**Huntingfield**

Our postmaster traded horses one day last week.  
 Mr. and Mr. N. Harris spent Sunday with friends in the south of the township.

Mr. E. Johnston has purchased a new 6 foot McCormick binder. She is a dandy.  
 Miss Annie Ramsay and Master Randolph of London are spending the summer holidays at their grandmother's, Mrs. G. Vogan of the 2nd.

Mr. G. Pomeroy has started threshing for the season. He says he can do all the threshing there is to be done on his route with the men he has got this year.

Miss Emma Vogan entertained her Sunday School scholars one day lately. They spent the day in swinging and singing and musical entertainment. They all returned home feeling happy after their day's sport.

Mr. James Hamilton of the B line had quite an exciting time on Sunday evening. His team became unmanageable and ran away, throwing the occupants out, but no serious damage was done except to the rig.

Big work.—Mr. Renwick drew in 80 acres of fall wheat, 40 acres of fall wheat, and cut 10 acres of barley in six days. This is a record breaker. Jack seems to know where he can get good men. One man pitched 41 loads of hay in one day. Your humble scribe thought he could pitch hay pretty good but this knocks him out.

**LAKELET.**  
 Mr. and Mrs. A. Dulmage attended a Sunday School picnic at Goderich last week. They report an excellent time.  
 Miss Mary McKinney of Toronto is visiting her parents at Yantam at present. She will remain two weeks.

Rev. Mr. Smith is away on his holiday tour and his pulpit is being occupied by local brethren. Rev. Mr. Young of Clifford will preach here on Sunday.  
 Mr. Dulmage sold a yearling heifer the other day for \$27. She was a Jersey and is just the cut for a town cow.

Leonard Ruttan and Norman Gowdy passed the Leaving and Entrance respectively from S. S. No. 2 at the recent examinations.  
 James Hamilton, our mail carrier, sold his horse to Robt. Caudle the other day. He now drives a nice little pony which will do all right till the muddy roads come.

Mrs. Thomas B. Scott of Duluth is here at present visiting her father and mother-in-law, Mr. and Mrs. Adam Scott.  
 The whistles of the threshing machines are heard in all quarters. All the old heads, Pomeroy, Halladay, Binkley, Dixon, Reid are in this vicinity and are ready to go it till December. There will be a lot of threshing this fall as all the spring grains are looking excellent.

Richard Hamilton, son of Mr. John Hamilton, left last Monday in company with Jno. Halladay for London, England. The expect to be away five or six weeks. Mr. Halladay was in charge of a load of cattle which the purposes disposing of at a good thing there.  
 Some of us had a pleasant call from Arthur C. Howard, principal of the Prince Albert Public School, recently. Mr. Howard is an ex-student of the Harriston High School. He was accompanied by his wife and little son. It takes a lot of money to come from their home in far away Saskatchewan here.

**BORN**

**WEILER.**—In Mildmay on Monday, Aug. 7th, to Mr. and Mrs. John Weiler, a daughter.  
**SCHWARTZ.**—In Ambleside, on Saturday, July 29th, to Mr and Mrs. Louis Schwartz, a son.  
**MISSERE.**—In Mildmay on Friday August 4th, to Mr. and Mrs. A. F. Missere a daughter.

**Additional Locals,**

—Mr. and Mrs. Lewis Heath of Listowel spent Sunday with his brother Mr. Levi Heath.  
 —Fifty-seven tickets were sold this morning for the excursion to Southampton.

—Mr. and Mrs. George Yost and child of Hanover are visiting her father and sisters at present.  
 —Chas. Buhlman and family returned on Tuesday from St. Clements where they have been visiting friends for the past month.

—We hear that one of our prominent business men is erecting a barn to be used as a livery stable. Opposition is the life of trade.

—Mrs. Button of Wingham, Miss Chris Irving, and Master Dever of Goderich spent a few days last week with their uncle Mr. Levi Heath.

—R. J. Barton has an advt. in this issue. Mr. Barton has taken a course in optics and is prepared to test your eyes and fit them properly with any kind of glasses you may desire.

—The Epworth League Convention of the Walkerton district will be held in Mildmay Methodist Church on Thursday, Sept 14th, afternoon, and evening. The Financial district meeting will take place in the morning.

**An English Paper on Canada.**  
 A possible explanation as to where the surplus ballots in West Huron came from.

The Canadian people are able to withstand the excessive cold by artificially heating their blood with whiskey which renders them impervious to the cold. It is a well-known fact that whiskey will not freeze, and therefore a Canadian can venture into the cold with impunity. The whiskey of Canada is very pure; so are the politics, and the hanging laws are very rigid.

