PUBLIC ACCOUNTS

FOR THE

PROVINCE OF CANADA,

FOR THE YEAR

1859.

LAI D BEFORE THE LEGISLATIVE ASSEMBLY, MARCH, 1860.

QUEBEC:

PRINTED BY THOMPSON & CO., ST. URSULE STREET.

1860.

R E P O R T

OF

MINISTER OF FINANCE OF CANADA.

TO HIS EXCELLENCY the Right Honorable SIR EDMUND WALKER HEAD, Governor General of British North America, &c., &c., &c.

MAY IT PLEASE YOUR EXCELLENCY :

I have now the honor to submit the Public Accounts of the Province during the year 1859.

The Report of the Board of Audit, certifying the accuracy of the Accounts, is also herewith submitted. By this Report it will be observed that improvements continue to be made in the system of Accounts.

By the Statement Number 3, it will be seen that the Gross Expenditure
has been - - - - - \$11,008,360 42
and the Gross Income - - - - - 10,573,453 33

The Balance of - - - - - \$ 434,908 09

being shewn by the altered state of the Cash and Bankers' Balances
at 1st January, 1860 - - - - - \$ 1,201,459 03
At 1st January, 1859 - - - - - 766,550 94

\$434,908 09

To arrive at a correct understanding of the Expenditure and Income, which properly belong to the Ordinary Service of the year 1859, it is necessary to subject the gross results to analysis on the basis adopted last year, excluding those items which do not belong to current Expenditure and Revenue.

			135,187	21		
					446,655	22
The total Increase of Provincial Liabilities in 1859, is thus, as stated above					451,979	36

While it must be a subject of regret, that the expenditure of the country has not yet been brought within its revenue, it is yet satisfactory to observe that the deficiency has been reduced from \$2,535,610 51 in 1858, to \$451,979 36 in 1859,—an amount that would have been still further reduced, had it been compatible with the system of closing the Public Accounts to have included the large collections made by the Crown Lands Department in December, 1859, but only received in January, 1860, amounting to \$246,119 88.

The depression existing in Canada in 1857 and 1858, has not yet been wholly removed, and in many parts of the country exceeded any previous experience, thus greatly diminishing the ability of the population to contribute to the general revenue. The recent bountiful harvest has done much to improve the state of affairs, and it may be confidently anticipated that the year now commencing will witness the complete recovery of the Province from the severe trial it has sustained.

During the year 1859, every effort has been made by the Government to carry out the wishes of the Legislature, in reducing and economizing the expenditure of the country, and a reference to the Public Accounts will shew the extent to which this has been successfully done.

The Ordinary Expenditure for 1858, in itself considerably below that of 1857, was shown in my Report of last year to have been	\$8,310,584 30
while that of 1859 has been	7,873,411 90

The difference of	\$ 437,172 40
-------------------	---------------

does not, however, by any means indicate the extent of reduction effected, as the expenditure for 1859 necessarily includes certain considerable charges for the Public Service, which either really belonged to the previous year, or were imperatively called for in carrying out previous legislation.

Before proceeding to remark upon the Ordinary Expenditure and Income of 1859, it may be proper to offer one or two observations upon those items which are necessarily excluded

The expenditure out of Trust Funds, though not requiring to be paid out of the Revenue, is yet, in some cases, under the control of the Government. and, in all cases, has to be provided for financially.

In 1858, deducting Debentures purchased for Investment, the outlay was	\$1,145,087 42
In 1859, making a similar Reduction, it has been	707,187 80
Less in 1859	\$ 437,899 62

The outlay on Permanent Public Works, though authorized by Parliament, is more immediately under the control of the Government. It amounted	
in 1858 to	\$ 533,319 89
and in 1859 to	319,946 13
Less in 1859	\$ 213,373 76

As regards "Advances," there have, strictly speaking, been none in 1859, except those to the City of Montreal, and to the Northern Railway as sanctioned by Parliament, both of which have been re-paid within the year. The remaining sum being composed of \$60,000, paid in connection with the Tug Service Contract, and which, until sanctioned by Parliament, is treated as an advance; of \$60,000 in like manner paid from the Trust Fund Investment Account to the Montreal Harbor Commissioners on adequate security, but also held for the present as an advance, pending the decision of the Legislature; and finally, of \$78,220 54, being three-fourths of the expenses of the removal of the Seat of Government, proposed to be distributed equally over the next three years, as recommended by the Board of Audit, but in like manner subject to the vote of Parliament.

For Indirect Debt	- - - -	10,234 50
		<u>\$162,468 67</u>

In explanation of this increase, it is proper to state that it arises from the provision that had to be made for the deficiency of 1858—paid in 1859; some addition has also occurred through the issue of Municipal Loan Fund Bonds.

On the other hand, the Act passed by the Legislature during its last Session, on the subject of the Municipal Loan Fund, has produced very satisfactory results.

The amount received in 1859 having been	- - - -	\$375,112 63

Making the actual advance	- - - -	\$1,241,226 99
against, in 1858	- - - -	<u>\$1,401,874 32</u>

It may be expected that under the operation of the Law of last Session respecting the Municipalities, the advance by the Province will be annually diminishing, as the increasing prosperity of the country swells the Assessment Roll of property in the indebted Municipalities.

The expenses of Legislation in 1859, were \$471,021 27; but in this amount is included the charge for the Codification of the Laws—\$21,415 18—an item not payable in previous years, but required under the Act passed for this object. It also includes the main portion of the expense of issuing the Consolidated Statutes—\$24,714 44.

The Administration of Justice in Canada East has cost	- - - -	\$346,149 57

In Canada West	- - - -	\$336,379 82
LESS—Law fees, Upper Canada	- - - -	88,151 17
		<u>\$248,228 65</u>

Until the past year it was the practice of the Department, as regards Canada West, only to charge the actual sum disbursed from the Consolidated Revenue, not entering the Law Fees, which were paid to the Officers of the Courts without a Warrant from the Receiver General; while a different system prevailed in Canada East, where the whole charge was carried to the Consolidated Fund, which received credit for the Fees collected. The practice is now assimilated for both sections, whereby it will be observed that the actual charge upon the General Revenue for the Administration of Justice in 1859, is as nearly as possible equal in Canada East and West. It ought, however, to be observed that there is a Provincial Revenue from Law Fees in Upper Canada, to which there is nothing corresponding in Lower Canada, amounting, in 1858, to \$42,176 22, and in 1859 to \$54,364 00, which virtually diminishes the expenses of Justice in the Western Section. By the introduction of the new System of Account, an apparent increase is made in this item; but it is really covered by the increased item of Revenue for Law Fees, Upper Canada. The comparison with 1858, will be—

Expenditure, Lower Canada, 1858	- - - -	\$360,883 56
LESS—Fee Fund	- - - -	59,710 58
Chargeable to Consolidated Revenue Fund	- - - -	<u>\$301,172 98</u>
In 1859, as before shewn,	- - - -	247,447 50
Reduction in 1859	- - - -	<u>\$ 53,725 48</u>
Expenditure, Upper Canada, 1858	- - - -	\$247,475 68
LESS—Law Fees, 1858	- - - -	35,618 24

In 1859, as before shewn	- - - -	248,228 65
Increase in 1859	- - - -	<u>\$ 36,371 21</u>

This increase is, however, partly attributable to the fact, that in consequence of a change of system, the fees for three half years came into the Accounts of 1858.

The decreased charge, however, for both Sections has been \$17,354 27.

The Police Force has cost in 1859, \$31,604 70, against \$41,981 01, in 1858.

The Penitentiary and Reformatory Prisons have cost \$82,156 06, against \$61,600 in 1858 ; but this has wholly arisen from the Acts for the Reformation of Juvenile Offenders having been put in force, entailing, as was anticipated, an increased charge upon the Revenue.

The Educational, Charitable, Scientific, and Agricultural outlay for 1859, has been as follows :

Education, exclusive of Trust Funds	\$441,616 50

These payments were all under previous contracts, and it was hoped that different arrangements for the Tug Service below Quebec could have been made, so as to reduce this charge in the past year. It was not, however, possible to do so, except as regards the future, and the sanction of the Legislature is required to the agreements effected.

The Collection of the Revenue, excepting that for Public Works, already noted, but including all surveys of Public Lands, and the Post Office Department, has cost in 1859—

Decrease - - - - - \$194,291 69

The Revenue collected by the Departments above enumerated, amounted, in 1859, to the sum of \$5,657,738 80, costing, as shewn, \$965,137 24, or about 17 per cent. In 1858, the same Departments collected \$4,238,531 96, at a cost of \$1,159,428 93, or about 27 per cent.

In examining the foregoing *resumé* of the expenditure for 1859, it will be apparent that considerable reductions have been effected, and that in those cases where an increase of outlay has taken place, it has been from causes over which the Government could not exercise any control. The great object in view has been to curtail the expenses of the country without affecting the efficiency of the Public Service, and though all has by no means been yet done which can be effected in this important object, it must still be satisfactory to note, that while every Department of the Government has been charged with greatly increased labor in 1859, it has really been performed at a much reduced cost. The following table will show the items of increase and decrease of 1859 as compared with 1858 :

Service.	1858		1859		Increase.	Decrease.

By this Statement it appears that the expenditure of 1859, as compared with 1858, shews a net decrease of - - - - - \$1,133,504 51

In these comparisons, however, it is proper to remark, the Trust Funds are included, of which the larger proportion of the outlay and income are in no way under the control of the Government. However, omitting these items altogether, the amount would stand thus :
Decrease in 1859 compared with 1858 - - - - - \$695,604 88

A result which, it is hoped, will be satisfactory.

ORDINARY INCOME.

It is not necessary to dwell at any length upon the sources of income. The following comparative Statement will show that in every item, except that from Public Works, an increase of income has been obtained :

Service.	1858		1859		Increase.	Decrease.
	\$	cts.	\$	cts.

			5,774,973	79	89,234	41
Increase of Revenue in 1859			1,646,458	75	1,646 458	75

From the Customs an additional revenue has been obtained of \$1,088,169 04
 and from the Excise of - - - - - 205,174 20
 both of which afford satisfactory evidence of revival of Trade in the Province, and which it
 may be hoped will be made still more manifest in 1860.

The amount of the Public Debt both direct and indirect at 1st January,
 1859, was - - - - - \$54,301,845 15
 which has been increased by the issue of new Bonds, direct - 2,190,000 00
 and indirect - - - - - 548,040 00
 57,039,885 15
 and decreased by Debentures redeemed - - - \$1,349,538 01
 Do. assumed from Trust Funds, &c. - 1,548,302 68
 2,897,840 69

The amount of - - - - - \$54,142,044 46
 was therefore, outstanding in the hands of the Public, at 31st December, 1859. By the
 assumption of the Provincial Securities held by Trust Funds, the Government have, as
 stated in the report of the Board of Audit, assumed these amounts as due to the Funds by
 the Province, and have thus cancelled so much of the Debt, an arrangement more consist-
 ent with the actual position of these trusts, and more correctly shewing the actual Debt of
 the Province. The Indian Fund is now the only Trust which holds the Provincial securi-
 ties, of which it has as investment \$1,141,832 59. This Fund, being partly Imperial
 in its character, could not be dealt with in the same manner as the others.

I have the satisfaction of believing, that the position of the Expenditure and Revenue of
 Canada, are now such, as, with the improving aspect of trade, to enable the Legislature
 to rely upon existing sources of income as sufficient for the financial wants of the coun-
 try; and by a wise and prudent course, to ensure an early return to a satisfactory state
 of affairs, without the necessity of curtailing the support which has always been freely
 given to the developement of the Province, both morally, through its Educational and
 Scientific Institutions, and commercially, by the promotion of its Trade, and the settle-
 ment of its unproductive Lands.

All which is respectfully submitted

A. T. GALT.

Minister of Finance.

Quebec, March, 1860.

