, or would be pleased to order the said Sheriff to amend his return by inserting the names of the Petitioners, instead of the said Jonathan Crane and John Wells, or will grant such other relief as to your wisdom shall seem sit; and the Petitioners, as in duty bound, will ever pray.

Ordered, That the Petition do lie on the Table.

On motion, the Message from his Excellency the Lieutenant-Governor was read by the Clerk; and thereupon,

Ordered, That Mr. Creighton, Mr. Pyke, and Mr. Sargent, be a committee to enquire

enquire into, and report upon, the state of the Government House, and also to cause an estimate to be made of the necessary repairs which will be required to put the same into good tenantable condition.

On motion of Mr. Haliburton, refolved, that the petition of Jared I. Chipman and David Borden, complaining of an undue Election for King's County, together with the proceedings had upon the scrutiny returned to this House by the Sheriff of the said County, be referred to a select committee to be appointed by the House, and thereupon,

The House proceeded to the balloting for the select committee agreeably to the mode practifed by the House on the 25th March, 1793, and the names of the sive Members remaining unstruck were read, and are as follows: Mr. Creigh-

ton, Mr. Harris, Mr. Warwick, Mr. Purdy, and Mr. Baker.

Mr. Speaker then called on the Petitioners to nominate one from amongst the Members then present who had not been drawn, to be added to those chosen by lot, to serve on the said select committee; as also, on the sitting Members to choose one in like manner on their part; and thereupon, the Petitioners named Peleg Wiswall, Esq. and the sitting Members Simon B. Robie, Esq. The names of the before mentioned five Members, and the names of Peleg Wiswall, and S. B. Robie, nominated as aforesaid, were called over, and being come to the Table, they were acquainted by Mr. Speaker, that they were a committee appointed to take into consideration the petition of Jared I. Chipman and David Borden, complaining of an undue Election for the County of King's County, and proceed thereon, agreeable to the Resolution of this day.

Ordered, That the select committee do meet to-morrow morning at ten o'clock,

in the committee-room of the House.

Samuel Marshall, Esquire, Member for the Town of Yarmouth, took his seat, having previously taken the usual oaths prescribed by Law, and subscribed the usual declaration at the Table of the House, in presence of the Honorable James Stewart, one of the Commissioners appointed by his Excellency the Lieutenant Governor.

A petition of Archibald Smith was presented by Mr. Warwick, and read, setting forth:

That a Writ bearing date the seventeenth day of August last, was directed to William Smith. Esquire, the Sheriff of the County of Hants, commanding him to call together the Freeholders of the Township of Newport, to elect one six and proper person to represent that Township in the General Assembly of this Province. That in obedience to such Writ, the said William Smith, gave the notice required by the Law of the Province, and appointed Saturday the 28th day of September sollowing, to be the day on which the Freeholders should meet for that purpose.

That on that day the Petitioner went to the place at which the Sheriff had appointed the Election to take place, and offered himself a Candidate for the suffrages of the Freeholders of the said Township, to represent them in the General Assembly of this Province. That at the same time, Mr. John Allifon, of the County of Hants, came to the Hustings, and offered himself a Candidate to represent the faid Township, whereupon a Poll was opened, according to Law, but before any vote was taken by the faid Sheriff, the Petitioner objected to Mr. Allison, as not being qualified to represent the Township of Newport, he not owning a Freehold, such as the Law of the Province requires, within the lines and boundaries of that Township, as fixed and settled in the Grant, passed under the Great Seal of the Province, bearing date the 21st July, 1761, by which that Township was erected and established, as by reference to the said Grant will more fully appear; and the Petitioner at the same time requested the said Sheriff to make a minute of fuch objection on the Poll Book, which he did not think proper to do. That the Election then proceeded, and the Sheriff continued to take the votes of fuch of the Freeholders as came-forward to vote, until four o'clock in the afternoon of the same day, when, by the consent of the two Candidates, he adjourned the Poll until ten o'clock on the following Monday. That during the time the Poll was opened on the first day, two persons, the one named Wil-: liam Henley, and the other Stephen Wilcox, came forward to the Huslings, and voted for the Petitioner, and their names were-entered on the Poll Book, but Mr. Allifon objecting to them as unqualified, not being Freeholders in the Township of Newport, their names were expunged by the Sheriff, notwithstanding the Petitioner objected to it, and told him to make a mark opposite to their names, and let them remain subject to a scrutiny, if Mr. Allison chose to demand one.

