Sensational Developments at Trenton Still Topic Through-out Bidding

**E. G. PORTER, M.P. SPEAKS**  
Mr. R. J. Graham tells why he refused U.F.O. Nomination and Supported Porter

Sensational developments at Trenton on Tuesday when the Farmer-Labor candidate, Mr. A. D. McIntosh, of Stirling, was found to have submitted incorrectly prepared nomination papers to the Returning Officer and was therefore disqualified, giving the election by acclamation to Mr. E. Guss Porter, K.C., were still the topic of conversation everywhere today.

The statement came as a bolt from the blue to the assembled electors of West Hastings, of both sexes, who filled Weller's Opera House at one time to its capacity.

The Returning Officer was Mr. Hugh Wiggins, of Marmora. His statement was brief and to the point. He said he had received nomination papers from E. G. Porter, of Belleville, and A. D. McIntosh, of Stirling. The nomination papers of Mr. Porter were correctly made out but he had to say that the papers of Mr. McIntosh were improperly executed and not in accord with the requirements of the Election Act in that his acceptance of nomination was not properly attested and sworn to as required.

The crowded theatre seemed stunned for a minute as the significance of the announcement that there would be no election in West Hastings this time sank in and then there were loud cheers. Mr. Wiggins then left the platform after saying: "Mr. Porter wishes me to state that the meeting will be adjourned for half an hour when speaking will take place."

Meanwhile there was evident consternation in the faces of Mr. McIntosh's supporters who could not understand the blow that had been dealt them. Mr. McIntosh himself spoke to the Returning Officer asking him to point out wherein the error was made. This was done. The affidavit was wrongly attested to and was worthless.

Mr. McIntosh then left the theatre. Later the speaking began, Mr. Porter, member again for West Hastings, leading off.

He spoke for half an hour or more on the record of the Melghen Government, first saying that he was greatly surprised at the sudden turn events had taken. He had not the pleasure of being acquainted with the gentleman whom he had up till a few moments before thought would be his opponent, Mr. McIntosh, but he personally would have much rather have had a contest as he was sure that his majority would have been a huge one.

"I have not a word to say against him. I do not know his political leanings. His papers were improperly made out. That is a thing for which he has himself to blame. I saw that mine were properly executed.

"As to the decision that he could not be a candidate the Returning Officer made it. I had nothing to do with it. He was not acting for me but for the Dominion of Canada. It was his duty to see that the papers were properly executed. He found Mr. McIntosh's not in accordance with the law. We are a law-abiding people and that is how this result came about.

"Personally I am willing now to help Mr. McIntosh rectify any mistake that has been made if the law will permit. He did not employ anyone apparently who did know. I had nothing to do with his mistake. I'll assist him to make out correct papers if permitted; and if he decides to run I'll take good care that he is defeated." (Cheers)

Mr. Porter then went on to tell of the record of the Government saying, however, that now the issue in this riding did not have the same importance since there was no con-

#### Y.M.C.A. Drive for Money, Members, Starts Off With Bang; Lasts 2 Days Strong Teams Comb City; Get Results

The Y.M.C.A. drive for \$3000 and 300 members started off with a bang last night when, following a first rate supper provided by the Ladies' Auxiliary of the Association, the menfolk, boys and girls, were organized to start today on the campaign.

Mr. H. W. Ackerman injected extra impetus into the campaign when he announced that he and Mr. D. V. Sinclair had just about lined up their shares of the drive, \$3,000. The rest was not too easy but it was far from impossible.

Mr. Sinclair made an impressive speech, showing the splendid service to the community the Y.M.C.A. had rendered in its thirty years in Belleville and said that it was the one place in the city that could rightly be called a Community Centre.

In the evenings there one could see activities of all kinds to promote the good of the community, going on and not all necessarily connected with the Y.M.C.A. The directors were glad of that. They desired that. That was why they could go out among city people and say to those to whom they applied for assistance, that the Y.M.C.A. was rendering a real service to the community, one that could not be bought for the money elsewhere.

