LAKELET.

Turner Scott left on Monday morning for Cyrus Hallman's where he will chore during the winter months.

Quite a number of farmers took hogs to Fordwich and Gorrie this week at \$8 60 per cwt. That is 10c better than a week ago, but is still a very low price. Joseph Emel, James Hamilton, and Andrew Brown, each bought a cow last week. Emel has a real good looking cow, and the others are very fine animals.

Cyrus Horton, our new shoe maker, moved to Gorrie last week, and has got down to work in that village. Andy Brown is going to Clifford the first of Dec. Our poor burg will soon be depopulated.

The roller chopping mill is going to have all the work this year. Mr. Brown is not going to run his chopping for 6 months, and Myles Scott is having full sway. He is chopping for 4 cents a bag.

There will be a tea-meeting and lecture in the church here on the evening Thursday, Dec. 7th. Tea will be served from 5 to 7. The Rev. Mr. Harvey of Fergus, former pastor here, will deliver his popular lecture "The Sunny South" in the church. Admission 25 and 15 cents.

Mr. Orr of Fordwich has a hay press at work in this vicinity, and they are baling a lot of hay. They pay from 5 to 6 dollars a ton. They are at work at Henry Wood's place where they expect to put up 85 tons. They are then going to Mr. John Jaques where they expect to bale 75 tons. There are six men with the rig who do all the work.

On Tuesday Mr. James Shera who had possession of the blacksmith shop by the outlet, left for Gorrie where he has secured Mr. Isaac Sanderson's shop. Mr. Shera worked here for over two years and during that time he conducted himself in such a gentlemanly and upright way that he enlisted the esteem and confidence of all. He had a good business here but Gorrie is a much larger place, and there is an excellent opening there for a man of Mr. Shera's physical capabilities and sterling qualities. His young partner in life whom he got in your town last spring, shared no small half of the respect and esteem in which they were held here, and they go to their new home in Gorrie leaving behind them no foe in Lakelet, but carrying with them the universal good wishes for a happy and prosperous time in the village to the south of us.

2nd Concessions.

Mr. Gottlieb Bnhrow spent Sunday in Ailsfeldt.

Mr. Louis Amacher and Mr. Schneider spent Sunday with G. Loth.

Mr. Nicholas Huhnstein has a sick horse which we hope may soon recover, as the animal is a very valuable one.

As we are writing we hear the rigs and voices of many men going to the sale of Mrs. Geo. Weber.

Corbett and Sullivan, our pugilists, had quite a contest at the threshing of Anthony Wynn. Corbett, after nearly knocking Sullivan through a hole in the pig pen, carried away the laurels.

Joe makes tri-weekly trips to Mr. Gowdy's to study the mysteries of music. We hope Joe will soon be able to handle the fiddle bow and give us a hoe down.

Fred was on Mowhawk street on Sunday. We never knew we ever did any good, but when we see the broad smile on his best girl's face we know that our encouragement of four weeks ago was not in vain.

Mr. Christian Waack in coming through the swamp on Sunday night met with some thrilling experiences. Two men tried to rob (?) him but as they were only bogus robbers Chris. thought he was good for two.

Corbett and Bill attempted to lift a cider barrel into a wagon in Belmore, but got badly fooled. They partook too much of the juice first in the hope of being more successful in lifting the lightened barrel, and to their dismay had to summon the aid of Mr. Ciderman.

Briton and Boer.

Last century South Africa belonged to Holland. In 1814 it was ceded to Britain. For a score of years the Dutch settlers continued their accustomed enslavement of the native races. This unpaid or ill paid toil was a large item in their prosperity. When Britain gave freedom to the slave throughout her Empire, thousands of these Boers, dissatisfied at the rights and liberty given to the blacks by the British Government in Cape Colony, "broke" northward, 1836-1837, settled in new country, declared themselves independent, and continued their policy toward the native tribes whose land they took.

Their attitude is seen in a "Fundamental Law" passed by them, which decreed that "The people will admit no equality of persons of color with the white inhabitants either in state or Church." The Mormons emigrated to Salt Lake, beyond the law, to practice what they wished. So the Boers more than once trekked north that they might get beyond the wholesome restraints of British law. They were reminded, however, at the times of these different emigrations that they were still British subjects, that the British Government would claim the right, if necessary, to regulate their conduct towards the native races.

In their aggressions they were in 1875 reduced to great straits and threatened with attack from the Zulus and other powerful tribes. Britain could not allow native uprisings, with consequent dangers, near her own territories, so intervened, protected the Boers, and established order.