That on the faid Monday, at the hour of ten of the clock in the foremoon, the Poll was again opened at the same place, and the Petitioner, and Mr. Allie son, appeared at the Hustings, but on account of a tremendous storm and galax of wind which arose on that day, many persons were prevented from coming to vote, as the bridges were carried away, and the lives of many would have been endangered, if they had attempted to come across the dykes, which were overslowed, and without crossing which they could not get to the Hustings. That the Petitioner represented this to the Sheriss, and requested him to adjourn the Poll to the following day, as it was impossible for many of his friends to come that day, but the Sheriss, notwithstanding this, kept the Poll open for an hour and a half after dark, until the Petitioner's last vote was taken, and then closed the Poll, declaring Mr. Allison to be duly elected, he having at that time a majority of twelve votes.

That a great many persons, who had been prevented coming to the Hustings, for the reasons before stated, were actually on their way the next day, to vote for the Petitioner, when they were informed that the Poll had been closed; and the Petitioner is certain, that if the Poll had not been improperly and illegally closed at the time it was, he would have had a majority of votes, and praying that the House would take the subject of his petition, and the proofs in support of it, into consideration, and if it should appear that Mr. John Allison, the fitting Member, was not at the time of the Election duly and legally qualified to represent the Township of Newport, then that the House would declare his Seat to be vacant, and direct the Sheriff to amend his Writ, and return the Petitioner duly elected; and if it should appear that any improper or undue advantage was given to the faid John Allifon at the faid Election, by eraling the names of any of the Electors who had voted for the Petitioner from the Poll Book, for in closing the Poll at an improper time, instead of adjourning it, or in any other way; then, that the House would be pleased to declare the Seat of the faid John Allison to be vacant, or do whatsoever in its wisdom it may deem expedient sfor the relief of the Petitioner; and that the l'etitioner have permission of the House to be heard at its Bar, by his Counsel.

Ordered, That the Petition do lie on the Table.

That in pursuance of His Majesly's Writ, bearing test on the 17th August last past, directed to Jones Fawson, Esq. Sheriff of the County of Halifax, and requiring him to return a fit and proper person to represent the Township of Truro in General Assembly, a Poll for the Election of such Representative was bogun at Truro, on Monday the 23d day of September last; when James Kent, of Truro, Efq. and your Petitioner, appeared at the Hustings, and declared themselves Candidates for the faid Election. That the Poll was continued until late in the afternoon of Tuelday the 24th day of the same month, when I is closed; and there appearing then for the faid James Kent, fifty three votes, and fifty for the Petitioner, being a majority of three votes in favor of the faid James Kent, the faid Sheriff declared him duly elected, and has returned him as the Representative of the faid Township. That during the said Election, and at the times of their refpective polling, the Petitioner objected and opposed himself to the receiving the votes of James Flemming, of Londonderry, Esq. who is returned as the Reprefentative for that Township, of Jacob Wortman, Daniel Drue, John Smith, and John Johnstone, on the grounds that the four first mentioned persons were not qualified to vote according to the requifites of the Law of this Province, in that case provided; and that he the said John Johnstone was a person deaf and dumb from his birth, and totally incapacitated from taking the Freeholder's oath, and defignating by himself, and without the intervention of others for whom he intended to vote; but notwithstanding his objections, which the Petitioner conceived to be valid, the votes of the perions above-mentioned were received and taken for the faid James Kent, and thereby the aforesaid majority obtained, when, if their votes had been rejected, the majority of legal votes was and would

