From whatever direction one comes from the surrounding plain, the most prominent sight is the lofty range of sandstone hills rising up from the centre of the town, and overtopping everything. These are composed of earthy sandstone, and are of a reddish-brown color. The hills are of a conical shape, and are of a height of about 200 feet. THE FORECLOSURE OF THE MORTGAGE.

Walk right in the night, Deacon; it's all in a row. I know you say that, said Daisy, watching Giovannielli. "Because you think I go round too much with him, don't you? And she nodded at her attendant.

A Substitute for Gutta-Percha.

According to the Polytechnic a viva to India-rubber and gutta-percha which has been named Balata. This is the milky sap of the tree which flows from the trunk of the tree in South America. The operation of raising the latex is similar in every respect to that of gutta-percha, but the latex is not collected in the same manner as gutta-percha.

A Brave Act.

At the Inauguration of Columbia, Ohio, recently, a young lady, patient of slights, had in some unaccountable way worked herself between the iron bars of a window, and was hanging on the outside of the window.

DAISY MILLER: A STUDY.

Presently the sound of the woman's voice came to him distinctly in the warm night air. "Well, he looks at it as if he were looking at a picture," said Daisy, looking at the Christian martyr. "These were the words he heard, in the familiar accents of Miss Daisy Miller."

Goodness as Literary Material.

We can hardly imagine anything more curious as a subject of inquiry than the difficulty experienced by every writer who attempts to depict goodness. It is a subject which is not only difficult to depict, but also difficult to understand.

A Fight with Swallows.

The following story is told by the Union Observer: One fine day in the month of May, a young man of San Francisco, named Mr. Andrew J. Green, recently started to walk to his village, and reaching a point within half a mile of his destination, his attention was attracted by a flock of swallows.

LISTWELL STANDARD.

FRIDAY, SEPTEMBER 9, 1878.

The Secretary of the British Iron Trade Association in his report to the 30th June, says: "For a period now approaching, it is not only extending over three years, the metallic trades of this country have been passing through an ordeal as severe and as prolonged as any that living memory can recall."

Ma. Hay, at the meeting on Friday evening made a dual misstatement in reference to American shipping. First, he asserted that the United States had no shipping; and second, that it was owing to a ruinous protective policy, which had placed the carrying trade in the hands of Great Britain.

At the meeting on Friday night, Mr. D. H. Hay attempted to hoodwink the audience into the belief that Canadian industries were in a prosperous condition under the present tariff.

New York Sun.—"Some of the Canadian newspapers are mourning over the emigration of young and enterprising Canadians to the United States, and discussing the causes of the exodus."

Mr. J. H. Wood, of Woodstock, has been brought out by the Conservative candidate in North Oxford. It is understood that Mr. Burgess, Independent has retired in his favor.

"The iron masters of West Scotland have decided upon a reduction of ten per cent on wages."

FOR QUARTER.—On Tuesday morning Mayor Scott, accompanied by Mrs. Scott, left for Quebec, to participate in the farewell address from the municipalities of the Province to Lord Dufferin.

DEATH BARR.—The 25th Battalion went into camp on Tuesday at St. Mary's. The camp is pitched on the Tracy property, and its location is said to be beautifully situated and well adapted for the purpose.

AGENCY.—Mr. John Page has been appointed as agent for the Galt Nursery for Listowel and vicinity, and all orders sent, and all moneys paid to him for trees, shrubs, &c., will be acknowledged by D. C. CAMPBELL & SON, Galt, 25c by m.

An effie assembly of the order "Grand," is to take place in the Agricultural Hall on the evening of the 10th. The management of this prospective brilliant affair is in the hands of a number of benefactors of the town, who are determined to outdo all previous displays.

To Detroit.—An excursion train is to be run over the Port Dover and Canada Southern Railroads to Detroit on the 18th of this month, to carry parties desirous of attending the opening of the Michigan State Fair. From Listowel the fare will be \$2.50.