The speeches were not lengthy and as the plan of campaign was explained to the groups present, men, boys and girls, they soon got down to the real work of detail. High School boys and girls got things straightening up with school yards. It was all snappy and businesslike.

The Y.M.C.A. drive for \$3000 and 300 members started off with a bang last night when, following a first rate supper provided by the Ladies' Auxiliary of the Association, the menfolk, boys and girls, were organized to start today on the campaign.

The chief organizer is Mr. W. C. Rean, of National Council of the Y.M.C.A. Under Mr. Rean are a number of "Captains."

#### QUINTE CHAPTER IS CONSTITUTED; FIRST IN 50 YRS.

Newest Masonic Chapter No. 227, R.A.M., Consecrated in Inspiring Ritual

GALA NIGHT FOR CRAFT Grand Officers Including Col. Ponton Present for Ceremony in City

The ceremony of the constitution and consecration of Quinte Friendship Chapter, Royal Arch Masons, No. 227, one of the most inspiring rituals that could be witnessed and the like of which has not been seen here in over sixty years, since the dedication of Moira Chapter, No. 7, back in the Fifties, took place here last night at the Masonic Temple, when with gorgeous ceremonial the event in the royal craft, was marked. Companions from all parts of the district and from neighboring chapters were here to witness the unique ceremony and Grand Chapter was represented by all its principal officers.

It was a gala night in capitol circles for the Most Ex. Companion W. N. Ponton, Grand First Principal, a member of the new chapter, conducted the dedicatory ceremonies. He was assisted by R. E. Comp, R.H. Spencer, Grand Second Principal, and R. E. Comp, R. J. Gibson, Grand Third Principal; R. E. Comp, Henry T. Smith, Grand Scribe and R. E. Comp, Dr. J. McC. Potts, chairman of the Committee on Warrants and R. E. Comp, C. F. Wait, Grand Superintendent. It was also the occasion of the official visit of the Grand Superintendent to the new chapter.

The new chapter was instituted Feb. 18th, 1921, and has been operating since that time. It derives its first name "Quinte" from the Bay of Quinte, that being local as is the name Moira of the sister chapter in Belleville and the second name "Friendship" being that of the earliest chapter in Belleville, Friendship Chapter, which made application, October 24th, 1818, and which was granted a warrant June 7th, 1819.

The ancient chapter operated until about 1824. The first officers were: Jephtha Bradshaw, High Priest, Simon Ashly, sr., King and Benjamin Ketcheson, Scribe. The representatives to the Grand Chapter meetings were in 1819—Comp. B. Ketcheson; 1820, Comp. S. Ashly and D. Wright; 1821, A. Ladd; 1822; A. Yeomans. In two ways the old chapter is perpetuated in the new. It bears the name of the ancient chapter and numbers among its members the descendants of the companions of old "Friendship."

A history of the Royal Craft in Belleville was read by the Grand Scribe, R. E. Comp, Henry T. Smith. The famous golden triangle of the St. Patrick's Chapter, of Toronto, which has travelled far and wide among the chapters of the North American continent was placed on view. After the ceremony came the installation of the officers of Quinte Friendship chapter for the balance of the year.

#### SUCCEEDS MCINTOSH AS FARM EXPERT FOR WEST HASTINGS.

The following statement was handed to the Press today: "The Ontario Department of Agriculture has appointed Mr. Ray Atkin, B.S.A., Agricultural Representative for Hastings County, to succeed Mr. A. D. McIntosh who recently resigned to contest the riding of West Hastings in the coming election.

#### Harding's Marines Right On the Job

PITTSBURG, Nov. 23.—Two men were killed, and another wounded, while trying to rob a Baltimore and Ohio mail train near Washington Jct. today. Marines defended the train and repulsed the bandits.

#### 630 Candidates For 235 Ridings

OTTAWA, Nov. 23.—From noon till two o'clock Tuesday afternoon, nominations for 630 candidates were filed for 235 constituencies for the House of Commons. Evidence is ample that in every province there will be arduous fighting.