would have been in favor of the Petitioner. That immediately on the close of the Poll, the Petitioner demanded a scrutiny of the votes he had objected to, which was granted by the Sheriff, and proceeded on before him and his Affiftants, on the twenty-fifth day of the same month, when the Petitioner scrutinized the votes of the five persons above-mentioned only, and produced such evidence as induced him to believe that those persons were not at the time of the Election qualified to vote, and that the votes then given by them were null and void, and that a majority of two legal votes remains in favor of the Petitioner. the proceedings on the faid Scrutiny, are returned to the House, whom the Petitioner begs leave to refer to them and to the Poll Book for the particulars of the objections to the aforefaid perfons, and of the evidence adduced in support of them, and if the House shall require any further evidence thereon, the Petitioner is prepared to produce such as he trusts will be perfectly conclusive in his favor, if that now before the House is considered in any respect desicient. And the Petitioner is well affured, that upon an investigation of the whole proceedings at the faid Election and Scrutiny, the House will be of opinion that the majority of legal votes is in his favor: and praying that the House will take the above facts into consideration, and direct the Sheriff of the County of Halifax to amend his Return to the aforesaid Writ, by returning the Petitioner to be duly elected to represent the aforesaid Township, or that the House would grant him such other relief as in their wisdom they shall think proper.

Ordered, That the Petitions do lie on the Table, to be perused by the Members of the House.

The faid Papers were read by the Clerk; and thereupon, ordered, that His Excellency's

cellency's Message, and the Papers, do lie on the Table, to be perused by the Members of the House.

Mr. Cogswell, by order of His Excellency the Lieutenant-Governor, likewise said before the House, a Statement made by him respecting the Quit Rents, accompanied by a Copy of the amount of Fees paid upon Grants of Land, and a Letter from the Honorable Charles Morris, Surveyor General, and the same were read, and are as fellows, viz:

SECRETARY'S OFFICE, 4th March, 1812.

To the Honorable the House of Assembly,

In obedience to the commands of his Excellency the Governor, that I should lay before the Honorable the House of Assembly, "An Account of the Quit Rents, and the amount thereof now payable annually, together with the amount received by way of fine or otherwise by the present Receiver-General, and also an Account of the Fees taken on the passing of Grants of Land within the Province,"

I have searched the Records of this Office, and, from as accurate an examination as the time will allow, I humbly beg leave to state as follows:

That, as it has never been considered the duty of this Office to keep any account of the Quit Rents, no attention has been paid in the arrangement of the Records to give a clear and satisfactory view of that subject, and critical accuracy is only attainable by the examination of each Grant, which would require much time and labour to accomplish.

Upon a general view of the subject it appears, that from the year 1731 to 1750, few Grants of Land passed, and of these few the greater part were of small Tracts, and Town and Fishing Lots. The most considerable were two Grants of 50,000 acres each, which were afterwards escheated. The usual Quit Rent reserved at this early time, was one penny, sterling, for every acre. In some cases a quintal of Fish was the Quit Rent for a whole Lot: and in some few instances where the Grant was very small, the Quit Rent was two shillings, or two shillings and six pence per acre.

From September 22d, 1750, to March 3d, 1812, inclusive, it appears, from the public Records, that 1806 Grants were made, conveying 5,991,961 acres; of this number upwards of twenty Grants, conveying about 1,600,000 acres are marked as having been escheated; so that the number not escheated, will be about 1786, and the number of acres conveyed by these 4,391,961, during this period of 62 years, the usual Quit Rent was two shillings for every hundred acres, or one farthing for every acre. The amount of Quit Rents upon the unescheated Grants, at 2s for every 100 acres, would be £4,391,19,11, sterling, per annum; and, as they were sometimes payable in two years after the date of the Grant, and in no instances later than ten years after date, a large sum is now in arrear.

But, as a large portion of the granted Lands in the Province is still in a wilderness state, and many of the Grantees absent, it is probable that no arrears of Quit Rents upon such Lands could ever be collected, and the Lands would escheat

to the Crown. Making, therefore, a fair allowance for such probable deductions, I conceive that the sum of ℓ , 40,000 at least is due to His Majesty for Quit Rents to the present time upon the cultivated parts of the Province, in the hands of Grantees, whose interest it would be rather to pay the arrears than suffer their Lands to be escheated; and I think it probable, that, after all reasonable allowances are made, the annual amount of Quit Rents in this Province will be equal to ℓ , 3,500, sterling.

