Mr. Scott was entitled to be paid \$259. The statement made in the eighth paragraph, that Mr. Scott tendered, and that the tender was accepted, is not correct. The official reporter says it is not correct; the Lieutenant-Governor, who alone at that time had authority to make a contract, repudiated it in the most formal way; Mr. Scott seemed to have no knowledge of such a contract until the summer of 1896. In paragraph 10 we are told: "it was therefore decided that no value whatever had been given at the time of payment, or was given after payment, to the "Leader" Company, limited, for the amount of \$175." This is not true. The value given by the "Leader" Company, limited, was to keep a staff under pay, which it would otherwise not have kept on, ready to do the work from the 12th of December right on until August, 1895, when it sold its property. The statement in the 11th paragraph has been shown cumulatively to be untrue. By the 12th paragraph it is assumed that no contracts whatever were or could be made by the "Leader" Company, limited, with Mr. Scott, except what appeared within the four corners of the written agreement. This is an absurdity on the face of it, and is contrary to fact; witness the agreement already described; witness dozens of arrangements in regard to subscribers, &c. I consider that the payment advised has been improperly made, and I think the following facts should have made Mr. Smart leave Mr. Scott to his proper remedy if he had a just claim, where it could have been thoroughly sifted. Mr. Scott is not merely the editor of the Liberal organ, but is the known and avowed distributor of patronage for Western Assinibola.

Mr. P. McAra, jr., of Regina, is administering the estate of the "Leader" Company, limited, and there are ample funds uncollected to meet any claims against the company.

I am, sir, your obedient servant,

N. F. DAVIN.

P.S.—A curious confirmation of the true account of the facts is being furnished by Mr. Scott himself. Mr. Hamilton tells me he (Scott) asserts that he has, in consequence of printing what he has already printed, the contract for printing the reports, the copy of which is now in Mr. Hamilton's hands. This he could not possibly have under the facts as stated in Mr. Smart's letter, but he undoubtedly would have under the contract made between himself and the managing director of the "Leader" Company, limited.

AUDIT OFFICE, OTTAWA, Dec. 5, 1898.

SIR,—With further reference to our correspondence on the subject of certain payments to the Regina "Leader" Company, limited, and to the Regina "Leader" Company, I beg to inclose a copy of a letter received by me from Mr. Davin. I shall be glad to have any remarks you may have to make on the subject of this letter.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

AUDIT OFFICE, OTTAWA, June 24, 1899.

SIR,—I beg to call your attention to my letter of December 5, 1898, with reference to correspondence on certain payments to the Regina "Leader" Company, limited, and to the Regina "Leader" Company. As I have received no intimation that this matter has been settled, I would be glad to know what steps have been taken towards a settlement of the amount in question.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Payment of Salary by Yukon Council and by the Interior Department to J. D. McGregor.

AUDIT OFFICE, OTTAWA, Dec. 2, 1899.

SIR,—I find from the statements of the Local Revenue of the Yukon Territory, that Mr. J. D. McGregor, who was appointed Inspector of Mines from September 28, 1897, has been drawing since May 1, 1899, a salary of \$200 per month as Chief License Inspector, as well as his salary of \$150 per month as Inspector of Mines, the latter being paid by your department to his attorney, Mrs. Elizabeth McGregor, Brandon, Man. Kindly inform me whether Mr. McGregor is still performing the duties of Mining Inspector as well as those of License Inspector. I also notice that Mr. McGregor, who arrived in Dawson

towards the end of 1897, remained there until the end of July, 1898, when he came east to Brandon and Ottawa. He left Brandon again for Dawson about February 21, 1899, arriving in Dawson early in April. He then remained in Dawson until the end of September last, when he again came east. While I do not wish to appear as criticising the working of your department, still I would like to be informed whether these trips of Mr. McGregors' were considered to be in the public interests. I would also ask why the expenses of his return trip to Dawson last spring, amounting to \$814.90, were paid out of the Local Revenues instead of out of your appropriation.

There appears to be an over-payment of \$52 to Mr. McGregor, as the last three items in his account for his expenses from Dawson to Ottawa appear to be included in the first items of his account returning, being the expenses of a trip from Brandon to Ottawa early in January last.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Dec. 6, 1899.

DEAR SIR,—I am in receipt of your letter of the 2nd instant, and in reply beg to state that my attention had already been called to the question of Mr. J. D. McGregor's position. I was under the impression that he had ceased to act as Inspector of Mines after his appointment as Chief License Inspector, and I have asked for a report on the subject. It may be quite possible that the Comptroller of the Yukon Territory has been paying Mr. McGregor only the difference between the salary of \$150 per month, which is being paid his attorney here, and the remuneration of \$200 per month which he is being allowed by the local Government in his capacity as Chief License Inspector. I do not think that it is at all likely that he is receiving salary at both ends, as the Comptroller is well aware that Mr. McGregor has left a power of attorney with the department. Of course, if he is acting as License Inspector he is entirely under the control of the local administration, and his salary ought to be paid from local revenue. I hope to be able to advise you definitely in the course of a few days with regard to this matter. As to Mr. McGregor's coming out of the Yukon, both last year and this year, I may say that he came at the request of the Minister, and consequently his expenses were paid by the department. I will have the matter referred to in the last paragraph of your letter, with reference to what appears to be an over-payment of \$52 to Mr. McGregor, looked into at once, and will communicate further with you on the subject as soon as possible.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, D.M.I.

AUDIT OFFICE, OTTAWA, Dec. 11, 1899.

SIR,—I am in receipt of your letter of the 6th instant, with reference to the payments to Mr. J. D. McGregor, by your department and by the Commissioner of the Yukon. As to your suggestion that the Comptroller of the Yukon Territory has been paying Mr. McGregor only the difference between the salary of \$150 per month, which is being paid to his attorney, and the remuneration of \$200 per month allowed by the local Council as Chief License Inspector, I beg to point out that the returns of the expenditure under the Local Revenues, received at this office from the Comptroller show, beyond a doubt, that the full amount of \$200 a month has been paid him at Dawson. When Mr. McGregor ceased to act as Mining Inspector and took up the duties of License Inspector, the Comptroller doubtlessly felt that he, Mr. McGregor, was then entirely under the control of the local administration, and that his full salary ought to be paid from the Local Revenue, as he was no longer acting as an official of the Dominion Government, and that accordingly there was no appropriation out of which payments could legally be made under his power of attorney. With reference to the overpayment of \$52 to Mr. McGregor, on account of travelling expenses, the account for his travel after January 1 last is on file at this office, having been sent in in support of the local expenditure, and may be examined at any time by an officer from your department. I trust you will give me any further explanations you may wish to make on this or any transactions under discussion at as early a date as possible, in order that the matter may be straightened before my report on your expenditure is put into print, which will be very shortly.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

SESSIONAL PAPER No. 1

DEPT. OF THE INTERIOR, OTTAWA, Dec. 13, 1899.

SIR,—In further reference to Mr. Smart's letter of the 6th instant, I have the honour to inform you that a letter has been written to Mr. McGregor, pointing out the overpayment, and asking him to refund the amount to the department as soon as possible. No doubt the error occurred through Mr. McGregor having rendered his first account to the department at Ottawa, whilst the statement of his expenses for the return trip to Dawson was dealt with by the Commissioner of the Yukon. Mr. McGregor evidently did not have a copy of the first account with him at the time, and therefore overlooked the fact that he had charged the items mentioned by you in his former account.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, A.S.

The Auditor General.

NOTE.—The overpayments were refunded by Mr. McGregor on January 25, 1900. J. L. McD., A.G.

Payment of Gratuity to Widow of Late W. G. Stuart.

AUDIT OFFICE, OTTAWA, August 9, 1899.

SIR,—I am in receipt of your application for a transfer entry, crediting Immigration Contingencies and General Expenses, 1898-99, and debiting gratuity to the widow of late W. G. Stuart for cheque issued by the High Commissioner, and before passing the entry I would ask to be informed why this cheque was issued by the High Commissioner and charged to Immigration ?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of the Interior.

DEPT. OF THE INTERIOR, OTTAWA, August 21, 1899.

SIR,—I have the honour to acknowledge your letter of the 9th instant, and in reference thereto am to state that from the correspondence on file it appears that the High Commissioner was under the impression that the widow of the late Mr. Stuart was entitled at the time of his demise to the current month's salary. He died on the 2nd April last, and the widow was paid a gratuity equal to one month's salary, from the Immigration vote, out of which appropriation her late husband had been paid. The vote for the gratuity equal to two month's salary having been granted by Parliament a requisition was made for a Bill of Exchange in favour of Mrs. Stuart, for \$100, and the transfer of the amount paid erroneously by the High Commissioner will straighten matters out.

I am, sir, your obedient servant,

Living Allowance to Employees in Yukon Territory.

AUDIT OFFICE, OTTAWA, Sept. 8, 1899.

SIR,—I am in receipt of an Order in Council, dated the 5th instant, in which the giving of rations to the various employees in the Yukon Territory is discontinued, and the Minister of the Interior is empowered to make such living allowances as he may from time to time think just.

I would be pleased to have a list of the allowances so provided.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of the Interior.

DEPT. OF THE INTERIOR, OTTAWA, Sept. 20, 1899.

SIR,—In reply to your letter of the 8th instant, I am directed to say that it has been decided that living allowances should be made to all officials in the Yukon Territory on the following basis:—The Commissioner, \$2,000 per annum; the Gold Commissioner, Legal Adviser, Comptroller, Registrar, and the Crown Timber and Land Agent, \$100 per month each; inspectors and other persons, who are required to travel within the Territory, actual transportation expenses and \$3 per day for board, and when at head-quarters, an allowance of \$3 per day. All the other officials and clerks in the offices will receive an allowance of \$75 per month. This arrangement is to remain in effect until the 1st of July, 1900.

I am, sir, your obedient servant,

Overpayment to Employees of J. E. Wood, Surveyor.

AUDIT OFFICE, OTTAWA, Dec. 22, 1899.

SIR,—In the survey accounts of Mr. J. E. Wood, for surveys near Lake Manitoba during the season of 1898, I find that over-payments of \$3 have been made to E. Dufault and D. McBeath for their services as axeman and chainman respectively, they having worked 235 days and were paid for 238. Please have the amount overpaid refunded by Mr. Wood.

I am, sir, your obedient servant,

Outstanding Accounts for Expenditure by Immigration Commissioner McCreary.

AUDIT OFFICE, OTTAWA, Dec. 22, 1899.

SIR,—I beg to call your attention to the accompanying statement of payments made by Mr. W. F. McCreary, and charged to the Immigration vote for 1898-99, for which I have not received any vouchers. In my letter, dated November 12, 1898, I requested you to remind Mr. McCreary that vouchers are required for every item of expenditure, and that advances should be accounted for with as little delay as possible. I find, however, that these accounts are rendered in a not much more satisfactory state than when I wrote as above.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Statement of Expenditure Should Show the Classification.

AUDIT OFFICE, OTTAWA, August 28, 1899.

SIR,—I am in receipt of your application to repay the bank for cheques issued by W. F. McCreary and Alex. Moffat during the month of July, and while I am passing your application, I beg to return the vouchers and accompanying statements in order that a proper classification of the expenditure may be made by Mr. McCreary, showing under separate totals the expenditure which was made and for which liens were taken, or for which no liens were taken, but which was intended as an advance only, the expenditure on account of destitute immigrants, the expenditure on account of Doukhobors, or servant girls, or any other special expenditure.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Sept. 29, 1899.

SIR,—I am in receipt of your application to repay the bank for cheques issued by W. F. McCreary and Alex. Moffat during the month of August, and while I am passing your application for this month, I am returning the vouchers and statements that they may be dealt with as requested in my letter of August 28 last, with reference to the July accounts. Please inform me what action has been taken with reference to the July accounts.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Oct. 9, 1899.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 29th ultimo, with regard to the vouchers and statements of the Immigration Commissioner at Winnipeg, for the month of July last, and in reply to say that on the 31st of August

63 VICTORIA, A. 1900

last, the vouchers and statements in question were returned to the Immigration Commissioner in order that action might be taken as required by you. No reply has yet been received from him, and I am sending him a copy of this letter as a reminder, in order that he may dispose of the matter as quickly as possible. I am at the same time sending the Immigration Commissioner the vouchers and statements for the month of August, which you returned with your letter now under acknowledgment, and I am asking the Commissioner to deal with them in the same manner as the July accounts, in accordance with your request to that effect.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

AUDIT OFFICE, OTTAWA, Oct. 31, 1899.

SIR,—I am in receipt of your application to repay the bank for cheques issued during the month of September by Mr. W. F. McCreary and Alex. Moffat, and also in receipt of an application for a further letter of credit for \$20,000. I am passing your application to repay the bank, but before issuing the letter of credit, I beg to draw your attention to correspondence which has passed between this office and your department with reference to the July and August accounts against this credit. Since the receipt of your letter of the 9th instant, I have also received the July accounts. The statement which accompanies them will answer the purposes of this office. I find, however, that the statements for the September accounts just now received are made up in the usual way, and no notice seems to have been taken of the correspondence or the requirements of this office. Until some further explanation is received I shall be compelled to decline to issue any further letter of credit. I return the vouchers and statements for September that they may be dealt with as were those for July.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Oct. 31, 1899.

DEAR SIR,—Mr. Robertson, of the Accountant's Branch of this department, advises me that you have declined to issue a letter of credit for \$20,000 in favour of W. F. McCreary and his accountant, in accordance with my requisition to that effect, the reason of the refusal being that Mr. McCreary's accounts are not in proper order. I may say that this is the first intimation I have had that the accounts did not meet with the requirements of your office, and I must add that I am quite surprised to hear that this is the case. I am just as anxious as yourself with regard to the adjustment of these accounts in such a way as the expenditure will be clearly shown and arranged in proper order, and will do what I can to attain this end. On the other hand, however, I may point out that while the issuing of the letter of credit applied for is of little or no importance to me personally, it is of the utmost importance to a number of people to whom the department is indebted for supplies and accommodation which it was found necessary to provide in connection with the large immigration of the present year. I should be very sorry if through the refusal of the Government to issue the letter of credit applied for they should be made to suffer any personal inconvenience, as I have no doubt they will if the money is not sent forward. If the accounts have to be gone over here again, then directions given to Mr. McCreary as to what is required and await their return from his office, it will no doubt occupy a number of days, and under the circumstances I would be glad if you would kindly reconsider your decision and allow the letter of credit to go through.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, D.M.I.

AUDIT OFFICE, OTTAWA, Nov. 3, 1899.

SIR,—With reference to your letter of the 31st ultimo, dealing with my objection to renewing the credit of \$20,000 to Mr. W. F. McCreary and his accountant, I have to say that as soon as the letter came before me yesterday I caused a credit to be issued, and intimated the fact to you through the telephone. As you now have information about the requirements of this office which have not been complied with, I trust that there will be no delay in doing so.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

AUDIT OFFICE, OTTAWA, Dec. 22, 1899.

SIR,—I beg to call your attention to my letter of November 3 last, and previous correspondence, with reference to the vouchers and statements forwarded by Mr. W. F. McCreary in support of his expenditure on account of Immigration. Up to the present I have received only the July accounts properly classified, and would ask if it is not possible to supply this office with the accounts more promptly.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

AUDIT OFFICE, OTTAWA, Dec. 23, 1899.

SIR,—Since writing my letter of yesterday, I am in receipt of your application to repay the bank for cheques issued during the month of October by Mr. W. F. McCreary. I find, however, that the statements which accompany the vouchers are in the same form as those complained of in my letter of August 28 last and subsequent correspondence. I have to inform you accordingly that I shall be compelled to decline to issue any further letter of credit to Mr. McCreary until the necessary statements are furnished this office. You will understand that I assume that Mr. McCreary has disregarded your request as well as mine.

I return the statements and vouchers herewith.

I am, sir, your obedient servant,

Payment for Sundays to Swamp Lands Commissioners.

Extract from Order in Council, 5th November, 1898.

On a memorandum, dated 27th September, 1898, from the Minister of the Interior, submitting that by an Act passed at the Session of the Dominion Parliament held in the year 1885 (48-49 Victoria, Chapter 50, Section 1) Swamp Lands situated in the Province of Manitoba were granted to that Province, and that by an Order of Your Excellency in Council, dated 19th June, 1886, provision was made for the selection of such lands, and that certain of these lands have been selected and transferred to the Province.

The Minister further submits that, on representations made by the Government of the Province of Manitoba, who reported that the work of the selection of these lands was not being satisfactorily performed, the services of the Commissioners who were appointed to make the selection were dispensed with, as reported in the memorandum of the Acting Minister of the Interior to Your Excellency in Council, dated 5th September, 1896.

The Minister considers it necessary and expedient that the selection should be proceeded with and concluded at as early a date as possible, and in order to carry out this purpose, he recommends that Messrs. Hamilton A. Jukes and Mark Fortune, both of Winnipeg, be appointed Commissioners to make such selections and submit a joint report of their work, their remuneration to be at the rate of \$10 per diem each while actually engaged in the work of selection (Sundays excluded) with an allowance of fifty cents per diem for expenses while in the field. The Committee submit the foregoing recommendation for Your Excellency's approval.

H. G. LAMOTHE, *Asst. C.P.C.*

Extract from Order in Council, 3rd December, 1898.

On a memorandum, dated 23rd November, 1898, from the Minister of the Interior, recommending that Mr. W. A. Ducker, of Winnipeg, Manitoba, be appointed a Commissioner, under the provisions of the Order in Council of the 19th June, 1886, in that behalf, for the selection of swamp lands in the Province of Manitoba, in lieu of Mr. Mark Fortune, resigned. Mr. Ducker's remuneration to be at the rate of \$10 per diem while actually engaged in the work of selection (Sundays excluded) with an allowance of fifty cents per diem for expenses while in the field. The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

Extract from Order in Council, 13th May, 1899.

On a memorandum, dated 30th March, 1899, from the Minister of the Interior, stating that by Orders in Council, dated respectively 5th November (P.C. 2340) and 3rd December (P.C. 2695) 1898, Messrs. Hamilton A. Jukes and W. A. Ducker were appointed Commis-

sioners, under the provisions of the Order in Council of the 19th of June, 1886, in that behalf, for the selection of Swamp Lands in the Province of Manitoba, their remuneration being fixed at the rate of \$10 per diem each while engaged in the work of selection (Sundays excluded) with an allowance of fifty cents per diem for expenses while in the field.

The Minister is of opinion that as the work devolving upon Messrs. Jukes and Ducker under their Commissions is of a continuous character they are fairly entitled to pay, at the rate mentioned, for every day while engaged in the work of selection, including Sundays, and he, therefore, recommends that the Orders in Council of 5th November and 3rd December, 1898, above referred to, be amended accordingly. The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, May 22, 1899.

SIR,—I am in receipt of an Order in Council, dated May 13, 1899, amending the Orders in Council of Nov. 5, 1898, and Dec. 3, 1898, appointing Messrs. H. A. Jukes and W. A. Ducker as Commissioners for the selection of Swamp Lands in Manitoba, by allowing them pay for Sundays. As the agreement made with these gentlemen, as set forth in the original Orders in Council, specially provided that they should not be paid for Sundays, I am of opinion that the amending order cannot be made retroactive, and that while a new agreement may possibly be made allowing pay for Sundays in the future, still they cannot be paid for the Sundays intervening between the dates of their first appointment and the date of the amending order, unless it be clearly shown that they were actually engaged in the business of the commission on such days. Please do not pay this through your credit until this decision is overruled in the event of your appealing against my view.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

Extract of Order in Council, 26th December, 1899.

INTERIOR.

On a memorandum, dated 23rd December, 1899, from the Minister of the Interior, stating with reference to the Order in Council, dated 13th May, 1899, P.C. 691, authorizing the payment of salary to Messrs. H. A. Jukes and W. A. Ducker, Swamp Lands Commissioners, at the rate of \$10 a day for every day while engaged in the selection of swamp lands, including Sundays, and amending the Orders in Council of the 5th November and 3rd December, 1898, appointing Messrs. Jukes and Ducker, accordingly. That the Auditor General points out that as the original Orders in Council specially provided that the Commissioners should not be paid for Sundays, he (the Auditor) is of the opinion that the amending order cannot be made retroactive, and that while a new agreement might possibly be made allowing pay for Sundays in the future, still they cannot be paid for the Sundays intervening between the dates of their first appointment and the date of the amending Order in Council.

The Minister, therefore, recommends that the Order in Council, dated 13th May, be amended so as to include the payment to Messrs. Jukes and Ducker at the rate of \$10 a day each for the Sundays intervening between the dates upon which they commenced the work of selection of swamp lands and the date of the order of the 13th May, above mentioned. The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, Dec. 28, 1899.

SIR,—I have a copy of the Order in Council of the 26th instant, providing for payment to Messrs. H. A. Jukes and W. A. Ducker, Swamp Lands Commissioners, for the Sundays intervening between the date of their appointment and the 13th May last. If you refer to my letter of the 22nd May, you will find that I draw a distinction between Sundays on which the Commissioners worked during the period and those on which they did no work, that, in my opinion, under no circumstances could they be paid for Sundays on which they did no work, but that for Sundays on which they worked they might be paid. Now, the Order in Council to which I refer makes no qualification as to the Sundays for which they are to be paid, but allows payment for every Sunday which, as I pointed out before, seems beyond the power of the Governor in Council to authorize. As a matter of fact I presume that the Commissioners did not work on Sunday. Although it is no

business of mine to indicate whether service is to take place on Sunday or not, I assume that in this country, unless there was necessity for working, the Government would not countenance work on that day. Therefore, I suppose, as there was no necessity in this case for work on Sunday, that no work was done, and, therefore, pay is not legal.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Jan. 2, 1900.

DEAR SIR,—I am in receipt of your letter of the 28th ultimo, in which you take exception to the payment to Messrs. H. A. Jukes and W. A. Ducker, Swamp Land Commissioners, for the Sundays intervening between the date of their appointment and the 13th May last, as provided by the Order in Council of the 26th ultimo in this behalf. In reply, I beg to point out that the old Commissioners were always paid for Sundays, and if the present Commissioners have worked on that day I cannot see any reason why they should not be paid, although my personal impression is that no official should be required to work on that day. However, as the present Commissioners' rate of pay has been fixed by Council at \$10 per day for the seven days in the week, like in the case of all other Commissioners appointed by the Government, I do not see why there should be any difficulty now in paying them what they are authorized to receive.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, D.M.I.

AUDIT OFFICE, OTTAWA, Jan. 4, 1900.

SIR,—I am in receipt of your letter of the 2nd instant, with reference to the payment to Messrs. H. A. Jukes and W. A. Ducker for Sundays intervening between the date of their appointment and the 13th May last, and in reply I would ask to be supplied with the evidence showing that these Commissioners worked on the days in question.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

Re Fines and Forfeitures, N.W.T.

AUDIT OFFICE, OTTAWA, May 1, 1899.