The franchise of Canada is a very peculiar one and very liberal. Everybody can vote, so that out of one family there sometimes come as many as twenty-two votes. If an elector thinks he has an intelligent horse, or a dog that has a sense of responsibility he recommends it for franchise, and records its vote. This system is not sound, and it is a serious menace to the political party which is not in power, because it cannot tell how many voters there will be until the day of the election. It often happens in Canada that there are more votes in an electoral district than there are people, but this is accounted for by the fact that some capable live stock has polled a ballot. The Minister of Agriculture in that country exercises a great influence over farm stock, and thus controls votes which repeatedly instal him in office. The Hon. Jerry Mander has introduced a bill, the object of which is, we understand, to limit the franchise of Canada.

**COUNTY AND DISTRICT.**

Ponton's suit against the Dominion Bank for false arrest will be tried at Osgoode Hall in September. Ponton is confident of success.

Peter Cowen of Rutley won the twenty mile bicycle road race held in Harriston recently. He made the distance in 51 minutes.

The total appropriation for school purposes in the province this year is \$252,576. This is divided among the counties according to the population reported in 1895 and again in a similar manner, divided by the counties to each municipality according to the attendance at the different schools.

Herbert Wilson, cheesemaker, of Springbank, Howick, had a narrow escape from injury by the explosion of a can of gasoline which he carried from Wingham in his buggy. Some of the fluid leaked from the can and on his arrival home he approached the rig with a light with the result that his buggy was considerably damaged by an explosion. Luckily the can had been removed from the buggy before the explosion otherwise there would have been a serious accident.

A party of Barnardo children arrived in Ontario on Saturday, 90 girls stopping at Peterboro and 70 boys coming on to Toronto. The boys all have homes and nearly all the girls are placed. Fifty will be sent on to the Northwest. There were 200 applications for children.

The lot of the colored people in the Southern States is not an enviable one. About forty lynchings have been reported lately, but it now appears that there are hundreds of outrages of that kind that we never hear of. An average of four to five negroes are lynched daily, and on the slightest provocation. The more intelligent and prosperous the colored race become, the greater are their hardships. One aged negro, in writing to a friend in Toronto, says it is far worse than slavery.

A little child of scarcely two years, daughter of Mr. F. Wise, a farmer living near Allan Park, wandered off to the barnyard on Saturday and was attacked by a game rooster. When the child was found, the rooster was standing over her and striking at her with his spurs. The poor little thing was covered with blood and so exhausted that it could not cry out. She was brought to Hanover and a physician found that the rooster had driven his spurs into her head in several places, one just above one of her eyes.

One morning recently, workmen excavating for the new Scotton building, in Windsor, unearthed four human skeletons, each enclosed in a black walnut coffin of rude pattern. The coffins were buried about four feet deep, and lay side by side, scarcely a foot apart. Both the coffins and the skeletons were in a fair state of preservation. Where the skeletons were found was the site of the old Baby orchard, and it is believed they are the remains of the American invaders shot by order of Colonel Prince, the day after the battle of Windsor. The battle took place on December 4th, 1838.

Bridgeport, Conn., Aug. 5.—The most frightful catastrophe recorded in Connecticut for nearly half a century occurred shortly before four o'clock this afternoon on the Stratford extension of the Shelton street railway, when a loaded car went off the trestle over Peck's mill pond, at Oranque, about six miles north of Bridgeport, and sunk in the flats forty feet below. Thus far 36 people are known to be dead and several more injured. Only two persons are known to have escaped unharmed. It is believed that there were 43 passengers on the car, but the indicator was removed by a conductor of another car and spirited away, so that at present it is impossible to state accurately the number aboard.

To all who have felt the evil effects of deranged kidneys is the assurance that Dr. A. W. Chase's Kidney-Liver Pills are meeting with enormous sale and unparalleled success in this district. Backaches and aching kidneys are fast becoming a thing of the past where Dr. A. W. Chase's Kidney-Liver Pills are known. One cent a dose, 25 cents a box, at all dealers.

An exchange says:—Keep a sharp lookout on any silver money that comes into your hands these days. A number of U. S. trade dollars are in circulation in Ontario, the value of the coin being only 40 cents. Also the Attorney-General's department has given notice that a counterfeiting plant has been located somewhere in the county of Essex, which is doing quite a business in turning out Canadian 50 cent pieces. The counterfeiting is excellently done, the milling on the edges being perfect and the color good. The piece is part perfect and a bit heavier than the genuine coin.