The two older parties ran closely in the number of candidates nominated. In the Dominion as a whole the Government has 211 candidates nominated and the Liberals 202. The Progressives who, at the outset of the campaign announced their intention of running around 130 candidates, actually nominated 144. Labor and Independent candidates numbered less than 74. Five women candidates were nominated—three in Ontario, one in Montreal and one in Winnipeg.

#### London Press Approves Match of Princess Mary

LONDON, Nov. 23.—Morning newspapers today express satisfaction with the betrothal of Princess Mary and Viscount Lascelles. It is emphasized that there would have been general disappointment if she had married a member of foreign royalty. Her choice, says one newspaper will suit the democratic and romantic instincts of the British people and modern views of monarchy.

#### NORTHCLIFFE AS MISCHIEF MAKER

London Paper Says Imperial Commercial Traveller is Inopportune in Speech "INCENDIARY STUFF"

Evening Star, Walks Into His Lordship in Great Style for His "Impertinences"

LONDON, Nov. 23.—In an editorial headed the "Mischief Maker," the Evening Star laments the words of recent statements by Lord Northcliffe on the eastern situation. "While the Washington conference is pursuing its normal and hopeful course with a difficult task."

"That imperial commercial traveller," the Star says, "chooses the very moment the conference is discussing the Orient, to make a highly provocative speech in London, emphasizing that the Japanese are governed by men of military minds, 'full of hostility to the United States and virtually promises the United States the British naval bases in the Pacific.'"

The star continues that even if the Northcliffe allegations were true, still his statements would constitute "incendiary stuff at the moment when the alliance and the future relations of the three countries are the subject of very delicate negotiations."

"In his more wildly rhetorical moments," the newspaper concludes, "Northcliffe may toll France in mud and blood," but he should not really roll his own country in humiliation with these miserable impertinences, particularly one week after he has been an effusively impressed and grateful guest of Japan."

#### Howell Case Is Adjusted Between Parties

After a large number of witnesses had been heard for the plaintiff and several for the defendants, the case of Howell vs Howell was adjusted between the litigants at the Supreme Court.

Lyons vs Lyons was dismissed. This was an action for alimony. Messrs. Carney and Donnan for the plaintiff, Mr. M. R. Allison for the defendant.

The suit of Dr. Cleaver against the Standard Paving Company opened this morning at the Supreme Court before Sir William Mulock.

#### MEDAL ARRIVES FOR HERO, FRED REEDER'S PLUCKY DEED RECEIVES OFFICIAL RECOGNITION

After months of delay but due to the persistent efforts of Mayor C. Hanna in pressing the worth of his claim for such honor and recognition, a Royal Humane Society Medal arrived in the mails today for Fred Reeder.

Reeder, it will be remembered, was the plucky fellow who jumped into the ice-cold Moira river and saved little Willie Palmatier from death by drowning. This was in April of this year.

#### BELFAST RIOTS LIKE CIVIL WAR ALL QUIET TODAY

Sunday, Monday and Tuesday Saw Bombing and Shooting go on

BOTH SIDES BLAMED Declared That Turmoil and Disorders Planned to Embarrass Ulster Govt.

LONDON, Nov. 23.—Thirteen were killed and more than fifty seriously wounded in Belfast riots Monday and yesterday, with scores suffering from minor injuries.

LONDON, Nov. 23.—Rioting, which began in Belfast Sunday, culminated yesterday in a state of shooting, bombing and turmoil approaching civil war. It is declared the disorders were planned to coincide with the assumption of the government by Ulster.

Blame is placed according to the sympathy of the respective newspapers, but while the bombing of a car appears the work of Sinn Féin, the riots of the day's disorders suggest that aggression on the whole was reciprocal. The city is quiet so far today.

While engaging laborers for shipyards this morning a foreman named Branton was shot dead by a sniper. NINE O'CLOCK CURFEW.

As the result of the vendetta against the saloon keepers many saloons in the east end have closed. The state police curfew was ordered imposed in the affected area in the east end today and in the riot centre including North Queen's street, York street, and dock areas. The police and military are at the disposal of the Ulster Government.

THE SINN FEIN POSITION. LONDON, Nov. 23.—Sinn Féin strongly objects to any proposal which would leave Ulster out of the all-Ireland system. Thus tomorrow, it appears, Lloyd George will have to inform Premier Craig of Ulster that the Sinn Féin will not concede this point.

