RECEPTION AT BRIDGE STREET

Rev. Dr. Scott, Mrs. Scott, Prof. and Mrs. Hunt Welcomed Last Evening.

Bridge Street Methodist Church and the various organizations last evening held a reception in honor of the new pastor Rev. Dr. Scott and Mrs. Scott and of Prof. V. Hunt and Mrs. Hunt on their return from Edmonton. The auditorium was well filled and the reception was one of the largest and most enthusiastic ever given by the congregation to an incoming pastor. The arrangements were as usual perfect. The rooms were beautifully decorated with flowers and flooded with light. The decorations were in charge of Mrs. Florence Adams, the Mission Band and Miss Gertrude Price. The reception committee composed of Mr. and Mrs. F. E. O'Flynn, Mr. and Mrs. C. M. Reid, Judge and Mrs. Deroche, Mr. and Mrs. W. B. Deacon, Mr. and Mrs. David Price, Rev. Dr. and Mrs. E. N. Baker, Mr. and Mrs. J. H. P. Young, Mr. and Mrs. F. S. Deacon, Mrs. M. B. Robin, Miss Morden, Miss Nettie Ketcheson, Miss Nina Yeomans, Miss Mary Yeomans, and Mr. Chas. Hyde, met the guests at the entrance. During the first part of the program, instrumental music was furnished by Miss Fiske and Miss E. Potter and

during the reception vocal solos were rendered by Miss Stork, Miss E. LaVole, Prof. R. J. F. Staples and Mr. H. C. McKay. Lieut. Dan A. Cameron, who was in the city arrived during the evening and was received with applause, and sang two numbers which were much appreciated.

On the platform were Rev. Dr. Scott, Mrs. Scott, Prof. Hunt and Mrs. Hunt, when Mr. F. E. O'Flynn took the chair and opened the program with a short apt address. Miss Beesle Ketcheson, daughter of Mayor Ketcheson, then presented Mrs. Scott with a handsome bouquet on behalf of the congregation and Miss Mary Yeomans, daughter of Dr. Yeomans presented a similar bouquet to Mrs. Hunt.

Three-minute addresses of welcome to the new pastor and Mrs. Scott and to Prof. and Mrs. Hunt were given by Judge Deroche, representing the Sunday School; Mr. Chas. Hyde, the Epworth League; Miss Florence Adams, the Mission Band and Mission Circle; Mrs. J. H. P. Young, the Women's Missionary Society; Mrs. Moynes, the Ladies' Aid; Rev. Dr. Baker, Albert College; Mr. J. W. Johnson, M.E.P., on behalf of the congregation; Rev. A. M. Hubly, the Ministerial Association; W. B. Deacon, the Trustees Board, and Mr. C. M. Reid, the official board.

Prof. V. P. Hunt in his reply expressed his great pleasure at returning to Belleville and while he liked the West, it seemed like home to be back in this city again. He appreciated very much the hearty greet-

ings he and Mrs. Hunt received from the public and the members of Bridge Street Church.

When Rev. Dr. Scott rose to reply the warm reception he received and the enthusiasm and applause with which his sentences were marked must have made his heart glad. He spoke of the lure of the West, of the great strength of character required in the great crises of conditions there and in the East, and expressed his pleasure in coming to Belleville and especially in being the pastor of Bridge Street Church with such a history of successful pastorates.

He wished to thank the members of the church and citizens of Belleville for the cordial reception they had given him from the time of his arrival and he looked forward to a splendid work for God and the right with such a congregation behind him. He expressed his conviction that a pastor should not be confined to the pulpit but that he ought to be a man with courage of his convictions, taking an interest in political and civic affairs. When a man fails to speak the truth for fear of offending, he was lacking in his duty.

The doctor interspersed his address with several pleasant illustrations which met with approval and laughter. The sympathetic touch of his address and the appeal to the people to rise to the highest call for service made a deep impression upon the audience. Dr. Scott by his remarks established himself firmly with the people.

The reception broke up with the singing of the National Anthem and Rev. A. M. Hubly pronounced the benediction.

CORBYSVILLE BOY HAS FALLEN

Pte. Jacob Palmer, Son of Ridley Palmer, Killed in Action Sept. 2.

Mr. Ridley Palmer of Corbyville, received a message from Ottawa this morning conveying the sad intelligence that his son, Pte. Jacob Palmer, had been killed in action in France on Sept. 2nd.

Pte. Palmer had been at the front only about a month. He enlisted at Winnipeg and proceeded from there with his regiment overseas.

No more gallant boy has crossed the ocean since the beginning of the war than the late Pte. Palmer. He desired to enlist at the beginning of the war but could not be accepted owing to a rupture. He came east to visit his parents' home in the summer of 1915, and went to Kings-ton hospital, where an operation successfully cured his defect. He then returned to Winnipeg and was passed by the examiner.

Arthur Palmer, a brother enlisted at Belleville and went overseas with the First Canadian Contingent. He is still doing service at the front.

FIGHTING MILK COMBINES

In Ottawa, Hamilton, Brantford, Windsor and other places the raising of the price of milk by milk producers and dealers' associations is being vigorously fought. It is said that the milk associations are violating anti-combine laws by their procedure. The president of the Wentworth Milk Producers' Association is reported to have declared that "drastic action will be taken against retailers refusing to charge ten cents per quart to consumers." In other places increases in prices are affected by means of a east-iron agreement among the producers. The organized resistance put up by the communities affected is a symptom that ought to be noted. The cost of foodstuffs is unbearably high for the man who earns small wages and endeavors to raise a family. In the milk instance, the short pasturage and dry weather have reduced the supply considerably below normal, but as in the case of bread and flour, the slightest sign of reduced supplies serves the purpose of those who want to over price up. The public nearly always comes off second best, because they are unorganized and unaided. Producers' associations have their own way because they have a strongly-knit control of prices. Some day there will be a popular revolt against food "profiteering." The price of food is lower, generally speaking, in New York than in Toronto. If there are milk, bread or other "rings" operating in violation of the law, they should be sharply brought to book, for consumers in Canada have at least some right to live.—Toronto Mail & Empire.

LIEUT. M'COLL PAYS THE PRICE

80th Battalion Officer Slain in France in Latest Drive.

Lieut. L. C. McColl, of Ottawa, who was instructor in physical drill with the 80th Battalion in Belleville this spring has been killed in action in France, according to today's report. Lt. McColl was a fine type of soldier, being a well built young man, standing about six feet in height.

CAPTAIN WILSON IS MADE MAJOR

Is A.D.D.S. For Third Military District and Has Many Friends.

Captain J. M. Wilson, A.D.D.S., for the Third Military District, and for Barrfield camp, has been promoted to the rank of Major. Major Wilson is a brother of Lt.-Col. Wilson, D.A. A. Q.M.G., and went to Barrfield camp last summer under Captain Winnett, who is overseas. By hard work and close application, he has made his way up the ladder of promotion, until he is now given his majority. Major Wilson has a host of friends in camp and city, among military and civilians. He is the son of Rev. W. D. P. Wilson. Succeeding Captain Winnett, as A.D.D.S., Major Wilson has built up the work of the corps in this division, and made it an efficient organization.

Lieut. Lynn of the 155th battalion has been granted leave of absence.

Two subalterns, three sergeants, three corporals, and forty-two privates from the 154th, 155th and 156th battalions will attend a bayonet fighting course, which will commence today.

The draft of 25 subalterns selected to go overseas a few weeks ago, and now attached to the special service company, has been notified of the actual date when they will leave Barrfield. There may be a few changes in the composition of the draft before entraining. Lieuts. Fish and Nurse of Belleville belong to the draft.

ORGANIZATION MEETING AT FOXBORO.

An organization meeting in the interests of prohibition was held at Foxboro yesterday afternoon. The object was to bring about a permanent organization for the Township of Thurlow to look after law enforcement hotel accommodation and kindred matters.

Dr. J. A. Faulkner occupied the chair and briefly outlined the objects of the meeting. Addresses were delivered by Dr. H. A. Yeomans and Mr. D. Y. Sinclair of Belleville and by Mr. Duggan of the Dominion Alliance. Officers were then elected and committees appointed along the line suggested by Mr. Duggan.

There was a very satisfactory attendance of the leading citizens of the township and village and all seemed determined to leave no stone unturned to give prohibition a fair trial.

ADVOCATES A COALITION.

Now, what will Premier Hearst do? Will he go on with the fight, and take chances on defeat at the general elections? Or will he so modify the law passed at the last session as to make it acceptable to the liquor party? We believe he will fight the thing to a finish on prohibition. But we cannot see anything but defeat for him if he does, for the reason that a divided prohibition vote is not strong enough to defeat the liquor vote. We believe there is only one way in which to bring about a successful prohibition law in Ontario, and that is by the forming of a coalition Government by Premier Hearst. Opposition Leader Rowell, being his right-hand man, the Government to be composed of men who can be relied upon to stand for prohibition.—New Liskeard Speaker.

ALLIES HARD ON HEELS OF RETREATING BULGARIANS

Foe Continues Flight Toward Monastir—Another Great Serbian Success West of Lake Ostrovo—High Summit Captured by Storm—Violent Battle Between Bulgars and Italians.

LONDON, Sept. 20.—The retreat of the Bulgarian right in Macedonia toward Monastir continues, the Serbians, French and Russian forces, composing the allied left, pushing hard on the Bulgars' heels.

Unofficial despatches from Athens stating the Bulgarians are evacuating Monastir with a view to retiring to Uskub, sixty-seven miles to the north, are discredited here, as the Bulgars are known to have established formidable defence lines around Monastir, where they are expected to make a decisive stand to avert a withdrawal of the Bulgar-Teuton centre and left.

Another great Serbian success west of Lake Ostrovo is reported by a Reuter despatch from Saloniki. The Serbs are said to have captured by storm the highest summit of the Kalmak-lakan mountain range, 2,500 metres high. Bulgarian counter-attacks were repulsed, the despatch adds, and the Serbian offensive "continues successfully."

This is disputed by the official report issued in Sofia, which says that attacks against the range were repulsed. It is added that Russian, French and Serbian attacks against the Bulgar positions "around Florina" were also beaten off. The fall of Florina, seventeen miles south of Monastir, officially announced by General Sarrail yesterday, is not yet admitted by Sofia.

Meanwhile a violent battle is raging between Bulgar and Italian troops at the foot of Mount Beles, between Lake Doiran and the Struma. The Sofia War Office says the Bulgars took the initiative in the fighting on this front and defeated the Italians taking 255 prisoners, including five officers and two machine guns. The fighting is still going on, and is especially fierce around the town of Poroj.

In western Macedonia, Serbian troops repulsed German contingents at Ventrifenk, according to Gen. Sarrail's report today.

An allied fleet shelled the village of Travishta, twenty-two miles from the coast.

The German War Office this afternoon reported that "new fighting developed around Florina and along the Struma."

On the Bulgar-British front the Bulgarians attacked advance posts east of the bridge spanning the Struma at Orjak. The British report says the attack was repulsed.

A despatch to the Exchange Telegraph Co. from Saloniki, dated Monday, says:

"The Serbian successes in the Florina region continue. They have captured Kruhograd, eight kilometres, and Neokazi, ten kilometres northwest of Gornichevo, while the Serbian cavalry has reached Rosna and is still advancing."

RAIN INTERFERES SOMEWHAT WITH BATTLE ON SOMME

LONDON, Sept. 20.—Torrents of rain pouring down unceasingly upon the battle-torn fields of northern France and Flanders have come to the relief of a million utterly exhausted soldiers, spelling a lull in the great Somme battle.

Since the capture of Denicourt by the French late yesterday, and the simultaneous British progress towards Comblès and Bapaume, the bad weather made it impossible for the allies to continue the "big push." No action on a large scale was fought, but during the night the French pushed their lines a little farther east of Berny, while the British on the northern end of their line, northwest of La Bassee, carried out some successful raids on German trenches.

The German high command was quick to take advantage of this lull on the most seriously menaced section of the Teuton front. As soon as the bad weather set in in the Picardy a terrific "drumfire" was launched far to the southeast.

OUR CHEERFUL OUTLOOK.

One of the old-fashioned notions is that prohibition is a triumph for gloomy fanaticism. We venture to predict that in the future, Ontario will be more cheerful than ever. The great Exhibition which was closed a week ago is a standing answer to the contention that intoxicants are necessary for cheerfulness or even for gaiety. No jollier, more good-natured crowd could be found anywhere in the world. Women and children enjoyed themselves all the more because things were not made disagreeable for them by those who sought gaiety in crassly-qualified cups.

In recent years a change has passed over civilization. Pleasure has been sought in moving pictures and in excursions. The soda-water fountain has been gradually taking the place of the bar. Prohibition will not affect, in this Province, such a revolution as it might have caused a few years ago. It merely speeds up a movement which has been going on for many years. The people who have been stocking up with ardent

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1643 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUEBING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

George Fax was a member of Mispah Lodge, No. 127, I.O.O.F. The funeral will be held on Monday afternoon in Toronto.

GUARD BABY'S HEALTH IN THE SUMMER.

The summer months are the most dangerous to children. The complaints of that season, which are cholera, infantum, colic, diarrhoea and dysentery, come on so quickly that often a little one is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to cure them. No other medicine is of such aid to mothers during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FORD WOULD BUILD LIGHT RAILROAD CAR.

Detroit, Sep. 15.—Henry Ford has issued a challenge to the railroad world. He has told it that his cars "are built of poor materials, overweight and overload themselves, waste power in being hauled around the country, add to the expense, tear themselves and the road to pieces early and become candidates for the junk heap." Mr. Ford is ready, he says, to build a car for demonstration purposes to show that a lighter, stronger car and one far more economical is practicable. This offer is made by Mr. Ford to the Government.

COULDN'T BE BOUGHT.

A Chatham liquor seller wrote to the Kingsville Reporter, asking for advertising rates. The liquor seller wanted to do as much business as possible before September 16th, and he wrote to ask for advertising positions and prices for the help which he was willing to pay the Reporter to give him.

The reply of the Editor of the Kingsville Reporter is an interesting document and runs as follows:—
 Kingsville, Ont., June 30, 1916.
 Mr. F. A. Robert.

Dear Sir,—Replying to yours of yesterday, beg to say you have not enough money to buy one inch of space in the Kingsville Reporter to advertise intoxicants. The former proprietor of this paper would no doubt have taken your ad. when he owned the paper; but he lies back of the Church of England here, in a "cider" grave as a result of whiskey. I am sorry you are not dealing in goods I can conscientiously advertise.

Yours truly,
 W. H. HELLEMS.

TOLD TO RAISE CONTRACT PRICE

Hon. "Bob" Advised Contractor to Get More Money—How the Trail Leads to Headquarters

Winnipeg, Sept. 12.—W. H. Carter of this city, contractor, of the firm of Carter, Halls, Aldinger, Limited, before the Royal Commission investigating the construction of the Agricultural College today told how, after he had begun work on the power house contract at a price of \$60,223, he was called up on the telephone by Hon. Robert Rogers, then Minister of Public Works for Manitoba, and now Minister of Public Works for the Dominion, who suggested that the contract price was low, and told Carter that he thought the Government could help him out. The result of the telephone conversation, Carter testified, was that an amount was named, and that a new and amended contract was entered into. The new contract was for \$68,829. This meant a clear profit of \$8,700 for Carter.

Got \$1,200 of it For Himself.

But Carter next told of being approached by D. E. Sprague, a prominent Winnipeg Conservative and being asked for a contribution to the campaign fund of Alex. Hargart the Conservative nominee in the Federal election of 1911. Carter said that the telephone conversation with Rogers had been between August 16 and August 28, 1911, and that he contributed \$5,000 to the Dominion election fund on September 18 following, and \$2,500 on September 20, the day before the election.

Paid \$15,000 to Campaign Fund.

Mr. Carter also told Hugh Phillips K.C., the Provincial Government counsel before the Commission, that he had also paid all told \$15,000 to the Provincial campaign fund. This had been in three equal amounts of \$5,000 each. The first was on July 9, 1913, the next on November 6, 1913, and the last on March 13, 1914. He said he had paid over the amounts at the request of Dr. R. M. Simpson, the Treasurer of the Conservative party funds.

Asked by Mr. Phillips why he had paid over such sums as \$5,000 at the request of Dr. Simpson, the witness said that it had been for the same reason that he had paid over the money to Dan Sprague.

Sprague Corroborates Carter.