In respect of the amount received by way of fine or otherwise by the present Receiver-General, I beg leave to refer this Honorable House to the statement made by that Officer.

For the Account of Fees taken on the passing of Grants of Land within the Province, I beg leave to refer to the copy of the Table of Fees, established by His Excellency the Governor and His Majesty's Council, which is hereunto annexed.

For further information upon this subject, I beg leave to refer the Honorable House to a statement made by the Surveyor-General of Land, which is hereunto annexed.

A true Copy,

H. H. COGSWELL,

Deputy Secretary.

Surveyor General's Office, Halifax, 3d March, 1812.

Having been required, by special direction of His Excellency the Governor, to afford every affisiance and information in my power towards the ascertaining the arrears of Quit Rents due on the Grants of Land in this Province, and the amount thereof now payable annually, together with the amount received by way of fine or otherwise, by the present Receiver General; and also with regard to the Fees taken on the passing of Grants of Land within the Province, I beg leave to observe that the true sources of information on these points, are—

The Receiver-General of Quit Rents, or his lawful Representative.

The Registrar of Grants, wherein the terms and conditions and Quit Rents are specified; and for the Fees on Grants, the Tariff or Table established by His Excellency the Governor and His Majesty's Council, must be resorted to, and a certified copy furnished by the Secretary of the Province.

I have made an Estimate, founded on the best information I could obtain; and although I cannot pledge myself to its being critically correct, yet I can with considence give the assurance that the amount of arrears of Quit Rents, as well as those now payable annually, will be near and not less than the following sums, Viz:—

Amount of arrears of Quit Rents due on the 1st January, 1812, £.40,000
Payable annually, commencing 1st January, 1812, 3,500

Then the House adjourned until to-morrow at eleven of the clock.

PRAYERS.

The Clerk, pursuant to order, delivered to the House 2 Bill to continue 20 Ac

Act for granting to His Majesty certain Duties on Wines, Rum and other Distilled Spirituous Liquors, Molasses, Cossee, and Brown Sugar; also,

A Bill to continue the several Acts of the General Assembly, for the surther increase of the Revenue, by raising a Duty of Excise on all Goods, Wares, and Merchandise imported into this Province; and, also,

A Bill to continue the several Asts of the General Assembly, for raising a Revenue to repair the Roads throughout the Province, by laying a Duty on Perfons hereafter to be licensed to keep Public Houses, or Shops, for the retail of Spirituous Liquors; and the same were severally read a first time.

Refolved, That the Bills be read a second time.

A petition of the Commissioners of the Poor for the Town of Halifax, was presented by Mr. Archibald, and read, setting forth: - That the number of Paupers in the Poor-House, is much greater than in former years, and the expense of supporting them in proportion to their number, on account of the high price of provisions, now greatly increased; and although the expense of supporting them has become fo great, yet the funds formerly affigned for part of their maintenance by the Legislature, has been much diminished by the failure of the 3d. Wine Duty, and the ten per cent. Duty upon articles imported from the United States of America. That the expense of supporting the Poor-House Establishment in Halifax, will fall very heavy upon the inhabitants, with no other affishance than the usual allowance towards the support of the Transient Poor. That the inhabitants are frequently, and importunately called upon to extend relief in private charities, to large amounts, to unfortunate individuals and fuffering families, which tenders them less able to pay the taxes necessary to the support of so many Paupers, who have become so, in very many instances, from their own misconduct, and intemperance. That, as the excessive use of Liquors has greatly increased the number of Paupers, it appears equitable that some provision should be made for their support out of the Fund produced by Licences for retailing Spirituous Liquors, and praying the House will appropriate the amount of the Money produced by granting Licenses for the retail of Spirituous Liquors to the support of the Poor, or grant such other relief in the premises as to them shall feem meet.

folution thercupon, which they had directed him to report to the House, and he read the same in his place, and afterwards delivered it in at the Clerk's Table, where it was read, and is as follows:

In Council, 13th March, 1812.