AUDIT OFFICE, QUEBEC, March 1st, 1860.

SIR,—We have the honor to submit to you the Public Accounts for the year as finally audited. The new system which was introduced last year has been matured, and the method of keeping the Books of the Province has been changed, so as to adapt them to the present form in which the accounts are prepared for publication.

In our last year's report we alluded to the anomalous position of the Upper Canada Law Fee Fund. The Local Officers collect the Fees and pay the Salaries of the County Judges out of them, depositing the balance (if any) half-yearly, and if the fees are insufficient, the deficiencies of the Salaries are made up at the end of each half year by the issue of Warrants. It would be much more in accordance with the system pursued in all other branches of the Public Service, if the Judges were paid by quarterly Warrants, and the whole of the fees were deposited with the Receiver General. But, until this is done, which it is understood may require legislation, for the purpose of shewing the entire cost of the Administration of Justice, we have added to the actual warrants issued and revenue received, that portion of the fees which is paid without passing through the Provincial chest.

A very important alteration has been introduced this year into the method of dealing with the Trust Funds. The former practice of investing the accumulations of the several Funds in Debentures, which were deposited with the Receiver General, was found in many respects inconvenient. The periodical examination of these securities, in order to detach the coupons for half yearly interest, and for the purpose of verification, was found to entail much labour and responsibility upon the officers entrusted with this duty, without any corresponding advantage either to the Funds or to the public. It was determined, therefore, that Government should assume all the Provincial securities so held, for the purpose of redemption, and that the capitals of the Funds should be treated as book debts bearing interest. As far as the Funds are concerned this is an advantage, as they are now receiving interest on the whole of the balances at their credit, whereas their surplus funds were sometimes very irregularly invested. There is, therefore, now an amount of about \$1,220,000, which is virtually Public Debt, which does not appear under that head in the Statement of Affairs, and there will be an annual charge of about \$73,000 for interest, which will not pass through the Cash. This new arrangement commenced on the 1st of July last, and accounts for \$1,337,136.00 of the redemption of outstanding Debentures during the year. There were, however, several Debentures of Municipalities and others, in which the Trust Funds were invested, for the interest on which the Province was not responsible, and which could not therefore be destroyed, and these continued to be held for the several Funds interested in the Trust Fund Investment Account, the Province paying interest only on the balance of each Fund not secured on this latter account. In case of the interest failing to be received upon any of these securities, the Fund for which they are held would be the sufferer; but as the Province, as Trustee, made the investment, and must be held morally, at least, responsible, and it would further much simplify these accounts, if we were to assume the whole of the Trust Fund Investments, and convert all the Funds absolutely into book debts.

We have retained in statement No. 3, the distribution made, last year, of the payments into five classes, arranging them in so many separate columns, as giving a generally correct view of the character of the expenditure: but it would be impossible, without such complication as would destroy the utility of the analysis, to make a perfectly strict classification. Thus it was advisable to shew in one sum the whole redemption of the debt effected during the year; but as statement No. 3, embraces only cash transactions, we have deducted at the foot of the column the amount of the Debentures assumed, and in statement No. 2, these again are shewn in two sums: viz., those assumed from Trust Funds for the interest of which the Province is still liable in another shape, and those already held on Provincial account

But, furthermore, \$2,270,856.68 of this redemption might have been entered in the column of Advance Accounts, being Debentures for which the Province is only partially liable. The Municipal Loan Funds of Upper and Lower Canada are still held liable for \$2,045,200.68 redeemed, and the interest will be charged annually against their interest accounts; the Montreal Court House and Law Society, Upper Canada, which had some funds on hand, are charged in their accounts current, with the redemption of \$200,590, and these accounts will be annually charged with interest on the balances at their debit, till their whole debt is paid off; whilst the Upper Canada Building Fund, which had a large balance at its credit, has liquidated \$19,000 of its debt out of its own funds.

Again, in the same column, the expenditure on Public Works presents the same difficulty, to which we called your attention in our last year's report. Certain works were traditionally held to be chargeable on annual income, and were merged in Consolidated Fund, whilst others were kept as open accounts in the Ledger, and held to be chargeable on capital; but the distinction was at best an arbitrary one and little in accordance with the view now taken of statement No. 1, that all items on the credit side must represent a real asset. Thus Surveys and Arbitrations, which there is nothing tangible to represent, were kept as open accounts, and our Custom Houses and other permanent Public Buildings were charged annually to Consolidated Fund. This year, with your sanction, a new distribution has been commenced, and nothing but permanent construction has been introduced into this column, and it is understood that, during the present year, there will be an entire revision of the balances accumulated in former years on the open accounts, with a view of reducing them to such services, as can be properly classed as available assets.

One item in this year's accounts is of such a character as to be hardly justly chargeable as one of the current expenses of the year: viz., the Removal of the Seat of Government. It ought rather to be looked upon as an expenditure to be spread over three or four years; but, being unprovided, there could be no doubt as to the column in which we must enter it.

It only remains for us to state that we have this year added to the Public Accounts a statement of the balances outstanding of Appropriations. Many obsolete Appropriations had been carried on from year to year in the books, where the service had been completed, or the expenditure had either been abandoned, or otherwise provided for. A revision of these balances therefore took place last year, and an Order in Council passed, directing a considerable number of them to be written off. It is now arranged that the Board of Audit shall make an annual report upon the subject to Council, and that a statement of the balances which are ordered to be carried on shall appear in the Public Accounts.

All which is respectfully submitted.

JOHN LANGTON,

Auditor.

WM. DICKINSON,

Actg. Deputy Inspector General

MESSAGE.

The Governor General transmits, for the information of the Legislative Assembly, Copies of Despatches from the Secretary of State, and other Documents, on the subject of the Sinking Fund.

Also, certain other documents having reference to the Consolidation of the Public Debt.

GOVERNMENT HOUSE,
Quebec, 5th March, 1860. }

QUEBEC, 13th February, 1860.

To His Excellency,
Sir E. W. HEAD, Baronet,
Governor General.

MAY IT PLEASE YOUR EXCELLENCY,—

I have the honor to report to Your Excellency, the proceedings taken by me in England, in obedience to your orders, as conveyed in the Minutes of Council, bearing date 23rd November last, on the subject of the Investment of the Sinking Fund for the Imperial Loan, and for the conversion and consolidation of the Public Debt of the Province.

On my arrival in London I waited upon His Grace the Duke of Newcastle, and obtained his sanction to my addressing myself directly to the Chancellor of the Exchequer and the Lords of the Treasury, on the subjects with which I was charged.

I ascertained from the Financial Agents of the Province—Messrs. Baring, Brothers & Co, and Messrs. Glynn, Mills & Co.—that their views agreed with my own, upon the necessity of combining, in any arrangements for the conversion of the Canadian Debt, the better adjustment of the Sinking Fund, and a modification of the views of the Lords of the Treasury as to its investment. I therefore, waited upon the Chancellor of the Exchequer, and, by his desire, addressed him the accompanying letter, dated 17th December; to which, on the 23rd Idem, I received the reply herewith, conveying the assent of the Treasury to my proposals; my letter of the 10th January closing the correspondence on this point.

Having obtained the consent of the Treasury to the preliminary steps connected with the Imperial Loan, I had repeated consultations with the Financial Agents of the Province, on the more important subject of the conversion of the Public Debt of the Province, with the view of providing—First, for the redemption of all the outstanding currency and Municipal Loan Fund Debt. Secondly, for the provision required to be made for certain known requirements of the Public Service—and lastly, for the conversion of the outstanding five per cent. and six per cent. Sterling Debt, into one uniform stock.

The rate of interest at which the new proposed Canadian Stock was to be issued, having been fixed by Your Excellency in Council, at five per cent., it was necessary for me to decide the terms upon which the new securities should be offered to the public; the amount which should be raised for the two first named objects; and the terms to be offered to the holders of Sterling Debentures.

The particulars of this scheme, as finally settled and issued to the public, are fully set forth in the accompanying statements from myself and from the Financial Agents—and will, I trust, meet the approval of Your Excellency.

The accompanying correspondence with the Financial Agents, will fully inform Your Excellency of the preliminary arrangements which I considered it necessary to make to

provide against a possible failure of the new Loan; and will, I hope, be found to be such as would have amply protected the interests of the Province.

The terms upon which I settled the issue of the new Loan by the Financial Agents, as regards Commission, Brokerage, &c., are also fully set forth.

The success which attended the operation, rendered other arrangements necessary for the proper and economical employment of the funds received, and these will, I trust, prove satisfactory.

The large payment received in advance upon the new Loan, enabled me to complete arrangements for paying up, in full, the Sinking Fund for the Imperial Loan of £1,500,000, on which four per cent. interest is annually payable by the Province, in addition to a Sinking Fund of two per cent.

I now respectfully submit my correspondence with Sir Charles Wood, Secretary for India; with the Treasury and with the Financial Agents; by which, Your Excellency will observe, that this part of the duty assigned to me, has been performed; and that arrangements are completed whereby the whole amount required for the redemption, at maturity, of this portion of the Canadian Debt, has been provided, bearing a rate of interest of very nearly five per cent., or one per cent more than that payable by the Province. These arrangements will also, I hope, meet Your Excellency's approval.

I have the honor to be,

Your Excellency's

Most obedient Servant,

(Signed)

A. T. GALT,
Minister of Finance.

COPY of a Report of a Committee of the Honorable the Executive Council, approved by His Excellency the Governor General in Council, on the 23rd November, 1859.

The Committee have had under consideration a Memorandum, dated 21st November, 1859, from the Honorable the Minister of Finance, submitting that it is desirable to take steps for the issue of new Stock or Bonds under the Act passed in the Session held in the 22 Vic. cap. 84, and amended by the Act 22 Vic., 2nd Session, cap. 14, for the purpose of redeeming such of the Provincial Debentures, and Municipal Loan Fund Debentures, as may be found advantageous. That the sum of from £400,000 to £500,000 will be required in the course of next year for the redemption of the Feudal Tenure, and the Governmental Buildings at Ottawa.

That a further amount of six per cent Provincial Bonds, from £300,000 to £400,000 are now in the hands of the Provincial Agents in London for sale, to cover their advances.

That in view of the necessity of issuing such a considerable amount of Provincial securities within a short period, it is important to ascertain whether the issue of the new Stock or Bonds can be advantageously effected.

He further submits that under the said Acts it is necessary your Excellency in Council should decide on the rate of interest which the said Provincial Stock or Bonds shall bear.

He therefore recommends that the rate of interest of the new Provincial Stock or Bonds shall be five per cent. per annum, payable half-yearly.

He also submits that he be fully authorized, as provided in the 3rd section of the said last recited Act, to determine the terms upon which the said Provincial Stock or Bonds may be disposed of, or exchanged for outstanding Provincial Debentures.

And further, that he be authorized to put himself in communication with the financial agents in London on the subject.

The Committee submit the above recommendations for your Excellency's approval; and in order to give effect thereto, they advise that the Minister of Finance proceed to England with as little delay as possible.

Certified,

COPY of a Report of a Committee of the Honorable the Executive Council, dated the 22nd November, 1859; approved by His Excellency the Governor General in Council, on the 23rd of November, 1859.

On a memorandum, dated 21st November, 1859, from the Honorable the Minister of Finance, submitting that the Lords Commissioners of Her Majesty's Treasury have expressed their desire to retain invested in Three per Cent. Consols, £600,000 of the Sinking Fund for the Canada Guaranteed Loan.

That such decision of the Treasury is not, it is believed, in accordance with the arrangement made respecting the Sinking Fund, and that, even if it were so, it is desirable that the views of the Canadian Government should be carried out, whereby the whole Fund should be so invested as to yield a rate of interest at least equal to the Guarantee Loan—and recommending that the Minister of Finance be authorized, when in England, to bring the subject of the Guarantee Loan again under the notice of Her Majesty's Government, and to make such arrangements in relation to the same, and in reference to the Sinking Fund, as may be in accordance with the Order in Council of 31st August, 1858.