SIR,—I find upon examination of the return of fines and forfeitures, N.W.T., covering the period from December 29, 1897, to January 5th, 1899, and amounting to \$2,544.86, that there are errors in addition on the ninth and fourteenth pages of \$1 and \$5 respectively, which increase the total to \$2,550.86. In consequence there is a short deposit of \$6.

I have also to call your attention to the fact that one deposit was made of \$2,544.86 to cover the above return, and to point out that section 5 of the Treasury Board Regulations of December 30, 1889, requires that a deposit should be made whenever \$25 or more is on hand.

Be good enough to ask the Territorial Treasurer to deposit the shortage of \$6, and to advise him to make deposits in accordance with the above described regulation.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPARTMENT OF THE INTERIOR, OTTAWA, June 13, 1899.

SIR,—Referring to your letter of the 1st ultimo, with respect to the return of fines and forfeitures received from the Government of the North-west Territories covering the period from the 29th December, 1897, to the 5th January, 1899, I am directed to inform you that the Territorial Treasurer has been advised of the errors in addition on the ninth and fourteenth pages of the return of \$1 and \$5 respectively, and he has been asked to make a deposit of the shortage of \$6.

His attention has also been called to the requirements of section 5 of the Treasury Board Regulations of 30th December, 1889, and he has been requested in future to make his deposits in accordance with such regulations.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

SESSIONAL PAPER No. 1

DEPARTMENT OF THE INTERIOR, OTTAWA, August 22, 1899.

SIR,—In further reference to your letter of the 1st May last, I am directed to state that a communication has been received from the Deputy Attorney General, Regina, forwarding a corrected statement and explaining the errors to which the attention of the department was called. A copy of Mr. Robson's letter is, together with the statement mentioned, inclosed herewith, which it is hoped will satisfactorily settle the matter.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, A.S.

The Auditor General.

GOVERNMENT OF THE NORTH-WEST TERRITORIES OF CANADA,
DEPARTMENT OF THE ATTORNEY GENERAL, REGINA, June 22, 1899.

SIR,—Your letter of the 13th instant, file 75038, has been received.

The errors in addition (in the statement of fines forwarded to you on the 9th February last) referred to in your letter as having been pointed out by the Auditor General, must arise from clerical errors in the copy forwarded, as no such errors appear in the original statement on the files of this department. I inclose herewith an extract from the original statement showing names of accused and amount of penalty in each case, from a comparison of which with the statement it will be easily seen how the apparent errors have arisen.

As the Government of the Territories is under no responsibility to collect from justices of the peace penalties recovered by them, but merely undertakes the work in order that there may be no doubt that moneys levied are sent in, the Government cannot be expected to assume the work entailed in making returns at each time \$25 may be in the Trust Fund. The course proposed hereafter is that remittances shall be made quarterly. That method should be satisfactory to the Dominion Government. Should it not be so, and the justices are instructed to remit direct to Ottawa, the certainty of prompt remittance will not be so great as where a check can be kept on every fine imposed as is done here.

As requested, in future a separate deposit will be made of all fines collected for offences under the Indian Act, and the receipt and bank draft therefor, together with the necessary statement, forwarded direct to the Department of Indian Affairs.

A similar course will (under the Fisheries Act, Sec. 18, 5) be followed in making a separate deposit and forwarding to the Department of Fisheries a separate statement with respect to moieties paid to this department of fines imposed by justices of the peace under that Act.

Your obedient servant,

H. A. ROBSON, *Dy. Att. Gen.*

The Secretary, Department of the Interior.

Re West Saskatchewan Land Registration District.

AUDIT OFFICE, OTTAWA, May 8, 1899.

SIR,—The last return of registration fees for the district of West Saskatchewan received at this office, is that for November last. The deposits for the fees of October and November were made December 9th; none have since come to account.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of the Interior.

DEPARTMENT OF THE INTERIOR, OTTAWA, May 16, 1899.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 8th instant, with regard to the fees of the registrar of the West Saskatchewan Land Registration District, and to inclose, herewith, for your information, a copy of a letter which was addressed upon the 15th ultimo to Mr. F. R. Chisholm, who was recently appointed registrar of the district, vice Mr. W. J. Scott, deceased.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, A.S.

The Auditor General.

DEPARTMENT OF THE INTERIOR, OTTAWA, April 15, 1899.

SIR,—I am directed to request you to give the following matter immediate attention after you are qualified to assume the duties of registrar of the West Saskatchewan Land District, that is so soon as you have complied with the provisions of sections 24 and 25 of "The Land Titles Act, 1894."

You will find upon examining the records of the Land Titles Office at Battleford that it is the duty of the registrar to furnish a monthly statement of the fees paid to him for the services performed by him as registrar, and a statement of the deposits which are made by him to cover such fees. The last statement of fees which was received here from the late registrar, W. J. Scott, deceased, is a statement for November last. You will, therefore, examine the records of the office and furnish a statement of the fees which were received during each month from the 30th of November last until the office was closed.

I am, sir, your obedient servant,

F. R. Chisholm, Esq., Registrar, Battleford, Sask. LYNWODE PEREIRA, A.S.

DEPARTMENT OF THE INTERIOR, OTTAWA, August 9, 1899.

SIR,—I have the honour, by direction, to refer to previous correspondence with you upon the subject, and to inform you that Mr. F. R. Chisholm, who has succeeded the late Mr. W. F. Scott, as registrar of the West Saskatchewan Land Registration District, has reported that according to the day book of the Land Titles Office for that district, no fees were received since those last reported by Mr. Scott, namely, the fees for November last.

I am, sir, your obedient servant,

The Auditor General. LYNWODE PEREIRA, A.S.

AUDIT OFFICE, OTTAWA, Oct. 9, 1899.

SIR,—I wrote to you May 8th that the last return of registration fees received from the West Saskatchewan district was that of November last.

You replied on August 9th that Mr. R. F. Chisholm, who had succeeded the late Mr. Scott as registrar, had reported that according to the day book of the office, no fees were received since those of November last.

I have to inform you that there are still no returns to hand from this office, and I shall be very glad to have an explanation.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. L. McDUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Dec. 13, 1899.

SIR,—I have the honour, by direction, to refer to Mr. Rothwell's reply of the 12th October last, to your letter of the 9th of that month, in which inquiry was made as to fees which had been received by Mr. R. F. Chisholm, as Registrar of the East Saskatchewan Land Registration District, since his appointment to that office in November, 1898, and to inform you that it appears from statements which have been furnished by Mr. Chisholm that he received no fees until the month of July last, and that during that month he received fees, amounting in all to \$74.50. In August last the fees which he received amounted to \$19.90, and in September last, he received fees amounting to \$15.51. Amounts to balance the amounts of such fees have been deposited by Mr. Chisholm, who has also furnished this department with the usual statement of fees for each of the three months. He has advised the department that he was not aware that it was necessary to furnish a copy for your information, but his attention has been particularly drawn to the regulations which govern this matter, and he has been requested to prepare and furnish you with a duplicate of each of the statements referred to, and of each similar statement which he may forward in future. He has also been requested to send the copies of the statements for July, August and September last under cover of a letter to you containing the statements that no fees were received by him between the date of his appointment and the 1st of July last, and that the fees mentioned in the statements for July, August and September last are the only fees he received up to the 1st October last.

I am, sir, your obedient servant,

The Auditor General. LYNWODE PEREIRA, A.S.

SESSIONAL PAPER No. 1

Re Crown Timber Agents.

AUDIT OFFICE, OTTAWA, May 30, 1899.

SIR.—The counterfoils of timber permits, numbered 29364 and 29365, and general receipt No. 7602, issued by the agent at Lethbridge in August, 1898, have not been received. The agent at New Westminster has not accounted for timber permits, numbered from 26364 to 26500, and general receipts, numbered from 7347 to 7400. A new book of permits was commenced on Sept. 9, and of receipts on Oct. 12, 1898. I have to inquire what disposition was made of them?

The agent at Souris has omitted furnishing the cancelled hay permits, numbered 19484 and 25635. The counterfoils were received with the returns.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPARTMENT OF THE INTERIOR, OTTAWA, June 3, 1899.

SIR.—I am directed to acknowledge the receipt of your letter of the 30th ultimo, stating that the counterfoils of timber permits numbered 29364 and 29365, and general receipt numbered 7602 issued by the agent of Dominion Lands at Lethbridge in August, 1898, had not been received.

In reply I am to say that upon receipt here of the agent's return for that month he was advised that the said coupons and receipt did not accompany the same. In reply the agent stated that the coupons and receipt accompanied his weekly return, but the clerk of this department, who examines the returns, reported that they did not accompany the return. The agent was advised to that effect and asked to make a further search in his office. In reply the agent stated that a careful search had been made, and he is positive that they were forwarded to the department with his returns. A further search has been made in this department with the result that the missing coupons and receipt cannot be found.

With reference to the second paragraph of your communication, I am to say that the agent at New Westminster will be instructed to forward the permits and general receipts therein mentioned, if they are in his possession, but it is thought that they were destroyed by fire.

The agent at Souris will be asked to furnish the cancelled permits referred to in the last paragraph of your communication.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

DEPARTMENT OF THE INTERIOR, OTTAWA, June 27, 1899.

SIR.—Referring to your letter of the 30th ultimo, I beg to inform you that the agent of Dominion Lands, Brandon, has now forwarded to this department cancelled permit No. 19484, which he states was folded in with other stubs and must have been overlooked. The permit in question is herewith inclosed.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

DEPARTMENT OF THE INTERIOR, OTTAWA, July 10, 1899.

SIR.—Referring to the second paragraph of your letter of the 30th May last, I beg to inclose herewith a copy of a statutory declaration made by Mr. James Leamy, Crown Timber Agent at New Westminster, showing that the permit and receipt forms referred to in that paragraph of your communication were destroyed with his office in the fire which took place in September last.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

In the matter of Timber Permit Blanks and General Receipt Blanks.

I, James Leamy, of the city of New Westminster, British Columbia, do solemnly declare that timber permit blanks, numbering from 26364 to 26500, contained in permit book in use up to the 10th of September, 1898, were destroyed by the fire of that date.

(2.) General receipt blanks, numbered from 7347 to 7400, were also destroyed by the fire of above mentioned date.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1893."

JAMES LEAMY, *Crown Timber Agent.*

Declared before me at New Westminster,
in the province of British Columbia,
this 27th day of June, A.D. 1899.

PETER GRANT, *J.P.*

AUDIT OFFICE, OTTAWA, Nov. 13, 1899.

SIR,—I have to call your attention to the following items pertaining to the returns of several of the Crown timber agents for the year ended June 30 last, viz. :—

CALGARY.

Hay permits Nos. 31402 and 31403 were issued on June 23, 1899, to Alex. Martin and John Dunn, to cut 150 tons and 100 tons respectively. The office fee of 50 cents in each case was all that was paid. The usual practice has been that of collecting the dues of 10 cents per ton when issuing the permit. Why was it not done in these cases, and when were the dues paid ?

The agent enters upon the monthly copy of his cash book the total receipts for the week on account of hay or timber permits en bloc. I wrote you on August 31, 1898, in regard to this practice, and in my letter mentioned this agent.

* * * * *

EDMONTON.

Timber permit No. 34743 is not entered on the agent's return, and the counterfoil has not been received.

LETHBRIDGE.

The counterfoils of timber permits Nos. 29484 to 29494 inclusive, are entered on the May return, but have not been received.

LITTLE SASKATCHEWAN.

Hay permit No. 27791 was issued to A. Doyle on June 29, 1899, to cut 20 tons of hay, \$2.50, and is entered on the return for \$2 only.

TOUCHWOOD.

General receipt No. 8349 has apparently been cancelled, but neither the counterfoil nor receipt has been received.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, Nov. 18, 1899.

SIR,—I am directed to acknowledge the receipt of your letter of the 13th instant, calling attention to certain items pertaining to the returns of several of the Crown timber agents for the year which ended on the 30th June last. In reply I am to say that hay permit 31402 was issued at the Calgary agency in favour of Mr. Alex. Martin, who has obtained a lease of the ground upon which the hay was cut. The lease provides that the lessee may obtain each year the first permit to cut whatever quantity of hay he requires for his own use without payment of dues. It was, therefore, only necessary for Mr. Martin to pay the fee of 50 cents for the issue of a permit. The same remark applies to permit No. 31403 issued to Mr. J. W. Dunn. The agent at Calgary was written to upon

SESSIONAL PAPER No. 1

receipt of your letter of the 31st of August, 1898, with reference to his cash book, and he will again be reminded of the instructions which were sent to him and told that in future it is necessary that these instructions be carried out.

* * * * *

With reference to timber permit No. 34743 issued at Edmonton agency, I am to say that the agent reported that this number had been torn off and no permit issued. The correspondence in connection with this matter accompanied the July returns from this department.

Counterfoils of permits No. 29484 to 29494, inclusive, issued at the Lethbridge agency were received here in May and forwarded to you with the May returns.

Hay permit No. 27791 was issued at the Little Saskatchewan agency to Mr. A. Doyle, to cut 20 tons of hay. The counterfoils showed that \$2 had been paid. The agent has been written to and asked to deposit the 50 cents shortage.

Crown timber receipt No. 8349 from the Touchwood agency was received with the July statements, and was forwarded to you with the returns for that month.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

AUDIT OFFICE, OTTAWA, Nov. 29, 1899.

SIR,—You state in your letter of the 18th instant that certain counterfoils asked for in my letter of the 13th were forwarded to this office with the July returns. Owing to the task of preparing and publishing the Audit Report, the vouchers for any current year cannot be touched till the report is finished. Consequently, I have to ask that vouchers appertaining to a year coming in after its close, may be furnished in a separate parcel from those for the then current year.

You state that the counterfoils of permits Nos. 29484 to 29494, inclusive, issued at the Lethbridge agency, were forwarded to this office with the May returns. Though the May returns have been carefully gone over no trace of these counterfoils can be found.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Jan. 4, 1900.

SIR,—Referring to your letter of the 29th November last, with respect to counterfoils Nos. 29484 to 29494 inclusive, in which you state that the May returns had been carefully gone over, but no trace of these counterfoils can be found. I beg to say that the records of this department show that the counterfoils referred to were received from the Agent of Dominion Lands at Lethbridge in May last, and were forwarded to you with the returns for that month. The agent at Lethbridge has been written to, and the records here have been carefully examined, but neither at Lethbridge nor in this department can any trace of the counterfoils be found.

I am, sir, your obedient servant,

The Auditor General.

P. G. KEYES, Secretary.

Re Royalty on Gold Mined - Yukon District.

AUDIT OFFICE, OTTAWA, June 7, 1899.

SIR,—The Order in Council of January 18, 1898, sections 30 and 31, provides that a royalty of 10 per cent be paid on the gross output, less \$5,000 of all gold mined in the Yukon district; the time and manner of payment to be provided for by regulations to be made by the Gold Commissioner. I have to ask for a copy of these regulations.

The returns furnished in connection with the revenue of 1898-99 are accompanied by counterfoils numbered consecutively, of the receipts issued. These afford some evidence that the revenue actually collected is accounted for.

I have seen no evidence that the royalty was paid in every case where it should have been paid, or that the amount that was paid was the amount that should have been paid.

The inspectors' returns showing the quantity of gold dust in the output and how it was arrived at as well as the method of determining the average value in currency per ounce should be furnished. All other vouchers or certificates required by you, or which may occur to you as advisable to require, should also be forwarded to this office. None

of the returns furnished now to this office are even signed. Please have them signed and certified by the collecting officer and examined and certified by the accountant at Dawson and the Gold Commissioner.

Would it not be practicable to you at the end of each season's wash-up to give a complete history of the operations of the working year just closed, in which history every distinct licensed field of operations as taken from the records would have its output fully accounted for?

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDougall, A.G.

DEPARTMENT OF THE INTERIOR, OTTAWA, June 23, 1899.

SIR,—I am directed to acknowledge the receipt of your letter of the 7th instant, in relation to the collection of royalty upon the gross output of gold in the Yukon Territory, and in reply to say that the regulations provide that the time and manner in which such royalty shall be collected shall be governed by the regulations made by the Gold Commissioner. Mr. Thomas Fawcett, who was Gold Commissioner at the time the last collection of royalty was made, has lately furnished this department with a report showing the method adopted last year to collect the royalty, and a copy of the same is inclosed herewith for your information. The department is not aware what system is being adopted by the present Gold Commissioner, but he is being asked to report to the department in regard to this, and a copy of your communication will also be sent to him.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

OTTAWA, June 13, 1899.

Re collection of royalty during the summer, 1898, I beg to report as follows:—

1. The only claims which were working to the extent which subjected them to the payment of royalty were those on Eldorado, Bonanza and Hunker Creeks.

2. Notices were posted at intervals all along these creeks, through which claim owners were informed that the royalty should be paid on the 1st and 15th of each month to the mining inspectors at the Forks of Eldorado, or at the Bank of Commerce in Dawson.

On Hunker Creek the miners were notified to report at the Commissioner's office, Dawson, on the 1st of each month. These reports were required whether royalty was payable or not.

On Bonanza and Eldorado the mining inspectors examined the claims to ascertain if all who were working had reported. On Hunker a policeman was appointed to that duty by Commissioner Walsh. When a claim was found that was being worked for which returns had not been made, a notice was posted on the claim allowing the delinquent ten days in which to report, and drawing his attention to the penalty for non-compliance referred to in Sec. 31 of the regulations governing placer mining in the territory.

3. In each case the miner reporting made an affidavit or statutory declaration which contained the number, or description of the claim, the time covered in the return, viz., date of beginning and ending; the total output in ozs., and the amount of royalty, also a certificate as to the accuracy of the return.

Those who paid royalty at the bank filled out and made affidavit to the return at the office and took it to the bank, these would be filed away at the bank. I do not know what the inspectors did with the affidavits taken by them—Capt. Bliss, who was accountant at that time, kept the account of the royalty and did not prepare a return for the Gold Commissioner's office. The Commissioner (Commissioner Walsh) himself superintended to a great extent the collection of royalty.

The affidavits above mentioned would contain all the information asked for in the Auditor General's letter, and if required, they would probably be obtainable. The bank might not be willing to give up those on file there, as they show the authority for the transactions which took place at the bank in *re* collection of royalty.

4. As to valuation, I may say that one-tenth of the dust was taken as royalty. This would be the proper proportion whatever the gold would assay, and is independent of the valuation.

The Bank of Commerce has in connection therewith a complete plant for assaying and casting the gold into bricks or bars. They determine the value by analysis of the metal or metals.

5. The collection of the royalty this year is in the hands of the North-west Mounted Police, and I think they can be depended upon to see that none are missed.

THOS. FAWCETT.

AUDIT OFFICE, OTTAWA, July 7, 1899.

SIR,—Upon examination of the counterfoils of royalty certificates recently received from your department, I observe that in all but fifteen cases the total production which is stated on the counterfoils is the amount upon which the 10 per cent royalty is collected, and I would be glad to have an explanation of the allowances which appear to have been made on the following list:—

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDougall, A.G.

DEPARTMENT OF THE INTERIOR, OTTAWA, Oct. 27, 1899.

SIR,—Referring to your letter of the 7th of July last, with respect to the payment of royalty on the gold production of the Yukon Territory, and the departmental reply thereto of the 30th of the following month, I beg to inclose herewith for your information a copy of a communication dated the 22nd ultimo from the Gold Commissioner of the said Territory with reference to this matter.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

OFFICE OF THE GOLD COMMISSIONER, DAWSON, YUKON DISTRICT, Sept. 22, 1899.

SIR,—I beg to acknowledge receipt of your letter of the 30th ultimo, inclosing a copy of a letter from the Auditor General's office asking for information in relation to certain payments of royalty during the year 1898. Some of these payments cannot be explained. However, upon referring to the letter from the Auditor General's office, I can explain certain of the differences.

Counterfoil No. 2, the difference of \$250 has reference to the exemption allowed for the year.

Counterfoils Nos. 14, 21, 23, 24, 26 and 27, all show a difference between 10 per cent and the royalty collected of \$335. This refers to the \$250 exemption, and an additional amount of \$85, which acted as a repayment in all cases where \$100 was paid by miners for renewal of their claims; the total amount coming to \$335.

Counterfoil No. 19, shows a difference of \$123 according to the Auditor General's letter. There is a mistake there in the figures. Instead of \$39,835 of total production, the figures should have been \$39,855. You see, therefore, that the difference would have been \$125 instead of \$123. This \$125 is the exemption for six months.

Counterfoil No. 18, the difference of \$83.33 is an exemption for four months of the year.

Counterfoil Nos. 20 and 21 refers to an exemption of six months, being half of the sum of \$335. This means half of the \$250 exemption for the year, and half of \$85 which was returned to miners who paid \$100 for renewal of their location. Of course this was a mistake. If the miner was entitled to a return of \$85, he was entitled to the whole amount.

Counterfoil No. 38. The exemption of \$446.50 in this case was exemption allowed upon claims No. 24a above Discovery Bonanza, and a divided one-third interest in 23 above Discovery on Bonanza. As you will see this includes the two sums of \$335 for 24a and \$111.50 for the divided one-third interest in 23 above.

The three counterfoils Nos. 3, 17 and 2255 are beyond explanation. However, I may say that I have gone over this with Mr. J. W. Reed, who is here from the Auditor General's office for the purpose of inspecting the different offices. He has gone very carefully into this matter, and has got all the information that can be obtained from the records that we have in the office.

I am, sir, your obedient servant,

The Secretary, Department of the Interior.

E. C. SENKLER, *Gold Commissioner.*

Re Revenue—Yukon District.

AUDIT OFFICE, OTTAWA, June 22, 1899.

SIR,—No counterfoils were furnished to this office in connection with the receipts issued to persons paying for placer claims, assignments, &c., previous to October, 1898.

The statements received indicate that numbered receipts were issued, of which there were several series. I now inclose you a list of 222 numbers omitted on those statements for which I should like to have an explanation. I may remind you that cancelled receipts should be returned with the statement.

All returns should be certified by the collecting officer and the Gold Commissioner.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPARTMENT OF THE INTERIOR, OTTAWA, August 30, 1899.

SIR,—I am directed to inclose herewith a copy of a letter dated the 25th ultimo, from Mr. J. T. Lithgow, Comptroller at Dawson, and also one of the copies of the 222 numbers referred to in the last paragraph thereof but one.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

DEPARTMENT OF THE INTERIOR, OTTAWA, June 27, 1899.

SIR,—In reply to your letter of the 22nd instant, I am directed to say that previous to October, 1898, the books forwarded to the Yukon Territory did not contain a coupon for the Auditor General, and in view of this fact the Comptroller was instructed on the 16th of February last to forward to this department the stubs of all forms of receipts which had been issued by Mr. Constantine, Mr. Fawcett and other agents of the Government. A copy of the departmental letter referred to is inclosed herewith. In reply to the last paragraph of your communication, I am to say that on the 16th of February last the Comptroller was informed that statements of revenue rendered by the Gold Commissioner and by the Crown timber and land agent should have the following certificate appended thereto:—

"I hereby certify that the above statement is a true and correct copy of the cash book kept in my office for the month of.....18....."