Monday morning Mrs. Morley, Harriston, reported to the Guelph police that her pocket had been picked. She was en route to Toronto and her pocket was picked either on the train or during the couple of minutes she was on the platform. The purse contained about \$10 in addition to her railway ticket. The crowd at the depot was very large and consequently a professional pick-pocket would have an easy thing to carry on his unlicensed work.

**EDITORIAL NOTES.**

The trackman on the Grand Trunk way are far from satisfied with the ten cents advance per day given the men on the main lines. The executive committee of the trackmen had an interview with Manager Hayes last week but got no satisfaction, as no further increase will be given at present.

The Minister of Railways gave the House a statement of the receipts and expenditure of the Intercolonial Railway for the year ending June 30th. The gross receipts were \$3,733,331 and the amount of working expenses and total outlay \$3,675,686, leaving a surplus of \$57,645. The expenses included the rental of the Drummond County Railway \$211,000.

The West Huron election examination before the Privileges and Election committee is about over and nearly 100 witnesses have been examined. The committee will report to the House at an early date. There seems to be strong evidence of crooked work, and the Liberal party will do well to have a thorough cleaning out of all workers of the Captain Sullivan and Dep. Ref. Officer Farr stamp before another election is held, otherwise they will come to grief.

The trial of Dreyfus opened at Rennes on the 7th inst. The prisoner made straight denials of any guilt on his part, and claimed that he had no relations directly or indirectly, with any foreign power, with a view to supplying information to the detriment of France. He never made any admission of guilt to anyone at any time either before or after his first trial. There are about 100 witnesses to be called. The court decided to sit with closed doors, during the examination of the secret dossier, and will take four days to complete the examination so that it will be Saturday before there will be another public session of the court.

Lloyd's agent at Manila cables that the insurgents have captured the United States Sataras. The steamer was coasting under the American flag and was burned. The crew are missing. The campaign seems to be at a standstill at present. Aginaldo is said to be negotiating with the British North Borneo Company for the lease or sale of Banguey Island. The Filipinos who are arranging the deal say that in case of defeat, Aginaldo and other leaders with a large section of the Filipinos may settle in Banguey, under British protection and the Company's rule.

Last week the self propelled Traffic Association had an elaborate series of tests at Liverpool of motor wagons. Six different types of English-made wagons competed, carrying loads from two to three and a half tons up steep stone paved hills of a grade of one in nine. The motors stopped in the middle of the steepest hill to test their starting power and five out of six succeeded. Other tests included a 35 mile ride through the thick traffic of hilly Liverpool streets. All the wagons acquitted themselves satisfactorily. The tests were made at an average speed of sixteen and four-fifths miles per hour. The Liverpool corporation has introduced motor dust wagons at a cost of fifty per cent. less than horse power.

Herr Montag of Mannheim, claims to have made a very valuable invention in the way of manufacturing artificial coal. He says: "I may say that from the point of view of hygiene, the artificial is preferable to the ordinary coal, as it does not develop poisonous gases, and creates little soot. It leaves no stay and only a small amount of ashes. There is no danger of an explosion. The fuel is composed of from 92 to 94 per cent of ordinary earth and from 6 to 8 per cent of chemical ingredients. It is cheaper and better than coal. Any piece of land can be used for producing the fuel. The cost of the plant to manufacture the fuel is low. The fuel gives greater heat, longer combustion, and needs less storage room than coal. One ton will do the work of 1 1/2 tons of ordinary steam coal at 30% less cost."

Matters are evidently coming to a head in the Transvaal and Cape Colony. The colonial secretary, Mr. Chamberlain, made a statement yesterday in the House of Commons in reference to the Government policy which speaks for itself. "We recognize the grievances of the Uitlanders and have said that these grievances are not merely themselves a serious cause of interposition, but are a source of danger to the whole of South Africa. We say our predominant policy is remedied by the action of the Transvaal in refusing to redress the grievances or give consideration to requests hitherto put in the most moderate language of a suzerain power. We say that these things cannot be tolerated. We have put our hands to the plough and won't draw back. With that statement I propose to rest content."

The Volksraad, amid much enthusiasm and acclamation, passed an amendment to the constitution empowering the Government, in the event of war, to call upon every inhabitant, without distinction, to assist in the defense of the State. We presume this does not take in the ladies, but no reservation is made in the despatch.