The Committee concur in the recommendation of the Minister of Finance, and submit the same for Your Excellency's approval.

Certified,

WM. H. LEE,
C. E. C.

COPY of Treasury Minute, dated 16th April, 1859.

Acquaint Messrs. Baring and Messrs. Glyn & Co., that my Lords have deferred replying to their letter, until the terms of the Loan to be raised for the service of India had been determined.

According to the notice now given, the Debentures for the Loan are to bear interest at 4 per cent. for a period of 7 years—terminable at the option of the holders at the end of 5 years.

This period would not expire until after the date when the two first portions of the debentures of the Guaranteed Loan for Canada will fall due, and as the Canadian Government will no doubt be desirous that these debentures should be paid off at the earliest possible period, it appears to my Lords to be advisable that the means of doing so should continue invested in the British Funds.

They would, therefore, propose that the sum of £600,000 should for the present remain invested in the 3 per cent. reduced annuities, to meet the debentures for

£300,000, payable the 1st of January, 1863, and
300,000, " " 1st of July, " "

£600,000

The remaining sums of	£35,393 17 7
Three per cent reduced	76,924 15 10

Three per cent Consols,	£112,318 13 5
-------------------------	---------------

may be sold out and invested with the sum of £60,000 last remitted from Canada, on this account, in the debentures of the Indian Loan; these debentures to remain in the hands of the Governor and Deputy Governor of the Bank of England, by whom the dividends will be received and invested in the same India debentures, or such other funds as may from time to time be directed. The same course may be taken with the further remittances to be made from Canada for the Sinking Fund of the Guaranteed Loan.

Upon receiving their concurrence in this proposal, my Lords will give the requisite instructions to the Bank of England.

Their Lordships request that Messrs. Baring and Messrs. Glyn & Co., will again consider whether, adverting to the present prices of the Imperial Funds and of India Bonds already in the market, which would be payable about the time when the first portions of

the Canada debentures will become due, the advantage to be derived from the alteration of the investment may not be more apparent than real.

The question will in some measure depend upon the course to be hereafter taken by the Government of Canada in regard to the discharge of the debentures for the guaranteed loan, but if the Canadian Government would prefer the early discharge of this portion of their debt, it is very doubtful whether the present investment in the British Funds, may not in the end prove the most beneficial to the interests of Canada.

My Lords would, however, suggest that they should as speedily as possible ascertain the views of the Canadian Government with regard to the extension of the Bonds.*

Messrs. Baring Brothers, and Messrs. Glyn, Mills & Co., to Mr. Hamilton.

LONDON, 18th April, 1859.

SIR,—We have to acknowledge receipt of your letter of the 16th instant, informing us that the Lords Commissioners of Her Majesty's Treasury, consent that the sums of £35,393 17s. 7d. 3 per cent. reduced annuities, £76,924 15s. 10d. 3 per cent. Consols, on account of the Sinking Fund of the guaranteed Loan of Canada, should be sold out, and the proceeds, with the further sum of £60,000 last remitted from Canada, on the same account, invested in the Debentures of the India Loan.

As we act in obedience to the instructions of the Inspector General of Canada, and as the subscription for the new Loan of the Government of India closes on the 21st instant, we beg that you will give the requisite instructions to the Governor and Deputy Governor of the Bank of England, with whom we can communicate as you suggest, as to the propriety of the exchange of the British securities, into the Debentures of the new India Loan.

We have, &c.,

COPY of Treasury Minute, dated 20th April, 1859.

Transmit to the Governor and Deputy Governor, of the Bank of England, copy of the letter from Messrs. Baring & Co., and Messrs. Glyn & Co., of the 29th ultimo, and of the reply of this Board, of the 16th instant. State that those gentlemen have since expressed their concurrence in the proposal, that the £60,000, now in the hands of the Bank, on account of the Sinking Fund of the Canada Guaranteed Loan, the produce of £35,393-17s. 7d. three per cent. reduced, and £76,924 15s. 10d. three per cent. consols, should be invested in the Debentures of the Indian Loan, and request the Governor and Deputy Governor of the Bank, will take the necessary measures for giving effect to this arrangement.

M^r. Miller to Sir Stafford Northcote.

BANK OF ENGLAND, 21st April, 1859.

SIR,—With reference to your letter of the 20th instant, respecting the appropriation of part of the Stock belonging to the Canada Guaranteed Loan Sinking Fund, I beg to hand you, for execution, by Messrs. G. A. Hamilton and H. M. Rivale, two powers of Attorney, one for the sale of £76,924 15s. 10d. consols, being the whole amount of that Stock

held on this account, the other for the sale of £45,560 3s. 7d. reduced 3 per cent. annuities, being the balance of that stock, beyond the amount of £600,000, which it is proposed to retain.

The amount of £10,166 6s. reduced 3 per cent. annuities, purchased in compliance with instructions from the Assistant Postmaster General, dated the 14th instant, has been included in the last named power, and it was presumed that it would have to be dealt with in the same manner as the amount of £35,393 17s. 7d., referred to by you.

I have to request you to return the powers to me, duly executed, as soon as possible, so that in case the tender which has been made for East India Debentures should be accepted, no time should be lost in paying up the instalments in full, under discount. I have also to request that you will cause a draft for £2 3s., for the cost of the powers, to be remitted to me.

BANK OF ENGLAND, 25th April, 1859.

SIR,—In the matter of the Sinking Fund of the Guaranteed Loan, I beg to inform you, that with the concurrence of Messrs. Baring, Brothers & Co., and Messrs. Glyn, Mills & Co., a tender was made for £174,500, of the India Debenture Loan; at 95 per cent., on the 21st instant. I have to-day received an official announcement, that that tender has been accepted.

The tender was accompanied by a deposit of 2 per cent., for the amount of which, £3490, (say three thousand four hundred and ninety pounds,) the Canada Agency account has been debited; the £60,000 remitted from Canada, having been placed to that account, I now await instructions, as to the disposal of the Stock, and payment of the amount of the tender, either by instalments or in full, under discount.

Looking at the present state of the markets, the sale of the Stock would scarcely realize sufficient to make the payment in full.

Sir H. NORTHCOTE, Bart.,
Treasury Chambers.

Mr. Hamilton to Governor and Deputy Governor of the Bank of England.

TREASURY CHAMBERS, 20th May, 1859.

GENTLEMEN,—With reference to Mr. Miller's letter of the 21st ult., and that from Mr. Marshall, dated the 25th ult., relative to the investment of part of the Stock belonging to the Canada Guaranteed Loan Sinking Fund, in the India Debenture Loan; I am directed by the Lords Commissioners of Her Majesty's Treasury, to transmit to you the enclosed powers of Attorney, which have been executed by Messrs. G. A. Hamilton and H. Merivale, one for the sale of £76,924 15s. 10d. Consols, and the other for the sale of £45,560 3s. 7d. reduced 3 per cent. annuities, being Stock held on account of the Guaranteed Loan Sinking Fund; and I am to request that you will cause so much of the Stock to be sold, and in such proportions, as you may find necessary, and apply the proceeds to the payment of the Instalments on the East India Debentures.

My Lords request that when the sale has been completed, and the payments made, you will furnish them with an account thereof, for transmission to the Government of Canada.

I am to add that their Lordships will instruct the Paymaster General to pay to the Chief Cashier of the Bank of England, the sum of £2 3s. 0d., the cost of the Powers of Attorney.

I am, &c.,

G. A. HAMILTON.

The Governor and Deputy Governor
of the Bank of England.

SIR,—With reference to my Despatch, No. 80, of the 8th instant, respecting the sale of Consols on account of the Canada Guaranteed Loan Sinking Fund, to meet the instalments on the India Loan Sinking Fund, I transmit to you herewith, for your information, the copy of a further letter from the Treasury on the subject.

I have &c.,

TREASURY CHAMBERS, 11th June, 1859.

SIR,—I am directed by the Lords Commissioners of Her Majesty's Treasury, to transmit to you the enclosed copy of a letter from the Bank of England, forwarding a Broker's Certificate of the sale of £37,986 7s. 1d. Consols, on account of the Canada Guaranteed Loan Sinking Fund, in anticipation of the instalment on the subscription to the East India Debenture Loan, falling due on the 14th instant, and I am to request that you will move Sir E. B. Lytton to communicate the same, with the correspondence enclosed in their Lordships letter of the 20th ult., to the Governor General of Canada.

In consequence of the change in the Money Market, since the date of my Lords Minute of the 16th April last, it has been found necessary to include in the Power of Attorney for the sale of a portion of the amount standing in the £3 per cent reduced annuities, the sum of £10,166 6s. 6d., being the produce of the dividend due on the 5th April last, upon £635,393 17s. 7d. reduced annuities, which was received by the Paymaster General, and invested in that stock, on the 14th ult., making the amount of this stock to be sold to exceed £35,393 17s. 7d. if necessary for the due payment on account of the India Debentures.

I am &c.,

(Signed,)

GEO. A. HAMILTON.

H. MERIVALE, Esq., C. B.
&c. &c. &c.

BANK OF ENGLAND, 3rd June, 1859.

SIR,—With reference to your letter of the 20th ult., directing the sale of stock on account of the Canada Guaranteed Loan Sinking Fund, to meet the instalments on the subscription to the East India Debenture Loan, it was not deemed advisable after consulting with Mr. Baring and Mr. Glyn, to press immediate sales in the adverse state of the markets, with the view of paying in full under discount; as however the markets have somewhat recovered, a sale has been effected, as per Broker's Note enclosed, of £37,986 7s. 1d. Consols, in anticipation of the instalment falling due on the 14th inst., the amount realized being £35,374 15s. 11d.

It may be convenient to sketch briefly the transactions which have taken place, and which have to be carried out in connection with this matter.

The original subscription to the East India Debenture Loan was £174,500 at 95 per cent in cash, say £165,775 0s. 0d.

The deposit was paid out of £60,000 remitted for the Sinking Fund, say £20 per cent on £174,500—£34,900.

A payment in full of £34,000 less discount, say £25,349 15s. 11d. exhausted the said sum of £60,000, and over drew the account £249 15s. 11d.

The sale effected to-day will meet that over payment, and provide for the instalment due on the 14th instant £35,125, being 25 per cent on £140,500, the balance not paid up in full.

And there will then remain two other instalments of the like amount to complete the investment, and to meet which sales shall be effected in due time.

I am &c.,

(Signed),

M. MARSHALL.

(Memorandum Canada Loan Sale of £3 per cent Reduced Annuities.)

The sum standing in the £3 per cent reduced annuities in January 1859, amounted to £685,393 17s. 7d.

The Treasury Minute of 19th April, 1859, consented to the sale of the sum of £35,393 17s. 7d., leaving £600,000 remaining in that stock.

In the meantime the dividend due 5th April, 1859, on £635,393 17s. 7d., amounting to £9,530 18s. 1d., had been invested in the purchase of £10,166 6s. 0d. of the same stock.

In consequence of the change in the price of securities generally, it was found that the sale of £35,393 17s. 7d. only, would be insufficient to pay up the whole amount required for the purchase of Indian Debentures:

The Power of Attorney was therefore made out for the sale of £45,560 3s. 7d., that is, it included £10,166 6s. 0d.

The Bank of England will sell only so much of this stock as will be necessary to cover the amount required to pay up the several instalments of the Indian Debentures.

This amount cannot at present be ascertained.

TREASURY, 9th June, 1859.

TREASURY CHAMBERS, 26th July, 1859.