The Comptroller was also informed that he should certify that such statement had been examined by him and found to be correct. A copy of your letter, and also of this reply thereto, will be sent to the Comptroller at Dawson.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

DEPARTMENT OF THE INTERIOR, OTTAWA, Feb. 16, 1899.

SIR,—I am directed to inform you that when all the receipt forms contained in any of the books which have been forwarded to the Yukon Territory have been used, the book with the counterfoils should be returned to this department to be checked, unless the duplicates of the counterfoils have already been sent here. Please return to this department the stubs of all forms of receipts which have been issued by Mr. Constantine, Mr. Fawcett, and other agents of the Government.

I am, sir, your obedient servant,

John T. LITHGOW, Esq., Comptroller, Dawson, Y.T.

LYNDWODE PEREIRA, A.S.

SESSIONAL PAPER No. 1

DEPARTMENT OF THE INTERIOR, OTTAWA, July 15, 1899.

SIR,—Referring to your letter of the 22nd ultimo, and the departmental reply thereto of the 27th of the same month, in which you were advised that the Comptroller at Dawson had been instructed in November last to forward to this department the blanks of all forms of receipts issued by Mr. Constantine, Mr. Fawcett and other agents of the Government, I beg to inclose herewith for your information a copy of a communication, dated 14th April last, from Mr. J. T. Lithgow, Comptroller at Dawson, with reference to the above communications.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

DAWSON, Y.T., April 14, 1899.

SIR,—Referring to your letter of February 16th, 1899, file 51175, T. & M., I beg to say that I have applied to the Gold Commissioner for the books referred to with the intention of forwarding them to the department, but he informs me they are used as books of reference, and he cannot allow them to be taken away until some other system is arranged in his office.

I am, sir, your obedient servant,

The Secretary, Department of the Interior.

J. T. LITHGOW, *Comptroller*.

COMMISSIONER'S OFFICE, DAWSON, Y. T., July 25, 1899.

SIR,—I beg to acknowledge receipt of your letter of the 27th ultimo (F. 51, 175 T. & M.), inclosing copies of correspondence between the Auditor General and the department.

Referring to the first paragraph of your letter to the Auditor General, in which it is stated that I was written to on the 16th February, requesting me to send to the department all books containing counterfoils issued by Mr. Constantine and Mr. Fawcett, such books not having coupons for the Auditor General.

I replied to that letter on April 14th, informing you that the Gold Commissioner could not allow these books to be taken from his office, the reason being that on the counterfoils have been pasted mortgages, bills of sale, transfers, &c., and these books contain, and are, the only records in the office. This system of pasting documents in these books was only discontinued a short time ago. In going over these stub books it is almost impossible to find what is required, as in some cases, from 10 to 20 documents are pasted on the stubs.

Since your notification, the required certificate is attached to the cash statement, that the above is a "true and correct copy of the cash book," &c., by the Gold Commissioner and the Crown timber and land agent.

I inclose two (2) copies of the 222 numbers asked for, giving such information as I have been able to procure. It was formerly the custom, when a document was cancelled, to simply tear it up, and this will account for a number missing.

I have given all the information I can obtain from the records.

I am, sir, your obedient servant,

The Secretary Department of the Interior.

J. T. LITHGOW, *Comptroller*.

DEPARTMENT OF THE INTERIOR, OTTAWA, July 14, 1899.

SIR,—I am directed to inclose herewith for your information a copy of the departmental letter of the 6th instant to the Crown Timber and Lands Agent at Dawson. A copy of this communication was also sent to Mr. J. T. Lithgow, Comptroller at Dawson.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

DEPARTMENT OF THE INTERIOR, OTTAWA, July 6, 1899.

SIR,—I beg to inform you that your cash statement for the month of March last in connection with Crown timber business has been received here, together with the balance sheet and coupons of receipts, and upon examination they have been found to be correct, with the exception that no receipt would appear to have been issued to cover the

payment of \$5 made by each of the following persons :—George Gone, Thomas Ward, J. A. Walker and C. A. O'Brien. A general receipt should have been issued in each of the above cases. In future please issue a receipt for each payment received in your office.

The revenue of your office has not been classified properly, and the balance sheet for the month should show :—

1. The total amount received for bonuses.
2. The total amount received for royalty on timber cut under license.
3. The total amount received for permit, fees and dues.
4. The total amount received for timber cut in trespass, seizures and fines.

The coupons of the receipts should be shown in the cash statement according to their numerical order. In other respects your cash statement is correct.

I am, sir, your obedient servant,

F. X. GOSSELIN, Esq.,

Crown Timber and Lands Agent, Dawson, Yukon Territory.

DEPARTMENT OF THE INTERIOR, OTTAWA, July 28, 1899.

SIR,—In reply to your letter of the 22nd instant, I am directed to say that on the 4th of March last a communication dated the 30th of January of this year was received from the Comptroller at Dawson, advising this department that the Gold Commissioner's return for September, and the Crown Timber and Land Agent's for October, were lost in the official mail which left Dawson on the 15th of November; that they had been duplicated and mailed to the department, but the coupons, of course, could not be replaced. At the time this advice was received in the department, Mr. Godard, of your office, was advised verbally that the coupons for the months mentioned were lost and could not be replaced.

I am, sir, your obedient servant,

The Auditor General.

gave no regular receipts for these amounts other than an ordinary type-written receipt, as we had no book suitable for the purpose ; consequently, I am unable to give you the number of the receipts issued.

COMPTROLLER'S OFFICE, DAWSON, Y.T., July 18, 1899.

SIR,—I beg to acknowledge receipt of your letter of the 20th ultimo (51175 T. & M.) re an amount of \$1,301.24, which was reported to me by Mr. Fawcett as having been received by him for a payment of royalty which was paid at the court.

I made inquiries at the court-house yesterday, and asked the clerk of the court to give me any information on the subject he could find, but he has been unable to find out anything about it, as there is no name, or number of the claim, to identify it.

When I made out this statement for Mr. Fawcett in January last, we had agreed upon a balance of \$2,321.26, and it was not until some time after that Mr. Fawcett discovered in the back of his memorandum book, an item of \$1,301.24, which he informed me was royalty paid into court. He had no other record of it, and was unable to give me any other information.

I can find out nothing further about it here.

The Secretary, Department of the Interior.

Re Dawson Water Front—Yukon District.

AUDIT OFFICE, OTTAWA, Nov. 13, 1899.

SIR,—Upon examination of the returns of the agent of Dominion Lands, Dawson, I find the following payments were made by Messrs. Morrison & McDonald on account of Dawson Water Front for the months of October, November, December, 1898, and January and February, 1899, viz. :—

October 3, 1898.....	\$2,500
November 3, 1898.....	2,500
April 11, 1899.....	5,000
May 10, 1899.....	2,500
	\$12,500

According to the counterfoils of the receipts this water front was leased to Morrison & McDonald. Please let me know (1) when the lease commenced ; (2) how long was the term of lease ; (3) what privileges were granted under it ; (4) is the property still under lease ; (5) if not, what disposition has been made of it ?

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPARTMENT OF THE INTERIOR, OTTAWA, NOV. 21, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th instant, in reference to the lease of the Dawson water front, and in answer to your inquiries, I am to state that a copy of your letter has been sent to Mr. Ogilvie with the request that a duplicate of the lease be forwarded to Ottawa, and when received here it will be at once transmitted to you.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

DEPARTMENT OF THE INTERIOR, OTTAWA, July 17, 1899.

SIR,—I am directed to say that free miners' certificate No. 16213 issued at Dawson by Mr. Thomas Fawcett in favour of the Klondike Government Concession, Limited, was shown in statement No. 11 transmitted to your office with the returns from this department for September, 1898, and that the sum of \$10 was received for the said certificate instead of \$100 as shown by the coupon on the receipt issued. With reference to the coupons of free miners' certificates Nos. 2751 to 2875 referred to in the said statement as missing, I am to say that these coupons have since been accounted for by the Gold Commissioner in statement No. 83 transmitted to you with the summary of returns for the month of March of this year.

The total of statement No. 11 should be altered to \$50,218, this being the correct amount.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

In charge Timber and Mines, Department of the Interior.

AUDIT OFFICE, OTTAWA, Dec. 5, 1899.

SIR,—I wrote you November 13 in reference to the rent paid by Messrs. Morrison & McDonald on account of the Dawson Water Front. I have since received from your department evidence of the payment by this firm of the rent for a full year to the end of April last, at a rental of \$2,500 per month.

In the returns of the "Local Revenue" for the quarter ended June 30, there appear the following entries :—

May 29.—Received from Clement, Patullo & Ridley, on account of rent collected from Water Front tenants.	\$4,000 00
June 30.—Received from Clement, Patullo & Ridely, on account of rent collected from Water Front tenants.	744 25
	\$4,744 25

I have to ask for full explanations as to these Water Front leases. Are Messrs. Morrison & McDonald still tenants of this property, and if so, what property is referred to in the "Local Revenue" account? What are the terms of the leases and the names of the tenants? If it is the same property, I should like to know on what authority the revenue was transferred to the local authorities.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Jan. 5, 1900.

Morrison & McDonald on account of the Dawson Water Front, and in reply to say that a copy thereof is being transmitted to Mr. Ogilvie, Commissioner of the Territory, for report, and so soon as he is heard from you will again be communicated with.

A copy of your letter of the 13th November last, in regard to this matter was duly forwarded to Dawson with a request that the information asked for therein be forwarded to this department as early as possible, but so far no reply has been received.

I am, sir, your obedient servant,

The Auditor General.

SESSIONAL PAPER No. 1

Re Local Revenue Account, Yukon District.

AUDIT OFFICE, OTTAWA, June 23, 1899.

SIR.—The Order in Council of July 19, 1898, in reference to the administration of the Yukon district, provides (1) that all revenues from local sources shall be administered in pursuance of ordinances to be passed by the Commissioner in Council; (2) that such revenues shall be deposited to the joint credit of the Commissioner and Comptroller and shall be paid by cheque of the Comptroller countersigned by the Commissioner; (3) that all vouchers for the payment out of such revenues shall be forwarded to the Auditor General at the end of each quarter, accompanied by a quarterly financial statement signed by the Comptroller and countersigned by the Commissioner.

I have to inform you that statements have been received at this office covering the period from September 12, 1898, to March 31, 1899. The gross receipts during that time amounted to \$85,848.14, and the disbursements to \$70,266.13, leaving a balance on hand of \$15,582.01.

The greater part of the receipts are collections made by inspectors of the North-west Mounted Police for liquor permits, fines, &c. No details of these collections are furnished, and there are no means of verifying or auditing them.

Vouchers have been furnished for the disbursements, but no copies of the ordinances authorizing these disbursements nor the cheques issued in connection therewith have been received.

If it is the wish of the Government, as I suppose it is, that this account should be fully examined and audited in this office, the Treasury Board should pass a Minute to that effect in accordance with Sec. 50 of the Audit Act.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Re Casual Revenue.

AUDIT OFFICE, OTTAWA, June 22, 1899.

SIR.—You wrote October 7, 1898, in reply to my letter of August 18, in reference to the vouchers required for casual revenue, that you had taken steps to have your agents furnish vouchers for all sales made, and that with regard to "refunds of expenditure" the department would in future attend to the wishes expressed in my letter as far as possible.

The receipts during the present fiscal year amount to \$2,330.35, and the only voucher that has been furnished is one for the sale of an old letter-press which realized \$1.50.

I shall be glad to have these vouchers as soon as possible.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Re Payments to Calgary and Edmonton Railway.

AUDIT OFFICE, OTTAWA, Dec. 8, 1899.

SIR.—In making up the statements of Dominion Lands Revenue of 1898-99 for publication in the Audit Report, I find that \$17,285.55 was paid to the Calgary and Edmonton Land Co., Limited, for lands sold within the limits of the land grant to the Calgary and Edmonton Railway Company.

I have to inquire if when making these payments the terms of the agreement entered into with the company on June 21, 1890, were taken into consideration. In case of any discrepancy between the amount paid by the Government and the amount earned by the company for services on Government account, this agreement places a lien upon one-third of the land grant earned by the company, and provides if any of such lands are sold the whole proceeds are to be retained by the Government to meet such discrepancy. It seems remarkable that nothing has come to account as the proceeds of the one-third of the land grant held to make good the deficit. Could you conveniently inform me where the lands referred to are located. Perhaps you can let me have a copy of the Order in Council which set apart the particular lands which have been used to satisfy the undertaking of the Government.

I may inform you that in every year since the agreement was made there has been a large deficit.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, Dec. 11, 1899.

SIR,—Referring to the matter of the agreement regarding the Calgary and Edmonton Railway land grant, I beg to inform you that the Government is holding as security in connection with the subsidy of \$80,000 per annum, 407,402 acres, equal to one-third of the whole land grant on the line between Calgary and a point on the North Saskatchewan River. The area referred to consists of two tiers of townships along the International Boundary between the 4th Meridian and the south branch of Milk River. None of the lands within this reserve have been scheduled to the company or otherwise disposed of.

The moneys paid over to the company by this department were the receipts for odd-numbered sections sold to ranchers at \$1.25 per acre under the settlement made with the ranchers, and these subsidies the company were entitled to under their agreement with the Government. The area reserved as security stands intact.

I return herewith the file of your department relating to the matter.

I am, sir, your obedient servant,

The Auditor General.

Dec. 20, 1893.—Land Commissioner, Can. Pac. Ry.	70 00

Extra Clerk at Ottawa who has not Passed the Civil Service Examination.

AUDIT OFFICE, OTTAWA, July 3, 1899.

SIR,—I beg to bring to your notice a payment of \$74.81 to Mr. P. Mungovan in June last, from the appropriation for payments to Extra Clerks for services rendered in preparation of returns ordered by Parliament.

Please let me know under what authority this payment was made, and if Mr. Mungovan has passed the Civil Service Qualifying Examination.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, July 4, 1899.

SIR,—Referring to your letter of 3rd instant, I have the honour to state that Mr. P. Mungovan was employed by the Minister to copy papers for a return ordered by Parliament, and the payment of \$74.81 was made on account of the work done, and charged against the appropriation of \$2,500 provided for cost of returns ordered by Parliament under the authority of an Order in Council of 10th of May last. It is a payment, similar in all respects to those which have heretofore been made without objection, to copyists outside the department for preparing returns. I do not know whether or not Mr. Mungovan has passed the Civil Service Qualifying Examination, but that question is, having regard to the practice, immaterial. If there be any legal difficulty about the matter, I do not appreciate it at present. I would be glad to consider the question, however, if you would state particularly the grounds of the objection.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, July 25, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th inst., in explanation of a payment, through your Letter of Credit, of \$74.81 to Mr. P. Mungovan for clerical assistance in connection with certain returns ordered by Parliament, the preparation of which was assigned, in the ordinary course of such matters, to the Department of Justice.

I do not quite understand what you mean by "outside the department," when you assert "it is a payment similar in all respects to those which have heretofore been made without objection, to copyists outside the department, for preparing returns."

Since the decision of the Treasury Board in the Low case, June 6, 1891, I have called attention to all cases brought to my notice in which others than temporary clerks, as understood under the Civil Service Act, have been employed by any of the departments at Ottawa, or in connection with the outside Civil Service, to render clerical assistance necessitated by a temporary pressure of work or other cause. I do not think the ruling in the case to which I have referred applies to clerical assistance outside of the two branches of the Civil Service; as, for instance, assistance required by the Warden at Kingston Penitentiary to transcribe certain papers or documents, copies of which had been called for by an Order of Parliament. In such a case I would not raise objection to a payment similar to that made to Mr. Mungovan; but in his case the account rendered makes it clear, I think, that he was employed under the immediate supervision of the department at Ottawa, as it is dated Ottawa, June 21, 1899, and certified by Mr. Côté, one of your permanent staff. It was in view of these circumstances that I called your attention to the payment, and asked if Mr. Mungovan had passed the Civil Service Qualifying Examination.

My objection therefore is, that the necessity which called for the employment of Mr. Mungovan was such as is provided for in the Civil Service Act, as amended by 53-59 Vict., chap 15, secs. 7 and 8, and should have been met by an appointment in accordance therewith.

I am holding your application of the 11th instant until I hear from you again on this matter.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

SESSIONAL PAPER No. 1

DEPT. OF JUSTICE, OTTAWA, August 1, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 25th ultimo, explaining your position with respect to the payment to Mr. P. Mungovan for copying documents for the purposes of a return ordered by Parliament.

In reply, I beg to state that the work done by Mr. Mungovan was, as a matter of fact, done outside the department. He was not in any sense a temporary clerk or writer attached to the Department, and he did not do the work in or under the supervision of the department. He was not, as clerks are, bound to any special hours of service, or subject to the orders of the heads of the department. He was employed, not upon a salary, annual or otherwise, as temporary clerks are, but only to do certain work, for which he was to be paid by the piece.

Section 47 of the Civil Service Act, as that section is enacted by 58-59 Victoria, cap. 15, sec. 7, makes it lawful for the Governor in Council to authorize the employment of temporary clerks or writers under the circumstances mentioned in that section, and the following sections of the latter Act provide that the clerks or writers so employed shall have certain qualifications, and limit the salaries which may be paid to them, but there is nothing there or elsewhere in the Acts relating to the Civil Service, so far as I am aware, which was intended to prevent the Government availing itself of the services of suitable persons not having the qualifications prescribed by 58-59 Vic., cap. 15, sec. 8, under such circumstances and upon such terms as those existing in the present case.

If, however, you do not concur in this view, I trust that you will not consider it necessary to object to the payment of Mr. Mungovan's account, inasmuch as we gave him the work and he undertook and performed it without supposing that there would be any objection to payment.

I am, sir, your obedient servant,

E. L. NEWCOMBE, D.M.J.

The Auditor General.

Note by A. G.—The payment of \$74.81 was made by the Department of Justice under its Letter of Credit; a further amount of \$30.12 was applied for to be made by Receiver General's cheque, but was refused.

Telegrams Charged in Account for Travel.

AUDIT OFFICE, OTTAWA, Sept. 7, 1899.

SIR,—With reference to the account for travelling expenses in connection with the Kingston Penitentiary from July 8 to September 13, 1898, rendered by Mr. D. Stewart, Inspector of Penitentiaries, I beg to call your attention to two separate items for telegrams, amounting to \$16.20.

Please let me have a detailed account of these telegrams in the usual form in which such accounts are rendered.

I am, sir, your obedient servant,

J. L. McDUGALL, A. G.

The Deputy Minister of Justice.

AUDIT OFFICE, OTTAWA, Sept. 19, 1899.

SIR,—With reference to the vouchers sent me in support of payments made during last year to Mr. Stewart, Inspector of Penitentiaries, for travelling expenses, I beg to point out that I have not yet received the necessary details of the claim for telegrams entered in his account against the Kingston Penitentiary, and to which I called your attention on the 7th instant. I find also in his account against the St. Vincent de Paul Penitentiary, charges for telegrams amounting to \$11.10, and one charge for cab-hire, to and from station, \$5. Please let me have the necessary details in support of these charges.

In the account against Manitoba Penitentiary, Prince Albert and Regina Jails, there are charges for telegrams amounting to \$8.20, of which no details are given.

I shall be obliged if you cause this matter to be attended to immediately so that I may close my report on the last year's expenditure of your department.

I am, sir, your obedient servant,

J. L. McDUGALL, A. G.

The Deputy Minister of Justice.

Coroner's Fees at Dorchester paid by Federal Government.

AUDIT OFFICE, OTTAWA, July 25, 1899.

SIR,—With reference to the expenditure at the Dorchester Penitentiary during the month of June last, I beg to bring to your notice a claim of \$31.20 made by Mr. A. W. Chapman, coroner in and for the County of Westmoreland for fees and disbursements in the matter of an inquest held on the body of Richard Mansford, found dead at the Dorchester Penitentiary.

Do not matters of this nature belong to the provincial authorities, and should not the expenditure be borne by them?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, August 12, 1899.

SIR,—In reply to your letters of the 25th ult. and 1st inst., with reference to the account of Mr. A. W. Chapman, for fees and disbursements in connection with an inquest held by him within the Dorchester Penitentiary, I beg to inform you that as the coroner was called in at the instance of this department, the amount is a proper charge against the institution.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

Expenditure for which Authority of the Governor General in Council is Needed.

AUDIT OFFICE, OTTAWA, August 7, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 31st instant, in which you request to be informed of the class of votes in the Supply Bill which call for special Orders in Council before payments may be made.

The practice has been to obtain Orders in Council for gratuities or votes for extra remuneration or for any recognition of services for which there was not a legal claim, or in regard to which the rate of pay had not been fixed by statute.

The payments to Judge Fitzgerald, Judge McGuire and C. J. R. Bethune were passed on accounts rendered showing there was a legal claim for work rendered or expenses incurred in the Government service. In the claim of Judge Dugas for living expenses, no account has been sent me in support of it, or authority that he is entitled to receive living expenses as part of his statutory emoluments.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDUGALL, A. G.

Extra Doctor at Dorchester.

DEPT. OF JUSTICE, OTTAWA, July 26, 1899.

SIR,—I have your letter of the 25th instant, in which you ask for an explanation of a payment of \$139, made during last year to Dr. J. Francis Teed for medical services at Dorchester Penitentiary. In reply, I beg to inform you that in February last, owing to the repeated reports of smallpox, it was deemed advisable to have such convicts as were not already vaccinated, undergo the operation. Accordingly, the surgeon of the penitentiary vaccinated in the vicinity of sixty-six convicts, many of whom (owing to the effect of the vaccine) required constant attendance day and night for some time after the operation, which was more than the surgeon could attend to. He was therefore authorized to call in the assistance of Dr. Teed.

I am, sir, your obedient servant,

The Auditor General.

SESSIONAL PAPER No. 1

Mr. Alexander Ballantyne, Arbitrator *re* Binder Twine, Kingston.

AUDIT OFFICE, OTTAWA, June 6, 1899.

SIR,—I beg to bring to your notice a payment of \$500 made during the current fiscal year, from the appropriation for Kingston Penitentiary, to Mr. Alexander Ballantyne, for services while acting as arbitrator in Binder Twine dispute.

The voucher sent me does not give the necessary particulars with regard to the time covered by the services in question or the authority under which the appointment of Mr. Ballantyne was made or the rate of remuneration determined.

Was the arbitration conducted by Mr. Ballantyne alone, and if so, has any part of the remuneration and expenses been paid by Hobbs Hardware Co., the party of the other side?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, June 14, 1899.