Mr. Carter was asked to stand aside by Mr. Phillips, and D. E. Sprague was called. He admitted that he got the \$5,000 and the \$2,500 from Carter, but said that he had approached other men for contributions. "Just the same as I approached A. M. Naughton, G. F. Galt, E. F. Hutchings and lots of other men," Mr. Sprague who appeared in the uniform of a Captain of the Canadian army, said he could not remember many of the details of his visits to Carter for campaign contributions. He thought Carter's contribution a liberal one, and he had handed over the money to the Election Committee. Members of a Committee were W. J. Boyd, W. J. Buiman, G. V. Hastings and W. J. Christie.

Know Vouchers Were Not True.

Captain Sprague admitted that he knew the vouchers accompanying the cheques from the Carter firm purporting that they were payments on building contracts were not true. He knew they were campaign contributions. He also admitted that he knew Carter had Government contracts.

The others were not seriously hurt. He leaves a widow and child.—Bowmanville Statesman.

W. HUTCHESON WELCOMED HOME

Soldier of the Great War on Furlough Given Reception—Has Seven Scars.

Sergeant Walter Hutcheson who has seen every battle on the Canadian front in Belgium and France since February 1915, is again home among friends in Belleville. Arriving yesterday afternoon at three o'clock he was met by his friends and taken to his home on Foster Avenue. In the evening a demonstration was held in his honor. The 15th Band, the machine gun section of the 155th, the fire brigade, automobiles and citizens on foot started from the Armouries at seven thirty and went to the Hutcheson residence where the hero was invited to a seat in a car. The parade then started led off by Mayor Ketcheson, the route lay through the streets of East Belleville down Victoria Avenue along Front and Bridge Streets. While the band played patriotic music, the thousands of citizens who thronged the streets cheered the young veteran.

Arriving at the home of Sgt. Hutcheson, Mayor Ketcheson stepped to the front and in a few patriotic words full of enthusiasm and inspiration welcomed the sergeant and urged the young men to assume the like responsibility to that which the returned soldier had borne.

Sgt. Hutcheson heartily thanked the citizens for the cordiality of the reception and expressed his delight at again being among friends in Belleville.

The returned soldier is home on six weeks' furlough. He went overseas with the second battalion C.E.F., and while continuously at the front, escaped scot free until June of this year when he was wounded just after the battle of Zillebeke. No severe engagement was going on at the time only a rifle grenade was thrown into the trench and exploded, seven pieces entering the sergeant's body, two in each leg, one in each arm, and one in the left foot. He was picked up and carried by Thomas Vance, a Belleville boy who has since paid the great price.

He is looking well, weighing now one hundred and fifty pounds. When he left Belleville, Sgt. Hutcheson weighed 130 pounds, but gained weight at Salisbury Plain until he touched the beam at 136 pounds. He has nothing but words of praise for the commissariat, the food that the soldiers receive being excellent.

Sergeant Hutcheson since leaving Belleville has always stuck with the local boys, although very few of the original second battalion men from this city are now with their unit.

DEATH OF MAJOR CASEY

Belleville Boy Who Rose From Ranks in Vancouver Battalion Killed on Sept. 8

Major William Archer Casey, a former Belleville boy, officially reported to have been killed in action on September 8th, went with a Vancouver unit in the first contingent. He had enlisted as a private and was promoted Sergeant at Valcartier. He was first wounded in the spring of 1915 and on his recovery was promoted to a commissioned rank. His second promotion which was to the rank of captain came last March and he received his majority less than a month ago. He was three times wounded.

Major Casey was the son of the late George E. Casey, M.P. for West Elgin and of Mrs. Casey, who lived on Charles street, Belleville. He was about thirty years of age and was educated in the Queen Victoria School, Belleville High School and in Upper Canada College, Toronto. He entered the service of the Grand Trunk Pacific as an engineer and had in his charge the laying out and construction of the G.T.P. about Prince Rupert. He was one of the pioneers and the first city engineer of that place. He has one brother, who is now at the front in the same battalion. He was a brother-in-law of Capt. Wallace Reid, also at the front and a nephew of Brigadier General Biggar, of the C.A.S.C. Mrs. B. B. Carter, 52 Prince Arthur Ave., Toronto and Miss Jean Casey, who has been a visitor to Belleville are sisters. Mrs. R. A. Bull, 265 Charles street is an aunt of the deceased soldier.

ADDRESS BY CAPT. O'FLYNN.

At the celebration of the "Fourth Degree" at the meeting of Eureka Lodge A. F. & A. M. last night, the members had the pleasure of listening to a most interesting but all too brief address by Capt. O'Flynn, recently returned from the war. Capt. O'Flynn spoke in response to the toast, ably proposed by his father R. W. Bro. F. E. O'Flynn, "The Army of Great Britain." The speaker, however, chose to speak of the part taken by Masons in the war and gave instances showing the power and influence for good, amidst the scenes of war, of this great international fraternity. The captain closed with a brief but stirring appeal to the young men to join the colors.

W. Bro. Lucius Allen presided as toast-master, taking the place of W. Bro. H. W. Ackerman, at present on a tour to Detroit.

Capt. O'Flynn was accorded an ovation both before and after his impressive address.

BIG STORM AT NEWCASTLE.

Friday's big tornado of rain and wind played havoc at Squire Lovelock's near Newcastle. The Independent says: At Killoolman farm the storm would almost appear to have reached its climax, as there the silo was wrecked, a barn unroofed, a lofty spruce tree on the lawn in front of the residence unroofed, and Mr. Lovelock estimates that fully \$1,000 worth of apples were blown down in his large young orchard. Mr. Goldsmith's silo on the Simpson farm was also demolished, and nearly all the corn crop was levelled to the ground.

KING BACCHUS DETHRONED
WITH LITTLE EXCITEMENT

Public Surprised at Normal Conditions Which Prevailed in Even-
ing—Scenes Around Licensed Places—History of Old Hotels
—Some Premises Will Close.

With scarcely more than a ripple
of excitement, the merry winged
was dethroned in Belleville on Sat-
urday night. Scarcely a rouse to the
departing "friend" was paid by his
devotees who quietly took the inevit-
able.

The circumstances surrounding
the advent of prohibition and the ex-
ile of John Barleycorn, his shop and
his bar, as witnessed in Belleville, one
of his old forte, were a surprise to the
entire city. The gradual limitation of
bar and shop privileges during the
past year had prepared the public for
the close of bar and shop. The people
were looking for it, but not with such
a meek surrender as Saturday night
evolved.

A big time was expected. The hot-
elmen had however set their feet
against any rafter-ringing farewell
salutes to Bacchus, any breaking of
glasses any fearful "An Revolver" to
the vinegod. They had thrown their
doors and windows open so that the
dangers of demonstrations would be
eliminated.

All day long the noise of bottles
rolled from the shops to the street.
Ten and fifteen customers standing
among the empty boxes of case goods
and before counters and emptying
shelves were no unusual sight in the
afternoon. It looked like bargain day,
but there were no bargains as far
as money went. The shops had been
doing a lousy trade all week. One man
had had to get a cart to deliver the
hogheads of beverages about town
as his own conveyance was inade-
quate for delivery of the massive or-
ders. Most big orders, from \$25 to
\$250 had been got out before Sat-
urday. These were for men who would
take no chance on their supply, being
out off. One shop was sold out three
times in certain lines before the end
came and on Friday evening "me-
dicine" was not to be secured for love
or money. So Saturday was the
"small order day. Many carried off
the bottles themselves not trusting to
the chances of delivery, but there was
a rush of these. When the end came
there were still customers waiting
around. The shelves looked desert-
ed. Bare boards met the eye where
once those enticing labels with the
lovely looking fluids inside the glass
stirred the imagination and the thirst.

Some stood around expecting the
fluids to be poured in the gutter, but
that was not necessary because it is
no crime under the Temperance Act to
have liquor in one's possession.
The shops did business, so did the
hotels, but the scenes in the latter
were livelier. The store sales looked
more like commercial events but
humanity dominated the hotels' clos-
ing scenes. Disorder prevailed only in
perhaps one hotel. In others the end
was peaceful.

Drinks were not entirely absent
from the streets during the day but
they were fewer than were to be ex-
pected on account of the momentous
occasion. Men however seemed to
have their senses. Some went home at
six but many reserved their fare-
wells until seven o'clock struck. From
five o'clock the bars were well filled
yet but little sound of revelry dis-
turbed the street. On some bars stood
soft drinks, but most of the "boys"
went after the hard stuff. Beer pumps
were kept working. Wine clerks did
not take time to wipe the bars of
spilled brew, but worked the pumps
and emptied the few remaining bot-
tles. The minutes sped on apace but
no disturbances developed. Few men
appeared very much under the weath-
er. Some were condoling with hot-
elmen who had little time to listen
to them. Others were threatening
governments and politicians and pre-
dicting what would happen. But the
axe kept descending closer and closer,
on their devoted barrels and bottles.
The lights came on and cheered the
scenes momentarily but the thought
that the close was nearer quelled any
emotions of merriment. The warm bar
rooms would soon pass and all those
scenes of treating. There were no
clouds of smoke on the last night in
the barrooms for a smoke goes slow
although it keeps your courage up.
The men were lined up deep along the
devoted boards and "soberly" drank
the cups. There were no knight-
ly scenes of high held bumpers while
lyrics of parting were sung. There
was no romance but actual fact star-
ing them. A few men who have steer-
ed a straight course, being known as
rare drinkers, grew sentimental on
Saturday night and paid a parting
tribute to the flowing river of wine
and seemed to feel the worst of all.

The last minute looked like any
other Saturday night closing. The
regular process of serving was going
on with the limited variety and sup-
ply being poured out. In one hotel the

bar and adjacent room were lined
and some free drinks were given. A
few glasses were smashed, the count-
er was thumped and a spokesman
voiced the crowd's appreciation of the
boniface's hospitality.

The bar of one place was cleared
before seven, the routine of followers
of the booze going into an adjacent
bar in sport. They called for drinks,
half got served, and then—the bell
rang seven. Glasses were drained to
the last drop as the iron tones vi-
brated the knell of the bar room. Not
another drop passed over the ma-
hogany. "Time's up, gentlemen," was
the quiet comment of the hotelman.
"I haven't had my drink I ordered,"
said one lusty chap. "Come on clear-
out!" replied the barman as he shout-
ed the boys out into the well lighted
street and drew the blinds upon the
dead bar room.

Quieter was the scene at another
bar. A deep thirst that the last glass
could not quench was felt by many,
but the hotelman was as good as his
bond. Out they strolled, one stepped
through the window, and the bar
clerk mopped the mahogany and set
the glasses in order. Little remained
of case goods. The shelves were fill-
ed with beakers and glasses but they
shed no light beyond the color of
crystal.

There was only one noisy demon-
stration. A crowd had gathered inside
and outside a hotel and when the
bell went "seven" the street was
blocked. There was a great deal of
loud talking and laughing, but a few
were drunk. Rather the bare fact had
stared them in the face and sobered
them nearly as fast as they poured in
the booze. An attempt was made to
get up parade but no one responded
to the call.

"Would you advise me to go home
and get my supper," drawled out one
fellow, "or stay and celebrate with
the boys?" But there was no celebra-
tion.

One middle aged man took the
event philosophically. Impressively
he said "I have got to have it. You
know I have gone without it for a
couple of days at a time but I must
have it, and I'm going to get it."
Then he revealed the "awful" secret.
That gets it for me, that little card,"
he said in a low voice, as if he saw
the downfall of prohibition. It was
only an advertising card from a Mon-
treal merchant.

At seven-fifteen the streets were a-
gain quiet. A few drunks were reeling
home. The police helped them on,
taking the best method of using
force on the men who had lost
a friend and were mourning for him.
The eight o'clock Saturday night
crowd was soon on the streets and
normal conditions reigned. King Al-
cohol's reign was done, and Belle-
ville was once one of his forte.

The temperance people were alert
on Saturday night but they saw that
things were going much better than
they expected.

Not one arrest was made by the po-
lice for drunkenness on Saturday ev-
ening. Two extra men had been ar-
ranged to come on at seven o'clock,
but they were not required to go out
on the beat.

FATALLY HURT;
HE WALKED HOME

D. W. McMurter, of Prince Ed-
ward in Street Car Acci-
dent at Kingston.

Fatally injured, David Wellington
McMurter, walked two blocks to his
home, where he passed away two
hours after he had met with the ac-
cident. Mr. McMurter, who was em-
ployed by Roddy and Monk, who op-
erated the city quarry on Montreal
street, was driving his team into the
quarry about 2.30 o'clock Thursday
afternoon, when a street car coming
to the city struck the front wheel
of the wagon. He was hurled to
the ground from his seat, but, appar-
ently, was not seriously injured, as
he picked himself up, brushed off
his clothes and, unaided, walked to
his home at 69 Stephen street, about
two blocks from the scene of the ac-
cident. After arriving home, he com-
plained of a severe pain in his back,
and medical aid was summoned. The
injured man was put to bed and
was as comfortable as possible un-
til the doctor arrived. All that
medical science could do to save his
life was done, but without avail, and
he passed away at 4.30 o'clock, death
being due to shock.

Dr. D. E. Mundell, coroner, was
summoned, and decided to hold an
inquest at 4 o'clock Friday after-
noon.

The deceased, who was born in
Prince Edward, was 39 years of age.
He was a married man, but had no
children. A Presbyterian in religion,
he attended Zion church. He fol-
lowed the occupation of a sailor dur-
ing the summer, and was on the
schooner Julia B. Merrill part of
this summer. When not sailing he
worked at various jobs, and was a
sober and industrious workman. Off
and on he had worked for Roddy and
Monk for the past two or three
years, and they speak in the highest
terms of him as an employee and as
a man.

The horses that the unfortunate
man was driving ran away after the
wagon was struck by the car, but
they were captured a short distance
away on Montreal street, without
having done any damage to them-
selves or to the wagon.—Kingston

DR. YEOMAN'S ADDRESSES WEST
BELLEVILLE S. S.
(From Monday's Daily.)
The principal feature of the Sun-
day School rally at West Belleville
Methodist Church yesterday after-
noon was a timely address on "Pro-
hibition" by Dr. H. A. Yeomans. It
would be a great crime against their
cause said the speaker for the tem-
perance people to sit down now in the
belief that their work was done. In
reality the work was only in its be-
ginning. The next three years, and
particularly the next three months
would be a testing time and a most
critical testing time for prohibition.
Those who were opposed to the act
would take advantage of every loop-
hole to evade its restrictions. If the
people condoned trivial violations of
the law, greater violations would
soon follow. We must see that others
obeyed the law. We must straight-
en our lines and consolidate the po-
sitions won for temperance.

Sunday should be considered a
day of thanksgiving in Ontario. For
the first time in our history it was
illegal to sell intoxicating liquor in
the province. He believed the licensed
bars would never come back.

The remainder of Dr. Yeoman's
splendid address was devoted to a
consideration of the social and eco-
nomic effects of strong drink.

Previous to the address Miss Ray
Farrell recited with fine effect, "The
Volunteer Organist." Great interest
was aroused in the children's chorus
adapted from "Hold the Fort" in
which the little girls displayed Union
Jacks and the boys brooms. A vocal
trio "The Social Glass," by Dr. Du-
prau, and Messrs. Stewart, Rathman
and A. Haynes was also much en-
joyed.

OBSEQUIES OF MRS. COLE
(From Monday's Daily.)
The funeral of the late Mrs. C. E.
Cole took place on Sunday afternoon,
Rev. J. N. Clarry, of Holloway Street

solemn service was held at the fam-

Cole with the Tickell & Sons' Com-
pany.—Messrs. L. C. Pascoe, J. Rath-
man, J. Archibald, Walter Hick, H. Mc-
Knight and Thos. Hall, interment was
in Salem cemetery. The popularity of
the late Mrs. Cole and regret at her
sudden death were given expression
by the public which attended in
large numbers and by the numerous
tributes of flowers, which were as

Private James Foote, who was a-

of the Princess Patricia's Canadian
Light Infantry, has been a welcome
visitor in town for several days. Hav-
ing done his bit at the front, and been
severely wounded at Ypres, which has
resulted in his discharge, he is
still upholding the cause by address-
ing gatherings in aid of recruiting.
Friday afternoon at Belleville Fair
after the Machine Gun demonstration
he assembled a crowd of several hun-
dred men around him and quietly and
persuasively addressed them on
their great opportunity and duty.
Private Foote is a pleasing speaker
with claims to oratory.
He declared that he would not ex-
change his discharge, showing ser-
vice in the great war, for two thou-
sand dollars.
The only way in which to avenge
the murder of the innocents on the
Lusitania was by taking a rifle and
shooting the first German soldier seen
That method only would bring upon
Germany punishment for the crime
which the nation must bear.
Pte. Foote asked for fifty recruits

ready for overseas.