In 1881 the Boers revolted and the British agreed to give them self-government in internal affairs under British suzerainty. The conditions were that British subjects were to have equal civil rights in the country, just as the British give the Boers in her colonies, and that the Boers were to make no alliances with other nations without her consent, as this might endanger Britain's South African possessions.

This agreement the Boers have not kept. British settlers have increased. The Boers are now but one-third of the population. The settlers pay nine-tenths of the taxes, but have no rights, no votes, and are not even allowed to establish English schools at their own cost to educate their own children. They have undue burdens and no rights as citizens. They are in a sense hewers of wood and drawers of water. They have serfdom for freedom. The Transvaal is called a Republic. It is really one of the most arbitrary despotisms in the world. Britain asks treaty rights for British subjects, such as were promised when self-government was given, and such as she freely gives Boers in her colonies. Boers refuse, and have now appealed to arms.

The Boers are religious, but have not been favorable to British missionaries, because the latter aimed to elevate the native black races to manhood, while the former sought to keep them in ignorance.

A missionary in his travels came to the place of a prosperous Boer farmer and was hospitably entertained for the night. Before retiring he proposed family worship, which was cordially agreed to. But when he asked that the servants and dependants be called in, the farmer burst into a loud laugh at such an idea, and told him that he might as well call in a lot of baboons.

So strong was the feeling that on one occasion Livingstone's house was burned by one of their hands that was sent forth against a native tribe. Livingstone always regarded them as a hindrance to the up lifting of Africa. Little or no progress could be made in mission work where they controlled.

In their way they are religious. They live in the atmosphere of Joshua and the Judges. They, as God's chosen people, with both native and foreign among them as the tribes of Canaan, to be subject and pay tribute, is probably not far from an average Boer idea. Of course the above statements do not apply universally. There are many excellent people among them, but they

are not the ones who have shaped the Boer policy.

The Boer quotes the Psalms, but he has not got beyond the imprecatory, blurred at that. He will go on in some way at some time to the Messianic. Whatever the issue of the present unrest, God reigns, and nought will come but what is best for South Africa and the world. God maketh the wrath of man to praise Him and the remainder of wrath He will restrain.

Dark and awful is the scourge of war, but most of the world's liberties have been purchased by it. In a very real sense has the world thus risen on stepping stones of its dead self to higher things.

Britain is long suffering, but strong in her sense of right. The champion of the weak, she will not too far permit wrong. Her's the freest flag that floats. And in this very fact it is becoming in growing measure not only the banner of an earthly Empire, but the symbol of a mightier, which, whatever becomes of Britain, shall never pass away. Under that flag, realizing all that it means of freedom to the down-trodden and oppressed it should be no mere selfish boasting of clan or nation that echoes: "Rule Britannia" but a spirit that finds its ideal in the universal kingdom that is coming hour by hour.

Christian Endeavor.

The topic for the evening was "Out return for the Lord's benefits." Ps. 116: 12-19. Miss Jennie Johnston read a paper on the topic, the question "What shall I render unto the Lord for all his benefits unto me?" is a proper one for every one of us to ask ourselves. The Psalmist in reviewing and reflecting on the goodness of God towards him often asked himself such questions. He had times of adversity and of prosperity; times of living near to God and times of deep distress, on account of sin. The Lord had answered David's prayer's and given him great deliverances and writing this Psalm he expressed his gratitude to God, and asks the question "What shall I render unto God for all his benefits towards him." He answers it himself in Psalm 116: 13-19. The desires, longings, and inspirations of the soul, the deepest distress, the most intense gratitude, and the fullest joy in God's service all find a fitting expression in the language of the Psalmist; and the topic for the evening is one that comes home to each one of us.

A distinguished author has the following to say:—"All men are liars, everybody knows; but for cheerful, innocent, stupendous, monumental, colossal liars the people of British Columbia take the cake. It seems to be all a part of their country that you become an enormous, mastodontic liar. But the people are good, whole-souled, kind fellows withal, with hearts as big as their lies. The scenery of that country it is impossible to tell about, even with the aid of the imaginations grown there. Even the liars have to stop when trying to tell about it, for they cannot think big enough. If I was going to be banished I should like to be banished to British Columbia. The scenery surpasses anything I ever dreamed of. Even hard luckers have nothing to say for British Columbia but what is good."

EDITORIAL NOTES.