SIR,—Referring to your letter of the 6th instant I have to say that Mr. Alexander Ballantyne was employed under authority of section 37 of the Penitentiary Act. The amount of his remuneration was fixed by the Minister of Justice; and in view of Mr. Ballantyne's letter, dated the 6th of October, 1898, a copy of which I inclose, it will be seen that the sum is a very reasonable one. Mr. Ballantyne is an expert in the cordage business, and the services were performed during the most busy portion of the year.

In answer to the questions contained in the latter part of your letter, I may say that Mr. Ballantyne was sole arbitrator, and that none of his remuneration or expenses were paid by the Hobbs Hardware Company.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, June 16, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant respecting the authority under which Mr. Ballantyne was appointed an arbitrator at the Kingston Penitentiary in regard to certain differences between the Warden and Hobbs Hardware Co., and beg to point out that it has been the practice in similar cases to obtain the sanction of the Governor in Council for the remuneration allowed.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

The Warden of Manitoba Penitentiary allowed for Medical Attendance at Ottawa.

AUDIT OFFICE, OTTAWA, May 19, 1899.

SIR,—Before passing your application of the 17th instant to repay the Bank of Montreal, Ottawa, the sum of \$375.85 for cheques drawn against his contingent account by the warden of Manitoba Penitentiary during April last, I beg to be informed as to the authority under which the charges for medical attendance and medicine at Ottawa, amounting to \$16.40 were allowed.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, May 23, 1899.

SIR,—Replying to your letter of the 19th instant, asking the authority under which medical attendance at Ottawa, charged for by the warden of the Manitoba Penitentiary, was allowed, I beg to inform you that the warden of the penitentiary was summoned to Ottawa by the Minister of Justice, on matters relating to the institution, and that while here he contracted a severe cold and was laid up at the Russell House for several days. The warden is allowed free medical attendance while at the penitentiary. In

this case he contracted illness while travelling on the business of the penitentiary, and the Minister considers it fair that the charge should fall upon the appropriation for the penitentiary.

The Auditor General.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, May 30, 1899.

SIR,—With reference to your letter of the 23rd instant, in which you state, respecting the claim of the warden of Manitoba Penitentiary for a refund of \$16.40 paid by him for medical attendance at Ottawa, that "the warden is allowed free medical attendance while at the penitentiary," I beg to say that I cannot find, either in the Penitentiary Act or the Penitentiary Regulations, the necessary authority for this privilege.

I know that in the enumeration of the surgeon's duties in the Penitentiary Regulations, it is required of him to attend the officers and employees of the prison free of charge, but this direction to the prison surgeon is not, I take it, equivalent to free medical attendance in the sense conveyed by your letter.

It seems to me that the privilege accorded penitentiary officers, in regard to the duty assigned by the Governor in Council to the prison surgeon does not give them any more claim on the Government for the payment of their doctors' bills than any other permanent employee in the public service.

The Deputy Minister of Justice.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

DEPT. OF JUSTICE, OTTAWA, June 6, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of 30th ultimo, with regard to certain expenses incurred by the warden of the Manitoba Penitentiary while attending at Ottawa recently at the request of the Minister.

So far as the medical account is concerned I have already stated that it is authorized by the Minister of Justice as a charge against the Penitentiary Appropriation. It would therefore be improper to strike it out.

The Auditor General.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, June 20, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th instant with further reference to the claim of the warden of Manitoba Penitentiary for the payment, from his Contingent advance, of \$16.40 for medical attendance and medicine, incurred by him at Ottawa on the occasion of a recent visit on penitentiary business.

I presume, when you say that the claim in question, having been authorized by the Minister of Justice, it would therefore be improper to strike it out, you desire it to be understood that the Minister's sanction was given on the ground that the claim was good in law or otherwise authorized by statute, and consequently properly chargeable on the vote for Manitoba Penitentiary, not that the claim became a proper one simply by virtue of the Minister's approval.

I am unable to agree with you on the legality of this claim. As pointed out in my letter of the 30th ult., I am not aware of any right or privilege appertaining to the office of warden of a penitentiary that would give the occupant any better claim for the payment of his doctors' bills than is possessed by any other permanent employee in the public service.

If you do not accept my ruling on this point I would suggest that the disputed item form the subject of a separate application so that no unnecessary delay may occur in making repayment to the bank of the amount of the claims to which no objection is raised.

The Deputy Minister of Justice.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

DEPT. OF JUSTICE, OTTAWA, Sept. 27, 1899.

SIR,—In the absence of the Minister of Justice, I am unable to direct that the warden of Manitoba Penitentiary be called upon to refund the \$16.40 referred to in your letter of the 26th instant, as I understand that the Minister is of opinion that the charge is a proper one and may desire to have a decision from the Treasury Board in the matter.

The Auditor General.

I am, sir, your obedient servant,

A. POWER, *Acting D.M.J.*

SESSIONAL PAPER No. 1

DEPT. OF JUSTICE, OTTAWA, October 24, 1899.

SIR,—Referring to your letter of the 26th ult. and to previous correspondence respecting an item of \$16.40 charged by Warden Irvine for medical attendance while in Ottawa, which you think should be refunded, I am to inform you that it is not intention of the Minister of Justice to ask the warden to refund the amount as, in his opinion, it is a proper charge against the penitentiary.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, October 28, 1899.

SIR,—I have your letter of the 24th instant with reference to the \$16.40 charged by Warden Irvine for medical attendance while in Ottawa. I am very much surprised at the position taken by the Minister of Justice, as communicated by you.

In your letter of the 27th September you say that you are unable to direct that the warden of Manitoba Penitentiary be called upon to refund the amount, as you understand that the Minister of Justice is of opinion that the charge is a proper one, and may desire to have a decision from the Treasury Board in the matter. I can quite understand the minister of Justice having the opinion which he has on the subject, wishing to make his opinion prevail in the way therein mentioned.

When there is a difference regarding a matter of expenditure between a department and the Audit Office, the opinion of the Auditor General must govern until the matter is referred to the Treasury Board, although it has become a mere formality to have questions so referred when the Justice Department is the one involved, the opinion of the Minister of Justice being always taken; but still, if it has become a mere formality, I am obliged to adhere to the formality until what I consider better views prevail.

If the present attitude of the department continues in this respect, there seems to be nothing for me, while I have to carry on the duty imposed upon me by law, but to decline to issue a credit to the department. I need scarcely say that it is with extreme regret I feel myself obliged to take this position, and I shall be very glad to get from you any reasons why you think I am not compelled, under the law, to do so.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

Payments to the Surgeon of Kingston Penitentiary, other than his Statutory Salary.

AUDIT OFFICE, OTTAWA, August 2, 1899.

SIR,—I beg to bring to your notice the following payments made to Dr. D. Phelan, surgeon at the Kingston Penitentiary, for fees and disbursements in connection with certain services rendered by him outside of Kingston:—

	Fees.	Disbursements.
Examination of Parrott.....	\$ 75 00	\$11 00
do Czuby.....	200 00	97 55
do Prevost.....	150 00	93 30

The fees paid are at the rate of \$25 per diem, and included in the items of disbursements are two charges amounting to \$6.90 which are described merely as "incidentals." Out-of-pocket expenses should be more definitely stated.

As Dr. Phelan was necessarily absent from the scene of his official duties during the periods covered by these special payments, I shall be obliged if you will let me know the name of the surgeon who acted as substitute, the rate of remuneration paid, and the authority for his appointment. I presume Dr. Phelan was not paid as surgeon during the periods in question. A certificate should be given by some competent person that there was no medical man available to perform the extra services which are shown to have been rendered by Dr. Phelan and that, the permanent duties which are assigned to Dr. Phelan as surgeon of the penitentiary were likely to have been thoroughly performed by his substitute in his absence. I would call your attention to section 32 of the Penitentiary Act, as amended, 58-59 Vict., chap. 42, section 3, providing that no officer or servant shall carry on any trade or calling of profit or emolument other than his office in the penitentiary.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

SESSIONAL PAPER. No. 1

Re Litigated Matters, Refunds of Costs.

AUDIT OFFICE, OTTAWA, May 2, 1899.

SIR,—The deposit receipts for \$746.05 and \$354.76, being costs recovered by the Crown in the suits respectively with the Canada Sugar Refining Co., and Davidson, will be credited as you request to the appropriation for Litigated Matters, with the understanding that these amounts are not available for future expenditure.

I have to ask for the certified bills of costs, making up these amounts. If the originals are not available, then true copies, certified as such, should be furnished.

I would also request that, in future, the cheques or drafts received by you in such cases, should be endorsed by you "for deposit to the credit of the Receiver General," and forwarded with the bills of costs which they cover.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, October 5, 1899.

SIR,—In reply to your letter of the 2nd May last, respecting deposit receipts for \$746.05 and \$354.76, being costs recovered by the Crown in the suits with the Canada Sugar Refining Company, and Davidson, I have the honour to state that I cannot furnish certified copies of the bills of costs, the original bill of costs being on file in the courts. I, however, inclose an allocatur in the Sugar Refining Co. case, showing the costs in the Supreme Court taxed at \$378.90. I have no allocaturs for the Exchequer Court costs in the same suit nor for the costs in the Davidson suit. In future I will endeavour to supply you with the allocaturs, but perhaps in the present cases every purpose would be served if one of your officers ascertained at the Exchequer Court what the costs were taxed at.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

Re Binder Twine.

AUDIT OFFICE, OTTAWA, May 5, 1899.

SIR,—I notice in the return of Penitentiary Revenue for March, just to hand, that \$2,000 was received from the Hobbs Hardware Co. on the 10th of that month. I assume that this deposit is security for a new contract with this firm for the output of the present season. If so, I have to ask for a copy of the contract. Deposits made as security for the performance of a contract should be transferred to the Finance Department, to be credited to Contractors' Security.

According to the statement furnished by you and published in the Audit Report for 1897-98, that firm was indebted to your department on June 30, 1897, to the sum of \$6,767.72. On January 31st last, \$6,292.10 was paid. Please let me know why the balance has not been paid. Was not the whole amount due August, 1897, and should not interest be charged from that date till payment?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, October 9, 1899.

SIR,—Referring to your letter of the 5th of May last, I inclose herewith a copy of the contract between the Warden of the Kingston Penitentiary and the Hobbs Hardware Company for the purchase of the output of the twine factory for the season of 1899. The advance payment of \$2,000 was deposited in accordance with the terms of the contract and credited to the purchasers in final settlement.

As regards the matter referred to in the concluding paragraph of your letter, I have to say that the contractors have paid for all twine supplied. There is, however, an account of \$453.12 for re-baling and re-taggin which they dispute. The question of enforcing payment of interest on overdue accounts is under the consideration of the Minister of Justice.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

Re Supreme Court Reports.

AUDIT OFFICE, OTTAWA, Sept. 13, 1899.

SIR,—I have not yet received a statement of the stock of the Supreme Court Reports on hand on June 30th last.
Your early attention will oblige.

I am, sir, your obedient servant,

The Registrar, Supreme Court.

J. L. McDOUGALL, *A.G.*

Re Sales of Old Materials, Condemned Horses, &c.

AUDIT OFFICE, OTTAWA, Nov. 3, 1899.

SIR,—During the year ended June 30 last, \$261.82 came to account as proceeds of old materials sold at the Kingston penitentiary, and \$1,018.05 for old material and condemned horses at the St. Vincent de Paul penitentiary, as per statement inclosed. The only vouchers furnished in connection with these sales are the counterfoils of the receipts. Please let me know how these transactions were made, by private sale, by auction, or by tender on public notice.

In every such sale a voucher should be furnished, showing: (1) the name of purchaser, (2) the date of sale, (3) articles sold, giving number or quantity and price, (4) by whose authority the sale was made. The voucher should be certified by the warden and the officer directly in charge, that the goods or materials sold were no longer required, and if the sale was private, that the prices obtained were fair and reasonable.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Sept. 30, 1899.

SIR,—Referring to the expenditure on account of Indemnity and Mileage, House of Commons, I have to point out that only 133 members' declarations have been returned to this office. I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

HOUSE OF COMMONS, OTTAWA, October 10, 1899.

SIR,—In reply to your letter of the 30th September, relative to expenditure on account of indemnity to members of the House of Commons, I have to inform you that the accountant is using every diligence in having the members return their declarations, and as they are received will be sent you without delay.

I am, sir, your obedient servant,

The Auditor General.

JNO. GEO. BOURINOT, Clerk of the Commons.

Temporary Clerks paid from Outside Votes.

AUDIT OFFICE, OTTAWA, Jan. 14, 1899.

SIR,—Now that several temporary employees have been taken on the staff of your department in connection with the preparation of the fishing bounty cheques of the current fiscal year, I desire to bring to your notice the order of the Treasury Board of the 29th November, 1895, directing that all departmental employees at Ottawa whose salaries are paid from votes other than Civil Government Contingencies, be paid on pay-lists certified by the Auditor General before payment. This order is still in force, and of course is applicable to the temporary clerks whom you have employed on the fishing bounty. These clerks, or any others in your department, not paid from Civil Government Contingencies, should not be paid by letter of credit cheque until the accounts or pay-lists have been certified in this office. I find that the order of the Treasury Board to which I refer was not observed last year in regard to the employees in question. It is for this reason that I write you at the beginning of this year's expenditure.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 4, 1899.

SIR,—I beg to bring to your notice a payment of \$30 made to Mr. Geo. F. Smith, by cheque 11789, which is described as an advance on salary and charged to the appropriation for Maintenance of Lights above Montreal. It is not proper to make advances on salary, and I shall be obliged if you will let me know your reason for having done so in this instance.

In what capacity is Mr. Smith employed? Has his appointment been authorized by the Governor in Council?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 11, 1899.

SIR,—Referring to your letter of the 4th instant, inquiring as to an advance on salary in the case of Mr. George F. Smith, I have the honour to inform you that the payment referred to was not an advance but on account of wages earned. Mr. Smith began work as an extra draftsman at \$50 per month, on the 27th February, and drew \$30 only at the end of March. Consequently, the money was earned before it was paid.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, July 13, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 11th instant, in explanation of a payment of \$30 to Mr. Geo. F. Smith, who, you state, was appointed an extra draftsman on February 27 at \$50 per month. The authority of the Governor in Council for this appointment has not been sent me.

As you are aware, the salary of Mr. Smith should not have been paid through your letter of credit until it had been passed in this office. Please let me know your reasons for having disregarded the Minute of the Treasury Board of December 2, 1895, directing that all such employees as Mr. Smith should be paid on pay-lists certified by the Auditor General before payment.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 13, 1899.

SIR,—I find on examination of the vouchers sent me in support of the expenditure of last year charged against the vote for Maintenance of Lights above Montreal, that \$378.16 was paid for services rendered in the capacity of temporary clerks to G. F. Smith and T. D. Caldwell. The former was paid at the rate of \$50 per month, and the latter at \$400 per annum. I have not received the order of the Governor in Council under which

SESSIONAL PAPER No. 1

these temporary clerks were employed. I would remind you that I called your attention to the case of Mr. Smith, under date July 13, 1899, and pointed out that all temporary employees paid from votes other than that for Civil Government Contingencies, should be paid on pay-lists which had been certified as correct in this office. You have not followed the explicit directions of the Treasury Board in either of these cases, and I shall be obliged if you will let me know your reasons for having ignored them.

The vouchers rendered by Mr. Caldwell have the additional weakness that they are not certified as required by the Treasury Board.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, NOV. 16, 1899.

SIR,—Referring to your letter of the 13th instant, inquiring in regard to the employment of G. F. Smith and T. D. Caldwell, I beg to inform you that Mr. Smith was employed in the office of the engineer of this department, to perform pressing work required in connection with lighthouse construction and other matters, and as the time of retention of Mr. Smith in this service was uncertain, it was not deemed necessary to obtain the sanction of the Governor General in Council to his employment. I may observe, in this connection, that Mr. Smith who proved himself to be a very excellent and efficient officer, being dissatisfied with the remuneration allowed, has severed his connection with the department. With reference to the case of Mr. Caldwell, I may remark that the service consisted largely of work performed away from Ottawa in preparing sketches of lighthouses, &c., required specially for the use of the Minister of Marine and Fisheries, and it was not deemed necessary in Mr. Caldwell's case also to have his employment sanctioned by the Governor in Council. With reference to the vouchers rendered by Mr. Caldwell not being certified as required by the Treasury Board, if you will be good enough to return the vouchers I will endeavour to have them certified as required by the regulations.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, NOV. 22, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant, in explanation of the employment of G. F. Smith and T. D. Caldwell, during part of last year, as temporary clerks; and beg to call your attention to the absence therefrom of any reference to that portion of my letter of the 13th instant, in which I asked for explanation regarding your ignoring the directions of the Treasury Board as to the pay-lists upon which only such temporary clerks might be paid under your letter of credit. I regard this matter as quite serious, because if the officers of a department, having the operation of the credit, will continuously disregard the directions of the responsible Executive respecting the safeguards and limitations which it deems necessary in the public interest, then it seems to me, I have no alternative but to refuse the issue of a credit in such a case. It is quite clear from the vouchers sent me in the present cases, that both Messrs. Smith and Caldwell were employed in the capacity of temporary clerks within the meaning of the Civil Service Act, and should consequently have been appointed in the manner prescribed by section 47 as amended by 58-59 Victoria, chapter 15. But instead of consulting the law, the department seems to have taken the matter in its own hands, and in the case of Mr. Smith, paid him at a much higher rate than that sanctioned by the statute. Had the pay-lists been sent here for audit in the first instance, this illegality would have been detected at the outset and its continuance thus prevented. Evidently the object of the Treasury Minute, to which I have called your attention, was to meet exactly such cases as those under consideration. I shall be glad to hear further from you on this matter.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, NOV. 24, 1899.

SIR,—I beg to bring to your notice the payments made last year, under your letter of credit, to Mr. R. C. W. McCuaig and Mr. John S. Mackay, for services rendered in the preparation of the shipping list of 1899, amounting to \$252.42. The vouchers sent me in support of these payments are not certified in proper form, being merely initialed by Mr.

Magee. It seems pretty clear, though, from the vouchers as they are, that both Mr. McCuaig and Mr. Mackay were called into the department in the capacity of temporary clerks. I have not received the order of the Governor General in Council for these appointments, and I shall be obliged if you will cause it to be sent me at your early convenience.

The remarks made in the case of Messrs. Smith and Caldwell apply in this.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, NOV. 30, 1899.

SIR,—I have to acknowledge the receipt of your letter of the 24th instant, relative to the employment of Mr. John S. Mackay and Mr. R. C. W. MacCuaig in connection with the compilation and publication of the list of registered ships for 1898. In reply I have to mention that my letter to you of the 4th March, 1897, relative to the employment of Mr. Cameron and Mr. McHugh in connection with the preparation of the 1895 list of shipping will largely furnish you with the information you require. Mr. Mackay, who was employed on the 1898 list of shipping, was formerly employed with Mr. Cameron in the preparation of former lists of shipping, and was, therefore, familiar with the work. The compilation of the list of shipping requires some one familiar with the work, and as Mr. Mackay was the only available person at the time and being already an employee of the department he was employed. Mr. Mackay for some years past has been engaged as clerk with Captain Spain in the Fisheries Protection Service. During the winter months he is on half pay, and it was more economical to hire him to work on the shipping list as he was only given half pay from the vote for Registration of Shipping, the other moiety making his full pay.

With regard to Mr. MacCuaig, I may mention that two persons are required in the compilation of the shipping list, and as Mr. MacCuaig is familiar with the measurements and dimensions of ships and with matters pertaining to the registration of ships, and as such knowledge is of advantage in the compilation of the list of shipping it was considered expedient to employ him. It is necessary to have a person available who is trained in this work.

There is no Order in Council in connection with the employment of either of these men.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, Dec. 5, 1899.

SIR,—With reference to your letter of the 30th ultimo, in explanation of certain payments made to Mr. John S. Mackay and Mr. R. C. W. MacCuaig for services as temporary clerks during last year, I beg to point out that the Civil Service Act makes provision for the employment of such temporary assistance as may be required to carry on the work of departments in the inside and outside divisions of the civil service, and that it is not within the authority of any department to procure such assistance otherwise than as directed in the provision thus made by Parliament.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, NOV. 25, 1899.

SIR,—I find on examination of the vouchers sent me in support of the expenditure made under your letter of credit last year from the vote for Tidal Service, that the sum of \$407.74 was paid for the services of temporary clerks, but the accounts rendered do not bear the necessary evidence of having been audited in this office before payment.

Neither of the vouchers sent me in support of the payments made to Mr. Hayden, one of the temporary clerks, is certified; nor are the vouchers in the case of Mr. Angus, another clerk, for the payments made him for the months July to October. The November and December accounts are certified by Mr. Dawson that Mr. Angus has been steadily occupied in the work of the tidal survey during these months. The May and June vouchers are not certified. Please cause to be sent me the necessary certificates in these cases. If there are any temporary employees now in your department doing work at Ottawa in connection with or under the immediate supervision of a permanent officer of the inside service, whose remuneration it is intended to charge against an appropriation other than that for Civil Government Contingencies, please do not make payment in any such case until the pay-list or account rendered shall have been certified in this office.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

SESSIONAL PAPER No. 1

Travelling Expenses of Civil Government Officers paid from Outside Votes.

AUDIT OFFICE, OTTAWA, July 25, 1899.

SIR,—I find on examination of your expenditure during the past fiscal year, that several payments for travelling expenses were made to officers of the inside service of the Department of Marine and Fisheries from appropriations other than that for Civil Government Contingencies, and in connection with these payments I beg to call your attention to the discussion in the House of Commons on the propriety of so doing, as recorded in *Hansard* (unrevised) of Friday, 21st instant, on pages 8329 and 8330.

You will notice that the Finance Minister admitted the principle which should govern charges of this nature in respect of the appropriation to which they are properly chargeable, and that Mr. Foster remarked: "I am very glad of that, for certainly it ought to be done."

As you are aware, I have frequently pointed out the irregularity involved in charging the travelling expenses of the departmental staff to votes other than that for Civil Government Contingencies, and in view of the practical endorsation now given to this view by the House of Commons, I am to request that you will see that the payments made last year are transferred to the proper vote, and that in future all such charges will be debited to Civil Government Contingencies.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 28, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 25th instant, drawing attention to a discussion in the House of Commons in regard to charges for travelling expenses of Government employees being charged to other appropriations than that of Civil Government Contingencies, and requesting that payments made last year be transferred to the proper vote, and that in future all such charges be debited to Civil Government Contingencies, and in reply I am to inform you that owing to the small amount voted to the department for contingencies the request made cannot be complied with. As you will see by reference to the Supply Bill the sum of \$2,000 only is allotted to the department for payment of travelling expenses, telegraphing, cab-hire, newspapers, &c., and until this vote is largely increased it will be quite impossible to charge travelling expenses of officials of the department to that vote. I may remark at the same time that \$300 had to be taken from Unforeseen Expenses last year to supplement our vote for contingencies. While no doubt there is a good deal to be said in favour of the view you hold, I may observe that I cannot see that there is any very serious objection to charge travelling expenses to the particular vote for which the services are required.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, August 5, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 28th ultimo, with reference to the payments for travelling expenses made during the past fiscal year to members of the inside service of the Department of Marine and Fisheries and charged to votes other than that for Civil Government Contingencies, in which you state that the transfer pointed out as necessary in my letter of the 25th ultimo cannot be made for the reason that the vote for Civil Government Contingencies, 1898-99, has been exhausted by other payments.