SIR,—With reference to the letter addressed to your Department, on the 21st Dec. last, relating to the investment of the sum of £60,000 in £3 per cent Reduced Annuities on account of the Sinking Fund of the Guaranteed Loan to Canada, I am commanded by the Lords Commissioners of the Treasury to acquaint you that they have, at the request of the Government of Canada, consented to the investment of this sum, with a portion of the sum of £645,560 3s. 7d. already invested in the 3 per cent Reduced Annuities, together with the whole of the amount, viz: £76,924 15s. 10d., invested in Consols in the purchase of £174,500 Debentures of the East India 4 per cent Loan.

I am desired to transmit to you a copy of the account of the Transfers which have been received from the Bank of England, and to state that the amount of Consols on which a Dividend was due on the 5th instant was £38,938 8s. 9d.

Their Lordships request that the amount of this Dividend, when received, may be invested in £3 per cent Reduced Annuities, in the names of G. A. Hamilton and H. Merivale, Esq., in addition to the sum standing in their names on account of the Sinking Fund of this Loan.

You will observe that the balance of Consols, £38,938 8s. 9d. has been sold on the 6th instant.

Of the amount invested in £3 per cent Reduced Annuities, £36,721 12s. 6d. has been sold, leaving a balance in that Stock of £608,338 11s. 1d.

The future Dividends on this Stock are to be re-invested therein as on previous occasions.

BANK OF ENGLAND,
14th July, 1859.

WATERLOO HOTEL,
Jermyn Street, 17th December, 1859.

SIR,—I have the honor to request your attention to the Treasury Minute of the 16th April last, upon the Sinking Fund of the Canada Guaranteed Loan.

By that Minute, my Lords offer objection to the application of the Government of Canada for the investment of the Sinking Fund in the India Loans, on the ground that the India Bonds would not mature at the same date as the Guaranteed Loan. And my Lords propose that the sum of £600,000 should, for the present, remain invested in the 3 per cent. Reduced Annuities, to meet the first issue of the Canada-Debentures.

The proposal has received the respectful consideration of the Government of Canada, and I am instructed to state that they are unable to concur in the views taken by my Lords, inasmuch as they conceive that the securities of the Government of India cannot fail to be negotiable in the London Money Market whenever the funds may be required; and though subject to the ordinary variations in price, yet in this respect they will in no way differ from the Reduced Annuities themselves.

Canada remains liable for the full discharge of her debt, and any loss on the realization of the Sinking Fund must necessarily be borne by her. The risk of the investment in the India Loans the Government of Canada have already expressed their willingness to assume, and they are not disposed to incur a positive loss of nearly two per cent. per annum, for the supposed greater security of the three per cent.

I have therefore the honor again to submit the application of the Government of Canada for the sale of the Reduced Annuities now held in trust for the Sinking Fund, and for the investment of the proceeds in such securities of Her Majesty's Government of India as may be arranged between the Lords of the Treasury and the Financial Agents of the Province.

From the terms of the Treasury Minutes I am inclined to believe that my Lords have been under the impression that the application which I had the honor of submitting to the Chancellor of the Exchequer on the 23rd November, 1858, and which I understood to be assented to by the Treasury Minute of the 24th inst., referred to future investments in the Sinking Fund, and not to the existing Fund. On this point I would respectfully refer you to my letter of the 23rd November, upon which the Minute was passed, and in explanation of an apparent ambiguity in the Minute on the action to be taken in reference to the existing Sinking Fund. I beg to submit the enclosed copy of a private letter addressed to me by order of the Chancellor of the Exchequer, which distinctly conveys to me

his assent to my proposals, and which must, I conceive, remove all doubt as to the meaning and intention of the Treasury Minute adopted upon the following day.

By the Minute of the 16th April, my Lords suggest that they should, as speedily as possible, ascertain the views of the Canadian Government with regard to the extension of the Guaranteed Bonds for a further period, as provided for by the previous Minute of 24th Nov., 1858.

I have now the honor to state that it is the wish of the Government of Canada to pay off the Loan as the Debentures mature; and that with the assent of the Lords of the Treasury to a satisfactory investment of the funds for the purpose. I believe it to be in my power to make arrangements for the payment of the Bonds at maturity, rendering unnecessary any extension of the period for which the Imperial Guarantee was granted.

I have the honor to be, Sir,

Your most obed't. servt.

(Signed,)

A. T. GALT,

Minister of Finance
of Canada.

The Right Honble.

H. E. GLADSTONE, M. P.,
Chancellor of Exchequer.

TREASURY CHAMBERS, 23rd Dec., 1859.

19964²¹₁₂

SIR,—The Lords Commissioners of Her Majesty's Treasury having had under their consideration your letter of the 17th instant, upon the subject of the investment of the Sinking Fund of the Canada Guaranteed Loan, I am directed by their Lordships to inform you that under the circumstances described in your letter they will not object to the sale of the 3 per cent. Reduced Annuities now held in trust for the Sinking Fund; nor to the investment of the proceeds thereof in such securities of Her Majesty's Government of India as may be hereafter arranged between this Board and the Financial Agents of Canada, it being of course understood that the Canadian Government will take the whole risk of any loss in realising such investments to meet their own Debentures when falling due.

I am, Sir,

Your obed't. servt.,

(Signed,)

G. A. HAMILTON.

The Honble. MR. GALT,
Waterloo Hotel, Jermyn Street.

WATERLOO HOTEL, JERMYN STREET,
London, 10th January, 1860.

SIR,—I have had the honor to receive your letter of the 23rd December last, informing me that the Lords Commissioners of the Treasury have been pleased to sanction the investment of the Sinking Fund for the Imperial Guaranteed Canadian Loan in the Securities of Her Majesty's Government of India, subject to the understanding that the Canadian Government will take the whole risk of any loss in realizing such investments to meet their own Debentures when falling due.

On behalf of the Government of Canada, I beg to state my entire concurrence in the condition attached by my Lords to their assent, and I request you will convey to their Lordships my acknowledgments for their acquiescence in an arrangement believed to be for the benefit of Canada.

I have the honor to be, Sir,

Your most obedient servant,

(Signed,)

A. T. GALT,

Minister of Finance
of Canada.

G. A. HAMILTON, Esquire,
Assistant Secretary,
Treasury Department.

WATERLOO HOTEL, JERMYN STREET,
London, 19th January, 1860.

SIR,—I have the honor to enclose copy of correspondence with Sir Charles Wood, embodying the arrangements which I have effected for the transfer of the Government of India of the 3 per cent. reduced Annuities now held on account of the Sinking Fund for the Imperial Guaranteed Canadian Loan, and also for the purchase of £1,326,000 5 per cent. India Stock on account of the Sinking Fund.

I have instructed the Financial Agents of the Provinces to pay to the Bank of England, for the Sinking Fund, a sum sufficient, with the present balance, to meet the immediate purchase of £1,000,000 India Stock. And also, on the 2nd April next, the sum required to pay for the remaining £326,000 of such Stock.

I request you will submit these arrangements for the approval of my Lords Commissioners of the Treasury, and that you will cause the necessary instructions to be given to the Bank of England to complete the requisite transfers as soon as possible. By this arrangement the Government of Canada will have provided in full for the redemption of the Imperial Guaranteed Loan of £1,500,000. I have, therefore, further to beg that the Lords Commissioners of the Treasury will be pleased to direct that the interest due on the said Loan may be paid from that accruing on the investment, and that the balance may be paid annually to the Financial Agents of the Province, Messrs. Baring, Brothers & Co. and Messrs. Glynn, Mills & Co.

I have the honor to be, Sir,
Your most obedient servant,

(Signed),

A. T. GALT,
Minister of Finance
of Canada.

G. A. HAMILTON, Esquire,
Assistant Secretary,
Treasury Department.

TREASURY CHAMBERS, 21st January, 1860.

SIR,—In reply to your letter of the 19th instant, enclosing a copy of a correspondence with the Secretary of State for India in Council, embodying the arrangements which you have effected, subject to the sanction of this Board, for the transfer to the Government of India of the Three per Cent Reduced Annuities, now held on account of the Sinking Fund of the Imperial Guaranteed Canadian Loan, and for the purchase of £1,326,000 five per cent India Stock. I am directed by the Lords' Commissioners of Her Majesty's Treasury to acquaint you that they approve of the arrangements you have made, and have given the necessary instructions to the Bank of England to complete the required Transfers.

With reference to the last paragraph of your letter I am to state that their Lordships will not object to the Interest due on the Canadian Loan being paid from that accruing on the East Indian Securities, on the understanding that in the event of the Interest on the India Stock not being available or sufficient at the proper time, and no other provision for such payment being made in sufficient time, by the Canadian Government, the course directed by the Imperial Act for advancing the amount required, charging the Colony with interest at five per cent on such advance will be still pursued.

I am, Sir,

A. T. GALT, Esquire,
Waterloo Hotel,
Jermyn Street.

Your Obed't. Serv't,
S. LAING.

TREASURY CHAMBERS, 21st January, 1860.

SIR,—I am commanded by the Lords Commissioners of Her Majesty's Treasury to acquaint you that their attention has been called to the Act of the Canadian Legislature, intituled, "An Act respecting the Provincial Debt Guaranteed by the Imperial Government," under the provisions of this Act payments are to be made on account of the Sinking Fund

of the said Debt, but these payments will no longer be necessary under the altered arrangements in regard to the Debt, which have recently received the sanction of my Lords.

Their Lordships would therefore suggest that as it will probably be considered necessary to pass an Act for repealing the provisions of the said Act in respect to remittances on account of the Sinking Fund, opportunity should be taken to insert therein a clause or clauses recapitulating the altered arrangements which have just received their Lordships' sanction, and confirming in every respect the engagements which you have entered into with Her Majesty's Government on behalf of the Canadian Government.

I am, Sir,

The Hon. A. T. GALT,
Waterloo Hotel,
Jermyn Street.

Your Obed't. Serv't.,
(Signed,) S. LAING.

LONDON, 23rd January, 1860.

SIR,—I have the honor to acknowledge the receipt of your letter of 21st instant, informing me that my Lords suggest that an Act should be passed, repealing the existing provisions respecting the Sinking Fund, recapitulating the altered arrangements which have received their Lordships' sanction, and confirming in every respect the engagements which I have entered into with Her Majesty's Government on behalf of the Canadian Government.

In reply I beg to state that the Canadian Government will submit for the consideration of the Legislature, a Bill containing the provisions suggested by their Lordships.

I have the honor to be, Sir,

Your obedient servant,
(Signed,) A. T. GALT,
Minister of Finance of Canada.

S. LAING, Esq.,
Secretary to the Treasury.

WATERLOO HOTEL, Jermyn Street,
London, 14th January, 1860.

SIR,—In accordance with the conversation which I had the honor of having with you this day, I now propose, on behalf of the Government of Canada, to purchase on account of the Sinking Fund for the Imperial Guaranteed Canadian Loan, one million of the new India Stock, at the price of 102½ for immediate delivery. Payment for the same to be made by the transfer to you of the 3 per cent. Reduced Annuities now held on account of the Sinking Fund, say £619,000, (six hundred and nineteen thousand pounds) at the price of 95, and the balance to be paid in cash. I also propose to purchase on the same account a further amount of the new India Stock, to be issued at 2nd April next, of £326,000, (say three hundred and twenty-six thousand pounds) at the price of 102½, and accrued interest to be paid for at that date in cash.

The Indian Stock will require to be inscribed in the names of the Trustees of the Sinking Fund named by the Lords Commissioners of the Treasury.

As I shall have to obtain the formal assent of the Lords of the Treasury to the proposed purchase of India Stock, and also the requisite instructions to the Bank of England for the completion of the transfers, may I beg the favor of an early reply, that these preliminaries may be arranged before my return to Canada.

I have the honor to be, Sir,

Your obedient servant,
(Signed,) A. T. GALT,
Minister of Finance of Canada.

The Right Honorable
Sir CHAS. WOOD, Bart,
Secy. of State for India.

INDIA OFFICE, 16th January, 1860.