Additional troops ordered to be in readiness for despatch to South Africa include a battalion of the Grenadier Guards and three batteries of artillery.

**Suffering caused by Piles**

Is Quickly Ended when  
**Dr. A. W. Chase's Ointment is applied**

Besides the intense agony caused by the itching, burning sensations of piles, there are other symptoms which produce restlessness and at times excruciating pains known only to the victim of piles.

What would one give to be free of this terrible disease? And yet there is a cure—a positive cure—which does not cost much and is not painful or difficult to apply.

Dr. A. W. Chase's Ointment is, so far as is known, the only absolute cure for blind, itching, bleeding and protruding piles. It gives relief at the first application and affords a perfect cure in the most aggravated cases.

Mr. Isaac Foster, Erieview, Ont., says: "I was troubled with itching piles for two years and could not sleep at night. I was half-crazed and tried everything. Finally seeing Dr. Chase's Ointment advertised I tried it and found it good. After a second application I found relief, and one large box cured me. Have never been bothered since, and I can recommend it to all suffering from the same trouble."

Dr. Chase's Ointment is for sale by all dealers, or Edmanson, Bates & Co., Toronto.

**VIOLENT HEADACHES**

Accompanied by Indigestion and Constipation cured by Dr. Chase's Kidney-Liver Pills

From Bath, Ont., comes the particulars of a remarkable cure effected by Dr. Chase's Kidney-Liver Pills. Mr. Jos. Gardiner was for forty years the victim of indigestion, constipation, and violent headaches. Nothing seemed to have the desired effect until he began the use of Dr. Chase's Kidney-Liver Pills, and they effected a complete cure. Mr. Gardiner writes:

"I have been troubled for over forty years with indigestion and constipation, would go for two weeks at a time. At intervals I would be taken with violent headaches. I spent dollars and dollars in vain, and was finally advised to use Dr. Chase's Kidney-Liver Pills, and must say that they are the only remedy that gave me permanent relief. I would not be without them for anything."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box. At all dealers, or Edmanson, Bates & Co., Toronto.

## LIVE STOCK MARKETS TORONTO

The western Cattle Market this morning was somewhat steadier than last week without material change in prices. Selling was not brisk, the market on the whole being dull excepting in sheep and hogs, in which branches a fair business was done, the prices of the latter advancing slightly.

There is still a dearth of first quality cattle. The market is overstocked with inferior grades that are not finished nor rounded out. No doubt the dry weather and lack of water in some parts of the country, checking the growth of pasture, has not given the cattle a proper chance to fatten. The result is that farmers in a good many instances have risked the present condition of the stock market and shipped to the market, cattle that if kept for a time to gain flesh would bring much better prices. The buyers are looking for good well-fed cattle, and such are being sold fairly readily at prices as quoted below; 55 loads of cattle were in 1,784 sheep and lambs, 1,960 hogs and 25 calves.

Export Cattle—Advices from England say the market there is still weak. At the local market this morning a number of sales were effected, but the prices realized were somewhat at variance. One choice lot sold at \$3 75 per cwt and others somewhat higher.

Butcher's Cattle—The demand was not good and nothing but the best grades were wanted. One choice lot brought \$4 per cwt, but that could not be taken as a standard.

Sheep and Lambs—The market was good, prices remaining about the same, with a slight inclination to raise. Export sheep brought as high as \$3 80 per cwt, but the prevailing price was \$3 75 per cwt.

Hogs—An unusually large shipment was received, but notwithstanding that the prices raised slightly. First quality bacon hogs sold for \$5 50 per cwt and light bacon hogs for \$4 75 per cwt.

J. H. Brown of Kerwood, sold a splendid lot of export cows, weighing 1,300 lbs each, to Wm. Levack for \$3 75 per cwt.

R. McLaughlin of Glencoe sold to H. Dean a load of exporters, averaging 1,260 lbs each, for \$4 85 per cwt.

Crawford & Co. sold some exporters, averaging 1,180 lbs each, for \$4 55 per cwt.

W. Sneed of Exeter sold to Wm. Levack an extra choice lot of export cattle for \$5 20 per cwt. This quotation cannot be regarded as an evidence of the state of the market. It is merely an exceptional instance of a price paid for the grade of cattle that at present is a rarity at the market.

P. Gillies bought a number of 500 lb stockers at \$3 30 per cwt and 600 lb feeders at \$3 75 per cwt.

Crawford & Co. sold for export several 1,200 lb cows at \$3 50 per cwt.