PRISONERS RUSH WARDERS. GALWAY, Nov. 23.—Forty political prisoners here rushed the warders today during a fire in the prison, seized the keys and barricaded themselves with six guards in another part of the building. In a fight afterwards five police and five prisoners were injured.

DISCUSS LAND ARMAMENT. WASHINGTON, Nov. 23.—The delegates of five powers discussed land armaments today but no definite declaration of policy resulted. None of the powers presented any proposal looking toward a concrete pronouncement supporting the French attitude, toward army reduction, as outlined to the full conference Monday by Premier Briand.

#### Rev. Dr. Cleaver Awarded \$7,000

The Rev. Dr. Cleaver was late this afternoon awarded \$7,000 in High Court in his action against the Standard Paving Co. He succeeded as the result of an accident of last summer.

#### Refuse to Assist In Future Wars

NEW YORK, Nov. 23.—Pledge to refuse to assist in future wars has been taken jointly by Mrs. Amelia McCudden, British war mother and Mrs. Ernest Digney, United States war mother.

#### Prince in Danger Says This Dispatch

VANCOUVER, Nov. 23.—Cable to Vancouver World says club was thrown at Prince of Wales Monday night as he was entering a building where ball was being held. Prince was not struck and assailant escaped.

#### IRISH AFFAIRS

James Taylor of Trinity Gives Views on Irish Condition  
GET TOGETHER  
and Craig Must Bury This Would Settle the Affair

Nov. 12.—"If Sinn Féin and James Craig would get together, it would be an opportunity for Ireland, and it is worth more to them convenience and cost of charity toward each other than common interests of all." William Taylor, of the Society of Physicians and Surgeons, Trinity College, Dublin, lectured last night at the relative to the Irish situation.

has been visiting the States and Canada conferring with prominent Americans and he returned to Montreal to see the Royal Victoria Hospital in his way home. He is accompanied by Sir Robert Woods, member for Trinity College, Toronto, who is a member in the Irish Senate, which he will visit.

AN EXEMPLARY PUNISHMENT

IF ANY of the ex-kings and ex-emperors of Europe who lost their thrones as a result of the defeat of the Central Powers in the Great War have ever cherished a hope that they might again be permitted to return to their former positions of rulership, these hopes have received a rude blow as a result of the fate which befell the attempt of Emperor Karl of Hungary to regain his throne.

And what of Karl? He was placed on a British war vessel, pending a decision as to his future disposal. The net result, to him, of his mad escapade, will in all probability be that he will end his days in the same fashion as did Napoleon, on a lonely island where he will be powerless to attempt any further harm.

CHANGED CONDITIONS

ALTHOUGH they may differ on every other point, Messrs King, Meighen and Crerar will probably find common ground for agreeing that in no other campaign have there been so many people anxious to find out the attitude of the various parties on different subjects as the present fight is bringing out.

has been divided into two political camps—Liberal and Conservative—their policies were pretty well understood and people were either of one party or the other. Today there are so many interests with questions to ask that the three leaders scarcely get time to read their mail.

THE JAPANESE ALLIANCE

ALTHOUGH the Washington correspondents are actively discussing the Anglo-Japanese alliance in the day's despatches, it does not appear that they have anything definite to go on. They merely surmise that it will come before the conference, or attribute such view to an unnamed "British spokesman."

NOT A FINANCIAL SLACKER

WHATEVER other nations may do, Great Britain proposes to pay her war debts, the same as other debts. The chancellor of the exchequer has announced that the next budget will contain provision for some \$300,000,000 for the purpose of meeting the country's obligations to the United States.