Rejolved, That the disposition which the House of Assembly has manifested to appropriate money fo liberally, for the general purposes specified in the Resolutione fent to His Majesty's Council, affords great pleasure to the Council, as they are of opinion that the best interests of the Province will be highly promoted, by carrying into effect many of the purposes for which the Resolutions of the House of Affembly contemplate to provide; and the Council will cheerfully concur, with the House of Assembly, in granting to his Majesty, such supplies the present Sessions as will be adequate to afford sufficient ways and means to pay the necessary and useful services of the Province. And the Council, after giving the most ferious attention to the Revenue granted to His Majesty for the services of the present year, deem it expedient to fend to the House of Assembly a Report made upon that subject by a committee of Council, which Report they recommend to the ferious confideration of the House, as containing facts which appear too plain to be controverted; and the Council feel it a duty to call the particular attention of the House to this subject, as it is the unanimous and unalterable opinion of the Council, that it would be highly culpable, in the present situation of public affairs, to agree to any measures which would involve His Majetty's Government in this Province in further debt.

On motion, the House resolved itself into a committee of the whole House on the consideration of the several Bills which stood committed.

Ordered, That the amendments be engroffed.

On motion, resolved, that a Committee be appointed to examine into the state of the Funds of the Province, and report thereon to the House.

Refolved, That it is the opinion of this committee, that a committee should be appointed by the House to prepare an Address this Excellency the Lieutenant-Governor, stating to his Excellency that the House have taken His Excellency's Message into consideration; that, in order to provide for the object recommended by His Excellency, Bills must be prepared that will require great consideration, and occupy more time than the House can devote to that object this Session, and that the House will, at an early period in the next Session, resume the consideration of the subject so recommended by His Excellency.

The faid resolution was read throughout a first and second time; and there-upon,

PRAYERS.

A petition of the Magistrates and the Grand Jury of the Town of Halifax, was presented by Mr. Pyke, and read, setting forth, That the Act of the Province of the 30th Geo. 3d. chap. 1st, for the building and regulating the Markets in the Town of Halifax, is very injurious to the interests of the faid Town, and the petitioners therefore pray, that it may be repealed; and an Act passed, investing the Markets in the Town, and placing them under the controll of the Court of Sessions and Grand Jury. That in aid of the Act, the Legislature have expended the sum of £.2,000. That the petitioners do not wish to enter into the consideration of the supposed expediency of, or the causes which induced, the expenditure; but being fatisfied, that the interests of the Town of Halifax require that the faid Act should be repealed, they anxiously wish, in the behalf of the Town, to remove in an amicable manner, any objections which may arise in confequence of the above advance of money by the Legislature; and therefore state, that of the income derived from the Markets, there is in the hands of the late Commissioners, the sum of £.634 0 0, and in those of the present, £.166 0 0, making together the fum of £ 800, which, by the present Act, is appropriated to the special purposes of building and repairing Markets. That it is the wish of the petitioners, that by the repeal of the faid Act, this sum of £.800 may be received by the Province, as a part of the money advanced by it. And the petitioners pledge

pledge themselves, in behalf of the Town of Halisax; that the remaining sum of £1,200, shall also be repaid to the Province; but they request the indulgence of the House, to allow the balance to be paid by such instalments as the means of the Town can meet. And praying that the House will take the subject into consideration, and grant them the relief they solicit.

Ordered, that the Petition do lie on the Table.

Mr. Wiswall, pursuant to leave given, presented a Bill in further addition to the Act for the chablishment of Religious Public Worthip; and the same was read a first time.

Refolved, That the Bill be read a fecond time.

Mr. Creighton reported from the felect committee, to whom the fulject of the King's County election was referred, and he read the report in his place, and afterwards delivered it in at the Clerk's Table, where it was read; and is as follows:

That a Poll was opened at Horton, in the County of King's County, on the twenty-fifth day of September laft; for the Election of two Metabers to reprefent the faid County in the General Affembly of this Province; that Jonathan Crane, Esquire, John Wells, Esquire, Josed Ingersoll Chipman, Esquire, and Mr. David Borden were Candidates; that the faid Poll was adjourned to Parisborough, in the fild County, and was there closed on the eighth day of October last, when there appeared for the faid Jonathan Crane three hundred and forty-two votes; for the faid John Wells three hundred and thirty nine votes; for the faid Jord Ingerfoll Chipman three hundred and nine votes; and for the faid David Borden three hundred and fix votes; and the faid Jonathan Crane and John Wells having a majority of votes, were accordingly declared by the Sheriff of the faid County, to be duly elected. That a number of votes were objected to by the respective Candidates at the time of their being given, and a scrutiny was demanded by them. which was granted by the Sheriff, who proceeded therein the next day, and returned the proceedings to this House, and the committee have had the same under their confideration. The committee further report, that from the loofe and irregular manner in which the faid Election was conducted, particularly by the Candidates not requiring the Sheriff to cause the Voters who were objected, to take the oaths required by Law, much difficulty and confusion has arisen, which would have been avoided, had the directions of the Law in that respect been complied with; that the committee have been obliged, in confequence of this neglect, to investigate a great variety of evidence for the purpose of coming at a knowledge of facts, which it was the duty of the Sheriff and his Affiltants to have afcertained at the ferutiny, and to have reported to the House. That the committee, upon a confideration of the facts returned upon the scrutiny, together with such evidence as the parties have produced before them, are of opinion that all the votes objected to by the feveral Candidates are good, except those herein after referred to, of which the committee have determined that fifty are bad, and have accordingly deducted them from the numbers of the respective Candidates for whom they were given, which leaves the Poll as follows: Crane 316, Chipman 285, Wells 312, and Borden 285.

The names of the persons, by whom these votes were given, together with the Candidates for whom they voted are contained in the schedule hereunto annexed, marked A. The committee have considered it necessary to report the sacts relative to ten other votes; together with the names of the Candidates for whom they were given, which are contained in the schedule hereunto annexed, marked B, the committee being of opinion, that these votes are good as respects the value and possession of the property, but they are contested by the parties, upon the ground of the titles being desective, upon which point the committee have given no opinion, as the Deeds under which these titles are derived, are before the House.

The committee have also considered it necessary to report the votes of thirteen other persons, whose names are contained in the schedule hereunto annexed, marked c, upon which it is impossible for the committee to form any opinion, either as to their being good or bad, as no sacts appear upon the proceedings to enable the committee to judge of them. The objections of the petitioners to the Deeds referred to in the schedules B and c, together with the answers of the sitting Members, are also hereunto annexed, and marked D.

The feveral schedules and the answers, as referred to in the foregoing Report, were also read by the Clerk; and thereupon,

The committee beg leave further to state, that the Collector of Impost and Excise for the Diffrict of Halifax, prior to the 31st December last, paid into the Treasury, of the dut es received and secured under the Revenue Laws of the last year, the fum of 1,7000, and that the Attorney General has collected the further fum of £ 1,000 for duties secured under the laws of that year, amounting to £8,000.

The committee are also of opinion, from the information they have received, that the revenue of the prefent year will be as productive as the revenue of the last year, and that as much cash will be paid into the Treasury, during this year, as there was the last, produced by the Duties secured within the year; and allowing the same proportion of cash to be received at the Out Ports as was received in Halifan the last year, the revenue of this year will produce in cash during the year the sum of £. 10,000. The committee beg leave further to state, that they are of opinion that the House may appropriate this Session, the sum of $f_1 23,698 + 11 = 2\frac{1}{2}$, referving a fum fufficient to respond the bounties granted the Fisheries, and such other services as will become due, by existing Laws, during the year, being the amount of the disposable funds before mentioned; and the fum contemplated to be received in cash, under the Revenue Laws of this year, less the sum of £.959 9 5, due on account of the Militia Arms, after the duties already fecured for that service are paid in. The committee beg leave further to state, that there is a balance of f.634 12 3 in the hands of the late Commissioners for the Public Market Houses at Halifax, and in the hands of the present Commissioner for Sable Island, the sum of £614 11118, which may be applied to the General Service of the Province.

Mr. Deputy Secretary Cogswell acquainted the House, that he had a Message from his Excellency the Lieutenant Governor to this House, signed by his Excellency; and he presented the said Message to the House.