I have to request that, notwithstanding this fact, you will cause the necessary application to be made to this office for the transfer in question.

I am prepared on the endorsation and support given the principle which, to my mind, should govern charges of this nature, by the Finance Minister and Mr. Foster on the occasion referred to in my letter of the 25th ultimo to allow the overcharges that may be necessitated by the addition of the transfers.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Note by A. G.—These transfers were not made for the fiscal year 1898-99.

**Advances for Travel not accounted for within the time prescribed
by Treasury Board.**

AUDIT OFFICE, OTTAWA, June 27, 1899.

SIR,—With reference to the advances made during the current fiscal year through your departmental letter of credit to cover travelling expenses, I beg to call your attention to the provision in the Order in Council dated February 6, 1893, directing that all such advances shall be accounted for within one month of the completion of the trip.

I call your attention to this provision now so that no unnecessary delay may occur at the end of the fiscal year in connection with any outstanding accounts or balances of advances that may have to be refunded to the credit of the appropriations of 1898-99.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Sept. 15, 1899.

SIR,—As the books of the Finance Department and this office relating to the appropriations of last year will probably be closed in a few days, I desire to call your attention to the necessity of having all refunds, relating to the expenditure of the fiscal year 1898-99 that have not yet come to account, or any of the entries which it may be necessary to make in the way of transfers, &c., attended to at once.

I have not received the account of Mr. Venning's disbursements in connection with the British Commission Behring Sea Claims Convention, about which there has been already some correspondence, though I notice in the June supplementary statement of cheques issued that a cheque of \$750 was issued in his favour. Please let me know how this matter stands. I understood from the Minister of Marine and Fisheries that this \$750 was to be paid to Mr. Venning only in connection with the giving of full particulars of the sum advanced to him for travelling expenses, and which now appears against him.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Sept. 16, 1899.

SIR,—I have to acknowledge the receipt of your letter of the 15th instant, in reference to the matter of refunds, and stating that you had not received the account of Mr. Venning's disbursements in connection with the Behring Sea Claims Commission, and in reply I am to inform you that the necessary action has been taken with regard to refunds and the account of Mr. Venning's disbursements will be arranged in the course of a few days. I am also to observe that with regard to the \$750 which was to be paid Mr. Venning, the cheque has not yet been given to him.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, Nov. 28, 1899.

SIR,—I beg to call your attention to my letters of recent dates, asking for the necessary vouchers in support of certain advances made during last year to officers of your department to cover travelling and other expenses, and to inform you that I have not yet received the vouchers asked for. As pointed out in a previous letter, the absence of these vouchers is causing considerable delay in the preparation of the Audit Report of last year, and I shall be obliged if you will give the matter your early attention.

I have not yet received the necessary accounts in support of the advances made to Mr. McElhinney from the appropriation for the new steamer "Minto."

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, Dec. 15, 1899.

SIR,—I beg to remind you that I have not yet received the necessary accounts in support of advances for travel made during last year to Commander Spain and Mr. Bloomfield Douglas, to which I called your attention some time ago. In view of the delays which have occurred in accounting for advances made to officers of your department during last year, I feel obliged to ask you not to make any similar advances in the future from your letter of credit.

Should it be necessary to provide any of your officers with funds properly chargeable to an appropriation other than that for Civil Government Contingencies, the required advance may be obtained by direct application to this office.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 20, 1899.

SIR,—I beg to call your attention to the account rendered by Commander Spain in support of \$300 advanced him last March from the vote for investigation into wrecks.

The following items are not supported by the usual and necessary vouchers:—

Team, North-west Arm and return.....	\$ 4 00
Witness fees.....	7 00
Justice of peace fees.....	4 50
Justice of peace fees.....	2 00
Shelburne to Yarmouth.....	12 00
Halifax to Prospect.....	6 00
Witness fees.....	7 50
Justice of peace declarations.....	3 00
Sydney to Louisburg.....	6 00
Louisburg to Sydney.....	6 00

Please cause to be sent me the evidences of payment which Commander Spain obtained in regard to these charges.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 21, 1899.

SIR,—In the accounts recently sent me in support of advances made during last year to Commander Spain from the vote for Fishery Protection Service, there are charges for what is, seemingly, travel by private conveyances, to the amount of \$214, which are not supported by the necessary vouchers. There are also charges for telegrams and postage stamps to the amount of \$60 or thereabouts. I understood from you last year that arrangements had been made so that items of this latter kind would not again appear in Commander Spain's travel account. I shall be obliged if you will cause the necessary vouchers to be sent me in support of the disbursements for travel by private conveyances at your early convenience, as I hope to close the report on the expenditure of your department within the next few days. Three vouchers sent me in support of items of expenditure, viz.: Canadian Express Co., \$25.66; Ross, Limited, Manufacturing Opticians, £5 4s. 6d., and Frontenac Hotel, \$27, are not receipted, and consequently are not proofs of payment. Why were not the telescopes obtained from Ross paid for by the department in the usual course by bill of exchange?

There are charges for discount on drafts amounting to \$8.09 which call for explanation.

With reference to these advances to Commander Spain, I notice that on February 7, 1899, he had on hand \$197.88, and yet in the following month an additional sum of \$300 was given him from the vote for investigations into wrecks, only \$248.89 of which was needed for immediate use as shown by the account sent me within the past few days. Please let me know your reasons for having advanced Commander Spain \$300 to cover travelling expenses when he had in his possession \$197.88 of Government money. These advances, as you are aware, are intended to cover immediate outlay necessary in the performance of some public duty, and it is therefore plainly an abuse of the system to allow unexpended portions of them to remain in the hands of any officer longer than is absolutely necessary in the public interest. I have again to request that no further advances of this nature be made to the officers of your department through your letter of credit, until some arrangement has been made by which they shall be promptly accounted for. Please advise me of any such arrangement.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 5, 1899.

SIR,—I beg to bring to your notice the account of travelling expenses rendered by Captain McElhinney in connection with the construction of the new steamer "Minto" at Dundee, Scotland.

There are no vouchers in support of the several charges for lodging and meals, but these are detailed in such a way as to represent the outlay of each day in that respect. Of course I do not object to the minuteness of detail, but more satisfactory proof of payment would have been furnished by Mr. McElhinney had he obtained the hotel bills in the regular course and attached them to his statement of outlay. I called your attention to a similar defect in a previous account rendered by Captain McElhinney, and the explanation then was that he was constantly moving about and consequently did not stay at any particular hotel. This explanation is scarcely applicable to the present case as Mr. McElhinney was absent from Ottawa nearly three months, most of which time was necessarily spent at Dundee. I shall be obliged if you will cause full explanations to be sent me in this matter.

A charge of £10 sterling to agent to cover travelling expenses calls for further explanation than is given on the account.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, Dec. 11, 1899.

Memo. for the Deputy Minister:—I beg to state that to collect vouchers for all my expenses would be almost impracticable, travelling about as I have had to do when attending to my work in connection with the "Minto." The hotel bills asked for would only cover a part of my living expenses. I did not stay in Dundee much, as my duties kept me moving about a good deal, consequently I could not remain at one hotel all the time. As regards the £10 to agent, I have to explain that he was requested by the Department of Marine to attend to paying over the different instalments to the builders when falling due. He had to make several trips to Dundee from Glasgow in connection with handing over the instalments, launch of vessel and trial trip. I found him to be an honourable, energetic person whose services were very useful in this work. He said his expenses on account of the "Minto" amounted to £10, which sum I handed to him without taking a receipt, not considering it necessary in this case, but can get one if absolutely necessary.

I am, sir, your obedient servant,

(Sgd.) M. P. McELHINNEY, *Nautical Adviser.*

AUDIT OFFICE, OTTAWA, Dec. 15, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 12th instant, inclosing Mr. McElhinney's explanation in regard to the absence of hotel vouchers in support of the various charges made by him for living expenses during his stay in Dundee and other parts of Great Britain from May to October, 1899.

In connection with the absence of these vouchers, I would remind you that I called your attention to a similar omission on the part of Mr. McElhinney in a letter dated December 6, 1898, and consequently he must have known when on his latest trip that hotel vouchers would be called for in support of any charges made for living expenses. I do not regard his explanation as satisfactory. With regard to the charge of £10 sterling made in his account as paid to the agent at Dundee to cover travelling expenses, it is quite clear that Mr. McElhinney had no authority to pay this sum from an advance for disbursements unless it was supported by a properly detailed and certified account.

It will be still necessary to get the detailed account before passing the item.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

U. P. Boucher's Accounts in connection with Maintenance of Buoys between Quebec and Montreal.

AUDIT OFFICE, OTTAWA, Nov. 14, 1899.

SIR,—I beg to bring to your notice three advances made during last year to Mr. U. P. Boucher, amounting to \$600, from the appropriation for Maintenance of Lights, Quebec, and to point out that no vouchers in support of these advances have been sent me. There

SESSIONAL PAPER No. 1

are also three payments from the same appropriation to Mr. Boucher for board of the officers and crew of the barge "Shamrock" engaged in buoy service on the St. Lawrence. Please let me know the authority for the arrangement under which these payments were made.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, NOV. 16, 1899.

SIR,—In reply to your letter of the 14th instant, relating to three advances made during last year to Mr. U. P. Boucher, from the appropriation for Maintenance of Lights, Quebec, and stating that no vouchers have been sent in support of these advances, I have to inform you that \$500 of the amount was payment of wages to Mr. Boucher. He is the engineer in charge of the buoy service on the St. Lawrence River between Montreal and Quebec. The wages were paid by cheque, and the voucher is the cheque with Mr. Boucher's endorsement. The vouchers with statement showing the disbursements made by Mr. Boucher for small articles in connection with the other \$100 will be sent you when the account for petty disbursements to date is settled. With regard to the payments from the same appropriation for the board of officers and crew of the barge, I have to inform you that the vouchers for this expenditure have been sent you. In reply to your request to be informed upon what authority these payments were made, I have to inform you that the Minister of Marine and Fisheries authorized them, and they were made out of the proper vote as they were in connection with the maintenance of buoys. I may also add that no payment has been made Mr. Boucher or any one else without the authority of the Minister for so doing, in connection with the buoy service on the St. Lawrence River.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, NOV. 18, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant, with reference to certain advances made Mr. U. P. Boucher during last year from the vote for Maintenance of Lights, in which you state that \$500 of the amount was in payment of wages to Mr. Boucher, engineer in charge of the buoy service in the St. Lawrence between Quebec and Montreal.

Please let me know the rate at which Mr. Boucher is paid and the authority under which such rate was determined.

The statements of subsistence of the crew of the "Shamrock" sent me for the months of April, May and June are not certified as to the reasonableness of the price paid. The captain certifies in two instances that every man for whom charge was made was on duty for the time mentioned, and Mr. Boucher himself certifies the June statement that the expenditure was authorized and incurred, and that the prices charged are fair and just.

You will readily understand that the certificate of Mr. Boucher, who is the contractor, as to the reasonableness of the price, is of no value whatever.

Please let me know what steps were taken by the department to ascertain that \$10 a month was a reasonable price to pay for the board of the officers and crew. Is there any provision in the agreement with Mr. Boucher as to the kind of board he is to provide?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, NOV. 21, 1899.

SIR,—In reply to your letter of the 18th instant, requesting to be informed of the rate at which Mr. U. P. Boucher is paid, and the authority under which such rate was determined, I have the honour to inform you that the rate at which Mr. Boucher is paid is \$1,400 for the season, from the preparation of the buoys in the spring until the end of the season, which includes storing the buoys after they have been taken out of the water. The rate was determined by the fact that he received this sum from the previous contractor, with whom he had an agreement for employment for five years or during the term of the contract with Mr. Kaine, which was cancelled last spring. Mr. Boucher was employed by the buoy contractors for many years, and is a civil engineer and an expert with regard to locating buoys in the St. Lawrence River. With regard to the statements

of subsistence of the crew for the months of April, May and June, they are correctly certified as Mr. Boucher is the officer in charge of the service. The captain is merely the navigator of the "Shamrock."

With regard to your last question to let you know what steps were taken by the department to ascertain that ten dollars a month was a reasonable price to pay for the board of the officers and crew, I have to call your attention to the fact that you have not given any reason for requiring this information. Be good enough to intimate in what way it effects the auditing of the accounts.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, NOV. 24, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant, in further explanation of the payments made to Mr. U. P. Boucher for remuneration and disbursements in connection with the buoy service in the St. Lawrence between Quebec and Montreal.

It is usual in the case of fixed salaries such as that paid Mr. Boucher, to pay only the amount which has been authorized by the Governor in Council. I have not been informed that this practice has been observed in his case.

The certificate of Mr. Boucher as to the reasonableness of the price paid for the board of the officers and crew of the "Shamrock" is of inferior value, because he is himself the beneficiary in the case. If the actual cost of boarding the men is only \$8, or even \$9 per month each, so much the better for him, as the difference between such amount and \$10 represents his clear profit.

I have to ask again to be informed of the steps taken by the department to ascertain what would be a reasonable allowance to Mr. Boucher for the board of the men on the "Shamrock," and at the same time to point out that the fact of the Auditor General asking for certain information in connection with expenditure already made, should be, as a general rule, sufficient evidence for the spending officers that he is entitled to receive it. If there is any good reason in the public interest why the information asked for should not be given, it is for the department to show that such is the case.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, NOV. 30, 1899.

SIR,—In reply to your letter of the 24th instant, relating to the payment of wages or salary to Mr. U. P. Boucher in connection with the buoy service on the St. Lawrence River between Quebec and Montreal, I have to inform you that it was not deemed necessary to appoint Mr. Boucher by Order in Council at a fixed salary. It was stipulated that he should receive the same pay as he had previously received from his former employer. You state that it is usual in the case of fixed salaries to pay only the amount which has been authorized by the Governor in Council. I have to inform you that Mr. Boucher holds his position in a similar manner to captains, officers and members of crews of Dominion steamers. It has not been customary to appoint officers, engineers or members of the crews of steamers by Order in Council, although the amounts which they receive are fixed by a schedule of rates according to their rank from year to year, and the same applies to the officers and crew of the "Shamrock."

The only difference being that Mr. Boucher is paid out of the vote for Maintenance of Lighthouses and Buoy Service, whilst the officers and crews of the Dominion steamers are paid out of the vote for Dominion Steamers.

With regard to the certificate of Mr. Boucher as to the reasonableness of the price paid for board of the officers and crew of the "Shamrock," I have again to inform you that the captain, on behalf of the department, certifies to the number of days which each member of the crew of the "Shamrock" is on board the vessel. If any are on leave or absent from the vessel at any time the department is not charged for their board. Mr. Boucher, as the officer in charge of the buoy service and "Shamrock," receives \$10 per month for the board of each one of the officers and crew of the "Shamrock." The department arranged for the kind of food to be supplied, and if the actual cost is more than \$10 during any month the department does not pay the extra cost. Your statement that if the board costs only \$8 or \$9 per month then Mr. Boucher is a beneficiary, I have to say is merely hypothetical. The department is aware that men supplied with the kind of food specified by its officers, cannot be fed for 9 cents per meal and leave a profit to the person who supplies the provisions.

SESSIONAL PAPER No. 1

Mr. Boucher certified the accounts as the officer to whom directions are given with regard to many items of expenditure in connection with the buoy service. He certifies the board account after the captain or navigator has certified that each member of the crew was aboard during the month.

This economical and safe method was adopted for the purpose of keeping the expenditure for provisions within a reasonable sum, and it received the approval of the Minister of Marine and Fisheries.

If the certificate of Mr. Boucher is not satisfactory to you it can be discontinued and the navigator's certificate together with the certificate of an officer of this department can be given. I do not suppose that you wish to put the department to the trouble of getting each one of the crew and officers to certify that they get sufficient food at each meal, and that it is worth 11 cents a meal.

In reply to your question as to what steps the department took to ascertain what would be a reasonable allowance to Mr. Boucher, I have to inform you that it is part of the business of the department to carefully look into these matters, and past experience enables the officers to tell readily what reasonable charges per month for provisions should be. The sum in this case was found to be \$10 per month.

I think you will agree with me that any reasonable information which you have asked for has always been freely given.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, Dec. 6, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ultimo, in further explanation of the payments made Mr. U. P. Boucher last year for salary and board of the crew of the "Shamrock."

I was aware of the fact, to which you call my attention, that captains, officers and members of crews of Dominion steamers are not appointed by the Governor in Council, when I wrote you regarding the practice of obtaining the authority of Council for the payment of salaries of a fixed continuous amount. I called the attention of the Department of Marine and Fisheries to this omission in the case of such officers and employees in April, 1893, but so far as I can find the department has not replied to my letter. My recollection is that it was explained to me at the time that the rates of remuneration in their case must be governed largely by the rates prevailing in the mercantile service, from which source the supply of officers and men was chiefly obtained, and as these rates were liable to fluctuate, it would be difficult for Council to fix a standard rate. It seems to me that the case of an engineer for a particular service does not come within this explanation.

With regard to the certificate given by Mr. Boucher on the accounts rendered for board of the crew of the "Shamrock," it is quite clear that the certificate called for by the Audit Act (section 33) must come from some person not financially interested in the transactions, the correctness and reasonableness of which he vouches for over his name. As suggested in your letter, I think the certificate of the captain to the effect that the men for whom charge is made were employed on board the "Shamrock" during the periods claimed, that the board supplied was satisfactory and the price charged fair and just, would be more in accordance with the law than is the present mode of certifying.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Purchase of Steam Barge "Shamrock."

AUDIT OFFICE, OTTAWA, Nov. 20, 1899.

SIR,—I beg to bring to your notice payments made during last year for the steamer "Shamrock," amounting to \$21,500. The vouchers sent me in support of these payments are merely memoranda written in the department, except in the case of \$107.03, amount of an account for repairs which has been deducted from the purchase price.

There is no certificate from a responsible officer of the department that each payment was justly due at the time it was made.

Was the "Shamrock" purchased as a result of tenders called for by public advertisement, or was it merely at private sale? If the latter course was followed, the necessary certificate should be sent me in regard to the reasonableness of the price paid.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 22, 1899.

SIR,—In reply to your letter of the 20th ultimo, relating to payments made last year for the steamer "Shamrock," amounting to \$21,500, I herewith send you copy of an agreement made between the Minister of Marine and Fisheries and Mr. J. C. Kaine relating to the purchase of the steamer.

You will observe by the agreement that the steamer was to be taken over and paid for when the two officers mentioned in the agreement made their reports upon her condition and gave their certificates.

The "Shamrock" was not purchased as the result of tenders owing to the fact that the department did not consider there was another vessel similarly equipped in the Dominion of Canada. She was built and equipped specially for the buoy work on the St. Lawrence River.

The vessel, you will see by the agreement, was bought at a valuation, and the title papers were received by the department before payment was made, and the vessel was delivered over to the department on the 17th of April last.

The steamer was carefully examined, and it was ascertained that each article specified in the inventory of the former owner was on board at the time and previous to the delivery and found to be in a satisfactory condition, most of the articles being nearly new.

The Minister of Marine and Fisheries took the steps that were considered necessary by him to arrive at a correct valuation and required the evidence by the certificates of his officers, that the steamer was in the condition represented by Mr. Kaine, who built and sold the vessel.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, Dec. 29, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant, inclosing certificates from Mr. Stumbles and Mr. Adams in connection with the purchase and delivery over to the Government of Canada of the steam barge "Shamrock" from Mr. J. C. Kaine. These certificates are sufficient so far as they go, that is the one from Mr. Stumbles that the steamer and outfit were delivered as required, and the one from Mr. Adams that the boiler, &c., was in good order; but neither of these meets the obligation of section 33 of the Consolidated Revenue and Audit Act, which is: "No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just." 41 Vic., chap. 7, sec. 33.

Evidently some official whose duties make him conversant with the values of steamers should have given a certificate that the price paid was fair and just.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

Payment of \$300 in addition to Contract Amount to J. C. Kaine.

AUDIT OFFICE, OTTAWA, Nov. 25, 1899.

SIR,—I beg to ask for explanation of a payment of \$300 by cheque 11934 of last year to Mr. John C. Kaine for loss of material by ice in the fall of 1898, and 4 days' wages of the crew of the steamer "Shamrock."

Was this payment in accordance with his contract for the buoy service of the St. Lawrence between Montreal and Quebec, and if so, will you please let me know the clause of the contract applicable to the case?

The voucher sent me in support of the payment is not certified.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

SESSIONAL PAPER No. 1

DEPT. OF MARINE AND FISHERIES, OTTAWA, NOV. 28, 1899.

SIR,—In reply to your letter of the 25th instant, asking for an explanation of the payment of \$300 by cheque No. 11934 paid to Mr. John C. Kaine for loss of material by ice in the fall of 1898, and 4 days' wages of the crew of the steamer "Shamrock," I have to inform you that this expense was incurred in order that large steamers might pass down from Montreal later than the usual time for taking up the buoys.

Requests had been made by the owners of these steamers to allow the buoys to remain in position. Mr. Kaine would not assume the responsibility of allowing the buoys to remain after a certain date, and, therefore, the department, under the circumstances, felt bound to pay for any material that was lost by ice. It was entirely independent of the contract.

With regard to the voucher not being certified, I have to inform you that one of your clerks came to the department to ask for an explanation of the account, and it was handed to him as he desired to take it with him. The fact of it not being certified was an omission which will be rectified if you will be good enough to return the account to this department.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, Dec. 5, 1899.

SIR,—With reference to your letter of the 28th ultimo, in explanation of a payment of \$300 to Mr. John Kaine for certain losses claimed to have been sustained by him in the maintenance of the buoys in the St. Lawrence River between Montreal and Quebec during the season of navigation 1897-98, I beg to bring to your notice the following provision in the contract:—

"Nineteenth.—The contractor will maintain and keep in place the beacons and buoys until the last vessel drawing over ten feet of water has passed up or down the channel, unless the inspector shall give written permission to take the buoys up sooner, but the buoys shall in no case be taken up without such written permission, no matter what the risk of loss or damage may be." In view of this provision I do not understand the date you wish to indicate by the expression "later than the usual time for taking up the buoys." I shall be glad to have a further explanation at your early convenience.

I return herewith the account sent me that you may have it certified in proper form.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 15, 1899.

SIR,—In reply to your letter of the 5th instant, relating to the payment of \$300 to Mr. John C. Kaine for losses of buoys, moorings, &c., sustained in the fall of 1898, and quoting the nineteenth clause of the contract, which provides that the buoys must be left in position until the last vessel drawing ten feet of water has passed up or down the channel, I have to inform you that the subject was duly considered at the time.