A HAPPY PARTY.
The friends of the newly married
Mr. and Mrs. W. M. Leslie, met in the
home of Mr. and Mrs. S. Leslie, Col-
lege Hill on Friday evening last to
extend their congratulations and to
enjoy themselves in a social way. A
large number were present. A rich
and rare banquet of good things to
eat was spread to which the guests
sat down and did ample justice. Rev.
A. S. Kerr acted as toastmaster and
speeches were listened to in response
to a toast to the bride and groom
from Mr. John McIntosh, Mr. Wm.
Moore, Mr. Donaldson, Miss Jessie
Tuite, and Mr. William McIntosh.
The groom replied to the good wishes
extended to him and his bride in a
very fitting manner. After the ban-
quet there was a rich supply of good
music which was furnished by Miss
Moore, Miss Crooks, Mr. Morton and
Mr. J. McIntosh. The guests were al-
so entertained in a pleasing and gen-
erous way by Miss Tuite. The gifts
received by the bride and groom on
the occasion of their marriage were
ery much and very beautiful, show-
ing the esteem in which they are held
by their many friends. At an early
hour the friends began to leave for
their homes, everyone voting the
evening one grand time and wishing
the happy couple long life and abun-

MRS. (REV. CANON) BOGERT HAS
PASSED AWAY.
Mrs. (Rev. Canon) Bogert passed
away yesterday morning after a lin-
gering illness. She was upwards of
eighty years of age and since the de-
cease of her husband about three
years ago she has been in declining
health.
Mrs. Bogert was a daughter of the
late James Jessup of Brockville and
was of U. E. Loyalist descent. She
is the last surviving member of her
family in Canada, but one sister,
Mrs. Roebuck resides in Brooklyn,
N.Y.
With her husband, the late Rev.
Canon David Ford Bogert, she came
to reside in Belleville many years
ago. Her husband was for a long
period the rector of St. John church,
West Bridge Street. After his de-
cease the church was closed and later
sold.
The funeral will be held tomorrow
to Brockville, where the remains will
be laid beside those of her late hus-
band.

Mr. W. W. Knight, of the Belle-

a letter from his son, Signaller Har-
old Knight informing him that the
Belleville boys had received the
"gift-showers" from Belleville High
School and were highly delighted
with all the good things so generous-
ly and thoughtfully donated.
In the month of June the students
of Belleville High School brought to-
gether a great miscellaneous offer-
ing of gifts of all kinds and descrip-
tions such as were thought to be
suitable for the boys at the front
and these were all duly packed and
forwarded. According to the letter
from Signaller Knight the recipients
were most enthusiastic over the con-

he assembled a crowd of several hun-
dred men around him and quietly and
persuasively addressed them on
their great opportunity and duty.
Private Foote is a pleasing speaker
with claims to oratory.
He declared that he would not ex-
change his discharge, showing ser-
vice in the great war, for two thou-
sand dollars.
The only way in which to avenge
the murder of the innocents on the
Lusitania was by taking a rifle and
shooting the first German soldier seen
That method only would bring upon
Germany punishment for the crime
which the nation must bear.
Pte. Foote asked for fifty recruits
for the 158th to enable them to be
ready for overseas.

Mr. J. McIntosh. The guests were al-

supplies sent to me from many sources but none that are such a joy to see as those from home, viz. Ontario, Canada. M. Dobell in answer to my letter said that if at any time we had great need of anything he would be glad to hear from us and I shall not forget it. The pillows, hot water bottle covers, pyjamas (which we use as suits for our convalescents) mop cloths and lovely doctor's towels were made up immediately.

With thanks to each and all of those who are "holding the ropes" at home. Believe me, Yours very sincerely, Helen McMurrich. P. S. I wonder if the Societies know that the French soldier only gets 8 cents per day each. They send their gratitude and appreciation. H. M. From Orpington Ontario Government Hospital.

Dear Mrs. Lazier, We are greatly indebted to your Society for your two splendid boxes which arrived this morning. You sent us exactly what we needed and we do thank you all so much for your kindness. Yours sincerely, A. McPherson (for Motron) From Capt. B. K. Allen, from Flanders. Dear Mrs. Lazier, I received the parcel that you so kindly sent to the boys sometime ago, but as we were just going into the trenches I did not have an opportunity of writing to you. Sgt. Ernie Geen distributed the socks, to the boys and they were very glad to get them and I trust will acknowledge in due time. I think the idea of sending smaller parcels a very good one as I am sure they reach us much quicker. Writing paper would be very acceptable as the boys write a good many letters and are continually running short of material, and as towns are far apart out here it is hard to procure. Things are a little lively at present on this front but the boys are all well and doing their bit without a murmur. Our battalion has just come out from the front line and we are at present in a nice wood behind the line getting the kinks out of ourselves.

Again thanking you on behalf of the boys and trusting that you are well at home, I remain, Yours truly, B. K. Allen. From Mr. Dobell of the French Emergency War Relief. Dear Mrs. Lazier and Mrs. McFee. I have much pleasure in stating that the two cases of hospital supplies were received from you through the A. S. C. today. These things will be forwarded immediately to France. Appeals for everything of the kind continue to come in in large numbers and I am glad to say we are able through the kindness of many friends to increase our output to about 300 bales a week. I must congratulate you on the continued work of your organization in Belleville, and wish you every success in the future. Sincerely yours, C. M. Dobell, Hon. Sec. for Canada. From St. John's Ambulance Society. Dear Madam, On behalf of the Ladies' Committee of the Order of St. John, of which Her Majesty the Queen is President, I write to acknowledge and thank you most warmly for the useful contribution you have so kindly sent. TWO GERMAN'S ARRESTED. Suspected of helping or possibly running an agency for the liberation of prisoners of war in Fort Henry, Paul Langer, Joyceville, and a Gananque German named Brusler, have been taken in charge by the military authorities and are now in the police cells. The arrest brings into prominence another chapter of the recent escape from Fort Henry. The commandment of the Fort was convinced assistance from some sympathizers in this country and he has been quietly investigating. It was found that Brusler was living in Gananque, and that he was in close touch with a boathouse which was on the outskirts of the town. He was closely watched, and from his actions it was deemed advisable to place him under arrest. When the order was issued Brusler could not be found, but he was located at Findlay, and it is stated that he was preparing to leave for the United States. In the case of Langer it has been learned that he had been in communication with a German society in the city of New York. The mass of documents found in his suit case may bring forth some startling information. There is reason to believe that one or perhaps both of the Germans were assisting in the escape of the prisoners from the fort, and if this fact is established they will likely be placed in the fort. Langer is a cheesemaker by occupation and has been employed near Joyceville for a considerable length of time.—Kingston Standard.

CAPTURED FOUR BIG ONES. Four maskinonge, weighing respectively 38, 36, 32 and 31 pounds were caught in one day recently at Three Mile Bay by Dr. C. W. Campbell and Windsor Angel, of Dexter, N. Y.—Gananque Reporter.

DENICOURT IS TAKEN

French Captured Last of German Chain of Villages.

Total Advance Made by the British in Two Days is From One to Two Miles Deep Over a Front of Six Miles—French Take Two Villages and Have Crushed in Two Ties of Southern Line of Great German Salient.

LONDON, Sept. 19.—Denicourt has fallen to the French. The last remaining link in the German chain of fortified villages that formed the southern line of the Somme salient was won by General Haig's troops south of the river after the fiercest battles fought on the western front late yesterday afternoon.

The British in further attacks Saturday captured ground gained in Friday's great drive. They captured 51 officers and 1,700 men in straightening out their lines. The number of prisoners taken indicates that the progress made in the course of the "nibbling process" is important.

Saturday night Sir Douglas Haig's troops again extended their gains near Courcellette on a front of 1,000 yards, pushing their lines further north-eastward against Bapaume. At the same time they captured the formidable German stronghold known as the "Danube" trench, on a front of about a mile, near Thiepval, and the powerful fieldwork near the Mouquet farm, bitterly contested for many weeks. Sunday Sir Douglas Haig's troops repulsed a series of strong German counter-attacks and consolidated Saturday's gains. They took 249 prisoners, including six officers.

The total advance made by the British in the two days' fighting, according to Sir Douglas Haig's Sunday night report, is from one to two miles deep, and extends over a front of six miles. The British captured 4,000 men and 116 officers, six guns, fifty machine guns and much material. Sunday's aerial successes brought the number of German machines destroyed since Saturday morning up to 15.

The French after two days of comparative rest resumed their drive south of the Somme Sunday afternoon. They captured the villages of Vermandovillers and Berny, portions of which they have held for more than a week. The day's fighting put the French in possession of the whole ground between the Danube and Denicourt, and the Denicourt-Berny sectors. At Denicourt the Germans are still desperately defending every inch of ground, but the two ties of the southern line of the great salient have been completely crushed in. General Foch's infantry added still further to this success by capturing a number of trenches between Berny and Denicourt, and by inflicting further counter-attacks were beaten off by the French curtain of fire. Seven hundred prisoners, including 15 officers, were taken by the French in the day's advance.

Saturday night's report reads: "To-day (Saturday), south of the Acre we continued our attack in certain localities, and further progress has been made. Since yesterday we advanced to a depth of from one to two miles on a front of six miles. The number of prisoners taken to-day is over 1,700, of whom 116 are officers. The total number of prisoners captured in the fighting of the last two days is over 4,000, of whom 116 are officers."

CANADIANS' REAR SHELLED.

Wounded Canadians Say British Artillery is Heavier Than Foes'.

LONDON, Sept. 19.—Members of a party of Canadian soldiers who arrived at a hospital near London Monday night narrated incidents of the Somme fighting, illustrating in a measure the different nature of the warfare, which Canadians are now engaged from that to which they had been tied down for the previous twelve months.

As already reported, the Germans are continuing their artillery now-days against the Canadians mostly to high explosives. Three Canadians lying in one ward had pretty much the same tale, although each man was in a different time and place. One private from Vancouver had no fewer than ten wounds in his leg. The German, he said, was piling in shells so fast. Like the rest of his comrades, he was then in the front line standing in a trench. A shell came close back of the trench and buried two of his comrades. One of the two was completely covered and the other buried up to the neck.

"A corporal began digging for the men completely buried," he went on, "and I went for the man whose head was just out. I had to scrape and dig while lying on my stomach and got him pretty well out. A stretcher bearer was right behind me waiting to stifle him when another shell laid out the stretcher bearer completely, and laid me out with these wounds in the leg. I had to give up digging and lost myself for a bit. When Corporal Jones arrived he worked and managed to reach the headquarter's dressing station half a mile away. After daybreak I was carried away under a white flag with other Canadians who had had a similar experience."

"The Germans land only one shell in the front line for ten that go now into the supports, presumably to stop reinforcements from being sent forward. The enemy artillery is heavy but ours is five times heavier."

Canadians in Attack on Thiepval. OTTAWA, Sept. 19.—Despatches reached here during the brilliant capture of Monquet farm by the Canadian troops. This was thought by the Germans to be an impregnable redoubt, but it fell before the men from Canada. When the details have been received and the story written it will rank as one of the most glorious feats in military history. Nothing could stop the onrush of the Canadians, and the capture of the capture cannot be overestimated.

"That the losses will be heavy is certain, but the reports received indicate that the losses of the Germans opposed to them were far greater. The area around Monquet farm was given to the Canadians as theirs to conquer. It was to be their part in the greatest battle so far of the war between British and Germans, and they simply did what was expected of them."

The work has cleared the way for the attack on Thiepval on their left, which is being considered by the Germans as impregnable. The Canadians are now beyond it and it is thus also besieged from the territory from Canada. FLORINA HAS FALLEN

"Southern Gate" to Monistir Taken by the French

Monistir is the Objective of the Serbian Army Which is Eager to Revenge Betrayal by Bulgarians—Bulgarian Right Was Easily Swept Back by Irresistible Onrush of Serbs, French, and Russians.

LONDON, Sept. 19.—The entire Bulgarian right wing in Macedonia is in the gravest peril of being captured or annihilated by the Franco-Russo-Serb forces forming the Allies' left.

Monistir, the chief Bulgarian base of support in Macedonia, is menaced by an iron ring which is being swiftly drawn tighter and tighter, threatening to throttle the defending army in its clutch.

The French big guns are keeping up an incessant drumfire against the Bulgarian centre between the Vardar and Lake Doiran, the defenders' guns replying vigorously.

The Serbs during the last 24 hours again defeated the Bulgarians in battles before Vetrelik and Kajmakalan, east of the Cerna River, according to Sarraï's statement from Gen. Sarraï's headquarters at Salonica. They also drove the Bulgars over the Brod River, north-west of Lake Ostrovo. The defenders are "powerfully entrenched on the right bank of the river, according to the official report."

Meanwhile the Franco-Russian forces forming the link between the allied left and centre are pushing their pursuit of the Bulgarians toward Florina. Their advance guards have arrived before the town, but it is still held by the Bulgarians, though its capture is expected hourly.

Seventeen miles to the north of Florina lies Monistir, the important Macedonian city, the possession of which has for decades been the bone of contention between the Bulgars and Serbs. It was taken by the Bulgarians last fall, after terrible fighting, and has been formally returned to the Serbs in the last few months. The Bulgarians are expected to make a desperate stand to hold it, while the Serbians fighting on their own soil, will bend might and main to take it and thus clear the path for the reconquest of their kingdom. They are led by the Serbian heir-apparent, Prince Alexander, who has sworn to avenge Bulgaria's betrayal of the Serbs.

Monistir lost, the Bulgars would be exposed to a flanking attack from the right, for a strong Italian force in Southern Albania is eagerly awaiting the chance to strike that side in the Macedonian campaign and thus establish a claim for the long coveted "windows on the Adriatic." As long as Monistir is safe, it acts as a checkstone to a junction of the Italians with the Allies.

Sunday Serbian War Office announcement foreshadowed the capture of Florina by stating "the Serbs have entered descended into the Florina Plains."

Powerful as were the first line defences of the Bulgarian right, it was swept back with comparative ease by the Serbs during the past few days. An interesting psychological factor is that when General Sarraï some months ago assigned the Serbians to the left wing the Bulgarian general staff felt considerable relief. From that quarter they expected the least danger, for the Serbian army was generally held to be comparatively shattered and its spirit broken. The Serbian position was regarded as defensive rather than offensive. The Bulgarian line was fearfully fortified in anticipation of a drive from the French big guns, but open infantry battles were not looked for.

Thus the spirited Serbian onrush when the signal for the Allied offensive was given took the Bulgars by surprise. How precipitate their retreat has been is indicated by the fact that the pursuers captured thirty-two guns, many, as yet uncounted, prisoners, and huge quantities of material. Tremendous losses were inflicted on the Bulgars, the Serbian headquarters report says, one regiment alone losing two-thirds of its effectives.

DRIVING ON LEMBERG. Russians Have Resumed Advance on Galician City.

LONDON, Sept. 19.—The Russians have resumed the drive on Lemberg, the city of Galicia, the Russian War Office announced Sunday night that the Russians have captured Teuton positions south of Berezany, 46 miles south-east of Lemberg, taking 14 officers and 597 Turkish soldiers. In an encircling movement against Halicz, 60 miles south of the Galician capital, the Russians have taken 3,174 German prisoners, including 40 officers. The fall of Halicz is expected hourly.

Simultaneously with the resumption of the campaign against Lemberg the Russians took the offensive in Volhynia, on the whole front south of Pinsk.

The German War Office stated Sunday afternoon that the Muscovite attacks, launched "morning, afternoon, and evening" on a front of twelve and a half miles, with "strong forces and in numerous waves," were repulsed everywhere. The Russian "monstrous" are termed "monstrous" in official reports from the fighting ground.

Berlin asserts officially that the Russian assaults between the Serbs and the Serbs (Galician front south-east of Lemberg) were equally fruitless. A slight withdrawal of Archduke Karl Franz Josef's front on the Narathal River is admitted officially by both Berlin and Vienna.

SHANNONVILLE FAIR DREW ENORMOUS CROWDS

"World's Fair" on Saturday the Mecca for Thousands of Visitors
—Exhibition Well Up to the Standard in Most Respects—
—Passing of Boozie Did Not Occasion the Anticipated Display

Tyendinaga Agricultural Society has added another chapter to its record of successful exhibitions. The annual fair on Saturday probably surpassed all its predecessors in the essential matter of attendance and the quality and extent of the exhibits was well up to all past standards.