The war in South Africa is now on a different footing. The Boers in Natal who had been raiding south of Ladysmith and threatening Pietermaritzburg are now on the march northward again. Communication by wire is open from Estcourt to Durban again. The British relief army is now near Estcourt and repairing the railway as they go. At Ladysmith all is well and the troops there will soon be able to assume aggressive work. General Buller is with the relief army at Natal. On the west side of the Orange Free State General Methuen has been busy with his troops and has fought two battles with the Boers, one at Belmont and the other at Gras Pan, in both of which the British drove off the Boers at the point of the bayonet. The Boers are travelling northwards. General Methuen's army is within forty miles of Kimberley and has news that all is well in the town. The casualties at the battle of Gras Pan on the British side are reported to be 26 killed and 171 wounded. Boer losses not known, but believed to be heavy. General Gatacre's army is on the border of the Free State and fighting is expected soon at Colesburg and Stormburg and other points in that vicinity. The Boers have no relish for fighting at close quarters but they manage to do a good deal of damage before the British get within bayonet reach. There seems to be a want of cavalry and heavy artillery at present among the British. This will soon be remedied as the transports are nearly due with both on board. The latest news from Mafeking is that Col Baden Powell was still holding out and inflicting a great deal more damage on the Boers than he was receiving from them. He is the ideal commander so far on the British side, and has withstood a very hard siege with a small garrison. He keeps his men in constant training and ready for business at all hours on the shortest notice. General Methuen fought his third battle with the Boers at Modder River on the 28th. It was the most stubbornly contested battle yet fought, and lasted ten hours, resulting in the Boers being driven from their position.

THE NEW YORK WORLD, THRICE-A-WEEK EDITION. ALMOST A DAILY--AT THE PRICE A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the Presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leading in dollar a year journal. It is issued every other day, and is to all purposes a daily. Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week. The price is only \$1.00 a year. It is virtually a daily at the price of a weekly. Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service. The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World. Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on. The best of current fiction is found in its columns. These are only some of the reasons; there are others. Read it and see them all. We offer this unequalled newspaper and The Mildmay Gazette together one year for \$1.65. The regular subscription price of the two papers is \$2.25.

**LIVE STOCK MARKETS
TORONTO**

The feature at the Western Cattle market this morning was a rise of 25c per cwt in hogs. Trade in both branches was slightly better than on Friday. The run of cattle was light, about 550. There were 1,337 sheep and lambs, 2,400 hogs, 1,500 turkeys and a few calves. Prices were a little firmer in export cattle; heavy choice feeders were scarce.

Export cattle—Offerings were light; demand if anything a trifle better. Heavy choice cattle sold as high as \$2,70 per cwt.

Export bulls—Were in better demand at slightly advanced prices of \$4 25 to \$4 40 per cwt for choice.

Butchers' stock—Not much change, most of the stock being from medium to good. A few buyers were looking for really choice cattle and were willing to pay a fair price. The quantity, of course, was limited.

Milch cows—A moderate quantity of milch cows sold to a good demand at \$30 to \$50.

Feeders—There seemed to be a lack of heavy feeders on the market; in fact, all grades of feeders were offered in smaller quantities. Prices were firm and unchanged at \$3 40 to \$3 75 per cwt for heavy feeders and \$3 to \$3 25 per cwt for light cattle.

Stockers—Demand was slow at the prices that prevailed on Friday. Light stockers sell at \$2 25 to \$2 70 and heavy ones at \$3 per cwt.

Feeding bulls—Were of slow sale at weakened prices of \$2 25 to probably \$3 per cwt.

Stock bulls—Light stock bulls sold at \$2 per cwt and bulls for Buffalo at \$1 75 to \$2.

Sheep and lambs—Large run sold out fairly readily at unchanged prices.

Hogs—Sold 25c per cwt better at \$4 25 for picked lots of 160 to 200 lbs, natural weight; \$4 per cwt for heavy fats, \$3 75 per cwt for light fats and \$4 per cwt for corn-fed hogs.

Fifteen hundred turkeys sold at 7½c to 7c a lb.

One load of choice export cattle, 1,300 lbs each, sold at \$4 80 per cwt.

D. McEachren of Argyle sold 88 export sheep at \$3 40 per cwt, 6 900-lb cows and heifers at \$3 25 per cwt and 50 lambs at \$3 60 per cwt.

Wesley Dunn bought 400 lambs at an average of \$3 50 per cwt and 180 sheep at an average of \$3 37½ per cwt.

D. O'Leary sold some good 900-lb heifers at \$3 75 per cwt and some butchers' cows at \$2 75 per cwt.

P. B. McIlhargey of Lindsay sold some good 900-lb butchers' heifers and steers at \$3 40 per cwt; 3 export bulls, 1,700 lbs each at \$4 per cwt; 40 lambs and 24 sheep at \$3 40 per cwt.

George Ceys of Melbourne sold one good milch cow at \$50.