A. Foreman of Paisley sold three fairly good cows for \$1 15 and a medium bull for \$3 90 per cwt, less \$1 on the total.

Crawford & Co. bought from W. Sneed of Exeter a load of butchers' cattle, averaging 1,050 lbs each, for \$4 per cwt.

Five butchers' cows, medium sold for \$3 12 1/2 per cwt.

## FOR SALE.

A resident of Glenelg spent last Monday night in the Durham lockup and was next morning fined \$10.50 including costs. The transgression for which he suffered so severely was being drunk and threatening to stone the town officials.

## For Sale.

A valuable farm of 100 acres in the Township of Culross. Large barn and good frame house on the premises. Well watered and in good locality. Terms easy. Apply to JAMES JOHNSTON, Mildmay.

The twelfth annual convention of the Bruce County Woman's Christian Temperance Union will be held in the Town Hall, Paisley, on Wednesday and Thursday, Aug. 16th and 17th.

A man named Parrher, while travelling in the township of Jones a few weeks ago, was viciously attacked by a she-wolf, and after shooting her he observed a short distance away nine young wolves. He succeeded in killing six of these, the other three making good their escape. Trappers and wood rangers say that it is something dreadful the number of deer skeletons found in the woods this year. The animals have undoubtedly been killed by wolves last winter when the deep snow was on the ground.—Mount Forest Representative.

The seventy-five dollars which the United States Government paid to all the Cuban soldiers engaged in the war with Spain served to silence the clamor of those patriots for a few days, but, now that the money has been spent and more is desired, these warlike men are again becoming restless. They have received the money and now they want the Americans to get out of the country and turn it over to them. At a recent meeting of the association, calling itself "Veterans of the Cuban War of Independence," they passed resolutions demanding that the United States shall at once declare what it means to do, and, if the resulting action was not satisfactory, Cubans know what steps to take to rid the sacred soil of the island from the heel of the oppressor. There is not a particle of doubt that the United States will have any amount of trouble with these people, whose chief grievance is that the island of Cuba has not been turned over to them to be pillaged, looted, and despoiled, even in a worse degree than it was under Spanish rule.

—William Clubine is spending a couple of weeks with his brother in Flint, Mich.

—Miss Rebecca Wendt is spending a few weeks with relatives in Bruce township.

—Mr. and Mrs. J. H. Moore spent a few days this week with friends in Brantford.

—August Pross is in Teeswater this week drilling wells. He has secured several contracts there.

—Carrick council meets next Monday August 14th, in the town hall, for the transaction of general business.

—Mrs. A. Stromberg and Miss S. Johnson, of Moline, Ill. are spending a few weeks with Mrs. G. F. Curle.

—Mr. Jas. McEwing of Palmerston is acting as reliever at the station here for J. H. Moore who is away on his holidays.

—Miss Mary Berry, school teacher of Doon, is visiting her parents here. She has been spending a few weeks in Chatham.

—Rev. Mr. Dixon of Holstein, will preach in the Presbyterian church next Sunday morning. Mr. Scott will take charge of the service at Holstein.

The purple colored two cent postage stamps have been recalled and one of red substituted. The old two and three cent ones can be used until the supply is exhausted.

—E. N. Butchart's house on Elora street, has been treated to a coat of green paint. The front fence also, has received the same dose, and the place is greatly improved in appearance.

—Mr. John Inghs of the 2nd concession, is erecting a new house this summer, which is expected to put all his neighbors' residences in the shade. A gentleman from Chicago, with an unpronounceable name, has the contract.

—Mr. Wepler, the G. T. R. station agent at Hanover received notice last week to quit the Company's service. The business men of the town are indignant over the action of the Co.

—The advance of ten cents a day to G. T. R. trackmen is not general. Some trackmen do not get it. Besides it is insufficient and the strike may be renewed. If public sympathy is of any value, the G. T. R. Co. will lose a great deal by paying such miserable wages to its workmen.

—Children's Day will be celebrated in the German Evangelical Church next Sunday afternoon, commencing at 2 o'clock. A good program is being prepared, and will be rendered in both English and German. Collections will be in aid of missions. Every person welcome.

—We had the pleasure on Saturday afternoon of being shown through the Deemerton Separate School. This school is kept in splendid condition, is well lighted and the ventilation is perfect. The grounds are also well kept so that nothing will detract from the enjoyment of the scholars. The healthy condition of this school reflects great credit on the sisters who have had charge of it.