VETERANS' PLATFORM

GREAT War Veterans are preparing to put candidates in the field in the east and west Toronto seats. That platform demands consideration of unemployment as a national and not as a municipal or parochial question; declares that it is better to help men willing to work by the construction of public works than to pauperize them; that proper housing is a necessary part of good living conditions; that the tariff should not be made a football for vote-seeking, but should be studied to keep the smoke in our tall chimneys and cause two chimneys to grow where on grew before; that the closest scrutiny should be made into all public expenditures of money; that the present total scale of pensions to veterans and dependents, including the so-called bonuses, is the lowest compatible with public gratitude and the honest performance of the promises made to the men who accepted the fate of battle, and that conditions of unrest in the British Isles will provide for years to come a great reservoir of the best quality of emigrants to Canada.

FORGOT THE RAILWAY.

The census returns were shipped to Ottawa a couple of months ago and not a word for publication yet. The census commissioner must have set the figures down by some person who was walking that way.

"Rainmaker" Hatfield of Medicine Hat is a celebrity who seems to have aroused more discussion outside of Canada than in it. U. F. O. RALLY AT ROBLIN'S MILLS ISSUES DISCUSSED AT LENGTH

James R. Anderson, U. F. O. Candidate in Prince Edward And Others Tell of Progress of Campaign—Drury Government Held up as Model of Its Kind.

How the electors of the County of Prince Edward were flocking to the cause of the Progressive party was told at the rally of the farmers' force at Roblin's Mills last evening in the interest of Mr. James R. Anderson. The hall was well filled and there were a number of the leaders in the United Farmer cause present to address the gathering.

The candidate predicted that the Progressives would at least hold the balance of power in the next government. Mr. Claude Wannamaker was unanimously voted to the chair. In assuming control of the meeting, Mr. Wannamaker emphasized the success which the Drury administration had achieved in Ontario, in order to refute the insinuations that farmers were not qualified to manage the affairs of the country.

FIGHTING FARMERS' BATTLES.

President E. B. Purtille of the Prince Edward Progressive organization saw the greatest hope for the purification of politics in the breaking of the old party ties which one sees everywhere. "To my way of thinking we will never be right until we wipe out the party system and run the country as we run our county councils. That is my personal opinion," declared Mr. Purtille. "I am sure that we in Prince Edward are to be congratulated in the class of men who are our candidates," the speaker stated, referring to the many fine qualities of Mr. Horsey, the Liberal, and Mr. Hubbs, the Conservative. "Our own candidate we all know. As long as I can remember, Jim Anderson has been fighting for the farmer. Mr. Anderson was the first to step out from his party."

The candidate declared that as a result of the tariff the people of Canada paid \$750,000,000 more annually for their goods and that of this amount \$85,000,000 went into the treasury and the rest \$665,000,000 into the manufacturers' pockets. This laid a burden on the farmer annually of \$300, and on the laborer \$100.

HOW TO BOOM AGRICULTURE.

Mr. Anderson claimed that the farmers today had to take enormous losses, and buy at prices not much below the peak. "Stand together to make agriculture pay and then you will not be able to build fences high enough to keep the people off the farms," he advised. "I do not care which party is in power, we are going to hold the balance. With this we can ask and receive just what we deserve."

PREDICTS PROGRESSIVE LANDSLIDE.

A landslide in favor of the farmers' movement was predicted by Mr. A. A. Powers, of Toronto, president of the United Farmers' Co-operative Company. He referred to the attitude of the Toronto Telegram and stated that there was no doubt the company had had some losses with the decline in the value of stock, and that he had laid there was a likelihood that there would be no dividend. Who was responsible for the decline in the value of cattle? Not the U.F.O., any more than the Government.

"There was a total of about thirty million acres waiting for the plough in Western Canada. If agriculture had been prosperous, would that land be idle today? Today it is in the hands of speculators. If that were tilled there would not this year be a hundred million dollars of deficit in the operation of the railways."

LOSS OF POPULATION.

Mr. Powers cited figures to show how conditions were driving people from Canada. In the decade past, 1,900,000 immigrants came into Canada, the natural increase in births over deaths, whereas actually there was only an increase of 1,400,000 in

the period. Where were the rest? The Government was asking for protection against competition. The Progressives claimed to be in favor of a revenue tariff. It becomes protection as soon as it removes competition. Free trade will put as much in to the treasury as protection, neither of them a cent. Were the people aware that manufacturers had a comeback of 99 per cent. of the duty paid on raw material or parts. While manufacturers claimed the need of protection for encouraging industry, they were able to manufacture in Canada and sell in the markets of the world. TWO GENERATIONS TO ACQUIRE FARM.