And the faid Message was read by Mr. Speaker, all the Members being uncovered, and is as follows:

Mr. Speaker, and Gentlemen of the Affembly,

If having been represented to me, that certain impediments render it very difficult for the Officers to carry the Militia Law into effect, as it now flands, and as it appears to be of the utmost importance that the entuing Militia Meetings should be well attended, in order that the Officers and Men may be brought forward in their Field Movements and Discipline as much as possible—

I, with a view of removing any difficulties which might exist, directed the Adjutant General to convene as many Militia Officers (several of which are at this time in Halifax) as could be conveniently assembled, in order that I might learn from them how the Act operated, and whether any immediate alterations in it was necessary.

The Report of these Officers, upon particular points. I have directed to be

laid before you, and I recommend it to your ferious confideration.

It having likewise been represented to me, that Deserters, both from the Navy and Army, who had escaped into the Country, have, in many instances, been apprehended by the praise worthy exertions of the Non Commissioned Officers and Men of the Militia, and, as the reward allowed by Government on such occasions is not sufficient to pay the Militia Man in this Country, where the price of labour is so high for his loss of time and the trouble he is at, I recommend, as the most effectual mode of putting a stop to the crime of Desertion, as

well 2s to reward the Militia Men of this Province for their zealous exertions, that some addition should be made by the Legislature to the reward already given by Government for the apprehension of Deserters.

The Quarter Master General of the Militia having stated to me that the Money which was some time ago voted for the carriage of Arms, and other trifling contingencies, is expended, it would be adviseable therefore, I think that a small sum should be put at his disposal, as heretofore, to answer these purposes.

J. C. SHERBROOKE.

Mr. Cogswell also delivered to the House, the Report of the Militia Officers, as referred to in His Excellency's Message.

Ordered, That the faid Meffage and Report do lie on the Table, to be perused by the Members of the House.

A Message from the Council, by Mr. Cogswell:

Mr. Speaker,

The Council request a further conference, by committee on the subject matter of the last conference.

And then the Messenger withdrew.

Resolved, That this House doth agree to the conference, as desired by the Council, and that the Clerk do acquaint the Council therewith.

Ordered, That the Managers who managed the last conference, together with Mr. Ritchie, do manage this conference.

And the names of the Managers were called over.

And they went to the conference;

And being returned,

Mr. Archibald reported, that the Managers had been at the conference, and he stated the substance of the conference to the House.

Mr. Roach reported from the committee to whom the accounts of the expenditures for the new Province Building, and the accounts for building a Light House on Coffin's Island, &c. were referred, and he read the report in his place, and afterwards delivered it in at the Clerk's Table, where it was read, and is as follows:

That the committee have examined the Accounts of Dibursements made by the Commissioners of the new Province Building, up to the 31st December 1ast, amounting to the sum of £2.580 13.7½, which sum appears to have been very judiciously expended in purchasing materials for the building, and in paying the mechanics and labourers every week; for which proper vouchers and receipts appear. That the Commissioners have received, at different times from the Province Treasury, up to the end of the year, the sum of £2.400, also for the proceeds of the sales of the old Government-House, the sum of £212 1 2, making together £2.612 1 2, leaving a balance in the hands of the Commissioners, on the said 31st December of £31 7 6½, as per Abstracts No. 1 & 2. But there appears to have been due at that period to sundry persons, for materials purchased by the said Commissioners, the surther sum of £534 14 5½, as per Abstract No. 4, which left a balance in favor of the Commissioners of £503 6 11: that sum deducted from the balance of the grant of last year, would leave £2,096 13 1 unexpended, to he 31st December