GRAIN is beginning to move with more activity than has characterized the market for some time past; our merchants are busy unpacking bales and boxes of fall goods, and present indications point to a resumption of trade by no means discouraging.

PROFIC.—Mr. John Hamilton, on the Elma boulevard road, has in his orchard a tree, one of the limbs of which contains no less than eighteen well developed apples within the space of six inches. The cluster is one of the finest Mr. H. has ever seen.

"The Prospect of Death, Judgment, Heaven and Hell, as motives to repentance and daily life, are unchristian and unpractical, and should be discarded, as they are the subject to be treated of next Sunday evening in Christ's Church by the Rev. H. Cooper.

MAGISTRATES COURT.—The case of Thomas V. Fennell, for damages caused by collision of vehicles, was tried before a full bench of magistrates last week. Climie, J. P., (chairman), Cleland and Campbell, J. P., associated. Judgment was given Wednesday in favor of defendant. Terhune for plaintiff; Diggins for defendant.

QUESTIONS.—On the 13th inst. the members of the L.O.L. No. 531, Treasurers, purpose celebrating the opening of their new hall by holding a grand picnic and entertainment. Messrs. J. D. Drey, John Melermont, several clergymen, and other speakers are expected. Brethren from neighboring lodges are invited, and a pleasant time may be anticipated.

MR. W. McMillan's new brick residence on Wallace street is about finished, and we believe he intends occupying it next week. Its exterior appearance has been greatly enhanced by a process of "tuck-pointing," which is said to be one of the best executed jobs of the kind to be met with anywhere. Messrs. Smith & Johnson deserve the credit of having done this excellent work.

STRONG PROPERTY RECOVERED.—On Saturday last a gentleman from Carleton passed through Listowel on his way homeward with a span of horses that had been stolen from him a few weeks ago. He recovered his property in the neighborhood of Woodstock, but the thief had escaped. Farmers should be watchful of their stock, as there appears to be a number of horse thieves in the country.

NEW SHOE STORE.—Mr. Wm. Danner, of Toronto, has opened out a boot and shoe store in town, where, to judge from the huge stock of goods on hand, he purposes doing a very large trade. Mr. Danner is one of the oldest and most extensive manufacturers of boots and shoes in the province, and we apprehend the public of this neighborhood will find no great difficulty in being suited out of the variety of wares which his new store contains.

PORK FACTORY.—We understand that F. Chaplin, a gentleman from Dandies, intends opening a packing establishment in this town sometime in November. He has leased the building opposite the Commercial hotel for that purpose, and the contemplated going extensively into the pork business. There is a good prospect for such an enterprise here, and we doubt Mr. Chaplin, who has a practical knowledge of the business, will make it a success.

A RELIC.—A few days ago in plowing his field, Mr. Alex. Kay turned up a relic of by gone days in the shape of a stag's horn, or antler, measuring four feet, and having four prongs. Originally it may have been more, but they are broken. It is evidently an offset of the species of deer or stag known among naturalists as the Wapiti or Elk (Cervus Canadensis), which were formerly quite numerous in this country, but are fast becoming extinct in the Dominion.

DIED IN ENGLAND.—Mayor Scott a few days ago received a letter announcing the death of Mr. Thomas Sellens, of the late firm of Diggins & Sellens, jewellers, of this town. It will be remembered that Mr. Sellens went home to England to obtain possession of a fortune said to have been awaiting him. The news of his death on the 30th of July, from typhoid fever, will be received with surprise and regret by his numerous acquaintances here, by whom his many personal qualities were highly esteemed. Mr. Diggins, who accompanied him across the ocean, has recently returned to Strathroy.