W. H. Patterson of Agincourt was on the market buying stock for a sale to be held on Thursday Dec. 7th. He bought two good cows at \$46 each and three at \$38 each.

J. Scott of Listowel sold 22 butchers' heifers, 980 lbs each, at \$3 37½ per cwt; two 1,600-lb export bulls at \$4 per cwt and one 1,100-lb bull at \$2 50 per cwt.

C. G. Campbell of Woodville sold 53 lambs at \$3 80 per cwt, 13 at \$3 25 per cwt, some butchers' heifers and cows at \$3 25 per cwt and some 800 to 1,000-lb steers at \$3 80 per cwt.

C. Zeagman bought some common butchers' cows at \$2 60 to \$3 per cwt.

Loads of good to choice butchers' cattle sold at \$3 50 to \$4 per cwt.

"Oi like courage," said Mr. Rafferty, "but Oi don't like recklessness wid it." "I told Casey, the contractor, the same t'ing," replied Mr. Dolan, "wan day when we wor thyrin' to show how brave he could be in an argymint wid 'is wife."

Miss Strachan, teacher of the junior department of the Elmwood public school at the munificent remuneration of \$175 per annum, jumped the job unceremoniously on Oct. 30th. She walked 12 miles to a railway station and took the train for home without giving notice or in any way explaining her rash act of throwing up her munificent situation on the approach of what may be a hard winter.

We learn that some apple shippers have resorted to a trick to conceal their responsibility for the glutting of the foreign apple market with inferior apples. The good product they give their own names to but the inferior product is shipped under fictitious names. The Canadian apple trade will suffer serious damage from the careless way in which apples were packed this year.

A dispute under the Master and Servants Act, between Mr. W. G. Ritchie of Greenock, and his servant man, Michael Bester, came up for settlement before Magistrate McNamara at Walkerton a few days ago. The facts were practically agreed to by the legal gentlemen concerned in the case. Mr. O'Connor, Q. C., for Ritchie and Mr. Robertson for defendant. But there was considerable argument, and some disagreement as to their application. Bester left before his time was out, and Ritchie held back some of his wages, on the ground that he had no right to leave under his agreement, and that by so doing he had put his employer in inconvenience and loss. The magistrate held that, under the law, the boy had the right to leave, and would therefore be entitled to his wages. The legal gentlemen then came to an agreement as to the amount coming to him, which Mr. Ritchie promptly paid.

According to The Star there will be no Dominion election till June next, the government having changed its mind.

The End is Paralysis.

If the Wasted Nerves are not restored and revitalized by Dr. Chase's Nerve Food.

"A living mind in a dead body" is the way paralysis is sometimes described. What can be more horrible than to lose all control of the body and feel death gradually claiming you for its own? Sleeplessness, nervousness, headache, loss of energy and vitality, gloomy forebodings, easy fatigue and weakness of the body are symptoms of the nerve exhaustion which will finally end in paralysis, nervous prostration or insanity.

Whether overwork, worry or irregular habits were the cause, restoration can be most effectually brought about by a few months' treatment with Dr. Chase's Nerve Food, the great restorative in pill form.

Dr. Chase's Nerve Food instils vital energy into the body, stops the wasting process and gradually but surely builds up the system, creates new nerve force and permanently cures all nervous disorders and weaknesses of men, women and children.

As a restorative its efficacy is unrivalled by any preparation known to science. It restores color to the cheeks, roundness to the form and elasticity to every movement of the body. 50 cents a box, at all dealers, or EDMANSON, BATES & Co., Toronto. Book free.

BACKACHE

Weak, Lame, Aching Backs, the Result of Sluggish, Inactive Kidneys.

Backache is in reality kidney ache. The kidneys become clogged, and falter in their work of filtering the blood. Backache is nature's warning that the kidneys are on strike, and that the blood is going through the system laden with foul poisons, which will cause Bright's disease, dropsy, diabetes, rheumatism or other equally painful and fatal complications.

Prudence tells everyone suffering with backache to set their kidneys right. The experience of tens of thousands of people tells them that to accomplish this there is no means so successful as the use of Dr. Chase's Kidney-Liver Pills—the world's greatest kidney cure.

Dr. Chase's Kidney-Liver Pills cure permanently by making the kidneys healthy, active and vigorous. They are purely vegetable, act naturally and directly on the kidneys, and are wonderfully efficacious. As a prompt and positive cure for kidney disease, liver complaint and all the complications of these filtering organs, they are unapproached by any remedy ever discovered.

One pill a dose; 25c. a box at all dealers, or EDMANSON, BATES & Co., Toronto.