For several years past the association has been in the good graces of the weather clerk, and a fine day is a strong contributor towards success. On Saturday there was a brisk breeze out of the west that made one feel the comfort of a light overcoat, but there was no rain and the chill was not so great as to be disagreeable.

Many journeyed to Shannonville on Saturday to witness the dethronement of King Bacchus from the pedestal where he has been so patriotically honored and worshipped. Those who expected this historic event to take place amid scenes of true bacchanalian revelry were much disappointed. As a spectacle the performance was sadly tame and uninspiring. Few of the performers and boozie-artists were keyed up anywhere near to concert pitch. The star actor who used to go about with sleeves rolled up, ready to meet all comers, was nowhere in sight. A few—a very few indeed—were feeling just a little frisky as the closing hour drew near, but fireworks and lurid exhibitions of all kinds fell far below the records of all recent years. Shannonville could unfold many a tale from the annals of the past and her tortuous experiences with the devoted followers of the Merry Monarch, but their day and his day has passed, let us hope permanently, and a more profitable though less spectacular day has been ushered in.

Tyendinaga Agricultural Society should be proud of the all-round excellence of the exhibit of horses. Such a showing of carriage and roadster horses especially is seldom seen at fairs many times larger than that held at Shannonville. The expert judges had a difficult time deciding among the many beautiful, matched teams shown by Messrs. R. L. Sexsmith, Jno. Bush, Fred Denyes, E. Barber, J. E. Bateman and W. C. Ketcheson and Sons in the carriage and by Messrs. J. E. Bateman, W. C. Ketcheson, W. L. Ketcheson, and Murney Coulter in the roadster class.

The magnificent percheron stallion shown by C. W. Vermilyea was also the source of great admiration. Other exhibitors of heavy horses were: Jos Buckley, Jas. H. Toppings, S. G. Hogle, J. W. Walker, W. C. Ketcheson and Sons and Josiah Brant.

The classes in agricultural horses were also well filled some meritorious animals were shown by Messrs. Samuel Hickerson, Jas. Toppings, Wm. Clazie, W. C. Ketcheson and Sons, G. F. Hamilton, Jno. M. Henry, F. C. Benedict, Fred Hodgins, B. Hinchev, C. Long and S. Dies.

In cattle the exhibits were mainly represented by Jerseys, Holsteins and Shorthorns. The Jersey herd of G. W. Collins, of Plainfield consisting of 15 pure-breds, all animals of exceptional merit, was much admired. Jacob S. Hill and F. Glover also showed one or two individuals in this class.

Archie MacDonald showed a fine group of Holsteins as did also R. M. Mitchell. Other exhibitors were Geo. Greatrix, Wm. Clazie and S. Dies.

Mr. J. Goodfellow was the chief exhibitor in the Shorthorn class and his herd of thoroughbreds was in fine condition and excellent representatives of this popular breed. S. Dies and L. Carter also had an animal or two on exhibition.

Sheep classes were well filled and the individuals shown were in almost every instance animals of outstanding merit. W. A. Martin and Son, of Corbyville with their flock of eleven Shropshires carried off many of the red cardboards, though they had strong opposition from those shown by S. G. Hogle and Theodore Parks.

Wesley Dawson, the well known sheep specialist from Napanee was present with fine exhibits in Oxford and Southdowns. Elisha Maynes of Thomasburg had a dozen beautiful Leicester.

The exhibits in swine were nearly all stock eligible to register, and also of high quality. R. J. Garbutt was the leading exhibitor in Yorkshires, while W. A. Martin and son led in Tamworths and Berks. Other exhibitors of swine were Ed. Carter, J. W. Walker, and Geo. Greatrix.

The "palace" exhibit was rather better than in former years. Women's fancy work was present in bewildering array, while the more useful bread, buns, pastry and canned fruits had fine displays.

The apples and other fruits this

year are somewhat below standard this year both in size and color, adverse conditions of weather and temperature having had their effect. The weather also showed results in the reduced size of field pumpkins, potatoes and field and garden roots and vegetables. The exceptions are melons and tomatoes both of which fruits never seemed larger and finer. Field grains have also suffered from unfavorable weather. The grain this year of most varieties is below standard in weight and faulty in color.

The "speeding events" were as usual the chief source of amusement during the afternoon.

The astonishing array of automobiles filled nearly all available space over the spacious grounds. The Ford however won the election by a big majority.

The judges in the Ladies' Department were especially severe on some of the semi-professional exhibitors, who continue to take to the fairs the same articles year after year, in fancy work until they become threadbare in the process. On one exhibit in this class one of the judges wrote these expressive words,—"Old enough to vote."

The machine gun detachment of the 156th battalion under command of Lieutenant McGie formed a most attractive feature during the afternoon. The exhibitions of physical drill, bayonet charges, operation of machine guns, etc., held the attention of many hundreds. Several of the officers attended the concert at night and addressed the audience in behalf of recruiting.

The attendance must have very nearly reached the 4,000 mark.

The following are the officers to whom credit is due for the success of the day's exhibition and for many courtesies to the visitors.—President, G. W. Taylor; First Vice President, G. Smith; Treasurer, J. S. Kerr; Secretary, T. A. Macfarlane; Directors, R. R. Tripp, R. J. Garbutt, A. McDonald, J. Barlow, J. Houston, T. Drummev, W. A. Martin, J. V. Walsh, R. G. Martin, T. C. Traverton, T. Vivian.

DR. CREWS AT TABERNACLE.

The Tabernacle Methodist church yesterday observed Rally Sunday. Rev. Dr. Crews of Toronto was the speaker of the day. The services were inspiring to the large congregations. In the evening Dr. Crews spoke on the seven encouraging signs of the times in relation to religion.—missions, growth of the English language which is closely connected with missions, the circulation of the Scriptures, the Adult Bible Class Movement, attention to the youth of the church, the great reform movements, particularly prohibition, the emphasis upon applied Christianity or social service. Referring to the war, he said Christianity instead of having failed had won some of its highest victories.

37,000-TON FRENCH LINER LAUNCHED.

Paris, Sept. 15.—The giant French liner Paris was launched at St. Nazier this afternoon. The liner is destined for New York service. She displaces 37,000 tons and is 233 metres long and 29 metres beam. Her horsepower is 45,000 and she can carry 3,000 passengers. The Paris is the biggest boat built in France.

St. Nazier is memorable in a local sense as it was here that the Belleville boys of the First Canadian contingent landed when they went from England to France.

CHESS WIZARD BEAT SEVENTEEN

Harold E. Jennings, Son of Mr. B. F. Jennings of this City Wins Great Praise at Troy, N.Y.

From The Record, of Troy, N.Y., we clip the following report of the phenomenal chess-playing in that city by Mr. Harold E. Jennings, the boy wizard chess player of Rochester N. Y., and son of Mr. B. F. Jennings, of Jennings & Sherry, of this city. The young champion, it will be recalled, visited at Belleville a few weeks ago and we reported at that time some of his marvellous accomplishments in the chess field. He is only 18 years old and already has won the championship of the State of New York. That he will soon win the world's championship is predicted by many.

The Record says.—Harold E. Jennings, of Rochester, N. Y., the 18-year-old state chess champion, played eighteen matches simultaneously last night at the Chess Club of Troy, 10 First street, and only in one game did he bow to defeat. L. R. Burligh of Troy, was the only man who could overcome the attacks of the schoolboy wonder. The champion was deliberate in all his matches, but often mowed down his opponents with successive rapid attacks. A number of the Troy High School players were on hand, and gained valuable experience.

Player is a Wizard.

The elderly members of the Chess Club marvelled at the science of the youngster. Never in all their experience had they encountered a youth so adept. The officials of the Club who have entertained other stars of the pawn were loud in their praise of the Rochester High School student.

Plays Blindfolded Tonight.

Champion Jennings will entertain as many high school boys of this district as who care to attend tonight. He will play blindfolded. Local boys should avail themselves of the opportunity.

Eighteen Who Played.

The eighteen players who opposed the champion: Thomas Powell, B. F. Leibensperger, William Van Schoonhoven, Warnick Tompkins, Donald Williams, Oliver Fisher, Harold Smith, Saul Gordon, L. R. Burligh, C. H. Limerick, L. V. Hayes, Harold Curtis, George Barrett, I. H. Thompson, Turner Smith, Alexander Rankin J. P. Sorenson and W. H. Purple.

A Power of its Own.—Dr. Thomas' Electric Oil has a subtle power of its own that other oils cannot pretend to have. They are many pretenders, all who have used it know this and keep it by them as the most valuable medicine available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

A.O.U.W. MAY BE WOUND UP.

It is the hope of many members of the A.O.U.W. that by some arrangement with the government they will be able to secure an order for winding up the affairs of the order. The members are said to be uniting with this view. Even those whose policies have not been rendered void are dissatisfied and are still paying in, but would be glad to have the government wind up the affairs so that they may know where they stand. One said: "Even though our policies are good now, how do we know we will not be treated just the same as the others whose policies are now void? Another man stated that he had paid in as much as \$108 a year, and has been forced up to this amount from a modest beginning of \$27. These men were told by the officials of the order that they have no kick coming as they have been protected all along. The men reply, "But at what a cost!"

ASSAULT CHARGE DISMISSED.

At Police Court before Magistrate Masson today a case of alleged assault was tried, the complainant being Mrs. Lucas and the accused being her sister-in-law, Mrs. Kellar. There has been a family feud for some time and it was alleged that the mother, Mrs. Kellar, intervened in a free-for-all fight between the children of the respective parties, all of whom reside in Thurrow but attend Queen Victoria School. The complainant, Mrs. Lucas, failed to substantiate her case and the charge was dismissed, she having to pay the costs of the court and the constable.

W. N. Ponton, K.C., appeared for the accused, Mrs. Kellar.

NEW GENERAL SECRETARY

Mr. W. W. Allison Returns to Belleville to Take Position With Y. M. C. A.

The board of directors of the Belleville Y.M.C.A. have been fortunate in securing the services of Mr. W. W. Allison as general secretary. Since the resignation of Mr. J. L. Hess some months ago the position has been temporarily filled by Mr. E. P. Frederick.

Mr. Allison is no stranger to Belleville. Less than two years ago he resigned the boys' secretaryship here and went to Chatham, N.B., where he has since been engaged in institutional work in connection with St. Luke's Methodist church.

During his year's work with the boys in Belleville, he won great popularity and the host of friends he made then will welcome him back to his new and more responsible sphere of duties.

Mr. Allison is a native of Port Hope and has spent six or seven years in Y.M.C.A. work. Before coming to Belleville he spent a year at the Central Y.M.C.A. at Toronto. Mr. Allison is still young and has a great force of enthusiasm for the work. This with his capacity for making friends should make his engagement here a most popular and profitable one for the Association.

SHANNONVILLE CASE.

A case was up before Magistrate Myhel of Shannonville on Friday and excited considerable interest owing to the prominence of the parties. Mrs. Emily Leverton was charged with threatening to kill her brother-in-law, John Leverton, with a gun. The trouble arose over a dispute about the right of John Leverton to go on his brother's farm and gather apples. It appears that Mrs. Leverton, under authority of her husband, warned John Leverton not to come on the farm or take the apples but he persisted. Mrs. Leverton got a gun this was not loaded and told him she must keep him off the farm or she would make him. He left the place but laid information against Mrs. Leverton.

The case was settled by each party paying one-half the costs and John Leverton releasing all interest in his brother's farm. W. C. Mikel, K.C., acted for Mrs. Leverton.

SHANNONVILLE FAIR.

Many farmers and citizens wended their way to Shannonville on Saturday to attend Tyendinaga's annual show.

ANOTHER HERO HAS RETURNED

Sergt. Walter Hutcheson Arrived Home This Afternoon.

Sergeant Walter Hutchinson another member of the First Canadian Contingent and of the famous Second Battalion, arrived home this afternoon. He was wounded in the action at Zillebeke, early in June and has come home on furlough.

Owing to the fact that the 15th band was engaged at the fair grounds this afternoon there was no formal reception at the station. But tonight at 7.30 a parade will be formed, in which every citizen is invited to take part, and will proceed to Sergt. Hutchinson's home on Foster Ave. The parade will then come down Victoria Ave. to Front St. and then return to Foster Ave. via Bridge St. It is hoped to give this gallant soldier a reception worthy of the great service he has performed.

BULGAR PRINCES ADMIRE FR-ENCH

They Had an Unexpected Reply For King Ferdinand.

WATCHED VERDUN BATTLE

After Several Weeks Spent Behind the German Lines in France, Prince Boris and Prince Cyril Say Most Admirable Thing They Saw Was Resistance of French.

THE two sons of King Ferdinand and of Bulgaria have returned to Sofia after several months passed on the French front and, with their eyes opened to the real situation, have told their father some truths that must have sounded unpleasant to his ears...

Prince Boris and Prince Cyril, sons of "Tsar" Ferdinand by his first marriage with Princess Marie Louise de Bourbon-Parma, young men 22 and 21 years of age, were invited by the

PRINCE BORIS.

German Emperor about the middle of February to take part in the capture of Verdun, which was set for February 25. It seemed to their father that the Kaiser's invitation was rather lacking in tact...

Prince Boris and Prince Cyril therefore left for the German general headquarters. There they remained for weeks, silent, timid, and haughty. The Kaiser's indignation, after having entered Verdun, they went back to Sofia...

The other prince nodded his head in assent and a sparkle of light shined upon the eyes of Princess Eudoxia, who was present at the family gathering.

Among other things it contains: A packet of pure rubber done up in the form of sausage bulbs. A pound of lard made to look like a newspaper.

THE KHAKI VOTE.

How British Columbia Polled Her Soldiers on Active Service. The London (Eng.) Times, in a recent issue says:

"A correspondent, who had a unique opportunity of studying the recent polling of British Columbia soldiers in this country, sends us the following interesting account of the process. The presiding officer was Mr. Mackinnon, of Peterhead."

"On Monday the presiding officer had the assistance of three clerks, and on the two following days two clerks and six clerks were employed. Posters were exposed, showing the 39 electoral districts of the province and the names of the candidates in each. The number of votes to be cast in each district was indicated by a different constituent number...

"The voter then received a ballot paper for his own district, and also two voting papers for a Referendum on the subject of Women's Suffrage and Prohibition, which was being taken at the same time. Armed with these and his envelope, he retired to a side table and marked his voting papers. These he then placed in the envelope, which he sealed and returned to the presiding officer. On the back of the envelope was a declaration by the presiding officer that the vote was properly and legally received. The Agent-General's representative took possession of the envelope."

"The proceedings took place without a hitch. About 1,600 or 1,700 recorded their vote, and perhaps there were not many of the unrecorded electors in camp, all told. In the minds of some voters there was some doubt as to the electoral district in which their home was situated, and the political views of the respective candidates were not always well known. Some had registered before leaving home; some had not. With these, however, the wearing of the khaki was held to constitute a sufficient claim."

"But, considering the fact that the whole thing was an experiment, and that the poll had ultimately to be taken in haste, there can be no question of the success of the operation from several points of view."

Two Hohenzollern Stories.

Two stories, one concerning the Kaiser, the other the Crown Prince, just brought by members of the Swiss Red Cross party from Germany, are worth telling. On the Imperial birthday the Kaiser suddenly decided to visit the prisoners camp at Alton-Grabou, near Berlin. In traversing the camp garden the Emperor noticed that many of the French prisoners belonged to a regiment which had taken part in some fierce fighting early in the war near Stenay, on the Meuse.

"Your resistance has been splendid," went on the Crown Prince, "but you cannot stop. I shall be in a case of champagne I shall be in Verdun before the end of July." The bet has not yet been paid.

Ferdinand's Viewpoint.

King Ferdinand of Roumania, who has just celebrated his fifty-first birthday, is a near relative of King George and is married to the King's first cousin. Among his other near relatives are the King of the Belgians and the Tsar of Bulgaria, who are both first cousins. Though King Ferdinand is himself a Hohenzollern, he is not a member of the branch of that house of which the Kaiser is the head, and, further, he has never shown any sign of partiality for things German since his accession in October, 1914.