FOR MANITOBA.—On Wednesday of last week Mrs. Lee and daughter left the Great Western station here for the Great Lone Land. Her son has already settled there, is doing well, and is well pleased with the country. Another of Mrs. Lee's daughters left by the same route some two months ago, and was so well pleased with the manner in which she was used by the G. W. R. that she wrote and told her mother to be sure and get her tickets from Mr. Livingstone, jr., and go by no other route. Yesterday Mr. Alex. Long, of Lima, left by same line for Manitoba with a view of taking up land and settling there. We congratulate the G. W. R. agent, J. Livingstone, jr., on the many flattering testimonials he has received from parties emigrating on the good usage they have invariably received from the employees of the G. W. R. line.

OUR NATIONAL GAME.—This (Friday) afternoon a croquet match will be played on the agricultural grounds between a team of the Six Nation Indians from Calcutta and the Listowel club. As this is a very interesting and exciting game, and will also have the novelty of being the first of the kind ever played here, no one should miss the chance of witnessing it. The Indians will appear in full war costume. Ball to be faced at 2.30 p. m. In the evening the Indians will give a grand Indian concert in the Agricultural Hall, to consist of war dances and songs, music, etc., etc. Concert to commence at eight o'clock. The Listowel brass band will be in attendance both afternoon and evening.

PUBLIC SCHOOL BOARD.—The regular monthly meeting of the Board was held at the Secretary's office on Tuesday evening. Members present, Messrs. Townner, McIlwraith, Martin and Fennell. On motion T. G. Fennell was appointed chairman pro tem, who minutes of former meeting were read and confirmed. Mr. Draper then took his seat as chairman of the board. A number of accounts were read and examined. It was resolved upon motion that no action be taken at present in the matter of erecting lightning rods upon the public schools. The following accounts were passed, viz: Samuel Tremain, drawing gravel, \$7.25; Geo. McKenney, building sidewalk, \$3; Globe, for advertising \$2.70. Board then adjourned.

THE LATE ACCIDENT.—Mr. Vandusen, who recently had the misfortune to break his leg while employed in town, has so far recovered, thanks to the skillful management of his attendant physicians and the excellent nursing which he received, that the terms of his being taken home to Woodstock on Tuesday last. His gratitude to the good Samaritans whose kind hearts have so largely alleviated his misfortunes, is given expression to in the following letter:

Mr. Editor—Allow me to say a few words through your grateful and heart-felt labors to some of the citizens of Listowel, who have rendered me the most kind and generous treatment I have received in my life. I am indebted to you for very short time when an accident befell me which caused me to be laid aside from work. But friends seemed to flock in from all sides, and I was soon surrounded by a host of kind and generous friends, who rendered me valuable assistance, for which I tender to them my best thanks, as well as the thanks of my companion in life. And though I am not yet able to do much, I feel that I owe a debt of gratitude to those parties, get it in my earnest desire that I may be able to do so. You will find in my ward from the hands of One who deals with us all as we deserve. Yours respectfully, E. VANDUSEN, Listowel, August 30th, 1878.

CALEDONIAN GAMES.—Thursday next will be a grand day in Listowel, if nothing happens to mar the successful carrying out of the extensive preparations made by the Caledonian Society. The Society certainly offers a very elaborate programme for their first annual gathering, and one which gives promise of bringing a great many people together both to witness and participate in its fulfilment. There is to be a horse and land competition, for which prizes amounting to \$40 are offered. Quoiting, foot racing, vaulting, jumping, putting the stone, tossing the caber, throwing the hammer, Highland dances in costume, bagpipe playing, etc., are included in the programme. "The tag of war" will also be especially interesting feature. Ten sturdy men of Wallace are engaged to test their strength with an equal number from Listowel. Messrs. R. G. Wright and C. Walkinshaw have been chosen as captains of the respective teams. The games commence at 9 a. m. in the agricultural park, to which an admission fee will be charged. A procession of the Scottish Societies present, headed by their pipers, is announced to take place at the grand parade. It is expected that many of the Societies in the Province will be represented, and some of the most distinguished athletes on the continent will also be present. Visitors will be conveyed over the Railway at reduced rates.