—Last Thursday Conrad Biehl's little son, Willie, had an accident at Teeswater, which may end fatally. In company with his brothers, he was playing on a home-made merry-go-round, and the little lad fell on a sharp iron rod, which penetrated his abdomen, making an ugly gash. The boy is suffering greatly, but the doctors have hopes of his recovery.

—A very friendly game of baseball was played here on Tuesday evening between Teeswater and Millmay clubs. The game commenced shortly after six, but only six innings could be played before darkness set in. The Millmay boys played a steady game throughout and clearly outpointed their opponents. A new pitcher was put on for Millmay in the fifth, but was a trifle wild, and six runs were made. Cousins and Chapman did the twirling for the opposite team. The following is the score:—

Millmay. Teeswater.

P. Lenahan 2b... 1 Ewing cf.....1

### Local Affairs

—Mrs. Morton and family of Toronto, are visiting at Mr. John Morrison's.

—The M. A. A. have commenced work in the park and it is expected to be in good shape shortly.

—J. V. Berscht and Geo. Karkel have each a wondrous cold in their employ this week.

—Miss Annie Liesemer left on Tuesday morning for Detroit, where she will spend a month with her brother.

—Miss Maggie Lobsinger, who has been attending the convent of Notre Dame at Milwaukee during the past year, returned home last Thursday.

—Mr. Hoffman and family, Mr. and Mrs. Jacob Hahn and Mr. and Mrs. Ronald of Hanover spent Sunday with Mr. and Mrs. F. Voigt.

—The fire engine was out on Monday evening and taken to the Woolen Mill dam. Everything worked satisfactorily and good time was made.

—George E. Schwalm, who has been clerking at W. Bundy's Walkerton, has gone to Holstein, where he has secured a situation.

—John D. Miller commenced threshing on Monday. He gave splendid satisfaction last year and it is expected that he will have a big season's work this year.

—Miss Sadie and Irene Keelan are visiting friends in Chepstow this week.

—Mr. Louis Fountain of Brant, an old resident of the 4th of Carrick, was in town on Tuesday.

—The Fall Show will be held in Millmay on Tuesday, September 26th. The prize lists will be issued shortly.

—Miss Rose Herringer of Walkerton was in town on Sunday. She went to Clifford on Monday to take her for her position in Whitehead's store there.

—Geo. Flach's new tailor shop is rapidly nearing completion, and will probably be ready for occupation next week.

—The G. T. R. will run its first harvest excursion to Manitoba on Tuesday August 22nd. The fare going to Man., is \$10 and return \$18. Stop over allowed at Winnipeg and west, but final destination must be reached before August 31st.

—The body of Matthew Black of Toronto was found floating in the harbor at Owen Sound on Saturday morning. He put up at the Pacific hotel on Friday night, and got up about five o'clock Saturday morning, and was found shortly after in the Georgian Bay.

—A terrible fire took place at Pinkerton yesterday afternoon when the sawmill and two dwelling houses were burned to the ground, besides an immense amount of lumber in the mill yard. Urban Schmidt was there at the time, and witnessed the fire.

—Lunacy is on the increase in England and Wales, over 100,000 cases being reported for 1898. This is an alarming increase over the preceding year, although the increase is largely among the paupers. An official inquiry will probably be made shortly as to the causes and the best means of combating them.

—Mr. John Himmeler, one of Neustadt's hotelkeepers died on Monday morning after an illness of about two years. He was born in Germany in 1827, and for some years owned the Mollke hotel. Deceased had many friends where he lived, and many will learn of his death with sorrow. The funeral takes place to-day.

—Of all Millmay's manufacturing institutions the Woolen Mill is probably having the greatest rush of orders. This mill has been running full time all summer, and the proprietors are thus seriously of putting on a night shift. Several thousand dollar orders have been received from large wholesale houses in Toronto and Montreal, who know the quality of the goods turned out here. Many orders had to be rejected, owing to lack of time to fill them.

—Miss Maggie Dahmer, daughter of Mr. Henry Dahmer of Carrick, died of typhoid fever at Niagara Falls last week. The remains were brought to Clifford station on Thursday and interred in the Lutheran cemetery. The deceased was one of the most highly respected young ladies in this township and her sudden taking away has cast a gloom over her many friends and the community generally. This is the third member of their family Mr. and Mrs. Dahmer have been called upon to mourn in death during the past three years, and they have indeed the heartfelt sympathy of everyone in their very severe affliction.
