I have the honour to submit my report for the fiscal year 1898-99, on Expenditure (Appropriation and Statutory) and on Revenue accounts, with the exception of the details of those accounts which are under the Railway Department (R).

Accounts of Railway Department not yet Printed.

I am sorry that to secure the presentation of most of the report at the beginning of the session it was necessary to leave out part R. I cannot give any information as to when that part will be laid before you. The manuscript is all in the hands of the Queen's Printer. The rest of the work will depend altogether on him. He has been continuously supplied with manuscript since October 10.

Amendments to Audit Act.

It was a great disappointment that the draft Audit Act, which formed part of last year's report, received no attention from either side of the House.

It is rather remarkable that Newfoundland (in its first Audit Act passed the 19th July, 1899) adopted almost all the suggested amendments of that draft. That small colony begins in advance of the point which the Great Dominion has reached.

It is not for me to give an opinion on what should be the respective duties of the two sides of the House with reference to any subject, but it seems now quite clear that unless the Opposition of the time being sees the attraction of rounding off our system by the addition of the most recent developments in controlling Governmental Finance, the beauty of the circle as a political figure will remain unobserved. I suppose it does indicate a want of dignified self-restraint to make a wry face because an hour cannot be spared from the days occupied in attaching blame to those who may have improperly spent hundreds, when the hour would be used for the purpose of establishing regulations to prevent the waste of thousands in Canada in every year for all time. The ways of the other side in this connection seem to me now equally past finding out, although I suppose I must have known them once.

One would imagine that an earnest follower of a Government might be willing to incur the transient displeasure of some of those in authority, arising from his helping to improve the Audit Act, when he knows that clear, strict rules to guide officials who have the responsibility of paying out public money are of the greatest assistance to those in power in warding off unpopularity from the Government.

It need scarcely be pointed out that I do not expect my views to be taken without question. They should, of course, be considered on their merits, and adopted or rejected accordingly. It seems plain that an Act formed to inaugurate a system cannot be what an experience of twenty years in the working of the system has shown to be best.

Goodwin Claim.

Mr. George Goodwin received at last, as will be seen by the correspondence in connection with the Railway Department, the amount of the certificate which was refused in this office in April, 1896. We contended as long as there was any use in contending.

Subsidies based on Cost of Works.

Our experience has been unfavourable to the recently adopted method of basing

63 VICTORIA, A. 1900

subsidies to railways and to railway bridges on the cost of such works. This office has been unable to satisfy itself with the evidence of the cost which the companies have produced. I believe that we should return to the old system of paying a specific sum.

It is manifest that unless a Government engineer is on the work from its beginning, we are at a great disadvantage when any considerable portion of the expenditure is not in settlement of contract stipulations, the claimants of the subsidy knowing everything about the basis of the claim and the country's officials nothing.

Something can be done when the contract for the subsidy is making, by establishing regulations that complete vouchers will be required for all the items of expenditure and by requiring evidence of tenders having been called for by advertisement in regard to the part of the work which may have been done under contract.

Auditor General.

AUDITOR GENERAL'S OFFICE,

Indian Annuities payable by Ontario and Quebec.

(Continuation of correspondence on page D-54.)

AUDIT OFFICE, OTTAWA, Dec. 20, 1899.

DEAR MR. FIELDING.—You have no doubt seen my letter to Mr. Courtney objecting to the elements of the calculation by which you made the present value of an annuity of \$8,200 due by Ontario and Quebec, \$205,000. Mr. Courtney answers my letter by saying that he is obliged for the letter. If I am right Ontario and Quebec are the means through this Order in Council of the Dominion losing nearly \$70,000, and, therefore, the Order in Council, unless it is irrevocable, should be amended.

I am, sir, your obedient servant,

Hon. W. S. Fielding, Minister of Finance.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, Dec. 20, 1899.

DEAR MR. McDOUGALL,—I beg to acknowledge receipt of your letter of this date, respecting accounts between the Dominion and Ontario and Quebec.

The difference between your view and Mr. Courtney's is as to the rate of interest to be adopted in computing the value of the annuity. We have adopted the rate of 4 per cent. This undoubtedly is more than the ordinary value of money to the Dominion Government. The whole question was very fully considered before the rate was adopted. It was desirable that these long standing accounts should be brought to a close. To this end there was a disposition all round to adopt some compromise.

Mr. W. D. Hogg, Q.C., who had the matter in charge for the Government, gave it very careful consideration. He advised that if a compromise on a basis of 4 per cent could be obtained it would be a prudent settlement. After full consideration his recommendation was confirmed and an Order in Council passed accordingly.

Yours faithfully,

W. S. FIELDING, *Minister of Finance.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 21, 1899.

SIR,—I have your letter of the 18th instant, acknowledging, without comment, the receipt of mine of the 15th, regarding the Order in Council dealing with a single sum which it is proposed to accept if paid now in liquidation of a perpetuity of \$8,200 which it has been decided is due by Ontario and Quebec to the Dominion.

In view of the fact that you apparently have not seen at once the full force of my objection in the interest of Canada to concluding the proposed arrangement, let me put the matter in another light, which I am sure will make it quite clear that the transaction, if made, would be a great mistake. The Government proposes to accept \$205,000 from Ontario and Quebec as an equivalent of \$8,200 a year for ever due by them to Canada. \$205,000 from them is worth neither more nor less than \$205,000 from any other source. If obtained from any other source it would cost us less than \$6,150 a year, as the rate of interest which we have to pay on permanent loans negotiated in the quarters most favourable for Canada is less than 3 per cent. Therefore, Canada, when it agrees to allow Ontario and Quebec \$8,200 for the use of \$205,000, is losing more than \$2,050 a year for ever—the present value of this loss being more than \$68,333.33.

As to whether Ontario and Quebec are making money by the transaction is a point with which we have nothing to do. It is plain that Ontario and Quebec will not make as much as we lose, because they cannot borrow money on as good terms as we can. This circumstance makes it the more advisable that the transaction should not be completed, because it cannot be urged that what we lose our friends the provinces of the Dominion get.

If by accepting the \$205,000 we were securing a doubtful debt, or even a debt in the collection of which there might be trouble or at least delay in some of the payments, there

would be some argument ; but as we have large sums to pay for ever on the 1st of January and the 1st of July of each year to both provinces, the collection is in our own hands, and, therefore, the matter as it stands under the award seems to be incapable of improvement in the interests of Canada.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, Dec. 26, 1899.

DEAR SIR,—I am very much obliged for your further letter of the 21st instant, respecting the settlement of the claims under the Robinson Treaties agreed upon by Order in Council of the 8th instant.

I understand the Minister of Finance wrote you on this subject on the 20th instant, and I have nothing to add to what I believe he then submitted to you in explanation of the circumstances of the case.

I am, sir, your obedient servant,

The Auditor General.

Overdrafts of Appropriations.

Memorandum for the Minister of Finance.—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters-of-credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs :

(1.) Sometimes by overdrawing the credit to the bank,—but

(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheque should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides, with (1) as with (2), the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter-of-credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 28, 1892.

Order in Council, July 7, 1892.—On a report dated July 4, 1892, from the Minister of Finance, submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters-of-credit.

The Minister, in accordance therewith, recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The committee recommend that a copy of this Minute be sent to the several departments for their guidance in future.

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean : “That an Appropriation account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30.”

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports : “The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expenditure and incur increased liabilities upon the strength of the original estimate ; or whether the extension referred to in the section is only for the purpose of enabling a department to pay, after June 30, liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30, shall lapse, and be written off. The proviso does not either expressly or by implication, give a department power to make a new expenditure, and if that power is not contained in the proviso, it is nowhere ; it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying, after June 30, out of the original appropriations, such accounts as had at that date been incurred.”

SESSIONAL PAPER No. 1

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments; and they recommend to Council:

(1.) That for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3.) That no cheques be signed in blank, either in the inside or outside service.

(4.) That all cheques be drawn in the form: "Pay to the order of——"; and not in either of the forms: "Pay to——or bearer," or "Pay to—— or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes:—(List not printed.)

Contracts.

Order in Council, May 23, 1880.—On a joint memorandum, dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over \$5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That, with all tenders submitted, a money guarantee, or approved accepted cheque, shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than \$1,000 nor more than \$5,000. That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance, respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. MCGEE, *C.P.C.*

(Circular.)

FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to enclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

J. M. COURTNEY, *D.M.F.*

Order in Council, May 2, 1893.—On a memorandum dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. MCGEE, *C.P.C.*

Memorandum respecting Contractors' Securities.—The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government Savings Bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 33.—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. MCD.

Small Balances due to Estates.

AUDIT OFFICE, OTTAWA, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

J. M. COURTNEY, *Secretary*

The Auditor General.

SESSIONAL PAPER No. 1

Order in Council, July 24, 1894.—That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceased, but that, under an Order of the Treasury Board, dated 19th June, 1888, all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That as those to whom the money rightfully belongs are, in most cases, in needy circumstances, a general Order be granted, authorizing, in case of death among the fishermen of the class referred to, to pay the amount earned to the widow, father, mother, or children as the case may be, of the deceased, without reference to the Treasury Board.

No Supplies to Persons in Arrears to Department of Printing and Stationery.

Treasury Minute, September 22, 1897.—The Board had under consideration a communication from the Auditor General in reference to the arrears due to the Department of Printing and Stationery, from which it appears that a large proportion of such arrears are due by Senators, Members and ex-Members of Parliament, for Publications and Voters' Lists.

The Board, after a careful consideration of the matter, direct that the Queen's Printer be instructed hereafter to give no further supplies to persons who are in arrears for supplies previously furnished.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

Pamphlets and Books.

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past of the granting of authority by Council for the purchase of books for Library exchanges and for distribution among the departments, and he recommends that in the future no such authority be granted, but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal; and that all purchases of books for the use of any department of the government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee and to each department of the public service.

Accounts for Advertising.

Order in Council, May 8, 1894.—On a memorandum dated March 28, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

REGULATIONS.

All orders for advertising which are issued at the seat of Government shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper, respectively.

On receipt of these instructions, the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display, and accompanied also by an instruction to the publishers to render the accounts to him in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that the publication has been as directed, but no newspaper shall be paid a higher rate than that charged to the general public for a similar service.

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the seat of Government.

The Queen's Printer shall keep with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamphlets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and three in weekly papers.

SESSIONAL PAPER No. 1

These regulations shall apply to all the departments excepting the Immigration Branch of the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

Order in Council, July 17, 1896.—The Committee, on the recommendation of the Honourable the Secretary of State, advise that all Orders in Council, or parts of Orders in Council, regulating or relating to advertising for the several departments of the Government, and particularly the Order in Council of the 8th of May, 1894, be rescinded; and that the list of newspapers to receive Government patronage approved by the said Order in Council of the 8th of May, 1894, and issued in a revised form by the Secretary of State on the 1st June, 1896, be withdrawn and cancelled.

(Circular.)

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, July 23, 1896.

SIR,—Under instructions from the Honourable the Secretary of State, I beg to inform you that the patronage list attached to the regulations for advertising has been cancelled by Order in Council. The regulations themselves have, however, been continued in force, so that there will be no change in the method of giving out advertisements.

I am, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer.*

Advertising in Canada Gazette.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Ministers recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

Legal Services.

Order in Council, April 12, 1879.—On a report dated April 2, 1879, from the Honourable Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the order be transmitted to each of the departments of the Government.

JOHN J. MCGEE, C.P.C.

Order in Council, February 6, 1893.—That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service, be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges, who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling, as follows, signed in each case by the officer who has incurred the expenses :—

TREASURY BOARD, OTTAWA, October 17, 1896.

SIR,—I am in receipt of your letter of the 15th instant, in reference to the \$10 a day allowance to Mr. E. L. Newcombe, Deputy Minister of Justice, under Order in Council of June 2nd, 1896, in connection with his trip to England. The matter was submitted to the Treasury Board at the meeting of yesterday, and I am directed to inform you, in reply to your communication, that the Board are of opinion that, as the allowance in question was sanctioned by an Order in Council, passed by the late Government during their tenure of office, and before Mr. Newcombe went to England, and as no doubt the expenditure incurred was based upon such authority, in this particular case it is not desirable to take any action, but the Board wish it to be distinctly understood that this case is in no way to form a precedent for any future case.

Special Qualifications.

TREASURY BOARD, OTTAWA, NOV. 13, 1883.

SIR,—I have been directed by the Honourable the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chapter 7 (C. S. Act), wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary"; and in connection therewith to call your attention to the *Hansard* of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their profession, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their profession.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waved?

Your obedient servant,

J. M. COURTNEY, *Secretary.*

The Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, OTTAWA, NOV. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chap. 7, wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

Salaries : Date of Payment.

Order in Council, January 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. MCGEE, C.P.C.

By an Order in Council, dated 31st of August, 1891, it was ordered that the Order in Council of the 22nd March, 1887, authorizing the payment on the 15th day of each month of the temporary clerks of the Inside Service who are continuously employed, be cancelled from and after the 1st September, 1891, and that thereafter such clerks be paid on the last day of each month.

JOSEPH POPE, *Asst. C.P.C.*

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of January 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. MCGEE, C.P.C.

Order in Council, November 14, 1895.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1895, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. MCGEE, C.P.C.

Extra Salary.

Civil Service Act, 1888, 51 Vict., cap. 12, sec. 12.—Subsections 1 and 2 of section 51 of the Civil Service Act (R.S.C., cap. 17) are hereby repealed, and the following substituted therefor:—"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

Public Service: Hours of Attendance, Extra Salary.

AUDIT OFFICE, OTTAWA, August 11, 1899.

SIR,—The Department of Justice has recently made application to me for payments to members of its staff for extra services rendered in the preparation of returns ordered by Parliament, on the ground that such payments were permissible, because in accordance with the judgment of the Supreme Court of Canada in the case of *The Queen vs. Bradley*. The account rendered was certified by the Deputy Minister that the work was performed outside of regular office hours and was not in the line of the Clerk's ordinary duties. Two of these accounts I have passed; but, as the practice is sure to grow fast and as it therefore appears to me it would be in the interest of the Public Service that a uniform system in this regard should be established by the Governor in Council, I have refused to pass in the meantime an application of this character sent to me within the past few days.

It is manifest that, if in certain Departments all the work which requires to be done after office hours is paid for, in addition to the regular salary of the clerk who performs the work, while in the other Departments the service which is done after the usual office hours brings no additional remuneration, the permanent heads of the latter Departments will be much more unpopular with their assistants than the deputies in the other Departments with theirs.

SESSIONAL PAPER No. 1

You will observe that there is in force an Order in Council of July 27, 1882, which provides that any member of a Departmental staff may be required by the Head of the Department to attend his office at any time his services may be deemed necessary. In view of this provision, it seems to me clear that the Governor in Council intended it to be understood that the officials of the Department were to keep up the work of the Department after the usual office hours when it could not be done during those hours, no matter whether the work could be strictly called the usual work of the Department or not.

In the cases that have arisen so far, the work done, as I have said, has been in connection with the preparation of returns ordered by Parliament; and it seems to me the question should be decided by the Treasury Board or by Council whether or not the preparation of those returns or other similar work falls within ordinary duties in a Department, when done by those who are receiving regular pay as either permanent or extra clerks.

I shall be obliged if you will bring the matter to the notice of the Treasury Board with the view of having some definite and uniform basis established in regard to a practice which I fear, if not regulated, may grow to undesirable proportions, and may cause much dissatisfaction.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

Order in Council, 19th August, 1899.—That the provisions of the 9th section of the Order in Council of 27th July, 1882, which provides amongst other things: "That at any time, if the public service requires it, the Heads of Departments or Deputy Heads to have the right to call for the attendance of all or any of the officers or clerks at an earlier or later hour than those named," be confirmed.

That no extra salary or additional remuneration of any kind whatsoever, be paid to any Deputy Head, officer or employee permanently employed in the Civil Service of Canada, unless an amount to provide for the payment has first been specially voted by Parliament.

JOHN J. MCGEE, C.P.C.

Salaries: Date of Changes and Increases.

Order in Council, July 29, 1871.—On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved,

W. H. LEE, C.P.C.

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. MCGEE, C.P.C.

Information to be sent to the Treasury Board on Matters affecting the Establishment.

TREASURY BOARD, OTTAWA, April 3, 1897.

SIR,—I am directed by the Treasury Board to call your attention to the inclosed Circular of the Board, dated 19th June, 1893, and to ask that the requirements therein specified be complied with.

I am, sir, your obedient servant,

J. M. COURTNEY, Secretary.

(Circular.)

TREASURY BOARD, OTTAWA, June 19, 1893.

SIR,—In connection with the papers and other memoranda relating to appointments, promotions, increases of salary and other matters affecting the Establishment, referred for the consideration of the Treasury Board, I am directed to say that the Board are desirous in all cases of having before them the fullest information bearing on the action recommended, and to ask that particular attention be given to make the papers as complete as possible, especially in regard to the following requirements:—

In consequence of the Civil Service Superannuation Amendment Act, 1893, and Civil Service Insurance Act, 1893, being now in force, it is absolutely necessary that in the case of appointments, in addition to the full reasons for the action recommended, the age of the appointee be given and a medical certificate submitted as to his state of health. In the case of memoranda recommending the employment of temporary clerks, the certificates required by the Civil Service Act must in all cases accompany the papers, and, in addition, the state of the appropriation from which payment for the extra assistance is to be made must be set forth.

It is also directed that the certificates, reports and requisitions required under the Civil Service Act (*vide* sections 15, 17, 19, 21, 26, 35, 37, 39 and 47) be furnished with the respective cases to which they relate.

I have further, by direction of the Treasury Board, to state that in all cases where employees of 60 years of age and over are recommended for retirement under the Civil Service Superannuation Act, it will be necessary to give full and explicit reasons, in addition to that of age, for the action recommended, as members of the Board cannot undertake to recommend the superannuation of civil servants for the reason of age only.

In directing your attention to these requirements of the Board, I have to ask that in all cases the papers for their consideration be submitted in as complete a state as possible, and to inform you that in no case will a memorandum be taken into consideration if the papers are not complete.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Matters to be referred to the Treasury Board.

Order in Council, October 5, 1896.—The Committee recommend that the Treasury Board submission, "That all recommendations to Council with relation to the appointment, employment or continuance of employment, promotion, increase or reduction of salary or pay, granting or extension of leave of absence, or payment of travelling expenses or removal expenses of any employee or proposed employee of the Government, either permanent or temporary, be referred to the Treasury Board for consideration and report before being finally dealt with by Council," be approved.

I. J. MCGEE, *C.P.C.*

Salaries of Deceased Officers.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 8, 1875, from the Honourable the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

W. A. HIMSWORTH, *C.P.C.*

Employment of Temporary Clerks.

Section substituted by 58-59 Victoria, Chapter 15, for section 47 of the Civil Service Act (R.S.C., Cap. 17).—When from a temporary pressure of work or from any other cause, extra assistance is required in any branch of either the first or second division, the Governor in Council may, on the report of the deputy head of the department, concurred in by the head of the department, that such extra assistance is required, authorize the employment of such number of temporary clerks, writers, messengers, porters, packers or sorters, as are required to carry on the work of the department.

SESSIONAL PAPER No. 1

Temporary Employees: Certificate of Attendance.

Treasury Board Minute, Dec. 27, 1898.—The Board direct that the following certificate be substituted for the certificate required by their Minute of the 2nd October, 1891, to be given in all requisitions to the Accountant of Contingencies for the payment for the services of extra clerks and messengers in the several departments, and that the Minute of the 2nd October, 1891, be amended to this extent:

"I certify that during the current month the extra employees mentioned have satisfactorily performed the services for which they were appointed under Order in Council of and that they have been in attendance at this office every day except Sundays, statutory holidays and leave of absence under Order in Council of 20th October, 1892, as specified, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

J. M. COURTNEY, *Secretary.*

Departmental Employees: Pay-List.

TREASURY BOARD, OTTAWA, Dec. 2, 1895.

SIR,—I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a Minute directing that hereafter all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment,

I am sir, your obedient servant,

Order in Council, June 29, 1893.—No payment to be made to any Government employee for time on special leave until Council authorizes same.

JOHN J. MCGEE, *C.P.C.*

Leave of Absence to Temporary Employees.

Order in Council, October 20, 1892.—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:—

(1.) That the head of the department, and, in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or deputy head of the department may determine.

(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department; or for days during which absence has been occasioned by contagious or infectious diseases in the families of the persons so engaged; such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

Order in Council, Dec. 30, 1898.—That the Order in Council of 20th October, 1892, granting leave of absence for purposes of recreation to temporary employees, be so amended as to extend the full provisions thereof to messengers and packers temporarily employed, to apply not only in future cases, but to cover all cases in the past, in which leave of absence has been granted to such temporary messengers and packers.

JOHN J. MCGEE, *C.P.C.*

Medical Certificates.

Order in Council, July 23, 1892.—On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners, under the third subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. MCGEE, C.P.C.

Rate of Pay for Copying.

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several departments of the Government and in preparation of returns for the Senate and the House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. MCGEE, C.P.C.

Rate of Pay to Reporters.

Order in Council, October 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters, who may be designated, as occasion may require, by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the reporter, for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of \$3.50 per diem over and above the actual moving expenses be allowed to such reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1st, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. MCGEE, C.P.C.