He has visited Britain frequently, before and since his marriage, and prettiest of the four handsome daughters of the late Duke of Edinburgh. Queen Marie of Roumania is said now to be the handsomest royal personage in Europe. Their marriage was the occasion of a great royal gathering at Bucharest over 20 years ago. King Ferdinand's aunt, the Queen Dowager, is known all over the world as Carmen Sylva.

"One Gun One Vote."

The Daily Express congratulates the Canadian Minister of Militia on showing the way in regard to the enfranchisement of the men in the trenches in connection with the British Columbia elections and expresses the hope that Canada's lead will be followed by the British Government. "One gun, one vote," is the Canadian War Minister's motto.

In urging the Cabinet to see that the British fighting men are not deprived of their votes, the Express asserts the country will give preference to a system that gives preference to the peace crank, the blagger, and the conscientious objector.

NATIVE DYES.

England is Talking of Introducing Vegetable Dyeing Matter.

In England there has been much talk of introducing natural vegetable dyes which heretofore have not received much attention because of the cheapness and reliability of mineral dyes. Large quantities of natural dye, which is the basis of a fast scarlet, may be obtained from India, where it is now only a waste product of the shellac industry. Certain roots are found in quantities in the East Indies, which might be used as substitute for madder. "Cutch" is an extract from the bark of the mangrove, which is used extensively in tanning. There are several varieties of madder, Bombay, Bengal, and mangrove cutch, and all were considered valuable by dyers until replaced by the cheaper aniline dyes. The two main varieties of madder found in the East Indies are Bakau and Tuguh. The cutch made from the Tuguh variety is superior for dyeing and commands a higher price. There is a factory in British North Borneo which now turns out about 160 tons of Tuguh cutch a month and will shortly have an output of 250 tons. It will be a long time before the immediate neighborhood show no indication of exhaustion.

Chinese manufacturers of vegetable dyes have also been induced to revive the manufacture of vegetable dyes which had been almost wholly suspended. The higher prices being paid for these dyes at present is still a possibility of the organization of the business on a sound economic principle. Large quantities of the dyes have already been shipped to the United Kingdom, where they are said to be giving satisfaction. There is practically no limit to the supply, provided the price paid is commensurate with the cost of production. In Japan, before the introduction of mineral dyes, there were probably more different vegetable dyes used than in any other part of the world. Few of the dyes, however, were strictly fast, and the only thoroughly dependable black dye was the one from the Kyushu district and used largely in dyeing the haori, the short, jacket-like garment worn by the Japanese men and women. The vegetable dyes were long ago supplanted by mineral ones, but existing circumstances are said by American industries to be forcing a return to the older dyes.

With the Meat. An Englishman mourns the dropping of the price of a commodity of such value for meat. He speaks of succulent jelly with roast mutton, and apple sauce with pork and duck, but he recoils at the finding in Bruges a consignment of gooseberries, roast duck, and in Namur a puree of rhubarb with pork. "Fruit and flesh might often be eaten together with advantage." Yes, to the benefit of the stomach, but not to the benefit of the mass of proteids. In Germany stewed fruits and preserves are served with all sorts of heavy dishes. We remember gratefully the little plums, the "mirabelle's." There are two vile dishes, however, in second rate pensions that were unaccompanied by a fruit appetizer or corrective. One was a mess of hen's feet in a thick, creamy, greasy sauce.

Here is the bill-of-fare of a wartime dinner recommended by the National Training School Cookery, in Buckingham Palace road: Carrot soup, stewed macaroni and onions with lentils, tracle sponge with cornflour sauce, cheese alginate, one of them answered: "Sponge cake with molasses." By the way, what became of the boys and men who used to go through the cars on the railway from New York to Springfield, crying: "Sponge cake? jelly cake?" Then there were the popcorn men in the trains of New England. This dinner prepared by the National Training School costs four persons 12 cents apiece, but another meagre dinner for four persons costs 25 cents a head: Tomato soup, nut roll, with piquante sauce, young carrots, Bismarck lettuce, hot cheese souffles. The recipe for nut roll is as follows: one and a half pound mixed potatoes, one and a half pound mixed nuts, a little milk, one egg, salt, and pepper. The potatoes should be skinned and chopped. The nut roll is made as follows: The most pliant of the sauce, the staler the fish—Boston Herald.

Rebel Shot in a Chair.

In the British House of Commons, replying to Mr. Ginnell with reference to the arrest, trial, and execution of Thos. Kent, of Fermoy, the Prime Minister stated that Kent was convicted by field general court-martial of taking part in an armed rebellion. In the interests of public safety the public were excluded from court, at which no counsel appeared for Kent. Kent was not wounded. He was given a chair at his execution owing to his nervous condition. A priest attended him before and at the execution and at the burial.

New Iron Duke Chaplain.

Sir John Jellicoe's Julland battle despatch sends interest to the announcement that a new chaplain to the Rev. Francis Horace Jones—has just joined the Iron Duke. The Rev. John Gay, who has been on the famous "Iron Duke" since the vicissitudes of that palatial crew in the North Sea, is leaving them. The new chaplain has spent 12 years among the ships of the navy, notably on the Hampshire and the Highflyer.

"Scots Wha Hae!"

Carlyle said that "Scots Wha Hae" was the finest war-song ever penned by man. It was composed on horseback whilst Robert Burns was crossing a wild moor in a thunderstorm. "But it has never become a real war-song like the 'Marseillaise,' which has had power to fire the French to a white heat of patriotism for more than a century, and which still retains its hold upon the nation."

May Exchange Civilians. The thousands of civilians interned in Germany and England may be released and the difficult problem of concentration camps solved altogether if a plan now under consideration is adopted. The idea is to exchange all civilians on parole not to serve during the war.

For some time the German and British authorities, through the intermediation of the United States Ambassador at Berlin, James W. Gerard, have been working on a proposal to exchange all interned civilians above the military age, forty-five. It was recognized that this was only a half-way measure, which would leave unsolved the larger problem of the thousands of civilians below that age whom neither Government wishes to retain and support at great expense, although neither is willing to release them as possible recruits for the other's army. While negotiations in regard to exchange of the older men were hanging fire and new difficulties and delays were arising constantly it was suddenly discovered that the German authorities were willing to take into consideration a proposal for a general exchange under parole.

There still remains a long and difficult road to be traveled, and Great Britain's attitude thus far has not been made known; but it is felt here that the simplicity and completeness of the solution may appeal to the British as it has to the Germans.

Why Woman Was Shot.

In view of recent German comment on the execution at Marseilles recently as a spy of Felice Pfalt, certain details of the case were made known authoritatively recently. The statement that the woman was a German is denied, and it was stated that the comparison of her case with that of Edith Cavell, the British nurse who was put to death by the Germans at Brussels, was unwarranted.

According to this information, Felice Pfalt was a Frenchwoman, born at Nancy in 1890. She went to Metz in 1914 and later received permission to visit her mother in Belgium. While there, it is said, a German official proposed that she gather military information in Paris. She spent three weeks in Paris and then reported the results to Germans, who, she admitted, paid her 5,000 francs to undertake another mission.

Surrender Drill!

Returning to Paris from Lausanne, Switzerland, in July of last year, she was expelled by the prefect of police. She went to Marseilles, where she boarded at a house frequented by army officers. She was caught in the act of spying and admitted she had been commissioned to gather military information. On July 10 she was unanimously condemned to death by a court martial.

The Heavy Douring of Rain

The heavy douring of rain continued all day, making ponds of the shell craters and turning the trenches into mud holes.

The British who have received the surrender of Germans say that with characteristic organization they now have what the British call a "surrender drill" when they come out of their dugouts to give themselves up, as in the case of the body referred to, they have all their letters, papers, and valuables in their hands, ready as a peace offering to their captors.

Taking Vote for B.C.

The War Office intimates they have no objection to the votes of British Columbia soldiers being taken at the front in the Provincial election. Sir Richard McBride, therefore, is attempting to arrange for returning officers, scrutineers, etc., to proceed to France forthwith. The party will number about ten. Four thousand votes have already been polled here, eight hundred being polled in one day alone at Bramahott.

Turks Determined Syria Shall Starve

The American Embassy at Constantinople cabled the State Department at Washington recently that the Turkish Government again has refused to permit a neutral commission to investigate food conditions in Syria or otherwise interest itself in the situation there. Abram I. Elkin, the new ambassador to Turkey, has been instructed to renew the United States Government's efforts when he reaches Constantinople.

Prize for Bringing Down Zeppelin.

A handsome sum of money, estimated at between \$10,000 and \$15,000, will come into the hands of the person who proves his discovery by bringing down the Zeppelin at Cutfield a few days ago. Several prizes have been offered for various individuals for the feat.

How British Columbia Polled Her Soldiers on Active Service.

The London (Eng.) Times, in a recent issue says: "A correspondent, who had a unique opportunity of studying the recent polling of British Columbia soldiers in this country, sends us the following interesting account of the process. The presiding officer was Mr. Mackinnon, of Peterhead."

"On Monday the presiding officer had the assistance of three clerks, and on the two following days two clerks and six clerks were employed. Posters were exposed, showing the 39 electoral districts of the province and the names of the candidates in each. The number of votes to be cast in each district was indicated by a different constituent number...

"The voter then received a ballot paper for his own district, and also two voting papers for a Referendum on the subject of Women's Suffrage and Prohibition, which was being taken at the same time. Armed with these and his envelope, he retired to a side table and marked his voting papers. These he then placed in the envelope, which he sealed and returned to the presiding officer. On the back of the envelope was a declaration by the presiding officer that the vote was properly and legally received. The Agent-General's representative took possession of the envelope."

"The proceedings took place without a hitch. About 1,600 or 1,700 recorded their vote, and perhaps there were not many of the unrecorded electors in camp, all told. In the minds of some voters there was some doubt as to the electoral district in which their home was situated, and the political views of the respective candidates were not always well known. Some had registered before leaving home; some had not. With these, however, the wearing of the khaki was held to constitute a sufficient claim."

With the Meat.

An Englishman mourns the dropping of the price of a commodity of such value for meat. He speaks of succulent jelly with roast mutton, and apple sauce with pork and duck, but he recoils at the finding in Bruges a consignment of gooseberries, roast duck, and in Namur a puree of rhubarb with pork. "Fruit and flesh might often be eaten together with advantage." Yes, to the benefit of the stomach, but not to the benefit of the mass of proteids. In Germany stewed fruits and preserves are served with all sorts of heavy dishes. We remember gratefully the little plums, the "mirabelle's." There are two vile dishes, however, in second rate pensions that were unaccompanied by a fruit appetizer or corrective. One was a mess of hen's feet in a thick, creamy, greasy sauce.

Here is the bill-of-fare of a wartime dinner recommended by the National Training School Cookery, in Buckingham Palace road:

Carrot soup, stewed macaroni and onions with lentils, tracle sponge with cornflour sauce, cheese alginate, one of them answered: "Sponge cake with molasses." By the way, what became of the boys and men who used to go through the cars on the railway from New York to Springfield, crying: "Sponge cake? jelly cake?" Then there were the popcorn men in the trains of New England. This dinner prepared by the National Training School costs four persons 12 cents apiece, but another meagre dinner for four persons costs 25 cents a head: Tomato soup, nut roll, with piquante sauce, young carrots, Bismarck lettuce, hot cheese souffles. The recipe for nut roll is as follows: one and a half pound mixed potatoes, one and a half pound mixed nuts, a little milk, one egg, salt, and pepper. The potatoes should be skinned and chopped. The nut roll is made as follows: The most pliant of the sauce, the staler the fish—Boston Herald.

Rebel Shot in a Chair.

In the British House of Commons, replying to Mr. Ginnell with reference to the arrest, trial, and execution of Thos. Kent, of Fermoy, the Prime Minister stated that Kent was convicted by field general court-martial of taking part in an armed rebellion. In the interests of public safety the public were excluded from court, at which no counsel appeared for Kent. Kent was not wounded. He was given a chair at his execution owing to his nervous condition. A priest attended him before and at the execution and at the burial.

New Iron Duke Chaplain.

Sir John Jellicoe's Julland battle despatch sends interest to the announcement that a new chaplain to the Rev. Francis Horace Jones—has just joined the Iron Duke. The Rev. John Gay, who has been on the famous "Iron Duke" since the vicissitudes of that palatial crew in the North Sea, is leaving them. The new chaplain has spent 12 years among the ships of the navy, notably on the Hampshire and the Highflyer.

"Scots Wha Hae!"

Carlyle said that "Scots Wha Hae" was the finest war-song ever penned by man. It was composed on horseback whilst Robert Burns was crossing a wild moor in a thunderstorm. "But it has never become a real war-song like the 'Marseillaise,' which has had power to fire the French to a white heat of patriotism for more than a century, and which still retains its hold upon the nation."

Kingston, Sept. 15.—Because he was absent without leave Private C. F. Westfall, of the 156th Battalion, at Barfield camp, whose home is in Trenton, was sentenced this afternoon by County Magistrate Hunter to five months in jail. Westfall, who is 57 years of age, pleaded that he had remained home for personal and family illness and thought he was entitled to do this. He is anxious to go overseas, but the magistrate declined to be lenient.

The open bar is now a thing of the past and Trenton folk and those in town for the day were exceedingly quiet regardless of the fact that they knew on Monday they would have to take milk and ice cream. Hours before the time of closing different lines of liquor were entirely sold out and at 7 p.m. Saturday one could carry all that was left over. A great many people had a stock delivered them one of the last three days, while others came with their cars, buggies, baby carriages or valises and took what they wanted. The police report little or no more business in their line than on a usual Saturday which speaks well for the people of Trenton and surrounding district.

Interment took place Sunday afternoon when the remains of Miss Marjorie Gladys Miller were laid to rest in the Smithfield cemetery. Miss Miller was the daughter of Mr. and Mrs. John R. Miller, Bay St., Trenton and was just entering the prime of life at 18 years, 6 months and 23 days when she departed this life. Typhoid fever was the cause of her death. Another sister is confined to her bed with the same ailment in the Belleville hospital, where Marjorie was being cared for, while two brothers are also ill at home. Service was held at the Grace Methodist church and at the cemetery by Rev. Mr. Ross.

TRENTON, Sept. 19.—In to-day's casualty list we saw the name of Major Albert P. Miller, of Glen Miller, as being wounded.

Mr. O. Spragg of the Molsons bank staff is in Concession spending his holidays at his home, Spring St.

Don't worry! there will be no more underweight bread for a while. The local authorities inspected all bake shops last week and their verdict was five bakers to appear. Two of these were found to be within the law but the other three cashed up \$5 each.

A rather strange episode is afoot regarding a local citizen, who put some of that stuff by, and who, no doubt, loved the beverage. It seems he and his dearly beloved became quarrelsome over something, so she broke two quart bottles, causing him to seek help to punish her for such a serious offence. The punishment was all backed on himself, when he found he could do nothing only do without that much more liquor than he expected he would have to do without.

Mrs. Burden from near Ottawa, is visiting her son, Thos. Burden of town.

The temperance committee of the Town of Trenton held a meeting last night when the different clauses of the law enforcement of the Province of Ontario were fully explained by Mr. Frank W. Duggan, one of the field secretaries of the Dominion A.S.

hance. Mr. Duggan had explanations for all the clauses at his finger tips and in his easy way of explaining made these clear to the twenty enthusiastic members of the committee. Each member of this organization will give all assistance possible to the regular authorities in rounding up any violators of the law they have worked for so long.

The plan of the proposed new High School is now on exhibition in J. Sutcliffe and Sons' center window. The large framed picture shows the school as it will be built for the present with a basement and a first and second floor. Besides the eight rooms for teaching there will be girls' and boys' lunch room, library, and study room, domestic science room, manual training room, gymnasium, assembly hall, girls' cloak and toilet room on both upper stories. All corridors and stairways will be fire-proof. The drawings of each floor separately are also shown, showing all halls, entrances, windows, furnace rooms, etc. Hedges are to enclose the grounds and with pretty flower beds will give the exterior a handsome appearance. Space has been left for four additions to this structure, if needs be, at a moderate cost. It is up to the voters to show how anxious they are to have their children attend a properly ventilated and sanitary school. This would undoubtedly be one of the finest structures in Ontario.

PATRIOTIC RELIEF IN CHICAGO.

An auxiliary of the Canadian Patriotic Fund has been established in Chicago by a committee of prominent residents of that city of Canadian and British birth. It is known as the Western Relief Fund. Contributions to the fund are received from loyal individuals and from local societies such as the British Empire Association, Canadian Club and Sons of St. Andrew. Relief is extended throughout the states of Illinois, Indiana, Wisconsin, Iowa and the Middle West. Bellevillians will be interested in knowing that the relief is being distributed by a former Belleville boy, Robert L. Elliott, who is secretary of the fund. Many deserving cases are found in these states.