December last. That the committee, on referring to the estimate made by the Commissioners, are of opinion that to enable them to proceed with advantage in the work, an additional grant of money for that purpose will be necessary, to the amount of at least £2,500. The committee further report, that they have examined the accounts of the Commissioners for building a Light House on Coffin's Island, at the entrance of the harbour of Liverpool, amounting to £535 5 6, for which their appears vouchers and receipts. The Commissioners alto charge the fum of £25 as commissions, which leaves a balance due to them of £60 5 6, the sum granted for that fervice left year being £500; and the committee beg leave to refer the House to the account, as stated by the said Commilli ners, as it appears that the wages pail to the mechanics and labourers were, in many inflances, very exerbitant. The committee further report, that they have examined the account of the expenditures, in fitting up the Council Chamber and Affembly Room, which appears to amount to £186 13 6, and that after deducting the ium of £89 14, the balance unexpended of the grant for repairing the old Government House, to be appropriated in discharge of the same, the further fum of £96 19 6, will be required to be provided for by the House. The committee further report that they have had under their examination different accounts for repairs and materials furnished for the Government House during the past year, amounting to the sum of £283 13 10, and they submit to the House the propriety of providing for the payment of the same by a grant the present Session, no money having yet been provided for that service.

Ordered, That the faid Report be referred to the Committee of Supply.

Then the House adjourned until six o'clock, P. M.

The House met, agreeably to the adjournment.

On motion, that part of his Excellency the Lieutenant Governor's Miffage on the subject of the Militia Law; and also the report which accompanied the Message, were read by the Clerk; and thereupon,

On motion, the House resolved itself into a committee of the whole House on the consideration of the same.

Mr. Speaker left the Chair,

Mr. Shaw took the Chair,

Mr. Speaker resumed the Chair.

The chairman reported from the committee, that they had made some progress in the business to them referred, and that the committee had directed him to move for leave to sit again on the consideration of the same; which report the House agreed to.

Then the House adjourned until to morrow, at ten of the clock.

TO HIS EXCELLENCY LIEUTENANT-GENERAL

Sir JOHN COAPE SHERBROOKE,

Knight of the Most Honourable Order of the Bath, Lieutenant-Governor, and Commander in Chief, in and over His Majesty's Province of Nova-Scotia, and its Dependencies, &c. &c.

The Humble Address of the House of Representatives in General Assembly.

E, His Majesty's faithful Subjects, the Representatives of His Loyal People of Nova-Scotia, lumbly beg leave, through your Excellency, to offer our most humble thanks, to our beloved Sovereign, for the immediate Answer His Majesty has been most graciously pleased to return to the Petition of the former House of Assembly, on the subject of His Royal Quit Rents; and to express our dutiful sense of His Majesty's beneficent intentions towards his Subjects in this Province, manifested in His Majesty's Answer to that Petition.

We assure your Excellency, that we have given that serious attention to the subject of His Majesty's Answer, contained in your Excellency's Message to the House of Assembly, which the nature and importance of the subject demanded; and have suity considered the consequences likely to result from the performance of the condition upon which His Majesty has been graciously pleased to inform us he would suspend the collection of His Royal Rents, and we most respectfully state to your Excellency some of the many reasons which have prevented the House of Assembly from complying with that condition.

His Majesty's Subjects in this Province, are composed of various denominations of Christians, who universally esteem themselves good and loyal Subjects of His Majesty, and it is with the greatest pleasure and satisfaction we can assure your Excellency they are worthy so to be considered; all of whom, since the first settlement of this Colony under His Majesty's Government, have ever been, by Law, exempt from yielding any support to the Church of England, (excepting such as profess the dostrines of that Church), a privilege which was early promised to such of His Majesty's Subjects as should settle in Nova-Scotia, and one which they have ever enjoyed, and esteemed invaluable.

We further beg leave to state to your Excellency, that much the greater proportion of His Majesty's Subjects in this Colony, do not profess the doctrines of the Church of England; and we are fully satisfied, if the Assembly should make provision for the support of the Clergy of that Church, at the expense of the Province, jealousies and discontents would be created amongst the various descriptions of Christians, tending to the injury of the Church, and the destruction of that harmony which we are anxiously desirous of preserving.

The House of Assembly humbly state to your Excellency, that the collection of the Quit Rents would create uneasiness, and, in very many cases, distress, as the Persons who settle the Wilderness Lands of this Province, are generally poor and indigent People.

The House of Assembly request that your Excellency will be pleased to make known

known to their beloved Sovereign, this their answer to your Excellency's Message; and they begieave to assure your Excellency of the high respect they entertain for your Excellency's person and character, and the considence they place in the disposition so fully manifested by your Excellency to promote the best interests of this Province.