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the official staff is not available, be 25 cents per folio of 100 words, the Reporter, for such remuneration, to supply the Government with four copies of the proceedings in each case.

That the sum of \$3 per diem, in addition to actual moving expenses, be allowed to such reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such reporters during the last Session of Parliament.

That in all cases when a reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of \$5 per day, he shall be entitled to receive \$5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. MCGEE, C.P.C.

Superannuation.

Extract from a Minute of the Treasury Board, November 11, 1870.—

(31.) In counting the length of service by which a superannuation allowance is to be regulated, if the man has served a fraction of a year less than half, his service shall count as for the number of years without the fraction, and if the fraction is more than half, it shall count as for the number of years next above.

(32.) In counting the salary on which the superannuation allowance is to be calculated, it shall be taken at one-third of the whole amount received by the officer for the 36 months preceding the Order in Council superannuating him.

(33.) When any officer is permanently employed at a nominally per diem salary, it shall for the future be included in the pay-lists at an equivalent per annum salary.

(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall count only on the salary on which he has paid abatements.

(35.) The superannuation allowances shall be paid monthly in the manner proposed in the memorandum on that subject submitted by the Auditor.

(36.) An Establishment Book shall be kept in the Finance Department, in which shall be entered every person in the service on the 1st July, 1870, or hereafter to be appointed, who, by foregoing rules, comes within the provisions of the Act, showing the date of his birth and the date of his appointment, together with any other facts upon which his length of service will be counted.

(37.) When any greater length of service is claimed by men now in the service than that from the date of the man's appointment to his present office, it shall be the duty of the Auditor to prepare a classified statement of all such claims which, together with a report thereon from the Civil Service Board, shall be submitted to the Privy Council, to the intent that rules may be laid down by it for counting such service.

(38.) When any person is hereafter appointed in later life for any special qualifications, the additional number of years which may be added to his actual length of service shall be stated in the Order in Council appointing him, and such additional years shall be recorded in the Establishment Book, and in order that the same thing may be done with regard to men now in the service, the Secretary of the Treasury Board shall collect from each deputy head, and the clerks of the Senate and House of Commons a statement of all the men now serving under them to whom they are of the opinion that additional service should be allowed under the Act for special qualifications in their appointment. Such statement shall be submitted to the Treasury Board, and reported upon by it, so that an Order in Council may direct such additional years to be recorded in the Establishment Book.

(39.) The Auditor shall prepare a statement to be submitted to Council on 1st January next of all persons on the Establishment of 60 years of age and upwards, and a similar statement shall hereafter be submitted at the commencement of each financial year.

(40.) No person exceeding 65 years shall be retained on the Establishment except upon an Order in Council passed upon the receipt of the statement above provided for, retaining him on the staff for another year.

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—“(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatements”;—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. MCGEE, *C. P. C.*

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuation of public servants as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments, recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

I am, sir your obedient servant,

J. M. COURTNEY, *Secretary.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (See 38 Vic., cap. 13.) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 Vic., cap. 13.)

I am, sir, your obedient servant,

The Secretary, Treasury Board.

GEO. W. BURBIDGE, *D.M.J.*

(Circular.)

TREASURY BOARD, OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board:—

“That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health.”

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

Order in Council, October 9, 1895.—That in future all cases in which application is made for the superannuation of any Government employee, there shall be given with the application, for the information of the Treasury Board, the reason or reasons for such superannuation, whether on account of age, or ill-health, or abolition of office, or to promote efficiency and economy—also the age, length of service, present salary, average salary during the past three years, and the proposed retiring allowance of the officer recommended for superannuation. Also, whether in any case it is intended to fill the vacancy caused by such superannuation by appointment or promotion, and if so, at what remuneration, and generally such information as will enable the Board to determine whether the superannuation asked for should be granted.

The Board further recommend that if the above meets with the approval of Council, a copy of the Order in Council founded thereon be furnished the several departments for their guidance.

JOHN J. MCGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of February 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

SESSIONAL PAPER No. 1

Insurance of Government property.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion, and humbly advise Your Excellency that, in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

J. O. COTE, C.P.C.

8. From and after the 15th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof, under frank, nor shall the postage due thereon be charged against the Government.
9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.

JOHN J. MCGEE, *C.P.C.*

Commissions of Inquiry—Rate of Pay.

Order in Council, September 21, 1897.—On a report dated 6th September, 1897, from the Minister of Justice, stating that he has had under consideration the question as to the rate of remuneration which should be allowed commissioners appointed to hold inquiries or investigations into public matters or departmental business, under chapters 114 and 115 of the Revised Statutes of Canada.

The Minister recommends that the fees allowable to a commissioner appointed under the authority of either of those chapters shall not in any case exceed ten dollars for each full day's attendance or occupation in connection with the work of the commission, exclusive of the reasonable moving and living expenses of the commissioner to be allowed where the commissioner has to travel for the purpose of executing the commission; and that the said per diem allowance shall be deemed to cover letters and interviews on other days as well as on the days for which the commissioner is entitled to such per diem allowance; and that no further charge be allowed for such letters and interviews; and that a professional man shall not be entitled to any fees or allowances as commissioner to which other commissioners are not entitled as aforesaid.

The Minister also recommends that a copy of this Minute, if approved, be sent to every commissioner hereafter appointed with his commission, or the notification of his appointment, and that such commissioner be at the same time informed that the provisions of the Order in Council will be strictly followed in ascertaining the amount to which he may be entitled for his services as commissioner.

The Committee advise the adoption of the above, and submit the same for Your Excellency's approval.

The Auditor General,

JOHN J. MCGEE, *C.P.C.*

Maximum number of Reports to be ordered by each Department for Free Distribution.

Order in Council, January 19, 1893.—On a report dated January 16, 1893, from the Minister of Finance, stating that by Order in Council, dated May 26, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents, other than those distributed officially to the Houses of Parliament and the departments, that in accordance with this order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is, as to most of the departmental reports, 1,800 copies of each, and as to five of the most important, 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution, copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

Order in Council, November 18, 1893.—That the annual reports of the Historical Archives Division of the Department of Agriculture forming one of the appendices to the annual report of the Minister of Agriculture, be excepted as respects the number of copies printed, from the terms of the General Order in Council, dated January 19 last, limiting the number of departmental Reports to 500 copies each.

JOHN J. MCGEE, *C.P.C.*

SESSIONAL PAPER No. 1

Order in Council, June 16, 1894.—That the printing of the Year Book and Statistical Abstract for the Department of Agriculture, be excepted from the provisions of the General Order in Council, dated January 19, 1893, relating to the printing of the departments.

That authority be given for the printing of 2,400 copies in English, 750 copies in French, to meet the demands for distribution.

JOHN J. MCGEE, C.P.C.

Order in Council, November 27, 1896.—The Committee on the recommendation of the Minister of Finance, advise that the Order in Council of January 19, 1893, limiting the number of reports of the different departments, be amended so far as the report of the Auditor General is concerned, and as to the number which is to be received by the Audit Office for distribution, by making the number 2,000 instead of 500, of this year's and subsequent reports.

TREASURY BOARD OVER-RULINGS OF THE AUDITOR GENERAL'S
DECISIONS BETWEEN THE COMMENCEMENT OF THE
SESSION OF 1899 AND THE SESSION OF 1900.

Railways and Canals Dept. : Soulanges Canal—Removal of Slides.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 28, 1896.

SIR,—On section No. 8 of the Soulanges Canal (Mr. Charles Raynor, contractor), heavy slides of clay have occurred outside the prism of the canal, and others may take place at any time, and it is necessary to remove them.

I have given instructions for the work to be proceeded with, but the contractor hesitates to do so, unless and until a price is made for it, he contending that it is a work not covered by the contract, but is an extra, and should be treated under clause 5 of the contract, whereas, I, on the other hand, in my interpretation of the contract consider it is covered by the contract, and that it becomes a question whether under clause 6 of the specification he should be paid the price tendered for "earth excavation," or whether, under clause 15 of the contract he should make good the damage by restoring the work so damaged at his own expense.

As the matter in dispute is one of interpretation of the contract, I shall be glad to have the matter referred to the Justice Department for advice, as to whether my contention or that of the contractor is correct, and if my view of the case is the correct one, under which clause it should be treated.

As the work is at a standstill, it is absolutely necessary that a decision should be reached without delay, in order that the work may be proceeded with.

Copy of Mr. Raynor's letter is attached hereto.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

COLLINGWOOD SCHREIBER, C.E.

COTEAU DU LAC, May 27, 1896.

SIR,—Referring to the interview I had with you to-day as to the matter of the blue clay land-slide which took place on my work—section 8 of the Soulanges Canal—in the end of November or beginning of December last.

The facts with reference to this occurrence are well known to your engineers. After the excavation at the westerly end of the section had been fully completed, sides trimmed, &c., all according to contract, the banks, which were there composed of blue clay, gave way, and the material slid into the excavation for a depth of about 100 feet and for a distance along the canal of fully 500 feet. Where this took place the canal was in a solid cutting of 24 feet deep. Until that material is removed from where it is lodged as the result of the slide, the bridge and other canal work under my contract cannot be proceeded with.

I claim that I am entitled to be paid for the removal of this material as work not provided for in the contract prices, and I have to request that the price be now fixed so as to enable me to proceed at once with its removal. It will, owing to its present condition, the way in which it now lies, and the difficulty of handling it, cost, as a matter of fact, about twice as much as ordinary earth, or as the material from the original excavation there, to take it out.

I write this letter in consequence of the notification from you last autumn that for any work for which a special price is intended to be claimed the price should be fixed before the work is done.

I beg to request that this be now dealt with.

Yours truly,

The Chief Engineer, Railways and Canals.

CHARLES H. RAYNOR.

DEPT. OF JUSTICE, OTTAWA, May 29, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of 28th instant, inclosing the contract with Mr. C. H. Raynor for the construction of Section 8 of the Soulanges Canal, and asking to be advised whether the removal of heavy clay slides, which have taken place on his works, is "extra work," as Mr. Raynor contends, or, as

the Chief Engineer views it, work either to be paid for as "earth excavation," under clause 6 of the specification, or to be regarded as damage to be made good by the contractor at his own expense, under clause 15 of the contract.

In reply, I beg to say that, upon examination of the several clauses of the contract and of the correspondence between the engineer and the contractor, I am of opinion that the matter is covered by clause 15 of the contract, and that the damage must be borne by the contractor.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. • E. L. NEWCOMBE, D.M.J.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 3, 1897.

SIR,—Mr. C. H. Raynor's (contractor for Section No. 8, Soulanges Canal) communication of the 29th ultimo, setting forth that he thinks he should be paid extra for the removal of some heavy slides of blue clay which have taken place in the prism of the canal, and for the work of removing these slides, having been referred to me, I have the honour to report that he has been pressing this claim for some time past, but that under the 15th clause of the contract, I, as Chief Engineer, am clearly precluded from embodying such work in my certificate of work done; at the same time I frankly admit it is a serious matter for the contractor, if he has to bear the brunt of accidents of this magnitude to the works which occurred through no fault of his, and though he cannot legally claim to be paid for the work, yet it appears to me to be a case deserving of the favourable consideration of the Government as a matter of equity, and in case the Government take this view and decide to deal with it, I suggest that a fair basis of settlement would be to allow the contract schedule price for earth excavation, viz. : 21 cents per cubic yard for the removal of these blue clay slides, and for the brown clay or other material which may be ordered to be deposited to form the toe of the slope of the prism, such a settlement, it appears to me, would be a reasonable and equitable one.

I am, sir, your obedient servant,

The Secretary, Railways and Canals. COLLINGWOOD SCHREIBER, D.M. & C.E.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 13, 1897.

To His Excellency the Governor General in Council:

MEMO.—The undersigned has the honour to represent that Mr. Charles H. Raynor, contractor for Section No. 8 of the Soulanges Canal, under date the 9th instant, has submitted a statement to the effect that from time to time since the spring of 1893 when he began operations, serious slides have taken place affecting the work; one, the most extensive, which occurred in November, 1895, filling the canal prism for its whole width, and to a depth of from 6 to 12 feet, and for a length of some 500 feet. This slide, he states, extended back a distance of from 75 to 100 feet from the top of the slope, and carried with it all the material deposited upon the banks, leaving it in the prism of the canal. The material, he says, is a very soft, wet blue clay, with no cohesive quality, and he anticipates a continuance of these slides during the forthcoming season. The material is lying, he states, where it was left, and he asks that excavation at these points having been practically completed when the slides took place, he should be paid for its removal as additional work.

That under date the 3rd instant, the Chief Engineer of the department has reported to the effect that though under the 15th clause of the contract (which makes the contractor liable for all damage to the works, from whatever cause arising, until final completion and acceptance) Mr. Raynor has no legal claim to additional payment, yet, in his opinion, the case is one deserving favourable consideration as a matter of equity, the mischief being due to no fault of the contractor and having been wholly unforeseen and unavoidable. If this view be adopted, he suggests that as a fair basis of settlement, the contractor be allowed the contract schedule price for earth excavation, 21 cents per cubic yard for the removal of this material and for the deposit of brown clay, or of such other material as may be ordered, to form the toe of the slope of the prism.

The undersigned, on consideration of the case, regards it as one where Your Excellency in Council might fairly intervene, the damages being of exceptional character and extent, and in no way foreseen or resulting from neglect or carelessness on the contractor's part. He recommends accordingly, that authority be given for payment as suggested by the Chief Engineer, the said 15th section of the contract to be held as not covering the damages specifically caused, or to be caused, by the sliding into the excavated prism of the canal of the material in question.

Respectfully submitted,

A. G. BLAIR,
Minister of Railways and Canals.

SESSIONAL PAPER No. 1

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 31, 1898.

To His Excellency the Governor General in Council:

MEMO.—The undersigned has the honour to represent that, owing to the displacement of considerable bodies of blue clay under the prism and in the banks of the Soulanges Canal, the movement of which was not and could not have been foreseen by the engineers of the department, or by the contractor, very heavy slides of earth from the sides, and, judging from appearances, by upheavals from the bed of the canal have taken place through no fault of the contractor—that similar slides may occur at other places on the canal in the locality of these blue clay deposits, and the slides which have already taken place probably involve the removal of material to the extent of over 100,000 cubic yards, which has slid into the prism of the canal.

That according to the strict letter of the contract clause No. 15, the contractors would be required to remove this material and to make good the damage at their own expense. The clause referred to reads as follows:—

“15. The contractor shall be at the risk of, and shall bear all loss or damage whatsoever, from whatsoever cause arising, which may occur to the works, or any of them until the same be fully and finally completed and delivered up to and accepted by the said Minister for the time being, and if any such loss or damage occur before such final completion, delivery and acceptance, the contractor shall immediately, at his own expense, repair, restore and re-execute the work so damaged, so that the whole works or the respective parts thereof may be completed within the time herein limited.”

That the Chief Engineer expresses the opinion that the contractors on whose works such heavy damage has occurred, or may occur, would be forced to stop their operations if called upon to make good the damage at their own expense, and this possibly at a critical time, when the vigorous prosecution of the work is most essential to the early completion of the canal and opening it for traffic.

Under the exceptional circumstances of the case, the undersigned recommends that the aforesaid clause No. 15 of the contract be held not to cover the damages caused by the slides in question, and that the cost of removal of this intruded material from the prism of the canal be borne by the Government, the contractors to be paid for such removal at their contract prices.

Respectfully submitted,

ANDW. G. BLAIR,
Minister of Railways and Canals.

AUDIT OFFICE, OTTAWA, Nov. 22, 1898.

SIR,—Let me acknowledge receipt of your application No. 229, for \$561 in favour of C. H. Raynor, for October work on Section 8 of the Soulanges Canal.

The only item of new work in the estimate is “earth excavation on section, 3,000 yards at 21c.” I infer that this is probably “removal of slides.”

Please let me see whatever correspondence has taken place on the question of whether the Government or the contractors should bear the expense of removing the slides on the Soulanges Canal, under the section of the specification which describes the mode of final measurement.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Nov. 28, 1898.

SIR,—In reply to your communication of the 22nd instant, I have the honour to state that the slides, to which you refer, are removed in the changing of the slopes, under the terms of Mr. Raynor's contract.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Dec. 30, 1898.

SIR,—In supplement to the departmental letter sent to you on the 28th ultimo, in relation to the removal of slides on this section, I now forward you a copy of a letter addressed to Mr. Raynor by the Chief Engineer on the 31st March last, ordering certain changes in the slopes of the banks, and fixing the prices for the additional work involved. A copy of Mr. Raynor's acceptance of the requisition so made is attached thereto.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 31, 1898.

SIR,—It having become necessary to make certain changes in the slopes of certain parts of the Soulanges Canal, covered by your contract with Her Majesty Queen Victoria, represented by the Hon. the Minister of Railways and Canals, dated the 29th day of December, 1892, I have to inform you that pursuant to clause No. 5 of the said contract I, as Chief Engineer, have made the following changes, viz. : The changing of the slopes at several points, which will be pointed out by the engineer, and I require you to execute and complete the works to be executed and completed under said contract, in accordance with such changes.

I have also to inform you that pursuant to said clause 5 of said contract, I, as Chief Engineer, have fixed the prices to be paid for any additional or extra work resulting from such changes, as follows, viz. : Such additional or extra work shall be paid for at twenty-one (21) cents per cubic yard, being the same price as is fixed by the said contract for the earth excavation.

All of the provisions of the said contract are to apply to the work resulting from the said changes, and the decision of the engineer as to the quantities of additional or extra work resulting therefrom is to be final as provided for in the said contract.

Yours truly,

Chas. H. Raynor, Esq.,
Contractor, Section 8, Soulanges Canal,
Syracuse, N.Y.

COLLINGWOOD SCHREIBER, C.E.

I acknowledge receipt of a duplicate of the foregoing, and I hereby agree to carry out the requisitions therein contained, and to abide by and comply with all its terms.

CHARLES H. RAYNOR, *Contractor*.

AUDIT OFFICE, OTTAWA, Jan. 4, 1899.

SIR,—Let me acknowledge receipt to-day of three documents concerning the payment of removal of slides on the Soulanges Canal.

These documents are : A letter from Mr. C. H. Raynor to the Chief Engineer, dated May 27, 1896 ; a letter from the Chief Engineer to the Secretary, dated May 28, 1896, suggesting that the Justice Department be asked for its opinion ; and a letter from the Justice Department, dated May 29, 1896, ruling that the damage must be borne by the contractor.

I gathered from conversation with you that other legal opinions were obtained, which favoured the contractor. Please let me see them, and any additional documents which may have a bearing on the case.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 22, 1899.

SIR,—In reply to your communication of the 4th instant, I have the honour to inclose herewith, for your information, a copy of an advisory letter, dated the 20th instant, from the Department of Justice, in regard to the desired payment for the removal of slides on the Soulanges Canal, to which you refer.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *for D.M.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 12, 1899.

SIR,—On the 29th of May, 1896, your department advised as to payment for removal of slides which had taken place on the Soulanges Canal, ruling that the damage must be borne by the contractor for the works, Mr. C. H. Raynor, his contract being dated the 29th of December, 1892.

As the result of a full examination of the locality, and careful consideration as to the best course to be adopted made by the engineers of the department, and Mr. Walter Shanly, C.E., it was decided by the Chief Engineer pursuant to the provisions of clause No. 5 of the said contract, to change the slopes at certain points, and he accordingly, on the 31st of March last, called upon the said contractor to execute the proposed changes, and, as required by the terms of the contract clause mentioned, he fixed the price to be paid for any additional work resulting from such changes, namely, 21 cents per cubic

SESSIONAL PAPER No. 1

yard, the same price as that fixed by the contract for earth excavation, Mr. Raynor duly acknowledged the receipt of this order of the Chief Engineer, and undertook to carry out its requisitions.

Subsequently, an application was made to the Auditor General for a payment to Mr. Raynor of the sum of \$551, being for work done in pursuance of the said order. To this application the Auditor General has demurred, and I am to submit for your opinion and advice, the question whether, in view of the action of the Chief Engineer in the matter, the contractor is or is not entitled to payment? It has to be observed that, in carrying out the changes ordered by the Chief Engineer, the said slides have been removed.

I inclose the further papers in this case.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

L. K. JONES, *Secretary*.

DEPT. OF JUSTICE, OTTAWA, Jan. 20, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant (111738), and its inclosures, relating to the contract of Mr. C. H. Raynor for work on Section 8 of the Soulanges Canal.

You state with respect to the work under this contract as follows:—"On the 29th of May, 1896, your department advised as to the payment for removal of slides which had taken place on the Soulanges Canal, ruling that the damage must be borne by the contractor for the works, Mr. C. H. Raynor, his contract being dated the 29th of December, 1892.

"As a result of a full examination of the locality and careful consideration as to the best course to be adopted, made by the engineers of the department, and Mr. Walter Shanly, C.E., it was decided by the Chief Engineer, pursuant to the provisions of clause No. 5 of the said contract, to change the slopes at certain points, and he accordingly, on the 31st of March last, called upon the said contractor to execute the proposed changes, and as required by the terms of the contract clause mentioned, he fixed the price to be paid for any additional work resulting from such changes, namely, 21 cents per cubic yard, the same price as that fixed by the contract for earth excavation. Mr. Raynor duly acknowledged the receipt of this order of the Chief Engineer, and undertook to carry out its requisitions.