Mr. Kaine had been granted permission to take up the buoys, but after he had received permission to lift the buoys, from the inspector, an application was made to the department by the owners of ocean-going steamers to allow certain buoys to remain, one steamer in particular, a large one, had been delayed in crossing the ocean to Montreal eight or ten days, but was then in port loading. Mr. Kaine agreed to allow certain buoys to remain in the river with the understanding that he should be paid for any loss of spar buoys or materials and for any extra work that might arise from taking up the buoys after these steamers passed down. Before the buoys could be taken up ice made in the St. Lawrence River to a depth of four inches in certain places, although only three or four days elapsed.

You state you do not understand the date that is indicated by the expression: "Later than the usual time for taking up the buoys." I have to inform you that there is no date for taking up the buoys, nor can one be fixed as the whole matter depends more or less upon the seasons and the number of ocean-going vessels requiring the buoys to guide them. There may be four or five days difference between one season and another.

It is a serious matter to detain ocean-going steamers in port all winter at Montreal, or expose them to great risk by removing aids to navigation, and the department under circumstances of this kind assumes the responsibility, which it considers it has a right to do in the interest of navigation.

I herewith return the account certified as requested by you.

I am, sir, your obedient servant,

The Auditor General.

Overpayment to Lightkeeper not refunded.

AUDIT OFFICE, OTTAWA, Nov. 29, 1899.

SIR,—Last year Jonathan Chase, lightkeeper at Middle Island, Ontario, was paid \$20 salary for November, 1898, and Colin P. Lawson, his successor in charge of Middle Island light, a like sum for the same month. Mr. Lawson was appointed by Order in Council, dated October 17, 1898, so that the November payment to him was apparently in order and the payment to Mr. Chase in error. I have not been able to find the necessary refund in the books of this office. Please explain.

Please explain.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 1, 1899.

SIR,—I beg to acknowledge receipt of your letter of the 29th ultimo, in regard to the payment made to Jonathan Chase in error as lightkeeper at Middle Island, and in reply I beg to inform you that the department has been in communication with Mr. Chase in regard to refunding the amount, but has not yet received the amount. The department, however, is still pursuing the matter.

Biological Station, Gulf of St. Lawrence.

AUDIT OFFICE, OTTAWA, Nov. 15, 1899.

SIR,—I beg to bring to your notice an expenditure of \$4,709.10 made during last year under your letter of credit from the appropriation for a marine biological station in the Gulf of St. Lawrence, all of which was incurred in connection with a station at St. Andrews, N.B. The only St. Andrews in New Brunswick, so far as I am aware, is not on the Gulf of St. Lawrence, but on the south-western coast of New Brunswick.

The vote for a biological station in the Supply Bill of 1898-99 was available only for such a station in the Gulf of St. Lawrence, and I shall be obliged if you will let me have your explanation for making the expenditure at St. Andrews.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Nov. 17, 1899.

SIR,—In reply to your inquiry of the 15th instant, I beg to point out that the marine biological station is a floating structure capable of being moved from one locality to another on the scow specially built for the purpose, and as may be found expedient and productive of the best results in connection with scientific fishery researches. The biological station is not, as your letter seems to imply, a permanent institution at the town of St. Andrews, and was merely temporarily located there pending arrangement for towing it elsewhere. Nor was the expenditure made at St. Andrews, but mainly at St. John, N.B., where the contractors (Messrs. Clark & Son) live. Of course the work of the station will be carried on at various points in the waters of the Gulf of St. Lawrence.

I am, sir, your obedient servant,

SIR,—I beg to call your attention to the absence of the necessary certificate from the Queen's Printer on accounts for advertising to the amount of \$22.87 paid during last year from the vote for a Marine Biological Station in the Gulf of St. Lawrence. The cheques should not have been issued in these cases unless the accounts had been previously certified as by law required.

Accounts rendered by Mr. Gaudin not properly receipted.

AUDIT OFFICE, OTTAWA, Nov. 15, 1899.

SIR,—I beg to bring to your notice the vouchers sent me in support of an expenditure of \$1,298.90 made by the agent of Marine and Fisheries at Victoria, during last year, in connection with certain lights in the province of British Columbia. In five instances Mr. Gaudin, the agent in question, signs the pay-sheets as attorney. As Mr. Gaudin was the disbursing officer, you will readily understand that his signature as a receipt for money paid out by himself is practically no acknowledgment at all on the part of the persons to whom the amounts shown on the pay-sheets were due.

Alex. Bruce acknowledges to have received payment in full of accounts amounting to \$124, only \$21 of which is wages due himself. There is no acknowledgment of the amounts entered opposite the names of the other labourers, six in number, which appear on the pay-sheets.

The proofs of payment in these cases are not sufficient.

Expenditure incurred in July, 1899. paid from Appropriation 1898-9.

AUDIT OFFICE, OTTAWA, Dec. 12, 1899.

SIR,—I beg to call your attention to the accounts sent me in support of two advances made during last year to Mr. W. P. Anderson, amounting to \$1,000, from the vote for the Construction of Traverse Pier, and to point out that according to the dates of the labour pay-lists, these advances were used to pay for work performed in the month of July, 1899. The appropriation of any one year is not, as you are aware, applicable to expenditure incurred in a subsequent year, so that the payment of these pay-lists from the appropriation of 1898-99 was irregular. Please let me have your explanation.

Carmichael, of Kingston, from the vote for Meteorological Service, and to point out that no voucher has been sent me in support of it. Payment of \$68.99 to S. P. Benjamin for Fishway at White Rock.

AUDIT OFFICE, OTTAWA, Dec. 23, 1899.

SIR,—I beg to bring to your notice a payment of \$68.99 made during last year, from the vote for Building Fishways, to Mr. S. P. Benjamin, which is described as "balance of departmental share of cost of building fishway at White Rock, King's Co., N.S." There was a payment of \$53.44 made in the fiscal year 1897-98 to Mr. Benjamin for this fishway, which according to the voucher sent me, was "in full, being one-half the original cost of constructing the fishway." The account rendered by Mr. Benjamin in support of the payment made him in 1897-98 showed an expenditure of \$244.87, but evidently the department did not then accept this amount as the "original cost of construction," as the memo. I have quoted was written on the account by Mr. Cunningham, the assistant accountant. Please explain.

Travelling Expenses of Lobster Commission.

AUDIT OFFICE, OTTAWA, Nov. 21, 1899.

SIR,—With further reference to the expenditure from the appropriation for Unforeseen Expenses Generally, made under your letter of credit last year to the commissioners on the lobster investigation, I beg to point out that the Order in Council which authorized the remuneration of \$7 per diem to each commissioner directs that such amount shall be exclusive of reasonable actual living expenses, and steamboat and railway fares, but inclusive of all other expenses and allowances.

Please let me know the nature of the expenses and allowances, of which mention is made in the order, contemplated by the Governor in Council.

My interpretation of the order is that only those expenses specifically mentioned may be paid in addition to the authorized remuneration, but I find from the accounts that you have allowed not only these, but cab-hire, stage fare and similar outlays.

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, A.G.

Prices paid for Provision Supplies apparently high.

AUDIT OFFICE, OTTAWA, Oct. 26, 1899.

SIR,—I beg to bring to your notice an account rendered by Davison & Co., Charlottetown, voucher 5246 of July 9, 1898. In this account the prices charged seem to be above the market value, and I shall be obliged for any explanation you may wish to make in regard to them. The following are examples :—

Flour (five roses)	\$7 00 per barrel
Flour (not described)	6 50 per barrel
Family pilot bread	0 07 per lb.
Raisins (Valencia)	0 09½ per lb.
Split peas	0 05 per lb.

While it will not be practicable in all cases to insert qualifying words which may affect the prices, before all articles in the detailed statements of expenditure to be given in the report of this office for the past fiscal year, still I shall be glad if you will let me know of any special instances in which you consider it desirable to insert the qualification or circumstances having an important bearing on the prices paid.

I have only one object in view in compiling and publishing these detailed statements, namely, to afford Parliament and the country a ready and accurate means of information as to the disbursements of the public moneys, and in the accomplishment of this end I shall always be glad to receive any and every assistance from the departments concerned.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

LOVAT, WEST RIVER, PICTOU Co., N.S., Dec. 9, 1899.

SIR,—Herewith I return you copy of a letter from the Auditor General to the Deputy Minister of Marine and Fisheries *re* prices charged for flour, pilot bread, raisins, split peas, &c., by Messrs. Davison & Co., Charlottetown, P.E.I., voucher 5240, 9th July, 1898.

I also inclose a letter from the chief steward giving his explanation of the matter.

To my own personal knowledge the price of flour and other provisions in many towns in the Maritime Provinces, at the time these charges were made, was very much higher than ordinary prices, caused by the war then going on between Spain and the United States.

I am, sir, &c.,

Captain O. G. V. Spain, R.N.,
Commander Fisheries Protection Service, Ottawa.

JOHN S. MCKAY.

FISHERIES PROTECTION SERVICE, HALIFAX, Nov. 30, 1899.

SIR,—In regard to flour and other articles purchased from Davison & Co., Charlottetown, P.E.I., I would say at the time we got the flour (June, 1898), and for several months previous to that, flour sold at a very high figure, I know for a fact that in Halifax in the month of June it cost \$6.75 per barrel and it had reached even a higher figure than that, and naturally with the extra freights it would command a higher price in the Island, I may mention that the following September it dropped to \$4.75 per barrel.

As regards the family pilot bread, we can never buy it for less than 7 cents per lb. on the Island, though in Halifax 6½ cents is the usual figure. The charges for split peas and raisins I certainly think rather high, raisins generally fetching 7 cents, and split peas 4 cents per lb.

I always endeavour to procure stores at market prices, but some times we are compelled through lack of time to leave the charges to the discretion of the authorized dealers.

I am, sir, your obedient servant,

J. S. McKay, Esq.

Arrears of Salary and Allowance to R. L. Tupper.

AUDIT OFFICE, OTTAWA, Sept. 28, 1899.

SIR,—I beg to bring to your notice a payment of \$763.58 during last year by cheque 15240 to Messrs. Alloway & Champlon, attorneys for Mr. R. L. Tupper, for salary, rent and fuel at Selkirk Hatchery, from January 1, 1897, to September 30, 1898.

Please let me know the authority under which Mr. Tupper was appointed to the charge of Selkirk Hatchery, the date on which he assumed charge thereof, and the reasons for not having paid his salary and disbursements in the regular course of payment.

I am, sir, your obedient servant,

DEPT. OF MARINE AND FISHERIES, OTTAWA, Oct. 7, 1899.

SIR,—In reply to your letter of the 28th ultimo, asking for certain explanations covering the payment of \$763.58 to Mr. R. L. SESSIONAL PAPER No. 1

Re Goods Lost.

AUDIT OFFICE, OTTAWA, Dec. 22, 1898.

SIR,—I have received your application for a payment to Messrs. B. & M. Rattenbury of \$25.41, and to Messrs. MacLeod & Fraser of \$8 for goods lost by steamer "Stanley."

I have to ask for the papers in connection with these claims: (1) the accounts of the claimants, (2) the certificates of the consignees that the goods were not received, (3) the receipt of the purser of the "Stanley" for the goods, (4) the reports made by Mr. Lord.

I may add that the practice on the Intercolonial Railway is to charge payments for lost goods to working expenses.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Jan. 3, 1899.

SIR,—In reply to your letter of the 22nd ultimo, relating to the payment of the accounts of Messrs. B. & M. Rattenbury and Messrs. McLeod & Fraser for goods lost from the steamer "Stanley," I herewith inclose the papers requested, viz., the letter of Messrs. McLeod & Fraser, showing the cost of the quarter of beef; the memo. of M. C. Webster, agent of the Intercolonial Railway at Pictou, in which he states that no receipt was given for the quarter of beef; the account of Messrs. B. & M. Rattenbury for the barrel of hams, \$25.41; a letter from the purser of the "Stanley," which shows that he received the articles on board the steamer, and a report from Mr. Lord, containing his recommendation to pay the claims.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, for D. M. of M. & F.

AUDIT OFFICE, OTTAWA, Jan. 5, 1899.

SIR,—I am returning the papers received with your letter of the 3rd instant, in reference to goods lost from the steamer "Stanley." It is not explained why the purser of the "Stanley" has no receipt for these goods, if, as he says, they were delivered at Pictou to the Intercolonial Railway.

Cheques will issue in due course in favour of B. & M. Rattenbury for \$25.41, and MacLeod & Fraser for \$8, which will be made charges against Dominion Steamers Revenue.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Re Dominion Steamers' Revenue used to meet expenditure.

AUDIT OFFICE, OTTAWA, Jan. 18, 1899.

SIR,—I have had no reply to my letter of September 2nd last, in reference to certain expenditure in connection with the steamer "Stanley," which was charged against revenue. You did not make any application to have this expenditure transferred to the vote for Dominion Steamers, as suggested in my letter.

There is also the question of over-expending the vote for Prince Edward Island Mail Service, though subsequently covered by a supplementary vote.

The explanation that the circumstances were unusual, and that no provision was made for the payment of these unforeseen expenditures, does not, in my opinion, justify the action in either case. Appropriations should be closely watched by your officers, and if a shortage seems likely, the vote should be supplemented as provided by statute.

As the question involved is of the first importance, viz.: Parliamentary control of the expenditure, I deem it my duty to submit both cases to the Treasury Board.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Jan. 20, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 18th instant, in reference to expenditure incurred in connection with the SS. "Stanley," which was charged against revenue, and also with reference to the over-expenditure in the vote for P. E. I. Mail Service, and informing me that you considered the explanations given not sufficient to justify the action taken in either case.

With reference to your observation that appropriations should be closely watched by the officers of this department, and if a shortage seems likely that the vote should be supplemented by statute, I am to observe that the appropriations were strictly watched, but the department is unable always to provide for contingencies which may arise, more especially in the winter service and also the mail service.

In connection with the latter vote, I may observe that the shortage was brought to the notice of the Minister who gave instructions that the wages of the crews should be paid and that the shortage should be placed in the Supplementary Estimates, and this was done. I have no objection to both cases being brought, as you propose doing, to the notice of the Treasury Board, and the Minister of Marine and Fisheries, who is a member of that board will be able to give the cases, when submitted, full consideration, and to explain the action taken by the department in the matter.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, Jan. 30, 1899.

SIR,—I am sending you herewith a copy of the correspondence with the Department of Marine and Fisheries, in reference to its action in using \$1,031.54 of the earnings of the steamer "Stanley" to meet expenditure.

The explanation of the department is: that the amount was used to pay for cartage of freight to the shore while the steamer was fastened in the ice, and it was considered by the department as a proper charge against receipts; that the circumstances were unusual and no provision was made in the vote for the payment of this unforeseen expenditure. As a matter of fact only part of this amount was expended as stated, the balance having been for ordinary expenditure.

The Audit Act, chap. 29, section 27, R.S., directs that the gross revenues shall be deposited to the credit of the Receiver General. A special Act allows wharfingers and harbour masters to retain a portion of their collections in remuneration of their services.

There is no statutory authority, that I am aware of, for using any revenue to supplement a vote by Parliament. There are other means provided to meet unforeseen expenditure.

The department seems to consider that it was perfectly justified in the course it took, and will, presumably, repeat it under like circumstances.

I beg to submit that this is a matter calling for the early attention of the Treasury Board.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 13, 1899.

SIR,—I have not been informed of the decision of the Treasury Board in reference to the action of the Department of Marine and Fisheries in using part of the revenue of Dominion Steamers to meet expenditure, which I submitted on January 30 last.

I shall be glad to have an early reply.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Re Dominion Steamers' Revenue.

AUDIT OFFICE, OTTAWA, Feb. 9, 1899.

SIR,—Returns just to hand show that the steamer "Stanley" ran ten trips in December, and that the earnings were as follows:—Passengers, meals, &c., \$561; freight, \$1,074.84, in all \$1,635.84. This amount was not deposited till January 16.

The regulations of the Treasury Board are that a daily deposit shall be made when the receipts exceed \$25. If it is not practicable to deposit every day, there can be no

SESSIONAL PAPER No. 1

reason why a deposit should not be made on the completion of each trip. The fact that all the freight charges have not been collected is no reason why what has been collected should not be deposited.

The officers of the steamer have no doubt been instructed by your department to make deposits promptly, but seemingly they neglect to observe their instructions. I shall be glad to learn what steps are taking to ensure the doing so in the future.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 14, 1899.

SIR,—On January 10 last your agent at Quebec deposited \$183.50 for board of passengers on the SS. "Aberdeen" during the season of 1898.

This amount is made up as follows:—

18 passengers, 324 days at 50 cents.....	\$162 00
1 passenger, 58 days at 25 cents.....	14 50
2 passengers, 7 days at \$1.....	7 00
	<hr/>
	\$183 50

I have to ask for explanations:

- (1.) Why passengers are taken on this steamer;
- (2.) If any are taken on any other Government steamer;
- (3.) On what basis and by whom are the rates arranged;
- (4.) And any other information pertinent thereto.

The statement furnished is not signed. It should be certified by the commander of the vessel, and should indicate (1) that it is a correct statement of all the passengers carried, (2) that the rates charged are fair and reasonable.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Sept. 12, 1899.

SIR,—Referring to your letter of the 14th June last, in regard to Dominion Steamers Revenue and making certain inquiries relative to carrying passengers on board the SS. "Aberdeen" and other Government steamers in the province of Quebec, I have the honour to inform you that lightkeepers, their assistants and families, and occasionally other persons are carried on the Government steamers at rates fixed by the Minister of Marine and Fisheries, viz.: 50 cents per day for each adult member of a lightkeeper's family or assistants, and 25 cents per day for children, for other persons \$1 per day each.

The fares charged lightkeepers and their families and their assistants are not paid on board the steamer, but are collected from the agents of the far-off keepers, and thus often it occurs that weeks and months elapse before the fares can be collected.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

Re Legal Account of R. L. Borden.

AUDIT OFFICE, OTTAWA, Feb. 7, 1899.

SIR,—I have received your application of the 4th, for a cheque in favour of R. L. Borden, for \$824.62 for professional services.

You state that a cheque (letter of credit) was issued for this account on July 23, 1897, which was re-deposited and placed to the credit of Casual Revenue, October 29, 1898, and you now ask that a Receiver General's cheque for this amount may be issued and charged to Casual Revenue.

The detailed statement of the account and the certificate of the Department of Justice do not seem to have been furnished. Please let me have them, and also an explanation why the cheque issued in July, 1897, was not delivered and the transaction closed.

I may add that compliance with your application, appears on the face of it, to be at variance with chap. 29, section 37, R.S., which directs that the unexpended balances of appropriations shall lapse and be written off.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Feb. 9, 1899.

SIR,—In reply to your letter of the 7th instant, I beg to explain that the cheque in question was issued on the 23rd July, 1897, to liquidate Mr. R. L. Borden's account as certified by the Department of Justice. Subsequently instructions were given by the Minister to hold the cheque until he had personally examined the account, consequently the cheque has been in the possession of this department from the date of issue until the 29th October last, when it was refunded to Casual Revenue.

The cheque was issued in good faith on the certificate of the Department of Justice, and it is respectfully submitted that the clause quoted in the last paragraph of your letter does not apply in this case.

The account and certificate from the Department of Justice is inclosed herewith.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

Re Rivière du Loup Wharf.

AUDIT OFFICE, OTTAWA, April 25, 1899.

SIR,—Nothing has come to account from the wharfinger at Rivière du Loup for his collections during the summers of 1897 and 1898. The net receipts, after deducting the wharfinger's commission, from this wharf for the four preceding years, were as follows:—1893-94 (collected by Department of Justice) \$260; 1894-95, \$403.64; 1895-96, \$183.83; and 1896-97, \$158.27.

I called your attention to this matter on March 18, 1898, and August 24 following. In reply to the latter you wrote January 4 last, that the wharfinger had forwarded accounts against the Richelieu and Ontario Navigation Company, amounting to \$51 for 1897, and \$172 for 1898, adding that in a few days he would remit. You also stated that he had been instructed to send in his collections at once, and so far they had not come to hand.

I do not find from the returns that have since reached this office that anything has yet come to account from this wharfinger.

Please let me know if you still retain the same wharfinger, and what steps you have taken to recover the amount he has collected. You may also deem it proper to explain why this wharfinger was allowed to continue in office, during the season of 1898, when he had not accounted for the collections of 1897.

It is my duty to call the attention of the Treasury Board to cases of this kind. I will, however, wait a reasonable time for your reply, which I trust may be of such a nature as to obviate any necessity of troubling the Treasury Board with the matter.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 30, 1899.

SIR,—I am without any reply to my letter of April 25 last, calling your attention to the fact that nothing had come to account from the wharfinger at Rivière du Loup for collections made during the seasons of 1897 and 1898.

You then sent word by telephone that a remittance had been received from this wharfinger, which had been mislaid, but which would be deposited at once, and the returns forwarded.

A revenue return was received from your department on May 4, which contained deposits made by other wharfingers, but none from Rivière du Loup.

Your attention is again requested.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 2, 1899.

SIR,—I have to acknowledge receipt of your letter of the 30th ultimo, in regard to returns for wharfage at Rivière du Loup, and in reply I beg to inclose statement received from the wharfinger for the season of 1897, and also a deposit receipt for \$117.93, being amount received from the wharfinger.

The returns for the season of 1898 have not yet been received, but I have written to the wharfinger calling his attention to the matter.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, Dec. 23, 1899.

SIR,—You wrote on June 2 last that you had written the wharfinger at Rivière du Loup, calling his attention to the fact that he had not forwarded his return for the season of 1898, nor had made any remittance.

I do not find that anything has since come to account.

I shall be glad to know what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 30, 1899.

SIR,—Referring to your letter of the 23rd instant, in reference to the wharf at Rivière du Loup, I beg to inform you that the wharfinger referred to has forwarded returns showing the collections for 1898 to have amounted to \$152.76. He has forwarded accounts also for repairs and cleaning wharf, and has charged commission on a large amount due by the Richelieu and Ontario Navigation Company, which, of course, cannot be allowed. The department is in correspondence with the wharfinger in regard to his accounts, and the matter is not yet adjusted.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

Re Coteau Landing Wharf.

AUDIT OFFICE, OTTAWA, May 31, 1899.

SIR,—I wrote you October 8, 1898, pointing out that apart from the charges which the Richelieu and Ontario Navigation Company should pay for its lease of the Coteau Landing Wharf, that the wharfinger had not accounted for any of his collections subsequent to June, 1897.

On December 5 last you forwarded to this office the returns of this wharfinger for the six months ended November, 1897, and the net amount of the receipts after deducting his commission \$116.51, was deposited in the Bank of Montreal here on November 30, 1898, just one year after the last of them had accrued.