SIR.—I have the honor to acknowledge the receipt of your letter, dated the 14th inst., proposing on behalf of the Government of Canada, to purchase on account of the Sinking Fund for the Imperial Guaranteed Canadian Loan, one million pounds, of the new India Stock, at the price of 102½ for immediate delivery, payment to be made for the same by the transfer of the 3 per cent. Reduced Annuities now held on account of the Sinking Fund, say six hundred and nineteen thousand pounds, (£619,000,) at the price of 95, and the balance to be paid in cash. Also proposing to purchase on the same account a further amount of new India Stock to be issued on the 2nd April next, of three hundred and twenty-six thousand pounds, (£326,000,) at the price of 102½, with the addition of the interest that will have accrued from the 6th January, 1859, to be paid for in cash. All the said India Stock to be subscribed in the names of the Trustees of the Sinking Fund, named by the Lords Commissioners of the Treasury.

I accept the proposition made by you on the understanding that the conditions attached to the new Stock to be created shall be precisely similar to those attached to the first five millions of the India 5 per cent Stock, viz: the Stock not to be redeemable until the 5th of July, 1870, but to be redeemable at par on or after that day, upon one year's previous notice having been given in the *London Gazette*.

The Governor and Deputy Governor of the Bank of England will be requested to carry this arrangement into effect.

I have the honor to be, Sir,

Your most obedient servant,

CHARLES WOOD.

A. T. GALT, Esq.,
&c., &c.

WATERLOO HOTEL, Jermyn Street,
18th January, 1860.

SIR,—I have the honor to acknowledge the receipt of your letter of the 10th inst., and I beg to convey to you my acquiescence in the conditions which you state are to be attached to the new India Stock.

I shall now apply to the Lords Commissioners of the Treasury requesting that the necessary instructions may be given for the completion of the transaction.

I have the honor to be, Sir,

Your most obedient servant,

LONDON, 18th January, 1860.

Messrs. BARING, BROTHERS & Co.,
Messrs. Glyn, Mills & Co.,
London.

GENTLEMEN,—I have the honor to transmit copy of correspondence with the Secretary of State for India, containing the terms upon which it has been agreed to invest the whole of the Canadian Imperial Sinking Fund in India Stock.

I request that you will make the necessary arrangements for giving effect to the agreement, by paying to the Bank of England from the funds in your hands for account of the Sinking Fund, the amount required for the purchase of £1,000,000 India Stock, @ 102½ less the proceeds of the 3 per cent. Reduced Annuities to be transferred to Sir Charles Wood at 95.

And I also request that you will, on the 2nd April next, in like manner pay on account of the Sinking Fund to the Bank of England, the sum necessary for the purchase of such

further amount of India Stock,—say £326,000 at 102½,—as may be required to make the total amount of Indian Securities held for the Sinking Fund £1,500,000, together with the interest that may have accrued up to 2nd April on such Stock.

These sums, as paid, you will be pleased to charge against the account for the Consolidated Canadian Loan.

I have the honor to be, Gentlemen,

Your faithful servant,

(Signed,)

A. T. GALT,

Minister of Finance of Canada.

LONDON, 23rd January, 1860.

SIR,—We have the honor to acknowledge the receipt of your letter of the 18th inst., enclosing copy of a communication from the Secretary of State for India, respecting the investment of the Sinking Fund for the Imperial Guaranteed Loan in India Stock; and, in compliance with your instructions, we have paid to the Bank of England the sum of £436,921 2s. 11d., to the debit of the Consolidated Loan Account, being for balance of the cost of £1,000,000 India 5 per Cents, @ 102½ per cent., - - - - £1,025,000 0 0 less proceeds of £619,030 7s. 5d. 3 per Cents, reduced @ 95 per cent., - - - - - 588,078 17 1

£436,921 2 11

And we take due note of your request to pay on 2nd April next a further sum, for the purchase of £326,000 India 5 per Cent Stock @ 102½ per cent, adding accrued interest from 6th January to the date of payment.

We have the honor to be, Sir,

Your most obedient servants,

OFFICE OF THE MINISTER OF FINANCE,

QUEBEC, 3rd October, 1859.

GENTLEMEN,—Referring to the communications which have, from time to time, passed between us respecting the sales of Provincial Bonds for the redemption of an existing

debt, and especially your letter of the 5th August and my reply of 29th idem; I have now the honor to state, that having in view the probable continued abundance of money in your market, and the expectation we entertain that the results of the current year will tend greatly to strengthen the Provincial credit, the Government are desirous of effecting such modification of the terms upon which the Province has a credit with your respective houses, as may afford more time for considering the best mode of covering your present advances and, if possible, of ultimately doing so by the issue of bonds or stock, bearing a lower rate than 6 per cent.

By the present arrangement the Government are bound to cover your advances on 15th December next, and it is believed that bonds sufficient for the purpose are now lodged with you. We should prefer that the balance should be carried on, receiving 30 or 60 days notice *here* from you after 15th December next; and meantime the Government are prepared to authorise you, if you deem it advisable, to make use of their bonds now in your hands, provided that such bonds shall not be absolutely sold by you, but shall be available for the purposes of the Government at any time on your receiving the same notice as above to that effect; it being understood that you will provide for the interest upon the bonds which may, under this proposed arrangement, temporarily pass out of your hands,—the Province being chargeable with interest on this indebtedness in account to you.

By this proposal it is believed that, without inconvenience to yourselves, the Province may restrain the absolute placing in the market of any further amount of 6 per cent bonds, and may also secure the most favorable moment for their future negotiation, or for the issue of other securities in conformity with the policy desired by the Government.

If this proposal meets your views, you are at liberty to act upon it, immediately on your sending advices of your acquiescence.

I have, &c.,

(Signed,)

A. T. GALT,
Minister of Finance.

OFFICE OF THE MINISTER OF FINANCE,
QUEBEC, 24th October, 1859.

GENTLEMEN,—I wrote to you on the 3rd instant on the subject of a partial modification in the arrangement for covering our London balances. The Government have since had the subject of the redemption of the Municipal Loan Fund Bonds, and the conversion of the Public Debt under consideration, and they are desirous of obtaining good advice upon the propriety of an attempt to issue the new securities.

The Province will require to provide between £400,000 and £500,000 in 1860, for the redemption of the Feudal Tenure and the buildings at Ottawa, and provision must also, at a still earlier date, be made to the extent of £400,000, to cover our London balances, for which latter amount 6 per cent bonds are now in your hands. It is also desirable to continue and extend the operation already commenced of redeeming the Loan Fund Bonds.

You are already aware of my indisposition to issue 6 per cent securities, and, in this view, I am very reluctant to proceed either with the sale of the bonds you now hold, or with the further amount which we shall require next year, and observing the steadiness of our securities in your market, I am anxious to be informed whether you consider it practicable to attempt to place the new stock, and if the Government would receive your co-operation in giving it a good position in the Stock Exchange.

With the exception of the amount required to cover our balances, the Government could postpone the actual payment for the new stock and distribute it over all next year.

Should your reply be favorable, I would probable visit London without delay, to confer with you on the subject.

I have, &c.,

(Signed,)

A. T. GALT,
Minister of Finance.

Messrs. BARING, BROS. & Co.,
Messrs. GLYN, MILLS & Co.

LONDON, 1st December, 1859.

SIR,—The temporary absence from London of several of the members of our two firms, has somewhat interfered with the regularity of our correspondence with you, and we find that we have hitherto left your communication of the 3rd October without reply.

The object of your letter of that date is to make such modifications in the arrangement of our accounts with the Government, so as, in anticipation of future financial measures, to avoid the necessity of a further sale of Provincial Bonds bearing six per cent. interest, in order to cover our advances, which, according to the then existing arrangements, would be due on the 15th instant.

As we are always most anxious to meet the wishes of the Government of Canada, we assent to the proposal contained in your letter, that we should forbear to require repayment, at this time, of the sums due to us, that you should leave the Provincial Bonds now in our possession, at our disposal, subject to the engagement which we hereby give: that we shall not sell the same, and that neither we can claim payment of the balances due to us, nor can the Government of Canada demand the return of the Bonds now under our control, without a reasonable notice on our respective parts to our mutual convenience; say after three months receipt of such notice.

Your letter of the 24th October has also duly reached us, and its contents have had our most careful and favorable consideration, but are of too much importance to be fully replied to without further reflection.

We also avail of this opportunity to acknowledge the receipt of your several letters from Quebec—one dated on the 3rd, and two dated on the 12th November—the contents of which have been duly noted, but they do not require further comment on our part.

(Signed) BARING, BROTHERS.

The Honorable A. T. GALT,
Minister of Finance of Canada.

STATEMENT OF THE MINISTER OF FINANCE

Conversion of the Public Debt of Canada, 1860.

The Government of Canada have been authorised by Act of Provincial Parliament Vic., Cap. 14, to create a permanent Provincial Stock, to be known as the Canadian Consolidated Stock, to bear interest at the rate of five per cent. per annum, payable half yearly, on 1st January and 1st July, chargeable upon the Consolidated Revenue Fund of the Province, for the redemption and conversion of the Public Debt of Canada.

The Government are authorised to create the said Stock irredeemable until after such date, as they may determine at the time of issue, but such Stock may be redeemed on and after such date, at the option of the Provincial Government, upon previous notice of not less than three or more than six months, to that effect, in the *London Gazette*.

The Stock is to be in Sterling money of Great Britain, and to be managed and the interests thereon paid in London by the Financial Agents of the Province, and transferable through such Agents.

The Government have been also authorised by the same Act, to issue Bonds with coupons bearing the same rate of interest, of the same date, and under precisely the same conditions as the Consolidated Stock, reserving to the holder the option of converting the same into Stock for an equal amount.

The said Act further provides that the Government shall set apart yearly, out of the Consolidated Revenue Funds, a sum equal to one-half per centum on the amount of Provincial Stock and Bonds issued and outstanding, and shall cause such sum to be invested in the said Stock or Bonds, or in such other manner as may be deemed by the Government most advisable, as a Sinking Fund for the redemption of such Stock and Bonds.

The objects contemplated by the said Act are to consolidate the whole existing debt of Canada into an uniform security, and to provide for its gradual extinction through the operation of a Sinking Fund to be invested in it.

At present the Public Debt consists of—Imperial Guaranteed Loan, bearing four per cent. interest, and constituting a first charge on the Consolidated Revenue.

Fund	£1,500,000
Sterling Debentures, 5 per cent., payable in London	279,325
Do 6 per cent., do	7,228,600
Currency Debentures, 4½ per cent., payable in Canada	3,000
Do 5 per cent., do	147,683
Do 6 per cent., do	524,064
Total	£9,677,672

chargeable on Consolidated Revenue Fund, and bearing an annual interest of £546,845.

In addition to the foregoing amount, the Province as Trustee for the Consolidated Municipal Loan Fund, and for other special funds, has issued Debentures chargeable specially upon the security of such funds, and not upon the Consolidated Revenue, to the following amount:—

Sterling Debentures chargeable on the Consolidated Municipal Loan Fund, payable in London, at 6 per cent.	£ 200,000
Currency and Sterling chargeable on the Consolidated Municipal Loan Fund, payable in Canada	1,720,160
Currency Debentures, 6 per cent, chargeable on Minor Special Funds, payable in Canada	63,178
	£ 1,983,338

Bearing an annual interest of (sterling) £ 119,000

Owing to this latter class of securities not carrying the direct engagement of the Province, they have suffered considerable depreciation in the London money market, and the Legislature above cited, to redeem the whole or part of these securities, and to raise funds for the purpose by the issue of the Consolidated Stock or Bonds.