"How is it that it takes two generations today to own a farm? As you bend your backs you have got to pay. If you don't improve the situation the farmers of this country will become mere peasants," Mr. Powers stated in closing. Messrs. John R. French of Belleville, and C. Baxter also addressed the meeting. Master Morley Morden gave a reading.

## GLIMPSE AT THE WORLD OF SPORT

### FRONTENACS WITH TWO TEAMS ALL OLD TIMERS WILLING TO PLAY

KINGSTON, Nov. 21.—The Frontenac Hockey Club has organized for the season and training will commence right away on Queen's gymnasium. Among those present eligible for the junior team were: Dick Taylor, Lionel McKay, L. Frederick, Sam Hawkins, H. Hartley, F. Bellinger, G. Lake. Other names for the juniors that were submitted were Art. Purdy, E. Wormington, F. Taugher, A. Lonas. There are some good players among those names and along with what others will turn out for practices at Queen's gymnasium and at the rink, there should be a very capable squad to play a team from. Among the intermediates mentioned for this year's team are Lloyd Brown, Fred Brown, Joe Smith, Bob

### CLEVER ARGOS DEFEAT VARSITY

University Errors, Wind, and Breaks of Game Help Scalers to Win SCORE WAS 20 TO 12 Next Struggle for Argos With Parkdale—15000 See Great Exhibition

TORONTO, Nov. 21.—Piling up a lead of eleven points in the first period when they took advantage of the wind, Varsity Backfield errors and the breaks of the game, the Argonauts, champions of the Interprovincial Union, defeated Varsity, winning in the intercollegiate circuit, by a score of 20 to 12 at Varsity Stadium on Saturday afternoon before some 15,000 spectators in a contest that was a good exhibition of the Fall pastime, despite the unfavorable weather conditions. By winning this game the Scalers lengthened their string of successive victories this season to seven and progressed into the next round of the Canadian championship series.

The weather conditions had considerable to do with the victory, but even with ideal surroundings it is very probable that the Oarsmen would have won the game. The field was slippery on top owing to the snow and rain that had prevailed, there was a strong southerly wind most of the time and at times squalls of rain drove into the faces of the defenders of the north goal. Of the thirty-two points scored during the game, thirty were made by the team with the wind at their back, the Argonauts scoring a single in each of the second and fourth quarters when facing the elements. While the winners obtained an early lead and in the first period looked considerably the better team, having played in Varsity territory most of the time, the Collegians were not disheartened, and for the other three periods put up, not only a stubborn resistance, but a determined attack that seemed at times would equalize the score. Although Varsity were never closer than seven points to the Scalers' total they were always in the hunt and a short lapse by the Interprovincial standard bearers would have proved disastrous.

### BELLEVILLE SLOWED BY MUD COULD NOT USE THEIR SPEED LOST TO OSHAWA BY 16-0

The Oshawa Collegiate team defeated Belleville School in an intercollegiate football game, by 16 to 0, on Saturday afternoon, and tied for the honors with Peterboro Collegiate. The visitors excelled in almost every department, their superior weight aiding them. The first quarter gave Oshawa a rouge and a touchdown, the second three rouges, a third a touchdown, and the last quarter two rouges. The match was fought out with every advantage of weather and ground aiding the heavier Oshawa dozen. Belleville's only chance to make points—they could outrun easily the visitors on a dry field—was lost to them. This ends a season of rugby that saw Belleville pluckily fighting against enormous odds. In the first place those eligible for the team were confined to juniors by a school ruling and in weight and experience Belleville was outclassed from the start. Mr. Affleck, it must be admitted, did well with the material available, but it is doubtful if the ruling, according to a member of the Board of Education, who takes a keen interest in the games carried on at the school, was justified. However another season is coming when things may be different. The lads were so covered in mud as to be scarcely recognizable. After they had a series of shower baths at the Y. M. C. A. the boys and girls at B. H. S. gave them a bite to eat, which, of course, was hugely regretted by all concerned. But the visitors just had to catch their train. The line up: Oshawa—Snap, Moffat; insides, Miller and Beith; middles, Bruin and McKay; outsides, Hubbell and Lake; halves, Wright, Brown and McIlroy; quarter, Bouckley; flying wing, Allison. Belleville—Snap, Kerr; insides, G. Hurley and Ives; middles, J. Hurley and Tyres; outsides, Christie and Cook; halves, Marshall, Yeoman and Allen; quarter, Elliott; flying wing, Jamieson. Referee—F. Liberty. Umpire—A. A. Affleck.