"Subsequently an application was made to the Auditor General for a payment to Mr. Raynor of the sum of \$551, being for work done in pursuance of the said order. To this application the Auditor General has demurred. * * * * * In carrying out the changes ordered by the Chief Engineer the said slides have been removed."

You ask for an opinion as to whether, in view of the action of the Chief Engineer in the matter, the contractor is or is not entitled to payment.

In reply I beg to state that in my opinion it was under the contract, clauses 5 and 8, competent for the Chief Engineer to direct the contractor to make the changes referred to, and to decide that the work involved in doing so, including the removal of the slid-in material, was an extra, and to fix the price to be paid for such work. I also think that, in the absence of fraud or collusion, his decision in this regard is final and binding on the Government, and that under the circumstances stated in your letter and appearing from the papers, Mr. Raynor is entitled to be paid for the work in question at the price fixed by the Chief Engineer. Papers returned.

I am, sir, your obedient servant.

The Secretary, Railways and Canals.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, Jan. 30, 1899.

SIR,—In further discussion of the removal of slides on the Soulanges Canal:

I should like to have a full description, in writing, of the nature and extent of the services which it is proposed to pay. Please make especially clear the point, whether the contractors are to be paid for removing, from the bed of the canal, any material which fell from below the new slope lines.

The items in the progress estimates, for repairing slides, should be supported by diagrams and calculations showing how the quantities are arrived at. This information must be part of the local engineer's office records, and can be got in a very short time.

If there was any correspondence on the present subject between the department and the contractors, the perusal of it would probably give me a better understanding of the circumstances.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 1, 1899.

SIR,—In compliance with the request contained in your communication of the 30th ultimo, asking for further explanation upon the subject of the flattening of the slopes of the prism of the Soulanges Canal at various points, in connection with slides which have occurred or may occur, I may state that in forming the slopes at these points on the newly adopted batter, and with a view of securing them against sliding, it is necessary to remove the material in the prism from the toe to the slope down to grade, take out the material from the foot of the slope and replace it with stone, and with a view of greater security, wasting the blue clay which has slid, and replacing it with a solid brown clay to the batter of slope, as flattened. All this work is returned in the progress and final estimates under clause 5 of the contract; to have replaced the blue clay would have been like throwing money away.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, Feb. 3, 1899.

SIR,—Let me acknowledge receipt of your letter of Feb. 1, with a diagram concerning the slides on the Soulanges Canal.

The wording of Mr. Newcombe's opinion, as to changing the slopes, is: "It was competent for the Chief Engineer to direct the contractor to make the changes referred to, and to decide that the work involved in doing so, including the removal of the slid-in material, was an extra, and to fix the price to be paid for such work."

It appears to me probable that by "slid-in material," Mr. Newcombe here means only the material from between the old and new slope lines. It would seem to be for the contractor to remove the rest of the slid material at his own expense, under Mr. Newcombe's previous ruling. This also appears from Mr. Newcombe's oral opinion at our interview yesterday.

Please have this point made more clear.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 4, 1899.

SIR,—I am this morning in receipt of a communication from the Auditor General, in which he acknowledges the receipt of a diagram I sent him concerning the slides on the Soulanges Canal, and quoting a passage in your written opinion as to changes in the slopes, which reads as follows:—"It was competent for the Chief Engineer to direct the contractor to make the changes referred to, and to decide that the work involved in doing so—including the removal of the slid-in material was an extra, and to fix the price to be paid for such work."

He then proceeds to state that to him it is probable by "slid-in material" Mr. Newcombe means only the material from between the old and new slope lines. He further proceeds to say it would seem to be for the contractor to remove the rest of the slid material at his own expense, under Mr. Newcombe's previous ruling. "This also appears from Mr. Newcombe's verbal opinion at our interview yesterday. Please have this point made more clear."

I am still of the opinion that under the 15th clause of the contract, the contractor would have been bound to repair and restore the slopes to their former position by running the slid-in material into the vacancy caused by the slide, at his own cost and expense, but to have done so would in my judgment, have been sheer folly, and might have resulted—after the canal was completed and in operation—in the blocking of navigation by again sliding into the canal. Means, therefore, had to be adopted to form such a slope as would be likely to stand.

To carry this out, I altered the batter of the slope and had the toe of the slope cut away and replaced with stone, making up the balance of the slope with a brown clay, and running the slid blue clay to waste. All this work was involved in the new mode of constructing the slope, and it appeared to me, in returning this work in the estimates of work done, I was acting in accordance with your written opinion of the 26th ultimo. However, as the Auditor General expresses a desire to make the point more clear, it is referred back to you.

Attached hereto will be found a diagram showing the position.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

COLLINGWOOD SCHREIBER, D.M. & C.E.

SESSIONAL PAPER No. 1

DEPT. OF JUSTICE, OTTAWA, Feb. 9, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th instant, having further reference to the question arising under the contract of Mr. C. H. Raynor, with respect to the slides which have occurred upon his section of the Soulanges Canal.

In reply I beg to state that in advising you as I did in my letter of 20th January, I was expressing my opinion as to the proper construction of the contract with Mr. Raynor, and I see no reason to vary the view expressed in that letter that under clauses 5 and 8 of the contract it was competent for you as Chief Engineer to direct the contractor to make the changes referred to in your notice of the 31st March last, and to decide that the work involved in doing so, including the removal of the slid-in material, was an extra, and to fix the price to be paid for such work. As to what work was so involved, and the quantity of work involved, these are questions of fact, and are matters which the contract commits to your judgment, and upon which your decision is final under clause 8. Upon these questions I do not consider that I have been asked to advise, nor that it would be proper for me to do so.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 10, 1899.

SIR,—I have to acknowledge the receipt of your communication of the 3rd instant, concerning the "slides" which have occurred in the Soulanges Canal.

In reply I may state that I believe the monthly progress estimates certified by me in favour of Mr. Charles Raynor, Section No. 8, to be correct. The new method of constructing and forming these slopes involved the cutting away of the toe of the slope, the forming a footing of stone, the making up of the new slope with brown clay, and the running to spoil in the St. Lawrence River the slid-in blue clay, all of which is returned in the monthly progress estimates of work done, and properly so, I believe; the excavation is returned at the contract price of 21c. per cubic yard, as agreed upon, and the footing of stone at \$1.75 per cubic yard as also agreed upon. I think I have made the case clear as requested.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, Feb. 13, 1899.

SIR,—Let me acknowledge receipt of your letter of Feb. 10, concerning the slides on the Soulanges Canal.

As I remember our conversation with Mr. Newcombe, he held that the only slid material whose removal you could pay was that which originally lay above the new slope line. Any blue clay which slid from beneath the line which is now the new slope line should, he thought, be removed by the contractors at their own expense.

That you received a different impression may be gathered from your remark that "all blue clay is returned in the progress estimates, and properly so."

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 14, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant in further reference to the removal of land slides on the Soulanges Canal.

In reply, I have to say that the Chief Engineer of the department is of the opinion that the new method of building up the slopes necessitated the running of the blue slid clay to spoil in the River St. Lawrence, and that, as I have stated, it is returned in the progress monthly estimates at 21 cents per cubic yard.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, Feb. 16, 1899.

SIR,—Let me acknowledge receipt of your letter of Feb. 14, stating "that the Chief Engineer is of opinion that the new method of building-up the slopes necessitated the running of the blue clay to spoil in the River St. Lawrence; and that it is returned in the progress monthly estimates at 21 cents per cubic yard."

Of course, the slid material had to be removed from the canal bed—there can be no difference of opinion about that. But by the contract, under Mr. Newcombe's interpretation, we are not obliged to pay for the removal of what slid from below the new slope-line; the contractor had to remove that at his own expense. What I object to, is the fact that you include this material in the progres estimates to be paid at 21 cents a yard.

Please have the amount of this lower material calculated separately, and make an independent application for its payment. The rest of the estimates can then go through without delay.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 20, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 16th instant, in further reference to the removal of land slides on Section No. 8 of the Soulanges Canal.

In reply I have to say that the estimate will be prepared in the form you desire, and that, so soon as it is received from the superintending engineer of the canal, it will be sent to you.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

MONTREAL, March 1, 1899.

SIR,—I have been thinking over the question that we discussed the other day in connection with certain Soulanges Canal works, and the more I consider the question the more I am convinced that you could certify my clients' present claim without creating a precedent or binding you in any way as to the question now at issue about the powers of Mr. Schreiber to decide how the alterations ordered by him are to be paid.

The present estimates submitted for your approval by my clients include no part whatever of the disputed class of work. A small item of these estimates is for excavations, but of a different nature and not contested. These estimates are not the final ones, and my clients have been paid for the removal of blue clay objected to by you. You can then retain on their final estimates what they have been paid for.

I hope you will stretch a point and certify the estimates now submitted by my clients, who appear to be in urgent need of that money.

Yours truly,

The Auditor General.

C. A. GEOFFRION.

AUDIT OFFICE, OTTAWA, March 2, 1899.

SIR,—Inclosed please find copy of a letter received by me to-day from Hon. C. A. Geoffrion, acting as legal agent for Rogers & Taylor.

If possible, please name an amount somewhat in excess of the payments which have been made to Rogers & Taylor for removal of blue clay which came from outside of new slope lines. Mr. Geoffrion's letter will, I think, warrant me in passing the excess of held applications over this amount, if any, since he waives any binding effect which such action might have on my consideration of the final estimate.

It would have been possible for me to consider their deposit as sufficient security for this item, only for the fact that the deposits are released by the Finance Department independently of this office.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 4, 1899.

SIR,—My present objection to the payments for removal of slides from below the new slope lines is this: Mr. Newcombe says that the contractors are liable for this service, and the Government not liable. It follows that the amounts should not appear in the progress estimates. The Chief Engineer includes them in the estimates. Mr. Newcombe then says that the items may be charged, since the Chief Engineer has a right to introduce them into the estimates, if he wishes.

It is manifest that such a system of interpreting contracts will make all their provisions illusory, as they can be disregarded by the officer who is to carry them out—and this for the largest class of public expenditure, whose size calls for a closer examination instead of none at all.

SESSIONAL PAPER No. 1

Any further delay need not be more than the short time necessary for you to get the matter before the Treasury Board, and obtain an immediate decision. No other work in this office shall retard the settlement of a question which affects that desirable object, the early opening of the canals.

It was with the view of paying what is unquestioned, that I asked for a calculation of the money value of the disputed materials. Nothing has yet been heard as to what progress Mr. Monro is making in the calculation. I hope the result will soon reach us.

If any other method of relieving the contractors from inconvenience is suggested I shall be pleased to consider its feasibility. Perhaps their security-deposits might in the meantime be so guarded that they could be released only with the consent of this office; and documents might be signed that the payments of the estimates are made and received without prejudice.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

OTTAWA, March 7, 1899.

SIR,—*Re* Section 9, Soulanges Canal, Manning & Macdonald Contract: Referring to our interview with reference to the payment of the estimate for stone, &c., now before you, I beg to say that the payment of this estimate is to be made without prejudice to the rights and positions of the Government and the contractors in connection with questions arising out of the slides which took place on the works and which questions are now under consideration by you. The payment is \$8,150 (odd).

Yours truly,

The Auditor General.

AUDIT OFFICE, OTTAWA, March 7, 1899.

SIR,—When I saw you in the office of the Minister of Railways there was some doubt in my mind whether I should be able to see my way to pass your estimates which include slid-in material on the Soulanges Canal. I have considered the matter carefully. I regret that I do not see my way to pass them.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 9, 1899.

SIR,—I have the honour, by direction, to ask that a ruling of the Hon. the Treasury Board be obtained with regard to the progress estimates on sections Nos. 8, 9 and 10 of the Soulanges Canal, as to which the Auditor General has raised objection.

A great quantity of blue clay having slid into the prism of the canal after its construction, it became necessary that the slid-in material should be removed, and that the gap caused by the slide should be filled up.

The contractors could, of course, have been called upon to restore the banks to their original slope, removing the said material from the prism of the canal and replacing it in the banks, work which they would have to perform at their own cost.

On careful consideration of the difficulty as then existing, and of the prospect of further difficulties of a similar nature, due to the treacherous character of these blue clay deposits, the Chief Engineer came to the conclusion that it would be idle to replace this shifted material into its former position, and that it would be advisable and prudent to entirely change the method of construction of the canal slopes, the new method involving the procuring of stone from a distance to form a toe for the slope, the borrowing of brown clay to fill the gap, and the removal of the slid-in material by wasting it into the River St. Lawrence, a distance of a mile and a half.

Under the powers given him by the contract he ordered the execution of this work on the new method as an extra, and fixed a price to be paid therefor (the same price as that fixed by the contract for earth excavation) and the work has been carried out accordingly.

The Auditor General has objected to the payment as extra work of the works so executed, taking the ground that the contractors and not the Government were liable, and though he has withdrawn his objection to some extent, in view of explanations given him, he still, as appears from his letter of the 4th instant, objects to payment for the "removal of slides from below the new slope lines." This, as is shown by a diagram prepared by

the Chief Engineer, comprises the whole of the slid-in material which has been wasted in the River St. Lawrence. I inclose all papers.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

L. K. JONES, *Secretary.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 16, 1899.

SIR,—As requested by your communication of yesterday's date, I have to state as follows, in further relation to the objection raised by the Auditor General to the payment of estimate No. 58 on Section 10 of the Soulanges Canal for which Messrs. Rogers & Taylor are the contractors, the said estimate amounting to \$3,480.

Heavy earth slides have occurred from time to time on this canal at several points, particularly on sections Nos. 8, 9 and 10, causing large gaps in the slopes. If these slopes had been restored to their former shape by replacing the blue clay which had slid into the canal prism, the contractors would, under clause 15 of their contract, have had to bear the cost of such replacing. The quantity of slid-in material is 16,000 cubic yards, which at the contract price for earth, namely, 22 cents per cubic yard, a price which was agreed upon for the work of removal, amounts when moneyed out to \$3,520—a few dollars in excess of the estimate.

As is well understood by all who have examined the slides, it would have been worse than useless to have refilled the gap in the slopes caused by the slide by throwing back the blue clay, and a new method of forming the slope was adopted, under the powers given by clause 5 of the contract, the slope being slightly flattened, the toe of it being cut away and the toe space filled in with stone, the gap in the slope being filled up with brown clay. It was consequently necessary to dispose elsewhere of the useless and mischievous blue clay which had slid into the prism of the canal, and this material was accordingly run to spoil at a point some distance away. For this service of removal the Chief Engineer agreed that the contractors should be paid their contract price for earth work, namely, 22 cents per c. y. It is to payment for this last item that the Auditor General takes exception, declining to pass the estimate, as the Chief Engineer has embodied this item in it as forming part of the work involved in the new plan of forming the slope.

Had not this new method or plan been adopted as a means of ensuring the stability of the slopes and preventing the occurrence of slides at these points after the canal is opened for traffic—whereby navigation might be blocked, and trade seriously interfered with—the necessity for the service of running the slid-in material to spoil at a considerable distance would not have existed.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

L. K. JONES, *Secretary.*

TREASURY BOARD, OTTAWA, March 17, 1899.

SIR,—I have the honour to inclose herewith Treasury Board file No. 24487, relating to an appeal by the Department of Railways and Canals from objections raised by you to the payment of estimate No. 58 in connection with a Soulanges Canal contract—the contractors being Messrs. Rogers & Taylor.

From the conversation I had with you on Wednesday last regarding the subject, I understood your objection to be that you are of the opinion that the contractors should, at their own cost, remove the slid-in material which slid from below the new slope line into the prism of the canal. If I have correctly understood you, and if you have no other objection to the payment, would you be good enough to let me know for the information of the Treasury Board, the ground for your objection, and the section or subsection of the Audit Act upon which you base the same.

I shall also be glad to have any other remarks you may desire to offer relating to the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary, T.B.*

AUDIT OFFICE, OTTAWA, March 22, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant, which accompanied the Treasury Board file 24487, relating to the appeal of the Department of Railways and Canals from my decision that it is illegal to pay for the removal from the prism of the Soulanges Canal such part of the slid-in material as originally belonged to the part of the embankment below the new slope line. I have come to the conclusion that the removal should have been made by the contractors entirely at their own expense.

SESSIONAL PAPER No. 1

Mr. Newcombe says in his letter of May 29, 1896, in the Treasury Board file : " I beg to say that upon examination of the several clauses of the contract and of the correspondence between the engineer and contractor, I am of the opinion that the matter is covered by clause 15 of the contract, and that the damage must be borne by the contractor." Now most certainly no damage is borne by the contractor if he is paid for removing the slid-in material, and is also paid for all his work in putting in stone at the toe of the embankment and brown clay in the holes formed by the sliding into the prism of the original blue clay.

I accept the opinion of Mr. Newcombe on this point, as does the Department of Railways, but I cannot see how Mr. Newcombe could have come to the opinion which he expressed in his letter of the 20th January, 1899, viz. : " In reply I beg to state that in my opinion it was, under the contract clauses 5 and 8, competent for the Chief Engineer to direct the contractor to make the changes referred to and to decide that the work involved in doing so, including the removal of slid-in material, was an extra, and to fix the price to be paid for such work. I also think that, in the absence of fraud or collusion, his decision in this regard is final and binding on the Government, and that under the circumstances stated in your letter and appearing from the papers, Mr. Raynor is entitled to be paid for the work in question at the price fixed by the Chief Engineer."

The Chief Engineer is given power under the contract sections 5 and 8 to reduce the work or to increase it, or to change it and to say what is extra when the skill of an engineer is needed to determine what is extra, but where the contract so unmistakably determines that a work is not an extra, that it must be done by the contractor at his own expense, then the Chief Engineer is given no power to say that it is an extra. Why should he have the power of unsettling for no purpose what has been already settled ? See the memorandum of the Minister of Railways and Canals to His Excellency in Council, dated the 13th April, 1897, on the file : " That under date the 3rd instant the Chief Engineer of the department has reported to the effect that, though under the 15th clause of the contract (which makes the contractor liable for all damage to the works, from whatever cause arising, until final completion and acceptance) Mr. Raynor has no legal claim to additional payment, yet, in his opinion, the case is one deserving favourable consideration as a matter of equity, the mischief being due to no fault of the contractor and having been wholly unforeseen and unavoidable." Whatever else the contractor was obliged to do under the contract without pay, he was obliged to leave the prism free from any material which had been deposited during the time that his work was going on. There can be no ground for saying that, because it was necessary to have part of the slid-in material removed to make the change at the toe of the slope, such part even should be considered an extra, as the Chief Engineer had a perfect right to call upon the contractor to remove the whole of the slid-in material without pay, if no such improvement on the embankment had been made.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 23, 1899.

SIR,—In reply to your letter of this date, I beg to say that my objection in reference to the Soulanges Canal contract is taken under subsection (a) of section 32 of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, March 24, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of 24th instant—T. 24487 B.—and of the accompanying file of papers in connection with an appeal by the Department of Railways and Canals from the decision of the Auditor General refusing the payment of estimate No. 58, under the contract of Mr. C. H. Raynor, for Section 8 of the Soulanges Canal.

The question in difference is as to whether the contractor should under the circumstances appearing in the papers be paid for removing from the prism of the canal and running to spoil a quantity of blue clay which had slid into the excavation.

In a letter from the Department of Railways to you of the 16th instant, the facts are thus stated :—

" Heavy earth slides have occurred from time to time on this canal, particularly on sections 8, 9 and 10, causing large gaps in the slopes. * * * * * As is well understood by all who have examined the slides, it would have been worse than useless to have refilled the gap in the slopes caused by the slide by throwing back the

blue clay, and a new method of forming the slope was adopted under the powers given by clause 5 of the contract, the slope being slightly flattened, the toe of it being cut away, and the toe space filled in with stone, the gap in the slope being filled up with brown clay. It was consequently necessary to dispose elsewhere of the useless and mischievous blue clay which had slid into the prism of the canal, and this material was accordingly run to spoil at a point some distance away. * * * * * Had not this new method or plan been adopted as a means of ensuring the stability of the slopes and preventing the occurrence of slides at these points after the canal is opened for traffic—whereby navigation might be blocked, and trade seriously interfered with—the necessity for the service of running the slid-in material to spoil at a considerable distance would not have existed."

From the papers I observe that on the 31st March last the Chief Engineer of Railways and Canals notified the contractor in writing that pursuant to clause No. 5 of the contract he had made the change in the slope, and requiring him, the contractor, to execute and complete the works in accordance with such change. By the same notice the Chief Engineer fixed the price to be paid for any additional or extra work resulting from such change at the rate of twenty-one cents per cubic yard, being at the same rate as is fixed by the contract for earth excavation.

The contractor having carried out the directions of the Chief Engineer claims to be paid for the removal of the slid-in material, and the Chief Engineer, in the estimate referred to, has certified that he is entitled to such payment. The Auditor holds, however, that the contractor is not entitled to payment for the removal of any of the material which slid in from below the new slope line.

I am directed by the Minister of Justice to state that it was competent for the Chief Engineer to direct the contractor to make the changes referred to in his notice of the 31st March, and to fix the price to be paid for any additional or extra work resulting from such changes. As to what additional or extra work was so involved and as to the quantity of such work, I am to state that these are questions of fact, and are matters which under clause 8 of the contract are committed to the judgment of the engineer, and as to which his decision is final under that clause.