The whole direct and indirect debt of Canada, as shewn by the Public Accounts of the Province, may be, therefore, classed:—

Imperial Guaranteed Loan	£ 1,500,000
Sterling Debentures, payable in London	7,702,925
Currency and Sterling, payable in Canada	2,458,085
Total	£11,661,010

The total charge for interest being £ 665,345

The Lords of the Treasury now hold in investment, on account of the Sinking Fund for the redemption of the Imperial Guaranteed Loan, 3 per cent reduced annuities	610,030
Indian Bonds, 1858	174,000
	£ 798,030

An annual contribution of £30,000, in addition to accumulating interest, is made by the Province to this fund, the charge upon the revenue being thus:—

Interest on £1,500,000, at 4 per cent	£ 60,000
Sinking Fund at 2 per cent	30,000
Per annum	£ 90,000

The balance yet remaining due being only £707,000, to be reduced in January by the sum of £30,000, now in course of remittance from Canada.

By an arrangement with the Lords of the Treasury, it is agreed that the Sinking Fund may be invested in approved securities, bearing a rate of interest nearly approaching that paid by Canada. And it is now proposed by the Government of Canada to raise the amount required to make good the entire Sinking Fund, and thus to discharge the Province from

the necessity of providing from its Consolidated Revenue any larger sum than the interest on the balance of about £700,000, by which means an annual charge of about £35,000 will be substituted for the £90,000, while some profit will arise from the Sinking Fund being invested in securities yielding a higher rate than that payable under the guarantee 4 per cent.

The Government of Canada, also, are themselves holders of securities purchased on account of special funds, to the amount of £724,777 sterling. Almost the whole of this sum consists of the Currency Debentures of the Province, whose indebtedness is really to this extent diminished.

By the terms of the charters granted to the Provincial Banks, they are required to hold as security for their issues Provincial Debentures to the extent of 10 per cent of their capital. The amount so held is now about £500,000 sterling, which is thus withdrawn from sale.

During the past year, 1859, the Government have come under obligations to the extent of about £400,000, which has been applied to the redemption of the securities before enumerated. And it is proposed now to raise the necessary capital for the purpose of redeeming all the outstanding currency Debentures, most of which are held in England, by substituting the direct engagement of the Province in lieu of that of the Municipal Loan Fund and other special Funds, and by making the principal and interest payable in London, it is expected that the holders of these depreciated securities will be glad to avail themselves of the opportunity now offered of redemption, or of accepting the new Consols or Bonds in lieu of their present Bonds, while by interposing its own security, the Province will obtain a large reduction on the amount charged for interest.

After deducting the securities now held by the Government of Canada, those already purchased for the purpose of redemption, and also those held under the Bank Charters, there remains the sum of about £1,250,000 still outstanding, of the Currency and Municipal Loan Fund Bonds.

Under the terms of the Act providing for the redemption of the feudal tenure in Lower Canada, a fund was created for the purpose of indemnifying the Seigniors, amounting to about £650,000 sterling. The interest upon which, at six per cent, is now a charge upon the Consolidated Revenue Fund; and of this amount £350,000 will be required in the course of the year 1860. The Government propose now to make provision for the payment of this sum, which will constitute no addition to the present liabilities of the Province, but will reduce the interest from six per cent. to five per cent.

The Government have also to provide the sum of £200,000 for the erection of the Public Buildings at the new Provincial Seat of Government, agreeably to Her Majesty's decision, in the selection of Ottawa.

This amount will be required in the course of 1860 and 1861. And to this extent only does the Government of Canada now propose to make any addition to their existing liabilities.

It is therefore proposed to create an issue of Consolidated Stock or Bonds at the option of the purchaser, irredeemable until after twenty-five years from 1st January, 1860, bearing five per cent. interest, payable half yearly, for the following purposes:—

To pay up, in full, the Sinking Fund for the imperial Guaranteed Loan, about £	700,000
To reimburse the Consolidated Revenue Fund for advances made in 1859, on account of Redemption of Debt	400,000
To redeem so much of the Feudal Tenure Fund	250,000
For Public Buildings at Ottawa	200,000
For redemption of remainder of 6 per cent., Currency Debt, both direct and indirect, about	1,250,000
	£2,800,000

The charges now borne by the Revenue on the foregoing items, are as follow:—

Interest and Sinking Fund, Imperial Loan	£ 90,000
Six per cent. Interest on £2,100,000	126,000
Total per annum	£216,000

By the issue of 5 per cent. Consols or Bonds, the annual charge will be reduced to:—	
For interest	£440,000
For Sinking Fund, half per cent.	14,000

£154,000

Making a reduction of charge upon the Revenue of Canada of £62,000 per annum, while at the same time the existing Imperial Sinking Fund will by this operation be increased to £1,500,000, thus practically extinguishing so much of the present debt.

The Consolidated Stock or Bonds will be issued at par, bearing interest from 1st of January, and will be payable as follows:—

16th January, 1860	10 $\frac{3}{4}$ cent.
1st February, "	8 "
1st March, "	8 "
17th April, "	8 "
16th May, "	8 "
16th June, "	8 "

16th August, "	8 "
17th September, "	8 "
16th October, "	8 "
16th November, "	8 "
15th January, 1861	10 "

Subscribers may pay in full, under discount, at the rate of five per cent. per annum; but no discount will be allowed upon payment in Bonds.

Until 30th June next, subscribers who are holders of Provincial Government 6 per cent. Bonds payable in Canada, and having the direct engagement of the Consolidated Revenue Fund, will be permitted to pay their subscriptions to the new Stock or Bonds in these securities at par (viz., £1 4s. 4d. currency for £1 sterling), adding one quarter per cent. premium, for each year the Bond may have to run. Thus, a Bond having twenty years to mature, will be taken at £105, payable in the new Stock or Bonds at par.

Subscribers who are holders of Consolidated Municipal Loan Fund Bonds will be permitted to exchange them at par for the new Stock or Bonds, viz., £1 4s. 4d. currency for £1 sterling.

In order to facilitate the Consolidation of the entire Debt of the Province, the Government are prepared to convert the Sterling 6 per cent. Bonds payable in London, and carrying a direct charge upon the Consolidated Revenue Fund, into new Stock or Bonds of the same character as those now to be disposed of, and to be issued under the authority of the same Act, at the following rates:—

£109 10s. 0d. 5 $\frac{3}{4}$ cent., New Stock or Bonds, for £1 6s. $\frac{3}{4}$ cent. Bond, due August, 1874

113 7s. 6d. "	" January, 1884
113 10s. 0d. "	" July, 1884

Holders of 5 per cent. Sterling Bonds may convert at par; but neither class of such Sterling Bonds payable in London, can be received in payment of subscriptions to the new Loan. The option of Conversion is limited to the 30th June, 1860.

In all cases of Conversion or Exchange, the accrued interest will be allowed and deducted, on the securities received and issued.

It is highly satisfactory to be able to state, that the depression existing in Canada, from the commercial crisis and bad harvests of 1857 and 1858, is rapidly disappearing.— The Revenue has very materially revived, the Customs and Excise being, till 30th November, 1859

\$4,476,205

Against, in 1858

3,333,975

Increase in 11 months

\$1,142,230

While the recent measures adopted by the Government and Legislature have effected a reduction in the expenditure to an amount of about \$1,000,000.

A. T. GALT,

Minister of Finance of Canada.

London, 31st December, 1859.

LONDON, 31st December, 1859.

Messrs. BARING, BROTHERS & Co., and

Messrs. GLYN, MILLS & Co.,

The Financial Agents in England, of the Province of Canada, beg to state that they are prepared, in conformity with the annexed statement, to receive application for the Loan, therein authorized, of £2,800,000, (say two millions eight hundred thousand pounds of Stock), bearing 5 per cent. interest, either in Bonds to bearer, or in Inscriptions, on the following conditions:—

Applications must be delivered at one of the respective offices of Messrs. Baring, Brothers & Co., or Messrs. Glyn, Mills & Co., on or before Tuesday, 10th January, with a specification whether the amount applied for, be required in Bonds or inscribed Stock.

No application will be received after three o'clock, p.m., on Tuesday, 10th January.

The letters of allotment will be transmitted with as little delay as possible, and upon the amount allotted, the payment of an instalment of 10 per cent., will be required on Monday, 16th January, at one of the Banking Houses of Messrs. Baring, Brothers & Co., or Messrs. Glyn, Mills & Co., where the subsequent instalments must also be paid, being in all, as follows:—

8 per cent on 1st February, 1860,	} Payable in Cash, or in Provincial Cur- rency Bonds, or Municipal Loan Fund Bonds.
8 " " 1st March, "	
8 " " 17th April, "

8 " " 17th September, "	
8 " " 16th October, "	
8 " " 16th November, "	
*10 " " 15th January, 1861.	
90 per cent,	
10 " (First Instalment, on allot: on 16th January.	
100	

Discount, at the rate of 5 per cent., per annum, will be allowed on the payment in full, in cash, in anticipation of the above mentioned instalments, but no discount will be allowed, except on payment in full, in cash.

Interest, at the rate of 5 per cent., per annum, on the nominal capital, commences from 1st January, 1860, and 1st January, 1861; will be deducted from the instalments due in those months.

* From these amounts to be deducted 2½ per cent. Interest, due 1st July, 1860, and 1st January, 1861, reducing those instalments respectively, to 5½ per cent., and 7½ per cent.

On default of payment of any instalment on the day named, all previous payments will be forfeited, and the party so in default, shall not be entitled, after the day fixed for the payment, to claim any Bonds, Certificates of Inscription, or Dividends.

Bonds of £1000, £500, and £100 each, with half yearly coupons, payable at the offices of the Provincial Agents in London, (where the principal, when due, will be paid) for twenty-five years, and a talon, or authorization for the receipt of further dividend warrant when required, and when the principal of the Bonds shall not have been paid, will be issued as soon as they are received from Canada, on payments in full; and in the meantime, Provisional Certificates for the payment made, will be delivered, jointly signed by Messrs. Baring, Brothers & Co., and Messrs. Glyn, Mills & Co.

Certificates of inscription will be delivered at the office of Messrs. Glyn, Mills & Co., to such persons as may prefer Stock inscribed in their names, to Bonds to bearer.

Bonds to bearer may at any time be transferred into Inscriptions of Stock, in the name or names of those who may present them for that purpose; but Inscriptions of Stock cannot be converted into Bonds. The Bonds thus converted will be duly cancelled.

A Sinking Fund of one half of 1 per cent. of the capital of the issue, under the Act referred to in the annexed statement, with accumulating interest, will be applied to its gradual extinction, in the mode specified therein.

The Provincial Agents of Canada are prepared to receive in payment of this Loan, the Provincial Government 6 per cent. Bonds, payable in Canada, and the Consolidated Municipal Loan Fund Bonds, until 30th June next, inclusive, on the conditions specified in the annexed statement; and also to carry into effect, the exchange of the existing Sterling Bonds of Canada, bearing 6 per cent. interest, payable in London, as well as those bearing 5 per cent. interest, until 30th June next, inclusive; issuing, until Bonds or Certificates of Stock are prepared, Provisional Receipts for the same.

LONDON, 19th January, 1860.

Messrs. BARING, BROTHERS & Co.,

“ GLYN, MILLS & Co., London.

GENTLEMEN,—Before my return to Canada, I wish to place in writing the altered arrangements with regard to the Provincial account upon which we agreed, based upon my letters of the 3rd and 24th October last, and which I considered necessary as preliminary to any attempt to issue our new Loan.

By my letter of the 3rd October and your assent thereto of 1st December, it was agreed that the balances due to your firms should be payable on three months' notice, and that the Provincial Bonds lodged with you should be at your disposal, but without power of sale, until similar notice should be given, accompanied by payment of the balances due to you.

My letter of the 24th October advised you that, with your co-operation and assistance, the Government were disposed to attempt the operation of the conversion of our Public Debt, and on my arrival in London, I submitted to you the arrangement, which in my judgment, it was necessary for me to make with you before I could feel justified in bringing out a new description of Stock, the success of which was problematical.