ECONOMIC QUESTION IS INVOLVED HERE.

Relief Work Among Belgians have a Tendency to Shorten Period of War.

"It is important that the English-speaking public realize the importance of Belgian resistance to the enemy's efforts in requisitioning war labor, not only from a moral but also from the economic and military point of view."

This is part of a message recently sent out by the Belgian correspondent discussing the methods employed by the German government in the occupied part of Belgium, the object of which is to press Belgians into German service to release Germans for military duty. One of the most effective means used by the Germans is the taking away of any possible means of livelihood from these Belgian workmen as well as depriving the country of anything that would provide food for them.

The resistance of the Belgians to this has reached the point where it is necessary for false arrests to be made and then the Belgians are shipped in to Germany and forced to work.

The one great means of combating this—a means that will doubtless help to shorten the war—is to provide these Belgians with the one great thing they need—food. Food sent to Belgium by the Belgian Relief Committee cannot be touched by the Germans but it can keep Belgians from the necessity of deciding between death by starvation or obedience to the "first law of nature," self-preservation.

There is a Belgian Relief Committee branch near you. Help short on the war by sending your contribution to it or to the Central Belgian Relief Committee, 59 St. Peter Street, Montreal.

No arrests yet for intoxication! That is the record of prohibition in Belleville so far. Strange to relate there are no arrests for other offences. The police had no calls last night.

LANTERNS REMOVED.

Two lanterns have been stolen from an excavation for gas at Catherine street.

A MISCELLANEOUS SHOWER.

About forty young friends of Miss Rene Thompson surprised her at her home 27 Sinclair street last evening, when they gave her a miscellaneous shower in honor of her approaching marriage. The event was absolutely unexpected by the recipient and had been arranged by Mrs. Farrow. After Miss Thompson had recovered from her surprise and had been presented with many valuable gifts, she thanked the donors for their kindness and invited them to enjoy the hospitality of her home. The evening was spent in games and music and a delightful time was enjoyed by all. Before parting and extending best wishes to the young hostess, the visitors were served with refreshments.

NOT PUNISHED FOR LATE HOURS.

Late hours at the clubs, it is said, will not be so attractive after the 15th of September. This is perhaps fortunate for the members. A Chatham Tp. woman had her husband in the police court last week for being out after 11 p.m. Just arrived from the club, don't suit the complainant, and she set out with a lantern in her negligence to find her husband. The cruel judge, however, dismissed the case, with the advice "that if husbands cared to stay out late it was their privilege," and further that wives should make it more agreeable for the husbands, and perhaps they would stay at home.

Mrs. F. E. O'Flynn, the head of the Belleville Committee of Ladies who held a Sock Shower in the Armouries July 14, 1916, this morning received the following letter:

Dear Madam The four cases of 500 pairs of socks mentioned in your advice of August 24th are now to hand and are quite in order.

I am directed to convey to you the very grateful thanks of the Ladies Committee for this generous gift, which we are sending to the French soldiers as per your request.

With very grateful thanks Sincerely yours, Eleanor McLaren Brown, Hon. Sec. Ladies' Committee, C.W. C.A.

BARBULUSING IN PETERBORO Small Stock of Wet Goods Left Over—Situation Peaceful.

Examiner: Fifty dollars would probably cover the value of the goods that were left over in the bars on Saturday night," said License Inspector Stewart this morning. The hotel-keepers have a day of grace Monday to dispose of their slender surplus, and from all accounts they made good use of it. Some of the bars were entirely sold out early on Saturday, and the locks turned in the bar doors before the prescribed hour. One man had two cases of wet goods left, but he locked up about six o'clock as a safety first precaution against any eleventh hour demonstrations.

The final closing of the bars attracted a good deal of attention. Crowds of spectators lined the curbs outside the hotels that were still in the ring when the "knockout bell" sounded at seven o'clock. They expected to see some fun in the form of a few fist encounters but were sadly disappointed. Beyond a few ribald howls nothing occurred to mark the reception of prohibition. The bars that were able to continue in business until the closing hour found little difficulty in turning the crowd out on the streets. There was more than the usual number of drunks, although nothing but "ambulance cases" found their way into the "clink." These were dealt with in the usual way. The situation as a whole was one of peace and quietness.

PORT HOPE BAKERS RAISE PRICES.

The bakers of Port Hope, after a great deal of hesitation, feel compelled to raise the price to 7 cents per loaf. The public do not realize how much they profit by the bakers' flour in booking flour ahead. Flour has advanced 70 per cent. In the past twelve months, and all other ingredients in the same ratio. A ten or fifteen cent jump in eggs or butter is borne without a murmur but the small rise of one cent in 24 ounces of bread causes an immense outcry. Despite the continuous advance in prices, bread has been sold at the same figure and the majority of the public who have the business instinct, are really wondering why the price has not gone up before. Below is the rate of advance in the commodities that go to make a loaf of bread.—

Flour—\$5.20 to \$5.60. (20 cents more in less than car lots.) Sugar—33 per cent. Malt—25 per cent. Lard—40 per cent. Labor—50 per cent. Hardware—20 per cent. —Guide.

AN EXCLUSIVE RIVER HOTEL.

A report which has gained wide circulation along the river is to the effect that the big Boldt hotel at Wellesley Island will be finished this winter. The hotel was started four years ago, but the huge steel framework is about all that is yet to be seen of the splendid structure which was contemplated at that time. The plans call for a hotel of fireproof construction, with baths in every room in which the rates will run about \$12 to \$15 a day. It is said that there is strong demand for a hotel of this class, which would do much to make the Islands more popular than ever, and assist in holding the prestige that the region has gained since the outbreak of the European war.—Gannaque Reporter.

BUSY TRENTON

OUR Daily News Letter from this thriving town furnished by The Ontario's Special Correspondent.

TRENTON, Sept. 15th.—Mr. Geo. Males of Brighton renewed acquaintances in town yesterday.

Sergeant Kenneth Cummings of the 155th battalion is spending a few days in town with his parents.

Mr. Will Bibby, dry goods merchant of Brighton visited town yesterday.

Miss Helen Higgins is spending this week (the last one of her vacation) with her parents. Last week Mr. and Mrs. Higgins, Mr. and Mrs. Walter Miller and Miss Higgins enjoyed a motor trip through South-western Ontario, visiting Hamilton, St. Catharines and Niagara Falls.

On Tuesday evening a bad runaway accident occurred in the region of the Firemen's Park, which nearly cost Mr. Porter, a resident of the Carrying Place Road district, his life. The aforementioned was on his way home when his horses became unmanageable and in their mad career upset the vehicle throwing Mr. Porter headlong to the road, where he struck a stone causing an ugly gash. The injured man was removed to the residence of his sister, Mrs. Alvea, and medical help summoned. The wagon was badly broken and the harness and the contents of the wagon, which consisted of vegetables were strewn along the path for some distance.

Some time during Tuesday night a burglar or burglars entered the office of the Squire and Vanshine coal merchants, and rummaged through the contents. They entered by means of unlocking the back door and after searching papers in and out of the safe decided to take a pair of opera glasses as a souvenir. There is no doubt but that they were amateurs at the business or else they would have made use of papers lying around. The case is in the hands of Chief Morden, who will undoubtedly bring the offenders to time.

It is a wonder more drowning accidents do not happen among the little boys who play around the water and so recklessly. No later than last night a boy of eleven years fell out of a punt in which three or four boys is too had mothers will take such a chance on bringing disappointment to their home when there is a way and himself had been wrestling. It is of avoiding it.

TRENTON, Sept. 16.—Mrs. L. Coleman and Miss Kate McDonald spent Thursday in Belleville.

Mrs. Butler and Mrs. Conell of Brighton visited Trenton friends on Thursday.

Mr. and Mrs. G. K. Halladay are registered at the Hotel Gilbert.

Mr. Clifford Hattan of Stirling, visited in town yesterday.

Miss Edna White left last night to spend over Sunday with Port Hope friends.

Brighton folks in town yesterday were Mr. Geo. Huff, Miss Dawn Huff, Mrs. Jos. Langdon and Mrs. William Fitzgerald.

The Trenton friends of Dr. Howard B. Jeffs, Toronto, who is with the 2nd Field Hospital, overseas, will be sorry to learn of his having been wounded in France.

The police have in their possession three khaki uniforms, one found just out of Trenton and two in the business district. It will just be the course of a couple of days till the owners of the clothes are found.

Finkle-Hess.
A quiet and very pretty wedding was solemnized by the Rev. Marvin, at the home of Mr. and Mrs. John W. Hess, Reeve of Sidney, when their daughter, Aletha, was wedded to Mr. Vaulney Finkle, son of Mr. and Mrs. Abel Finkle, 2nd Sidney, on Wednesday, September 13th. Miss Helen Hess, niece of the bride made a sweet little flower girl. Only immediate relatives were present. Miss Hess was married in an Alice, one silk dress and travelled in a navy suit with Georgette crepe blouse and hat to match. The young couple motored to Belleville where they entrained for Ottawa.

TRENTON, Sept. 18th.—Miss Ruff, Miss Hayes and Miss Mabey of the J. Sutcliffe and Sons' staff have returned after a pleasant holiday.

On Sunday night the first frost made its appearance, while only very slight, the buckwheat on low-lying land was touched.

While delivering that which you could buy Saturday but not today, a local delivery man had a bottle taken out of his cart, while taking parcels

to a house on Bay street. No doubt some one wanted it so badly they were willing to take along chance. Business had been so rushing that day that the proprietor did not make the driver stand good for it.

The last meeting of the Holiness Movement revival meetings was held at Ivanhoe on Sunday. A wonderful crowd was present. At three o'clock when some Trenton residents left their estimate of the number of autos and carriages was 250 autos and three times as many carriages and while coming away said they passed more vehicles than had been coming at one time any time during the day.

The casualty list of yesterday's Globe had Edward R. Bean of Stirling as dead. It did not say he had been killed nor had there been previous mention of his being ill. Mr. Bean had been in the trenches with the machine gun section from the time the first Canadian contingent went to France. O. S. M. Newton of the Sutcliffe staff is a first cousin.

UNCERTAINTY IN HOTEL CIRCLES

Some Standard Hotels Did Not Open Bars Yesterday—Talk of Closing.

An air of uncertainty or uneasiness seems to prevail in hotel circles as a result of the exit of John Barleycorn. A good number of houses have been granted "standard licenses" but that fact does not seem to relieve the situation. Some of course opened up yesterday under new conditions, but others did not, keeping their bars closed. The reason given by several is the question of rents. Former license-holders expected a drop in rentals but the owners of property are like adamant in a number of cases, and will not make reductions. Several of these houses are closing.

It was no wonder that general uncertainty was apparent yesterday. It was the first day off the job, and the weather was so chilly as to freeze up any little spirits men possessed.

The bars that opened up yesterday with soft drinks, woke up to an adverse day. Weather conditions favored the hardest of drinks but they were not to be had. Mild beer and the other preparations were not strong enough to arouse enthusiasm and thirst, and consequently sales were small. Rarely were many in a bar at one time. General quiet reigned.

The men who looked to be the hardest hit were those who have lived, one would imagine, for the sole purpose of drinking. They had no money to store away liquor for the days to come; even if they had had, they would have drunk up the supply at once. Yesterday they left their old haunts and walked the streets slowly and lonely, their faces which were once so "bright" now grey as ashes. They would halt at street corners and shivering muse over the situation or commune with their fellows. Longing glances were cast at the hotels, but there was little hope there. In one or two places, a few pale faced men gathered in the sitting rooms and looked out upon the street. It was their first day without a drink. They were really suffering.

Prohibition, the reaction from last week's long expected closing, and the weather all contributed to make yesterday what some citizens would call a real blue Monday. But others were so pleased with the transformation, the absence of the drunks and loafers and the prospects of greater changes, that the blue cold weather could not chill their enthusiasm.

The Ferry House will remain open although it has not acquired a standard license. Mr. W. J. Watkins is the owner of the property and resides there. Mr. Watkins stated yesterday that he would likely take out a city license to sell tobaccos if that is possible under the new act.

The International, opposite the upper bridge, is closed, not having received a standard license. Mr. Burke and family have moved out.

The Kyle House is "tight," the proprietors, Messrs. Luffman and Roney will dispose of their furnishings. They have not been long in Belleville and among the fraternity of hotelmen have been considered as model hotelmen.

The Quince, Albion, Hastings, Crystal, Windsor, City and Doctor's are open and operating under Standard Licenses.

The Anglo American will close. Mr. John Hart, proprietor, has arranged to sell by auction all his furnishings. The loss of this hostelry will be keenly felt by the farming community who have made this one of their centers when on a visit to Belleville. Mr. Hart has won the confidence of the public by his management of this hotel.

The Victoria Hotel may be closing shortly.

The Queen's management, Messrs. A. E. Bradley and Percy A. Bradley are undecided as yet whether or not they will continue to operate this well-known hostelry. This hotel has a standard license.

Mr. John A. Mackie stated this morning that he was not going to open up the Dominion House, as it would not pay. The Dominion House occupies a very valuable site and has fine stabling accommodation.

A well-known hotelman predicted this morning that the hotel people would find it difficult to operate under the new act and that after a few months they would close.

"The situation is more serious than can be imagined and the government will yet have to pay men to run hotels," he said.

A uniform rate of 50c meals is being put into force.

Opens Agency Here.
Mr. Arthur Rodbourne, the well-known proprietor of "The Uptown Liquor Store" is already in a new business. Today the show window of his shop is featuring O'Keefe's Star Beer, Birch Beer, Cream Soda, Lemon Soda, Ginger Beer, Ginger Ale and all other lines of soft drinks. THE BRITISH LIBRARY

155th M.G.S. as in Actual Warfare—Horse Exhibits at Belleville Fair Well Filled—Quality of Entries Very High—Yesterday's Attendance Was Quite Small Owing to Change of Date From Labor Day—Today's Crowd is Large.

(From Friday's Daily)
Under the most favorable conditions Belleville's annual fair for 1916 opened on Thursday afternoon. The sky was bright for the most part although there were a few signs of threatening rain. None however fell to mar the proceedings. As this year's plans made a break-away from last year's of holding Labor Day as the opening day, there was a noticeably smaller attendance, but this was not unexpected because according to the old style, first days were always small. Such is the case with all fall fairs in the country, which depend entirely on the second day to draw the crowds. The same is true in Belleville's case this year. Today's attendance is far greater than yesterday's. In county fairs, the first day is mainly devoted to the allotment of the exhibits and general preparations, but Belleville officers and directors put on a program that could not be excelled.

The exhibition proper is not as large as it might be, but such is the case when an entry list approaches 2000. The show is not a small one. While the swine exhibit is small, the classes are keenly contested for only the best breeders are showing. The sheep show has such exhibitors as Wesley Dawson, who has come all the way from Nepesee. He and his competitors, Messrs. Martin, Hogle, Hutchinson, Reid and Garbutt are well known for their stock and a visit to the sheep sheds are not to be neglected. High class poultry reigns in the various breeds has brought remarkable results in this industry in the past few years, one of the effects of the Belleville Poultry show. Belleville poultry breeders are among the largest exhibitors. Those who get prizes here merit them, for the judges have had a heavy task. Such well-known dairymen as George Collins and Son of Plainfield with his incomparable Jersey herd of all ages, John Goodfellow with a fine exhibit of Black and White, are among those who have added prestige to Belleville.

Horses have been growing in interest at Belleville for some years. Breeders such as Vermilyea & Sons, W. E. Anderson, the Ashley Stock Farm, E. W. Brooks and W. W. Anderson showed a fine array of equines, which could not be surpassed. The horse show let off in interest all the animal exhibits.

Main Building Crowded
The main building is cramped for room this year. The premises are not large and the advent of merchantile exhibits has encroached upon the space. The seed show is particularly fine, and a good assortment of fruits meets the view. The fact that "Sister Susie" has been knitting socks for soldiers in the trenches, has not had any effect upon the amount of ladies' work and domestic manufacture. The same high quality reigns. Utility rather than decoration is a mark of the times.

The dairy is represented by a high class show of cheese and butter which this district "shines."

Two speeding events held a crowd around the race track for three hours. The competition was keen in both.