The Minister is of opinion that the estimate of the Chief Engineer, in which he certifies for payment the amount claimed in respect of the removal of the material in question, amounts to a decision by the engineer under the clause referred to, and is binding upon the parties to the contract. The Minister does not consider it to be within his province to express any opinion as to the propriety of the engineer's decision in this regard.

I am to add that such being the Minister's view, he is of opinion that the Appropriation Act is sufficient parliamentary authority for the payment of the item in dispute. Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, March 29, 1899.—The Board had under consideration an appeal by the Department of Railways and Canals from the decision of the Auditor General in reference to the payment of estimate No. 58 in connection with a Soulanges Canal contract—the contractors being Messrs. Rogers & Taylor.

The Secretary of the Department of Railways and Canals reports that heavy earth slides have occurred from time to time on this canal causing large gaps in the slopes; that it would have been worse than useless to have refilled the gaps in the slopes caused by the slides, by throwing back the blue clay, and a new method of forming the slope was adopted under the powers given by clause 5 of the contract, the slope being slightly flattened, the toe of it being cut away, and the toe space filled in with stone, the gap in the slope being filled up with brown clay; that it was consequently necessary to dispose elsewhere of the useless and mischievous blue clay which had slid into the prism of the canal, and this material was accordingly run to spoil at a point some distance away; that for this service of removal the Chief Engineer agreed that the contractors should be paid at their contract price for earth work, namely, 22 cents per cubic yard.

The objections of the Auditor General, which are taken under subsection "a" of Section 32 of the Consolidated Revenue and Audit Act, are that it is illegal to pay for the removal from the prism of the canal such part of the slid-in material as originally belonged to the part of the embankment below the new slope line—that the removal should have been made by the contractors entirely at their own expense.

The Board had also under consideration a letter from the Deputy Minister of Justice under date of 24th March, 1899, in which he states that he is directed by the Minister of Justice to state that it was competent for the Chief Engineer to direct the contractor to make the changes referred to and to fix the price to be paid for any additional or extra work resulting from such changes; that as to what additional or extra work was so in-

volved and as to the quantity of such work he (the Deputy Minister) was to state that these are questions of fact and are matters which under clause 8 of the contract are committed to the judgment of the engineer, and as to which his decision is final under that clause; that the Minister of Justice is of opinion that the estimate of the Chief Engineer in which he certifies for payment the amount claimed in respect of the removal of the material in question amounts to a decision by the engineer under the clause referred to, and is binding upon the parties to the contract.

The Deputy Minister of Justice further states that he is to add that such being the Minister's view, he is of opinion that the Appropriation Act is sufficient parliamentary authority for the payment of the item in dispute.

The Board, in view of the above, are of opinion that the objections of the Auditor General are not well taken and should be over-ruled, and they accordingly direct the payment of the sum involved in the estimate in question.

J. M. COURTNEY, *Secretary, T.B.*

Justice Dept.: Authority for Classification of "Stable Guards" as Penitentiary Officers.

AUDIT OFFICE, OTTAWA, April 26, 1899.

SIR,—I beg to call your attention to employment at Kingston Penitentiary during the current fiscal year of four officers at \$500 per annum each, who are described on the monthly pay-lists as "stable guards."

I find no such heading in the schedule of salaries appended to the Penitentiary Act, and in view of this omission I shall be obliged if you will inform me under what authority the appointments were made and the salaries fixed.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, April 28, 1899.

SIR,—It was formerly the practice in the penitentiaries to employ teamsters, who, being merely industrial officers, could not be held responsible for the custody of convicts assigned to their gangs. The practice of detailing guards for service has been adopted, and they, in addition to their duties as industrial officers, must be qualified to perform police duty, and are held responsible for the custody of convicts in their charge. As regards your statement that you can find no classification of these officers in the schedule to the Penitentiary Act, I beg to say that the term "guards" covers all classes of guards.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, May 4, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 28th ultimo, in which you state that the classification "guard" in the "schedule of salaries" appended to 58-59 Vic., Chap. 42, covers all classes of guards.

I have not been able to find in the Penitentiary Act or in the Penitentiary Regulations approved by the Governor in Council, that there is any recognized subdivision of the statutory classification "guard," though your letter would indicate that such is the case. So far as I can find there is only one class of guards whose duties are defined in Article 118 of the Penitentiary Regulations.

It seems to me it is not within the competency of the department to change or vary the headings or classifications of a schedule appended to an Act of Parliament. In the present instance the effect of the variation made by inserting stable before the word guard has been, practically, to wipe out the classification "teamster" and to increase the salaries of two or three employees from \$400 to \$500 per annum. I do not think that stable guards are officers of the penitentiary within the meaning of the Penitentiary Act.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 18, 1899.

SIR,—I do not see my way to passing the gratuity authorized to be paid to stable-guard Houghton, the amount of which is included in your application of the 16th instant, for a credit in favour of the warden and accountant at Kingston Penitentiary, to meet the expenditure shown on the April schedule, 1899.

The statute, as you are aware, defines the officer to whom a retiring gratuity may be paid as one included in any of the classes mentioned in the schedule to the Penitentiary Act. I cannot find that there is in the schedule appended to 50-51 Vic., Chap. 52, or in that appended to 58-59 Vic., Chap. 42, any class called "stable guards," and if the schedule contains no such classification, then I. Houghton is not an officer within the meaning of the statute.

In my opinion the classification "guard" does not cover "stable guard."

The amount authorized in favour of Keeper J. Evans has been calculated on a period of service of shorter duration than that to which he is entitled according to the civil service list and the records of the penitentiary; but as the sum asked for is not in excess of that allowed under the statute, I have passed it. The accountant informs me that the error will be rectified subsequently.

In order, therefore, to avoid unnecessary delay in the payment of expenditure in the April schedule that is in order, I shall be glad to pass your application if you will cause it to be amended by deducting from the total amount \$13,997.91, the sum authorized in favour of stable-guard Houghton—\$204.74.

Of course the gratuity in favour of I. Houghton may be dealt with as a separate item later on.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, June 28, 1899.

SIR,—I am directed by the Minister of Justice to request that you will be good enough to submit to the Hon. the Treasury Board, for its decision, the following, viz. :—

By an Order in Council, dated the 10th ultimo, authority is given for the payment of gratuities to several officers of the Kingston Penitentiary upon their retirement from the service, one of which is stable guard I. Houghton.

The Auditor General to whom application was duly made for a credit to pay the gratuities in question, has declined to include the gratuity (\$204.74) to guard Houghton for the reason that he is called a "stable guard."

The Auditor General claims that a "stable guard" is not entitled to a gratuity under the Penitentiary Act, there being no officer provided for by that name in the schedule attached to the Act.

The position taken by this department is that Houghton was a guard within the meaning of the schedule, although he was called a "stable guard," because certain industrial duties were assigned to him in addition to his being held responsible for the custody of convicts in his charge.

The Minister of Justice is clearly of opinion that Houghton is entitled to the gratuity authorized by the Order in Council above referred to.

I attach hereto for the information of the Treasury Board copies of all correspondence between the Auditor General and this department in the matter, and am further directed to say that the Minister of Justice will be glad to have an early decision on the question.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

TREASURY BOARD, OTTAWA, June 30, 1899.

SIR,—I have the honour to inclose herewith a letter dated 28th instant, and its inclosures, from the Deputy Minister of Justice appealing from your decision in the matter of the payment of the retiring gratuity, \$204.74, to stable guard I. Houghton of the Kingston Penitentiary, authorized by Order in Council of 10th May, 1899.

I have to request that you will be good enough to let me know for the information of the Treasury Board what your objections are to passing the payment of the gratuity named, and also the ground for such objections, as well as the section and clause of the Audit Act upon which such objections are based.

I shall also be glad to have any remarks you may wish to make concerning the case.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Secretary, T.B.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, August 10, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th June, inclosing certain correspondence between the Department of Justice and this office with reference to a retiring gratuity in favour of stable guard Houghton of the Kingston Penitentiary, authorized by Order in Council of May 10, 1899, and which has been referred to the Treasury Board.

As will be seen from the correspondence, I have taken objection to the payment of this gratuity on the ground that a stable guard is not an officer of the penitentiary within the meaning of the Penitentiary Act. As I read the statute there are no subdivisions of the classification "guard" in so far as its statutory significance is concerned; and the designation stable guard is, therefore, a new heading created not by statute, but by the will of the department. If there are other subdivisions of this classification recognized at the penitentiary for disciplinary purposes, I have only to say that I do not know of a single instance in which such subdivision has been used on the pay-list, or in any application to this office in which it was necessary to indicate the schedule standing of the officer concerned.

In the Order in Council of May 10, 1899, authorising the payment of gratuities to several officers of the Kingston Penitentiary, officers Newman, Walsh, Spence and Woods are described merely as guards, while officer Houghton is described as stable guard. Why this distinction if all are guards on the same footing so far as their statutory privileges are concerned?

My objection is taken under section 32, subsections (a) and (c) of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

To the Hon. the Treasury Board.

The undersigned have the honour to submit that on the 3rd May, 1899, the Treasury Board, on the report of the Minister of Justice, recommended the granting of a retiring gratuity to Mr. I. Houghton, of the Kingston Penitentiary, who was designated as a stable guard. The recommendation of the Board was on the 10th May, 1899, adopted by Council.

The Auditor General contends that there are no subdivisions of the classification "guard" in so far as its statutory significance is concerned, and that the designation "stable guard" is, therefore, a new heading, created, not by statute, but by the will of the department, and that whilst other officers receive payment of gratuities as "guards," officer Houghton is described as a "stable guard." The Auditor General raises the query: "Why this distinction if all are guards on the same footing so far as their statutory privileges are concerned?"

In short the Auditor General contends that a "stable guard" is not an officer of the penitentiary within the meaning of the Penitentiary Act, and takes exception to the payment of the gratuity to officer Houghton basing his objection thereto under subsections (a) and (c) of the Audit Act.

This report is submitted in accordance with the said subsection (c) of the Audit Act.

Respectfully submitted,

J. L. McDOUGALL, A.G.
J. M. COURTNEY, D.M.F.

DEPT. OF JUSTICE, OTTAWA, August 14, 1899.

SIR,—Referring to your letter of 12th instant, with regard to the Auditor General's objection to the payment of the retiring gratuity of \$204.74, authorized by Order in Council of 10th May last to be paid to stable guard I. Houghton, of Kingston Penitentiary, I am directed by the Attorney General to state that, in his opinion, this amount is justly due and payable and authorized by the Act 50-51 Vic., chap. 52, section 4. The fact that Houghton, as a matter of convenience, has been styled "stable guard," does not, in the opinion of the Attorney General, in anywise diminish the rights or privileges to which as a guard he is by law entitled. Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, August 15, 1899.—The Board had under consideration an appeal from the decision of the Auditor General refusing to sanction the payment of a retiring gratuity to stable guard I. Houghton, of the Kingston Penitentiary, authorized by Order in Council of 10th May, 1899.

The Auditor General takes objection to the payment in question on the ground that a stable guard is not an officer of the penitentiary within the meaning of the Penitentiary Act, his objection being taken under section 32, subsections (a) and (c) of the Consolidated Revenue and Audit Act.

The Auditor General contends that there are no subdivisions of the classification "guard" in so far as its statutory significance is concerned, and that the designation "stable guard" is, therefore, a new heading, created, not by statute, but by the will of the department.

The Board had also under consideration a letter from the Deputy Minister of Justice, dated 14th August, 1899, in which he states as follows:—"Referring to your letter of 12th instant with regard to the Auditor General's objection to the payment of the retiring gratuity of \$204.74 authorized by Order in Council of 10th May last to be paid to stable guard I. Houghton, of Kingston Penitentiary, I am directed by the Attorney General to state that, in his opinion, this amount is justly due and payable, and authorized by the Act 50-51 Vic., chapter 52, section 4. The fact that Houghton, as a matter of convenience, has been styled 'stable guard' does not, in the opinion of the Attorney General, in anywise diminish the rights or privileges to which as a guard he is by law entitled."

The Board in view of the opinion of the Minister of Justice as above set forth, are of opinion that the objection of the Auditor General is not well taken, and should be overruled, and they, therefore, direct that payment of the gratuity to stable guard I. Houghton be made as authorized by Order in Council of 10th May, 1899.

CASES BEFORE THE TREASURY BOARD UPON WHICH DECISIONS HAVE NOT BEEN RECEIVED.

The Warden of Manitoba Penitentiary allowed for Medical Attendance at Ottawa.

(For correspondence with the Justice Department on this subject, see pages I-47 to I-49 of this report.)

DEPT. OF JUSTICE, OTTAWA, NOV. 10, 1899.

SIR,—I am directed by the Minister of Justice to inclose, herewith, for the consideration and decision of the Treasury Board, copies of correspondence between this department and the Auditor General, having reference to an objection taken by the Auditor General to refund the Bank of Montreal the sum of \$16.40 paid by the Warden of Manitoba Penitentiary to himself from the contingent funds of that institution, for medical services while in Ottawa on penitentiary business.

I am, sir, your obedient servant,

The Secretary of Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

TREASURY BOARD, OTTAWA, NOV. 11, 1899.

SIR,—I have the honour to inclose, herewith, Treasury Board file No. 25443, being an appeal from the Department of Justice against your objection to the passing of an account for the sum of \$16.40 paid by the Warden of the Manitoba Penitentiary, to himself, from the contingent funds of that institution for medical services while in Ottawa on penitentiary business, and I have to request that you will be good enough to let me know, for the information of the Treasury Board, what your objections are to passing the account in question, and also the grounds for such objection, as well as the section and clause of the Audit Act under which the objection is taken.

I shall also be glad to have any remarks you have to offer in reference to the matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, DEC. 18, 1899.

SIR,—I have your letter of the 11th November, inclosing correspondence between the Department of Justice and this office in connection with a payment made by the Warden of the Manitoba Penitentiary, to himself, for medical attendance while in Ottawa on penitentiary business.

The discussion of this claim has become somewhat complicated, but quite unreasonably so by the fact that, while the warden is at the penitentiary he can get medical assistance from the surgeon of the institution when he needs such assistance. The Department of Justice appears to be of opinion that this privilege, enjoyed while he is at the penitentiary, in some way gives to the warden a right when he is absent from the penitentiary and requires the attendance of a physician, to be reimbursed for the expenses in that connection, although another civil servant would have no such right. The granting to the warden, the services of another official when that costs the country nothing, is made the ground of the warden getting other service when it is at the expense of the country.

To have denied the warden and other officials the benefit of the surgeon's services, when the surgeon had a fixed salary and time at his disposal, would have indicated a want of interest on the part of the Government in its servants. On the other hand, the drawing of the conclusion that, as a consequence of this advantage accruing to its servants, the Government should grant similar services when payment for the services must come out of the public exchequer appears to me entirely illogical. If the warden of a penitentiary is to get this service at the expense of the country, the conclusion seems clear that all other servants, when they travel and happen to become ill, must have the fees for medical attendance in their cases also paid from Government funds.

There is nothing more disheartening to a person in my position than to attempt to withhold from officials in departments generally what is allowed to a particular official or to the officials of one department. It is quite manifest that a Minister cannot know what the rule is with reference to each class of expenditure, but it is advisable at this advanced state of Canada's progress that there should be general rules to be followed,

SESSIONAL PAPER No. 1

and it should be left to certain officials to see that they are carried out. When a Minister thinks it advisable to send an official from his headquarters to perform any public service, the Minister ought to be glad to be relieved of the duty of making a special rule for the repayment of the travelling expenses. In the long run this part of the business will be better done if it is transacted by those whose experience has been much in that part of official duties.

If a civil servant who is travelling meets with an accident directly traceable to the performance of his public duties, and for which no other person is responsible, his expenses are paid, but if we go further there would be no end to the accounts for medical attendance which must be paid.

My objections in this case come under Sec. 32, sub-secs. (a) and (c) of the Audit Act, and are taken on the grounds that the payment is illegal.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Dec. 20, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, inclosing Treasury Board file No. 25443, being the papers upon the appeal to the Treasury Board from the Auditor General as to passing an account for \$16.40 paid by the Warden of the Manitoba Penitentiary for medical services while in Ottawa on penitentiary business. The file of correspondence which you inclose sets forth the particulars and circumstances with reference to the payment, and I am to state that the Attorney General is of opinion that the expenditure was legally incurred, and that it was authorized by the Penitentiary Act and the Appropriation Act, which together constitute parliamentary authority therefor.

Papers returned.

I am, sir, your obedient servant,

The Secretary of Treasury Board.

E. L. NEWCOMBE, D.M.J.

Report to Treasury Board:—The undersigned have the honour to report that among the cheques drawn against the Manitoba Penitentiary contingent credit for the month of April, 1899, was one for \$16.40, being amount paid by the warden of the said penitentiary for medical attendance and medicine, Ottawa.

The Auditor General asked the Department of Justice for the authority under which this charge was allowed, and on the 23rd May, 1899, the Deputy Minister of Justice, in reply, informed him that the warden of the penitentiary had been summoned to Ottawa by the Minister of Justice on matters relating to the institution, and that while in Ottawa he contracted a severe cold and was laid up at the Russell House for several days—that the warden is allowed free medical attendance while at the penitentiary, and in this case he contracted the illness while on the business of the penitentiary, and the Minister of Justice considered it fair that the charge should fall upon the appropriation for the penitentiary.

In reply to the Deputy Minister of Justice, the Auditor General on the 30th May, 1899, stated as follows:—

“With reference to your letter of the 23rd instant, in which you state respecting the claim of the Warden of Manitoba Penitentiary for a refund of \$16.40 paid by him for medical attendance at Ottawa, that the ‘warden is allowed free medical attendance while at the penitentiary,’ I beg to say that I cannot find either in the Penitentiary Act or the Penitentiary Regulations, the necessary authority for this privilege.

“I know that in the enumeration of the surgeon’s duties, in the Penitentiary Regulations, it is required of him to attend the officers and employees of the prison free of charge, but this direction to the prison surgeon is not, I take it, equivalent to free medical attendance in the sense conveyed in your letter.

“It seems to me that the privilege accorded penitentiary officers in regard to duty assigned by the Governor in Council to the prison surgeon does not give them any more claim on the Government for the payment of their doctors’ bills than any other permanent employee in the public service.”

The Auditor General in his letter of 28th June, 1899, contends that the amount in question should be considered as cash in the warden’s possession; and in a further letter of September 26, from the Auditor General, it is pointed out to the Deputy Minister of Justice that no refund of the said amount has been made.

The Deputy Minister of Justice in a letter dated 24th October, 1899, informed the Auditor General that it was not the intention of the Minister of Justice to ask the warden to refund the amount, as in his opinion it is a proper charge against the penitentiary, and

the whole correspondence in the case was referred by the Department of Justice to the Treasury Board under the Consolidated Revenue and Audit Act.

It appears from a letter of 18th December, 1899, in which the Auditor General sets forth at length the position taken by him, that his objections are taken in this case under Section 32, sub-sections "a" and "c" of the Audit Act, and are taken on the grounds that the payment is illegal, and that the money is not justly due.

In consequence of the objection having been taken under said sub-section "a" that there is no parliamentary authority for the payment, the papers in the case were referred to the Deputy Minister of Justice, who reports that the Attorney General is of opinion that the expenditure was legally incurred, and that it was authorized by the Penitentiary Act and the Appropriation Act, which together constitute parliamentary authority therefor.

As the objection is also taken by the Auditor General under sub-section "c" of the Audit Act, this report is submitted in accordance therewith.

Respectfully submitted,

J. L. McDOUGALL, A.G.
J. M. COURTNEY, D.M.F.

AUDIT OFFICE, Jan. 31, 1900.

Travelling Allowance of \$6 a day to Superior Court Judges, B.C., in addition to expenses.

AUDIT OFFICE, OTTAWA, April 3, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 25th instant, asking that \$586.95 be placed to the credit of Mr. Justice Walkem, in the Bank of British Columbia, Victoria, and that the amount be charged against the vote for Circuit Allowances, British Columbia.

The account sent me in support of your application, the amount of which is to cover travelling expenses incurred between October 1 and December 6, 1898, does not give a detailed statement of the items making the total claimed for travelling expenses and hotel accommodation, \$334.95, and in view of this omission I cannot see my way to certifying to the payment of the amount asked for.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, April 4, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, by which you acknowledge the receipt of mine of the 25th ultimo, asking that \$586.95 should be placed to the credit of Mr. Justice Walkem, of British Columbia, by telegraph, and that the amount should be charged against the vote for Circuit Allowances, British Columbia.

You state that the account sent in support of the application which is for travelling expenses incurred between 1st October and 6th December, 1898, does not give a detailed statement of the items making the total claimed for travelling expenses and hotel accommodation, \$334.95, and that in view of that omission you cannot see your way to certifying to the payment of the amount asked for.

I have the honour to call your attention to the fact that on 5th October, 1896, you raised a similar question, and that Mr. Power, Acting Deputy Minister of Justice, replied on 24th November, 1896, stating the reasons why particulars should not in ordinary cases be required.

You did not reply to Mr. Power's letter, and the practice which had all along been followed of obtaining payment upon such statements as the one now in question has continued to prevail. I would have thought the present occasion somewhat inopportune for withholding payment upon such a ground, because the judges have, as is well known, never been required to furnish particulars, and Mr. Justice Walkem was about to start on a long circuit and had sent in his account in the usual way and asked for a credit by telegraph. I made the application accordingly, and ten days afterwards I am told that payment is refused upon an objection which I supposed was disposed of more than two years ago.