### BELLEVILLE TIGERS GO DOWN TIGER TIRES WIN 1-0 IN MUD

Struggling in mud and water to the tops of their boots across a field over which intercollegiate rugby had been fought for an hour during a heavy rain, the Belleville Tigers went down to defeat before the Tiger Tire line-up at the Fair Grounds, by the score of 1-0 on Saturday afternoon in the city league soccer. The original Bengallions turned up in scanty numbers and played under the handicaps of inexperienced players of mud, and of vacancies on the line-up. Few spectators followed the game the elements keeping most of the fans at home. The orders were that the game had to be played and so it could not be stopped. The Merchants' Cup in the Belleville Soccer League is now in the possession of the Tiger Tire & Rubber Company's team, this organization having the greater number of points. So ends the first season of soccer in Belleville. The bad weather militated against the success of the league's last matches. Next year the soccerites will get out early.

#### B.H.S. BASKET BALL.

### Glimpse of Washington Conference

(Continued from page one)

ceedings, including a verbatim transcript of all the speeches, is in the hands of every delegate and newspaperman accredited to the conference. This report is printed on a manifold machine, and is in English. There are copies in French for those who desire them.

The system employed is very similar to that by which the Hansard reports of the proceedings of the Canadian House of Commons are prepared. Expert stenographers, sitting at a special table in the conference room, take notes for stated intervals, transcribing their notes immediately upon being relieved by other shorthand men. The French speeches are taken by French shorthand men and are afterwards translated.

Credit for the excellent way in which the French portions of the reports have been handled is due to a special staff of Canadian shorthand and translation experts who were brought from Montreal and Ottawa to handle this part of the work. They are Marcel Gabard, J. H. Mackay, Marcel Bernard and Miss F. Mackay. Several of them have worked on the Hansard staff at Ottawa, where they gained experience in rapid transcription and translation work. The Canadians handle all of the French part of the sessions. A staff of seven U.S. stenographic experts look after the English part of the work. One of the most interesting features of the routine of the conference proceedings is the remarkable work of Professor Camerynck, for many years language specialist at the University of Paris, who is here in the capacity of chief interpreter. Professor Camerynck is a rapid-fire translator and something of an orator as well. He takes notes of all the English speeches in French shorthand. Immediately the speaker concludes he delivers the speech to the conference in French for the benefit of the delegates who understand only that language. The French speeches he also jots down and as soon as he has finished he is ready with an excellent literal translation for the benefit of those who understand only English. In re-delivering the speeches in the reverse language he misses no single point of emphasis and even supplies graceful and eloquent gestures to fit the words in feet. It has been remarked that Professor Camerynck's eloquence frequently exceeds that of the original speaker. Professor Camerynck's whole life has been devoted to the study of languages. He has been associated with the University of Paris for years. During the war he was at the front as interpreter between the British and French army officials. After the armistice he was interpreter for several commissions and later acted in the same capacity for the Allied Supreme Council, and gained a wide experience in international discussions at Paris, London, Spa and Geneva.

### Picton Banquets Champions

PICTON, Nov. 21.—A banquet was tendered the intermediate baseball champions of Ontario by the business men of Picton and citizens of the county in the Royal Hotel. The evening's program, under the Chairmanship of I. Frigh Fraser, was a great success, no less than 150 guests being in attendance. Gold signet rings were presented to the players and President Hazel of the Picton A.A.A. was the recipient of a Masonic emblem and a silver pencil.