2.50 Class
The conditions of the event were mile heats, best three in five. No less than seven horses lined up before starter Turnbull of Toronto representing the Canadian National Association and received their numbers. Five heats were required to win the race. The winner of the race, Paddy R, lost the first heat and was squeezed fairly easily out of the fourth so that five were required.

Three possibilities looked good for this race, Ruth Medium, who won the first heat and was done out of the second by a queer incident had the back of victory but faded into the background from that time. Bindare, driven by the well-known horseman Walter Parks showed up well throughout the entire event. He was a very close second to Ruth Medium in the second heat and kept George Powell's first "go" and kept George Powell's third heat this animal ran in ahead of Paddy R but was set back for running. Bindare had the fourth with ease, while in the fifth he never could catch up to Paddy.

The second heat closed with an exciting swaying motion of the race, the wheel of Ruth Medium's sulky locked with that of Paddy R, the latter being of course caught behind the other wheel. Paddy R seemed to be pulling his opponent in and actually nosed under though his wheel was interlocked. Only skillful horsemanship by George Powell and B. Rykman had prevented a spill.

The results were as follows:
Name of horse owner heats won
Paddy R, Geo. Powell, City 3 1 1 2 1
Bindare, Benson, Napesee 2 5 2 1 2
Ruth Medium, Rykman, of Pictou

2.18 Class
The 2.18 class was fairly exciting at times. Dot L. was always vying with Clara C. for honors. Dot L. has been on the track for a good many years and has remarkable power of endurance. She started off by winning the first heat in the fastest of the day 2:21. For the next three sprints she was unable to get past the Dot L. neck and neck for the first quarter although Clara C had the pole.

Clara C, owned by J. Haggerty, Stirling

Dot L, owned by J. H. Bowen, Grono

Roy Patchen, owned by Dr. Al-yea, Colborne

Brino V, owned by J. Vessau, Trenton

Time 2:21, 2:25, 2:27 1/2, 2:24 1/2.

Associated with Starter Turnbull were M. Sprague, Belleville, and Thomas H. Thompson, Pictou, Sam Curry, Belleville judges. L. R. Adams, Frankford, timekeepers.

Physical Drill by M. G. S.
It was a wise idea of President Arthur Jones to secure the Machine Gun Section of the 155th battalion cannot fail to stimulate the sense of duty in the young Canadian who still holds a rank. As one looked upon these snipers and intelligence it was why they should not go back to civilian life and the lifeless muscles of the ordinary citizen.

Major A. C. McPee, Lieut. Arthur McLeod and Lieut. Wm. Allen, who brought the 34 man of the M.G.S. to town, had their reward as they saw how the crowd received their efforts. The horse races always take the fancy of a large number but nothing eclipsed the reception of and spectators.

powerful on the their interest by sustained applause. That part of the barricade which received the bullets bore all the traces of demolition.

This concluded the drill of the machine gunners who were privileged for the rest of the afternoon until they marched back to the armory, where they were to sleep and to the Anglo-American Hotel where they are boarding.

15th Band Gave Program
Patriotic music was rendered during the afternoon by the 15th band, who were assisted by a few members of the 155th from Barriefield. Bandmaster Robert Blaind deserves great credit for the excellent performance given by his musicians.

The judging of the horses of the light classes occupied the attention of the track for some time. A hurry-up call, and fancy driving by young ladies were particularly interesting. Judging in all classes was the main feature of this morning at the grounds.

President Arthur Jones has had able assistants this year in Messrs. Harry L. Ketcheson and H. K. Danes. Mr. R. H. Ketcheson, the indefatigable secretary and the new treasurer, Mr. Geo. F. (From Friday's Daily)
Belleville Fair is in full swing and largest attendance for one of director's plans are working out well and success is assured for the exhibition.

Today the empty grounds are again crowded. The signs of life are everywhere, manifest with visitors, citizens and the exhibits, the noise of the crowds and the horses' cattle and poultry.

At noon today the gates were the scene of the greatest activity, when the exhibitors were crowding into the grounds.

The large entry lists are the pride of the directors. Up to last night, Secretary R. H. Ketcheson had issued 1,650 entry tickets and more were given out today. These exhibits are of the highest class and competition will be of the keenest.

Among those showing at the fair are:

one of the very few opportunities that people of that district will ever have of seeing a machine gun in actual operation, and thousands of spectators are expected to take advantage of the chance. The demonstration at present planned consists of a display of machine gun work and bayonet fighting, as would be the case under actual service conditions.

MADOC.
Two foreigners from the Queensboro mine came to town on Monday evidently having in view a celebration. They partook of the "joy water" rather freely and as a result became intoxicated and had to be gathered in by Constable St. Charles. They came up for trial on Tuesday and were fined \$5 and \$10 respectively and costs.

On Tuesday afternoon a great parade of ducks and geese on the main street was a reminder to the Reeve of Madoc that the Fair times are coming, and it was noticeable that the Councilors looked on the appetizing countenances. Safety first.

The many friends and neighbors of Mr. and Mrs. J. R. Broad will be pleased to learn that their son, Sgt. R. N. Broad, has been awarded the Military Medal. He was one of the first to volunteer for active service

LITTLE TO FRED MANY THOUSANDS.
Many Belgians Lived for Days on Flesh of Few Animals, Including a Horse.

MONTREAL, Sept. 16.—A story of all of revolution, but clearly pointing out the extremity to which Belgians are pushed for food, comes from Hainaut. This story says: "Thousands of inhabitants had to be fed for six days with the remains of three cows, five calves, two hogs and one horse."

Little, if anything, can bring home the dire need of the men, women and children, held together under German rule and kept under conditions of starvation. It is the duty of the Bel-

gian Relief Committee, an organization which operates without salary expense, to feed these people but even such a well organized body cannot feed seven million people unless the world, and particularly the Allies of Belgium, provide the money and food.

Canada has an obligation to fulfill here. Out of her plenty she must give. No charity equally deserving would be passed by the average Canadian. Why then take a duty, an obligation we are morally bound to meet?

There is a local committee in your district. Send two dollars and fifty cents to it or to the Treasurer Central Belgian Relief Committee, 59 St. Peter Street, Montreal. This sum will keep a Belgian family from starvation a month. If you can spare more and every month you can be assured that no better use can be made of the money.

Belleville Fishing Party Had Trying Experience on Bay of Quinte

Yesterday
A fishing party of Mrs. S. D. Laxier, J. A. F. Jerr, J. S. McKeown, C. J. Boyell, and others set out yesterday morning by the well known bark, "Kati Gray," their vessel was towed out of the harbor and by noon had reached Fairmount Island (now owned by Mr. D. V. Sinclair) directly opposite Belleville harbor. There they camped on a small island. During the afternoon the party made another start to get to the fishing grounds but unfortunately the wind went down and left the "Kati Gray" stranded at Massasauga. The fishers remained until eight o'clock by which time in answer to a phone call a motorboat from Belleville arrived and took the party in tow. The trip home was not the least unpleasant as an hour's rain fell on the small catch of rockfish and perch. The Isaac Waltons were delighted to arrive in Belleville again after their experiences with the elements.

The accident occurred in front of the residence of W. W. Phillips, Commercial St. The boy ran to catch onto a milk-wagon belonging to Mr. Reid. Apparently he missed his hold, and fell beneath the wheels and they passed over his body and head inflicting an ugly scalp wound and leaving dangerous bruises in the abdomen. Dr. Dolan was called to attend the boy's injuries.

Just One More Direct Message

NEW BRUNSWICK WOMAN SAYS USE DODD'S KIDNEY PILLS
 Mrs. Patrick Williams Tells How Her Headache and Weakness Vanished When She used the Great Canadian Kidney Remedy, Dodd's Kidney Pills.

St. Sosime, Kent Co., N.B., Sept. 18th. (Special).—"I feel it my duty to tell the public the great relief from headache and weakness I found in Dodd's Kidney Pills."
 This is the message Mrs. Patrick Williams of this place sends to suffering women all over Canada. Like many other women she dislikes talking about her troubles, but she feels she would not be doing right to let others suffer when she had learned from her own experience how great is the relief and how easy is the cure to be found in Dodd's Kidney Pills.
 Nine-tenths of the weakness and suffering women bear so bravely comes from sick kidneys. Sick or disordered kidneys fall in their duty of straining the impurities out of the blood. This means that these impurities, these seeds of disease, are carried to all parts of the body. The natural cure is Dodd's Kidney Pills. They always cure sick kidneys.

A MARY PICKFORD FILM

A delightful film was "The Foundling" which was shown last night at Griffin's theater and which will be repeated tonight at the Palace. The moral is so wholesome and the scenic effects and situations so human that the picture cannot fail to appeal. Besides the acting is of supreme quality with Mary Pickford in the leading role of the foundling. The story is that of parental affection distorted, but finally turned into its proper channel. Love of the lower creation is inadvertently taught in this film in the scenes with the puppies.
 "The Iron Claw" serial wound up with a bewilderment of "Laughing Masks" and melodramatic scenes. The solution was very cleverly worked out.

DROVE "BRISCOE" UP THE STEPS

There are many ways of advertising a car, but the method chosen by F. B. Stockwell of Montreal, in bringing the Briscoe car to the attention of the public, while it proves efficacious, has its drawbacks. A few days ago Mr. Stockwell was at Three Rivers, and after giving an exhibition in the Exhibition grounds, where the car was allowed to perform stunts, he went down to the centre of the city, and drove the car up the steps of the Bank of Hochelaga. Then he set it in the middle of the street and it circled around without anyone at the wheel. The police warned Mr. Stockwell that this could not be allowed, but a little later a city constable found a crowd around the City Hall, and investigating, found Mr. Stockwell and the Briscoe at the top of the steps. He was promptly arrested and put in the cells, being subsequently released on bail and fined. Two years ago, Mr. Stockwell won the Automobile Club's

cup for the control of an automobile, but the police of Three Rivers evidently thought there was a limit and so he got behind the bars for a time.—Montreal Star.

MOST EFFECTIVE BLOW YET DEALT BY BRITISH

Twenty-Nine Foe Divisions Defeated and Withdrawn Exhausted—Canadians and New Zealanders Shared in the Capture of Martinpunch and Courcellette, Says British Official Review of the Somme Fighting—Thousands of Flights Made Over the Enemy Positions.

LONDON, Sept. 19.—"The result of the fighting is of great importance, and is probably the most effective blow which has yet been dealt the enemy by the British troops.

"The damage to the enemy's morale is probably of greater consequence than the seizure of dominating positions and the capture of between 4,000 and 5,000 prisoners.

"To date, since the 1st of July, the British forces alone on the Somme battle front have met and engaged thirty-five German divisions, of which twenty-nine have already been defeated and withdrawn exhausted.

"Troops from Canada and New Zealand shared (with others) the credit for these successes (the capture of Martinpunch and Courlette).

"During the past week in the battle area only four hostile aeroplanes have been reported as crossing our lines, while our machines have made between 2,000 and 3,000 flights across the enemy's lines."

September Brides

The following item clipped from the "Vancouver World" of August 31st will be of interest to the people of Belleville, as the bride was a former well-known and popular young lady.

LLOYD-DUMINIE.

Among the early Autumn weddings was the marriage of Miss Angeline (Ruby) Duminie, only daughter of Mr. and Mrs. Joseph Duminie, late of Delagoa Bay, East Africa and Belleville, Ontario, and Mr. Robert Lloyd, third son of Thomas Lloyd, Lincoln, England, which was solemnized at the Sacred Heart Church, Campbell Ave., at 8 a.m. on Thursday, August 31, by the Rev. Father McNeil, D.D. The bride looked charming in her traveling costume of midnight blue serge, with which she wore a corsage bouquet of bridal roses, and a large velvet picture hat. Miss Pearl Musgrave attended the bride, and looked smart in a blue suit and large velvet hat. The bridegroom was supported by J. McCarthy. After the ceremony the party motored to the home of the bride where a dainty wedding breakfast was served. The bride received many handsome gifts, which showed the esteem in which she was held by friends here and in the east. The happy couple left on the 10 a.m. train and will spend a short honeymoon among the Sound cities, after which they will make their home in

Vancouver at Salsbury Court and will be at home to their friends after October 1.

Heath—Renton.

A very pretty but quiet wedding was solemnized at the home of Mr. and Mrs. Joseph Renton, 11122, 81st Ave. on Tuesday evening August 1st, when their youngest daughter Mary Viola was united in marriage to William Gerald Heath, son of Mr. and Mrs. C. U. Heath, Stirling Ontario.

The ceremony was performed by Rev. F. S. McCall, principal of Alberta College.

The bride was given away by her father and looked very sweet and dainty in a gown of white silk Georgette Crepe trimmed with real lace and white satin ribbon. Her veil which was formed in cap effect was caught with lilies of the valley and she carried a shower bouquet of bridal roses and lilies of the valley.

They were unattended and the wedding music was rendered by the bride's sister Cora wearing a simple gown of white silk crepe de chene and a corsage bouquet of orchids.

After the guests had extended their congratulations all repaired to the dining hall to partake of a dainty luncheon.

The bride was a former student of Alberta College. She received many handsome and useful presents showing the high esteem in which she was held.

The happy couple left amid showers of confetti for Ontario where a reception was held at the home of

the groom's parents. A miscellaneous shower was given them in Stirling and Beeton, Ont., also by the Swatika Club in Edmonton. On their return they will reside at 10041-101 St., Alberta College where the groom has a prominent position.—Edmonton Times.

FINKLE—HESS

A very interesting event took place, at the residence of Mr. John Hess, Bayside, near White's Church, on Wednesday, September 13, when his only daughter, Aletha Pearl was married to Volney Henry Finkle, son of Abel Henry Finkle, of Sidney. It was a quiet wedding, only the very near friends and relatives were in attendance. At 2 p.m. the sweet strains of the wedding march was the signal for the ceremony to begin. The groom soon appeared in his appointed place and then appeared the bride elect, who looked charmingly pretty leaning on the arm of her father, who gave her away. They were unattended, except by a beautiful little flower girl, who played well her part, as did also all concerned. The ceremony was performed by the Rev. Dr. Marvin.

When the ceremony was over, all repaired to the spacious dining room to partake of a very sumptuous dinner. At the dinner were the usual toasts, etc. The company then appeared on the lawn where the kodak was brought into play. Different groups of the friends were taken, as also of the bride and groom. Between five and six p.m. an automobile appeared at the door and conveyed the happy couple to Belleville, where they took

the train for Ottawa, where they will remain for some days. They took with them the congratulations and best wishes of all.

WOUNDED

Robert S. Hamilton, 27 Turnbull street, is today reported wounded. Private Hamilton enlisted in Winnipeg. He is a Belleville boy, the son of a former manager of the Merchants' Bank, and brother of Mrs. J. W. Thomson and Miss M. Hamilton, of this city. It is thought he was wounded in the battle for Montebello Farm.

BIG CROWDS AT EXHIBITION

Far Exceeded Expectations—Judging the Exhibits—Program.

(From Friday's Daily)

Far beyond all expectations was the crowd which assembled at the fair grounds on Friday afternoon on the occasion of Belleville's annual show. The rainfall of Thursday during the night, the cloudy sky with only an occasional visit of old Sol and a little promise of a bumper crowd. But all signs failed. The sun came out brightly at noon and where the people all came from, nobody seems to know. Thousands poured in at the gates from one o'clock. At 2:30 a good number were on the grounds. Two o'clock saw the track and hundreds of automobiles and carriages drawn up within the enclosure. The "concessions" had their crowds around and when the bell rang from the judges' stand in the mid-afternoon events, between three and four thousand had paid admission.

Belleville was well represented. Hastings turned out a better representation than was to be expected under the lowering skies, while Prince Arthur's Own and the agriculturalists of Hastings. Officials of various departments of the local officers and citizens and cordial relations obtained between these leaders in exhibition.

Friday morning saw judging in progress in all the many sided exhibition pen, stable, shed and hall, in the open cattle, horses, sheep and swine under the critical eye of government judges. Although the animal shown was almost as high a standard as has been set in the hogs and sheep, none but owners of the animals to the competition is keen. The result is the number of swine which find buyers on the one sheep breeder display and the entire exhibition stock.

Thursday did not. The day had been marked and the opportunity to come and test their judgment of the owners of cattle and swine in many cases were the largest breeders to gaze upon the results.

The poultry department was inspected with interest by those who are lovers of the fowls.

The Gun Section received a large number of exhibitors and their actual success with the deadly shells. Lieut. Allen and other officers of the soldiers to interest the spectators and the crowds.