I am sending the papers to the Treasury Board.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, Oct. 5, 1896.

SIR,—I beg to call your attention to the accounts for travelling expenses rendered by the judges of Manitoba, North-west Territories and British Columbia, and to point out that the amounts charged for actual moving expenses are not given in detail.

It seems to me that under the Order in Council authorizing the payment of these expenses, a detailed account of the services in question should be given in the same manner as rendered by other officers of the Government travelling on public business.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Nov. 24, 1896.

SIR,—I have the honour to acknowledge receipt of your letter of the 5th ultimo, in which you point out that the judges of Manitoba, British Columbia and the North-west Territories do not give the details of their actual moving expenses while on circuit.

In reply, I am to state that ever since the Orders in Council of 3rd April, 1877, and 2nd July, 1878, it has been the practice to accept from these judges accounts, certified by themselves to be correct, in which the total amount of their moving expenses is stated without details; that this practice sufficiently shows the intention of the Orders in Council as understood on all hands from the first; that independently of this conclusive consideration the forms referred to in the Orders in Council indicate such to have been the intention of the orders. The Minister is of the opinion, however, that if in any case the amount claimed seems excessive, it will be proper to ask for explanations or details.

I am, sir, your obedient servant,

The Auditor General.

A. POWER, *Acting D.M.J.*

DEPT. OF JUSTICE, OTTAWA, April 4, 1899.

SIR,—I inclose, herewith, copy of my application to the Auditor General, dated 25th ultimo, for payment to Mr. Justice Walkem of \$586.95 for British Columbia circuit allowances; also copies of subsequent correspondence upon which you will observe that the Auditor declines to authorize payment because Mr. Justice Walkem's account does not give a detailed statement of his travelling expenses. I also inclose copy of a letter from the Auditor General, dated 5th October, 1896, wherein he first raised a similar point, and copy of Mr. Power's letter of the 24th November, 1896, from which you will observe that previously to that date we had not required judges to furnish details, and that the Minister did not consider it expedient to do so. I may inform you also that the same practice has ever since prevailed, and that this is the first occasion upon which the objection has been renewed or considered by the Auditor sufficiently serious to justify his withholding payment.

The matter is somewhat urgent as the judge had expected a remittance by telegraph. I submit the case to the jurisdiction of the Treasury Board.

I am, sir, your obedient servant,

The Secretary of Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, April 10, 1899.

SIR,—I have your letter of the 4th instant, in reply to mine of the previous day, on your application for a payment of \$586.95.

I note your surprise that I should not have answered the letter of the Acting Deputy Minister of Justice of the 24th November, 1896, on the same subject while I bring up the question anew.

The reason I did not pursue the discussion at the time was that I then learned from the Minister of Justice that the unsatisfactory nature of payments of the kind was admitted, and that a change was to be shortly made.

I have not since taken up the question, because my attention was not called to it, until your franked telegram to make the money immediately available in British Columbia came in.

I certainly cannot see the slightest reason why a judge, like every other public servant, should not give a full account of his expenses. Why he should get six dollars or any other sum additional to his actual expenses is still more extraordinary.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, April 7, 1899.

SIR,—I have the honour to inclose, herewith, Treasury Board file No. 24554, received from the Department of Justice in reference to the payment to Mr. Justice Walkem, of \$586.95 for British Columbia circuit allowances, which payment you decline to authorize. The case has been submitted to the jurisdiction of the Treasury Board, and I have therefore to request that you will be good enough to advise me, for the information of the Board, as to the nature and ground of your objections to the payment in question, and also to inform me under what section and clause of the Audit Act the objections are taken.

I shall be glad to be informed on these points at your earliest convenience, and also to receive any remarks you may desire to make regarding the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, April 13, 1899.

SIR,—In view of the circumstances stated in my last letter, I would not consider that your letter of the 10th instant calls for a reply were it not for the reason which you assign for not having answered Mr. Power's letter of the 24th November, 1896.

You state that "the reason why you did not pursue the discussion at the time was, that you then learned from the Minister of Justice that the unsatisfactory nature of payments of the kind was admitted, and that a change was to be shortly made.

If I am to assume that you derived this information from Mr. Power's letter, which, as shown on its face, states the opinion of the Minister, I am quite satisfied that those whose duty it may be should judge as to whether you have correctly interpreted the correspondence; or if, on the other hand, you refer to a conversation which you had with the Minister, I shall also be content with the opinion which any reasonable person may form as to whether your recollection can be correct, in view of the fact that the letter signed by Mr. Power was written at the time by the Minister himself and handed out as his decision for departmental guidance. These would not be points of much importance if you had not stated or implied the principle, as I understand your letter to do, that you are entitled in a case of this kind to allege a conversation between you and the Minister of Justice in which he stated a decision opposed to that which he had recorded departmentally. I cannot allow such a proposition to pass without serious protest. You have the Minister's written opinion communicated officially which you know is binding upon the department. You subsequently express no dissent from the continuance of the previous practice as sanctioned by the Minister's opinion. For a long time you acquiesce in that practice, as evidenced by many payments upon similar accounts, and then, the Minister having quitted office, you attempt to displace his written decision by your recollection of a conversation in which you say he admitted he was wrong. Ministers come and go, but the department goes on. A Minister's opinion is binding upon the department when communicated in the usual way, but to set up that the department is to be affected by any man's recollection of a conversation two and a half years old with a Minister who is out of office, and as to a statement which is said to be the exact opposite of the Minister's opinion, recorded by him at the same time, is to propound a theory, the practice of which would be subversive to any certainty or continuity of regulation in the despatch of public business, and which would lead to confusion and much waste of time.

I am, sir, your obedient servant,

The Secretary of Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, April 21, 1899.

SIR,—Until a decision has been come to with reference to the points in discussion regarding the travelling expenses of judges in British Columbia, Manitoba and the Northwest Territories, will you be good enough not to make any payments out of your credits for such purpose?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, April 21, 1899.

SIR,—Referring to my appeal to the Treasury Board from the refusal of the Auditor General to issue a credit in payment of Mr. Justice Walkem's claim for travelling expenses in British Columbia, I have now the honour to inclose copy of additional correspondence which has taken place with the Auditor General. You will observe that the

SESSIONAL PAPER No. 1

Auditor General now requests us to withhold all payments until the decision of the Treasury Board, and as these accounts are coming in frequently, and the judges have been in the habit of being paid promptly, it is desirable that the matter should be settled as soon as possible.

I am, sir, your obedient servant,

The Secretary of Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

TREASURY BOARD, OTTAWA, April 22, 1899.

SIR,—Referring to my letter of 7th instant, inclosing papers in reference to your refusal to issue a credit in payment of Mr. Justice Walkem's claim for travelling expenses in British Columbia, I have now the honour to inclose herewith a further letter (and its inclosures) from the Deputy Minister of Justice in reference to the subject. You will notice that the Deputy Minister of Justice states that it is desirable that the matter should be settled as soon as possible. Would you be good enough, therefore, to let me have, as soon as convenient, a reply to my letter of 7th instant. Kindly return the inclosed.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, April 25, 1899.

SIR,—In reply to your letter of the 22nd instant, regarding the appeal to the Treasury Board from my view on the payment of Mr. Justice Walkem's claim for travelling expenses in British Columbia, I have the honour to state that I think it expedient not to have the matter brought before the Board until the correspondence which has been going on between the Department of Justice and myself proceeds somewhat further.

I have unfortunately been so much engaged in various matters that I have not found time to reply to a late letter from the Deputy Minister of Justice.

As soon as I can do so I shall write to him.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDUGALL, *A.G.*

TREASURY BOARD, OTTAWA, April 28, 1899.

SIR,—Referring to previous correspondence, I have the honour to inclose, herewith, a further letter from the Deputy Minister of Justice, dated 27th instant, in reference to the appeal to the Board with respect to the British Columbia circuit allowances.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, April 27, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th instant, inclosing a copy of a letter, which you have received from the Auditor General, requesting delay in submitting to the Treasury Board the appeal with respect to British Columbia circuit allowances, because he has not found time to write me a letter which he says he proposes to write.

In reply, I may say that I trust you will not consider this a sufficient reason for withholding the matter from the Treasury Board, as in the meantime all the payments for travelling allowances in British Columbia have virtually been stopped by the Auditor General, and as the judges there are called upon to make large disbursements for their travelling, it is not reasonable that they should be kept out of the money, nor can they, considering the salaries which they receive, afford to wait.

I am, sir, your obedient servant,

The Secretary of Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF JUSTICE, OTTAWA, May 1, 1899.

SIR,—I have been endeavouring to expedite the hearing of my appeal to the Treasury Board with regard to the circuit allowances of the western judges, especially since your letter of the 21st ultimo, where you ask me, pending the decision, not to make any further

63 VICTORIA, A. 1900

payments. I am informed, however, that you have not made the statutory report for the Treasury Board, and that you have written the Secretary stating that you require further time to complete the correspondence.

As I consider it a great pity that these judges should be kept out of their disbursements for any time, and as more than a month has already elapsed since my application, I sincerely hope that you will not longer delay the submission.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, May 4, 1899.

SIR,—I have your letter of the 28th ultimo, inclosing one from the Deputy Minister of Justice regarding the appeal to the Treasury Board on the British Columbia circuit allowances.

Mr. Newcombe forgets that, although I have requested him not to pay the accounts of this nature from his credit, I at once complied with his wish that Mr. Justice Walken should have a payment to meet his requirements directly through the Receiver General's account. The Deputy Minister of Justice has not applied for payment to any other judge with similar accounts. If he should do so I shall be glad to pass any application which seems reasonable.

As I explained to you before, I have been very much occupied of late with various matters, and there seemd no special reason for particular haste in this business.

Then, owing to the practice of the Treasury Board of going no further in cases of appeal than to look at the opinion of the Department of Justice and give a decision accordingly, it is especially necessary from my standpoint, when I have come to the conclusion that the overruling of the Auditor General would cause an injustice to the people of Canada, to make all the effort possible to prevent the overruling.

It is most important that I should convince the Department of Justice that I am in the right when I contend that it cannot possibly be just to treat a judge so differently from ordinary mortals, who also eat and sleep, as to allow him for his living expenses, not what he shows by a detailed account that he has spent, but what he claims as having spent (details being beneath his notice) with six dollars a day besides during the whole time that he is out. If I do not, the department makes its appeal, is subsequently asked with due solemnity for its opinion on the subject, gives it in its own favour of course, and my opinion is not even looked at.

Whether my opinion as an individual is good or not, I think it should be at least as good as that of the Department of Justice on the limited range of subjects, legally speaking, dealt with by the Board, and in which I am concerned. Remember I have been engaged almost exclusively on just that class of subjects for over twenty years. Then with all respect, I contend that the Board was never constituted as it is, without the expectation that it would fully consider what is expedient in the public interest to do, when it may legally do a thing which it is not obliged to do. If it was expected to act only to the limited extent which it now does, why was not the Audit Office made a branch of the Department of Justice, thus saving six important Ministers, with responsibilities so serious and so many, from calls on their time for acts of pure formality?

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDUGALL, *A.G.*

TREASURY BOARD, OTTAWA, May 5, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th instant, in regard to the appeal to the Treasury Board in the British Columbia circuit allowances in reply to my letter of the 28th ultimo. Your letter will be presented to the Board with the other papers in the case. In the meantime, as the department is pressing the appeal and we are waiting for your reply to my letters to complete the papers, I shall be glad to hear from you at your very earliest convenience as to the nature of your objections and the section of the Audit Act under which they are taken.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 9, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 13th ultimo, regarding the travelling allowances of the British Columbia Superior Court judges.

If you read my letter to which yours was a reply, you will see that there was not the slightest reason for supposing that I intimated any intention of urging the conversa-

SESSIONAL PAPER No. 1

tion which I had with Sir Oliver Mowat as supporting my objection to the continuance of the practice of paying the judges named, not only their stated gross moving and living expenses without details, but six dollars a day besides.

In your letter of the 4th ultimo, you say: "You did not reply to Mr. Power's letter and the practice which had all along been followed of obtaining payment upon such statements as the one now in question has continued to prevail." In my letter of the 10th, in reply, I plainly deal with that sentence, and nothing else, when I say: "the reason I did not pursue the discussion at the time was, that I then learned from the Minister of Justice that the unsatisfactory nature of payments of the kind was admitted, and that a change was to be shortly made. I have not since taken up the question, because my attention was not called to it, until your franked telegram to make the money immediately available in British Columbia, came in."

Ordinarily I, individually, do not see payments under credits except in bulk as they appear in your monthly statement of cheques drawn, sent to me. The details, therefore, usually come under my notice only when my attention is specially called to them.

You thought it peculiar that the correspondence should have suddenly dropped over two years ago, and should now be revived. You ask yourself why should it have stopped then unless I was convinced that your original system was a creation which should live forever. On the other hand you may ask, why should I revive the subject now if I felt crushed by your departmental letter of the 24th of November, 1896. If you look at that letter and find that it is not innocent of argument in support of your system, you will give it the same kind of attention that you did my letter of the 10th ultimo.

You will see that, although the Minister differed from me on the only point then raised by me—that the allowances were not supported by the Order in Council—there was no indication that he approved generally of the payments. Although I need not go into the question, it is manifest that his last sentence, which was not needed to meet anything urged by me, shows that he thought the system was not satisfactory, and, therefore, supports the alleged conversation.

Do I require the support of the ex-Minister of Justice or any one else, when I contend that the services of the Superior Court judges of British Columbia being fully paid for by their salaries, the allowances which have been made to them for travelling expenses are unjust to the taxpayers of the country, who have to foot the bills. These judges have moving and living expenses. Their living and moving expenses as stated by themselves, are returned to them without their being restricted by details, and they get \$6 a day besides. For what do they get the \$6 a day besides? I do not know, but would like to know.

There are County Court judges in British Columbia. They are in practically the same rank as the Superior Court judges, and travel under the same conditions. The County Court judges do not get anything for their living expenses, except an allowance of five dollars a day. They, no doubt, spend about as much when they are in hotels as the Superior Court judges, yet they must meet hotel and all other living expenses with five dollars a day, while the Superior Court judges, for the same purpose, get the hotel and incidental charges, and, in addition, a dollar more than the County Court judges get altogether. If the County Court judges had returned to them by the Government less than what they spend, should we, or should we not, hear of it?

If we could find a person who would say that a Minister of Justice was heard to maintain that such a method of dealing with the question is satisfactory there might indeed be ground for reading him a long lecture, although there would be no justification for basing an insulting undercurrent in the lecture, on something that was not said.

The very fact that the Order in Council, on which these allowances are based, was passed more than twenty years ago is a reason for altering the allowances. Everything connected with living and moving accommodation has changed so much in the interval that there is likelihood that the members of Council in 1878 would not have sanctioned the allowances under the circumstances of to-day.

When dealing with the objections raised by me to allowances for travelling expenses to Messrs. Burbidge and Courtney, of \$10 a day, in 1886, Mr. Courtney, in showing large allowances, wrote as follows:—See Auditor General's Report of 1886, page VIII.

"For example, under an Order in Council passed July 2, 1878, the British Columbia judges are paid not only their actual, necessary and reasonable outlay for travelling and living accommodation, but \$6 a day in addition for each day they are necessarily absent from their places of abode on circuit, which would make their allowance for living expenses while away from home equal to, if not greater than, \$10 a day."

If the Audit Act means anything, it means that details of all expenditure should be furnished. It can scarcely be necessary to point out sections where this is shown to be the case. Some of them are 38, 42 and 44. What audit could there be without details? I have known men, intelligent in other respects, answer me when I sought particulars, with this statement: "I started with so much and found only so much in my pocket on

my return, and, therefore, the Government should reimburse me the difference." As they did not keep details they forgot any expenditure made for private purposes; but it would be impossible to make a journey of any extent and not find, if one were at all conscientious and had the details before him that some of the charges ought to be borne by himself. Are you informed that the Superior Court judges of British Columbia do not make use of this method of keeping their travelling expenses?

The law, being general in its application, cannot be said not to apply in a certain case, unless the exception be specially enacted.

Let me quote the decisions of the Comptroller of the Treasury, U.S., Vol. IV., page 271:

"In the expenditure of all public moneys it is the invariable rule to require that accounts shall be furnished, itemized as far as practicable, in order that the accounting officers may properly audit them. * * * * The law may permit the exercise of discretion in the use of public funds without dispensing with the usual requirements of an itemized account showing for what purposes the money has been expended." If such a regulation is conducive to economy and regularity in the United States, why not here?

Every time an exception is made in favour of any person or class of persons, it is rendered more difficult for those whose duty it is to apply the restrictions, to succeed in their endeavours. As long as the requirements are made applicable to all, every one cheerfully acquiesces in the application.

What man in his private business, would allow his employees, who are constantly on the road, to be paid all that they say they expend and six dollars a day besides, they having received independently all that their services were supposed to be worth? He would be considered insane if he acted on such a principle. What are our employers but an aggregation of different private individuals? We have no chance of doing our duty unless we have this truth constantly before our minds.

I would ask you to read this quotation at page VII. of the Auditor General's Report of 1886:

"I can suppose that, for an important service, on which the welfare of the country is closely dependent, it may be advisable to spend much more than the sum charged by Messrs. Courtney and Burbidge, and, therefore, I do not argue that the hands of the Government are tied in any respect in that direction; but, on the other hand, it seems to be equally clear, that there is no inherent authority in the Government to allow any more than what is actually spent, and for the purpose of the Government."

"I find that this is the view taken in the United States. See Lawrence, First Comptroller's Report, 1880, Vol. 1, page 322, which reads as follows:—

"The head of a department may limit the allowance for expenses, but cannot in general fix a sum, as and for, expenses to be allowed, in cases where they do not in fact reach the limit fixed. If he could, he would virtually have the power to give additional compensation to the extent in which the sum paid would exceed the actual expenses incurred. By the terms of section 2077 of the Revised Statutes, persons who are required in the performance of their duties, under chapter 1 of the Title of the Statutes, relating to the Indians, to travel from one place to another, may be allowed either their actual expenses or a reasonable sum in lieu thereof, with an exception not material to our present purpose. The circumstance that Congress has specially authorized in this case, the allowance of a reasonable sum in lieu of actual expenses, is sufficient evidence that there is no general authority to do so."

"(See also Revised Statutes, 4017) and page B-92 of the Auditor General's Report of 1890:

"With reference to the Auditor General's opinion that the payment would be illegal under any circumstances, I beg leave to say that, while such a remark would be correct in respect to any payment calculated to increase the salary or remuneration of any deputy head, officer or employee in the civil service, it cannot apply to a payment designed to reimburse a public servant for necessary and proper expenditure incurred while travelling on the public service. (Signed) Robert Sedgewick, Deputy Minister of Justice."

Can any one contend that this allowance is not calculated to increase the salaries of the British Columbia Superior Court judges by at least the \$6 a day, when they are travelling?

What is working against the department to prevent its paying in the nominal salary the full value of the services? The people can be trusted to deal fairly with all classes of their servants if the Government and Parliament are only above board with them and show clearly the purposes for which every dollar is used.

You say: "A Minister's opinion is binding upon the department when communicated in the usual way, but, &c." I do not agree with you as applied in this case. Sir Oliver Mowat's opinion, if it had been written and if it had ever gone into particulars, would not be binding on your department now—he having ceased to be the Minister of Justice.

SESSIONAL PAPER No. 1

When I cease to be the Auditor General, I do not expect that my successor will consider himself bound by all the views which I have on the control of expenditure, particularly if he should agree with the view that it is legitimate to allow certain public servants \$6 a day for nothing.

Let me make it quite clear that, whether I failed in my duty in endeavouring to prevent illegal expenditure of a particular kind one time or fifty times, whether I did it during one year or twenty years, my right to be heard is not in any way affected when I become alive to my duty. Of course I admit that I am censurable, not to the same extent as you are, because it is the special duty of the department to watch all parts of its own business, but still censurable. However, we have both to look at the question on its merits and ask for lenient treatment for our past neglects as an entirely separate question.

I am not differing with you now as to the interpretation of the Order in Council. I am contending that the Order in Council is not reasonable as it stands, and is *ultra vires*.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 12, 1899.

SIR,—I have your letter of the 5th instant, regarding circuit allowances to the British Columbia judges. Since I received it I have sent Mr. Newcombe a letter on the subject, which will be my statement of the case, unless I have occasion to make further remarks on any answer which may be sent me by the Deputy Minister of Justice.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, May 22, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 9th instant.

While there are several of your observations which suggest comment, I shall content myself with one or two remarks, because I do not wish to add anything unnecessarily to the correspondence, already I think, unduly prolonged, and, as the judges are meantime waiting for their disbursements, I particularly wish to avoid anything which might result in further delaying the object of my reference to the Treasury Board.

First, let me assure you that my letter was not intended to give any offence. I regret very much that you should interpret it otherwise.

As to the merits, your first objection was that under the Order in Council authorizing the payment of these expenses a detailed account should have been given. The question was, therefore, one of construction solely. You conclude your present letter by saying that "I am not differing with you now as to the interpretation of the Order in Council. I am contending that the Order in Council is not reasonable as it stands, and is *ultra vires*."