At Climie, Hay & Co., you will find their stock of goods, furnishings complete.

TROWBRIDGE.

POLITICAL.—A political meeting was held at Trowbridge on Thursday afternoon of last week. The meeting was held at Mr. Hackett's hall, where a large number of the electors assembled to hear political questions discussed. A chairman was appointed when speeches were delivered by Messrs. Henson, Fisher, McDermott, D. H. Hay and Monteith. The meeting was a quiet and orderly one throughout. Each of the speakers received a fair hearing, but in the end the electors were almost unanimously resolved to support Mr. Henson, who, in a speech delivered with ability and force, showed the inconsistencies of the present Government and the benefits to be derived by adopting the National Policy. The fact is, both Conservatives and Reformers in this section are heartily tired of Mr. Mackenzie and his "brilliant" colleagues who declare that they have been unable to find anything to reform, while, at the same time Canada has been and is still staggering under commercial depression. It cannot be denied that every class of the people have been suffering, and many of them suffering severely; and yet the burden of taxation has been increased by some three and a half millions of dollars a year. Judicious legislation will restore the wasted energies of the manufacturers; will give work to the unemployed, and consequently money to the idle storekeepers, and thus benefit the whole people. It is upon this issue the country now stands. The people will soon have an opportunity of deciding whether they will accept another term of incompetent do-nothingism and commercial stagnation, or of statesmanship upon a broad and liberal basis. We believe when the seventeenth of September arrives the electors in this section of the riding will rally to the support of Mr. Henson with enthusiasm and assist in rolling up such a majority for the Conservative candidate, who is pledged to redeem the country, as will put the "free traders" to shame.

HARVESTING.—Harvesting is nearly over in this section, most of the grain being secured in good condition. The yield, so far as the general crops are concerned, will be about an average, although the farmers have all been disappointed in the spring wheat; in fact this crop has been a complete failure, and a great deal of it will not be threshed at all; ten bushels will be considered a very good yield, while the whole crop will probably not average more than four or five bushels to the acre.

ANOTHER ACCIDENT.—What might have resulted in a very serious accident occurred in the south end of the village on Tuesday of last week. As Mrs. Eliza Thomas was walking across the floor in her own house a rifle ball whistled past her head and lodged in the wall behind her. She was greatly alarmed at the time, thinking some one had fired at her; but it was subsequently learned that a neighbor had fired the ball at a squirrel, but that the mark it had passed clear through the wall of Mr. Thomas' house. People should be very careful how they discharge fire-arms, especially in a village.—Cos.

PALMERSTON.

Miss Livingston is appointed teacher of the 2nd department of the Palmerston public school.—Several improvements have been made in the interior of the Bible Christian church.—The handmen have possession of their instruments again and it is hoped they will now work harmoniously.—Mr. G. S. Davidson ships off from here two or three double deck cars per week, containing sheep and lambs for the old country markets, for which he pays good prices.

Departure of Lady Dufferin.

Quebec Aug. 31.—Hundreds of citizens assembled on Allan's wharf this morning to witness the departure of Lady Dufferin in by the s. s. Sardinian. Her Excellency accompanied by Lord Dufferin and Mr. Col. and Hon. Sir James Macmillan, who sail with her, were from the Citadel shortly before 9 o'clock, being heartily cheered by crowds all along the way. They were escorted to the steamer by the "B" Battery, headed by its band. Numbers of leading Quebecers accompanied the party, including the Bishop of Quebec, Hon. Mr. Jolly, &c., and a large number of ladies, who shook her Excellency by the hand and wished her a last adieu. As the steamship started, a salute was fired, the crowd cheered, and the band played "Auld Lang Syne." Lady Dufferin appeared on the deck, accompanied by Lord Dufferin, and waved her handkerchief to the crowds on the wharf, the Citadel, and the terrace, and was widely noticed. The steamship sailed at 9.40 a. m.