The races were in progress and the following were the results:

2.30 Class
Four run in the 2.30 class which was won as follows:
Paddy Boy, (George Powell) 1 1 1
Belle, (Benson, Napas) 2 2 2
Vassau, (Trenton) 3 4 3
Black Bird, (C. Hawley, Napas) 4 3 4
Time: 2.28, 2.28, 2.29.

Free-For-All
The horses were set in motion and the wire in the free-for-all race resulted thus:
J. Haggerty, (Stir) 1 1 1
J. H. Bowen, (Orono) 2 2 2
Patched, (Dr. Aleya, Col) 3 3 3
Time: 2.25, 2.26, 2.25

Belleville drivers on the track attracted much attention. This was followed by the presentation of silver cups, a feature of deep interest.

A "slow race" with six entries provided a great drawing card. The event was for half a mile to be covered by a driver in five minutes or the nearest over five minutes. Watches were taken away from the men and the judgment of time set by five was too fast. To see the way some of them drove around the track would make one think they believed time flies, for some were under the wire in a little over three minutes. Mr. Chas. A. Callery was luck one, being just in the dot of five minutes. He won, but Mr. William Rose was a near winner as his animal stepped under the judge's eye just three seconds before the five minutes were up.

The "concessions" on the midway did a fair trade. One rousie was run off the grounds by the police for exceeding the privileges.

The weather was somewhat chilly and made standing about slightly uncomfortable.

HYMENEAL.

Ross—Caverly.

The home of Mr. and Mrs. Thos. Caverly was the scene of a very pretentious wedding at 9.30 a.m. on Tuesday September 12th, when their only daughter, Kathleen, was united in marriage to Mr. C. I. Ross, of Belleville, formerly one of Mr. B. O'Hara's staff, Madoc. The bride, who was given away by her father, wore a navy blue travelling suit with hat to match, and carried a bouquet of flowers. The ceremony was performed in the drawing room by Rev. W. B. Tucker under an artistically arranged arch of asparagus and maple leaves in the presence of about thirty-five guests. The wedding march was played by Mrs. Fred Houston, of Tweed, cousin of the bride. After congratulations were extended, the guests retired to the beautifully decorated dining-room where a dainty and elaborate wedding breakfast was served. The bride was the recipient of many beautiful and costly presents. The bridal party left for Belleville by auto amidst a shower of rice and confetti to take the train for Bury, Quebec, the home of the groom's father. The auto was "suitably" decorated for the occasion by the groom's friends, Mr. and Mrs. Ross on their return will reside in Belleville. Their many friends join in wishing them a long and happy wedded life.

155TH PLEASURES GEN. LESSARD

States That Units at Barriefield Camp More Than Satisfactory.

At the conclusion of the 155th Battalion inspection, Major-General F. L. Lessard was interviewed and he said the 155th was "a very fine battalion."

"About the battalions here—what do you think of their work?" "More than satisfactory. That's (pointing to the 155th) a very fine battalion."

At three o'clock Wednesday afternoon General Lessard commenced the inspection of the 155th battalion on the parade ground in front of the battalion lines. The battalion presented a splendid appearance drawn up to receive the General, and in the kind of material that showed training at Barriefield camp. After the inspection had been manoeuvred by Lt.-Col. Adams, it was broken up into companies, and each company was compelled to work, first under the company commander, and then under subalterns. Following this the breaking up of the platoons into platoons, worked under platoon commanders, and then down to the last division, into sections, drilled by section commanders. General Lessard wanted to see every officer from the O.C. to a sergeant handle his men, and nothing escaped his critical eye in the drill. Where errors were visible, they were pointed out in that speaking manner common to the inspection.

The inspection was very satisfactory to General Lessard, and he was not backward in giving credit where it was so richly deserved. Following the inspection of the companies and an excellent exhibition of bayonet fighting which pleased General Lessard immensely. Then came the inspection of the machine gun section under Lieut. McGie. General Lessard was struck with the make-up of the section, and their work brought out the Inspector-General's compliments. The inspection of the 155th lasted until 5.30 and there were many visitors from out of camp on the parade ground.

LISTEN FOR THE BRONCHIAL WHEEZE WHEN YOU SUFFER DEEPLY.

It means that disease is being bred in your lungs. Wheezing is distressing to the sufferer and annoying to his friends. Nothing but so-called "Catarrhosone," it gives instant relief and cures even the worst cases. Bronchitis fairly does under the influence of "Catarrhosone" the man cures to thoroughly the disease returns. Other remedies, such as Catarrh, and throat lozenges, do not cure. Beware of dangerous substitutes to deceive you for genuine "Catarrhosone" which is sold everywhere, large size containing two months' treatment costs \$1.00; small size 50c., sample size 25c.

MAY POSTPONE TREK

It is quite possible that there will be a change in the date for the march to Belleville by the troops in camp, owing to the fact that next week is the period when the usual equinoctial storms appear, and it is considered unwise to take unnecessary chances with the men at such a time. The matter is having the serious consideration of Brig-Gen. Hemming and staff, and the march may be delayed for a week, so as to allow the storm period to pass over.

LIEUT.-COL. W. J. BROWN, G.S.O.

Had to Fill Three Positions With Two Seniors Away.

There is one officer at the camp who deserves credit for being able to meet an emergency, and it is Lieut.-Col. W. J. Brown, the popular General Staff Officer. When the message was received that Major-General F. L. Lessard was to arrive for an inspection, the first thought was to see who would be the temporary successor to Brig-Gen. T. D. R. Hemming, who was on the sick list, and the task came on the shoulders of Col. Brown, who had to fill three positions. Lieut. Col. H. R. Wilson, D.A.A. and O.M.G., could have taken over the duties of Col. Ogilvie had not he been away also, and for that reason Col. Brown had to temporarily fill three positions. Needless to say he was able to meet the call.

Rev. Dr. A. C. Crews, of Toronto, will preach morning and evening at the Rally Day services in the Tabernacle Church, Sunday, September 17.

THE OTHER SIDE OF A. O. U. W.

Editor of The Ontario.
I have noticed letters in the press condemning the change in the A.O.U.W. Today I got my reply was \$2,000, but at death will now be \$1,205, and I continue to pay the same rate. I think this is a remarkably good result and is better than I expected after reading some of the doleful letters which have appeared in the papers. When I joined the rate was \$1.00 per month for age was. With a start like that the wonder is that the Order has lived 39 years. The truth is we, the older members who enthusiastically brought in members, didn't realize that instead of helping the Order, we were injuring it. We were simply piling up debts instead of assets. Prof. MacKenzie assures us that the Order is now on a perfectly sound basis which has never been the case before. If it ran 39 years when it was over 39 years on a sound basis and I propose to stay in the Order. It gave me very cheap insurance for many years.

S. E. HAIGHT,
Belleville, Sept. 12th, 1916.

WIRELESS IS TO BE USED.

Its Use Authorized.

It has been decided that the fireless apparatus will be taken on the trek to Gananogue and if it can be used successfully as at Parrott's Bay about the same distance away—it should be valuable in keeping up communication between the troops and the camp. It will be remembered that at Parrott's Bay, Gen. Hemming was able to send several messages to Col. Ogilvie and it is hoped that the same success will be met with on the eastern trip.

AUTO TOURS

The ideal month for a motor trip is September, and the auto season is just getting started. The New \$5.00 Auto Rate takes your car by steamer from Buffalo to Cleveland and back for a two days' trip, this very low rate being made for all cars less than 128 inches wheelbase. You may leave Buffalo any evening at 9.00, arrive in Cleveland at 7.30 next morning, spend two days in touring to Akron, Canton, Toledo and other points in the historic Western Reserve and return from Cleveland the evening of the second day at 9.00, reaching Buffalo 7.30 the following morning, thus making an ideal outing trip at a small cost.

A DEFENCE OF PASTOR SUSSELL

Reply to Evangelist Johnson's Attack on Head of Bible Students' Association.

Editor of Ontario.
Since hearing Mr. Johnson's criticisms on Pastor Russell's teachings, we, as members of the International Bible Students' Association, of which Pastor Russell is the head, thought it wise to correct some errors that were made respecting the doctrines of the I. B. S. A.

We would throw the mantle of charity over everything that was said and think Mr. Johnson was misinformed, rather than that he intentionally misrepresented us.

Space would not permit us to rectify all the errors but we will touch upon what we believe to be the most important one, namely, "The Resurrection." Mr. Johnson tried to prove that Pastor Russell denied the resurrection of Jesus. We will endeavor to explain his interpretation of it as revealed in the Scripture and so beautifully shown in "Studies of the Scriptures" Vol. 1, page 149-150, Vol. 2, page 120-121; Vol. 5, pages 695-699, and many other places.

As Bible students we believe the Scriptures to teach that our Lord when He presented Himself for baptism at Jordan at thirty years of age, was a perfect human being, an exact equivalent for Father Adam as He Himself testified in Matt. 20-28, He came—"to give Himself a ransom (Greek Antilutron a corresponding price) for many." Again He says "My flesh I give for the life of the world." During the 3 1/2 years of His ministry He carried out that covenant of sacrifice with the Father until at Calvary He cried: "It is finished." There He deposited in the hands of Divine Justice a pure unspotted sinless life the exact equivalent of Father Adam before He sinned. He could not be resurrected a human being again without taking back the ransom price at the law of Divine Justice is "A life for a life," and mankind would be thus left without a Redeemer. But what was resurrected the third day if Jesus did not take back His human nature? We read in John 1: 32, "And John bare record saying, I saw the Spirit descending from Heaven like a dove and it abode upon Him." There He was begotten by the Holy Father to the Divine nature and during the 3 1/2 years of His ministry He developed that New Creature by perfect obedience to the Father's will, even to death of the Cross. That New Creature was what was resurrected the third day, a Spiritual being, as a reward for His obedience in laying down the ransom price. As we read in 1 Pet. 3-18 "He was put to death flesh but quickened (made a live) Spirit." Now we believe, He is a glorious Spirit being of the highest, or Divine order of which even a glimpse cost St. Paul his eyesight. He is our glorious Redeemer; our Great High Priest, as He testified Himself after His resurrection. "All power is given unto Me in Heaven and earth," Matt. 28: 18. As we consider the wonderful exaltation of our dear Redeemer since His resurrection to the Divine Nature, how we reverence and bow in adoration at His feet as we see the wonderful love He manifested to His disciples in appearing to them (in a human body) in the only way He could convince them He was no longer dead but risen.

We would suggest to all of God's Truth Hunger sheep, who are of a meek, humble and teachable spirit, that they study and prove by the Scripture God's wonderful plan as it is revealed to us we believe by Himself in "The Divine plan of the Ages" and subsequent Vol. 1, 2, 3, 4, 5, and 6, and glorify beyond human mind to picture, but it must be studied and proved and made your own, before you can understand the length and breadth and heights, distributing bouquets of flowers.

CAMPBELLFORD.

Fire broke out in the house of Mrs. Coppertwaite, on Grand Road, about 7 o'clock on Sunday evening. Some articles of clothing were burned but the fire was extinguished before the firemen arrived.

Mr. Carman Denike of Havelock, accompanied by Mrs. (Rev.) T. W. Jolliffe, of Toronto, and her two sons Mr. Orlando Jolliffe, Professor of Greek in Manitoba University, Winnipeg, and Lieut. Reginald Jolliffe, Camp Borden, also Mrs. (Prof.) Jolliffe, were in town on Sunday renewing old acquaintances. Prof. Jolliffe has just received the degree of Doctor of Philosophy from Chicago University.

A meeting of the men of the town will be held this (Thursday) evening at 7.30 o'clock in the public library to consider the formation of a Bowling and Tennis Association. Those interested in the movement have ascertained that a magnificent bowling green and tennis grounds could be made on the property belonging to the Government north of the pulp mill and south of the Grand Trunk bridge. This property can be leased from the Government. Everybody interested should be at the meeting sharp on time.

Pte. Jas. Daly, son of Mr. and Mrs. James Daly, returned on Saturday night from England, having received honorable discharge from the Army, his health having failed him.

There was a large crowd at the station to welcome the returned soldier. The 40th Regimental Band headed the procession. Mayor Armstrong expressed the warm welcome of the citizens generally on his return. Pte. Daly replied briefly thanking the people for their kindness.

We trust that the young soldier may soon be restored to his normal health. Another brother, Frank, was some time ago reported wounded in action.—The Herald.

BREWSTER BROWN RETURNS TO ARMY.

"Brewster" Brown, the converted prize fighter, who through his successful work as an evangelist at Lindsay and other Methodist churches, was induced to take a circuit at Lakefield, under the chairmanship of Rev. Mr. Greatrix, former pastor of Campbellford Methodist church, after two weeks as pastor of this Methodist church, was back in the Salvation Army again. When interviewed as to why he had given up his charge, he said: "I found there was so much formality and conventionality in the Church that I couldn't do anything."—Oshawa Reformer.

THE FIRST LAKE STEAMERS.

The first steamboats on the Great Lakes were launched a century ago, in 1816, on Lake Ontario. Two craft operated by steam were constructed in that year on the shores of Lake Ontario—the Ontario, built at Sackett's Harbor, N. Y., and the Frontenac, which was launched at Ernestown, Canada. The Frontenac was one of the finest steamships afloat at that period. She cost \$75,000, and was of 700 tons burden, her length of deck being 170 feet. The Frontenac was placed in operation in 1817, making three round trips each month from Kingston to York and Niagara. Capt. James McKenzie, who had had experience in the British Navy, was placed in command. The Frontenac was in service on Lake Ontario for ten years, and soon had several rivals for the lake trade. A fare of \$15 was charged from Kingston to Niagara for first class passengers, but deck passengers were carried for \$3.75 a head. The freight rate was "four shillings per barrel bulk."

FARMER'S GOOD DEFENCE

Tells Merchant Why He Gets Goods From a Mail Order House.
Recently a merchant of Napanee happened to see a farmer receive a box at the depot and noticed that it was from a mail order house. He also noticed that the goods were right in his line and the same as he had carried for years. He immediately approached the farmer and said:

"I could have sold you the goods you have here for less money than the Toronto house and saved you the freight."

"Then why don't you do so?" said the farmer. "I have taken the local paper for a year and have not seen a line about you selling these or any other goods. This mail order house sends advertising matter to me asking for my trade, and they get it. If you have any bargains why don't you put them in the paper so we can see what they are?"

AUTUMN WEDDINGS.

One of the prettiest weddings of the season took place at the home of Mr. and Mrs. Joseph Bronson, Stirling, on Wednesday Sept. 6th, when their second daughter Lillian Mae was united in holy wedlock to Mr. Charles S. Brintnell, only son of Mr. and Mrs. Nelson Brintnell, Corbyville.

Promptly at 11.30 o'clock to the strain of the Wedding March played by Mrs. Russell Stapley, sister of the bride, the bridal party appeared on the verandah which had been tastefully decorated for the occasion, followed by the bride who was supported by her father and looked very becoming in her gown of silk embroidered net over white silk with satin and pearl trimmings, and wearing an embroidered tulle veil caught up with lilies of the valley. She also carried a large white bouquet with streamers. Her only ornament being a lovely pearl necklace, the gift of the groom.

Mr. Ernest Coultter, of Tweed, cousin of the groom, did the honors of best man and received a gold watch fob, while Miss Heloise James, of Toronto, who looked very dainty in pink silk crepe de chene, carrying a large bouquet of pink asters with pink streamers and wore the groom's gift, a cameo ring.

After the ceremony, which was performed by the Rev. Mr. Collins, of Stirling, the guests, numbering over one hundred, proceeded to the dining-tent, where an excellent wedding dinner awaited them.

The presents were both numerous and costly, showing the high esteem in which the young couple were held. The bridal party left by auto and showers of rice and confetti to take the flyer at Belleville for Toronto, Hamilton and Detroit. The bride travelled in a suit of navy blue gabardine with hat of peach bloom shade trimmed with ostrich pom pom. The best of wishes go with them to their home at Corbyville where the groom is a prosperous farmer.

The bride's bouquet, which was tossed by her from the balcony was caught by Miss Lena Sullivan, of Carmel.

IF YOU HOPE TO DO BUSINESS
You must put on a good front—your store front may be bright with paint, taste and good sign writing. If it is you are doing good business. If your store front is gloomy, worn, untidy and your signs old and faded, you must expect the public to feel that the same thing exists internally. If such exists you should not let the public know it. If it does not you should not fool the public to your own injury.

For down to date sign writing and store front painting consult a specialist. Our prices are moderate, our workmanship par excellent. We are business-building.