You say that I am censurable for these payments, and that you are less so, and that we must both ask for lenient treatment. I deny that I am censurable. I never had any doubt as to the construction of the Order in Council, and you say that you do not now differ with me about it. I never doubted the authority of the Governor in Council. The Order in Council being *intra vires*, it never occurred to me that I could disregard it as unreasonable. You have now for the first time informed me that you hold a different view on both points, but giving all due weight to your reasons and opinion, I still differ with you as to what was my duty in the circumstances. I have, therefore, acted consistently under an Order in Council which I have never had any reason to suppose was *ultra vires* upon a construction which is not disputed. I, therefore, cannot be censured. I am not, of course, concerned in your case, but I may remark that it differs from mine in this that you appear to have taken your part and responsibility in allowing these payments, holding views quite the opposite of mine as to the effect and character of the Order in Council upon which we were proceeding.

I am, sir, your obedient servant,

The Auditor General.

63 VICTORIA, A. 1900

DEPT. OF JUSTICE, OTTAWA, June 9, 1899.

SIR,—I have the honour to inclose, herewith, a copy of the correspondence which has taken place between the Auditor General and myself with regard to British Columbia circuit allowances since the 21st of April last. I have a number of judge's accounts before me which ought to be paid, but which are necessarily held over owing to the refusal of the Auditor General to issue credits. I am sure you will agree with me that the delay in these payments is not creditable to the administration of affairs, and I hope that you will insist upon the Auditor General making his submission without further delay so that the Treasury Board may dispose of the matter.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

E. L. NEWCOMBE, *D.M.J.*

TREASURY BOARD, OTTAWA, June 16, 1899.

MY DEAR SIR,—I have received a letter from the Deputy Minister of Justice, under date of 9th instant, inclosing copies of correspondence between yourself and the Justice Department which need not be referred to here as no doubt you have them on your files, but as you will see from the letter of the Deputy Minister of Justice, a copy of which I inclose, he states that there is a number of judges' accounts which ought to be paid. I have to request that you will be good enough to send me, at your very earliest convenience, your reply to my letter of the 7th April last so that I may have the matter in train for the decision of the Treasury Board at the earliest practical date.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, June 28, 1899.

SIR,—In connection with the application of the Department of Justice to the Board arising from my objection to the payment to British Columbia Superior Court judges for living expenses, of their actual living expenses as stated in bulk by themselves, with \$6 a day besides, under an Order in Council of the 2nd July, 1878, I have withdrawn my objection so far as expenses already incurred are concerned. I leave the matter for future expenses to be considered by the help of the correspondence which has taken place. It appears to me that a reasonable way to terminate the difference would be to allow the judges a living allowance of \$5 a day, as in the case of the County Court judges of the same province, not in addition to living expenses, but in lieu of them.

I make my objection under Section 32 (c) of the Audit Act, "on the ground that the money is not justly due."

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

To the Hon. the Treasury Board:—The undersigned have the honour to report that on the 25th March, 1899, application to the Auditor General was made by the Deputy Minister of Justice for the placing of \$586.95 to the credit of Mr. Justice Walkem in the Bank of British Columbia, Victoria, the amount to be charged against the vote for Circuit Allowances, British Columbia.

As the account sent in support of this application, the amount of which was to cover travelling expenses incurred between October 1 and December 6, 1898, did not give a detailed statement of the items making the total claimed for travelling expenses and hotel accommodation, \$334.95, the Auditor General could not see his way to certifying to the payment of the amount asked for. The Department of Justice thereupon submitted the case to the jurisdiction of the Treasury Board and the matter was forwarded to the Auditor General in due course, he being asked for information as to his objection to the payment in question.

The Auditor General, after further correspondence with the Department of Justice, on the 28th June, 1899, returned the case to the Treasury Board, with the following remarks:—

"In connection with the application of the Department of Justice to the Board arising from my objection to the payment to British Columbia Superior Court judges for living expenses, of their actual living expenses as stated in bulk by themselves, with \$6

a day besides, under an Order in Council of the 2nd July, 1878, I have withdrawn my objection so far as expenses already incurred are concerned. I leave the matter for future expenses to be considered by the help of the correspondence which has taken place. It appears to me that a reasonable way to terminate the difference would be to allow the judges a living allowance of \$5 a day, as in the case of the County Court judges of the same province, not in addition to living expenses, but in lieu of them.

"I make my objection under Section 32 (c) of the Audit Act 'on the ground that the money is not justly due.'"

The Auditor General having objected under Section 32, sub-section (c) of the Consolidated Revenue and Audit Act "on the ground that the money is not justly due," this report is submitted in accordance with sub-section (c) of said section 32 of the said Act.

Attached hereto is a copy of the Order in Council of 2nd July, 1878.

Respectfully submitted,

J. L. McDOUGALL, A.G.

a. A permanent employee was superannuated shortly before the close of the year and his salary was not available for the temporary employee who replaced him. b. d. Travelling expenses were not as large as was expected. c. One clerk not paid at estimated salary and one clerk provided for not appointed. e. Over-expenditure caused by amount transferred from unforeseen expenses not being voted. f. On account of wrong division in vote printing and stationery accounts belonging to 1898-99 had to be paid from vote for 1899-00, while this balance for "sundries" was available. g. Saved by strict economy. h. This over-expenditure is greatly overbalanced by the savings in the other two subdivisions of contingencies of this Department.

These accounts have been examined under my direction and are correct.

(a) Apparently not needed as no accounts have been received. (b) Unused because the accounts were not at hand until the votes had lapsed. (c) Special expenditure during the year: (1) for extra services owing to illness of the assistant librarian and a messenger; (2) for an assistant in taking stock of the books of the library which had not been done for years; (3) for new fire insurance policies to run for three years; (4) a large increase in the stationery account. (d) No western circuit, consequently less travelling. (e) For want of material for publishing balance not used.

These accounts have been examined under my direction and are correct; subject to exceptions noted in the correspondence on pages I-44-49.

(a) A small deduction for mileage not fully run. (b) Full service not rendered; did not commence as early as usual in the spring, and the contract was at a less rate than formerly and for less than amount voted. (c) The amount unexpended is to a large extent by reason that amounts for services were not fully substantiated and consequently not paid before the vote lapsed; also by reason of the shifting of dates of sailings which cut short the amount otherwise payable during the fiscal year. (d) One trip short run. (e) Full services as per terms of contract were not rendered due to inability by reason of the "engineers' strike" in Great Britain to put on the line the full tonnage contracted for. Settlement made in proportion to tonnage actually employed. (f) Full accounts were not rendered before the vote lapsed, and a deduction for incomplete service by reason of an accident to steamer. (g) Service not fully run by contractors, which necessitated other arrangements for a portion of the season over a portion of the route which could not be paid out of the vote but was covered by an amount specially voted in 1899-00. (h) Only seven of the ten full round trips were run. (i) The service was not run. (j) The contract was entered into at a less rate than the previous one and for less than the amount voted. (k) No expenditure was incurred there being no service.

These accounts have been examined under my direction and are correct.

(a) The expenditure under these sub-heads could not be more closely estimated. (b) A number of school returns upon which salaries are paid were not received before the close of the year. (c) This amount represents the share allotted to the Indian School Fund which is now closed. d. The winter of 1898-99 having been severe, the appropriations were hardly able to bear the charges for Relief and Medical attendance. The salary of a constable in New Brunswick who has been employed for sometime was omitted from the estimates. e. Less seed grain than usual was allowed. f. No arrangement was made to carry out the expenditure under this vote.

a. Payments of annuities and gratuities under Treaty No. 8 were not as large as estimated. b. Vouchers for beef supplied in June not paid before the close of the year. c. Full number of pupils provided for not in attendance, buildings and repairs not fully completed. d. No closer estimates of expenditure under these heads could be made. e. The greater portion of this under-expenditure was occasioned by the number of pupils at the Mekakahtla school not being as great as was estimated. f. Superintendent and agents did not travel as much as was expected. g. No large expenditure for irrigation or for the suppression of the liquor traffic was made. h. The steamer *Vigilant* was hardly used as frequently as usual. i. The original vote not having sufficed to meet the expenditure a supplementary vote was obtained, but this was not large enough to meet the outlay absolutely necessary. j. No clear estimate of this expenditure could be made.

These accounts have been examined under my direction and are correct ; subject to exceptions noted in the correspondence on pages G—145-148.

(a) A large portion of this surplus was expended in 1899-1900 in connection with expenses incurred in previous fiscal year; the sum estimated for removal expenses was more than required. b. By a special clause in the Supply Bill the balance unexpended each year does not lapse. Carrying forward the balances of previous years accounts for the present surplus. (c.) The estimates were based on the number of patients treated in 1897-98, making allowance for the same ratio of increase in preceding years, but the same rate of increase did not take place.

* Under section 5 of the Supply Bill this amount is available for expenditure in 1899-1900

a. The Department was unable to make the reductions anticipated when the estimates were prepared. b. This saving was effected principally owing to retirements from the service. c. The class of payments made from this appropriation are so irregular it is impossible to make an accurate estimate. d. The requirements of the service in the Yukon were not known, and therefore the amount could only be conjectured. e. This vote is taken to cover any probable expenditure the exigencies of the service may require in connection with establishing new agencies or in negotiation of treaties. In this year such exigencies did not occur, hence the amount unexpended.

Overpayment in 1897-8 not yet Adjusted.

AUDIT OFFICE, OTTAWA, Dec. 28, 1899.

SIR,—Please let me know if a refund of the over-payment to L. C. Rodgers, for Jos. Jackson, the subject of the correspondence published in the report of this office for 1897-98, page B-64, has been obtained, and if not, what steps have been taken to recover the amount over-paid.

I am, sir, your obedient servant,

The Acting Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, Jan. 8, 1900.

SIR,—I have to acknowledge the receipt of your letter under date the 28th ultimo, requesting to be informed if the refund of the over-payment to L. C. Rodgers, for Joseph Jackson, in connection with the North-west Territories Exhibition, has been obtained, and if not, what steps have been taken to recover the amount over-paid.

I have spoken to the Minister on the subject, and he desires me to say that Mr. Scarth informed him, prior to leaving Canada, that he had been in correspondence on the subject, and was in hopes of having the amount refunded.

I am, sir, your obedient servant,

The Auditor General.

A. L. JARVIS, Acting D.M.A.

Travelling Expense Account not sufficiently Detailed.

AUDIT OFFICE, OTTAWA, July 24, 1899.

SIR,—Referring to voucher No. 15467, Paris Exhibition, I notice this charge in P. H. Gillmor's account :

Cabs, telegrams, &c., for 34 days..... \$17 00

Please instruct Mr. Gillmor to give his expense statements in detail, and in this case to furnish a statement of the items with amounts that make up the \$17.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, August 25, 1899.

SIR,—On receipt of your letter of the 24th ultimo, I handed it to the Acting Accountant for an explanation, and on my return from the west he handed to me a memorandum, dated 12th instant, which reads as follows :—

“In reference to the Auditor General's letter *re* the seventeen dollars (\$17) for cabs, telegrams, &c., paid to P. H. Gillmor, I may say that I called Mr. Gillmor's attention to this item, and he informed me that he did not keep any details, but he was positive that it amounted to more than the amount charged. He thought that fifty cents per day for thirty-four days was a fair charge, although it was not in accordance with the Auditor's wish. I have insisted upon his giving us every detail in his accounts, but as he is new, and hearing his explanation *re* this item, I allowed the same to pass.”

Under the circumstances I trust you will permit this item to pass.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

AUDIT OFFICE, OTTAWA, August 31, 1899.

SIR,—I am in receipt of your letter of the 25th instant, containing a memo. from the Acting Accountant with reference to the item of \$17 in the travelling expenses of P. H. Gillmor for which no details are given.

The Acting Accountant excuses Mr. Gillmor on the plea of inexperience. Evidently Mr. Gillmor was not properly instructed as to the provisions of the Order in Council governing such expenditure.

It would greatly simplify matters if, before the necessity for such expenditure occurs, the department should clearly explain to each employee that full details will be required.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

Increase of Salary cannot legally ante-date Order in Council granting it.

AUDIT OFFICE, OTTAWA, Dec. 18, 1899.

SIR,—I am in receipt of a copy of an Order in Council of December 12, 1899, granting an increase of pay from July 1, 1899, to F. W. Church, M.D., Grosse Isle Quarantine Station, and would point out that an increase of salary such as this can legally count only from the date of the Order in Council.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, Dec. 20, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 18th instant, pointing out that, in your opinion, the increase of pay granted to Dr. F. W. Church by Order in Council under date the 12th instant can legally count only from the date of the said Order in Council.

The Order in Council of the 29th July, 1871, provides : “That unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said order.”

The Order in Council of the 12th instant specially names the 1st July as the date from which the increase of salary is to take effect.

I am, sir, your obedient servant,

The Auditor General.

A. L. JARVIS, Acting D. M. A.

AUDIT OFFICE, OTTAWA, Dec. 22, 1899.

SIR,—I am in receipt of your letter of the 20th instant, relative to the increase of pay to Dr. Church, counting from a date prior to the date of the Order in Council providing such increase.

You quote the Order in Council of July 29, 1871, which provides : “that unless some other date is specially named in the Order in Council all such changes shall be held to

SESSIONAL PAPER No. 1

count from the first day of the month next succeeding the date of said order," as a reason for the increase of pay recommended, counting from a date prior to the date of the Order in Council under which it is granted. The order quoted simply specifies a date from which changes such as the one in question count where no date is specially mentioned. An Order in Council may specially mention its own date or any date in the future from which such a change may count, but does not and cannot legally date a change such as the one in question, unless there is statutory authority, which there is not in this case, prior to its own date.

I am, sir, your obedient servant,

The Acting Deputy Minister of Agriculture.

J. L. McDODGALL, A.G.

Quarantine Expenditure: Overpayments.

AUDIT OFFICE, OTTAWA, June 26, 1899.

SIR,—Let me call your attention to Cheque 13429, a payment of \$271.90 to George Townsend, for services and expenses in connection with cattle quarantine. Mr. Townsend sends in his accounts for \$195.90—\$110 for services, and \$85.90 for expenses. Included in the expense account is an item of \$56 for horse-hire, supported by a sub-voucher attached. The sub-voucher adds to \$76 and was corrected in your department. The amount of the cheque was arrived at by adding the amounts of the \$110 for services, the \$85.90 for expenses, and the corrected amount of the sub-voucher \$76, making an over-payment of \$76, less the \$20 undercharged for horse-hire.

There is also included in the expense account an item of \$14 for horse-hire for John S. Copeland for July. This item had been paid by your department under cheque 13382, although Mr. Townsend may have sent in the account with his.

This with other would make a total over-payment of \$70, a refund of which you will please obtain from Mr. Townsend.

The accounts are initialled "C. S.," and approved by Mr. Jarvis.

It seems surprising that Mr. Townsend should accept for his July services and expenses an amount of \$76 more than the amount of the accounts he had sent in, and \$70 more than he was entitled to, and it is still more surprising that your department should have paid the amount.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 3, 1899.

SIR,—Referring to your expenditure on account of Quarantine Organized Districts, Port of Halifax, I notice a payment of \$9.25 to James Bowes & Sons, for cards or tickets. The item, 1,000 yellow tickets, 1 by 1½, 75 cents, is approved for \$4.75, the \$ mark evidently having been taken for a 4, and the account was paid as \$4.75. You will see that the charge is 75 cents on referring to the item of February 4, where the same number of cards of same size, in red, was entered at 75 cents. Please obtain a refund of the amount of the over-payment.

I presume that owing to the urgency of the case these supplies were not obtained in the usual way through the Stationery Office at Ottawa. A statement to that effect should accompany the voucher.

Owing to the frequency in your department of over-payments such as the above, and of duplicate payments such as that of which I wrote on the 26th ultimo, and the extra work imposed on this office as a consequence, I would call your attention to the immediate necessity of having some more efficient check in the accountant's branch upon the expenditure.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, July 6, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th ultimo, in reference to Cheque 13429, and to state that you are correct in saying that there has been an over-payment by this cheque of \$70, which I will take immediate steps to get refunded. As I informed you in our interview the other day the mistake is admitted by the acting accountant and his assistant, who initialled the accounts. Fifty-six dollars of

the over-payment is accounted for by the assistant having taken the sub-voucher as a separate account, and \$14 is accounted for by Mr. Copeland's account for horse-hire having been twice paid.

I have also to acknowledge the receipt of your letter of the 3rd instant, drawing attention to the approval of an account for 75 cents as \$4.75. This occurred, as suggested in your letter, by the \$ mark being taken by both the secretary and acting accountant for the figure 4.

Dr. Montzambert informs me that you are correct in your presumption that the supplies mentioned in your letter of the 3rd instant were obtained as they were, owing to the urgency of the case.

As mentioned to you at my interview after the receipt of your letters, I have so rearranged the accountant's office that there will be, I think, hereafter an efficient check upon the expenditure.

I return the account which you sent me.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

DEPT. OF AGRICULTURE, OTTAWA, July 24, 1899.

SIR,—Referring to my letter of the 6th instant, and to yours of the 26th June, to which it is a reply, I beg now to inform you that I have obtained a refund of the \$70 from Mr. Townsend, and of the over-payment of \$4 to James Bowes & Sons, which was the subject of your letter of the 3rd instant.

Mr. Townsend regrets very much his not having returned the \$70, and explains his negligence in a manner that satisfies me that there was no intention on his part to act dishonestly.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

Dairying Expenditure: Irregular Payments.

AUDIT OFFICE, OTTAWA, June 21, 1899.

SIR,—Referring to your expenditure on account of Dairying Interests "Maintenance," let me call your attention to the following:—

Cheque No. 6304 is a payment of \$600 to the Churchbridge Creamery Association. The voucher states that this is a loan to this association on the security of the note of the directors payable sixteen months after the 21st of June, 1898, to the order of the Commissioner of Agriculture and Dairying. The voucher also states that before the end of the financial year the money will be refunded or the note put in the bank and discounted, and a cheque for \$600 on the financial year of 1899-1900 issued for the four remaining months before the note matures.

I am unable to find any authority that will allow a loan of money from this appropriation.

Cheque No. 13856 is a payment of \$50 to D. F. Burke, of Port Arthur, for share of Illustration Farm Work, the balance being paid by the Department of the Interior. A detailed statement of the expenses connected with the production of the illustration should be submitted.

I am, sir, your obedient servant,

The Agricultural and Dairying Commissioner.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 15, 1899.

SIR,—Please let me have an answer to my letter of June 21, relative to a payment of \$600 as a loan to the Churchbridge Creamery Association, and a payment of \$50 to D. T. Burke, of Port Arthur.

Relative to the first inquiry, I notice that a refund of \$592.10 has been made to the credit of the Dairying Maintenance Vote, the proceeds of the note referred to in my letter. Why was not this loan or advance charged to the N. W. Creameries Vote, which was taken for that purpose, and repayment obtained as provided for?

I am, sir, your obedient servant,

The Agricultural and Dairying Commissioner.

J. L. McDOUGALL, A.G.

N. W Creameries: Repayments of Advances.

AUDIT OFFICE, OTTAWA, Dec. 15, 1899.

SIR,—Referring to your expenditure on account of "Establishment and Maintenance of Creameries in N. W. Territories," please furnish this office with a statement showing in detail the amounts of the repayments and the amounts due at the various stations against the advances and other expenditure on this account. Have all these repayments been deposited to the credit of the Receiver General, and if so, why have they not been kept separate from the deposits to the credit of the Dairying Stock Account?

I am, sir, your obedient servant,

The Agricultural and Dairying Commissioner.

Petty Cash, No. 235.—M. C. O'Hanly, for type-writing, 114 f. at 5c.....	5 70

A memo. is appended to the accounts stating that this work was done at night, at the director's request, as it was not practicable to keep up with the correspondence during office hours.

As Mr. O'Hanly is paid a regular salary, presumably for this work, it does not appear that these payments should have been made.

It frequently happens that officials are called upon to work after the regular office hours without receiving any remuneration other than the salary at which they are employed. The acceptance of a position with a regular salary naturally carries with it the contingency of the official being called to work after the so-called regular office hours.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

CENTRAL EXPERIMENTAL FARM, OTTAWA, Dec. 16, 1899.

SIR,—Yours of the 15th instant is received, inclosing letter from the Auditor General under date of December 14, in reference to payments made to Mr. M. C. O'Hanly, for type-writing, 385 folios at 5 cents per f., in April and May last. The work referred to was done last spring at a time when the correspondence received at the Central Experimental Farm, by the director, was overwhelming. In March alone, more than 22,000 letters were received. At the time I pressed into this service everyone in the office that was available, but the letters accumulated to such an extent, notwithstanding all we could do, that it was quite impossible to overtake the work unless we got extra help in the office or by Mr. O'Hanly's taking his shorthand notes home with him and working to a late hour each night for a considerable period.

I am aware that the permanent officials in the departmental buildings are occasionally called on to work after the regular hours without extra remuneration, and Mr. O'Hanly has often willingly responded to my requests in this way, and has remained with me at the farm office after hours to complete pressing work which he had in hand, but this case I regarded as an exceptional one. The clerks at the Central Experimental Farm are somewhat differently situated from those in the public buildings. They are not appointed by Order in Council, but serve at the pleasure of the Minister, and in that sense may be regarded as temporary clerks. Further, their office hours are longer (from 9 a.m. to 5 p.m.) and they have no half holiday on Saturday. The office also is, in most instances two or three miles or more from their homes. Mr. O'Hanly is a rapid worker, but it is only by the most industrious use of his time that he is able to keep up with the work which falls on him.