These conditions were, that it was absolutely necessary that the arrangements for the existing balances due to your firms should, in any case, remain in force until 1st October next, and that under no possible circumstances of failure, in the new Loan, should the Provincial Six per cent. Bonds in your hands be placed in the market before 1st October next.

That your firms should each undertake to subscribe for £250,000 of the new Five per cent. Loan, payable at your discretion, on the same terms as might be allowed to other subscribers, or, if considered necessary by the Government, at 1st October next, in relinquishment of our balances then falling due, and at which date I would therefore feel assured of the return of the Six per cent. Bonds, and avoid all necessity of an increase of the Public Debt by securities which I considered as objectionable in form and policy.

To these proposals I received your assent, and I desire now to express to you my acknowledgments of the readiness and cordiality with which you met my views, and also for the very successful manner in which you have carried out all our plans for the important financial operation which has now been completed.

The very large sums paid in for the new Loan, and the necessity of finding employment for it, enable me now to anticipate the payment of your balances, and I therefore had yesterday the pleasure of directing the transfer from the new Loan of £500,000 to the ordinary credit of the Receiver General, as this payment has been made in anticipation of the date previously fixed, 1st October, and for the convenience of the Provincial Exchequer.

I am not in position to require immediate delivery of our Six per cent. Bonds for £500,000 now in your hands, but I request that so soon as the arrangements you may have made, based upon my letter of the 3rd October, will permit it, you will return to the Receiver General, for the purpose of cancelment, the £500,000 Six per cent. Bonds, say, at latest, on 1st October next. The Coupons attached to the said Bonds will be returned by you with them.

I remain, Gentlemen,
Your faithful Servant,

(Signed,)

A. T. GALT,
Minister of Finance of Canada.

LONDON, 20th January, 1860.

SIR,—We have the honor to acknowledge the receipt of your letter of the 19th instant, referring to the arrangements with our firms as to the mode and conditions agreed upon for keeping the Provincial Accounts, and these points being understood between us, we do not advert to them in detail.

With respect to the Loan of £2,800,000 Canadian Consolidated Five per cent. Stock, it was agreed in our correspondence with you, before this negotiation was determined upon, and before you left Canada, as a necessary condition to induce you to attempt the introduction of this operation, that each of our firms should undertake to subscribe for £250,000 of such Stock, payable on the same terms as might be allowed to other subscribers, or, if deemed necessary by the Government, made applicable to the liquidation on 1st October next of the balances due to our respective firms. This latter condition has been obviated by the successful negotiation of the Loan, and by the transfers of the funds required to cover our advances as directed by your letter of 18th instant.

We note your remarks respecting the Provincial Six per cent. Bonds for £500,000, placed in our hands under the conditions mentioned in your letter of 3rd October last, and we engage that the same shall be returned to the Receiver General in due course, to be sent from this place not later than 1st October next.

GLYN, MILLS & Co., London.

The Honorable A. T. GALT,
Minister of Finance of Canada.

LONDON, 17th January, 1860.

GENTLEMEN,—I think it desirable before my return to Canada to place in writing the arrangement agreed upon between us in relation to the new Canadian Loan.

The Financial Agents are to charge the commission of one per cent stipulated in former cases of loans negotiated by them, for Canada, to be taken into account as the Loan is realized.

Brokerage of one quarter of one per cent to be charged when it has been claimed by and paid to the Brokers.

The small incidental expenses of printing, postage, &c., to be charged to Canada.

No commission is to be charged on the exchange or future purchase of the currency or Consolidated Municipal Loan Fund Bonds made on account of, or out of the proceeds of Loan. But where Bonds are bought in the market the brokerage actually paid is to be charged.

No commission is to be charged upon the conversion of the Sterling six per cent and five per cent Bonds; but brokerage of one-eighth of one per cent may be paid to Brokers through whom such conversion takes place.

In lieu of the commission to which the Financial Agents would be entitled on the redemption of the outstanding Sterling Bonds, a commission of one per cent is to be charged upon the amount annually invested in the Sinking Fund, including the accumulating interest thereon. In case any of the outstanding Bonds shall not be converted before maturity, the Agents will, in such case, be entitled to commission on their redemption, (one per cent.)

I have the honor to be, Gentlemen,
Your faithful serv't.,

A. T. GALT,

Minister of Finance, Canada.

Messrs. BARING, BROTHERS & Co.,
Messrs. GLYN, MILLS & Co.,
London.

LONDON, 20th January, 1860.

SIR,—We have the honor to acknowledge the receipt of your letter of 17th instant, in conformity with which it is understood that we are to charge a commission of one per cent on the amount of the Loan of £2,800,000, to be taken into account as the Loan is realized, and a brokerage of $\frac{1}{4}$ per cent where it has been claimed by and paid to the Brokers. The cost of printing and other small incidental expenses are also to be charged to the Government of Canada.

No commission is to be charged on the exchange or purchase of the currency or Consolidated Municipal Loan Fund Bonds, made on account of the Loan, but the usual brokerage to be allowed where bonds are bought in the market.

No commission is to be charged on Bills drawn against the proceeds of the Loan, or on the conversion of the Sterling Provincial Bonds, but a brokerage of $\frac{1}{4}$ th per cent may be allowed to Brokers on such conversion.

In lieu of our commission on the redemption of the outstanding Sterling Bonds, a commission of one per cent is to be charged on the amount annually invested in the Sinking Fund, including accumulating interest thereon; and in case any of the outstanding Bonds should not be converted before maturity, we are to charge a commission of one per cent on the redemption of the same.

We have the honor to be, Sir,
Your most obed't. serv'ts.,

LONDON, 17th January, 1860.

GENTLEMEN,—I request you will cause to be opened in your Books an account for the new Loan, to be denominated the Consolidated Canadian Loan Account, through which all the transactions relating thereto may pass.

This Account will receive credit for all the payments received on the Loan, and will be charged with the Bonds redeemed, with the transfers to the Imperial Sinking Fund and with such sums as may from time to time be transferred to the ordinary account of the Province. As considerable sums may remain at the credit of this fund, it is understood that all sums beyond fifty thousand pounds shall, if left in the hands of the Agents, bear interest at the current Bank rate, provided the same do not exceed four per cent. But the Government reserves the power of designating or authorizing particular investments on account of this fund, should it appear to them desirable to do so, and at such rate of interest as they may determine for said Loan.

I have the honor to be, Gentlemen,
Your faithful servant,

LONDON, 20th January, 1860.

SIR,—We have the honor to inform you, that in compliance with the instructions contained in your letter of 17th instant, we have opened an account with the Government of Canada, designated the Canadian Consolidated Loan account, to be credited for all sums received on account of the Loan, and to be charged with the Bonds redeemed with the transfers to the Imperial Sinking Fund, and such sums as may be transferred to the ordinary account of the Province.

It is understood that all sums which may remain in our hands, at the credit of the Loan account beyond £50,000, shall bear interest from 21st instant, at the current Bank of England rate, provided the same shall not exceed 4 per cent, the Government reserving the right to designate particular investments on account of such funds.

GENTLEMEN,—I request you will transfer from the Consolidated Canadian Loan to the ordinary account of the Receiver General, the sum of five hundred thousand pounds, in such sums to your respective firms as may equalize your accounts.

And I further request that you will from time to time transfer such further amount from the said Loan to the credit of the Receiver General, as may be required to cover any payments made on account of the Province, advising my Department, as well as the Receiver General thereof.

LONDON, 20th January, 1860.

SIR,—In compliance with the instructions contained in your letter of 18th instant, we have transferred from the Consolidated Loan Account, to the ordinary account of the Government of Canada, the sum of £500,000 per 19th instant, of which amount we have placed £250,000 to the credit of the account in the books of Messrs. Baring, Bros. & Co. £250,000 to the credit of the account in the books of Messrs. Glyn, Mills, & Co., and in order to equalize these accounts a sum of £13,000 has been paid by Messrs. Baring, Bros. & Co., to the credit of the ordinary account of the Government of Canada, with Messrs. Glyn, Mills, & Co.

We also take due note of your request to transfer from time to time from the Loan account such sums as may be required to cover any payments made on account of the Province, with advice thereof to your Department, as well as to the Receiver General.

We have the honor to be, Sir,

The Honble. A. T. GALT,
Minister of Finance of Canada.

LONDON, 19th January, 1860.

GENTLEMEN,—The large amount already paid upon the new Loan, and the probability that the whole or much the greater portion will be paid in advance of the actual require-

ments of the Province, make it requisite that you should be advised of my wishes in regard to the temporary employment of the funds to avoid loss of interest.

The immediate charges upon the new Loan are the transfer to the ordinary account of the Receiver General.

Balance on purchase of	£1,000,000	
India 50 per cent, say		400,000

£900,000

and at 2nd April, purchase of

India 5 per cent, say	£326,000	
		£334,000

The amount paid in on the 16th inst., having been £1,078,000, and other instalments falling due at 1st February and 1st March, it appears to me probable that about £500,000 will be in hand after 2nd April, subject, however, to such deduction as may be made by Bills drawn by the Receiver-General on account of purchases of Bonds, and other charges in Canada.

By my letter of 16th January, this sum, less £50,000, will bear interest in your hands at the current Bank rate. But it is my desire to obtain temporary investment at a higher rate of interest, and I have, therefore, the honor to request that you will favor me with your views on this point, that I may leave with you the necessary authority to act, if possible, without reference to Canada, which would involve meantime considerable loss in interest.

While on this subject, I would remark that it is extremely probable that the whole of the currency and Municipal Loan Fund Bonds will not be delivered in payment of the new loan. I therefore request that you will instruct your Brokers to buy for account of the Government, any of their securities that may be offered for sale at par, with accrued interest added until 30th June next. After that date it will be my duty to advise you of the terms which the Government may feel disposed to offer for the purchase of these securities, which may then, I think, be obtained on lower terms.

As a guide to you in bringing before me the means of temporary employing our balances, I may mention, that of the sums raised for the Feudal Tenure and the Ottawa Buildings, no large amount can be required before the close of the year; and I can scarcely be able to redeem the whole of the outstanding currency and Municipal Bonds, in 1860. My impression, therefore, is, that the sum of say £400,000 to £500,000 will remain over till 1861. Had the public not availed themselves of the option of anticipating payments, the necessity of now considering this question would not have arisen.

I have the honor to be, Gentlemen,

Your faithful servant,

(Signed)

A. T. GALT,

Minister of Finance of Canada.

Messrs. BARING, BROTHERS & Co.,

“ GLYN, MILLS & Co.,

London.

LONDON, 20th January, 1860

SIR,—We have the honor to acknowledge the receipt of your letter of the 19th inst., in which you favor us with the details of your calculation that a considerable amount of the proceeds of the late Canadian Loan will remain for some months to come in London, and with your views as to the employment of the money.

We take due note that we are authorized to purchase for account of the Government of Canada, at par, with accrued interest added, any Canadian currency or Municipal Loan Fund Bonds which may be offered at that price, and to pay, when necessary, a brokerage of $\frac{1}{4}$ per cent for such purchases. We observe that this limit will exist in force till 30th June next, when you will consider whether different orders should then be given to us.

You further state that it is your wish when opportunities occur, to employ any moneys which may be disposable on the Consolidated Loan account, if this can be done with security at a better rate of interest than the minimum rate of discount of the Bank of England which the account bears; and you ask our opinion as to the mode to be adopted for that purpose. You will readily understand that it is not possible beforehand to ascertain

what loans of money can be made, or what rate of interest can be obtained during the next twelve months. And all that we can say or promise is, that we shall bear in mind your wishes, as expressed in your letter, and do our best to meet them.