These returns are made out and dated as if the remittance was made on the last day of each month that they accrued.

I have to ask when these returns and the remittances to cover were received in your department, and what steps you have taken to have the wharfinger account for his collections during the season of 1898.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 31, 1899.

SIR,—In your letter of August 27, 1898, you stated that the Coteau Landing wharf had been leased to the Richelieu and Ontario Navigation Company in 1875, and that the matter was then under the consideration of the Department of Justice.

I have to ask for a copy of the lease in question and information of the result of the action of the Justice Department.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 23, 1899.

SIR,—I am without any reply to my letter of May 31 last, in which it was pointed out that the wharfinger at Coteau Landing had not accounted for the revenue collected during the season of 1898.

I do not find that anything has since come to account.

I shall be glad to hear from you on the matter.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 27, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 23rd instant, inquiring as to wharfage receipts at Coteau Landing wharf, and in reply I am to inform you that no returns have been received from the wharfinger referred to since the 23rd November, 1898, when he forwarded a cheque for \$116.51. I am communicating with the wharfinger in regard to his neglect of duty in not forwarding returns.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

Chicoutimi Wharf.

AUDIT OFFICE, OTTAWA, May 31, 1899.

SIR,—I have had no reply to my letter of August 24, 1898, calling your attention to a number of wharfs, among them Chicoutimi, from which no revenue for the season of 1897 had come to account, giving the amount that had been accounted for during the previous year.

I do not find that anything has since come to account from this wharf.

As the net receipts in 1896-97 amounted to \$216.73 it seems to call for explanation why there is no revenue for the seasons of 1897 and 1898.

Please let me know what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

It does not seem that anything has since come to account.

An early reply is requested.

SIR,—I have the honour to acknowledge receipt of your letter of the 23rd instant, in regard to revenue from the Chicoutimi wharf, and in reply I am to inform you that no revenue has been received. I may observe that in April last instructions were given to the Department of Justice to take proceedings against the Pulp Company at Chicoutimi for wharfage dues, but the matter has not yet been decided.

SESSIONAL PAPER No. 1

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 27, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 23rd instant, calling attention to the non-collection of wharfage dues at Murray Bay wharf, and in reply I am to inform you that no receipts have come to hand since July, 1897. The wharf in question is one which is used almost exclusively by the Richelieu and Navigation Company, and they have refused payment of dues on the ground of a counter claim against the department. The question of this claim is now under the consideration of the department, and it is hoped that a satisfactory arrangement will be made at no distant date.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, Dec. 29, 1899.

SIR,—You state in your letter of the 27th instant, that no receipts have come to hand from the wharfinger at Murray Bay since July, 1897, the wharf being used almost exclusively by the Richelieu and Ontario Navigation Company, and they having refused to pay.

If the wharfinger has not forwarded monthly statements, he should have done so whether he was able to collect the fees or not. He should now be asked to furnish a full statement of the fees accrued since July, 1897.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.**Re Wharf at St. Alphonse de Bagotville.*

AUDIT OFFICE, OTTAWA, June 2, 1899.

SIR,—I have had no reply to my letter of September 20, 1898, in reference to the wharf at St. Alphonse de Bagotville. In that letter I referred to the fees due by the steamers "Canada," "Carolina," "Saguenay" and "Contest," amounting to \$61.

The returns for the season of 1898 have since been received. The fees accrued in that season amounted to \$312.72, but of this amount \$207 was not collected, of which \$196 was due by the Richelieu and Ontario Navigation Company and \$11 by the steamer "Charlevoix."

In both years the wharfinger deducted from the fees he did collect, his commission of 25 per cent on the whole amount accrued.

I have to ask what course has been taken as to this action on the part of the wharfinger, also what steps you are taking to collect the arrears due.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.**Re Wharfage due by the Richelieu and Ontario Navigation Co.*

AUDIT OFFICE, OTTAWA, June 2, 1899.

SIR,—According to the returns of the wharfingers, the Richelieu and Ontario Navigation Company do not seem to have paid any wharfage dues accrued since August, 1897.

I have to ask for a statement of the total amount due by this company up to the close of navigation last fall; also what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 23, 1899.

SIR,—I have not received any reply to my letter of June 2 last, asking for a statement of the amount due by the Richelieu and Ontario Navigation Company for wharfage dues.

I have now to request you to send me this information, made up to the close of the season of 1899, as soon as possible.

I shall also be glad to know what action you have taken to collect the amount due by the company.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 27, 1899.

SIR,—In reply to your letter of the 23rd instant, relating to wharfage due by the Richelieu and Ontario Navigation Company, I have to inform you that the company has been requested several times to make a settlement of the account.

It appears that the wharfingers in demanding wharfage in several cases overcharged. The company has also claimed that under the Order in Council of the 26th March, 1891, they are liable only for half wharfage. A claim for money over-paid has also been made by the company.

An effort was made by me some time ago to see the manager and directors of the company in order that a settlement might be arrived at, but I was unable to see the directors. I am quite satisfied that the only way the account for wharfage can be settled is by a meeting of myself or some officer representing the department, with the manager and directors of the company.

It is my purpose to make a new arrangement in future.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, Dec. 29, 1899.

SIR,—I have received your letter of the 27th instant, giving the reasons assigned by the Richelieu and Ontario Navigation Company for not paying the wharfage fees incurred by their vessels.

I have to ask for a statement of the account against the company for these fees, made up to the close of the season of 1899.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

Re Sault Ste. Marie Wharf.

AUDIT OFFICE, OTTAWA, June 19, 1899.

SIR,—G. A. Boyd was appointed wharfinger of the Sault Ste. Marie wharf in April, 1897. The Order in Council appointing him fixes his salary at \$112 per month during the season of navigation, not exceeding a period of eight months, out of which he is required to pay all expenses in providing assistance in collecting the tolls and looking after the wharf.

During the season of 1897, he was paid from April 12 to December 28, \$959.48—an excess over the maximum amount allowed of \$63.48.

During the season of 1898 he was paid from April 2 to Dec. 24, \$978.98—an excess of \$82.98. The collections in December, 1898, only amounted to \$5.99.

The return for April, 1899, is now to hand in which he claims a balance due from last season of \$29.36 and salary from April 15, though his collections only amounted to \$1.60.

I have to ask why this wharfinger was allowed salary for a longer period than was authorized by the Order in Council, and judging by the receipts, a longer time than there was any occasion for him to have been on duty. The over-allowance should be made good without delay.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 22, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 19th instant, in regard to the amount overpaid the wharfinger at Sault Ste. Marie, and in reply I beg to inform you that the wharfinger's attention has been called to the matter, and he has been instructed to remit the sum of \$146.46 to the department before deducting any salary from the receipts of the present season.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

NOTE.—The wharfinger's returns for July, August and September, 1899, all that have yet been received, show that \$90 of this over-payment has been refunded.—A.G.

SESSIONAL PAPER No. 1

Re Ste. Cecil de Bic Wharf.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 22, 1898.

SIR,—I have the honour to inform you that on the 28th ultimo, a cheque for the sum of \$164.71 was received from Mr. Auguste Tessier for wharfage dues collected by him at Bic, and the amount in question was placed to the credit of the Receiver General.

I have now to request that you will be good enough to issue a cheque in favour of Mr. Tessier for the sum of \$16.47, being his charge for collecting the amount, and that you will also be good enough to forward me a cheque in favour of L. N. Cote, the wharfinger, for the sum of \$41.18, being amount of his commission on the dues collected.

You will observe by reference to the Act passed last session, chapter 42, 61 Victoria, that the amount of tolls and dues received are to be paid over to the Minister of Finance and Receiver General after deducting the remuneration to be allowed the wharfinger.

I inclose herewith Mr. Tessier's account.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, Dec. 27, 1898.

SIR,—I have received your letter of the 22nd instant, applying for a cheque in favour of Mr. Tessier for his charges for collecting \$164.71 from the wharfinger at Ste. Cecile de Bic, and also for a cheque in favour of L. N. Cote, the wharfinger, for \$41.18, his commission on the amount of the collections.

The deposit receipt has not yet reached this office, nor have the returns for which this deposit was made been furnished. Both are needed before any payments can be made.

I wrote you June 4, 1897, that this wharfinger was then in arrears for part of the collections of 1895, the whole of 1896 and up to date of writing in 1897. To this is to be added the balance of 1897 and the whole of 1898. Presumably the deposit which you now refer to is in acquittance of part of these arrears. Does it not seem illogical that the Government should now pay this wharfinger his full commission, and also pay the expenses of collection? If the costs were deducted from the wharfinger's commission, it might lead him to be more prompt in accounting for his collections.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, Feb. 3, 1899.

SIR,—Referring to your letter of the 27th December last, replying in regard to the application made for a cheque in favour of Mr. Tessier for his charges for collecting wharfage dues at Ste. Cecile du Bic, and for a cheque in favour of Mr. Cote, the wharfinger, I beg to inform you that the deposit receipt, No. 667, dated 15th December, 1898, for \$183.47, included the remittance of \$164.71, being a cheque received from the Department of Justice, and this receipt together with statement furnished by Mr. Tessier giving the names of the persons from whom he collected was sent to you on the 9th ultimo as per statement No. 6. With reference to your statement that it seems illogical that the Government should pay the wharfinger his full commission, and also to pay the expenses of collection, I am to inform you that the remuneration received by the wharfinger is very small, and it appears only reasonable that when he has made an effort to collect the dues and fails, and the amount is collected by legal process, that he should have his commission on the amount thus collected. I may observe that Mr. Cote appears to attend to his duties as wharfinger, and it is not his fault that delay occurs in accounting for his collections.

I will be glad to receive the cheques asked for at an early date.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, Feb. 7, 1899.

SIR,—I have received your letter of the 3rd instant, in reference to your application for a payment to Mr. Tessier for his charges for collecting wharfage dues at Cecile du Bic, and also for a payment to L. N. Cote, wharfinger, for his commission on the amount collected by Mr. Tessier.

In regard to Mr. Tessier's account, the only difficulty is as to the vote against which it shall be charged. Your application seems to indicate that it should be charged against Wharfs and Piers Revenue. A reference to the Act you quote shows that the remuneration to the wharfinger is the only charge authorized to be made against the receipts. When this Bill was before the House, I wrote the Hon. the Minister of Marine, suggesting an addition of a few words that would cover any necessary expense incurred in collecting these wharfage dues, but it was not embodied in the Act. If you send a separate application in favour of Mr. Tessier, specifying the vote to be charged, it will receive immediate attention.

I am writing a separate letter in reference to the wharfinger's commission.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 7, 1899.

SIR,—You state in your letter of the 3rd instant, in support of your application for a payment to L. N. Cote of his commission on wharfage dues at Ste. Cecile du Bic wharf collected by an advocate, that the remuneration is very small (25 per cent), and it appears only reasonable that when he has made an effort to collect the dues and fails, and the amount is collected by legal process, he should have his commission on the amount thus collected. You also add that Mr. Cote appears to attend to his duties as wharfinger, and it is not his fault that delay occurs in accounting for his collections.

The facts in connection with this wharf since the appointment of Mr. Cote do not seem to accord with the favourable impression you have formed. He was appointed July 20, 1891. The first receipts came to account during 1894-95, viz., \$2.29. The following year \$100 was deposited by the Department of Justice, but no details were furnished. The same year \$77.86 came to account covering the wharfage dues of 1892, 1893, 1894, and \$2.20 accrued in September, 1895 (see my letter of June 4, 1897). Nothing was since received till this amount collected by Mr. Tessier, the details of which indicate that the several amounts were collected in April and May, 1898, and one item in July, but they do not show what period they covered. The dues of last season have not yet been accounted for. Under these circumstances would it not be advisable, even if it is considered proper to pay him a commission on the amount collected by Mr. Tessier, that full returns of dues accrued, and the collections made up to the close of 1898, should be forthcoming.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Re Hilton Wharf

AUDIT OFFICE, OTTAWA, Dec. 27, 1899.

SIR,—The wharf at Hilton, Ontario, was purchased in November, 1897. The first return of wharfage fees that has come to account is for the month of July, 1898. Please explain what became of the fees collected between the opening of navigation and the first of July, 1898.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 29, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 27th ultimo, inquiring as to what became of the fees collected on the wharf at Hilton between the opening of navigation and the 1st July, 1898, and in reply I am to inform you that the wharf in question was transferred to this department by the Department of Public Works on the 9th May, 1898, and the necessary steps were immediately taken to secure a wharfinger.

On the 20th June, 1898, Mr. E. Stubbs was duly appointed wharfinger by Order in Council, and he was advised of his appointment on the 25th June, 1898. It will be seen from this that no fees could well be collected between the opening of navigation and the 1st July, 1898.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

SESSIONAL PAPER No. 1

Re Wharfs and Piers Revenue.

AUDIT OFFICE, OTTAWA, Sept. 16, 1899.

SIR,—I learn from a clerk of this office, who was recently at Charlottetown, that at several ports on Prince Edward Island there are private as well as Government wharfs. At the Government wharfs a fee is exacted for side-wharfage, at the private wharfs side-wharfage is free; the result is that the bulk of the business goes to the private wharf.

I would again ask your consideration of the advisability of placing all wharfs under the control of the local agents. I understand that you have already instructed your agents to visit the wharfs once a year and inspect the books, &c. It would place them in a better position to do this work efficiently to have the means of knowing how the wharfingers were attending to the duties of reporting and remitting the fees collected, and they could remind them if they were not acting as promptly as they should.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Sept. 19, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant, in reference to the advisability of placing all Government wharfs under the control of the local agents, and in reply I am to inform you that as you are aware our agents are instructed to visit the wharfs once a year and inspect the books.

However, as your suggestion seems to be a good one, the department has issued a circular to the wharfingers, instructing them to account direct to the agents for all moneys received, and the agents in turn have been directed to show and report immediately any neglect on the part of a wharfinger to account for his receipts, and to report if there is any delay in such wharfinger not making his returns.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, Dec. 27, 1899.

SIR,—I have to call your attention to the following list of wharfs from which no revenue came to account during 1898-99. The amount opposite each is the revenue brought to account during 1897-98:—

Ontario—Port Rowan	\$ 3 32
Quebec—Anse St. Jean	35 77
Baie St. Paul	75 75
Cap à l'Aigle	24 50
Magog	52 36
Tadoussac	87 10
Nova Scotia—Babin's Cove	4 20
Port Hood	64 23
Tidnish	18 61
New Brunswick—Tracadie	2 55
Prince Edward Island—Higgin's Shore	2 02

Nothing came to account from Les Eboulements wharf for 1897-98 nor 1898-99; the receipts in 1896-97 were \$45.

There are also two wharfs in Ontario, nine in Quebec, twenty-one in Nova Scotia, four in New Brunswick, and five in Prince Edward Island, from which no revenue has been received for several years.

I shall be glad to hear from you in reference to the above as soon as possible.

I am, sir, your obedient servant.

The Deputy Minister of Marine and Fisheries.

Re Harbour Dues.

AUDIT OFFICE, OTTAWA, Dec. 27, 1899.

SIR,—I have not yet received any statement of the harbour dues collected during the year ended December 31, 1898, and the surpluses over allowances that were deposited. This should be supplied. A statement should also be furnished of all harbours from

which no returns have been received, and a report of the action you have taken in reference thereto.

I should also like to know what means exist of determining that harbour masters are collecting all the dues they should. The gross collections at Goderich only amounted to \$27.50, while \$207 was collected at Midland. This calls for an explanation.

Your early attention is requested.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 30, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 27th instant, in regard to the collection of harbour dues, and in reply I beg to send herewith copy of supplement to our last Annual Report, and have to refer you to appendix No. 32, page 167, for the information you desire.

No special means exist for determining that harbour masters are collecting all the dues they should. As you are doubtless aware harbour masters are remunerated by the fees collected, and it is presumed that they will look after their own interests and collect such fees. You will observe by the list that the remuneration in many cases is only trifling.

In regard to the collections at Midland being so largely in excess of those at Goderich, I may observe that vessels pay harbour masters' fees twice in each year at the first and second ports at which they arrive where a harbour master is appointed under the provisions of the Act, and I presume that the majority of vessels arriving in Goderich have already paid their harbour fees at the first and second ports, and consequently were exempt from further payment.

I am also to inform you that I have written to the harbour masters, from whom no returns have been received, asking for explanations in regard to the matter.

I am, sir, your obedient servant,

The Auditor General.

Re Wrecked Steamer "Princess of Wales."

AUDIT OFFICE, OTTAWA, June 1, 1899.

SIR,—You wrote April 19, 1898, that the department was then in communication with Mr. James Lantalum, of St. John, with the view of recovering the expenses, amounting to \$155.85, incurred in the removal of the wrecked steamer "Princess of Wales."

Please let me know if the amount has been recovered.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 8, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 1st instant, inquiring in regard to the recovery of expenses incurred in the removal of the wrecked steamer "Princess of Wales," and in reply beg to inform you that the matter is still under the consideration of the Department of Justice.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 30, 1899.

SIR,—Referring to your letter of June 8 last, I have to inquire if the expenses incurred by the department in removing the wrecked steamer "Princess of Wales" have yet been recovered.

SESSIONAL PAPER No. 1

Re Fisheries Revenue.

AUDIT OFFICE, OTTAWA, Sept. 16, 1899.

SIR,—I understand the practice now followed is that licenses for salmon and lobster fishing are issued by the department and sent to the inspectors, while blank forms for licenses for smelt, bass and oyster fishing are furnished by the department, and the licenses are issued by the inspectors.

Salmon licenses are issued at a rate of 3 cents per fathom of the bar net used. Those issued this year were made out from the stubbs of those issued last year. Are you fully convinced that this plan is not open to objection, and possibly loss of revenue? Is the industry so fixed that each fisherman uses just the same length of net each year?

I have not been furnished with a list of all the licenses issued by the department, and no statements have reached this office, of the blank forms furnished the inspectors. As the revenue returns have no doubt been received ere this from your officers, I have to request you to send me the statements rendered by them showing the licenses and blank forms received from the department during the year, the amount collected, and the licenses and blank forms returned.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Sept. 30, 1899.

SIR,—You will find herewith a statement of the fishery licenses issued by this department up to the 30th instant, in Manitoba, the North-west Territories and the Maritime Provinces, excepting those for the bass, smelt and oyster fisheries.

In answer to your letter of the 16th instant *re Fisheries Revenue*, I beg to state that no salmon licenses were made this year from last year's stubs; they were issued from the lists of applications prepared and approved by the department's inspectors. If an old licensee wishes to increase the length of his net, he must first obtain permission to do so from the department through the local officer. The nets may be measured at any time by the overseer or the inspector, and any one setting more than allowed by his license is liable to a fine and even cancellation of the license. The only possible loss of revenue from this mode of rating fees would be with a dishonest overseer.

Copies of the blank licenses sent to inspectors to be issued by them are herewith inclosed.

Cancelled lobster licenses Nos. 139, 187, 243, 997, 998, 999 and 1191 are herewith.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, Oct. 3, 1899.

SIR,—I have received your letter of September 30, inclosing lists of the licenses issued by your department in Manitoba, the North-west Territories and the Maritime Provinces.

These lists should be forwarded monthly and they should be added.

You have not made any reference to the application made in my letter of September 16, for the statements rendered by the inspectors, showing the licenses and blank forms received from the department during the year (1898-99), the amount collected and the licenses and blank forms returned.

Please let me have these statements as soon as possible.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, Dec. 28, 1899.

SIR,—There was deposited in the Merchants Bank, at Winnipeg, on June 3 last, \$608, and on June 16, \$568, by F. W. Colcleugh, Inspector of Fisheries. The return furnished by Mr. Colcleugh reads as follows :—

69 licenses, Lake Winnipegosis	\$138 00
67 " Lake Manitoba	180 00
188 " Lake Winnipeg	858 00

 \$1,176 00

This return bears no evidence of having been examined in the department. In its present condition it is altogether inadequate for audit. No information has been furnished this office of the number of licenses issued and sent to Mr. Colcleugh.

I have to ask for the customary detailed returns in acquittance of which the above deposits were made.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 28, 1899.

SIR,—I received your letter of the 5th instant, inclosing copies of statements furnished by Inspector Chapman, covering the smelt and bass licenses issued by him.

These statements would be quite satisfactory if they bore the certificate of an officer of your department that the unused forms were returned and cancelled.

Is there any reason why similar returns could not be procured from every inspector?

I have to request you to direct the clerk who issues licenses and forms for licenses, to furnish this office monthly with a statement of all issued.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Jan. 2, 1900.

SIR,—In reply to your letter of the 20th ultimo, I beg to say that the statements of smelt and bass fishery licenses issued by Inspector Chapman, which were sent you on the 5th ultimo, will be certified by an official of this department, who will call at your office for that purpose.

Similar statements from the other inspectors will be forwarded to you as soon as possible.

Monthly statements of fishery licenses issued will be sent you more regularly in future.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

Re Refund of Advance 1898-99.

AUDIT OFFICE, OTTAWA, Sept. 15, 1899.

SIR,—I am returning herewith a deposit receipt and draft for \$300, being a refund made by A. Lord, of the advance made him in 1898-99, which was entered in your revenue return received to-day to the credit of Casual Revenue, 1899-1900.

You will please return this receipt to the Finance Department to be credited to the expenditure of 1898-99.

As the whole amount advanced is refunded, a cheque must have been issued for the expenditure in June. Why not instruct your agents to deduct the June expenditure and refund the balance?

I have to call your attention to the delay in forwarding this deposit receipt. It is dated July 18, and only reached the Finance Department to-day.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Re Steamboat Inspection

AUDIT OFFICE, OTTAWA, Dec. 20, 1899.

SIR,—The collector at port of Dawson, in his account current for the month of August, 1898, reports \$691.96 as having been paid for steamboat inspection dues.

I have to ask for the usual return, K-4, giving the particulars for this amount.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

DEPT. OF CUSTOMS, OTTAWA, Jan. 8, 1900.

SIR,—In reply to your letter of the 20th ultimo, I have the honour to state that the Collector of Customs at Dawson did not furnish this department with a return on form K-4, of the collections made by him in the month of August, 1898, for steamboat inspection dues.

He has been asked to send the return in question, and so soon as it is received it will be forwarded to you.

I am, sir, your obedient servant,

JOHN McDOUGALD, *Commissioner of Customs.*

The Auditor General.

Re Arrears due.

AUDIT OFFICE, OTTAWA, June 7, 1899.

SIR,—I am without any reply to my letter of January 3 last, in reference to the statements of arrears due on Fisheries Revenue furnished by your department.

I may point out that, though I asked for a statement of all arrears due to your department on June 30, 1898, remaining unpaid at the date of my letter, this statement of arrears due on Fisheries Revenue was all you furnished.

It now appears from the wharfinger's returns that the Richelieu and Ontario Navigation Company owed at that time a considerable amount for wharfage dues. Were there any other amounts due ?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Cheques Issued before Vote was Available.