Under the circumstances, I thought it was the better and more economical plan to relieve this temporary pressure and pay for the doing of this work at night—which Mr. O'Hanly, at my request, consented to undertake—than to bring in other and less experienced help from the outside. It is the first time that such a necessity has arisen in my own office, but if the Auditor General is of opinion that in such emergency cases it would be better in future to get the needed assistance from outside, I shall be glad to act in accordance with his wishes and adopt that plan.

I am, sir, your obedient servant,

A. L. Jarvis, Esq., Act. Dep. Minister of Agriculture.

WM. SAUNDERS, *Director*.

P.S.—I should have mentioned that on my return, in October last, after seven weeks absence in the North-west and British Columbia, and also on my return from the Maritime Provinces in November, I found similar, but smaller, accumulations of correspondence, which could not be promptly overtaken in the ordinary way, and requested Mr. O'Hanly to render me the extra service needed on these occasions. This involved the writing of 133 folios in all, at 5 cents, amounting to \$6.65, which sum has since been paid to him.

AUDIT OFFICE, OTTAWA, Jan. 12, 1900.

SIR,—In reply to Dr. Saunders' letter of Dec. 16, 1899, relative to certain payments to Mr. O'Hanly, at the Central Experimental Farm, for type-writing after the regular hours, I have to say that, apart from the impropriety of a system that will allow such payments to be made, I am of the opinion that this case comes within the meaning of the terms of the Order in Council of August 9, 1899, which states that no extra salary or additional remuneration of any kind whatsoever shall be paid unless an amount to provide for payment has first been specially voted, the Order in Council stating at the same time that if the public service requires it the heads of departments or deputy heads have the right to call for the attendance of any or all of the officers at an earlier or later hour than those named, that is the hours of the regular service.

Mr. O'Hanly's position is permanent in the sense of his being employed year after year at a regular annual salary, and if the Governor General in Council has not authorized his employment and fixed his salary, it is because the terms of the Experimental Farms' Act have not been observed, as these require that this be done.

I am, sir, your obedient servant,

The Acting Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

Petty Cash—Experimental Farm, Ottawa.

OTTAWA, Nov. 11, 1899.

DEAR MR. McDOUGALL,—I inclose you a letter from Dr. Saunders, in regard to a matter of loss of money at the Experimental Farm. I don't know in what way a matter of this kind can be cleared up. As far as I can see from the statements, nobody was particularly to blame, and I am quite sure that Mr. Leslie Macoun, in whose charge the money was at the time, ought not to be expected to pay the money over; nor is there the slightest suspicion that there was anything wrong on his part.

Would you be kind enough to inform me how the matter can be straightened out so as to leave no inaccuracy in the accounts?

Yours very truly,

The Auditor General.

SYDNEY FISHER.

CENTRAL EXPERIMENTAL FARM, OTTAWA, June 19, 1899.

SIB,—During your recent illness the work of paying the workmen on the farm fell on me, necessitating the issue of a weekly cheque for working expenses. As you were taken suddenly ill, and had not the opportunity of balancing your cash and transferring to me the cash box in the usual way, I placed the money I received in a brief bag, which I kept in the vault. The inside door of the vault was always kept locked whenever I was absent from the office and the key of the door placed, as has been customary for some time past, in an unlocked drawer on my desk. Such was the case on May 23, 1899, when I went to my lunch at 1.15 p.m. At 2.30 p.m., shortly after my return, I sought change for a five dollar bill, when I found to my surprise, that the brief bag was unfastened and most of the smaller bills which had been placed on the top of the pile had disappeared. I had balanced my cash the day before, when I found it correct to a cent.

SESSIONAL PAPER No. 1

On counting it now, I found that \$30 was missing. Most of the bills taken were one dollar bills. The fact that the brief bag was left unfastened, and only part of the money taken, seemed to show that the person who took the money left in a hurry. I reported the shortage at once to the director, who counted over the cash with me, and found it as I have stated.

I have the honour to be, sir,
Yours respectfully,

W. H. Hay, Esq., Accountant, Central Experimental Farm. LESLIE S. MACOUN.

CENTRAL EXPERIMENTAL FARM, OTTAWA, June 21, 1899.

MY DEAR SIR,—I regret to have to inform you of the loss of \$30 from the office vault, as reported to me by Mr. Macoun, who was in charge during my absence.

Mr. Macoun's letter, herewith inclosed, explains the case fully.

As soon as the matter was reported to me I had a duplicate key made for Mr. Macoun; this obviates the necessity of leaving the key in the desk drawer, which was done as a matter of convenience, not only for ourselves, but for the officers who very often had occasion to go to the vault for papers or books which, as you are aware, are placed there for safe keeping.

Yours respectfully,

Dr. Wm. Saunders, Director, Experimental Farms. W. H. HAY.

CENTRAL EXPERIMENTAL FARM, OTTAWA, Aug. 10, 1899.

DEAR MR. FISHER,—I inclose communications which were handed to me two or three days ago, one written by our Accountant, Mr. W. H. Hay; and the other by the Assistant Accountant, Mr. L. S. Macoun, in connection with the disappearance of the \$30 from our vault at the Central Farm which I spoke to you about.

As soon as the money was missed (on May 23) Mr. Macoun reported the matter to me at once, and I counted his cash over with him, and as compared with his balance of the previous day, we found a shortage of \$30.

I have made every endeavour possible to try and trace the matter up, without any success, and it still remains a mystery.

When discussing the subject with you a short time ago, you suggested that I request the Accountant to submit a report to me regarding it, which you were to submit to Council and endeavour to arrange so that the amount thus lost might be paid out of the revenue of the farms.

Yours very truly,

Hon. Sydney Fisher, Minister of Agriculture. WM. SAUNDERS, *Director*.

AUDIT OFFICE, OTTAWA, Nov. 14, 1899.

DEAR MR. FISHER,—I have your letter of the 11th instant, with reference to the loss of money at the Experimental Farm. I am not clear from the correspondence which is attached to the letter whether the door of the office was locked by Mr. Macoun before he went out, or not.

I understand from Mr. Hay's letter that he corroborates all the facts as stated by Mr. Macoun. If so, whoever are responsible for the practice of keeping the cash with the other documents—and the accountant is I presume, in the first instance, and probably Dr. Saunders as well—ought to be pleased that their attention has been called to the great carelessness in management on an occasion when so little money was lost. It is most surprising that Dr. Saunders, who is both careful and competent, should have permitted the continuance of such recklessness.

On the facts, as they appear to me now, I could not recommend that this loss should be borne by the public. The higher officials should make up the amount, but in what proportion the circumstances are not sufficiently known to indicate.

One man should alone have access to the cash at the same time. If the key is not always on his person, when not so it certainly should be under his sole control and under lock and key—this is assuming that there is not a combination lock on the safe.

Papers are returned herewith.

Yours respectfully,

Hon. Sydney Fisher, Minister of Agriculture. J. L. McDOUGALL, A.G.

CENTRAL EXPERIMENTAL FARM, OTTAWA, Dec. 9, 1899.

HON. SYDNEY FISHER,
Minister of Agriculture.

DEAR MR. FISHER,—I have carefully read the letter you handed me this morning, addressed to you under date of November 14, by the Auditor General, in reference to the loss of \$30 stolen from the vault at the Central Experimental Farm.

On reading again the letters which were submitted with the particulars of the case, I see now that they did not give sufficient information as to the way the money is usually cared for which is required for working expenses, and received from time to time on revenue account.

We have a vault with the usual heavy door furnished with a combination lock, the combination being known only to the accountant and assistant accountant. This door is usually open during office hours. There is also an inside iron door which is furnished with a lock, the key of which is in charge of the accountant and his assistant. The vault is used for the storage of papers and books, which it is sometimes necessary for the other officers to have access to, and for this reason the key of the inside door was kept in a drawer in the desk of the assistant accountant. Any money on hand is kept in a locked cash box placed inside the vault, and of this the accountant carries the key.

It is customary to pay the wages of the workmen every Monday afternoon. On Tuesday, May 23rd, the assistant accountant reported to me that the accountant, Mr. Hay, had been taken ill, and would not be able to be at the office that day. I issued a cheque for the sum required to pay the men and gave it to Mr. Macoun. He went to the bank and brought the money to the Farm in a small brief bag, and as the key of the cash box was in Mr. Hay's possession, Mr. Macoun placed the brief bag, which was fastened but not locked, inside the vault, locked the inner door and put the key in its usual place. The fact that the cash box, in which Farm moneys are kept under lock, was not available to Mr. Macoun at the time was not reported to me, until I was made aware of the loss shortly after Mr. Macoun returned from lunch, about 2.30 p.m. The usual lunch hour is from twelve to one, but Mr. Macoun remains until 1.15, so that the office of the accountant may be continually occupied during office hours. Mr. Hay's illness that day interfered with the usual routine in that respect.

As soon as I was made aware of the loss, I inquired into the particulars, counted the cash and found Mr. Macoun's report as to the loss of \$30 correct. This sum was evidently stolen by some one who had in some way gained information as to the exceptional treatment of the money that day. With these explanations I do not think the Auditor General will accuse me of "great carelessness," or of permitting "recklessness" in the case of public moneys on the Experimental Farm. Since the robbery the key of the inner door is carried by the accountant, and a duplicate has been provided for his assistant.

Mr. Macoun, the assistant accountant, was no doubt in fault in leaving the money even for an hour in an unlocked bag in a locked vault, seeing that the key was accessible to others, and should under the circumstances either have reported the matter to me or have carried the key of the vault door with him to his lunch. At the time, however, of the robbery, all the offices except, that of the accountant, were occupied. There were two clerks in my own office adjoining, and I was there myself for a part of the time during Mr. Macoun's absence. Diligent inquiries were made of all those in the buildings, but no clue could be got as to the guilty party. Mr. Macoun has always shown so much thoughtfulness and care in all financial transactions connected with the Farm, and has proved so trustworthy in every respect, that I feel it would be a hardship for the loss to fall entirely on him. If the Auditor General is still of opinion that notwithstanding the exceptional circumstances that undue carelessness has been shown, and that the loss should be borne by the officials, the officers will make the loss good.

Yours very sincerely,

WM. SAUNDERS,

Director, Expt. Farm.

P.S.—Owing to the construction of the office building, which makes the accountant's room a passage way as well as an office, the locking of the doors during office hours is scarcely practicable.—W. S.

DEPT. OF AGRICULTURE, OTTAWA, Dec. 11, 1899.

DEAR MR. MCDUGALL,—Yours of the 14th November, referring to a loss of money at the Experimental Farm has remained unanswered because I wished to see Professor Saunders about it.

It was only Saturday that I was able to bring the matter up for discussion with Professor Saunders. I inclose to you, herewith, his explanation of the whole matter,

SESSIONAL PAPER No. 1

which I think puts the case very clearly before you and explains what you seem to have thought to be carelessness in the joint management of the cash at the Experimental Farm. The usual proceedings would certainly have been quite safe, and that Mr. Macoun did not change the usual proceedings in consequence of Mr. Hay's absence might be considered a little blameworthy on his part; but I really think it was a natural thing for him to do what he usually did, notwithstanding the fact that Mr. Hay was not there to put the cash into the locked cash box.

The fact that that office is a passage way, one of the outside doors of the building opening into it, as referred to in Professor Saunders' postscript, is certainly unfortunate and may have to be changed.

I fear it would be a great hardship to have to lose this money, and I do not see very well how the loss can be borne amongst the various officers in any way that would be fair or satisfactory. I trust, therefore, that you will reconsider your conclusions expressed on November 14, and allow the loss to be made good out of the public chest.

Yours very truly,

SYDNEY FISHER.

The Auditor General.

P.S.—I return you copy of your letter of the 14th, and copy of Professor Saunders' letters to me in reply.

AUDIT OFFICE, OTTAWA, Dec. 18, 1899.

DEAR MR. FISHER,—I have your letter of the 11th instant, with reference to the \$30 missing at the Experimental Farm. I have read Dr. Saunders' letter carefully, and I regret to say that I do not yet see that the loss of this money should be borne by the public. I think that we are not likely to make a mistake in adopting the rule followed by the banks under similar circumstances. The teller, no matter whether he is new to his work or not, is obliged to make good any loss in cash which occurs while the cash is in his hands.

By the way, has Mr. Macoun inquired at the bank whether they found any underpayment to somebody during the day on which he got the money?

It seems to me that the practice of leaving the key in a drawer to which all the officials have access is a mistake, because this fact is likely to be known to others besides the officials. The assistant accountant is perhaps not to blame for that. If he had had access to the cash box, he would no doubt have given to the money that safeguard, but surely it ought to have occurred to a fairly cautious person that money in a bag was not as safe as in a locked cash box.

I cannot understand the necessity for keeping the books in the vault during the day time, and, therefore, cannot see the advantage to be gained by the key being accessible to the other officials.

I notice that Dr. Saunders says that there are to be two keys to the inside door. The words used by him are: "Since the robbery the key of the inner door is carried by the accountant, and a duplicate has been provided for his assistant." In doing this he has rendered it impossible to hold either the accountant or the assistant accountant responsible for the correctness of the cash. The cash during the day should be under the sole control of either the accountant or of the assistant accountant, not of both. It should be counted out to him in the morning when the vault door is opened, and counted in from him in the evening when the vault door is closed. During the night of course no person can have access to the money on account of the combination.

I am, sir, your obedient servant,

Hon. Sydney Fisher, Minister of Agriculture.

SESSIONAL PAPER No. 1

Re Arrears due.

DEPT. OF AGRICULTURE, OTTAWA, Oct. 10, 1899.

SIR,—In reply to your letters of the 16th August, and 6th instant, I have the honour to state that I am informed by the acting accountant that there are no arrears due this department.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, *D.M.A.*

DEPT. OF AGRICULTURE, OTTAWA, Oct. 12, 1899.

SIR,—I am in receipt of your letter of October 6. I regret that my absence from home has caused delay in forwarding you a statement of the amounts due to the Commissioner's Branch of the Department of Agriculture on June 30 last. I have been in correspondence with some of these persons since that date, and I shall forward you in the near future a statement of the sums that have been refunded and what has been done towards getting a settlement made with others.

Yours truly,

The Auditor General.

JAS. W. ROBERTSON, *Commissioner.*

AUDIT OFFICE, OTTAWA, Dec. 13, 1899.

SIR,—In your letter of October 12 last, you promised in the near future a statement of the arrears due to your branch of the Department of Agriculture on June 30 last.

I will be sending the manuscript of that portion of the Audit Report to the printers shortly, and will be obliged by your forwarding the statement of arrears as soon as possible.

I am, sir, your obedient servant,

The Dairying Commissioner.

J. L. McDUGALL, *A.G.*

Re Casual Revenue Vouchers needed.

AUDIT OFFICE, OTTAWA, June 10, 1899.

SIR,—The sum of \$434.95 has come to account from your department during the present fiscal year, made up of refunds of advances, refunds of overpayments in previous years, inspection fees, &c., all of which have been credited to Casual Revenue.

No vouchers of any kind have been furnished in support of these items.

I may state that for a refund of an advance a memo. should be furnished, certified by the person to whom the advance was made, showing the date and amount of the advance, the purpose for which made, the amount expended, the date of the refund and an explanation why it was not made in time to be credited to the accounts of the year in which the advance was made. For a refund of an over-payment, the accountant should furnish a memo. giving particulars and explanations. Your attention is requested.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, June 23, 1899.

SIR,—Referring to your letter of the 10th instant, in regard to the above subject, I now beg to inclose you a memorandum from the acting accountant containing the explanations asked for by you. I trust that this will be satisfactory.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, *D.M.A.*

Memo. for the Deputy Minister of Agriculture.—With reference to the letter of the Auditor General, of the 10th instant, calling your attention to refunds of over-payments in previous years, for inspection fees, &c., I submit the following explanations:—

Refund of \$150 advance, and \$30 an over-payment to A. E. Moore. The Auditor General drew our attention to these items on the 26th of October, 1898, and I think you furnished him with the necessary explanation covering these items.

The over-payment to G. Gagnon, of \$4.06, occurred from the fact that Gagnon was supposed to be on the temporary staff, and receiving \$1.25 per day. The cheques were sent down for the full month, and Dr. Couture reported that Mr. Gagnon had performed services for only 27½ days.

The over-payment of \$1 to R. Belding. As Mr. Belding was constantly employed, I was under the impression that he was paid \$1 per day, and, therefore, paid him \$31 for the month of October, but on checking over my pay-list, I discovered that he only received \$30 per month as long as he was continued in the employ of this department. The over-payment of \$25.50 to pay P. A. Robinson, was caused by Mr. Robinson deducting from his account the amount of inspection fees collected and sending in the account, and the same was paid in full. Mr. Robinson being a new appointee, did not understand the routine followed in regard to fees collected. I am sending under separate cover, all returns, bills of sale, &c.

F. C. CHITTICK, *Acting Acct.*

AUDIT OFFICE, OTTAWA, June 10, 1899.

SIR,—There have been credited to Casual Revenue during the present fiscal year deposits received from your branch of the Department of Agriculture, amounting to \$3,475.86. No vouchers have been received in reference thereto.

A considerable number of these deposits were for refund of advances made in previous years. For such items a memo. should be furnished certified by the person to whom the advance was made, showing the date and amount of the advance, the purpose for which it was made, the amount expended, the date of the refund, and an explanation why it was not made in time to be credited to the accounts of the year in which the advance was made.

A voucher for a sale should, unless the sale is of a kind which the department is in the habit of making, give the date and place of sale, the name of the purchaser, a detailed statement of the materials sold and the amount realized, and it should be certified by the proper officer, stating why the articles were sold, by whom the sale was authorized, and that the prices charged were fair and reasonable, or if the sale was a forced one, the best available.

I am, sir, your obedient servant,

The Dairying Commissioner.

J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, June 14, 1899.

SIR,—Your letter of the 10th instant has been received.

I note what you say in regard to furnishing vouchers in the future.

I am, sir, your obedient servant,

The Auditor General.

JAS. W. ROBERTSON, *Commissioner.*

AUDIT OFFICE, OTTAWA, Dec. 13, 1899.

SIR,—I have to remind you that the vouchers promised in your letter of June 14 last, in connection with the deposits on account of Casual Revenue, have not been received. Your early attention will oblige.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

Re Sales at Experimental Farms.

AUDIT OFFICE, OTTAWA, June 9, 1899.

SIR,—The returns of sales at the Experimental Farms for the month of February are the last received. The deposits in acquittance were made in March, as follows:—Brandon on the 6th, Nappan on the 8th, Indian Head on the 13th, Agassiz on the 17th, and Ottawa on the 30th.

Please explain why the deposit at Ottawa is not made earlier.

SESSIONAL PAPER No. 1

Is there any reason why the returns for each month, and the deposit receipts in acquittance, should not reach this office before the close of the succeeding month.

Deposit receipts should be forwarded promptly. Those referred to above, though all dated in March, were not forwarded till May 19th.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, June 16, 1899.

SIR,—Your letter of the 9th instant, in regard to the above matter, was referred to the Director of Experimental Farms for an explanation, and I now beg to inclose you a copy of his reply, which I trust will prove satisfactory.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

CENTRAL EXPERIMENTAL FARM, OTTAWA, June 13, 1899.

DEAR SIR,—Yours of the 10th instant is received, covering a communication from the Auditor General's office inquiring why the returns of sales at the Experimental Farms are not made more promptly, and if there is any reason why the returns for each month, and the deposit receipts in acquittance, should not reach his office before the close of the succeeding month.

I have inquired of our assistant accountant about this matter. It is our practice to send it to the Department of Agriculture, about the 30th of each month, the returns for the month preceding, and that is as early as we have been able to manage to get the moneys together. Our vouchers at the Farm cover a large number of small sums for produce sold, a good deal of which is purchased by men on the Farm, and the collecting of these little amounts from fifty to sixty people, or more, involves a good deal of time and labour.

We should not have been so much behind of late but for the illness of our accountant, who, I am sorry to say, is still laid up with acute rheumatism. He has not been able to do much work for some weeks past. Our assistant accountant is doing all he can, and all the returns for April were deposited some time ago, and the vouchers will be sent in forthwith. We have not received those for May yet from any of the branch Experimental Farms.

I shall be glad to do all I can to meet the wishes of the Auditor General in regard to this subject, and return the file of correspondence herewith.

Yours very truly,

The Deputy Minister of Agriculture.

WM. SAUNDERS, *Director.*

Account Paid Twice.

AUDIT OFFICE, OTTAWA, Oct. 13, 1899.

SIR,—Cheque 945, Insurance Superintendence for the year 1898-99, is for a payment to the Canadian Pacific Ry. Co.'s Telegraph for telegrams, and contains the following item: "October account at Toronto, \$2.06."

This account was also paid by cheque 915 of the same year. Please cause a refund of the amount overpaid to be made.

I am, sir, your obedient servant,

The Superintendent of Insurance.

J. L. McDOUGALL, A.G.

Purchase of School Books.

DEPT. OF FINANCE, OTTAWA, December 14, 1899.