We have already, with your verbal sanction, concluded a loan of £50,000 for account of the Government, for six months from the 17th inst, at the rate of 5 per cent. per annum, on £50,000, 6 per cent. Provincial Bonds of Canada; and we recommend to your favorable consideration one at similar terms, and for a like period, of from £50,000 to £65,000, which is offered in 6 per cent. Bonds of the Corporation of Toronto, valuing these Bonds at 80 per cent of their nominal amount. If, as we think it ought, this transaction meets your approbation, we will give you the details, and these two transactions will fully absorb the sum of money at your disposal subsequent to the other arrangements made by you on the account of the Consolidated Loan without any loss to the Government in the rate of interest.

For the employment of further sums which we may receive in payment of this loan, after reckoning on what may be drawn on us from Canada at 60 days, we presume that we have your authority to make loans on the Government securities of Canada, whether of the sterling or currency denominations, and on the Municipal Loan Fund Bonds; and also on any such stocks as we may, as financial agents, be ready to guarantee to the Government—as it is impossible to furnish you in anticipation with a list of those securities which may be hereafter offered to obtain loans; nor can we now fix the rate of interest which we may be able to obtain.

We can only repeat that our best endeavours will be employed to conform to the instructions with which you have honored us.

We have the honor to be, Sir,

Your most obedient servants,

Messrs. BARING, BROTHERS & Co.,
“ GLYN, MILLS & Co.,

GENTLEMEN,—I am duly favored with your letter of 20th instant, on the subject of temporary employment of the balance of the Consolidated Loan. I am glad to learn that you have effected the transaction for £50,000 on Province Bonds; and I authorize the loan of £60,000 to £65,000 on the deposit of the City of Toronto Bonds for a period of six months, at 80 per cent. of their nominal amount.

Agreeing with you that it is advisable you should be provided with general authority as to the class of securities on which you make advances for account of the Province.

I authorize such advances for periods not exceeding six months, and at such rate of interest as you may consider proper, in excess of the current bank rate,—upon the Government securities of Canada, whether sterling or currency—upon the Consolidated Municipal Loan Fund Bonds, and upon such other stocks as you are prepared to guarantee to the Government.

In all these transactions I have every confidence you will act in the best interests of the Province.

27th January, 1860.

SIR,—I am commanded by the Lords Commissioners of Her Majesty's Treasury to transmit to you, for the information of the Duke of Newcastle, copies of a correspondence which has taken place between this Board and Mr. Galt, Minister of Finance in Canada, on the subject of the investment of the Sinking Fund of the Guaranteed Loan to that Province.

Their Lordships suggest that the Duke of Newcastle should give instructions to the Governor General of Canada, that in any Act that may be passed for repealing the Act of the Colonial Legislature providing for the remittance to this country of two per cent per annum on the Canada Guaranteed Loan, as a Sinking Fund towards the redemption of the debt of £1,500,000, a clause should be inserted recapitulating and sanctioning the arrangement recently concluded between this Board and Mr. Galt, on behalf of the Colonial Legislature.

London, 8th February, 1860.

SIR,—We have the honor to enclose a statement of the receipts on account of the Canadian Consolidated Loan of £2,800,000, on 1st instant, from which you will observe that the cash receipts on that day amounted in all to £866,871 2s. 8d., and that the payments in Bonds represent a further sum of £7,367 9s. 1d.

Of the sums received in cash, we have placed £433,435 11s. 4d. to the credit of the Consolidated Loan account with Messrs. Baring, Brothers & Co.; £433,435 11s. 4d. to the credit of the Consolidated Loan account with Messrs. Glyn, Mills & Co.; and on account of Stock paid in full on 1st instant, we charge the commission of 1 per cent., say £9,100 10s.,—1 per cent. on £910,050,—which will appear in equal portions in the accounts of our respective firms.

We have to advise to the debit of the Canadian Consolidated Loan account £65,000, per 2nd February, Loan on Toronto City Bonds, @ 5 per cent. for 6 months, as authorized by your letter of 23rd January; £60,000 per 2nd February, held at the disposal of the Canadian Steam Packet Company; £3,328 2s. 6d. per 8th February; Brokerage 1 per cent. allowed on £1,331,250 of the 5 per cent. Loan; the above sums being charged in equal portions in the accounts of our respective firms. There will probably be some further claims for brokerage to charge hereafter, but not to any large amount.

We have arranged to lend in the course of the present month, on approved securities, £55,000 for two months @ 5 per cent.; and of this amount we have already advanced

£16,000 per 1st instant, £20,000 per 6th instant, to the debit of the Consolidated Loan account; the remaining payments will be advised in due course.

From the large amount already paid in full of the sum of £2,800,000, and from enquiries made respecting the conversion of the Provincial Sterling debt, which we are now beginning, we apprehend considerable pressure for an early delivery of Bonds to a considerable amount, and we shall be glad to learn when we may expect the first supply, and at what rate you will be able to deliver Bonds after the arrangements for printing are completed.

SIR,—The object of the present is to hand you copy of a communication addressed to us by the Treasury, under date 10th inst., and of our reply to the same, dated 13th inst., by which you will observe that we have engaged, on behalf of the Provincial Government of Canada, to provide in due time the funds required for payment of interest on the Guaranteed Loan, with the understanding that the dividends on the Indian securities held for the Sinking Fund are to be paid over to us. This arrangement is rendered necessary from the circumstance that the interest on the Guaranteed Loan falls due rather before than on the Indian securities.

TREASURY CHAMBERS, 1st Feby., 1860.

GENTLEMEN,—With reference to Mr. Marshall's letter of the 23rd ult., reporting certain operations carried into effect by you, in accordance with instructions from this Board, on account of the Sinking Fund of the Guaranteed Loan to Canada, I am directed by the Lords Commissioners of Her Majesty's Treasury to acquaint you that they have signified to Mr. Galt, Minister of Finance in Canada, their consent to an arrangement, that the interest accruing from the East India Debentures, and the East India five per cent. stock held by Mr. Hamilton and Mr. Merivale, on account of the above mentioned Sinking Fund, should be applied to the payment of the interest on the Canada Loan, and that the balance of such accruing interest should be paid over to Messrs. Baring, and Messrs. Glyn, Mills & Co.

Their Lordships request that you will transmit to this Department, a Power of Attorney, if necessary, to be executed by Mr. Hamilton and Mr. Merivale, to enable you to receive the dividends on the India five per cent. stock; and request that you will apply these dividends, with the interest on £174,000 East India Debentures, to pay the interest and the commission due to the Bank on the Canada Loan, and pay over the balance to Messrs. Baring, and Messrs. Glyn, & Co.

Their Lordships, however, wish to be informed whether the interest on the India Stock is payable at a time suitable to meet the interest on the Canada Loan, which is due on 1st January and 1st July in each year, otherwise some arrangement must be made with the Financial Agents for Canada, for providing the necessary funds at the above dates.

I am, &c.,

(Signed,) G. A. HAMILTON.

The Governor and
Deputy Governor of the
Bank of England.

[Copy.]

BANK OF ENGLAND, 2nd February, 1860.

SIR,—I beg to acknowledge the receipt of your letter of the 1st instant, reporting that the sanction of the Treasury had been given to an arrangement that the interest accruing from East India Debentures, and India 5 per cent. Stock, held on account of the Canada Sinking Fund, should be applied to the payment of the interest on the Canada Loan; and that the balance of the said interest should be paid over to Messrs. Baring, Brothers & Co., and Messrs. Glyn, Mills, & Co.; and I am directed to state that their Lordships' instructions to that effect shall be duly carried out. I assume that these instructions are intended to supersede those of the 8th August last, directing the investment of accrued interest on

£174,500 East India Debentures of the same description, and that they are intended to apply to the sum of £904 9s. 10d. received for interest on these dividends, on the 16th August last, and not yet invested.

The interest on the India debentures is payable on the 16th February and 16th August in each year, and that on the India 5 per cent stock on the 8th or 9th of January and July respectively.

The Funds destined to pay the Interest on the Canada Guaranteed Loan should be in the hands of the Bank, as follows, viz.: on the 31st December and 30th June, £20,100; on the 30th March and 3rd September, £10,050.

Accordingly, the Bank will only have between £4,000 and £5,000 in hand, arising from the Debentures to meet £10,050, on the 1st April next; and as the interest on the India 5 per cent stock will not be received till (probably) the 9th July, the balance of the April dividend, and the whole of the July dividend, will have to be provided in anticipation.

As the same series of events will always occur, it will be necessary to carry out your suggestion, by entering into some arrangement with the financial agents for Canada for providing funds at the proper date.

I enclose a Power of Attorney for dividends on India 5 per cent. stock, to be executed by yourself and Mr. Merivale, and returned to me; and I have to request that you will forward the sum of £1 ls. 6d., the cost of the Power.

I am, etc.,

TREASURY CHAMBERS, 10th Feb., 1860.

GENTLEMEN,—I am directed by the Lords Commissioners of Her Majesty's Treasury to transmit to you the enclosed copies of a letter addressed by them to the Bank of England, and of the reply thereto upon the subject of an arrangement for the application to the payment of the interest due on the Canada Guaranteed Loan of the interest accruing from the East India Debentures, and the India five per cent Stock, held by Messrs. Hamilton & Merivale, on account of the Sinking Fund of that Loan, and for the payment over to you of the balance of the said interest; and I am to request that you will inform their Lordships whether you will be prepared to make arrangements, on behalf of the Provincial Government of Canada, for the payment into the Bank of the sums required to meet the interest due on the Guaranteed Loan, as stated in Mr. Marshall's letter, on the understanding that the interest due on the East India Debentures and East India Stock, invested for the Sinking Fund of the Loan, is paid over to you as it becomes due.

I am to observe that in consenting to this arrangement, their Lordships do not intend that any deviation should be made from the course directed by the 1st and 2nd clauses of the Act 5 and 6 Vict., Cap. 118, for the advance from the Exchequer of the amount required, (in default of provision being made for the same by Canada), charging the Province with interest at five per cent upon such advance, until repaid.

You will observe that a certain sum will be required on the 1st April, and a further amount on the 1st July next, to meet which the interest from the East India Stock will not be available in sufficient time.

Their Lordships would also draw your attention to the sum of £904 9s. 10d., the interest received on the 16th August last on East India Debentures, and which is now in the hands of the Bank; and to a bill for £30,000, which will mature on the 1st March next, also held by the Bank, and which was remitted by the Receiver General of Canada as the amount of Sinking Fund due under the Local Act of 1859 for the past year.

Their Lordships wish to be informed whether you have received any instructions in regard to the disposal of these sums, and whether they are to be applied towards making up the amount that will be required for the purchase of new India Stock, to be issued on the 2nd April next, to the amount of £326,000, as part of the arrangement lately made

for the purchase of securities to the amount of £1,500,000, on account of the Sinking Fund of the Loan.

I am, Gentlemen,

Your obedient servant,
(Signed,)

GEO. A. HAMILTON.

Messrs. BARING,
Messrs. GLYN, MILLS & Co.

(Copy.)

LONDON, 13th February, 1860.

SIR,—We have the honor to acknowledge the receipt of your letter of the 10th inst., enclosing copies of correspondence with the Bank of England, in reference to the provision of funds for payment of the interest on the Canada Guaranteed Loan; and we have to inform you, in reply, that we are prepared, on behalf of the Provincial Government of Canada, to pay to the Bank of England the sums required to meet the interest on the said loan, namely:—

£20,100 on 30th June and 31st December;

£10,050 on 31st March and 30th September;

on the understanding that the interest on the East India Debentures and East India Stock, invested for the Sinking Fund of the Loan, is to be paid over to us as it becomes due.

It is also understood that the present arrangement will not preclude the advance from the Exchequer, at any future period, of the amount required, in default of provision being made for the same by Canada.

With respect to the sum of £904 9s. 10d., held by the Bank of England, we have to request that you will instruct the Bank to pay the same to us; and also to pay to us, on the 1st March next, the amount of the Bill for £30,000 falling due on that day, which was remitted by the Receiver General of Canada on account of the Sinking Fund.

We have the honor to be, Sir,

Your most obedient servants,

(Signed,)