AUDIT OFFICE, OTTAWA, July 5, 1899.

SIR,—Let me acknowledge the receipt of your statement of expenditure for June and accompanying application to repay the bank.

I notice that you have issued and included in this statement the cheques that were drawn in May and which, as there were no funds then, were to be held in the department until the supplementaries were available.

In view of the terms of the Order in Council of July 7th, 1892, in reference to over-draft of appropriations, to which your attention was drawn in a previous letter, please explain why these cheques were issued.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 7, 1899.

SIR,—In reply to your letter of the 5th instant, I have the honour to state that the cheques referred to were held till June 24th. As our supplementary vote had then passed the House in committee it was thought safe to allow these cheques to go out.

I am, sir, your obedient servant,

The Auditor General.

L. F. PINAULT, Lt.-Col., D. M. of M. & D.

AUDIT OFFICE, OTTAWA, July 10, 1899.

cheques at that time was as clearly without sufficient authority as it was at an earlier date. It is only when the Supply Bill has been assented to by the Governor General that the right by the Government to use the money has been obtained.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

SIR,—Referring to your expenditure on account of "Pay of Permanent Corps, &c.," and "Salaries and Wages of Civil Employés," I notice that the monthly salaries of the headquarters staff, district staff, officers of the permanent corps, and civil employés in the various military districts are paid by the department before the end of the month for which they are due, and in the month of December last cheques were issued for that month's pay as early as the 14th. Please explain.

I am unable to find any authority for the payment for these services before they are performed.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 29, 1899.

SIR,—Referring to your letter of the 27th instant, relative date of cheques issued to civil employés and others, I beg to state there are a great many of these cheques to prepare. They are written out between the middle and close of the month, but are not distributed until the close of the month. Those for B. C. are mailed five or six days before the close, and those for the maritime provinces two or three days before the close of the month to enable the employés to obtain their pay by the first of the following month.

Pay for December was issued before Xmas (24th Dec.) by Order in Council, hence some of the cheques have been prepared a little earlier than usual.

I am, sir, your obedient servant,

The Auditor General.

Military Properties, Irregular Payments.

AUDIT OFFICE, OTTAWA, June 20, 1899.

SIR,—Cheque No. 2717 is a payment of \$680 to Lt.-Col. Stacey, 25th Batt., for rent of store, band-room and officers' quarters from September 5th, 1895, to July 5th, 1898, at \$20 per month. Please explain why the rent was not paid as it accrued. The account should be certified by the district officer commanding, that the building or buildings were used for this period for the purposes for which payment was made. What arrangement is there with the 25th Batt. as to payment for outlay of this kind?

SESSIONAL PAPER No. 1

Cheque No. 5700 is a payment of \$50 to the Sœurs Grises de la Croix, Ottawa, for 10 years' rent to Jan. 1st, 1898, of part of former Rideau Rifle Range. Why was payment not made from year to year? The account should bear some evidence that the property was used for the purposes for which payment was made.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 26, 1899.

SIR,—In reply to your letter of the 20th instant, I have the honour to inform you that the rent of the stores, band-room and officers' quarters, 25th Batt., appears to have been authorized verbally by the Minister of Militia in 1895, and although there has been a great deal of correspondence since that date the matter was not fully settled until recently when the present Minister recognized the claim to be just, and authorized payment.

Adverting to the second paragraph of your letter, I am to say that the property rented from the Sœurs Grises de la Croix, forms part of the Rideau Rifle Range, east end of Theodore Street, Ottawa; the nuns submitted their claim for payment every five or ten years. They were notified last March that the range having been removed to Rockcliffe our agreement as lessee of the property in question will terminate in December next, when we shall pay the two last years at \$50 each as usual.

I am, sir, your obedient servant,

The Auditor General.

Valuators' Fees Higher than Customary Government Rate.

AUDIT OFFICE, OTTAWA, May 1, 1899.

SIR,—Referring to the payment by Cheque No. 4505 to C. B. Taggart of \$102.50 for services and expenses valuing property *re* Rockcliffe Rifle Range, I notice that Mr. Taggart has charged for two valuations at \$10 on each of the days, Nov. 3, Nov. 5 and Nov. 7, equivalent to \$20 per day. This rate appears to be unduly high. Similar services in connection with the Railways and Canals Department are paid for at the rate of ten dollars per day.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 8, 1899.

SIR,—Please let me have an answer to my letter of May 1st, 1899, relative to Mr. Taggart's account for services and expenses valuing property *re* Rockcliffe Rifle Range.

I would also call your attention to the account of Jas. Henderson for similar services paid by Cheque No. 7361, in which he also has charged for two valuations on Nov. 2 at \$10 each, and for three on Nov. 5 at \$10 each, making in the one case \$20 and in the other \$30 per day, which rate, in the absence of fuller information, appears unreasonably high.

The portion of my report dealing with the militia expenditure for 1898-99 will be in the printer's hands shortly, and an early answer is requested.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

SIR,—As requested by your letter of the 8th instant, I have the honour to inclose to you, herewith, letters from A. W. Fraser, Esq., Barrister, &c., dated Ottawa, 14th April, and 11th November, 1899, in which he explains Mr. Taggart's accounts, and also that of Mr. James Henderson, both for services and expenses valuing property acquired for the Rockcliffe Rifle Range.

I am, sir, your obedient servant,

The Auditor General.

63 VICTORIA, A. 1900

OTTAWA, ONT., April 14, 1899.

DEAR SIR,—I have examined the inclosed account sent in by Mr. Henderson for valuing the various parcels of property and for time engaged outside valuations, amounting to \$125, and I find that same is strictly in accordance with the agreement made with Mr. Henderson.

The valuation for the Bronson property was made under instruction from Mr. Clark, who was counsel in the case. The agreement with Mr. Henderson was to pay him \$10 valuation fee for each parcel valued, and \$5 a day for time required in giving evidence on other work outside of valuations.

Yours truly,

A. W. FRASER.

The Deputy Minister of Militia and Defence.

OTTAWA, ONT., Nov. 11, 1899.

DEAR SIR,—Your letter of the 11th instant, inclosing copy of letter of Auditor General regarding Mr. Taggart's charges, received.

The charges made by Mr. Taggart referred to in the letter of the Auditor General were in exact accordance with the agreement made with Mr. Taggart. When I was instructed to arrange with Mr. Taggart to value the various parcels in question, and qualify himself for evidence, I made the agreement with him that he should be allowed the customary fee for a valuation of each property, which is \$10, but that he should only be paid \$5 a day for such time as he was employed outside of the valuations. He wanted to get \$10 a day for time actually employed, but as I was aware that some of the cases would take several days I concluded that the arrangement made with him would be the cheapest. In addition to examining the property for the valuation a report was prepared by him in each case, and even though he should visit the whole of the properties in one day, and afterwards write up his report and valuation of each, he would be entitled to the \$10 for each property under the agreement made with him. The \$10 fee for the valuation in each case was not based or intended as payment for the day's work, but followed the custom in such cases.

Yours truly,

A. W. FRASER.

The Deputy Minister of Militia and Defence.

AUDIT OFFICE, OTTAWA, Nov. 16, 1899.

SIR,—I am in receipt of your letter of the 15th instant, with inclosed communications from Mr. Fraser relative to the accounts of Messrs. Taggart and Henderson for services valuing property for Rockcliffe Rifle Range.

In reply I have to state that the papers submitted merely affirm that the amounts paid were in accordance with agreements between Mr. Fraser and Messrs. Taggart and Henderson, the valuers, and do not show that these payments, in view of the circumstances stated in my previous letters, were not unduly large or that they were not in excess of amounts allowed by the courts in like conditions.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

C. Caldwell, and note your statement that Mr. Caldwell's contract for 1897-98 was extended to include the blankets required for the year 1898-99, the price and terms of delivery to be those that governed his first contract.

I would call your attention to the fact that you have overlooked my request to be informed as to whether tenders were called for by public advertisement for the furnishing of the supplies referred to. I should like also to be furnished with a copy of Mr. Caldwell's contract.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 11, 1899.

SIR,—In returning to you herewith the accounts which accompanied your letter of yesterday's date, respecting the advertisement of the Royal Military College and the certification of said accounts, I have the honour to inclose to you certified copy of Order in Council of 12th December, 1896, by which it will be seen that this department, in so far as the R. M. College advertising is concerned, is not required to obtain the certificate of the Queen's Printer on accounts of this nature.

I am, sir, your obedient servant,

AUDIT OFFICE, OTTAWA, July 13, 1899.

SIR,—I am in receipt of your letter of the 11th instant, with copy of Order in Council of the date of Dec. 12th, 1896, and advertising accounts in connection with the Royal Military College. You state that it will be seen by the Order in Council inclosed that

your department, in so far as the R. M. College advertising is concerned, is not required to obtain the certificate of the Queen's Printer on accounts such as the ones in question.

The Order in Council sent does not and cannot dispense with the audit of these and similar accounts by the Queen's Printer, required by the Printing and Stationery Act referred to in my previous letter. It simply dispenses, in so far as the R. M. College advertising is concerned, with the regulations under the order of May 8th, 1894, to avoid any delay in having advertisements placed in reviews, annuals or other periodicals which are not published weekly or more frequently.

I am, therefore, returning these accounts for the necessary certificate.

Overdraft of Cartridge Factory Vote.

AUDIT OFFICE, OTTAWA, Aug. 23, 1899.

SIR,—In his communication of the 22nd instant *re* Dominion Cartridge Factory, the accountant of your department asks for the transfer from 1898-99 to 1899-1900 of \$15,134.94 overdrawn in 1898-99, and of \$2,000 from the main vote to the special vote, 1898-99.

An explanation of the cause of this large overdraft ought to be made before the transfer. I await this explanation and the details of the \$2,000 charge to the main vote. I hold the application meantime.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA., Sept. 1, 1899.

SIR,—In reply to your letter of the 23rd ultimo, I beg to inform you that the overdraft of the Cartridge Factory vote was caused by a large payment—£4,629—made by the High Commissioner in June to Hargrave & Batley for material purchased for the factory.

I inclose herewith, in duplicate, the details of the \$2,000 chargeable to special vote of \$15,000 as requested.

I am, sir, your obedient servant,

The Auditor General.

L. F. PINAULT, *Lt.-Col., D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, Sept. 5, 1899.

SIR,—Referring to your letter of the 1st instant, in which you inform me that the overdraft of the Cartridge Factory vote was caused by a large payment made by the High Commissioner, I would say that the explanation I asked for was not as to the specific payment which caused the overdraft, but why, under any circumstances, this large overdraft was made. If the office of the High Commissioner were continuously informed as to the funds available for such expenditure, such an irregularity could not occur. Please let me know that in future such information will be given.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Sept. 23, 1899.

SIR,—I have to point out that your application of August 22nd, for a transfer in connection with the vote for Dominion Cartridge Factory is still held pending an answer to my letter of the 5th instant.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Sept. 27, 1899.

SIR,—In reply to your letter of the 5th instant, I have the honour to state that the High Commissioner was kept continuously informed during the latter part of the financial year past as to the funds available for the different appropriations. In connection with this particular payment, which overdrew the appropriation for the Cartridge Factory, I attach a copy of a letter sent him on the 15th June which will explain the matter.

I am, sir, your obedient servant,

The Auditor General.

B. SULTE, *Acting D. M. of M. & D.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 15, 1899.

SIR,—Adverting to your cable of the 18th April last, respecting metal cups and brass strip from Messrs. Greenwood & Batley, Limited, of Leeds, I now beg leave to inform you this material has since been received at Quebec.

I have no doubt Messrs. Greenwood & Batley have already forwarded to you their claim for payment, or if not that they will do so at an early date. Should payment not have been made by the time you receive this letter it is desired here that, if you can arrange with them, you will pay only \$8,000 before the 1st July proximo, and the balance on or after that date. But if they desire that payment be made in full, and if you have funds at our credit to do so, they may be paid before that date.

Of the total amount of their claim only \$8,000 can be paid out of this year's appropriation, and the balance will be chargeable against the vote for the Cartridge Factory for next year. If we have to follow the latter course, i.e. pay in full before 1st July, the necessary entries will be made here when the vouchers are received from you.

I am, sir, your obedient servant,

The Secretary to the High Commissioner for Canada,
17 Victoria Street, London, S.W., England.A. BENOIT, *Capt., Secretary.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Sept. 28, 1899.

SIR,—Referring to my previous letter of yesterday's date and yours of the 15th instant, I beg to say that the items contained in my application of the 12th instant, to repay Bank of Montreal, London, have been charged to services of 1898-99.

I have to request that you will make the following further transfers, viz.:—

From "Government Cartridge Factory" main vote, 1898-99, to Government Cartridge Factory "special vote, 1898-99, the sum of £440 stg.—\$2,141.33—this amount having been paid to Messrs. Greenwood & Batley for steel forgings for manufacture of .303 ammunition, as per the last supplementary statement of the High Commissioner for Canada of expenditure for 1898-99.

And from vote "Stores," 1898-99 account to vote "Stores," 1899-1900 account, the sum of \$43.71 being amount expended in excess of appropriation for 1898-99, also from vote "Arms and Ammunition," 1898-99 account to vote "Arms and Ammunition," 1899-1900 account, the sum of \$5,960.16 being amount expended in excess of appropriation for 1898-99.

I am, sir, your obedient servant,

The Auditor General.

B. SULTE, *Acting D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, Sept. 29, 1899.

SIR,—I am in receipt of your letter of the 27th instant, with inclosure, relative to the proposed transfer from 1898-99 to 1899-1900 Dominion Cartridge Factory votes. I notice that Captain Benoit, in the inclosed copy of letter to the High Commissioner, instructs the latter that if he has to pay in full before the 1st of July the account which has caused the overdraft which you propose to transfer, the necessary entries will be made here when the vouchers are received.

In this connection I would point out that the High Commissioner should have been instructed to pay out only such money as was available, of the amount of which he should have been continuously informed, and not to pay on account of the succeeding year's vote until that vote became available, which may, as in the case of this year's vote, be some time after July 1st.

I am unable, therefore, to pass the application for this transfer as well as your application of the 28th instant, in so far as it applies to amounts of overdrafts of appropriations, which you have asked to be transferred.

Referring to the transfer of the \$2,000 (Application Aug. 22nd) and the \$2,141.33 (Application Sept. 28th) to the special vote for "Alteration of Defective Ammunition" (1898-99), which transfers I have passed, please let me know if the Imperial Government have refunded the amount of this claim, and if not, the cause of delay, and what steps have been taken to have the refund made.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

Cartridge Factory—Manufacture of Fulminate of Mercury.

AUDIT OFFICE, OTTAWA, June 6, 1899.

SIR,—September statement Government Cartridge Factory paymaster's cheque No. 284 is a payment of \$1,200 to Capt. F. M. Gaudet for 200 lbs. of fulminate of mercury at \$6 per lb. I presume this is the superintendent of the factory. Please explain why this purchase was made from Capt. Gaudet, and not elsewhere.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 9, 1899.

SIR,—In reply to your letter of the 6th instant, I have the honour to state that on the 30th Sept., 1893, the High Commissioner for Canada informed this department that the shipping agents in England were no longer able to ship fulminate of mercury owing to the dangerous nature of that substance. The Hamilton Powder Company was asked to supply the article but declined to do so. They are the only firm in Canada who could undertake the work. We have no means of getting the fulminate unless it is manufactured at our own Cartridge Factory, Quebec.

By an Order in Council of 29-11-93, the superintendent of the Cartridge Factory was authorized to furnish the article in question at \$6 per pound, which is the usual price paid when obtained from the trade. Major Gaudet, the present superintendent, has been authorized to continue the manufacture of this article under the same conditions as his predecessor.

I am, sir, your obedient servant,

The Auditor General.

Yukon Expenditure—Transfer of Credit.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 7, 1899.

SIR,—Referring to the credit of \$50,000 placed at the Bank of Commerce, August 14th last, in favour of Lt.-Col. Evans and Major Young.

Major Young has now returned from the Yukon, and has been replaced by Major T. D. R. Hemming.

It is suggested to have this credit changed to one in favour of Lt.-Col. Evans and the officer second in command. The bank to be notified who the officer second in command is.

Kindly let me know if you see any objection to this change.

I am, sir, your obedient servant,

The Auditor General.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, Oct. 9, 1899.

SIR,—I am in receipt of your letter of the 7th instant, relative to a proposed transfer to Lt.-Col. Evans and the officer second in command of the credit of \$50,000 placed at the Bank of Commerce in favour of Lt.-Col. Evans and Major Young, the latter having now returned from the Yukon, and in reply would state that the credit should, it appears to me, be transferred to Lt.-Col. Evans and the officer in the Yukon who manages the accounts of the contingent.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

Yukon Expenditure--Irregular Procedure.

AUDIT OFFICE, OTTAWA, July 6, 1899.

SIR,—Let me acknowledge the receipt of your Req. No. 69 for a warrant to repay the Canadian Bank of Commerce \$50,000, the amount of the three attached cheques Nos. 21, 22 and 23, drawn by Messrs. Evans and Young to meet expenses on account of the Yukon contingent. The cheques were issued to Lt.-Col. Evans and endorsed as follows:—

Cheque No. 21 (\$20,000)—for deposit to credit of my official accounts to cover overdrafts made to date—T. B. Evans.

Cheque No. 22 (\$15,000)—for deposit to credit of Yukon Field Force Savings Account—T. B. Evans.

Cheque 23 (\$15,000)—for deposit only—T. B. Evans.

It will be seen from these endorsements that Messrs. Evans and Young, to meet the expenses on this account, have been using other means of making payments than the credits obtainable by them in the regular way from Ottawa, thereby complicating the account and making more difficult the check upon it both in your department and in this office.

Whatever reason there has been to justify irregular methods in the Yukon, there can be no ground in the future for issuing a cheque for a bulk sum against the credit and depositing the amount to another account, the new account to be manipulated without restriction. Even when it is necessary to send money instead of a cheque to a distance there is no argument that the cheque for such money should not be drawn against the credit. Then there ought to be no serious obstacle in the way now of being provided with a credit in time for payments.

It is very discouraging to me that your department should think it unnecessary to provide for the management of its financial affairs in the Yukon a man of general experience in such matters and of knowledge in the methods as applied to governmental affairs.

I am passing the application to repay the bank only, because the bank cannot be held responsible for the manner in which the persons in whose favour the credit is issued perform the part of their duty which is unknown to the bank.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

AUDIT OFFICE, OTTAWA, March 13, 1899.

SIR.—I am in receipt of your letter of the 10th instant, with inclosures, *re* transport expenses of parties sent out with Yukon military force, and in reply would state that you have overlooked that portion of my letter referring to Mrs. Starnes and the four Victorian Order nurses.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, March 25, 1899.

SIR.—In reply to your letter of the 13th instant, concerning the Yukon military force, and especially Mrs. Starnes and the four Victorian Order nurses who went with the military contingent, I have the honour to inclose to you, herewith, the whole of the correspondence on this subject, by which you will see that the Department of the Interior has refused to recoup this department for the travelling expenses in question.

I am, sir, your obedient servant,

The Auditor General.

L. F. PINAULT, *Lt.-Col., D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, March 31, 1899.

SIR.—I am in receipt of your letter of the 25th instant, inclosing correspondence on the subject referred to. You state that it will be seen that the Department of the Interior has refused to recoup the Militia Department for the travelling expenses in question. I would gather from the correspondence that this refusal applies only to the payment of the expenses of the nurses. In his letter of May 6, 1898, arranging for the Interior officials to go along with the military contingent, Mr. Smart states that if the provision is made that has been asked for, the Interior Department will pay the account of the expenses of their officials as soon as it has been presented by you. Has this been done?

You have overlooked the request in my previous letters for an explanation why the expenses of the four Victorian Order nurses and Mrs. Starnes were assumed by your department. The payment of these expenses does not appear to be a proper expenditure by the Government. The Deputy Minister of the Interior in his letter of July 8, 1898, states that there is no vote out of which any such payment can be made. This is unanswerable, I think, and of course holds also with reference to the Militia Department.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 18, 1899.

SIR.—In reply to your letter of the 31st ultimo, I have the honour to inclose to you, herewith, a statement of expenditure incurred in connection with the members of the Interior Department who went to the Yukon with the military contingent.

It appears now that there were eleven of these altogether, six of whom joined the contingent at Ottawa, one at Winnipeg, two at Brandon and two at Vancouver, the total expenditure amounting to \$2,236.59. This account is now being sent to the Department of the Interior for payment.

The expenses of the nurses were assumed by this department, as it was deemed necessary that they should accompany the contingent so as to care and attend the sick members of the force. They proved to be very useful.

Mrs. Starnes accompanied the contingent in the same capacity.

I am, sir, your obedient servant,

The Auditor General.

L. F. PINAULT, *Lt.-Col., D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, May 2, 1899.

SIR.—Referring to your letter of April 18th *re* payment of transport expenses of Mrs. Starnes and the four Victorian Order nurses, you state that the expenses were assumed by your department as it was deemed necessary that the persons referred to should accompany the contingent so as to attend the sick members of the force.

SESSIONAL PAPER No. 1

You will see on referring to the Order in Council of April 9th, 1898, respecting the formation of the detachment for the Yukon, no provision was made for a service of this nature. Your department, although it paid these expenses, evidently recognized that it was not accountable for them, as may be inferred from the application to the Interior Department to be reimbursed for the outlay.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDougall, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 19, 1899.

SIR,—In reply to the first paragraph of your letter of the 2nd instant, I have the honour to inclose to you, herewith, an extract from a report written at Fort Selkirk, Nov. 1st., 1898, by Lt.-Col. Evans, commanding the Yukon forces, in which you will see that the ladies attached to the military contingent on their way to the Yukon have rendered valuable service, and that they were far from being a burden to the expedition.

With regard to the second paragraph of the same letter, I am to state that the claim for the expenses in question is now before the Department of the Interior.

I am, sir, your obedient servant,

The Auditor General.

L. F. PINAULT, Lt.-Col., D. M. of M. & D.

EXTRACT from a report written at Fort Selkirk, 1st November, 1898, by Lt.-Col. Evans, commanding the Yukon forces.

9 ATTACHED.

There were 30 civilians in all attached to the force, including four of the Victorian Order of Nurses, Mrs. Starnes (wife of Inspector Starnes, N.W.M.P.), and Miss Fenton, correspondent of the *Toronto Globe*. These ladies showed great pluck in the long and difficult march. The nurses of the Victorian Order proved of great service to the force, scattered as it was for several months over a distance of nearly six hundred miles. The nurses were divided into two parties and sent with separate detachments and with the surgeon major and hospital sergeant, formed a chain which enabled all portions of the force to be within touch, should illness or accident occur, with trained assistance. The appreciation of all ranks of the force took tangible form in a contribution of three hundred and fifty dollars towards the cost of the cabin at present being built by the Victorian nurses at Dawson.