SIR,—With reference to the account for certain books, brought to my attention some days ago, and regarding which you desired an explanation, I have to say that the account refers to books in use in the schools in the province of Nova Scotia. They were ordered by the Minister of Finance at the request of the Privy Council. When the bill came to be paid, the President of the Privy Council was absent and payment was made out of the contingencies of this department with the intention of having the amount transferred to Privy Council contingencies or unforeseen expenses. This, unfortunately, was afterwards overlooked. Account returned.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, D.M.F.

Re Arrears Due.

DEPT. OF FINANCE, OTTAWA, December 12, 1899.

SIR,—Referring to your circular of the 16th August, respecting arrears due this department, I have the honour to state that for the fiscal year ended 30th June last no interest has been received from any of the following sources :—

- Albert Railway Company.
- Three Rivers Harbour Commission.
- Fredericton and St. Mary's Bridge Co.
- Quebec Harbour Commission.
- Montreal Turnpike Trust.

I am, sir, your obedient servant,

J. M. COURTNEY, D.M.F.

The Auditor General.

Tenders for Treasury Bills.

AUDIT OFFICE, OTTAWA, June 27, 1899.

SIR,—I observe that the amounts borrowed on the security of Treasury Bills issued on the 1st January, 1897, and subsequently, with the exception of £400,000 of the 1st January, 1897, have been from the Bank of Montreal. I am not aware whether tenders have been invited from a sufficient number of the great monetary institutions to give Canada all the advantages of the market, but am induced to ask the question from the fact that one institution has done so large a part of this business.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, June 27, 1899.

DEAR SIR,—I beg to acknowledge the receipt of your letter of this day's date with respect to the amounts borrowed on the security of Treasury Bills, for which I am obliged.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, D.M.F.

Indian Annuities payable by Ontario and Quebec.

AUDIT OFFICE, OTTAWA, Dec. 15, 1899.

SIR,—I am in receipt of the Order in Council of the 8th instant with reference to the Indian annuities and the claims allowed by the arbitrators against the Province of Canada. There is one section of the order which seems to me deserving of comment. Reference having been made to the annuities which Ontario and Quebec are responsible for, amounting to \$8,200, the question becomes—what present payment ought to be substituted for this annuity?

The annuity is exactly the same as any other annuity which might be payable to Canada, and, therefore, resolves itself into a simple calculation and the determining of the rate of interest. That being the case, it is quite plain that the rate of interest which we would allow ought not to be more than 3 per cent, and, therefore, instead of \$205,000 to meet this annuity in perpetuity we should get \$273,333. In other words, if Ontario and Quebec were to pay us this \$8,200 a year, we could with it pay interest on \$273,333 which we might borrow.

I mention this because I have been often consulted about the accounts with the provinces by the Minister of Finance and yourself.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, Dec. 18, 1899.

DEAR SIR,—I am in receipt of your letter of the 15th instant in regard to the Order in Council of the 8th instant, respecting the Indian Annuities and the claims allowed by the arbitrators against the Province of Canada, and I am much obliged to you for the observations therein.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, D.M.F.

NOTE.—It will be observed that the Audit Office letters regarding Treasury Bills and Indian Annuities are unanswered by the Finance Department so far as the merits of the cases are concerned. For further correspondence see the preliminary part of this report.—J. L. MCD.

SESSIONAL PAPER No. 1

Payment for holidays to teacher after school was closed.

AUDIT OFFICE, OTTAWA, Oct. 31, 1899.

SIR,—Voucher 14, Vote 7, Edmonton Agency, is for a payment of \$16.15 to W. G. Blewett for salary as teacher at the White Whale Lake School during the December quarter, 1898. The voucher states that the school was closed during the whole quarter, but that payment is made for 14 available holidays. Please explain how the teacher, who is not entitled to pay for other days, is entitled to it for holidays.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Nov. 9, 1899.

SIR,—I have to acknowledge the receipt of your letter of the 31st ultimo, relative to the payment of \$16.15 to W. G. Blewett, teacher of the White Whale Lake School for December quarter, 1898. In reply I beg to say that teachers of Indian schools are allowed 45 holidays during the year. In this case the number of holidays taken by Mr. Blewett, up to the beginning of the quarter in question, was only 31, and as the department was closing the school, it was considered that an allowance covering the balance of the holidays should be made him.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, Nov. 13, 1899.

SIR,—I am in receipt of your letter No. 117758-3 of the 9th instant, with reference to a payment to W. G. Blewett for holidays, and in reply I beg to state that I cannot see why Mr. Blewett should have been paid for more holidays than those which elapsed while he was in charge of the school. I would ask when the 45 days referred to in your letter are supposed to be taken? Is there not a regular time for closing your schools for the summer and winter holidays as in the schools for the provinces?

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Nov. 16, 1899.

SIR,—I have to acknowledge the receipt of your letter of the 13th instant, with further reference to the payment to W. G. Blewett of \$16.15 for holidays during December quarter, 1898, and in reply to the inquiry contained therein I beg to say that while the department has endeavoured to have the summer and winter holidays conform to those taken in the provincial schools, in many cases it has been found better, owing to the roving habits of the Indians who take their children away hunting and berry-picking, to have the holidays occur at such times as they are away from the neighbourhood of the school. In this connection I may add that on the blank return forwarded by Mr. Blewett for the quarter in question, it is stated that the Indians were away hunting.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, Nov. 21, 1899.

SIR,—I am in receipt of your letter No. 117758-3 of the 16th instant, and in reply I beg to say that from the explanations given I cannot see any reason for paying Mr. Blewett for the whole number of holidays allowed in the school year when he appears to have taught only 31 days, or less than half the school days in one quarter, and the closing of the school by the department could not entitle him to more holidays than those which would elapse during the time he was in charge of the school. I have, therefore, to ask that your department obtain a refund from Mr. Blewett for the amount overpaid him.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, NOV. 24, 1899.

SIR,—I have to acknowledge the receipt of your letter of the 21st instant, in further reference to the payment made in December quarter, 1898, to Mr. Blewett, late teacher of the White Whale Lake School for 14 available holidays, and in reply I beg to say that Mr. Blewett took charge of this school in 1894, and taught continuously until it was closed for want of pupils in December quarter, 1898. A return for that quarter was sent in by the teacher, certified by the agent, which shows that the school was closed during the quarter, as most of the Indians were hunting, and those on the reserve were too far away from school to attend. The department had given instructions for the closing of this school at the end of the school year, 30th June, 1899, but it closed itself on the 31st December, 1898, up to which time the teacher remained on the reserve, as shown by the return, and he might have fairly claimed payment in full for that quarter in lieu of notice. Payment was, however, made for only 14 days, that being the number of days he was entitled to as balance of holidays.

In view of the fact that the school was closed through no fault of the teacher, and that out of the 45 holidays allowed by the department, he had only taken 34, it is claimed that he is entitled to payment for the remaining 14 days, and that it would be unjust to demand a refund from Mr. Blewett of \$16.15, which, in view of the foregoing, cannot be considered an overpayment.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary.*

Arrears due.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Oct. 5, 1899.

SIR,—In reply to your letter of the 16th August last, asking for the customary statement of arrears due the department on the 30th June last (1) by collecting officers, (2) by disbursing officers, (3) by all other persons, whether Government officers or not, I beg to inform you:—

1. That the arrears due by collecting officers are the same as reported last year, viz.:

Charles B. Savage, Gore Bay.....	\$3,542 11
A. B. Lebel, Rivière du Loup	638 78
Total	\$4,180 89

2. That there are no arrears due by disbursing officers.

3. That as regards arrears due by other persons, a statement is inclosed herewith, showing the principal outstanding on account of Indian Lands, on the 30th June, 1899, by agencies and at headquarters.

This statement has been prepared on the same basis as that furnished you last year, including not only the principal in arrear but the principal not yet due.

I may say that every effort is being made by the department through its local agents to collect the arrears of purchase money due by the purchasers of the different lots acquired by them.

As you will observe from the statement furnished, the arrears have been reduced during the past fiscal year by almost \$10,000, and as regards the total outstanding amount, it may be stated that about one-half thereof is for lands sold on Papaschase Reserve, and as the terms of sale are one-tenth cash and the balance in nine equal annual instalments, almost the whole of this large amount of over \$61,000 is not yet due.

I may state that the very large reduction in the arrears outstanding, in the Wiarton Agency, is owing to the fact that reductions in the purchase price have been made by the department, under the authority of His Excellency in Council, in accordance with the provisions of section 141 of the Indian Act.

The usual conditions upon which land is sold by the department are, one-fifth cash, and the balance in four equal annual instalments, which leaves the greater portion of the outstanding principal in the different agencies not yet due.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary.*

Payment for Medical Services at Stuartburn Quarantine.

Note.—For beginning of this correspondence see A. G.'s Report, 1897-98, page H-57.

DEPT. OF THE INTERIOR, OTTAWA, Jan. 17, 1899.

SIR,—Referring further to your letter of the 25th November last, I am directed to send you the inclosed copy of Mr. McCreary's report with regard to the payments, amounting to \$200, made by him to Mr. H. H. Atkinson.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

OFFICE OF THE COMMISSIONER OF IMMIGRATION,

WINNIPEG, MAN., Jan. 9, 1899.

SIR,—I beg to acknowledge your letter of the 5th instant, requesting information for Auditor General in regard to H. H. Atkinson's account for medical services at Stuartburn Scarlet Fever Quarantine between June 9 and July 31, 1897. This account was rendered by Atkinson in a lump sum for the reason that he is not a licensed practitioner, and so cannot charge as a visiting medical doctor, and the account was passed here knowing that services had been rendered to the value stated. Atkinson is an acknowledged capable man for this work, and during the period for which he charges his services visited quarantine nearly every day, besides making an inspection of the houses and families in the colony to see as to the sanitation thereof. Atkinson was within seven miles of the quarantine; the next nearest being at Emerson, thirty miles distant. Atkinson's services in this matter were certainly most valuable and worth the amount charged.

I am, sir, your obedient servant,

The Secretary, Dept. of the Interior.

Express Charges on Buffalo Head, Shipped from Banff.

Note.—For beginning of this correspondence see A. G.'s Report, 1897-98, page H-66.

DEPT. OF THE INTERIOR, OTTAWA, Dec. 30, 1898.

SIR,—Referring again to your letter of the 20th of October last, with respect to charges, amounting to \$2.85, paid by the Superintendent of the Rocky Mountains Park in November last to the Dominion Express Company on one buffalo head, I am directed to say that the appended communication has been received from the Superintendent in

explanation of the payment: "I have the honour to acknowledge the receipt of your letter, dated the 3rd instant, on file 481757, concerning voucher No. 24 for express charges on buffalo head. The head was loaned to the museum here by Dr. George about two and a half years ago, and when the herd of buffalo came here he wrote to have it returned to him. Under the circumstances I thought it only reasonable to prepay express charges on it. The doctor has lately donated to the museum here, a case containing over 70 different varieties of birds' eggs procured in the territories, and he takes a deep interest in our collection."

I am, sir, your obedient servant,

The Auditor General.

Payments to Regina "Leader" for Printing Law Reports.

AUDIT OFFICE, OTTAWA, Sept. 12, 1898.

SIR,—On July 29 last, a cheque was issued by the Lieutenant-Governor of the North-west Territories, against his credit for expenditure in connection with the Lieutenant-Governor's office, in favour of Walter Scott, Manager of the "Regina Leader" Company, for the sum of \$259, being for printing 500 copies of volume 2, No. 1, of the North-west Territories Law Reports, 140 pages, at \$1.85 per page. I find that the following cheques have already been issued, out of corresponding appropriations, for the same work:—

Dec. 12, 1894, cheque 142, the "Leader" Co., limited, on account of printing Law Reports, 1894.	\$175 00
March 18, 1897, cheque 261, R. Rimmer, being for the purpose of enabling him to make a legal tender to the "Leader" Co., for balance due for printing No. 1, volume 2 of the Supreme Court Reports	85 00

Kindly inform me why this account was paid in full, when an advance of \$175 had been made to the "Leader" Co., limited, on account of the work, and also what disposal has been made of the \$85 given Mr. Rimmer for payment of the balance of the account.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Oct. 8, 1898.

SIR,—I have the honour to inform you that since your letter of the 12th ultimo, respecting the printing of 500 copies of a volume of the North-west Law Reports, Mr. R. Rimmer, has forwarded to this department his cheque for \$85 under cover of a letter, of which I inclose a copy for your information. The amount of Mr. Rimmer's cheque has been deposited to the credit of the Receiver General. With regard to the payment of \$175 which was made to the "Leader" Company, limited, by cheque No. 142, upon the 12th December, 1894, I can only say that Mr. N. F. Davin, M.P., who, when such payment was made, was the managing director of that company, was advised by letter, dated the 16th August last, that the "Leader" Company, of which Mr. Walter Scott is manager, had established that company's right to be paid \$259 for printing the volume in question, that when the payment of \$175 was made no money was due to the "Leader" Company, limited, for printing, and that such payment of \$175 should therefore be refunded. No reply to the letter has been received here from Mr. Davin.

To save further correspondence with regard to this matter, I deem it advisable to inform you of the grounds upon which it was decided that Mr. Scott, as Manager of the "Leader" Company, was entitled to be paid \$259 in settlement of an account for that amount of the volume in question. No. 4, of Vol. 1, of the North-west Law Reports, the last one prior to the one in question, was printed by the "Leader" Company, limited, and paid for in full in June, 1894. This number included all reports to the end of 1893. On December 12, 1894, a payment of \$175 was made to the "Leader" Company, limited, "on account of printing Law Reports, 1894." At this date no work in connection with the printing of the Law Reports, 1894, had been done, and no money was due to the company, and as a matter of fact the manuscript of the 1894 reports was not delivered to the printers until the end of June, 1896, when it was handed to Mr. Scott by the official reporter for publication. On the 20th August, 1895, Mr. Walter Scott purchased, under written agreement, the "Leader" plant, machinery, type, forms, paper, office fittings, and furnishings, and good-will of the "Leader" Company, limited. On the 14th December, 1895, Mr. Scott, at the request of the official reporter, Mr. Hamilton, Q.C., tendered "to

SESSIONAL PAPER No. 1

print a complete volume of the North-west Territories Law Reports for \$1.85 per page, in same type and style as single volumes have been printed heretofore—500 volumes." This tender was accepted, but no manuscript was furnished until June, 1896, as stated above, and the work was not completed until February, 1897. It was therefore decided: That no value whatever had been given at the time of payment or was given after payment to the "Leader" Company, limited, for the amount of \$175 above mentioned; that the "Leader" Company, limited, had sold out its business to Mr. Scott, before tenders for the work in question were invited; that Mr. Scott by the purchase of the plant and goodwill of the "Leader" Company, limited, in no way assumed liability for any amounts previously received by that company; and that Mr. Scott having completed the work according to contract is entitled to payment in full for the same.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, *D.M.I.*

OTTAWA, Sept. 16, 1898.

SIR.—In compliance with the instructions of His Honour the Lieutenant-Governor of the North-west Territories, I have the honour to inclose, herewith, my cheque \$85 (eighty-five dollars) being the amount of cheque payable to my order and cashed by me for the purpose of making a legal tender to the "Leader" Company of Regina. The tender was made by me and refused by the "Leader" Company, and I have since held the proceeds of cheque No. 261, subject to the instructions of the Lieutenant-Governor of the Territories.

I am, sir, your obedient servant,

The Secretary, Department of the Interior.

REGINALD RIMMER.

AUDIT OFFICE, OTTAWA, Oct. 19, 1898.

SIR,—I beg to inclose herewith a copy of correspondence between this office and the Department of the Interior, with reference to certain payments made to the "Leader" Company, limited, and to the "Leader" Company for printing Law Reports. Please make the refund of \$175 without delay.

I am, sir, your obedient servant,

N. F. Davin, Esq., M.P., Regina.

J. L. McDOUGALL, *A.G.*

DEPT. OF THE INTERIOR, OTTAWA, NOV. 9, 1898.

DEAR MR. McDOUGALL,—My attention has been called to-day to an incorrect statement in the letter which the Deputy Minister wrote to you on the 8th October last, with regard to certain payments made to the "Leader" Company, limited, and to the "Leader" Company for the printing of a volume of the North-west Law Reports. I may say that I am responsible for the error myself, as I prepared the letter referred to. It is stated in that letter that Mr. N. F. Davin, M.P., was advised on the 16th August last that the "Leader" Company, of which Mr. Walter Scott is Manager, had established that company's rights to be paid \$259 for printing the volume referred to; that when the payment of \$175 was made to the "Leader" Company, limited, no money was due to that company for printing, and that such payment of \$175 should, therefore, be refunded. It was further stated that no reply to that letter had been received from Mr. Davin. This is the incorrect statement I refer to, as Mr. Davin replied promptly to the letter of the 16th August last by a letter dated 20th of that month, of which I inclose a copy for your information.

I am, sir, your obedient servant,

The Auditor General.

T. G. ROTHWELL, *Acting D. M. I.*

REGINA, N.W.T., August 20, 1898.

SIR,—Replying to your letter of the 16th August, 1898, I beg to say that the \$175 referred to therein was advanced to the "Leader" Company, limited, on account of printing the reports of 1894. Nobody supposed any money was due the "Leader" Company, limited, at that time, for though the official reporter had the MS. ready, it had never been delivered and could not be delivered without direction; but the "Leader" Company had the contract and was promised the MS. immediately. In 1895 the "Leader" Com-

pany, limited, made an arrangement with Mr. Scott to print those reports and credit the Lieutenant-Governor's office with the \$175. The Lieutenant-Governor's office had notice of this agreement. If, therefore, the \$175 has been paid to Mr. Scott it has been improperly paid.

Your obedient servant,

The Asst. Sec., Dept. of the Interior.

(Sgd.) NICH.'S FLOOD DAVIN,
Man. Director, *Leader Company*.

REGINA, N.W.T., Nov. 5, 1898.

SIR,—Referring to your letter and inclosures I might well content myself with saying that the "Leader" Company, limited, will make no refund of \$175; and the letter of Reginald Rimmer, one of your inclosures, might have suggested a doubt as to the propriety of the demand, Mr. Reginald Rimmer having been legal adviser to the Lieutenant-Governor. But as in the letter of Mr. Smart, the material statements are quite incorrect. I think I will state facts which will be at once material and true. The "Leader" Company, limited, had a standing contract to print the Supreme Court reports at a certain figure. On the 11th of December, 1894, the Lieutenant-Governor sent, asking the managing director to see him. His Honour told that person that he intended to have the reports for 1894 published forthwith, and volunteered an advance of \$175, and said the reporter would be directed to furnish the copy forthwith. In consequence the "Leader" Company, limited, kept its staff at a strength it would otherwise not have done, and this right on to August, 1895, when it disposed of its plant and business interests to Mr. Walter Scott.

In November, 1895, the "Leader" Company, limited, made a contract with Mr. Scott to print those reports and to allow the Lieutenant-Governor for the \$175 advanced to that company. The managing director wrote the Lieutenant-Governor and his secretary, Mr. R. B. Gordon, that he had made this contract with Mr. Scott. In December, Mr. Hamilton, the official reporter, was instructed not to call for tenders, but to learn Mr. Scott's price. I made a point of asking Mr. Hamilton many months ago; I made a point of asking him to-day, and he re-asseverates that he did not call for tenders, and that what he was told was to ascertain the price, I suppose to see that no higher rate would be charged than the figure of the old company. That he had no authority to ask for tenders is proved by this that no contract took place, that Mr. Scott seems never to have known of any contract except the one made between himself and the managing director for some seven months afterwards, that the late Lieutenant-Governor, who was in office at the time and for some years afterwards, and who would have direct knowledge of the facts, refused to pay his bill unless credit was given for the \$175.

Some time towards the close of December, the managing director of the "Leader" Company, limited, had a conversation with Mr. Scott, in which the latter referred to the contract made between them, to the fact that Mr. Hamilton had asked for the price, but he (Scott) never indicated that he regarded it as asking for tenders, and he expressed a wish that the copy might come along.

On February 3, 1896, Mr. Scott wrote a letter to the managing director at Ottawa, referring to the arrangement made between them to print these reports, complaining that they had not yet come to the office, and suggesting that the managing director might ask "pertinently why they are not printed." In the summer of 1896, Mr. Scott having then received the copy, and having repudiated a written contract binding that "Scott will in any event until after the next general election, and therefore until after the expiration of the balance of the said term of three years * * * support, with the paper he shall publish in Regina, and which shall be called the *Leader*, to the best of his ability, Davin and the Conservative party generally, and will during that time give Davin full control of the first two editorial columns of said paper," told the managing director of the "Leader" Company, limited, that he did not intend to abide by his contract to allow the credit of \$175; but he gave no such reasons as appear in Mr. Smart's letter, but reasons which admitted the contract to allow the \$175. On the face of the documents inclosed by you, it is quite evident that nobody ever heard of this supposed contract connected with the inquiry of Mr. Hamilton in December, 1895, until after there was a change of Government; that Mr. Scott presented his bill for the full amount to the Lieutenant-Governor and payment was refused unless \$175 was allowed, and, therefore, the supposed contract was repudiated by the only party who could make a contract; that no such contract would be acknowledged or regarded as having any foundation whatever was additionally shown by the fact that the legal adviser was told to offer Scott, and did offer him in legal tender, the balance of \$85. The second paragraph of Mr. Smart's letter is incorrect. I inclose you a copy of my reply to the letter of the 16th of August. In the third paragraph of Mr. Smart's letter we are told that a decision had been come to that
